

The ultimate husband in Chinese chapter 2821-2830

Chapter 2821

Hearing this, everyone in Ren Yingying was taken aback. Unexpectedly, so many things happened in just one month.

Bang!

Sun Dasheng was so angry that he couldn't help but slapped the table and roared, "Zhang Jiao!!!"

Mad, this Zhang Jiao first harmed everyone, and now he framed Fengzi.

At this time, Sun Dasheng's heart was completely enveloped by anger.

The surrounding Ren Yingying was also very angry, but Ren Yingying was wise and wise, she quickly calmed down, and said softly: "The most important thing now is that we quickly restore our strength!" The

voice fell, and everyone nodded.

"Not bad!"

"Without strength, it's no use rushing us!"

"Yes, we have to restore strength!"

At the same time as the discussion, everyone's expressions turned down.

Zhang Jiao's San Gong Pills are very evil. In the past month, I don't know how many methods I have used, but none of them work. How can it be so easy to restore their strength?

Seeing this scene, Mu Xixi and Song Qian looked at each other with smiles on each other's faces.

The next second, Song Qian came over and said with a smile, "Don't panic, everyone, Master and I will go out this time to find an antidote for you in addition to inquiring about the news."

After speaking, Song Qian took out a bottle of pills from her body. The medicine came out: "These Huiling

Pills , we got them from the black market on purpose, they may be useful!”

Hearing this, everyone in Ren Yingying was surprised. You must know that Huiling Pill is a rare elixir to restore internal strength. It is generally difficult to obtain.

Sun Dasheng, in particular, was the first to take the medicine pill under his joy.

“Thank you for the beauty of Qin Sheng..”

Sun Dasheng smiled at Mu Xixi: “I thought I was useless. When I recover my skills, if you have any orders, just say it!” The

voice fell, and Sun Dasheng directly took out a A magic pill, he opened his mouth and swallowed it!

At this moment, the people around Ren Yingying also came over and took the Hui Lingdan to take it!

call!

With a smile, Mu Xixi quietly watched the crowd, waiting for the effect.

However, ten minutes passed, and there was no response from everyone.

How could this be?

Mu Xixi frowned, couldn't help but ask Ren Yingying, “How do you feel?”

Ren Yingying frowned and shook her head gently: “It doesn't seem to work!”

Ren Yingying's eyes flashed with resentment : “It seems that we are still too optimistic. Zhang Jiao has been famous for thousands of years, and the San Gong pills he refined are not comparable to ordinary poisons.”

Mad!

The voice fell, and Sun Dasheng stood up angrily: “I'm busy again.”

How could this be?

At this moment, Mu Xixi frowned, very anxious!

In order to restore the strength of Ren Yingying and everyone, this month, I tried all kinds of methods, but in the end, all of them didn't work. Could it be that these people are completely helpless?

Song Qian next to her was also in a hurry.

Wow wow wow...

But at this moment, I heard footsteps coming from the woods outside, and there were many people listening.

Everyone hurried out of the yard, and when they saw the scene in front of them, they were all stunned!

I saw thousands of soldiers coming quickly, wearing uniform bright armor, holding long spears, and arrogant, it was the elite of the Apocalypse Continent, the Royal Forest Army!

In front of the Imperial Forest Army, a man, riding a white horse and wearing golden armor, was handsome and looked extremely excited.

It was Yue Wuya!

Chapter 2822

“Ya’er?”

“Is it the young master?!”

At this moment, everyone reacted one after another, excited one by one.

“Ya’er!”

At this time, Ren Yingying couldn’t hide her joy, she walked over quickly, and said to Yue Wuya, “It turned out to be you, I thought it was someone from the Wutian Organization!”

This month, although Hiding in Mu Xixi’s secluded place, but Ren Yingying and others are all worried, after all, Zhang Jiao’s undead organization is too powerful.

Yue Wuya was also full of smiles: “Auntie, I finally found you!”

Just as he was talking, Yue Wuya was shocked when he noticed Ren Yingying’s state.

I saw that Ren Yingying’s face was weak, not only that, but there was no inner strength in his dantian! Not only that, but also the surrounding Sun Dasheng and others.

How could this be?

“Auntie, what’s wrong with you?” Yue Wuya asked quickly.

After leading the Yulin Army and fighting the Wutian Organization, Yue Wuya was very excited to learn that Ren Yingying and the Ouyang family had successfully escaped. In the following month, he was always looking for everyone, but it was hard to find them. But found that everyone has no inner strength. No one can accept this.

call!

At this moment, everyone's faces were gloomy, and then, Ren Yingying breathed a sigh of relief, and briefly explained the situation.

At the end of the story, Ren Yingying bit her lip and couldn't help saying sadly: "It's nothing for us to lose our inner strength, it's just a pity Brother Wen, he ended up being trapped in the general forum of the Wutian Organization in order to go out for us, and then... .. I heard that he fell into the abyss, no bones left.."

The words fell, and Sun Dasheng said with grief and indignation: "Made, this revenge will not be avenged, and I will not be human!"

Thinking of Wen Chouchou's death, Sun Dasheng could not calm down. The three brothers agreed to live and die together, but did not expect, He died so tragically, and now Fengzi's whereabouts are unknown.

At this moment, everyone around is also very angry.

At this time, they did not know that Wen Chou Chou did not really die, but became the messenger of Hades.

Bang!

Hearing this, Yue Wuya's eyes were extremely blood red, he raised his hand suddenly, and slapped a tree next to him forcibly: "Zhang Jiao, I will call you a thousand cuts!"

At this time, Yue Wuya, a The heart was completely enveloped in anger.

Although he doesn't have much contact with Wen Chou Chou, he is his father's sworn elder brother and his own uncle. Over the years, Wen Chou Chou has made so many contributions to the Jiuzhou arena, which has always been admired by Yue Wuya, but now he has ended up like this. Miserable, this made Yue Wuya extremely angry.

"Auntie, since that's the case, you all go to the palace with me." At this time, Yue Wuya reacted, looked at Ren Yingying and said seriously: "There are countless treasures in the palace, as long as I beg the royal father, the royal father I will definitely find a way to restore your inner strength!"

Yue Wuya's eyes were full of anticipation when he said this.

This...

Ren Yingying did not agree, but bit her lip and pondered.

Speaking of which, Mu Xixi, a secluded place, is not far from the Tianqi Imperial City. In the past month or so, Ren Yingying never thought of going to the Imperial City. In her heart, after the death of Emperor Tianqi, the Imperial City had nothing to do with her. .

And that King Guangping was the Emperor of Apocalypse after robbing his father's seat, and Ren Yingying didn't want to see him at all.

"Auntie!"

Seeing that Ren Yingying didn't answer, Yue Wuya was a little anxious: "Aren't you in a hurry to restore your skills?"

Hearing this, Ren Yingying subconsciously looked around and looked at Sun Dasheng and the others.

Because of old grudges, I don't want to see King Guangping, but these people, do they want to follow me and become a waste? If so, are you being too selfish?

Thinking to herself, Ren Yingying breathed a sigh of relief, nodded and said, "Okay!"

Phew!

Seeing that she finally agreed, Yue Wuya showed a smile, and quickly ordered the Imperial Forest Army to escort Ren Yingying and others back to the imperial city.

Mu Xixi and Song Qian did not follow, but left the seclusion and continued to inquire about the situation on the rivers and lakes.

Chapter 2823

..... the

other side.

The ghost world, in the hall of the Underworld!

Pluto was sitting on the throne, and his gloomy face seemed very relaxed at this time.

On the two sides below, several ambassadors and elite subordinates were neatly arranged, each with a calm expression, and the atmosphere of the entire hall seemed very relaxed.

Yes, Hades is waiting for good news from Jed.

Half an hour ago, Jade ordered someone to send back the news that he had successfully captured the various sects in Kyushu, which made Hades very happy.

As long as the major sects in Kyushu are seized, the entire Kyushu will fall into chaos, and once the Kyushu is in chaos, it will be an opportunity for Hades!

Thinking of this, Hades evoked a smile, very proud.

However, at this time, a ghost soldier walked in quickly from outside the main hall, looking flustered, and said to Hades, "Your Majesty, it's not good!"

When he said this, the ghost soldier was out of breath and covered in cold sweat.

"Above the hall, what's the way to be in a panic?" Pluto's face sank, and he scolded coldly!

The next second, Hades said impatiently: "What the hell is going on?"

The ghost soldier was about to cry, obviously panicking: "This subordinate is negligent, I beseech Your Majesty to open the door!"

"What is the matter, say!" Pluto said coldly.

The ghost soldier wiped his cold sweat: "Your Majesty, that ugly man has escaped from purgatory! This subordinate is not optimistic!"

What? !

Pluto's face changed, and he frowned: "Wen Chou Chou ran away?"

This article is ugly, his life is in his own hands, and he has the courage to escape from purgatory. Moreover, he just let him repent in purgatory, and didn't punish him, why did he run?

"Your Majesty!"

Just when Pluto was thinking in secret, he saw Jade slowly entering the hall with Zang Shuiyue and others.

Um?

Seeing the empty space behind them, Pluto's face became even more ugly: "Jed, didn't you arrest the major sects? What about the people?"

Jed looked confused, stepped forward and bowed respectfully: “Your Majesty, it’s not you who let me Did you let him go?”

As soon as he finished speaking, when he saw Hades’ face, Jed suddenly had a bad idea.

It’s over... Could it be that the messenger lied to him?

“When did I let you go?” Pluto was so angry that he was furious and shouted, “Tell me, what’s going on?”

Puff!

Feeling Pluto’s anger, Jed was dripping with cold sweat instantly, knelt down, and stammered to tell the situation: “Your Majesty, this subordinate originally caught the person, but on the way back to the road of attracting souls, he encountered I thought Your Excellency the messenger...”

Bang!

Knowing the situation, Pluto’s eyes were extremely blood red, and his anger rose: “Well, you Wen Chou Chou, you dare to give false orders, come on, immediately issue a soul chasing order to arrest Wen Chou Chou, there must be no mistake.”

“Yes, Your Majesty . . .”

Feeling the wrath of Hades, the envoys below responded quickly and walked out of the hall quickly.

....

On the other side, Apocalypse Continent.

Ren Yingying and everyone, under the escort of Yue Wuya, finally arrived at the imperial city!

When entering the palace, looking at the magnificent and splendid building, Ren Yingying’s heart was filled with indescribable emotion, she was a noble princess back then, but now she is so desolate!

Chapter 2824

At the same time, Dasheng Sun all looked complicated.

At that time, Emperor Tianqi held a marriage recruitment meeting for Ren Yingying. At that time, Yue Feng concealed his identity and won the double first. Later, his identity

was revealed and he was ordered to be arrested by Emperor Tianqi. When he learned of the situation, the Ouyang family immediately came to support.

Later, King Guangping suddenly appeared, killed Emperor Tianqi to control the situation, and then captured the Ouyang family and various sects.

It can be said that the Ouyang family and King Guangping had some grudges before, but at this time, under the leadership of Yue Wuya, they came to the palace to seek treasures from heaven and earth.

Soon, under the leadership of Yue Wuya, everyone entered the palace and came to Qianyuan Hall.

As soon as I stepped into the Qianyuan Hall, I saw the civil and military officials standing neatly on both sides of the hall, each with a sacred expression and a solemn atmosphere.

On the dragon chair in the main hall, sitting a tall and straight figure, dressed in a golden dragon robe, with a strong aura, and the whole body is filled with royal majesty.

It was King Guangping.

Swish!

At this moment, whether it was the King of Guangping or the civil and military officials, all of their eyes converged on Ren Yingying and the others.

How did these people come?

“Royal father.” At this time, Yue Wuya slowly moved forward and saluted King Guangping.

Speaking of which, a few years ago, after Yue Wuya let go of her hatred for Yue Feng, she originally wanted to stay in the Ouyang family, but her mother Qin Rongyin had been in the Weather Palace and had no choice but to stay with her mother.

King Guangping nodded, looked at Yue Wuya and said with a smile: “Emperor, what’s going on?”

With that, King Guangping’s eyes slowly swept over Ren Yingying and everyone.

call!

Yue Wuya took a deep breath and said slowly, “Imperial Father, Zhang Jiao set up the Wutian Organization to harm Kyushu and even persecute the Ouyang family. They were all poisoned by Zhang Jiao and lost all their internal strength!

” They came to the palace because they wanted to beg their father, the emperor, to give them the treasures of heaven and earth to help them regain their strength!”

Hearing this, King Guangping’s eyes flickered and he did not respond immediately.

At the same time, the surrounding civil and military officials were also in an uproar!

This prince is so ridiculous, the treasures of heaven and earth in the palace are owned by the royal family, how can they be given away casually? Moreover, the people of the Ouyang family in front of them had once offended His Majesty.

In particular, Ren Yingying, the daughter of the previous generation of Emperor Tianqi, was considered a sin of the previous dynasty.

“Is that so...”

Finally, King Guangping reacted and looked at Yue Wuya with a smile: “Since they are here to seek treasures from heaven and earth, but when these people met me, they didn’t show any sign of it, so they are not sincere. , why do you want to give it to them?”

When he said this, King Guangping had a smile on his face, but his eyes flashed cold.

Hearing this, Yue Wuya lowered his head, his face was very embarrassed, and then he glanced at Ren Yingying and everyone.

Made!

At this moment, whether it is Sun Dasheng, Ren Yingying and others, there is some fire.

This King of Guangping, who has been an emperor for several years, has become bigger and bigger.

However, seeing Yue Wuya’s embarrassed appearance, Ren Yingying, Sun Dasheng and the others looked at each other and chose to compromise.

“I have seen Your Majesty!”

“See Your Majesty!” In the

next second, Ren Yingying and everyone spoke in unison, and at the same time gave a deep salute to King Guangping.

In their hearts, it is already the greatest respect for them to salute King Guangping.

Whoa!

Seeing this scene, the surrounding civil and military officials suddenly couldn't help it, and they all began to criticize.

"You guys are so bold, do you just salute when you see His Majesty?"

"You don't even know how to kneel, you have no sincerity at all..."

"I don't think they are here to ask for treasures, but to despise His Majesty on purpose."
.

When everyone's anger came, Yue Wuya was a little anxious, and wanted to help Ren Yingying and others to speak, but he couldn't get in.

Chapter 2825

"Hehe..."

At this time, King Guangping slowly stood up and waved his hand: "All quiet for me!"
When the

voice fell, the civil and military officials quickly shut their mouths.

The next second, King Guangping slowly walked down the steps and came straight to Ren Yingying.

Ren Yingying didn't panic at all, but looked at him calmly.

"Yingyue!"

King Guangping said slowly: "I can give you the treasures of heaven and earth, but I only have one condition, kneel down and call me Your Majesty, the treasures in the treasure house of the palace are for you to choose."

Yes, Guang Although King Ping became the emperor, he had one regret, that is, he did not get Ren Yingying's recognition. In his heart, if he did not get Ren Yingying's recognition, he was not the real ruler of Tianqi Continent.

After all, although Ren Yingying was once a princess, she also had a lot of influence in the Apocalypse Continent.

Swish!

Hearing this, Ren Yingying's delicate body was shocked, and her brows instantly frowned.

This King Guangping actually used this method to make himself recognize his identity as the emperor! If he admits it, isn't his father dead in vain?

"King Guangping." In the

next second, Ren Yingying did not hesitate at all, and said coldly: "I want me to admit that you are the emperor of the Apocalypse Continent, dreaming!" The tone was cold, without the slightest hesitation!

hiss!

The huge Qianyuan Hall was suddenly silent! All eyes are on Ren Yingying!

She.. what did she say? !

Your Majesty, the honor of the ninety-five, she is so rude!

At this moment, King Guangping's expression changed suddenly. In front of civil and military officials, who was so ignored by Ren Yingying, where would he put his face?

For a time, the atmosphere of Qianyuan Hall was extremely solemn. Civil and military officials did not even dare to breathe.

"That's right!"

At this moment, Sun Dasheng also came out and shouted at King Guangping: "Your throne is already disgraceful, you killed her father and now you let her admit that you are the emperor. , it's ridiculous."

Said, Sun Dasheng looked around and said to Ren Yingying: "What kind of treasure, don't need it, let's go!"

The other people around also nodded.

If Ren Yingying had to let go of his dignity in order to get everyone to regain their inner strength, then they would rather not have inner strength in this life.

Done!

Seeing this scene, Yue Wuya couldn't be more anxious, and whispered to Ren Yingying: "Auntie, don't be impulsive!"

Ren Yingying smiled at him: "Ya'er, I know you are kind, thank you auntie. ." After speaking, he was about to leave with Sun Dasheng and others.

At this time, Ren Yingying regretted very much. If she had known this, she should not have come to the palace with Yue Wuya.

Whoops!

However, before he walked out of the door, he saw an army of imperial guards pouring out from outside the temple, surrounding everyone at once.

“Let’s go?”

At this moment, King Guangping smiled and said: “Ren Yingying, you are a repeat offender in the imperial court, I ignored the previous suspicion and gave you a chance, but you are so rude to me, you think you can still go. Is it?”

When he said this, King Guangping had a smile on his face, but his heart was full of anger.

Since he ascended the throne, whoever saw that he was not respectful, but this Ren Yingying, who despised herself so much, could never be easily forgiven.

“Royal Father!”

Yue Wuya’s face changed greatly, and he hurried over to intercede: “Please give the sons a face and let them go.”

At this time, Yue Wuya was so anxious that he thought that after so many years, the royal father The grievances between him and his aunt have long since faded, but he never thought that such a situation would be the first to meet.

“Retreat!” King Guangping scolded coldly: “No one is allowed to plead for today’s matter, otherwise, they will be thrown into prison together!”

Chapter 2826

This...

Hearing this, Yue Wuya trembled, and then silently stepped aside.

When it was over, the father was really angry.

However, at the same time as he stepped back, Yue Wuya couldn’t help but glance at Ren Yingying, don’t worry, Auntie, I will definitely find a way to let you go.

Yue Wuya knew that in this Qianyuan Palace, it was really not good to compare with King Guangping, so he didn't argue with him for the time being. Anyway, he was the prince, and it was easy to let Ren Yingying go.

Whoa!

Soon, at the signal of King Guangping, the Imperial Forest Army poured in, tied Ren Yingying and the others, and sent them to prison.

call!

Seeing this scene, the civil and military officials in the hall all had lingering fears. The atmosphere in the hall was also extremely depressing.

King Guangping sat back on the dragon's seat, his face also gloomy.

I thought that Ren Yingying would admit it personally, so that her status as an emperor would be justified, but she did not expect that Ren Yingying had such a tenacious character that she had no inner strength at all, and dared to contradict herself.

For a time, the entire Qianyuan Hall was silent.

“Report—“

At this moment, a eunuch hurried in, with a respectful tone and a bit of panic at the same time: “Report to Your Majesty, there is news just now that the Rakshasa clan has raided Beiyang Continent. The Ying Palace has captured all the sects participating in the Supreme Conference!”

What?

This chapter is provided by . Visit for daily update.

In an instant, the entire hall exclaimed.

King Guangping also changed his face, and his heart was inexplicably shaken.

A few days ago, the Tianqi royal family also received an invitation to the Supreme Conference, but King Guangping was very thoughtful and felt that this matter was not so simple, so he did not send anyone to participate. Now it seems that he guessed correctly.

What King Guangping did not expect was that the Rakshasa would suddenly intervene.

“Your Majesty!”

However, at this moment, a person slowly walked out of the hall with a solemn expression. It was Nie Yunxiao, the commander of the imperial guards!

“Your Majesty.” Nie Yunxiao took a deep breath, walked slowly to the front, sweating profusely: “I just got the news that Empress Rakshasa led the army and has entered our Apocalypse Continent, and it is less than ten miles away from the imperial city at this time! After saying this, Nie Yunxiao’s eyes flickered: “

Your Majesty, your subordinates guess that the attack of the Rakshasa clan must be related to the Supreme Conference. They have captured the major sects, and now they have sent a large army. Obviously, they want to destroy them first.” The forces of the rivers and lakes will be conquered, and then the Kyushu will be captured!”

Words!

Hearing this, the civil and military officials below immediately exploded!

“This Rakshasa clan really has the ambition of a wolf!” “

I knew this earlier. Three years ago, I

shouldn’t have had peace talks with them!”

The discussions kept coming, King Guangping’s eyes flickered, and his heart was full of anger.

“Quick!” The

next second, King Guangping suddenly stood up and shouted, “Quick, call the Royal Forest Army immediately.”

“Yes! Your Majesty!” Nie Yunxiao hurriedly responded.

A few minutes later, more than a hundred thousand Royal Forest troops quickly assembled, and under the leadership of King Guangping, they lined up outside the imperial city.

wow wow wow...

After a while, I heard the sound of horses’ hooves in the distance, and then I saw a black army coming from far to near. This army was wearing a uniform black leather armor and holding a bone knife.

It is the Rakshasa army!

The head is a woman, with delicate features and a charming figure, wearing blood-red armor, indescribably heroic, and her body is filled with a powerful queen atmosphere.

Exactly.. Mona!

Whoa!

Chapter 2827

When she was approaching, she saw the Royal Forest Army, and Mona immediately raised her jade hand. Suddenly, the army of tens of thousands of Rakshasa suddenly stopped.

In the next second, Mona's eyes fell on King Guangping, her beautiful face was very calm, and she said softly: "It turns out to be His Majesty the Emperor of Apocalypse Continent."

King Guangping was expressionless: "You Rakshasa, What is the purpose of suddenly entering my Apocalypse Continent?"

When he said this, the Imperial Forest Army behind him pulled out their long knives one by one and waited in full force.

call!

Seeing this scene, Mona did not panic at all, and smiled slightly: "You don't have to be nervous, we are just passing through the noble realm, Beiyong Palace, holding the Supreme Conference, which was originally a prosperous world for thousands of years, but was betrayed by our Rakshasa clan. We are going to clear up the Rakshasa traitors."

When she said this, Mona looked sincere.

Yes, the resident of the Rakshasa clan is on the border of Kyushu. If you want to go to the Northern Ying Continent, you must pass through the Apocalypse Continent.

traitor?

Hearing this, King Guangping frowned secretly: "You mean, the people who captured the major sects have already betrayed your Rakshasa?"

"Yes!" Mona nodded: "The leader of the rebels is called Jade. , This is the city lord of Xuanshi City. He was originally highly regarded by me, but I didn't expect that this man was so ambitious that he led his subordinates to betray the Rakshasa clan."

“I heard that His Majesty is also a man of great talent and strategy, since he has gathered an army, Why don't you go to the Northern Ying Continent with us, help me eliminate the traitors, and rescue the major sects at the same time.”

This...

At this moment, King Guangping pondered and hesitated.

“His Majesty!”

At this moment, Nie Yunxiao next to him couldn't help but whisper: “These Rakshasa people are very cunning, their words are not credible, be careful with deceit!”

King Guangping did not respond, but his eyes flickered faintly.

At this time, Mona couldn't wait, and said again: “If Your Majesty is unwilling to help, please withdraw the army and let us pass!”

“Let you pass?”

At this moment, King Guangping's face was cold: “The peace talks back then At that time, it was agreed that without permission, your Rakshasa clan would not be allowed to step into Kyushu for half a step, but now, you are leading a large army and marching at the foot of my imperial city, why did you say you want to exterminate traitors?”

“You really think I am . Idiot, is it so easy to deceive?” The

last sentence fell, King Guangping suddenly drew out his sword, stared at the Rakshasa army, and said coldly: “Listen to the order of the whole army, kill these intruders. Stay, to strengthen my apocalypse!”

When he shouted these words, King Guangping's face was awe-inspiring, but cunning flashed in his eyes.

When the Apocalypse Continent was breached by Yang Jian, King Guangping was forced to become a minister. This was an eternal shame in King Guangping's heart, and it also deeply stimulated King Guangping.

King Guangping realized that he had to become stronger if he didn't want to be oppressed by others. Therefore, King Guangping has been looking for opportunities to dominate Kyushu over the years, but unfortunately there has been no suitable opportunity.

At this time, King Guangping knew that the opportunity was coming. Regardless of whether what Mona said in front of him was true or false, he took this opportunity to

destroy the Rakshasa army in front of him first, and then marched into other continents....

King Guangping knew that the Rakshasa tribe Able to conquer and fight well, but the Rakshasa army in front of him is only a few tens of thousands, while his own garrison army of hundreds of thousands is several times more than the opponent, so he is not panic at all.

“Kill!”

At this moment, upon hearing the order of King Guangping, the hundreds of thousands of imperial forest troops behind him let out a howl that shocked the world and rushed towards Mona.

“You...”

Seeing this scene, Mona’s body was shocked and she was furious. Then she quickly turned around and shouted: “Quick, prepare to meet the enemy!”

At this time, Mona was very angry. The sincerity can be exchanged for the understanding and support of King Guangping, but he never expected that the other party would be so ruthless.

Seriously, Mona didn’t want to fight against the Apocalypse Continent, but she couldn’t just watch the warriors die tragically.

“Kill!” The

voice fell, and the army of tens of thousands of Rakshasa responded in unison, the momentum was overwhelming, and it rushed up like a tide!

In the blink of an eye, the two armies collided head-on, and a tragic fight broke out!

“Ah!”

For a while, the screams and roars continued to sound, and the blood continued to splash, dyeing the earth red.

Chapter 2828

“Mona!”

At this moment, King Guangping’s eyes flashed with pride, and he howled: “It’s too late to surrender now, otherwise, all of you will die here!”

“We Rakshasa are not wrong, why ? Want to surrender?” Mona bit her lip and refused to give in an inch: “It’s you who ordered the attack indiscriminately, I think, you are deliberately provoking a war.”

Courting death!

Hearing this, King Guangping didn’t bother to talk nonsense, and his internal force was running, and he rushed directly towards Mona.

“Clang!”

Seeing King Guangping rushing up, Mona didn’t panic at all, her delicate body rose up, and she collided with King Guangping’s palms! Hearing a loud bang, the moment when the palms of the two sides collided, a tyrannical fluctuation of internal force swept towards the surroundings!

In the dust and smoke, I saw King Guangping and Mona, both dark and solemn, and their figures were shaken back.

Obviously, this time, no one took advantage of it!

However, in the heart of King Guangping, he was secretly shocked! You must know that the Mona in front of me has only been in charge of the Rakshasa clan for three years, and she is still a woman. I think when the Kyushu army was in the Chaos Mountains and fought against the Rakshasa clan, her strength was not outstanding, and she was still at that time. He was easily captured by Yue Feng.

And now three years later, the strength of this woman has increased so much.

At the same time, Mona was also staring at King Guangping, seemingly calm, but her heart was shaking.

As expected of the emperor of the Apocalypse Continent, his strength should not be underestimated.

Seeing the battle situation below, Mona was even more anxious. She saw that the tens of thousands of troops she brought were besieged by the Royal Forest Legion, and the situation was very passive. If it continued like this, all of them would really die here.

hum!

In a hurry, Mona gave a coquettish shout and came to King Guangping again!

“Beyond our own power!” King Guangping snorted coldly, but he was not afraid. In the blink of an eye, the two sides fought fiercely in mid-air again.

A few minutes passed, and King Guangping and Mona were at a standstill, and neither could suppress the other.

At this moment, King Guangping was a little anxious. In this battle, Tianqi Continent had a great advantage, but it was delayed by the opponent for so long. If it was spread, it would not be laughed at by the world.

More importantly, how can they dominate the Kyushu even if they can't deal with tens of thousands of Rakshasa clan?

“Give me death!”

Thinking to himself, King Guangping's eyes were extremely blood red, and he roared, directly urging the tenth layer of skill to hit Mona with a palm!

hum!

With this palm, King Guangping almost burst out with all his strength, only to see that the surrounding air was distorted under the surging palm, and the power was astonishing. Not only that, but there was a faint glimmer of golden light between the palms.

That's right, what King Guangping performed was the stunt of the Tianqi royal family's 'Sky-shattering Palm'.

The palm of the sky is a unique skill of the Tianqi royal family. Only the emperor can practice it. After King Guangping usurped the throne, he immediately practiced it. A few years later, his understanding of this unique skill has reached a very high level.

“Om!”

At the moment when the Heaven-shattering Palm was deployed, the entire battlefield seemed to be enveloped in golden light, feeling the powerful aura of King Guangping, and the two armies fighting fiercely below were extremely shocked.

“What a powerful force!”

“Your Majesty, be careful!”

At this moment, many Rakshasa warriors exclaimed!

At the same time, Mona also trembled, and a trace of panic flashed on her delicate face.

Although she is the queen of the Rakshasa clan, Mona has only been on the throne for three years. In the past three years, because she has been dealing with the relationship between the Rakshasa clan and Kyushu, it is difficult to cultivate wholeheartedly. The

fierce battle with King Guangping just now has consumed a lot of internal strength. , At this time, facing King Guangping's stunt, he suddenly panicked!

Chapter 2829

Call!

Seeing that this palm was about to hit Mona, at this moment, I saw a beautiful figure in the sky not far away, flying quickly and directly blocking Mona.

The woman who came, was eighteen or nineteen years old, charming and charming, wearing a long lavender dress, gentle and quiet, but there was an unfathomable feeling all over her body.

It was Zang Yunyue who had just been named a saint by Mona.

Ha ha!

Seeing the sudden appearance of Zang Yunyue, King Guangping was stunned for a moment, and then there was a trace of cruelty on the corner of his mouth. A young girl who dares to come forward is simply courting death.

At the same time, Mona was also taken aback: "Yunyue, don't..."

Speaking of which, although Zang Yunyue received the inheritance of her ancestor Kuafu, after all, she was too young to fully comprehend the power of her ancestors. How could it be possible? Is it the opponent of King Guangping?

However, Zang Yunyue did not panic at all, showing a smile, signaling Mona not to panic. Immediately afterwards, Zangyunyue raised her hand to meet King Guangping's sky-turning palm.

boom!

A violent vibration came out, and in an instant, within a hundred miles, dust and smoke were everywhere.

In the dust and smoke, Zang Yunyue was quietly suspended in the same place, while King Guangping snorted, his body was directly shaken out, and he flew more than a hundred meters before landing in a panic.

What? How is this possible?

Seeing this scene, the incomparably exhilarating Yulin Army stared wide-eyed and shocked.

At the same time, King Guangping also had a gloomy expression, staring at Zang Yunyue fiercely, terrified and furious, he could clearly feel that the sky-shaking palm of his actual battle just now did no harm to this girl at all.

Instead, he was shocked.

How could this be?

At this time, King Guangping still didn't know that Zang Yunyue in front of him looked young, but he had the inheritance of Kuafu in his body, and his strength was simply beyond his imagination.

"Your Majesty!"

At this time, Nie Yunxiao rushed over quickly, and asked with concern, "How are you?"

King Guangping shook his head, his eyes fixed on Zang Yunyue: "Take her to me!" Thinking that there are such powerful women in the Rakshasa clan, but this is the Apocalypse Continent after all, as long as you take down this woman, you will be able to control the overall situation.

"Yes, Your Majesty!" Nie Yunxiao responded, and immediately flew up, clutching a long knife, and heading straight for Zang Yunyue!

Whoosh whoosh!

At the same time, several generals in the Imperial Forest Army followed closely behind and surrounded Zang Yunyue.

"You people from Kyushu..."

Seeing Nie Yunxiao flying over, Zang Yunyue's eyes flickered, and a bit of anger showed on her delicate face: "Our Rakshasa tribe didn't have the slightest offense, but you But malicious slander, I am here today, don't you want to hurt my Rakshasa!"

Yes, because of the inheritance of the ancestors, Zang Yunyue did not follow the army, but was left by Mona to sit in the station, but Zang Yunyue Yun Yue has a quick mind and realizes that the matter of the Supreme Conference is not simple, so she follows without authorization.

As a result, as soon as they reached the imperial city of Tianqi Continent, they saw that the two armies were fighting fiercely. At that time, Zang Yunyue didn't think much, and rushed over directly.

hum!

After speaking coldly, a powerful aura burst out from Zang Yunyue's body, and in an instant, the surrounding air seemed to stagnate.

Feeling this breath, whether it was Nie Yunxiao or other generals of the Imperial Forest Army, they all gasped secretly.

This woman is young, yet possesses such terrifying power? !

Chapter 2830

But His Majesty is watching from below, no matter how strong the opponent is, he can't back down.

Thinking about it, Nie Yunxiao and the others all gritted their teeth secretly and went up to them directly, and got up with Zang Yunyue in mid-air.

It has to be said that Zang Yunyue has the inheritance of Kuafu, and her strength is too strong. Even if Nie Yunxiao and everyone join forces, they cannot suppress it. On the contrary, under the suppression of Zang Yunyue's powerful breath, everyone is in a hurry.

However, the battlefield below is not optimistic at all for the Rakshasa tribe.

There are tens of thousands of Rakshasa troops fighting against hundreds of thousands of Royal Forest Army. The disparity in numbers is too large. In addition, this is the Tianqi Imperial City, and the Royal Forest Army has a geographical advantage. Therefore, even though Zang Yunyue arrived in time, the situation was not reversed.

Ah...

Along with the shouts of killing, I saw that there were constantly warriors of the Rakshasa clan falling in a pool of blood.

Seeing this scene, Mona, who retreated to the side, trembled and was so anxious.

"Yunyue!" The

next second, Mona shouted at Zang Yunyue in mid-air: "Stop fighting, our main task is to get to Beiyang Imperial City as soon as possible. We can't waste time here."

Seriously Yes, King Guangping is so insidious, Mona couldn't take this breath, but she also knew that she couldn't waste time here. Jed, in the name of the Rakshasa clan, captured the major sects, framed the Rakshasa clan, and more importantly, Yue Feng's situation is also very critical, and he must rush over to help him as soon as possible.

At this time, Mona didn't know that the major sects were all right, and Yue Feng was temporarily out of danger.

Um!

Hearing this, Zang Yunyue nodded, raised her jade hand, and urged Nie Yunxiao and everyone to retreat.

The next second, seeing a lot of Rakshasa people lying in a pool of blood below, Zang Yunyue's pretty face was cold: "Kill my people, you will pay a heavy price!"

Om!

The voice fell, and Zang Yunyue folded her hands together to make a special hand trick. In an instant, the surrounding air suddenly condensed! A terrifying force spread from her delicate body crazily!

"Day by day!" The

cold words came out of Zang Yunyue's mouth. In the next instant, the sky and the earth changed color, and the scorching sun in the sky suddenly dimmed, and in front of Zang Yunyue, it was quickly Condensed into a huge ball of light.

Yes, what Zang Yunyue used was one of Kuafu's stunts. This stunt was able to absorb the power of the scorching sun and was extremely powerful.

"What kind of skill is this?"

"Why is the sun darkening?" In an

instant, many of the imperial guards looked up, feeling inexplicable panic in their hearts.

Standing there, King Guangping's expression changed even more, and he had a bad premonition.

It is incredible to be able to absorb the power of the sun.

And the civil and military officials in the back also whispered.

"What a strong power!"

"I remembered, there is an ancient book that records that thousands of years ago, there was a peerless strong man who could borrow the power of the sun's flames for his own use, with infinite power!"

"That one A peerless powerhouse?"

“Kaofu!”

Just as everyone was talking, they saw Zang Yunyue in mid-air, with a wave of her jade hand, a huge ball of light in front of her descended directly from the sky and smashed into the Imperial Forest Army.

“boom!”

There was an earth-shattering roar, and the ball of light blasted out a huge pit directly on the ground, and the affected Royal Forest Army did not have time to scream.

Hiss...

Seeing this scene, everyone present was dripping with cold sweat and trembling.

At this moment, King Guangping's face was extremely gloomy, with heartache and anger.

This girl is so terrifying, she killed so many soldiers of the Royal Forest Army with just one move.

With this palm, how many soldiers of the apocalypse were shot to death!

“Do you still want to fight?” At this moment, Mona looked at King Guangping closely and said lightly.

call!

King Guangping took a deep breath, his face extremely ugly.

A few seconds later, King Guangping waved his hand unwillingly: “The whole army obeys the order and withdraws into the imperial city!” To be honest, King Guangping didn't want to just admit defeat, but there was no way, the girl named Zang Yunyue was strong. so horrible.
