

The ultimate husband in Chinese chapter 3031-3040

Chapter 3031

Puff, puff...

At the same time, Su Shengfei, Ye Zhixin and others were also dragged into the quagmire by other mirror image demons.

“Zheng Sect Master, what are you doing?”

“You’re crazy!”

“We’re here to save you...”

Listening to everyone’s discussion, these mirror image demons laughed sullenly.

A mirror image headed by the demon, directed at Long Qianyu, said sadly: “It’s not easy to deceive you, let me tell you the truth, we don’t need to save you, but send you to hell, hahaha...”

hum!

The voice fell, and a terrifying yin and evil aura erupted, and then a palm hit Long Qianyu.

What?

Long Qianyu’s pretty face changed, and at this time he realized that Yue Feng was right, and there were problems with these people in front of him.

She clearly saw that the ‘Zheng Chunqiu’ in front of her had a sinister expression on her face, her eyes flickering with evil light, and the Zheng Chunqiu she knew before was completely two people.

In a panic, looking at the Mirror Demon who rushed up, Long Qianyu was about to fly out of the quagmire when he used his internal power.

Hissing...

But at this time, I heard a strange sound coming from the quagmire under my feet. This sound made people hairy. The next second, I saw a vine with the thickness of an arm burrowing out. Zi wrapped Long Qianyu’s feet.

This chapter is provided by . Visit for daily update.

In an instant, Long Qianyu was unable to move, and could only use his internal strength to fight fiercely with the Mirror Demon who rushed over.

bang bang bang...

At this time, the other mirror demons also attacked Su Shengfei and others.

Like Long Qianyu, Su Shengfei was also entangled by vines emerging from the quagmire, restricting his movements one by one, and the situation was very critical.

call!

Seeing this scene, Yue Feng was anxious and helpless.

I had already said that there was a problem, but they didn't listen.

Thinking about it, Yue Feng's figure moved and burst out.

hum!

The next second, Yue Feng raised his hand and waved, and a ball of white lotus jumped out of cold fire, bursting straight towards the vines in the quagmire.

Chi Chi...

The vines touched the cold fire of the white lotus, and they were instantly burned to ashes. However, in the next second, a new vine came out quickly, which was very evil.

Nima!

Seeing this scene, Yue Feng was secretly surprised.

What are these vines? Can it be reborn?

At this time, Yue Feng did not know that these vines, called ghost man vines, were difficult to destroy completely because they absorbed the constant yin qi from the ground.

It is precisely because of this that these mirror image demons will attract Long Qianyu and others, so that they can use Ghost Manteng to deal with them.

However, Yue Feng couldn't care less, he raised his hand and summoned Fang Tianhuaji to help Long Qianyu and others to fight against these mirror image demons.

At the beginning, Yue Feng thought that he had Bailian cold fire and was very confident, but gradually, he became a little powerless, because these ghosts and vines could not

be killed at all, and at the same time, he had to take care of Long Qianyu and others, which was completely ineffective.

Under such circumstances, Yue Feng was completely anxious, holding Fang Tianhua halberd tightly, slashing like crazy.

“Yue Feng, let’s help you!”

At this moment, a coquettish shout came from the sky not far away.

Yue Feng followed the voice and was immediately excited.

I saw that in the mid-air not far away, eight figures flew quickly, and their long skirts were flying. It was the eight saintess of the Nine Heavens.

Chapter 3032

“The Nine Heavens Saintess is here!”

“That’s great!”

Seeing the eight saintess coming, everyone in Long Qianyu was overjoyed.

And the eyes of some men in Su Shengfei were also deeply attracted, unable to extricate themselves.

I saw that these eight saintess, without their previous embarrassment, all dressed in long skirts, full of immortal energy, standing together, each has its own advantages, which is dizzying!

“Yue Feng, don’t panic, we’ll help you!” Zi Yan, who was flying in the front, opened her mouth to Yue Feng with her red lips lightly parted.

After being separated from Yue Feng, the eight saintess found a hidden place and resumed their cultivation. Then they came to look for Yue Feng, and they saw that Yue Feng and Long Qianyu were trapped in a swamp.

At this moment, a smile appeared on Yue Feng’s face: “Thank you for a few good sisters!”

When he was in Shilin before, Yue Feng teased the eight saintesses and asked them to call him good brother. Just said it.

Swish!

When the words fell, Zi Yan’s pretty face flushed, and she said angrily: “Shut up!”

At the same time, the other saintess' faces turned red all of a sudden, embarrassed and angry.

This Yue Feng is really not serious at all.

Long Qianyu, who was trapped in the quagmire, couldn't help but glared at Yue Feng. This bastard, every day, every day, even the Holy Maiden of the Nine Heavens dares to provoke her!

Um?

At this moment, I felt the breath of the eight saintesses, and the mirror demons in the battlefield were all inexplicably frightened.

"You evil sprites, don't hurt anyone!" Huan Xiang let out a coquettish cry when she got to the front, and her figure was astonishing, and she took the lead in joining the battlefield.

Immediately after, the other saintess of Yuling followed closely.

The eight saintess joined, Long Qianyu and the others felt the pressure relieved immediately. Yue Feng was

also very excited, but also had some doubts in his heart. He couldn't help but said to Zi Yan: "Saint Zi Yan, are my little sister and these people being controlled?"

The devil and the ghost Manteng in the depths of the quagmire were fighting. At this time, in his heart, he thought that the 'Meihui' and 'Zheng Chunqiu' in front of him were being controlled.

control?

Zi Yan frowned and responded seriously: "These are not your little sisters and friends at all, they are transformed from mirror magic." As a nine-day saint, Zi Yan can see at a glance that these mirror magic are in front of her. Nature.

What?

Hearing this, both Yue Feng and Long Qianyu were shocked.

These people in front of you are all fake, all of them are mirror images of magic?

But what is the mirror demon?

Seeing Yue Feng and others looking puzzled, Zi Yan bit her lip and continued: "Mirror image demons, with a special existence, are very evil, they like to transform into stone

monuments, the surface of the stone monument is as smooth as a mirror, waiting for people to come over. After looking in the mirror, the mirror demon will turn into the appearance of these people.”

“That is to say, your little sister and friends are under the shadow of these mirror demons.”

Nima!

Upon learning of these circumstances, Yue Feng was furious.

Fortunately, I was observant, and I felt that there was something wrong with the ‘people’ in front of me from the beginning. Otherwise, like Long Qianyu and others, I would be deceived by these mirror image demons.

Phew...

At the same time, Long Qianyu and the others also looked at Yue Feng one by one, feeling ashamed in their hearts.

It seems that Yue Feng’s previous guess was correct. If he listened to his advice at first, he would not be entangled by these mirror image demons.

Frightened, Yue Feng clenched Fang Tianhua’s halberd and continued to fight with the surrounding mirror demons.

However, what made Yue Feng depressed was that Fang Tianhuaji was extremely sharp, but it could not cause any damage to these mirror image demons.

Chapter 3033 Trick

....

I saw that a mirror image demon was cut into two pieces by Fang Tianhuaji, but in the next second, it quickly overlapped at the speed seen by the naked eye, which was very strange.

Madd, how could this be?

Yue Feng became more and more frightened, and then cast the white lotus cold fire, but the result was the same, after these mirror image demons were burned by the white lotus cold fire, there was no reaction at all.

“Yue Feng!”

At this moment, Zi Yan, who was fighting fiercely beside him, couldn't help but said: "These mirror image demons are born from the yin evil spirit here, they belong to demon spirits, they have no physical body at all, they cannot Use the previous methods to deal with it."

"Didn't you take the Chaos Yin-Yang Pearl from Empress Nuwa? Use the power of the Yin-Yang Bead to deal with them!" The

Chaos Yin-Yang Pearl, which contains the supreme innate aura, is the nemesis of these evil spirits. .

Yeah, how did I forget this.

Hearing Zi Yan's words, Yue Feng's eyes lit up, and immediately activated the power of Yin Yang Pearl.

hum!

The next second, Yue Feng slowly raised his right hand, and saw a dazzling light burst out. Then, he slapped the mirror demon in front of him with a palm.

This mirror-image demon, transformed into the appearance of Meihui, sensed the power of the yin and yang beads driven by Yue Feng, and instinctively felt a fear, his face changed, and he quickly stepped back, but it was still too late.

boom!

This palm slapped the Mirror Image ferociously on the body of the Mirror Demon, and after hearing it howl, it was shaken and flew out, and it flew several dozen meters away before falling into the quagmire.

"you..."

Struggling to stand up, the mirror-image demon stared at Yue Feng, very inconceivable: "Innate spiritual energy? How can a human being have innate spiritual energy?"

"You don't need to ask." Yue Feng's mouth showed With a sneer, he stared at the mirror demon coldly: "I ask you, where are my little sister and brother Zheng?"

"Om!" After the

voice fell, Yue Feng raised his hands again. All shrouded in a dazzling brilliance.

Hu Sanyang's head buzzed, before he could think about it, he turned around and ran!

How can he have the slightest fighting spirit now? The strength of Yue Feng's period of Martial Emperor, even ten thousand years of fine iron can't trap him, how can he be his opponent?

"So you are that girl's brother." Under the shock, there was a hint of cunning in the eyes of the mirror demon: "I want to know where they are, unless you can catch me, hehe..." The

voice fell, and the figure turned into a black streamer rushed towards the distance.

At the same time, the other mirror demons around, under the joint attack of the eight saintesses, were gradually unable to stop them, and they dispersed in a hurry, escaping in all directions.

"Want to run?"

Yue Feng snorted coldly, his eyes locked on the mirror image demon who had transformed into Meihui, and he quickly chased after him.

Yue Feng knew that these mirror-image magic could transform into Meihui, Zheng Chunqiu and others, and he must know where they were, so he had to catch one alive no matter what.

Yue Feng chased the mirror image demon and rushed out of the swamp unknowingly.

Ten minutes later, the two sides came to a mountain one after the other.

Whoosh!

When he got to the mountain peak, he saw the figure of the mirror image flashed, got into a stone crevice, and disappeared.

Yue Feng was furious and furious, and at the same time, he frowned secretly when he saw the mountain in front of him.

I saw that the mountain in front of me was formed by the accumulation of square boulders, which were hundreds of meters high. From a distance, it looked like a huge tomb. Moreover, there is a huge stone crevice every ten meters.

Yue Feng clearly felt that there was a terrifying evil aura in the depths of this huge stone, as if something terrifying was dormant inside.

"Come out!" Yue Feng did not go in, but roared at the crack.

Chapter 3034

“Jie Jie!” The

voice fell, and there was a mirror image of evil laughter from the stone crack: “Boy, aren’t you very powerful? Come in and catch me if you have the ability! If you catch me, I will tell you about those people. Fall.”

Mad!

Yue Feng scolded secretly, angered in his heart, and rushed in directly.

When I got inside, I saw that the stone cracks were very narrow, and the passages inside were even more intricate, like a huge labyrinth.

At the same time, Yue Feng saw that the mirror image demon was not far away.

“Hey!”

Seeing Yue Feng coming in, the mirror demon smiled evilly: “You are very kind, you have the guts to come in!” When he said this, the mirror demon’s eyes flashed with cunning.

Yes, the Mirror Demon deliberately brought Yue Feng here. This place is called Yin Ling Tomb. This is the center of the Hades Cauldron. All the Yin Qi gathers here. Not only that, but there is also a Ten Thousand Demons in the deepest part. The tower is even more dangerous inside.

This mirror demon has thought about it. Since this person has innate spiritual energy, he can’t beat him, so he will be led to the Ten Thousand Demon Pagoda.

As long as he enters the Ten Thousand Demon Pagoda, there is absolutely no chance of him surviving.

Swish!

At this moment, Yue Feng’s eyes were locked on the mirror demon, and he asked coldly, “Where are my little sister and friends?” The

mirror demon didn’t respond, but smiled evilly, turned around and ran towards the Ten Thousand Demon Pagoda.

Nima!

Yue Feng was so angry that he pursued him.

Soon, at a stone gate, the Mirror Demon rushed in, followed by Yue Feng.

“Haha!”

However, at this moment, the Mirror Demon laughed evilly and opened the mechanism of Shimen. Hearing a rumbling sound, the stone gate slammed shut. Immediately, the mirror image turned into a cloud of black mist and escaped along the gap in the stone gate.

All this happened too fast, Yue Feng was not familiar with the environment, and was suddenly trapped in the Shimen.

“Boy, enjoy yourself in the Ten Thousand Demon Pagoda!” The Mirror Demon laughed very proudly, and after saying this, he left quickly.

“Boom!”

Yue Feng was furious and slammed a punch on the stone gate, Ma De, in the end, let it run away.

Nima, what the hell is this place?

The next second, Yue Feng turned his head, looked at the surrounding environment, and suddenly felt inexplicable in his heart.

He could see that there was a space the size of a basketball court in front of him, the light was dim, some green and sparkling spirit fires were floating in the corners all around, and dozens of pale-faced ghosts were floating above his head.

These ghosts, with pale faces, with a frightening cold glow in their eyes, are panicking in their hearts! Obviously, they didn't know how long they had been dead, and then they were kept in the Hades Cauldron. They were baptized by the yin and evil spirits all the year round, and they became extremely evil.

hiss!

Seeing this scene, Yue Feng couldn't help gasping for air, and his heart thumped.

Huhuhu...

At this moment, these ghosts sensed the existence of Yue Feng, their eyes locked quickly, and then they rushed over.

What the hell!

Seeing these ghosts rushing towards him, Yue Feng was startled. He didn't have time to think about it.

hum....

However, what frightened Yue Feng was that the powerful palm force did not repel these ghosts, but passed through their illusory bodies, as if they were hit in the air.

In the next second, before Yue Feng could react, several ghosts had already arrived and grabbed his hands at once. One of them was even stuck on his neck.

In an instant, Yue Feng had difficulty breathing, and his face turned purple. At the same time, the ghostly aura of the ghost kept coming. Yue Feng felt as if he had fallen into an ice cave, and his soul couldn't help trembling. .

“Ah!”

Yue Feng couldn't help shouting, and he was also panicking.

Nima, these ghosts are immortal, and their inner strength is completely ineffective against them. What should I do now?

swoosh swish....

Chapter 3035

Yue Feng's howl instantly attracted other ghosts, and each and everyone was howling, completely surrounding Yue Feng.

Yue Feng was tightly grasped by several ghosts, unable to break free at all. In just a few seconds, his body was frozen by Yin Qi, and he gradually lost consciousness.

In this case, Yue Feng became more and more anxious.

No, if you don't think about it, you will definitely die here, and in the end, you will become the same as these ghosts.

correct!

Suddenly, Yue Feng's eyes flashed, and he suddenly had an idea.

hum!

Immediately afterwards, Yue Feng hurriedly activated the power of the Chaos Yin-Yang Pearl. In the swamp, since the power of the Chaos Yin-Yang Pearl could defeat those mirror demons, it would definitely be able to deal with these ghosts.

After all, the Chaos Yin-Yang Pearl was passed down to him by the Empress Nuwa. It contains supreme innate spiritual energy and is the nemesis of all evils.

Phew...

The next second, I saw a black bead slowly condensing in front of Yue Feng.

It is the Chaos Yin Yang Pearl.

At the beginning, Yue Feng and Lu Lingshan got the Chaos Yin-Yang Pearl in the Nuwa Empress's Crystal Palace, Yue Feng was the black Chaos Yang Pearl, and Lu Lingshan was the white Chaos Yin Bead.

"Woo, woo..."

As soon as the Chaos Yangzhu appeared, the surrounding ghosts suddenly panicked and collapsed. Those who had no time to escape were directly swallowed by the Chaos Yangzhu.

At this moment, Yue Feng clearly felt that after the Chaos Yangzhu devoured these ghosts, his strength had improved a lot. Not only that, but his understanding of the Chaos Yangzhu seemed to have gone a step further.

Haha...

Upon realizing this, Yue Feng was extremely excited!

Unexpectedly, the Chaos Yin-Yang Pearl can not only deal with evil, but also has the effect of devouring.

The mirror image demon just now thought that if he was trapped here, even if everything was going well, he never thought that this sinister environment had become a testing ground for himself to strengthen the power of the Chaos Yin-Yang Pearl.

Thinking to himself, Yue Feng didn't have time to think about it, and urged the Chaos Yangzhu to continue to devour the surrounding ghosts.

"Woooo..."

In an instant, these ghosts became frightened birds and fled wildly, but in the end they couldn't escape the fate of being swallowed.

At this time, if the mirror image demon saw this scene, he would definitely be shocked.

Ordinary people, if they are trapped here, will soon become one of these ghosts, but Yue Feng is not only not in danger, but has turned this place into a testing ground.

One minute, five minutes!

Finally, more than an hour passed, Yue Feng urged Chaos Yangzhu to swallow all the ghosts here.

I saw that the Chaos Yangzhu at this time was shining brightly, and the power inside was even more full.

Phew...

At this moment, Yue Feng sat on the ground with a sigh of relief, Nima, it's finally done.

Then, seeing the corner in front of him, Yue Feng frowned.

I saw a staircase in the corner, covered with dust.

And the second floor? !

Is this a tower? !

Muttering in his heart, Yue Feng took a break, and then slowly walked up the stairs.

At this time, Yue Feng did not know that he was trapped in the extremely dangerous Ten Thousand Demon Pagoda.

This...

just arrived on the second floor, when he saw the scene in front of him, Yue Feng frowned.

I saw that in this layer, there were countless ghost soldiers, all of them with empty eyes, wearing black armor, holding a long knife in their hands, and the Yin Qi permeating their bodies was much stronger than the ghosts on the first floor.

However, Yue Feng is not nervous at all, he owns the Chaos Yangzhu, and in this place, he is invincible.

The ultimate husband in Chinese chapter 3036-3040

Chapter 3036

"Come on!"

Yue Feng shouted without hesitation, urging the yin and yang beads, and rushed over directly.

Huhu...

As Yue Feng guessed, the Chaos Yangzhu completely restrained these ghost soldiers. In the blink of an eye, after swallowing many ghost soldiers, the radiance of the Chaos Yangzhu became more and more dazzling.

...

on the other side, the ghost world.

King Guangping used the Hades Cauldron, and after receiving the masters of major sects and the eight saintess, he immediately sent a message to Gong Hao.

After getting the news, Gong Hao was very excited, so he took King Guangping through the soul-inducing road, entered the ghost world, and went to see Hades.

When he stepped into the soul-inducing road, although King Guangping was prepared, he was still inexplicably frightened!

In the entire ghost world, life is dead and there is no anger at all.

When entering Mingdu, looking at the majestic black building, King Guangping felt inexplicably uneasy in his heart.

The Great Hall of Mingdu looks similar to the imperial palace in the Kyushu Continent, except that it does not have the slightest vitality, and it shows the death and coldness everywhere.

call!

When he arrived in the main hall, King Guangping was even more nervous. He saw that all the messengers were standing there neatly, and on the throne of the main hall, there was a burly figure with a face like a knife, full of sinister! There is a palpitating aura all over the body!

It is Hades.

This chapter is provided by . Visit [for](#) daily update.

“His Majesty.”

At this time, Gong Hao slowly walked forward and presented the Underworld King Cauldron: “King Guangping did not capture the eight saintesses alive, but he also successfully trapped the eight saintesses in the Hades Cauldron. In addition to the eight saintesses, there are also Kyushu The masters of various sects in the mainland.”

King Guangping, who was standing behind, was full of apprehension.

“Okay!”

Pluto took the Pluto Cauldron, looked at King Guangping, smiled and praised: “I didn’t see the wrong person, this matter is not bad, King Guangping, I order you to send troops immediately to crusade all continents! The masters of various sects are trapped in the Hades Cauldron, this is a good time for us!”

When he said this, King Guangping was very happy, you must know that the Nine Heavens Saintess has always been a thorn in the eyes of Hades, and now they are all trapped in In the Pluto Cauldron, Pluto has no worries.

“Yes, His Majesty Pluto!” King Guangping nodded quickly.

In the next second, what did King Guangping think about? “Your Majesty, although the weather army I have received can fight well, but if other continents unite...”

Before he could finish speaking, Pluto interrupted with a wave of his hand. .

“You don’t need to worry about this.” Pluto looked confident: “When the time comes, Jed from the Shura tribe will help you!” After speaking

, Pluto looked around: “Jed!” The

voice fell, Jed walked out quickly, respectfully Said: “My subordinates are waiting for His Majesty’s

orders!” Pluto showed a smile and said slowly: “I order you to call your subordinates immediately, split up with King Guangping, and attack the Rakshasa first.”

Pluto made a plan, let Guangping first King Ping and Jade cooperated with each other to occupy the continent of Kyushu, and they themselves dealt with the Holy Maiden of the Nine Heavens in the cauldron of Hades.

“Yes, Your Majesty!” Jed quickly took the order, and then quickly left the hall with King Guangping.

.....

On the other side, the Rakshasa clan land.

Inside the Queen’s Hall, Mona sat on the throne, her brows furrowed, and her beautiful face was full of solemnity.

Below, the warriors of the Rakshasa tribe were all silent, and the atmosphere was very dull.

Two days ago, the story of the Nine Heavens Saintess gathering in the Southern Cloud Continent spread all over the entire Kyushu at once. After that, the Nanyun Royal Family wanted to build the Xuantian Great Array for the Nine Heavens Saintess, and issued an edict requesting the Kyushu Continent to come and help. However, at the final meeting, King Guangping took out a strange little cauldron and collected everyone present.

Half a day ago, when Mona got this news, she couldn't sit still.

After all, the lips are dead and the teeth are cold. If the situation in the Kyushu continent is turbulent, it will be difficult for the Rakshasa to live a peaceful life.

"Everyone!"

At this moment, Mona looked around and said softly: "Half a day ago, I asked you to send someone to inquire about the news, but what did you gain?" The

voice fell, and the warriors present shook their heads.

King Guangping used that strange little cauldron to collect the masters of various sects and disappeared.

Chapter 3037

"Your Majesty!"

At this moment, a patrol captain walked in quickly, sweating profusely: "Your Majesty, it's not good, Jed brought someone to call, and...and... ."

When he said this, the patrol captain's face was pale, and he looked very frightened.

What?

Hearing this, the entire hall was in an uproar.

This Jade, who dares to come to trouble, is simply looking for death!

Mona's pretty face changed, and she was also very angry. She stood up suddenly and said coldly: "What are you panicking, Jed, this traitor, I was looking for him. He came to the door himself!

"Yunyue is coming!" The

voice fell, and the queen quickly walked out of the hall.

The warriors present followed suit.

call!

Arriving outside the station, when she saw the scene in front of her, Mona suddenly trembled!

The many warriors behind him couldn't help but take a breath!

I saw the black army all the time, coming in a mighty way! There are tens of thousands of people, wearing uniform black armor, holding a long knife, murderous awe!

In the air in front of the army, there is a man suspended in the air, his body is filled with suffocation, and his face is gloomy.

It was Jed.

“Jade!”

Seeing Jade, Mona was furious and shouted: “You traitor, you ran away last time, don't want to leave alive today!”

At the beginning, Jade led his subordinates to rebel and launched a surprise attack on the Rakshasa. What's more abhorrent is that Jade also set up his own door, calling himself the Shura, and wanted to divide the boundary with the Rakshasa.

Such betrayal of the ancestors is simply outrageous.

“Hehe...”

Feeling Mona's anger, Jed did not panic at all, and said slowly: “Mona, let me put the air of your queen in front of me, let me tell you, the pattern of the entire Kyushu continent is going to change, you If you know a little bit, you will take refuge with us, if you are obsessed with it, then the entire Rakshasa clan will cease to exist!”

Mad!

Hearing this, the surrounding Rakshasa warriors exploded and shouted angrily.

“Dare to threaten the Queen!?”

“Jed, you are courting death!”

“Stop talking nonsense, just kill him!”

The anger of the warriors came, and Mona bit her lip, without the slightest expression fluctuation. At this time, seeing the arrival of Zang Yunyue, Mona did not hesitate at all, and waved her hand: “Warriors, clear the door today, kill Jed

and his rebels, and leave no one behind!”

These tens of thousands of troops, Mona did not pay attention to it at all. She has Zang Yunyue sitting on her side. You must know that Zang Yunyue has inherited the power of the ancestors.

“Kill!” The

voice fell, and all the Rakshasa warriors let out a roar, and rushed towards Jed.

Looking at the former Rakshasa warriors, Jed did not panic at all, and shouted: “Meet the enemy!”

Hula...

In an instant, tens of thousands of troops attacked and fought fiercely with the Rakshasa warriors.

“Clang clang clang! clang clang clang!”

The two sides continued to confront each other, and the sound of weapons colliding and roaring echoed throughout the Rakshasa clan.

At this time, in the fierce melee, Mona was holding a long sword of bone, and she was indescribably valiant. Between the figures flying, several enemies fell down immediately

. “Jade!”

Mona was full of contempt and couldn't help it. He shouted at Jade: “Just bring this number of people, and want to destroy the Rakshasa?! Are you too arrogant!”

Jade sneered: “Who told you that I am only this person?”

Chapter 3038

“Mona, from today onwards, the Rakshasa clan will cease to exist.” Jade howled wildly, his face extremely hideous. The moment the voice fell, he took out a black token from his body.

Um? !

What is this? !

Seeing the black token, Mona frowned and suddenly had a bad feeling.

I saw that this black token was completely dark, with cumbersome ghost inscriptions engraved on it, and it contained a strong aura of death. At this time, it was held by Jed, and the air in the whole station suddenly cooled down. .

At this time, Mona didn't know that the black token in Jed's hand was the Pluto Spiritual Order.

Pluto's Soul Summoning Order, like Pluto Cauldron, is one of the magic tools in the ghost world, which can summon nearby undead to fight for oneself.

"The ghostly soul, honor my order..." The

next second, a crazy voice came from Jed's mouth!

hum!

At the moment when the voice fell, Jed held the Pluto Spiritual Token high above his head, and at the same time, the inner strength of his dantian burst out and injected it into the Pluto Spiritual Token.

In an instant, a terrifying aura of death enveloped Jade in an instant, and then, with Jade as the center, it spread around.

"What is he going to do?"

"What a terrifying aura?" In an

instant, the expressions of the Rakshasa warriors in the battlefield below changed, and they were all inexplicably frightened.

hum!

Just when everyone was secretly shocked, they saw that the originally clear sky became extremely dim, and dark clouds gathered quickly.

Yes, Jed is using the edict to summon nearby ghosts.

Before in the Hall of Hades, when Hades decided to let Jade provoke a war, considering that Jade's military strength was too far from the Rakshasa clan, he made an exception to give his summoning order to Jade.

The soul-evoking order contained a terrifying aura of death. At this time, when Jed was mobilized, he saw the entire Rakshasa tribe stationed with yin energy. At the same time, the flowers, plants and trees in a radius of hundreds of miles also withered and died, like hell. .

“What is this?” Mona bit her lip, shocked.

Such terrifying power is not something that Jed can burst out at all.

“This...”

At this moment, Zang Yunyue, who was next to him, trembled, and guessed something at once: “This...it seems to be a ghost summoning order from the ghost world, and Jed wants to summon the ghosts of the dead nearby.”

Zang Yunyue received the inheritance of the ancestor Kuafu, and at a glance, he could see that the token in Jed’s hand was related to the ghost world.

What?

Hearing this, Mona’s face changed, her eyes locked on Jed, and she was furious.

When the Supreme Conference was held in the Imperial City of Beiyong, Jed suddenly appeared and captured the major sects. At that time, it was rumored that Jiede took refuge in the ghost world Hades, and Mona was still dubious at that time.

At this time, seeing the power of death that Jed exploded, Mona no longer doubted at all.

Kachacha...

Just when Mona was secretly shocked, she saw a sound of ground breaking on the hillside not far away, and then, a terrifying corpse crawled out of the soil.

Some of these corpses were wearing the armor of the Kyushu Continent, and some were wearing the leather armor of the Rakshasa tribe. It was the people who died in the war between the Kyushu Continent and the Rakshasa tribe three years ago.

You must know that the location of the Rakshasa clan at this time is not very far from the battlefield of that year, and the war three years ago lasted for more than a month. Whether it was the Kyushu mainland or the Rakshasa clan, there were heavy deaths and casualties. Add up to hundreds of thousands of people.

At this time, all of these dead corpses were summoned by Jed using the Pluto Soul Summoning Order.

This....

seeing this scene, whether it was Mona or the Rakshasa warriors present, their hearts trembled, and they couldn’t help gasping for air.

The army of so many corpses gathered is too shocking.

“Kill!”

Chapter 3039

At this moment, Jed was full of pride and howled loudly.

Crash.... When

the voice fell, this army of corpses let out a horrifying roar and rushed into the battlefield like a tide.

Ah....

in the blink of an eye, hundreds of Rakshasa warriors didn't have time to react, let out a scream, and were torn to shreds.

Seeing this scene, the remaining Rakshasa warriors were all inexplicably frightened. There were so many opponents, and they were all terrifying corpses. How could they fight?

Frightened, many Rakshasa warriors only felt that they could not stand still, and just wanted to turn around and run away.

“Don't panic, everyone, line up to meet the enemy!”

At this moment, Mona reacted, couldn't help but shouted, and then rushed into the battlefield.

At the same time, Zang Yunyue also exploded with internal power, followed closely behind.

Seeing the Queen taking the lead, the timid Rakshasa warriors were instantly inspired to fight, and they rushed towards the army of corpses howling.

“Dangdangdang!”

For a time, the sound of weapons colliding and fighting reverberated throughout the Rakshasa station, blood stained the ground, and the air was filled with a strong smell of blood.

At this time, in the fierce melee, Mona was full of fighting spirit, holding a long white bone knife and swinging it hard!

“Chichi...”

With the sound of shattering bones, dozens of corpses were smashed.

However, to Meng Na's astonishment, these defeated corpses, with their stumps and arms scattered all over the place, were quickly combined under the control of the Pluto Spiritual Order.

How could this be? Can't these corpses be killed?

Under the anger, Mona was extremely angry, and scolded Jade: "Jade, you betray your ancestors, and use this evil method to deal with the Rakshasa, you will not have a good end!"

Said, Meng Na's tone was cold: "Even if you win today, you are still a sinner through the ages!"

"Hahaha..."

Hearing this, Jed didn't get angry at all, but laughed up to the sky and said proudly: "Mona, use your ancestors less. Come and oppress me, the Rakshasa tribe is the strongest tribe in Kyushu, but under your rule, there is no blood at all, I am willing to hide in this desolate place and leave such a tribe, I have no regrets." The

voice fell, Jed once again urged Hades to summon the spirit order. Suddenly, hundreds of dead corpses rushed towards Mona.

"Huh!"

Mona bit her lip tightly, her beautiful face, without the slightest fear, directly greeted her!

After thousands of years of exile, the Rakshasa clan finally returned to the Kyushu mainland. All this was hard-won. Even if they died in battle today, Jade's conspiracy would not be successful.

Just as the Rakshasa tribe was attacked by Jed, King Guangping led the Apocalypse army and launched a war on the Diyu Continent.

For a time, the situation in Kyushu became turbulent again.

.....

On the other side, Pluto Dingzhong, Ten Thousand Demon Pagoda!

With the strength of the Chaos Yangzhu, Yue Feng broke through layer after layer, constantly devouring the power of the demon spirit inside.

Phew...

At this moment, Yue Feng took a deep breath and stepped into the twelfth floor.

I don't know what's going on outside, have the eight saintess and Long Qianyu found Meihui and Zheng Chunqiu...

Thinking about it, Yue Feng was very anxious.

Um?

It was at this moment, seeing the scene on the twelfth floor, Yue Feng frowned.

Chapter 3040

saw that guarding the twelfth floor were two burly demon generals.

These two demon generals, each more than two meters tall, wore green armor, one held a giant hammer, the other held a giant axe, and their eyes were emitting green flames.

What the hell!

Seeing this scene, Yue Feng was taken aback immediately. These two demon generals must have been influential figures in the Kyushu continent during their lifetimes. Later, they died tragically and were taken into the Ten Thousand Demon Pagoda by Hades. To temper in such an environment is not only very evil, but also very terrifying in strength.

However, if you have Chaos Yangzhu, you don't need to be afraid.

call! call!

At this moment, the two demon generals also discovered Yue Feng, and without any hesitation, rushed over directly, like two hills.

At this moment, Yue Feng didn't have time to think, and hurriedly summoned the Chaos Yangzhu.

Bang bang bang!

Ten minutes later, Yue Feng successfully used the Chaos Yangzhu to devour the power of the two demon generals, and at the same time he was too tired.

It should be the last layer.

After resting for a few minutes, Yue Feng slowly stood up, stepped on the stairs, and entered the thirteenth floor.

hiss!

Just reached the thirteenth floor, Yue Feng couldn't help shivering, and at the same time looking at the scene in front of him, the whole person was also stunned.

I saw the thirteenth floor in front of me. It was a completely frozen world. White ice covered every corner, and the cold air was permeating. Compared with the twelve floors below, the temperature was almost dozens of degrees. The body couldn't help shivering.

And in the center is a huge ice platform, on which is a delicate throne, crystal clear and exquisite.

On the throne, a slender figure was lying half-lying, and in an instant, Yue Feng's eyes were deeply attracted.

Gudong!

The next second, Yue Feng couldn't help swallowing his saliva.

beautiful!

So beautiful!

This woman, in her twenties, was wearing an ice-blue long skirt, which showed off her sexy figure. The skirt was made of unknown material, and it was covered with snowflake patterns, giving people an indescribable feeling. temperament.

And that beautiful face is beautiful and moving, but there is an icy coldness all over her body.

For a time, Yue Feng's eyes were straight. At the same time, he was very suspicious.

what's going on?

In such a dangerous place, there is such a beautiful woman.

At this time, Yue Feng didn't know that the woman in front of her was the woman of Hades, Queen of Hades, Bingyao.

Bing Yao has a cold temperament, but is kind-hearted and wholeheartedly helps Pluto rule the ghost world, but later, Bing Yao found out that Pluto was ambitious and wanted to control the Kyushu continent, and the two sides had a disagreement.

Later, Hades trapped Bing Yao in Hades Cauldron.

Until now, Bing Yao has been trapped here for five hundred years.

Swish!

Just when Yue Feng sighed secretly, Bing Yao slowly opened her eyes and locked him at once.

“Who are you?”

Yue Feng’s gaze made Bing Yao very unhappy, and at the same time a little surprised.

You must know that the Ten Thousand Demon Pagoda is extremely dangerous. For thousands of years, as long as anyone who broke into this place has no bones, and no one has ever been able to break through the twelve floors below.

And this person in front of him not only broke into his thirteenth floor, but also did nothing at all.

Hearing the question, Yue Feng scratched his head: “That...beautiful, I was tricked in by the mirror image demon. Excuse me, how do I get out!” As

he said, Yue Feng still couldn’t help but look at Bing Yao.

beautiful!

It’s really beautiful, especially the cold and arrogant temperament on her body, which makes people unforgettable at a glance.

“Get out?!”

Bing Yao frowned, and said coldly, “I’m afraid you won’t be able to get out!” As the Empress of the Underworld, in Bing Yao’s heart, Yue Feng’s gaze was a great blasphemy to herself.
