

The ultimate husband in Chinese chapter 2616-2620

Chapter 2616 The

voice fell, and there was silence around the entire arena.

In the eyes of everyone, they all think that Yue Feng is just a nobody, but seeing the confidence in Yue Feng's eyes, for a while, they have no courage to take the stage to challenge.

"Don't be complacent, kid, we'll meet you here!"

After a full minute of silence, Bai Hao finally sneered, then led the five people to the ring slowly.

These five people, all wearing dark blue clothes with the logo of Thunder Cloud on their cuffs, are the five elites of the Tianlei mercenary group.

hiss!

Seeing this scene, the surrounding people suddenly heard a gasp of cold air, secretly exclaiming.

"Six people..."

"They are all the elites of the Tianlei mercenary group. I'm afraid this kid is going to be miserable..."

"Who let this kid hurt Goldman Sachs? The Lei Mercenary Group proposed to hold it..."

Mad, six came at once, which is really shameless.

Seeing Bai Hao's six people, Yue Feng frowned secretly, feeling very unhappy, and said lightly, "You are not my opponent, so don't make fun of yourself."

Yue Feng did not care, Bai Hao in front of him, and five The elite of Tianlei mercenary group is very powerful, but Yue Feng has not paid attention to it yet. You know, Yue Feng has already broken through the Tribulation Transcendence Realm.

"Ma De, this kid is quite crazy."

"You're not too small, courting death!"

This chapter is provided by . Visit for daily update.

"Arrogant..."

Hearing Yue Feng's words, Bai Hao and the five elites were extremely annoyed. Motivated, rushed over directly.

Um?

At this moment, Yue Feng keenly saw that when Bai Hao rushed over, he dropped a pill in his mouth. Obviously, it was an elixir to temporarily strengthen himself. This is blatant cheating.

Hehe, will you play this set for me?

Aware of this, Yue Feng's mouth twitched, revealing a trace of disdain.

hum!

In the blink of an eye, the six Bai Hao rushed to the front, pulling out their weapons one after another, exploding their skills. I saw that the air was distorted wherever the six figures passed.

I have to say that the six powerhouses of the Martial Emperor Realm shot at the same time, which is really amazing.

“Hi!”

Seeing this scene, everyone around the arena couldn't help but gasp! At the same time, everyone is very excited!

Haha...

This Bai Hao and Tianlei mercenary group made a killing move as soon as they made a move. This game must be exciting, but I don't know how long this kid can last.

“Fengtao!”

At the same time, Hua Ling, who was resting in the audience, was really anxious and couldn't help but shout.

Six masters of the Martial Emperor Realm attack at the same time, even if he is very strong, it is difficult to stop him.

However... Yue Feng on the stage was smiling and not panicking at all!

“It's not bad that six people can burst out such a powerful force...” Yue Feng said lightly, and then saw that he was not in a hurry, raised his hand and waved, and an internal force surged out, forming in front of him A protective film!

bang bang bang...

That is, at this moment, the six skills slammed on the protective film at the same time, and a deafening roar broke out. Then, all the power disappeared without a trace.

And the protective film is intact!

Yue Feng's inner strength is strong, and the protective film condensed is not something that Bai Hao's people in the realm of Martial Emperor can easily break through.

What?

Block it so easily?

Seeing this scene, there was silence around the arena, and everyone opened their mouths, staring blankly at Yue Feng, speechless.

How powerful is this kid?

Especially Bai Hao's six people, one by one, froze there, completely dumbfounded.

What's going on, the strength of the six people's joint outbreak, no one can stop it, and this kid who has just joined the Bloodthorn mercenary team in front of him is so easily blocked.

Chapter 2617

They don't know yet, Yue Feng didn't do his best at all, otherwise, they would have been ousted long ago.

At this moment, Yue Feng's mouth curled into a smile, looking at Bai Hao: "How is it? Are you still fighting?"

"Made..." Bai Ma was shocked and angry, his face was extremely ugly, and he was very unwilling.

However, as soon as he said two words, he was interrupted by Yue Feng.

Yue Feng chuckled, and flashed his body in front of Bai Hao, and said in a low voice, "If I guess right, you should have taken a Divine Power Pill before you started.

"And you are cultivating the Yin-cold technique, which is a combination of yin and yang. Although you can improve your strength a lot in a short period of time, it has a lot of drawbacks, and the inner strength of your dantian can easily be counterattacked."

“In other words, you have to force the inner strength to continue to fight. , then you don’t need me to take action, you will be hurt by yourself, if you don’t believe it, press your own Shenquan acupoint..”

Yue Feng’s voice was very low, only Bai Hao could hear it.

Speaking of which, if it was before, Yue Feng would not have saved Bai Hao’s face. After all, this kind of villain, self-inflicted, that is retribution, but thinking of being the leader of the mercenary alliance, this kind of person might be useful, so Yue Feng chose to give it to him a chance.

What?

Hearing this, Bai Hao’s body was shocked, his face was extremely pale, and he looked at Yue Feng’s eyes, full of shock.

He did take the Divine Power Pill, but... how did he know?

Is there any other kind of back injury, is it intentional to scare yourself?

Bai Hao still doesn’t know that Yue Feng possesses the Wuji Dan technique, which is more effective than anyone else in the world. Of course, he can tell the pros and cons of the Divine Power Pill. After all, the Divine Power Pill is very rare in the eyes of most people. The elixir, but here in Yue Feng, it is just an ordinary elixir.

hiss!

Muttering in his heart, Bai Hao looked at Yue Feng suspiciously, then stretched out his hand and pressed Shenquan acupoint, he couldn’t help groaning suddenly, his body twitched suddenly, staggered a few steps, and fell to the ground.

At this moment, Bai Hao was extremely shocked.

After being told by him, who is he?

Seeing that Bai Hao lost his strength to fight again, the elites of the five Tianlei mercenary regiments also walked down the arena with sad faces.

Their strength is not stronger than Bai Hao. At this time, Bai Hao has no strength to fight again. There is no need for them to persevere. It will be even more embarrassing to lose.

hiss!

Seeing this scene, everyone around the arena was stunned!

This... this kid actually won.

And it's so easy to win.

For a time, everyone stared at Yue Feng who was standing on the stage, each of them was dumbfounded, his face was incredible, the whole valley was silent!

Hua Ling, who was sitting there to rest first, stared at Yue Feng with a strange brilliance, and her delicate face was full of excitement!

win, win? He faced Bai Hao six by himself, and he actually won? !

Before, I thought that this person was an ordinary cultivator, but I didn't expect that every time I met, I would be able to surprise myself.

At this time, Yue Feng on the ring looked around and said lightly, "Who else is going to challenge?"

Hearing this, everyone in the audience looked at each other in dismay! All of them were embarrassed and did not have the courage to respond.

Bai Hao teamed up with the elites of the five Tianlei mercenary groups, and they were not his opponents. Who dared to go up and make fun of themselves?

"Is no one up to challenge?"

Yue Feng shouted again, his voice was loud, but there was an invisible pressure!

The audience was silent, and no one responded!

Yue Feng shouted several times, but no one came up. At this moment, the host of the ring, Yang Hong, came up slowly.

At this moment, Yang Hong took a deep look at Yue Feng, his eyes full of complexity.

To be honest, Yang Hong was very annoyed that Goldman Sachs was defeated by Yue Feng. After all, he and Goldman Sachs were the head of the group and the deputy head of the group. They had a very good relationship and were like brothers.

At this time, Yang Hong wanted to teach Yue Feng a lesson personally, but he held back. After all, this is a ring competition, and as the host, he cannot break the rules.

At the center of the arena, Yang Hong looked around the audience and said slowly, "This brother of the Bloodthorn mercenary team has won two games in a row. If no one takes the stage to challenge, then the leader of our mercenary alliance..."

“Wait!”

Before he finished speaking, suddenly, a slender figure, like a butterfly, floated agilely and slowly landed on the stage: “I’m here to challenge!”

Wow!

Seeing the person coming, the audience was in an uproar!

Chapter 2618

Call!

Seeing this woman, Yue Feng couldn’t help but take a deep breath and was stunned.

This woman is wearing a long purple dress, with a graceful figure and exquisite facial features. She looks like she is twenty-five or six years old. She is not very big, but she looks very arrogant. There is no expression on her delicate face. A powerful aura that cannot be desecrated.

Who is this woman?

Yue Feng was not only secretly surprised, he thought Hua Ling was the most beautiful goddess in the mercenary world, but he never expected that another one would appear. This woman and Hua Ling stand together, they really have their own advantages.

If Hua Ling is a tranquil daffodils, then this woman is a rose with thorns.

Of course, the strength is much stronger than Hua Ling.

The woman’s name is Ye Meng, and she is the head of the Rose Mercenary Corps, known in the mercenary world as ‘Blue Rose.’

“Yang Hong!”

At this time, Ye Meng walked slowly onto the ring, and said to Yang Hong with a half-smile but not a smile: “The mercenary world wants an alliance, and they even held a ring competition, but they didn’t invite our Rose mercenary group, right? It’s a bit unreasonable?”

This....

Yang Hong accompanied him with a smile: “Leader Ye has gone deep into the wild and strange realm, and there has been no news for two months. If you want to notify, you can’t find anyone?”

Even the Tianlei mercenary group, the strength He is one of the best in the mercenary world, and Yang Hong, as the head of the regiment, is also a man of influence, but he has to be courteous to Ye Meng. You must know that Ye Meng is not only strong, but also the adopted daughter of the Sect Master of Qingyun Sect. The entire mercenary World, no one can provoke it.

Hearing this, Ye Meng snorted softly: "Without news for two months, do you think something happened to me?"

After speaking, Ye Meng looked at Yue Feng and said lightly, "Hey, the arena is not over yet, I to challenge you."

At this moment, everyone present was excited.

"The blue rose is here!"

"Some people have watched..."

Under the discussion, the eyes of many men in the audience were all focused on Ye Meng. Under the long skirt, that incomparably tight figure. Make people look without blinking their eyes.

Especially the coldness that refuses people thousands of miles away is even more difficult to extricate themselves from.

"I didn't expect this woman to appear. It is said that she is very powerful."

"Nonsense, she is the head of the Rose Mercenary Corps..."

"It is said that half a year ago, this woman was alone and beheaded the three-headed Martial Emperor. The beasts of the realm are too powerful."

While appreciating, many people whispered.

On the arena, Ye Meng's beautiful face showed endless gloom and coldness, without the slightest fluctuation.

"Be careful."

At this moment, Hua Ling's pretty face changed, and she couldn't help reminding Yue Feng on the stage. You must know that Ye Meng can create a name in the entire mercenary world, but it is not a false name. In Hua Ling's heart, Yue Feng is not weak, but it is difficult to defeat Hua Ling.

Her nickname is Blue Rose? ! Such a unique title.

At this time, upon hearing Hua Ling's reminder, Yue Feng's face also became solemn, and he looked at Ye Meng up close, only to think that this woman's figure was perfect, even if Chang'e and Diaochan were present, they were no less inferior.

It's just... this sex seems very cold and arrogant.

"What's your name?" Ye Meng asked coldly.

Yue Feng did not hesitate: "Fengtao!"

"Okay, Fengtao."

The corner of Ye Meng's mouth evoked a slight smile, and there was some nonsense: "Let's do it."

When saying this, Ye Meng's delicate face showed a bit of disdain.

Chapter 2619

Ye Meng is a very arrogant woman. When she first stepped into the ring, she secretly investigated Yue Feng's strength, but it was close to the strength of the Tribulation Realm.

Ye Meng didn't know that Yue Feng had been hiding his strength.

Huh..

Yue Feng took a deep breath and smiled faintly: "Ms. first, you can take action first."

When he said this, Yue Feng's face was relaxed, but his eyes flashed with seriousness, because he sensed that this leaf Dream, the strength is actually in the tribulation realm.

It is really shocking that a young girl has reached the transcendence realm.

"Boy, stop talking nonsense to me" Ye Meng only felt that he was being scorned, and his beautiful face was instantly covered with frost.

hum!

The voice fell, and a terrifying breath burst out from Ye Meng's body. In an instant, the surrounding temperature dropped suddenly, and the air seemed to be stagnant.

Immediately, the people around the arena felt a chill all over their bodies.

Such a pure cold power.

Feeling Ye Meng's breath, Yue Feng also frowned secretly, a little surprised.

To be honest, Yue Feng has been out for so long, and he has played against many people who practice the cold and cold exercises. Because of his white lotus cold fire, his internal strength is just as strong as the sun, so Yue Feng has always been very good at dealing with people who practice the cold and cold exercises. It's easy, but at this time, facing this Ye Meng, I feel a little unconfident.

You know, yin and yang control each other, if the yang is too strong, it will restrain the yin, and if the recessiveness is too strong, it will restrain the yang.

Ever since he practiced Guiguzi's exercises, Yue Feng thought that his masculine power was unmatched in the world, but in front of Ye Meng, he felt threatened.

Yue Feng didn't know that Ye Meng was practicing a kind of world-class skill, the Jiuyou Ice Vessel Art.

Jiuyou Ice Vessel Art is a kind of exercise that is most yin and soft. It must be practiced by women. Moreover, it needs to be tempered at an early age with thousands of years of ice. After 18 years of practice, you can have a small town. In other words, ordinary women, if they only practice when they grow up, are useless at all.

It is precisely because of this that there are very few women in the world who can be trained.

"Kacha!"

At this moment, Ye Mengpian was astonished, and in the blink of an eye, he came to Yue Feng. He raised his right hand, and with a crisp sound, he held a sword tightly.

Whoosh!

Yue Feng was not careless, and his inner strength pushed his figure to fly high into the sky, fighting fiercely with Ye Meng!

Huh..

This scene has feasted the eyes of many people around!

Of course, they didn't look at Yue Feng, but stared at Ye Meng in mid-air. At this time, the two were fighting in mid-air. Ye Meng's perfect figure kept going back and forth, making the man in the ground look straight.

Even if Ye Meng reached the Tribulation Transcendence Realm and practiced the Nine Serenity Ice Veins Art, Yue Feng was a famous figure in the world. wind!

Yue Feng seemed relaxed, but he was actually a little anxious.

I thought I could suppress this Ye Meng with strong internal strength, but I didn't expect that this woman's yin and cold exercises were very evil. Yue Feng didn't find any flaws every time he attacked.

But slowly, Yue Feng still saw some clues.

"Good boy!"

After the long battle, Ye Meng was a little anxious, and said softly: "I really don't see it, Hua Ling is very lucky, I don't know where you recruited this talent, and you can fight me for so long, but I tell you, today The position of the leader is none other than me."

Om!

The voice fell, and the air beside Ye Meng suddenly condensed! A terrifying force spread out from her body crazily!

"The cold moon is shocking!"

I saw Ye Meng's red lips parted lightly, and the cold words were spit out. The next moment, the originally clear sky was suddenly surging, and then, the cold wind whistled, and snow actually fell in the sky.

Chapter 2620 In the

snowflakes flying, Ye Meng's pair of jade hands are constantly changing and overlapping, and the figure is flying up and down. It is indescribably pleasing to the eye, but the terrifying momentum around him makes people palpitate!

"It's so cold..."

"What kind of skill is this?"

"What a strong breath..."

At this moment, many people exclaimed, and hurriedly used their inner strength to resist the cold, looking at each one Seeing Ye Meng in the mist, his expression was full of shock.

I go!

Yue Feng also frowned, secretly surprised.

To be able to cause a vision of heaven and earth, this woman is really not ordinary.

good!

The cold moon that Ye Meng used was a skill in the Nine Serenity Ice Veins Art. In the Nine Serenity Ice Veins Art, there are four supreme martial arts skills. Cold Moon Shocking is one of them!

Speaking of which, Ye Meng never wanted to use it, but feeling the power of Yue Feng, he used it in front of everyone for the first time. Everyone saw it for the first time, so naturally they didn't know it!

The sky was snowing heavily, and the cold power of Ye Meng, the fusion person in the air, was so depressing that it made people panic.

call!

At this time, Ye Mengyu raised her hand, and saw snowflakes swarming from the sky, and Ye Meng absorbed the cold air. In the blink of an eye, the cold air gathered around Ye Meng reached a limit state, and her delicate body flashed, directly towards Yue Feng. come.

Seeing this scene, many people around the ring were secretly sweating for Yue Feng.

call!

At this time, Yue Feng's face was very dignified, but his heart was not panic at all. He took a deep breath, recited the formula, and completely burst out his inner strength. A terrifying force was condensing!

In the next second, Yue Feng stared at Ye Meng, who was rushing over, and slapped his palm lightly, attacking him.

This palm seems to be slow, but it is like thunder and lightning. In the blink of an eye, two figures collide in mid-air.

boom!

In the blink of an eye, the two figures of Yue Feng and Ye Meng collided, and a thunderous roar came out. The valley where the entire arena was located trembled violently, and then, the entire arena was filled with smoke and dust, and snowflakes were flying.

Seeing this scene, everyone couldn't help but step back to avoid the terrifying impact of the breath, each one's back was cold, and their brains were buzzing.

Such an epic battle is really shocking!

Among the dust and snowflakes in the sky, the figures of Yue Feng and Ye Meng were shaken back several dozen meters in midair at the same time!

Obviously, no one took advantage of this blow!

But Ye Meng's heart was extremely shocked, his face was pale, and his delicate body trembled faintly. You must know that her current strength is to cross the Tribulation Realm!

As the adopted daughter of the Sect Master of Qingyun Sect, although she is not biological, the Sect Master treats her like a pearl in the palm of his hand.

At this time, Ye Meng's strength is in the Kyushu, even if it is not the top, it is considered to be disdainful of the heroes, and at this time, facing an unknown soldier, he used his unique skills, but he couldn't defeat him?

At this time, Ye Meng didn't know that Yue Feng had not completely erupted, otherwise, she would have been defeated.

call!

At this moment, Yue Feng steadied his figure in midair and stared at Ye Meng: "Headmaster Ye, no matter how hard you fight, it will be difficult to decide the outcome, why don't you just give up."

When he said this, Yue Feng's tone was indifferent . , without the slightest expression fluctuations, but a trace of complexity rose in my heart!

Continue to fight, and Ye Meng will force out his true strength. At that time, his identity will definitely be exposed, which is not the result Yue Feng wants to see.

More importantly, Yue Feng and Ye Meng have no grievances or enmity, and there is no need to fight to the death here.

Hearing this, Ye Meng's beautiful face showed a bit of contempt: "What? Are you afraid? Afraid of losing to me?"

Ye Meng's eyes were very firm: "Don't forget, this is the ring. There is no winner or loser in the match, we will continue to fight forever, and I said, this alliance leader, I will make it." When

he said this, Ye Meng's figure floated in the air, with a leisurely demeanor, like a fairy.
