

## The ultimate husband in Chinese chapter 3181-3190

### Chapter 3181

Doug closed the ancient book, frowned slightly and said: "Irene, you are my jewel, how could my father harm you? You believe me, Mr. Yue Feng being your teacher will only benefit you, not harm!"

After a pause, Doug added: "Besides, such an opportunity, no one else can dream of, you are very lucky!"

Irene pouted: "I don't feel lucky, but I feel very unlucky. !"

Bang! Hearing this, Doug was very displeased and patted the table: "Don't talk nonsense! Let me tell you, in the future, be more respectful to Mr. Yue Feng, be polite, and don't be unruly

, understand?"

Ge's tone softened, "I'll tell you the truth, this Mr. Yue Feng is related to Lord Fu Yi two thousand years ago, but this matter must be kept strictly confidential and must not be revealed, do you know?"

When he said this, Doug I couldn't help but looked out the door, for fear that a third person would hear it.

Speaking of which, Doug is a very trustworthy person. He originally promised Yue Feng to keep secrets, but he would never tell the public, but seeing that his daughter was always prejudiced against Yue Feng, he had no choice but to tell the situation.

What?

Hearing this, Irene trembled, and only felt her brain buzzing?

That Yue Feng is related to Lord Fu Yi?

How is this possible?

A few seconds later, Irene reacted and frowned: "Father, have you been deceived by others, how could he be related to Lord Fu Yi, you must know that Lord Fu Yi suddenly disappeared two thousand years ago, and then There's been no news."

Hehe...

Hearing this, Doug couldn't help laughing: "Of course I have evidence, it's this ancient book..." After saying that, he opened the Fuxi innate gossip on the ancient book, and

then discussed with Yue Feng's deployment yesterday. The gossip array, explained in detail.

This chapter is provided by . Visit for daily update.

This...

Knowing the situation, Irene was completely stunned.

She could clearly see that the innate gossip in the ancient book was really similar to the shape that Yue Feng deployed with potted plants yesterday.

Is he really related to Lord Fuxi?

A few minutes later, Irene left the study and went to Yue Feng's resting room.

Doug treated Yue Feng very well. Not only did he have a rest room, but he also had a small hall for meeting guests. The outside terrace looked out to the sea. With this exotic castle environment, the scenery was very good.

At this time, Yue Feng was sitting in the side hall, playing with a crystal ball the size of a fist.

Last night, Yue Feng and Doug chatted for a long time and learned a lot about the customs of Roland Continent, which opened Yue Feng's eyes, and the crystal ball in his hand was also a unique contact tool in Roland Continent. , you can send messages to people thousands of miles away, and even reflect the other person's face, just like the video call in the Kyushu mainland, which is very magical.

"Alas!"

Just as Yue Feng was fascinated by the study of the crystal ball, a pleasant voice came from the door.

Yue Feng turned his head to look, and saw Irene standing there pretty, her expression no longer the dissatisfaction and resistance of yesterday, but a little more complicated.

I have to say that Irene is also a top beauty. At this time, she is wearing a short white dress and her slender legs are exposed to the air, which makes people imagine that any man will go crazy when he sees it.

"So early, you came to learn your skills from me?" Yue Feng said with a smile.

With a smile on his face, Yue Feng was secretly anxious.

We can't stay here forever, we must find Miaoying and Yanhong as soon as possible, and then find a way to return to the Kyushu mainland.

Irene walked in slowly, looked at Yue Feng and said, "Listen to my father, you are very capable."

Yue Feng laughed again: "Did you not see the test with that Heath yesterday?"

Phew!

Irene breathed a sigh of relief and said disapprovingly, "That's because you're lucky, it's not a skill. If you really want me to be your apprentice, you have to show your true skills." The

voice was soft, but there was no doubt about it. .

Seriously, Irene was skeptical about the relationship between Yue Feng and Lord Fu Yi, and planned to test Yue Feng's ability again.

What the fuck? !

Seeing Irene's expression, Yue Feng couldn't help frowning secretly.

This is not to learn skills, this is to find fault on purpose.

Chapter 3182

Thinking, Yue Feng looked at Irene with a half-smiling smile: "How can it be considered a real skill?"

Irene bit her lip and thought for a while: "As long as you can convince me!"

When saying this , Erin's eyes flashed with slyness.

Father said that this person is related to Lord Fu Yi, but no matter how he looks at it, he looks like a liar. Now give him a problem and see what he does.

Convinced orally?

Hearing this, Yue Feng frowned.

Nima, the concept of convincing is too vague. Even if you take off the stars yourself, if you are not convinced, am I wasting my efforts?

"What?"

Seeing Yue Feng eating and not talking, thinking that he was still afraid, Irene couldn't help taunting: "If you can't show your true skills, you should leave here quickly, it's better not to let me see it again. ."

Phew!

Yue Feng took a deep breath and smiled: "Do you want to see what you can really do? Okay."

After speaking, Yue Feng wrote the five characters of gold, wood, water, fire, and soil on the surrounding walls, and then poured the inside into the crystal ball and handed it over. To Irene: "Let's make a bet, you sit here with a crystal ball, if you can hold on for half an hour, I will admit defeat, how about it?" The

last sentence fell, and Yue Feng pointed to the chair next to him.

Yes, Yue Feng has just deployed a five-element array, and the crystal ball is the eye of the array.

"Half an hour?"

Irene took the crystal ball with a look of contempt: "I can sit still for an hour, just wait and admit defeat!" After speaking, she sat down on the chair. Although Roland Continent does not have high-tech automobiles, it has clocks and clocks, and it is similar to the Earth Continent, counting 24 hours a day.

"Hey!"

After doing it, Irene said angrily to Yue Feng: "When I win, you have to say what you say."

Yue Feng nodded with a smile.

What else did Irene have to say, but at this moment, she suddenly felt that her whole body became hot all of a sudden, and it felt like being in a crater, the heat was unbearable!

what happened?

Irene was a little flustered, and she screamed at Yue Feng: "You.... what have you done to me?!"

Yue Feng looked at her with a smile: "I'm just standing here, not doing anything? What? It's just the beginning, so you're scared?"

“Who said I was scared?” Irene was very nervous, but she didn’t want to be soft on her lips, and said angrily, “It’s just a little trick like yours, it’s not scary at all. Stay with me!”

Yue Feng looked at her with a smile, did not speak, and waited quietly.

At this moment, the scorching heat on Irene disappeared, replaced by a chilling cold.

This icy cold directly enveloped Irene, and she felt that her whole body was frozen, as if she was frozen, and her delicate body trembled uncontrollably.

The Five Elements Formation contains gold, wood, water, fire and soil. Irene has experienced fire and water, followed by wood, metal, and soil.

Soon, after the cold was over, Irene felt that she was entangled by invisible vines, and she felt as if she was tickling her whole body under the entanglement of the vines.

“Haha..ah..haha..”

At this moment, Irene couldn’t bear it any longer, she laughed dumbly!

“It’s so itchy, Yue Feng, please stop these vines, haha...” Irene couldn’t bear the itchy and hot feeling. She felt that every inch of her skin was strange from top to bottom. Itching is unbearable!

Yue Feng said cheerfully: “Miss Irene, look carefully, how can there be vines around you?”

When he said this, Yue Feng’s eyes were a little proud. He knew that Irene at this time was in the Five Elements. Under the torture of the array, hallucinations have appeared, but it is not enough.

Hearing this, Irene looked around and saw that she was sitting on a chair, there were no vines, but the itch all over her body was still there.

what happened?

Chapter 3183 In

shock, the itch on her body came, and Irene couldn’t help laughing again: “Haha, Yue Feng, I don’t want to gamble anymore, please stop, stop!”

Until this time, Ai Lin still didn’t understand what was going on, but she also knew that this strange feeling in her body must have something to do with Yue Feng.

At the same time, Irene also wanted to throw away the crystal ball, but the crystal ball, as if growing on her hand, could not be thrown away at all.

For a time, Irene's itchy body trembled, her red lips opened and she kept laughing, but the expression on her face, where was the smile, it was clearly not knowing whether to laugh or cry!

Seeing it is almost over, Yue Feng secretly exhaled and said with a smile: "How is it? Are you convinced now?"

"No!"

Irene's body trembled uncontrollably. Biting his lip, he resolutely spit out two words.

It's impossible to convince yourself with just this little trick.

"Okay!"

Seeing her stubborn face, Yue Feng was not in a hurry. He sat on the chair next to him and looked at the sea view leisurely: "Then you can enjoy it slowly!"

"As for Jin and Tu, Irene has never been in contact with the formation. The longer it goes, the more uncomfortable she will be.

call!

After more than ten seconds, Irene only felt that the itchy feeling all over her body disappeared. Just when she breathed a sigh of relief, she felt a feeling of suffocation, followed by darkness around her.

"Uuuu..."

At this time, Irene felt that she was buried in a mound, the air around her was getting less and less, she could hardly breathe, her suffocation became more and more serious, and her spirit gradually improved. In a trance.

"Help... help..." Irene's red lips parted slightly, and she couldn't help shouting.

Ugh!

Seeing this scene, Yue Feng knew that Irene couldn't stand the pressure of the Five Elements Array and had already had hallucinations.

I have to say that this woman is quite stubborn, and she still refuses to admit defeat.

Thinking to himself, Yue Feng walked over, stretched out his right hand, and prepared to seal Irene's Shentai acupoint. As long as the Shentai acupoint is sealed, Irene will be able to wake up.

“Father!”

However, at this moment, just as Yue Feng approached, he saw Irene screaming and threw herself into his arms, her beautiful face full of excitement: “Father, father, save me out.

” groove!

Being suddenly hugged by Irene, Yue Feng was stunned.

This....Isn't Irene's hallucination is too serious, to think of herself as Doug?

Muttering in his heart, Yue Feng only felt a fragrant aroma, and felt that all the bones in his body were crisp. Seriously, this Irene's figure is almost perfect. Especially at this moment, hugging myself tightly, it feels really wonderful.

“Father!”

Just then, I heard Irene muttering to herself: “This Yue Feng is very evil, he doesn't know what kind of sorcery he used to bury me in the soil, take me out. ...”

Yue Feng guessed right, at this time, Irene was already deep in hallucinations.

After hugging happily for a while, Yue Feng smiled slightly, raised his hand and clicked on Irene's Shentai acupoint.

hum!

In an instant, Irene's body trembled, the magic fragrance in front of her disappeared, and the whole person woke up.

“you...”

After waking up, seeing herself in Yue Feng's arms, Irene just felt her brain buzzing and she was completely stunned.

In the next second, Irene reacted and quickly broke away from Yue Feng's embrace, and said with a show of anger, “You...what are you doing?” This Yue Feng, taking advantage of herself again, is really hateful.

Chapter 3184

Oh!

Yue Feng sighed and said with a smile: “Miss Irene, it was you who had hallucinations and took the initiative to hug me, how can you blame me?”

Hearing this, Irene trembled and was stunned.

Yes, I just saw that I was buried in the soil and I saw my father. It seems that I really had hallucinations just now.

It's just... that I mistakenly regarded him as my father, and I took the initiative to hug him, which is really embarrassing.

"How is it?"

Just when Irene was secretly embarrassed, Yue Feng said with a smile: "Are you convinced now?"

"You..."

Irene blushed and opened her mouth: "What are you doing? "Demon magic?"

"Demon magic?" Hearing this, Yue Feng couldn't help laughing and laughing, and said seriously: "This is not a magic magic, but a five-element formation, you are trapped in it, and there is no way to crack it, it is easy to have hallucinations. "

At this moment, Irene bit her lip and didn't speak, but she was shocked.

Five Elements Array?

Could it be that what my father said is true, this Yue Feng is really related to Lord Fu Yi?

For a time, the atmosphere became subtle.

"Teacher!" After a few seconds, Irene bit her lip tightly and said softly, "I will study with you in the future."

At this time, Irene completely lost her previous arrogance.

The Yue Feng in front of him is indeed a man of great ability.

Um!

Yue Feng nodded with satisfaction and smiled: "The attitude is not bad, pour me a glass of water."

Irene responded obediently, walked to the side, and poured water for Yue Feng.

"Mr. Yue Feng!"

At this moment, a voice sounded outside the door, and I saw a tall figure slowly approaching, with bright armor, it was Heath.

“Mr. Yue Feng, the city owner has a request...”

Heath was stunned as soon as he said a few words when he arrived at the door.

I saw that Yue Feng was sitting in front of the window sill with a leisurely face, while Irene was holding a glass of water and stood beside her, respectfully and politely, without the pride of the eldest lady at all.

what’s going on?

Seeing this scene, Heath frowned secretly and was stunned.

Miss Erin, don’t you dislike this kid? Why are you being so polite to him now?

Yesterday, he fought with Yue Feng and was pale in front of so many people. This matter made Heath feel very angry. At this time, seeing Irene also accepted this Yue Feng, he felt even more upset.

“Okay!”

Hearing Heath’s words, Yue Feng got up and walked out of the room. Doug was looking for himself, it must be because of Miaoying and Yanhong.

Thinking of this, Yue Feng quickened his pace.

“Miss Irene!” As soon as Heath

walked away, Heath reacted and walked quickly to Irene: “Do you really think this guy is a teacher?”

Lin’s expression changed.

Three years ago, Heath followed Doug to Simon City. When he saw Irene at the first sight, he was deeply fascinated. Although Heath was a noble knight, his identity was worse than that of Irene. a lot of.

Therefore, Heath has always buried this deep admiration in his heart.

Seeing Irene at this time, she was very upset with a foreign boy who compromised softly.

“Don’t call him this guy.”

## Chapter 3185

Irene frowned, couldn't help but scolded softly: "Mr. Yue Feng, he is a person with great ability. In the future, we should be more respectful to him, understand?"

This....

hear this, Heath was stunned for a moment, but he didn't give up: "Miss Irene, he..."  
Before he

finished speaking, he was interrupted by Irene.

"You go out first." Irene was too lazy to talk nonsense, and said lightly: "I'm here waiting for Teacher Yue Feng to come back. By the way, I won't allow it in the future. You are not allowed to come in and disturb Mr. Yue Feng, you know!"

Heath was very unwilling, But he didn't dare to refute, so he had to answer: "I see!" After saying that, he walked out.

At this time, Heath was very suffocated.

Ma De, I don't know that Yue Feng, what kind of ecstasy soup was poured into the young lady, to protect him like this. When there is a chance in the future, we must teach him a good lesson.

the other side.

When Yue Feng came to the study, he saw Doug sitting there, his face a little ugly.

"Mr. Yue Feng!"

Seeing Yue Feng coming in, Doug quickly stood up and said very ashamedly: "The two women you are looking for have no clue at all."

Phew!

Hearing this, Yue Feng took a deep breath and his mood suddenly dropped.

At this time, Doug continued: "Mr. Yue Feng, do the two women you are looking for have any other characteristics besides their appearance?"

Yue Feng suddenly smiled bitterly.

Miaoying and Yanhong are fairies bred in the illusory realm. They are not human at all. They are just this secret. How can they tell Doug?

At this moment, Doug thought of something and said, "Mr. Yue Feng, it will be All Souls' Day in a few days. At that time, I will represent Simon City and go to Arendis to see the king. At that time, Yue Mr. Feng can go with me, Arendis is the greatest city in the Roland continent, maybe when you get there, you can find clues about your two friends." All

Souls' Day?

Hearing this, Yue Feng was stunned.

Next, through the conversation, Yue Feng learned that the All Souls Festival is similar to the Mid-Autumn Festival in the Kyushu mainland, and it is a very important festival in the Roland mainland.

The Roland Continent was originally a unified continent. Later, due to the change of power, it was finally divided into six principalities. This situation is somewhat similar to the Spring and Autumn Period and the Warring States Period in the Kyushu Continent.

The Principality of Tianxing was one of the six duchies, Simon City was a coastal city in the Principality of Tianxing, and Alandis was the capital of the Principality of Tianxing.

At this time, Yue Feng also learned that the rulers of the six principalities did not call themselves emperors, but kings.

"Mr. Yue Feng, what do you think?" Doug said!

Yue Feng nodded: "Okay!"

Doug said it right, he was just waiting for news in Simon City, it was difficult to find Miaoying and Yanhong, it is better to go to Arendis to see, maybe you can find clues.

Haha...

Seeing Yue Feng's agreement, Doug was very excited and couldn't help but say: "When I get to Arendis, I will definitely introduce Mr. Yue Feng to the king. I believe that with the appreciation of the king, Mr. Yue Feng will definitely I can do a great job."

However, Yue Feng shook his head: "Thank you for the kindness of the city lord, but I think it's better to keep a low profile!"

After speaking, Yue Feng continued: "When the time comes, I will Beside the city master, just be a follower!"

Doug is a smart person, and he nodded when he knew that Yue Feng was inconvenient to reveal his identity.

Early the next morning, Yue Feng followed Doug on the road.

Because it is All Souls' Day, it is of great significance, so Irene also accompanied him. Heath, as Doug's personal guard, naturally accompanied him.

As the city owner, Doug's car is naturally unusual, pulled by four unicorns, and the carriage is luxurious and exquisite.

Along the way, Yue Feng, Doug, and Irene sat in the carriage, talking and laughing, while watching the beautiful scenery along the way, which was very pleasant.

After walking for a day and a night, Arendis is getting closer and closer. Looking from a distance, I saw a huge statue of a god standing outside the city, which was very spectacular.

Yue Feng knew that Roland Continent had very bright myths and stories and believed in gods, so it was normal to have such a huge statue outside the royal city of the Principality of Tianxing.

Chapter 3186

"Mr. Yue Feng."

At this time, Doug showed a smile and said, "Arendis is here!"

Yue Feng nodded, without the slightest wave on his face.

Although the Arendis in front of him is majestic, with many shops on the street, and it is very prosperous, it is still inferior to those imperial cities in the Kyushu Continent.

A few minutes later, Doug took Yue Feng and others into the royal court.

The royal court is the place where the prince ruled and rested. The exotic style is more intense, showing elegance and sophistication everywhere.

When I arrived at the Royal Court Hall, I saw that the city lords of various cities had arrived, sitting in their seats one by one, talking to each other, it was very lively.

On the main seat, sitting a thin figure, dressed in a golden royal robe, wearing a crown, all over his body, showing a strong aristocratic atmosphere.

It is the ruler of the Tianxing Principality, the prince.

Yue Feng clearly felt that the strength of the king in front of him was not very strong, and he also lacked the temperament of ruling the world. Obviously, he was a very mediocre king.

And beside Wang Jue, sat a sexy figure in a long wine red dress, which showed the graceful figure vividly, and the delicate face, with heavy makeup, like a glass of strong wine, intoxicating.

This woman is in her mid-thirties, and she is very charming, and she is the king's younger sister, Kelly.

Compared to the king, Kelly looked exquisite, and from time to time greeted the city lord present.

call!

Seeing Kelly, Yue Chen couldn't help taking a deep breath.

This chapter is provided by . Visit for daily update.

I thought that in this royal court, the atmosphere would be very solemn, but I didn't expect it to be so relaxed and lively, especially this Kelly, it was so beautiful.

Soon, Doug chatted with everyone, dragged Irene to find a seat and sat down.

Because Yue Feng was a follower and had no seat, he could only stand behind Doug like Heath.

At this time, the king looked at the time and said with a smile: "Okay, all the city lords have arrived. To celebrate the All Souls' Day, you won't be drunk tonight!" The

voice fell, and the king raised his glass.

For a time, the many city lords present, all with smiles, got up and toasted.

Seeing this scene, Yue Feng was very bored.

Soon, after three rounds of drinking, a city lord stood up and smiled at Wang Jue: "Your Excellency Wang Jue, on this special day of All Souls' Day, just drinking is boring, why don't you play a game to add to the fun."

This person called Hall, the lord of Storm City, is sinister and cunning.

"Haha, good!"

Wang Jue was excited, and he agreed with a smile, "I don't know if Hall has any good proposals."

Hall smiled, then beckoned, and the next second, he stood by him all the time. The guard behind him walked slowly into the field.

Whoa!

At this moment, the entire hall was in an uproar, and everyone's eyes were focused on this guard.

Yue Feng was also stunned!

I saw that this guard was more than two meters tall, much stronger than Hiss, and looked like a giant bear.

This person is called Sam, and he is the number one general under Hall's command, the most powerful saint king.

At this moment, Hall looked around, and finally his eyes fell on Doug: "I heard that the Heath Knight next to Doug is the first warrior of Simon City. Today, through the All Souls' Day banquet, let him compete with Sam. How about a moment to cheer up the wine?"

When he said this, Hall had a smile on his face, but his eyes flashed coldly.

Storm City is not far from Simon City. Although it belongs to the Principality of Tianxing, there has always been friction. Hall deliberately proposed the competition to embarrass Doug in public.

In an instant, everyone's eyes were focused on Doug.

"Okay!" Doug nodded in agreement without thinking.

Although this Sam is brave, Heath is not weak. If he really fights alone, Heath will not necessarily lose.

The voice fell, and Heath walked slowly into the arena.

Chapter 3187

"My lords!"

But at this moment, Sam looked around and said loudly: "Today is All Souls' Day, I will fight with the Heath Knights, no matter who is injured, it will inevitably hurt and harm, I think Change the rules."

Saying this, Sam pointed to a large water tank at the door: "Whoever can lift this water tank, whoever persists for a long time, will win."

What?

Hearing this, the entire hall exploded in an instant, and everyone was stunned.

"This big water tank is at least a thousand pounds, right?"

"I heard that this Sam is a famous strongman in Storm City. It shouldn't be a problem to lift the water tank, but this Heath is difficult to say."

"Interesting... .."

Under the discussion, many people looked at Doug with half a smile.

At this time, Doug was very annoyed.

Mad, this Sam is clearly on purpose. He is a strong man. He has no problem lifting the water tank, but how could Heath be able to lift it?

At this moment, Heath stood there with an extremely ugly expression on his face.

Fighting alone, I am not afraid of Sam at all, but compared with strength, Sam is a strong man, how can I be an opponent? It's just that in this royal palace, if you retreat, Simon City will be ashamed.

"You..."

Finally, Irene couldn't bear it anymore, she stood up all of a sudden, and said indignantly: "This is not fair..."

Before she could finish, she was interrupted by Hall: "Miss Irene, Sam is just for the sake of drinking, not a real competition, if you think it's unfair, you can not accept the challenge."

Hearing this, Irene's face flushed red, her body trembled with anger, but she didn't know how to refute.

"Okay!"

At this moment, Kelly, who had been sitting beside the throne, said with a smile: "Today is a happy day, you all stop arguing."

After saying that, Kelly looked at Doug: "Dao Grid, this is just a game, not an arena, you can refuse."

Phew!

Doug took a deep breath and was about to say no, but at this moment, Yue Feng reached out and patted him: "I'll try it!"

What?

When the voice fell, whether it was Doug or Irene, they were all taken aback.

"Mr. Yue Feng, don't be impulsive." Doug hurriedly whispered.

At this time, Doug was very moved. He knew that Yue Feng competed with Sam for the sake of Simon City's face, but even if he was a descendant of Lord Fu Yi, he would not be Sam's opponent compared to his strength. .

Heath also felt ashamed, and said lightly: "This Sam is a strong man, you are not an opponent, don't make fun of yourself!"

Yue Feng smiled, indicating that Doug should not be nervous.

The next second, Yue Feng walked into the arena and looked at Sam: "I'll compare with you!"

Huh?

At this moment, everyone was stunned.

Sam looked at Yue Feng up and down with a look of contempt: "Who are you?"

"Mr. Doug's entourage!" Yue Feng responded lightly.

Follower?

Hearing this, Sam was stunned for a moment, and then he couldn't help laughing: "A follower dares to compare with me? Do you think it's a child playing the house?"

Haha...

All of a sudden, the whole hall burst into laughter.

The boy in front of him, looking thin and weak, has no holy power at all, how dare he compare his strength with Sam?

Even Kelly couldn't help laughing, and at the same time looked at Yue Feng curiously. This man looks ordinary, but his courage is not small.

Chapter 3188 In the

midst of everyone's laughter, Sam looked at Yue Feng with a half-smile, "Are you really going to compare yourself with me?"

Sam's eyes were full of contempt when he said this.

The boy in front of him, thin and weak, compared his strength with himself, he was simply looking for abuse.

Yue Feng smiled lightly and said, "What? Is there anything I can't do? Just now, the Lord Hall also said that this is not a competition, it is just to cheer up the wine. There is a saying that it is not important to win or lose, but to participate!"

Hearing this, many people around couldn't help but laugh.

What this person said is really interesting. It doesn't matter whether he wins or loses. It seems that he is not sure of winning at all.

"The most important thing is to participate!"

At this moment, Kelly nodded approvingly at Yue Feng and said with a smile: "This warrior is brave enough to compete with Sam, everyone should stop laughing at it! Hurry up and start!"

Yue Feng's calmness made Kelly very much appreciate it.

Seeing Wang Jue's sister speak, everyone stopped saying anything.

"Your Excellency!"

At this moment, Hall slowly stood up and said respectfully: "It's just a simple test, no fun, can I add a bet?"

"Yes." The king nodded, There was a hint of interest: "What do you want to bet?"

Yue Feng felt right, this king was mediocre, indulged in fun all day long, and was a gambler. When he heard that Hall wanted to increase the bet, he came immediately. interest.

Hall nodded and looked at Doug with a half-smile in his eyes: "Doug, this person is your entourage, right? If he loses, he will be a slave to me, and you will also give me a A thousand gold coins, dare you to gamble?" In Roland Continent, currency is calculated in gold coins, and one thousand gold coins is a considerable amount.

Hall trusts Sam very much, and it is no different to win this test. Taking this opportunity, Doug must make a fool of himself.

Swish!

Hearing this, Doug's face suddenly became extremely embarrassed. Mad, this Hall is so hateful, this is deliberately trying to embarrass himself in public.

Although Mr. Yue Feng is a descendant of Lord Fu Yi, he is not Sam's opponent at all compared to his strength.

The people around were also happily watching the excitement.

"What?"

Seeing that Doug didn't speak, Hall became more and more complacent: "Don't you dare to gamble?"

As soon as he finished speaking, Yue Feng

said, "We gambled!" After that, Yue Feng pointed at Sam: "Wait. If he loses, he will be a slave to our Lord Doug, how about that?"

Wow!

In an instant, the entire hall was in an uproar, and Doug, the entourage, was too arrogant.

Hall also changed his face and became angry, but he held his identity and did not attack on the spot. Instead, he sneered and gritted his teeth: "Okay, it's settled."

Sam on the side clenched his fists and looked at Yue Feng coldly. : "Boy, don't cry when you lose!"

Mad, a small entourage, dared to be so rude to Lord Hall, he was courting death.

At this time, on the throne.

"Not bad!" Wang Jue smiled, patted his thigh and said, "If there is a bet, then it will be interesting!"

After saying that, Wang Jue tilted his head towards Kelly and said, "Sister, why don't we take a bet too? "

Wang Jue is a gambler, and the opportunity in front of him will naturally not be missed.

“OK!”

Kelly smiled lightly, and glanced between Yue Feng and Sam: “Who does the king want to bet on to win?”

“Of course it’s Sam!” Wang Jue laughed and said, “I’ll bet five thousand gold coins, both sides will win. There is a huge disparity in strength, I can’t take advantage of you as a big brother, and my sister will press a thousand gold coins.”

In Wang Jue’s heart, he also thought that Sam would win.

“Okay!”

Kelly was gentle and easy-going, nodded, and said, “Actually, if Brother Wang doesn’t tell me, I also want to suppress Doug’s follower.” For some

reason, Kelly always felt that there was something special about Yue Feng. temperament.

Saying that, Kelly stood up slowly. At this stop, the charming curve was more perfectly displayed, and it was extremely charming.

Chapter 3189 “Okay, let me talk

about the rules.” Kelly looked around, her red lips lightly opened: “Whoever can lift the water tank at the door and hold it for a long time wins!”

Kelly sat down again and raised her jade hand: “It’s time to start.”

The moment the voice fell, Sam shouted, “I’ll come first!”

With that, Sam tucked up his sleeves and walked slowly to the door of the hall, grabbing his hands with both hands. Hold on to the edge of the water tank and start to work slowly.

I saw that the muscles on Sam’s shoulders bulged, and blue veins burst out, showing an explosive force all over his body.

Whoa!

Seeing this scene, everyone in the hall nodded in admiration.

“As expected of Hall’s number one general.”

“Hercules is well-deserved!”

Hearing the voices of discussion, Hall sat there, drinking leisurely, with great confidence.

This game is a solid win, so think about how to humiliate Doug later.

Doug and Irene, on the other hand, frowned secretly, panicking and anxious in their hearts.

Especially Doug, like an ant on a hot pan.

It doesn't matter if he loses this game, it doesn't matter if he is humiliated by Hall, but if Mr. Yue Feng becomes Hall's slave, it will be troublesome.

However, Yue Feng, who was standing there, had a calm expression, watching Sam's aura, and pondering secretly.

Yue Feng had already seen the holy power of this continent when he fought with Hispe before, and the holy power that erupted from the Sam in front of him seemed to be stronger.

However, Yue Feng did not panic at all.

How powerful is it? But it is the bravery of a man.

Seeing Yue Feng's expression, many people thought he was frightened, and couldn't help laughing.

"Haha, looking at this guy, he seems too frightened to move."

"Needless to say? Where is he Sam's opponent? Dare to agree to the game, it's just grandstanding."

"Not bad..."

Hearing the surrounding Yue Feng didn't care about everyone's ridicule.

call!

At this moment, Sam shouted loudly, holding the water tank tightly with both hands, and slowly raised it to the top of his head. In his hands, the heavy water tank was as easy as a water cup on the table, and the whole person was as stable as Mount Tai, without the slightest shaking.

"It's lifted!"

"As expected of a strong man, lifting such a heavy water tank is like playing."

“Amazing...”

Seeing this scene, the hall erupted in admiration again, and many people were amazed. Incredibly excited!

Hall sat there, the smile on his face even more intense, and even had a cup of tea with Wang Jue.

In the entire Roland Continent, there are very few who can compare with Sam in strength. How can this follower of Doug be compared to him?

The king also showed a smile.

There is no suspense in this big gamble.

At this time, someone has already started to time Sam.

“One minute...two minutes!”

Sam held the water tank steadily, motionless.

“I’m going, it’s been ten minutes, and this Sam can still stand it. With such a fierce general, Hall is really enviable!” No one in the crowd said a word, and then many people looked at Hall.

At this time, Hall held a glass of wine in his hand and drank it slowly.

Sam’s strength, he knows very well, let alone ten minutes, he can last for an hour.

Ugh!

Irene sighed and whispered to Doug: “Father, it looks like we’re going to lose!”

Chapter 3190

Doug didn’t speak, but looked at Yue Feng quietly.

In the two days that he had been in contact with Yue Feng, Doug knew that Yue Feng acted in a low-key manner and was a person who didn’t like to be publicized. At this time, he was definitely not a hothead when he competed with Sam in public.

But how does he win?

boom!

Finally, Sam slowly released his hand and put down the water tank!

The person next to the clock shouted excitedly: "Thirty minutes, Sam lasted for thirty minutes!"

Wow!

As soon as these words came out, there was an uproar in the audience! Everyone opened their mouths.

He persisted for 30 minutes, which was amazing.

Hall smiled and praised Sam, "Not bad."

Sam really didn't let himself down.

"Come on!" The king was even more excited and shouted, "Pour Sam a glass of wine as a reward!" As a subordinate, Sam was not qualified to drink in this royal palace, but the king Happy, I made an exception.

Soon, someone brought Sam a glass of wine.

Sam drank his drink, tilted his head and looked at Yue Feng with a smile instead of a smile: "Boy, it's your turn!" The

voice fell, and the eyes of many people quickly converged on Yue Feng, each with a complicated expression.

Sam persisted for thirty minutes, and the boy would be hard to lift.

Yue Feng didn't pay attention to the eyes of the people around him, but walked slowly to the water tank, gestured the size of the water tank with both hands, and looked at the water inside for a full minute, but he never meant to lift it up.

Is this giving up?

Seeing this scene, many people couldn't help laughing.

Irene also sighed secretly, with a hint of disappointment in her eyes.

I thought he really had something to do, it seemed that he was too happy.

Heath curled his lips and couldn't help but whisper: "Miss, you shouldn't have let him go up just now, it's okay for him to lose and become Hall's slave, but it would be too bad to make the Lord of the City lose face. It's worth it."

Erin bit her lip and said nothing.

“Boy!”

At this moment, Sam was too lazy to talk nonsense, and looked at Yue Feng proudly: “I think you should admit defeat, come over and kneel down to toast our adults, maybe our adults will be happy, and they will take you from Slave is promoted to follower, hahaha...”

“Haha!”

Hearing this, Yue Feng couldn't help laughing: “Sam, the game is not over yet, how do you know I lost? Maybe, wait and kneel down. It's you who's toasting!”

“Stinky boy is courting death!” Sam's expression changed, and he pointed at Yue Feng and roared loudly.

Mad, a small entourage, dared to talk to himself like that.

At this time, Sam wanted to rush over to teach Yue Feng a lesson, but he held back when he thought that this was the royal court.

“Sam, don't be impulsive.” At this time, Hall waved his hand, and then looked up and down at Yue Feng: “Boy, it's useless to play tricks, you have to show your skills, Sam has already raised the water tank, now it's your turn, Don't waste everyone's time!”

Saying that, Hall looked at the water tank at the door: “If you think you can't lift it up, hurry up and admit defeat!”

Phew!

Yue Feng breathed a sigh of relief, smiled and said, “Don't worry, Lord Hall, I haven't given up yet, but it's too boring to lift the water tank, I want to lift that!” After he finished speaking,

Yue Feng pointed to a knight outside the hall. statue.

What?

Hearing this, everyone present was stunned.

Is this kid crazy? Want to lift the knight statue?

You must know that this knight statue in the royal court was built two hundred years ago by hundreds of craftsmen and took three months to build. It is eight meters high and weighs five tons. It is impossible for one person to lift it.

“Ha ha...”
