

The ultimate husband in Chinese chapter 3216-3220

Chapter 3216

Sending Auf to Arendis for trial had to go through a lot of formalities, so Yue Feng didn't follow, and when he got down the mountain, he said goodbye to Xue Mi'er and others.

Returning to Arendis, seeing that it was still early, Yue Feng did not rush back to his residence, but wandered on the street.

"Manny carnival night?" A

few minutes later, Yue Feng passed by the entrance of a tavern, and was immediately attracted by the name of the tavern. He saw that the tavern is in a good location, the decoration is relatively high-end, there are many customers, and it is not inferior to the blue. Rose's Tavern.

The tavern is a good place to inquire about news. Although I had Blue Rose's help before, I can't be idle.

Thinking to himself, Yue Feng entered the hall of the tavern.

Entering the tavern, Yue Feng asked for a seat by the window, ordered a bottle of wine, and poured himself a drink while observing the surroundings to see if he could hear news about Miaoying and Yanhong from the surrounding guests. .

Um!

Looking around, Yue Feng's eyes fell on a private room on the second floor, and he saw a man and a woman sitting in the private room, talking and laughing.

The man was young, in his mid-twenties, dressed in bright knight armor, indescribably handsome, and filled with powerful holy energy.

The woman is wearing a long purple dress, which shows her sexy figure and is indescribably charming and sexy.

The man Yue Feng did not know, but when he saw the woman, Yue Feng was stunned.

It was Erin.

Why is she there?

Is the guy her friend?

A few seconds later, Yue Feng came back to his senses and wanted to say hello, but he held back.

It was embarrassing to break into Irene's room by mistake. I guess Irene still misunderstood herself at this time.

At this time, the elegant room is here.

Irene sat in the private room, her delicate face couldn't hide her excited smile, and her whole person became much more reserved.

The handsome man sitting across from Irene is Wick, a long-established royal knight in the Principality of Tianxing.

Five years ago, in the grand competition held in the Principality of Tianxing, Wick force won the first place, and was specially named a royal court knight by the king. After that, Wick devoted himself to the king and became the king's side. Reds, it can be said that the scenery is infinite.

Not only is Wick strong and powerful, but also with his handsome appearance, he has captured the hearts of many young ladies.

Erin is one of Wake's many admirers.

"Your Excellency Knight!"

At this time, Irene smiled and poured wine for Wick: "I am so happy to sit and drink with you!"

Yue Feng broke into her room in the morning, and Irene was in a bad mood, went out to go shopping to relax, but unexpectedly bumped into Wick. At that time, Ailin took the initiative to say hello and was invited by Wick to drink together.

At this time, Irene was completely immersed in the joy of meeting her idol.

Wick smiled slightly and said humbly: "Miss Irene is really polite, you are the eldest miss of Simon City, it is my honor to be so loved by you." The

words were humble and polite, full of gentleman style.

However, with humility on his face and a pair of eyes, Wick couldn't stop looking at Erin.

beautiful!

So beautiful.

It would be even better if we could spend the night together.

“You are so humble, who doesn’t know that you are a celebrity beside the king. Even if my father sees you, he should be polite!” Irene said with a smile.

The next second, Irene patted her head and smiled apologetically: “Sorry!” After saying that, she got up and went to the bathroom.

call!

Watching Irene leave, Wick showed a smile, then took out a small bottle from his body and poured the potion into Irene’s wine glass.

Yes, Wick poured a drug.

Chapter 3217

Speaking of which, Wick is a gentleman on the surface, but in fact he is a womanizer. In recent years, relying on his position by the king’s side, I don’t know how many women have been deceived, and today, a sexy and beautiful eldest lady took the initiative. Delivered to your door, Wick will not miss it.

Although Irene is the daughter of the city lord of Simon City, Wick is not afraid at all because he is the red man beside the king.

Wick’s movements were clearly seen by Yue Feng, who was sitting on the first floor.

Nima!

At this moment, Yue Feng frowned secretly, this guy actually drugged Irene?

Fortunately, I saw it myself, otherwise, the consequences would be disastrous.

Thinking to himself, Yue Feng went straight to the second floor without any hesitation.

As soon as I arrived in the private room, I saw Irene came back.

At this time, Irene hadn’t seen Yue Feng yet. After entering the private room, she and Wick looked at each other and smiled.

“Miss Irene, it’s a pleasure to meet you today, let’s have a few more drinks!” Wick said with a smile, and at the same time he took Irene’s wine glass thoughtfully.

Erin smiled lightly and was about to take the cup.

However, at this moment, Yue Feng walked in quickly and said to Irene, "Don't drink, it's getting late, it

's time to go back!" When he said this, Yue Feng couldn't help looking up and down at Wick.

Damn, this guy is very strong, he turned out to be an upper-level saint, and he is a stage higher than the Hiss next to Doug.

"You..."

Suddenly seeing Yue Feng, Irene's body trembled, and she was stunned.

Soon, Irene calmed down and said angrily, "Why are you here?" Irene hadn't forgotten what happened in the morning, so she didn't like Yue Feng at all.

Yue Feng smiled: "You're here, I can't be here?"

After speaking, Yue Feng glanced at Wick: "Is this your friend?"

Irene nodded, unable to hide her inner admiration, and said Said: "Yes, not only my friend. He is also my idol, his name is Wick, he is the greatest royal knight in the entire Tianxing Principality!"

Also a royal knight?

Yue Feng was stunned for a moment, and then he couldn't help but chuckle: "Irene, don't be deceived by the appearance of some people, some people look bright on the outside, but behind the scenes, they

are not good people!" When saying this, Yue Feng looked Wick up and down.

Yue Feng's words made Irene very unhappy: "What do you mean?"

At this time, Wick's face also darkened, looking at Yue Feng and said coldly: "Who are you? Do you know who you are talking to? "

Haha...

Yue Feng smiled, too lazy to talk nonsense: "Wick, right, my name is Yue Feng, unfortunately, I am also a royal knight, I advise you to pay less attention to Irene, just now you were in I can see clearly when drinking alcohol."

Yue Feng?

Wick frowned, then thought of something, and sneered: "Oh, it turns out that on All Souls' Day, the one who defeated Sam was you. Innate power? Hehe... It doesn't look very good."

After speaking, Wick's eyes became cold: "You said that I drugged in the wine, what evidence do you have?" After the voice fell, Wick placed the wine glass heavily on the table, deliberately pushing hard, and the wine inside splashed all at once. came out.

Made.

Seeing this scene, Yue Feng was very angry.

This kid is very cunning, and actually destroyed the evidence.

At this time, Irene reacted and shouted at Yue Feng: "Don't talk nonsense, Wick is not that kind of person! If you are deliberately making trouble, you can go now!"

Yue Feng took a deep breath and directed Irene said earnestly: "I am your teacher, so I have the right. He was indeed drugged with alcohol just now. You were deceived by him on the surface. Come with me!" As she said that, she was about to grab Irene's hand.

Seriously, Irene's attitude annoyed Yue Feng, but her father Doug had helped him, so he couldn't ignore it.

However, Irene was very resistant and pushed Yue Feng's hand away.

"Yue Feng, are you finished? I saved face for you in the morning, haven't I told my father yet?" Irene said with disgust in her eyes, "I tell you, Wick is mine. Idol, you are not allowed to slander him like this!"

Chapter 3218

At this time, Irene was very angry, and her impression of Yue Feng was even worse.

Wick is a personable, gentleman and polite. From entering the tavern until now, he has always been respectful and polite to himself. How could such a person be a bad person who drug behind his back?

On the contrary, this Yue Feng was the most suspicious when he appeared here, maybe he was secretly following him.

Thinking of Yue Feng breaking into her room in the morning, Irene was even more disgusted.

What the hell!

Feeling the contempt in Irene's eyes, Yue Feng suddenly became angry.

What's the matter with this Erin? Why don't you believe in yourself?

How can I say that I am also her teacher, but I would rather believe in Wick, an outsider.

Thinking of this, Yue Feng didn't bother to talk nonsense: "Irene, I know you're still angry, but what happened this morning was really a misunderstanding. It's so late, you haven't gone back yet, aren't you afraid your father is worried?"

Huh!

Hearing Yue Feng mentioning her father, Irene shook her lips slightly and hesitated.

As the eldest lady of Simon City, it is indeed inappropriate to drink outside so late.

It's just...

"Hehe..."

Just when Irene was hesitating, Wick smiled slightly and said, "What do you have to worry about, Lord Doug? This is Arendis, the safest place in the entire Tianxing Principality. The place, let's say, with me by my side, Miss Irene will never have anything to do."

Seeing his hypocritical appearance, Yue Feng sneered.

Irene nodded in agreement, and then said to Yue Feng: "Yes, even if I am drunk, Wick will send me back, you go Yue Feng, I don't care about you!"

At this moment, Yue Feng was completely impatient, and grabbed Irene's arm: "It's useless to say anything, you have to go back with me today!"

Yue Feng understood, this Irene was a stubborn, and she didn't believe anything she said. Can only be taken away by force.

"Let go of me, let me go..."

Irene was very resistant when Yue Feng grabbed her arm, her beautiful face suddenly flushed, and she kept struggling, but Yue Feng's hands were like iron clamps. Same, can't break free at all.

"Made, let me go!"

Seeing this scene, Wick was instantly angry and couldn't help shouting loudly.

This Miss Irene, she is about to get her hands, how can she watch her being taken away by Yue Feng?

The voice fell, and Wick rushed over at once, blocking Yue Feng.

“Get out of the way!” Yue Feng was too lazy to talk nonsense, and spit out two words coldly.

Wick looked at Yue Feng with a half-smile but not a smile: “Yue Feng, right, you are very arrogant, Miss Irene has let you go, you not only have the cheek to not leave, but also use force to Miss Irene, a little gentlemanly No, it’s ridiculous that someone like you can be a royal knight.” After

speaking, Wick’s tone became cold, and he continued: “Now I’ll give you one last chance, hurry up, otherwise, you will be at your own risk!”

Hula. As

soon as the last word fell, I saw that more than a dozen big men came from the corridor outside. These big men, wearing uniform black leather armor and holding a machete, were all in the realm of holy kings.

These are Wick’s subordinates. Wick has been a royal knight for five years, and he has formed his own power since he was a prosperous person in Arendis.

call for help?

Seeing this scene, Yue Feng frowned secretly, but he didn’t panic at all.

Irene’s body trembled, she couldn’t help but said to Wick: “Your Excellency Wick, don’t...” Although she was disgusted with Yue Feng, she couldn’t bear to see Yue Feng and Wick conflict.

After all, Yue Feng was brought to Arlandis by his father, and he was also named a royal knight. If something happened to him, his father would not be able to escape the responsibility.

“Miss Irene rest assured!” Wick smiled slightly and comforted Irene: “I just taught him a lesson, I won’t do anything to him!”

When he said this, Wick looked casual, but his eyes flickered. With a hint of gloom.

call!

Hearing this, Irene felt a little relieved, and then stepped aside.

Chapter 3219 At this moment, Yue Feng breathed a sigh of relief, looked at Wick and said, " Scare

me? What if I don't get out?"

Today, I will see how powerful you are!" The

voice fell, and Wick raised his hand and waved: "Fuck him!"

During the day, when he learned that the king had appointed a new royal knight, Wick felt in his heart. Very unhappy, you must know that the Royal Court Knight is a very high honor, how can you allow others to be equal to yourself?

Whoa!

Hearing Wick's order, more than a dozen big men around, without the slightest hesitation, approached Yue Feng directly.

Really hands on, then accompany you to play.

Looking at the dozen or so big men rushing up, Yue Feng smiled coldly, his inner strength was running, and he immediately greeted him.

Bang...

In the blink of an eye, the two big men rushed to the front, and before they could react, they were knocked to the ground by Yue Feng. The strength of the Holy King is nothing in Yue Feng's eyes.

However, Yue Feng was on the mountain before and was injured on the shoulder by that Auf's sleeve arrow. At this time, the wound had not healed, and gradually he couldn't stand it anymore.

Each of Wake's subordinates is extremely sturdy.

Seeing that the two companions were knocked down, not only did the rest not flinch, but they were excited and rushed up one by one howling.

Mad, these people are crazy.

Seeing this situation, it was difficult for Yue Feng to calm down, and a layer of cold sweat appeared on his forehead.

"Hahaha!"

Wick's face was full of pride and excitement, and he mocked Yue Feng loudly: "The dignified knight of the royal court, is this only the strength? I see where you came from, go where you go." After

speaking, he did not forget to face his subordinates. He shouted: "Hit, hit me hard."

Hearing this, a dozen men immediately pulled out their daggers.

Puchi, puchi...

Soon, Yue Feng was scratched by the dagger, and blood flowed out instantly.

When the pain came, Yue Feng endured and did not shout, and at the same time held Irene's hand tightly, and he would take her away today no matter what. To be honest, Yue Feng really wanted to summon Fang Tianhuaji at this time, but he was besieged by more than a dozen people, and it was too late.

Hiss...

The news of the fight spread, and the guests in the entire tavern were frightened and hid far away.

"Yue Feng!"

Irene was also anxious and couldn't help shouting: "You let go, let go, if you don't let go, you will be killed!"

At this time, Irene never thought that this Yue Feng He is so persistent and insists on taking himself away, but he is only one person, how can he beat so many of Wick's men?

"I am your teacher, and I have the responsibility to take care of your safety!" Yue Feng gritted his teeth and responded with red eyes.

Hearing this, Irene's body trembled, and her heart was inexplicably moved. And looking at Yue Feng's eyes, it is also a bit complicated.

Could it be....I really misunderstood him?

At this time, Wick's men were still attacking.

Yue Feng touched the wound on his shoulder, and his movements were getting slower and slower, and he would soon be unable to hold on!

"Made!"

Seeing Yue Feng holding Irene tightly and not letting go, Wick was completely angry, and shouted: "Pull him away!"

Hearing the order, a dozen men rushed up together, and they were about to take Yue Feng and Erin pulls in.

call!

Yue Feng took a deep breath, grabbed Erin's hand tightly, and protected her behind him.

Seeing this, more than a dozen subordinates made a ruthless attack, and the daggers in their hands stabbed again.

Chapter 3220

Yue Feng gritted his teeth and waved his arms to resist. Soon, he was stabbed in several places, and blood flowed out, staining the floor red.

Irene was so anxious that she couldn't help shouting: "You...you let go, you will die like this..."

At this time, Irene felt a little regretful. If she knew this, she should have been with him just now. go back. It's just too late to say anything now.

"Don't cry!" Seeing Irene's remorse

, Yue Feng showed a smile: "I can't die!

"

Word by word: "Already half-dead, yet still boasting, I want to see how many lives you have!"

Om!

The voice fell, and Wick raised his long sword, and a terrifying aura erupted around him. Immediately, the long sword stabbed directly at Yue Feng's heart like a shock.

I go!

Feeling the power of this sword, Yue Feng was secretly surprised.

Is this the swordsmanship of Roland Continent? There are no cumbersome moves, simple and direct, and the power is so overbearing.

“Stop!”

Seeing that Yue Feng was about to be pierced by this sword, suddenly, a loud roar came from outside, and then, dozens of powerful figures rushed in like a tide.

These men were wearing blood-red robes with a bloody hand embroidered on the cuffs.

It is the elite of the Bloody Hand Organization.

On the other side of the tavern, a subordinate tree, a sexy and cold figure, stood there quietly, watching the situation here.

It is the leader of the Blood Hand Organization, Olina.

The conflict between Yue Feng and Wick was very noisy. It happened that Olina was nearby. After learning about the situation, he immediately sent someone to help Yue Feng.

Speaking of which, Olina was tricked by Yue Feng, and she was very annoyed. When she learned that he was besieged by Wick’s men, she didn’t want to help, but when something happened to Yue Feng, no one could give her the antidote.

hiss!

Seeing the scene in front of them, everyone watching the excitement near the tavern couldn’t help gasping for air.

“This... This is the Bloody Hand Organization...” “There are so many people, and the aura is so strong.”

At the same time, Wick was also stunned.

As a Knight of the Royal Court, Wick of course knows that the Blood Hand Organization is spread all over the Roland Continent. The total number of personnel is almost a hundred thousand, and the power is very powerful.

“Excuse me...”

Finally, Wick reacted and asked He opened his mouth to ask, but was interrupted after only two words.

“Fuck him!” An elite of the blood-hand organization headed by, pointed at Wick and shouted, and then, dozens of companions rushed towards Wick.

Before these bloody hand organization elites rushed in, Olina told him not to have any communication with Yue Feng, just help him deal with Wick directly.

Seeing this scene, Wick was furious and hurriedly waved his long sword to resist. Speaking of which, Wick was very strong, but he couldn't stand so many people and was quickly knocked to the ground.

"Your bloody organization is so bold, dare to attack me, I am a royal knight!" Wick kept shouting.

"It was you who hit!"

Dozens of elites of the Bloody Hand Organization, all with sullen faces, kept punching and kicking at Wick.

Besieged by so many people, Wick couldn't stand up at all and almost vomited blood.

However, Wick is not a fool. Although these people from the Bloody Hand Organization have not communicated with Yue Feng, they can guess that they are coming for Yue Feng.

"Yue Feng, colluding with the Blood Hand Organization, you are dead!" Wick continued to howl.

Yue Feng ignored it, with so many wounds on his body, he was very weak at this time.

After fighting for more than half an hour, Wick had half his life left, and the talents of these bloody hand organizations stopped.

Wick didn't dare to stop, glared at Yue Feng, and left in embarrassment.

call!

Seeing this scene, Yue Feng breathed a sigh of relief.

Fortunately, the people from the bloody hand organization came in time, otherwise, they would really be miserable.
