Chapter 3066

At this time, Yue Feng took a step forward and looked at Bai Ma: "Bai Ma, what else do you have to say for breaking the agreement for a moment ?

"

Kneel down on the ground!

"I...I...!" Bai Ma was terrified, and he was sweating profusely.

How to do? With the support of the ghost queen behind Yue Feng, do you really want to be beheaded in public? !

"Sect Master Yue, I was wrong, I was in a hurry for quick success, please circle me once!" In panic, the white horse kept begging for mercy from Yue Feng.

To be honest, Bai Ma was reluctant to submit to Yue Feng in public.

But there was no way, everyone around was shocked by Bing Yao's aura, no one came to intercede, and he still wanted to be famous in the world, so he couldn't just die.

Yue Feng did not respond, and there was no expression on his stern face.

"Sect Master Yue, please forgive me once! Please..."

Bai Ma kept begging for mercy, almost crying.

At this moment, Long Qianyu came over and said softly to Yue Feng: "Yue Feng, the White Palace Master is not worried about his plans, there is indeed something wrong, but now that the crisis in Black Cloud City has just been resolved, it is impossible for King Guangping to make a comeback. We still need to stay here."

"When employing someone, why don't you spare him once?"

Ye Zhixin couldn't help but say, "Yeah, this White Palace Master violated the plan before, also to kill more enemies, so give him Give him a chance!"

Seeing someone begging for mercy, White Horse nodded quickly: "Yes, what the eldest princess said is very true, we still have to stay here, please give me a chance."

Phew!

Yue Feng took a deep breath, pondered, nodded and said, "Okay, I will give it to you once, but the death penalty can be avoided, and the death penalty is inevitable, so you will be punished with a hundred military sticks. In addition, you will clean up the battlefield with your subordinates."

To be honest, Yue Feng really wanted to behead the white horse immediately to avenge Wen Chou Chou, but Long Qianyu was right. King Guangping is very likely to make a comeback. Heiyun City is short of manpower. share of strength.

What?

One hundred military sticks, still need to clean up the battlefield?

Bai Ma was stunned for a moment, ashamed and angry, but he still showed gratitude: "Thank you, Sect Master Yue!"

Saying so, Bai Ma was full of resentment.

Okay, Yue Feng, wait for me.

Yue Feng didn't say more, took everyone, and Zheng Hong and the other defenders, returned to Black Cloud City together, and began to deploy defenses.

Black Cloud City has a special position and is easy to defend and difficult to attack. Soon, Yue Feng came up with a perfect defense plan.

in the valley.

The white horse instructed the disciples of the Hall of Longevity to clean up the battlefield.

At this time, the white horse was very angry. Although ordinary military sticks could not hurt him, it was a shame to be punished in public by Yue Feng as the head of the Hall of Longevity.

"Palace Master!"

At this moment, a sub-altar master came over and said cautiously: "Now the entire Black Cloud City is under the command of Yue Feng, it is boring to stay here, let's go!"

"Go!?"

Bai Ma said angrily: "King Guangping will fight back with a large army. This is a good opportunity for our Longevity Palace to become famous. If we leave, what will Jiuzhou Jianghu think of us?"

Saying that, there was a hint of cunning in Baima's eyes: "Yue Feng still wants to be a hero in Kyushu, but I don't like what he wants. After cleaning up the battlefield, you can send a trusted person to map the defense of Black Cloud City. Send it to King Guangping's camp, you know?"

The altar master understood instantly, and quickly said, "Understood, my subordinates will prepare now."

.....

On the other side, it is dozens of miles away from Black Cloud City . In other places, King Guangping ordered the army to rest here.

Chapter 3067

At this time, in the military tent of the camp.

King Guangping sat on the throne with a gloomy expression on his face.

Just now, King Guangping sent someone to inquire about the news of Heiyun City, and learned that Yue Feng did not have a million reinforcements, and he was completely deceived. King Guangping almost vomited blood!

After learning that he was cheated, King Guangping wanted to kill him immediately, but Yue Feng had already deployed a defense in Black Cloud City.

To be honest, in the heart of King Guangping, he always regarded Yue Feng as his first-class enemy, and always wanted to get rid of it, but he also knew that Yue Feng used his troops like a god. Not at all false.

But now, Yue Feng has deployed a defense in Black Cloud City, and if he rushes to attack, he will definitely not be able to please him.

But if you give up Heiyun City and withdraw your troops, how will you fight for Kyushu in the future?

The more King Guangping thought about it, the more angry he became, and he kept drinking.

The many generals standing on both sides did not dare to come out.

"Your Majesty!"

At this moment, Nie Yunxiao, the commander of the Imperial Forest Army, came out and couldn't help but said, "Since Yue Feng doesn't have a million reinforcements, if we attack by force, we will definitely be able to occupy Heiyun City!"

King Guangping gave him a look of anger. He said, "Don't underestimate the enemy? That Yue Feng is very good at fighting. If he can't take the Black Cloud City, what will be his face?"

This...

Nie Yunxiao opened his mouth and was speechless for a while.

Just as he was talking, he saw a soldier walk in quickly, knelt in front of King Guangping, and said respectfully, "Your Majesty, I just caught a soldier guarding Black Cloud City! It looks like he's here to inquire about the situation.

" ?

Hearing this, King Guangping's eyes lit up, and he quickly waved his hand: "Bring in!" The

voice fell, and the soldier hurried out. After a while, he came in with a man tied up with five flowers. He saw that this man was wearing the clothes of the Black Cloud City defender. , looked flustered.

This person is Liu Hong, and it was Baima who deliberately sent him to send information to King Guangping.

"What did Yue Feng send you to do?" King Guangping asked coldly.

Liu Hong took a deep breath and looked very frightened: "Send me out to inquire about the news and see if the Tianqi army is really gone."

While speaking, Liu Hong subconsciously covered his trouser pocket. The inside of the pocket is the deployment and defense map of Black Cloud City.

Yes, at this time, Bai Ma deliberately asked Liu Hong to do this. Bai Ma knew that King Guangping was suspicious by nature. If he sent a defense map directly, King Guangping would definitely not believe it. Therefore, Bai Ma asked Liu Hong to pretend to be the defender of Black Cloud City, and then was accidentally caught by the weather army.

"Inquiring about news?"

King Guangping saw Liu Hong's actions, and sneered: "Since that's the case, why are you nervous about your pockets?" After the

voice fell, King Guangping waved his hand and signaled for a body search.

Soon, a defense deployment map was found.

“This is my own, give it back to me...” Liu Hong was nervous, but secretly excited.

King Guangping got the defensive topographic map, and he completed the task himself.

“Your Majesty!”

This is the map that the soldiers collected and presented it to King Guangping.

“Hahaha...”

King Guangping took a look at the map, and immediately looked up to the sky and laughed: “The defense deployment map of Black Cloud City is really helping me.” After

speaking, King Guangping calmed down and glared at Liu Hong: “You are so bold, you were arrested. You still lied to me, tell me honestly, what are you going to do with the topographic map of defense?”

King Guangping was not stupid, he was worried about how to attack Heiyun City, and then he arrested a defender of Heiyun City, and he It also brought the deployment map of Black Cloud City, which was too coincidental.

Chapter 3068

“I...”

Liu Hong took a deep breath and looked terrified: “Your Majesty, calm down, I said, I said...”

“Actually, I didn’t come to investigate the situation, but to serve Following Sect Master Yue’s order, I went to other continents to request reinforcements, because the environment of Black Cloud City is complicated, so I brought a map so that the reinforcements can familiarize themselves with the terrain...”

“I am just a soldier who relays a letter, and I beseech Your Majesty to spare me. ..”

Finally, Liu Hong kept kowtow. On the surface, he was terrified, but he was secretly proud of himself. King Guangping would definitely not doubt it any longer.

call!

Hearing this, King Guangping secretly rejoiced, and waved his hand: “Detain this person!” As he

said, King Guangping studied the map and smiled proudly: “This Yue Feng still wants to move rescue troops? Haha, I never thought of it , his defense map will fall into my hands!”

At this time, King Guangping was very excited. With this defensive topographical map, I have mastered Yue Feng's detailed deployment in Black Cloud City, and it will be as easy as the palm of my hand to destroy Black Cloud City.

In the heart of King Guangping, he thought that this Liu Hong was caught by his luck, but he didn't realize that it was sent by White Horse on purpose.

"All soldiers!" In the

next second, King Guangping looked around and issued an order: "Go on, the whole army will rest and recuperate. Tomorrow morning, attack Black Cloud City!"

"Yes, Your Majesty!"

Inside the tent, Nie Yunxiao And many soldiers, in unison.

...

At this moment, Black Cloud City!

During the day, the weather army fought fiercely, no matter if it was the major sects or the defenders of Black Cloud City, they were all exhausted.

After Yue Feng deployed the defense, everyone rested early.

However, in the place where the white horse rested, the lights were still on at this time.

At this time, the white horse was sitting in front of the window, sipping tea leisurely, very relaxed and comfortable.

Just now, the person who secretly escorted Liu Hong had sent back news that Liu Hong was successfully arrested into the Tianqi camp, which means that the defense deployment map on him had already fallen into the hands of King Guangping.

When he got the situation, Bai Ma was very excited, and at the same time, his heart was extremely cold.

That Yue Feng, in the daytime, openly punished himself, embarrassing himself in front of so many people, and when the Black Cloud City is conquered by King Guangping tomorrow, I see how you look like.

Bai Ma thought about it, when Heiyun City was forced, Yue Feng's image in the crowd would collapse, and then it would be his turn to show his strength.

Boom!

At this moment, there was a knock on the door, followed by a pleasing voice from outside the door: "Palace Master White, have you rested yet?"

Huh?

Bai Ma frowned, hurriedly opened the door and looked, and was stunned for a moment.

Seeing Su Shengfei standing there with a smile on his face, he looked very polite.

"It turned out to be Sect Leader Su?" Bai Ma showed a smile, hurriedly greeted him, and at the same time invited Su Shengfei into the room.

During the day, Su Shengfei speaks for himself, and Bai Ma is very fond of him. But seeing him looking for him so late, he was also a little puzzled.

"Sect Leader Su..."

Entering the room, White Horse asked with a smile, "It's so late, what's the matter?"

call!

Su Shengfei took a deep breath and looked very indignant: "In the daytime, the White Palace Master fought so hard to kill the enemy, which is admirable, but Yue Feng, in order to show his prestige, actually relied on the support of some underworld queen behind him. I feel extremely indignant to punish the White Palace Master in front of everyone."

When it came to Yue Feng, Su Shengfei couldn't hide his hatred.

Yes, he came to White Horse so late to discuss how to deal with Yue Feng.

Chapter 3069

Hearing this, White Horse was very useful, but he still smiled helplessly: "No way, who would let someone be the sect master of Tianmen, a hero recognized by Kyushu? There is the support of the Queen of the Underworld behind us, we are not opponents."

When he said this, Bai Ma looked helpless, but his eyes were also gloomy.

"Hero of Kyushu?"

Su Shengfei said with contempt on his face: "What hero of Kyushu, is a deceiver, the master of the White Palace, today's matter, I am not worth it for you, do you really want to swallow this tone?"

“Not really . By the way, I came here this time to discuss with the White Palace Master how to deal with Yue Feng!”

Su Shengfei’s expression was urgent and sincere when he said this.

Haha...

Hearing this, Bai Ma was overjoyed and quickly said, “Of course I can’t swallow this breath. Since Sect Leader Su said so, I wonder what Sect Leader Su can do?”

At this time, Bai Ma was very excited, and he and Su Shengfei is a despicable villain, and he was very dissatisfied with Yue Feng when he heard it.

At this time, Su Shengfei pondered for a while, and said slowly: “Then Yue Feng is very powerful, and there is an underworld queen to support him. At this time, he is still the commander-in-chief of Black Cloud City. If we do it directly, we will not be able to take advantage of it. It’s not reasonable.”

“Yeah, it’s not easy to deal with him.” Bai Ma followed.

At this time, White Horse wanted to tell Su Shengfei that he had secretly disclosed the map of Black Cloud City’s defense deployment to King Guangping. But on second thought, he held back.

After all, he and Su Shengfei are not too familiar with each other.

“Have it!”

The two pondered for a moment, and Bai Ma suddenly thought of something, unable to hide the treacherousness, and said to Su Shengfei: “I heard that the head of Su has always admired Ye Zhixin of Yuyao Pavilion, why don’t we start from this Ye Zhixin.”

“Her?”

Su Shengfei was stunned for a moment, and said very depressedly, “Palace Master Bai is right, I adore Ye Zhixin, but she has always turned to Yue Feng, how can I start with her?”

Su Shengfei had a headache when he thought of Ye Zhixin.

She has expressed her love to Ye Zhixin more than once, but Ye Zhixin has always been lukewarm, and what makes Su Shengfei even more unbearable is that Ye Zhixin has been helping Yue Feng.

“Haha...”

Seeing his expression, Bai Ma smiled slightly, then lowered his voice and said, "It is precisely because Ye Zhixin and Yue Feng have a close relationship that we have the opportunity to take advantage of it, and we will go to Ye Zhixin's room quietly and fascinate her later. Halo."

What?

Su Shengfei was taken aback: "Palace Master Bai, what are you going to do?"

"Don't be nervous." Bai Ma said calmly with a smile, "Ye Zhixin is your sweetheart, how can I have coveted hearts? I mean Yes, let's talk about Ye Zhixin being unconscious, you took the opportunity to steal her innocence, and then we quietly took Ye Zhixin to Yue Feng's room, and then took the opportunity to slander Yue Feng."

"At that time, Yue Feng will be speechless, and no one will speak for him again. "

In this way, you have not only enjoyed the tenderness of the beautiful woman, but also dealt with Yue Feng, wouldn't you kill two birds with one stone?"

After saying the last sentence, Bai Ma looked smug.

call!

Hearing this, Su Shengfei couldn't help but slapped his thighs and praised again and again: "Palace Master Bai is indeed thoughtful, this idea is so good, so wonderful!"

Haha...

Saying that, the two looked at each other and laughed.

The next second, the two discussed the details, and took advantage of the night to touch the room where Ye Zhixin was resting.

Soon, when they got to Ye Zhixin's room door, they saw that the lights inside had already been turned off. It was obvious that Ye Zhixin had rested.

Without any hesitation, Bai Ma took out a bag of fan powder from his body and blew it in through the crack of the door.

"Who?"

Although the movement was very small, Ye Zhixin was the head of Yuyao Pavilion, and her vigilance was very high.

Chapter 3070 What the hell

!

Hearing the scolding, Su Shengfei, who was next to him, suddenly panicked, and Bai Ma was also a little uneasy.

Her movement was so small, but Ye Zhixin was still alarmed.

However, Bai Ma quickly calmed down and pinched his nose quickly, imitating Yue Feng's voice: "Cough cough... that Sect Leader Ye doesn't need to panic, I'm patrolling around and just passing by here."

His voice was a little hoarse, but there were seven Eight points are similar.

Seeing the white horse's reaction so fast, Su Shengfei was very impressed and couldn't help but secretly gave a thumbs up.

Yue Feng?

Hearing the voice outside the door, Ye Zhixin frowned, without the slightest suspicion.

It's so late, Yue Feng is still patrolling around for the safety of Black Cloud City, it's really hard for him.

Thinking to herself, Ye Zhixin said softly, "It's hard work!"

Just as she was talking, Ye Zhixin suddenly felt that something was wrong, she only felt that her whole head was dizzy, and she could hardly sit still.

What's the matter, I was fine just now, why did I suddenly become so weak?

At this time, Ye Zhixin still didn't know that the person outside the door was not Yue Feng at all, and she herself had also inhaled the fan powder unknowingly.

Pfft...

Two seconds later, Ye Zhixin felt the world was spinning, and finally couldn't hold back and fainted.

"Haha..."

Hearing the movement in the room, Bai Ma showed a smile and said to Su Shengfei: "You're done, the rest is up to you, Sect Leader Su."

"Haha, with the help of the White Palace Master today, I can only kiss the beautiful Fang Ze." Su Shengfei was also excited, smiled and said gratefully: "I, Su Shengfei, dare not forget such a kindness."

In his heart, such a despicable act is not in the slightest. Feeling humiliated, but proud.

At the same time, in Su Shengfei's heart, his relationship with White Horse became closer.

"Hehe, from today onwards, you and I are brothers who share weal and woe, so don't be so polite." White Horse said with a smile.

Um!

Su Shengfei nodded, then pushed the door impatiently to enter. At the same time, the white horse stood in the shadows outside to help Su Shengfei.

Gudong!

Entering the room and seeing the scene in the room, Su Shengfei couldn't help but take a breath, and the whole person was stunned.

Just saw Ye Zhixin wearing a long white dress, unconscious on the bed, her eyes tightly closed.

"Ye Zhixin!"

Soon, Su Shengfei came to his senses, walked in slowly, and said to the unconscious Ye Zhixin: "Don't blame me, I like you so much, how many times I have shown my sincerity to you, but you I will never accept it." The

voice fell, and Su Shengfei walked over impatiently.

A few seconds later, there was a blushing sound throughout the room.

After some cloud and rain, Su Shengfei put on his clothes, and his heart was full of joy.

At this time, Ye Zhixin was still in a coma, and she didn't know that she had been defiled.

call!

Su Shengfei took a deep breath and admired Ye Zhixin carefully. He had to say that Yue Feng, this sister-in-law, was so beautiful.

Especially just now, that feeling is unforgettable.

However, Su Shengfei didn't forget his business, he quickly came to his senses, put on a long dress for Ye Zhixin, picked him up, and walked towards the door.

“Hehe.”

Seeing the white horse that Su Shengfei came out with Ye Zhixin in his arms and held the wind outside, he couldn't help laughing and said, “Congratulations

to Sect Master Su for getting what he wanted.” It's not too late, let's quickly get Ye Zhixin to Yue Feng's room!”

“Don't worry!”
