

## The ultimate husband in Chinese chapter 3231-3240

### Chapter 3231

At this time, the king is sitting in the hall, his face is very gloomy, Wick is dead, and he has lost a right-hand man, how can he not be angry?

At this moment, Roston quickly approached the main hall and respectfully said to the prince: "His Royal Highness!"

Seeing Roston's return, the prince quickly asked, "Have you caught that Yue Feng?"

"Report to your majesty .

With a smile, Roston said, "Then Yue Feng was knocked off the cliff by me. The cliff is high and dangerous. If it falls, it will be smashed to pieces, and Yue Feng will die!" "

Okay!"

Hearing this, Wang Jue revealed With a smile, he said with relief: "That's great, this bastard Yue Feng dared to call my sister's attention and die like this, it's really cheap for him!

" He waved his hand: "You took a lot of credit for getting rid of Yue Feng. Now I will call you the Duke of Roston. Well, you can go back and rest!"

At this moment, Roston was extremely excited, and hurriedly said, "Thank you, Your Royal Highness!"

When the voice fell, he exited the hall.

Watching Roston leave, the king stood up from the throne and walked towards the place where Kelly rested.

My sister was knocked unconscious by Yue Feng, and she should have woken up now.

Soon, when I got there, I saw that Kelly had woken up.

"Sister!"

Wang Jue walked over quickly and asked with concern, "How are you feeling now?"

This chapter is provided by . Visit for daily update.

At this time, Kelly, who looked a little weak, replied softly, "Fortunately, what's going on? "

Phew!

Wang Jue took a deep breath, and told what happened before in detail. At the end, Wang Jue was very angry: "This Yue Feng is really hateful, you helped him in the hall before, but he not only did not I'm grateful, but he plotted against you, and what's even more infuriating is that he killed Wick."

Thinking of Wick's tragic death, the king was heartbroken.

Hearing this, Kelly's body trembled, and her whole body was stunned.

Wick was killed by Yue Feng?

At this moment, Wang Jue took a deep breath and continued: "But this Yue Feng also got his retribution. He was knocked off the cliff by Roston

. . . .

Hearing this, Kelly's heart trembled, and she only felt her brain buzzing.

Yue Feng is also dead? This...

After being stunned for more than ten seconds, Kelly recovered and said slowly to the king: "Brother, I think you must have misunderstood Yue Feng, he is not that kind of person!"

Yue Fenggang On the night he was named a Knight of the Royal Court, he met Yue Feng alone. At that time, Yue Feng was courteous and gentle to him. How could he be a womanizer?

Wang Jue frowned, very displeased: "Sister, Yue Feng knocked you out while you were taking a bath, and you still speak for him? He killed Wick, I wish I could hang Yue Feng publicly!

", Wang Jue thought again: "Also, when Yue Feng and Wick fought, they used a very evil white flame, not only that, but also summoned a huge beast, which is very evil. Judging from these circumstances, He must have something to do with the Bloody Hand."

Kelly didn't answer, but fell into deep thought.

"Go!" The

more Wang Jue thought about it, the more angry he became, and he ordered the soldiers outside the door: "Call Doug right away."

This Yue Feng came with Doug. If Yue Feng colluded with the Bloody Hand Organization, Doug couldn't get rid of it.

After a while, Doug hurried over.

At this time, Doug was almost in a hurry. Doug already knew about Yue Feng's confrontation with the king in the royal court. When he learned that Yue Feng had escaped from Arendis, Doug sent his confidants to investigate. Before the news was found, Wang Jue sent someone to summon him.

As soon as he entered the room, Doug saw that Wang Jue was standing there with a gloomy expression on his face, and Kelly next to him had a delicate face full of complexity.

There was a dull and oppressive atmosphere in the whole room.

Chapter 3232 Seeing

this scene, Doug's heartbeat suddenly accelerated and he became nervous. He took a step forward and said cautiously: "Doug has seen His Royal Highness!"

"Doug!"

, said word by word: "I ask you, who is that Yue Feng? How did you know him?"

Huh!

Doug took a deep breath and said cautiously, "I met him in Simon City. This man is knowledgeable and talented."

"What is his relationship with the Bloody Hand Organization?" Wang Jue continued to ask.

This...

Doug's heart trembled, and he quickly said: "His Royal Highness, Yue Feng has nothing to do with the Bloody Hand Organization."

When he said this, Doug's face was serious, but his heart was panicked.

Yue Feng said before that he has some origins with the Blood Hand Organization, but Doug knew in his heart that this must not be said. You must know that the Blood Hand Organization is a sensitive topic among the six major duchies. Once admitted, he will also be implicated. .

"Why are you so sure?" Wang Jue narrowed his eyes slightly and asked coldly.

“I...”

Doug blushed, not knowing how to respond for a while.

“Bang!”

Seeing that Doug couldn't speak, Wang Jue was completely angry, slammed down the table, and shouted: “You still want to cover up Yue Feng, right? Let me tell you, Yue Feng has fallen off the cliff and will surely die. But this matter is not over yet.”

“I can see clearly the sorcery that Yue Feng performed in the royal court before. If it has nothing to do with the Blood Hand Organization, how could there be such a powerful sorcery?”

“Doug, I'll give you one last chance to tell the truth about what you know, otherwise, I'll treat you as Yue Feng's accomplice and convict it of treason!”

Putong!

Hearing the last sentence, Doug's face turned pale and he slumped to the ground.

Treason is a serious crime, and the whole family is not spared, and they will all be hanged.

“Speak!” Wang Jue roared, pressing step by step.

“His Royal Highness!”

Doug's heart trembled, wiped the cold sweat on his forehead, and quickly said: “Yue Feng really has nothing to do with the Blood Hand Organization, as for his sorcery, it is actually inherited from Lord Fu Yi, Wang Jue Your Highness, this Yue Feng is the descendant of Lord Fu Yi two thousand years ago.” To

be honest, Doug promised Yue Feng that he would never reveal his identity.

But now there is no other way, only by speaking out, can Wang Jue's incomprehension be eliminated, and he and his family can also save their lives.

What?

Hearing this, Wang Jue and Kelly looked at each other in shock.

This Yue Feng... is the descendant of Lord Fu Yi?

Lord Fu Yi, the most legendary figure in the Roland Continent for two thousand years. In Roland Continent, almost everyone knows it.

However, Lord Fu Yi disappeared two thousand years ago, so how could Yue Feng be his descendant?

Thinking to himself, Wang Jue glared at Doug: "Are you kidding me?"

"Really!"

Doug swallowed his saliva and said quickly: "This is Mr. Yue Feng, he admitted it himself, and he also has a kind of The formation method is the same as that described in an ancient book I collected!"

With that said, Doug explained the details of Yue Feng's use of the Eight Trigrams Array.

At the end, Doug continued: "His Royal Highness, think about it carefully, if Mr. Yue Feng is not a descendant of Lord Fuyi, how could he lift a few tons of knight statues? The entire Roland continent, except for Lord Fuyi's Descendants, who can do it?"

"Yes!" The

voice fell, and Kelly, who had been silent, couldn't help but say: "The first time I saw this Yue Feng, I felt that he was different. Brother, I'm afraid you really misunderstood him." It's

over!

Chapter 3233

Seeing that his sister said the same, the anger in Wang Jue's heart disappeared all at once, and was replaced by inexplicable nervousness.

I actually misunderstood the descendant of Lord Fu Yi, and asked his subordinates to knock him off the cliff...

The next second, Wang Jue shouted at the soldiers outside the door: "Quick, send someone to search under the cliff, be sure to find it. Yue Feng."

At this time, Wang Jue kept praying in his heart, hoping that Yue Feng would be fine.

.....

On the other side, Sunset City.

Sunset City, located on the southwest border of the Sunrise Principality, bordering the Crescent Principality, is an important fortress of the Sunrise Principality.

There are six principalities in Roland Continent, and the principalities are constantly attacked.

At this time, the New Moon Principality dispatched an army of 50,000 people to attack Sunset City. The Lord of Sunset City immediately led the guards to resist, and the two sides fought fiercely.

It's just that the guard army of Sunset City is only 10,000 people. Against the 50,000-strong army of the New Moon Principality, the disparity in strength is too great. After a lot of fighting, Sunset City is about to be unable to stop it.

However, for the sake of duty and honor, Abel, the lord of Sunset City, never gave up, and took his subordinates to resist, because Abel knew that Sunset City was the barrier of the Sunrise Principality. Once lost, the entire Sunrise Principality would be in danger.

“Dangdangdang!”

For a time, the two sides continued to confront each other. The sound of weapons colliding and roaring echoed over the entire Sunset City, and the streets were stained with blood!

During the melee, many people of Sunset City also lost their lives innocently, and the cry of women and children could be heard from time to time.

At this time, on the mountain road outside Sunset City, a young woman was walking slowly.

With a slender and charming figure, her facial features are exquisite and beautiful, and her whole body is filled with an extraordinary temperament, like a fairy who does not touch the fireworks of the world.

It's Miao Ying!

Like Yue Feng, after Miao Ying was involved in the chaotic vortex, she was also transported to this Roland Continent, and suddenly came to this different world.

Miao Ying firmly believed that Yue Feng did not die in the chaotic vortex, but also in this different world.

And today, Miao Ying passed Sunset City and came in to take a break!

hiss!

When she was about to arrive at the city gate, when she saw the scene in front of her, Miaoying's delicate body trembled, she couldn't help taking a breath, and she was stunned!

I saw that in Sunset City, the two armies were fighting fiercely, and the streets were almost bloodied. Many people in Sunset City also survived, falling into a pool of blood one by one.

“Wooooo...”

Miao Ying saw a four- or five-year-old child standing on the street crying, and his family members were lying in a pool of blood, very pitiful.

Seeing this scene, Miao Ying didn't have time to think about it, she rushed over to hold the child in her arms: “Don't cry, don't cry...”

Although Miao Ying was a fairy born in an unreal world, she was kind-hearted and was the most difficult to see. The people suffer.

At this moment, the fierce battle in Sunset City was about to end. The army of the Crescent Principality had almost occupied the entire Sunset City, while Abel, with the remaining thousands of remnants, retreated into an alley for the final resistance. .

“Hahaha...”

At this time, Eric, the commander of the new moon army, laughed proudly, and then ordered to his command: “Arrest all the people in the city.”

Victory is imminent, and if you capture the people, you will be able to completely control Sunset City, and Abel, the remnants of defeated soldiers, have no threat, so you don't have to worry at all.

Whoa!

After hearing the order, the soldiers below immediately began to arrest them. In an instant, many people were tied up and cried.

At this time, several New Moon soldiers spotted Miaoying and rushed over.

Miaoying frowned, without any hesitation, she unleashed her innate spiritual power and waved her jade hand!

Bang bang bang...

Several crescent soldiers, before they rushed to the front, were shocked and flew out by a force.

Chapter 3234

This...

Seeing this situation, the other soldiers were secretly surprised.

This woman seems to be delicate, but her strength is so strong?

Swish!

At this moment, Eric's eyes locked on Miao Ying at once, and shouted angrily, "What a bold woman, how dare you resist?" The

voice fell, and Eric rose into the air.

call!

At the same time, a powerful holy force burst out from Eric's body, and the long sword in his hand swung a dazzling light, coming straight towards Miaoying.

Eric, the Saint Venerable in the lower section of strength, burst out at this time, and his momentum was very amazing.

Seeing Eric attacking, Miaoying bit her lip tightly, not panic at all!

"As the commander-in-chief, it's your duty to fight, but if you let your subordinates hurt innocent people, it's a big treason! If you meet me today, even if you're unlucky." A cold voice came from Miaoying's mouth!

hum!

The moment the voice fell, a white light shrouded Miaoying, and at the same time, a terrifying aura also crazily condensed in Miaoying's hands!

Hiss... what kind of power is this? So strong...

At this moment, whether it was Eric, the soldiers on both sides, and the people who were tied up, they were all stunned. They stared at Miao Ying in shock.

"Hey!"

Miao Ying didn't talk nonsense at all. With a wave of her jade hand, she saw a dazzling white light burst out, like a shock, tearing the world apart.

Eric didn't have time to react at all, and was directly hit by the white light.

"Ah..."

Eric let out a scream, and the whole person sprinkled a rain of blood in the air, flew out all at once, and finally hit the ground heavily.

At the moment of landing, Eric's eyes widened and he was out of breath. He saw that a fist-sized blood hole was pierced through his heart, and blood kept flowing out.

What?

This Eric is the youngest and most powerful commander of the Crescent Principality, but at this moment, he can't even handle this woman's move!

For a while, the entire Sunset City was silent.

"This..."

Finally, Abel took the lead in reacting, staring at Miao Ying, unable to hide his excitement and devotion: "This is the goddess of light, long live the goddess of light..."  
The

voice fell. , Abel dropped the sword in his hand and knelt down towards Miaoying.

Putong putong...

Immediately afterwards, thousands of the guards of Sunset City, as well as the people who were arrested, all knelt down towards Miao Ying, and at the same time, they shouted loudly and loudly.

"Long live the goddess of light." The

goddess of light is a goddess of justice believed in Roland mainland. In the six major duchies, many cities have temples of the goddess of light. Sunset City also has a Temple of the Goddess of Light.

Just now, Miao Ying killed Eric with one move, and the strength she showed was beyond the imagination of everyone present, so Miao Ying came into the world as the goddess of light.

"Run, run..."

At this time, among the new moon army, someone shouted, and in an instant, tens of thousands of soldiers fled from Sunset City in embarrassment.

Commander Eric is dead, and Sunset City is guarded by the Goddess of Light. There is no need to fight this battle.

Whoa!

After the crescent army escaped, Abel walked over with a few thousand men.

When he got to the front, Abel bowed ninety degrees to Miaoying and said with great respect: "Respected goddess of light, my name is Abel, the city lord of Sunset City, thank the goddess for taking action and helping us defeat the enemy."

When saying this, Abel is extremely humble.

At the same time, the thousands of soldiers behind him were extremely respectful, and they didn't even dare to look at Miaoying.

Chapter 3235

"I..."

Seeing this scene, Miao Ying bit her lip lightly, feeling a little helpless.

But in the next second, Miao Ying still raised her hand: "You don't have to be so polite!"

After saying that, Miao Ying looked around and continued: "In the fierce battle just now, many places in the city were damaged, you have to deploy quickly, and then settle down the people..."

Seriously, Miao Ying wanted to say that she was not the goddess of light, but then she thought that it was difficult to explain her true identity to these people, so she would simply be wrong.

"Yes!" Abel nodded quickly and ordered his men to clean up the battlefield. At the same time, he invited Miaoying to the Temple of Light.

...

On the other side, Yue Feng followed the undercurrent in the river, ups and downs, and was finally washed into the sea.

Yue Feng didn't know how long he had been in a coma, but he only felt that he had a very long dream. In the dream, he was sucked into the chaotic vortex again, and the surroundings were dark...

Phew!

Finally, Yue Feng felt that he had regained consciousness and slowly opened his eyes.

The moment he opened his eyes and saw the surrounding environment, Yue Feng was stunned.

I saw that I was lying on a simple bed with a simple wooden house in front of me. The wound on my body was smeared with a layer of light blue ointment, and the ointment

exuded a faint fragrance. Under the action of the ointment, the wound has begun to heal.

And outside the door of the wooden house, a little boy was sitting there, playing with two little crabs. Not far away is the sea, and the sound of waves crashing on the shore kept coming.

Damn, was someone rescued?

Seeing this scene, Yue Feng muttered secretly, and then slowly sat up.

Hearing the movement, the little boy outside the door immediately looked over, with a pure smile on his face: "Are you awake?"

Hmm!

Yue Feng nodded with a smile: "Thank you, did you save me?" The little boy shook his head: "My grandfather saved you."

"What's your name? Where is this place? Simon City?" Yue Feng continued to ask.

"Simon City?" The

little boy tilted his head, very surprised: "Simon City is far away from us, and it belongs to the Principality of Tianxing, this is Pearl City, and it belongs to the Principality of Crescent Moon."

What?

Hearing this, Yue Feng was stunned, and he actually came to another principality.

At this moment, the little boy continued: "My name is Jack, and my grandfather's name is Adolf. He is the most powerful pharmacist in our Pearl City."

After speaking, the little boy pointed to the wound on Yue Feng's body and said proudly: "The ointment on your body, called 'Life Fish Oil', was invented by my grandfather and is very effective in treating trauma."

Haha...

Seeing Jack's proud expression, Yue Feng couldn't help laughing and reached out to touch it. His head: "Then I'm so lucky, by the way, where is your grandfather?"

"He was invited away by the Dumen family. I heard that the eldest lady of the Dumen family was seriously ill and needed grandpa to go to the rescue." Jack responded.

Immediately, Jack took Yue Feng's hand: "You should rest first, my grandfather said, he will be back soon."

Phew!

Yue Feng took a deep breath and nodded.

Mad, was raided by Roston, fell off a cliff, and soaked in water for so long. Although he had Adolf's ointment, the trauma was much better, but it also took time to cultivate.

Whoa!

Just when Yue Feng was about to continue resting, suddenly, he heard footsteps coming from outside, and then he saw dozens of soldiers in armor surrounding the wooden house.

Seeing these soldiers, Jack was a little scared and ran into the house quickly.

Yue Feng also frowned secretly.

Nima, isn't it here to catch you?

But... this is the Crescent Principality, how can the king of the Tianxing Principality have such great power?

## **The ultimate husband in Chinese chapter 3236-3240**

Chapter 3236

"It's this little brat!"

Just when Yue Feng was muttering secretly, a dozen soldiers rushed in at once, and one of the leading ones pointed to Jack and shouted: "Adolf's grandson, grab it!"

"After falling, a few soldiers rushed over and wanted to catch Jack.

Jack was terrified, but he couldn't help shouting: "Why are you arresting me? My grandfather is treating your eldest lady."

At this time, Yue Feng also saw that these soldiers in front of him, and the one guarding the city The guards were different. When I heard Jack's words again, I immediately understood that these should be the personal guards of the Dumen family.

"Your grandfather?"

At this time, the leading guard sneered and scolded Jack: "You still have the guts to mention that old Adolph? It's him, who made our young lady's condition worse, and Lord Dumen was very angry and ordered We'll catch you and send you on the road with your grandpa."

What?

Hearing this, Jack was stunned for a moment, then shook his head and shouted: "You are talking nonsense, my grandfather's medical skills are the best."

However, these guards were too lazy to talk nonsense, took out the rope, and directly thought that Jack would come around.

"Hey!"

At this moment, Yue Feng couldn't stand it anymore, rushed over to block Jack from behind, and said slowly: "A dozen adults, bullying a child, is this a bit too much?"

Shuh!

At this moment, the eyes of more than a dozen guards suddenly converged on Yue Feng, each with a bad look.

The next second, one of the leading guards yelled at Yue Feng: "Who are you? Don't meddle in your own business."

This chapter is provided by . Visit for daily update.

Yue Feng was about to speak when Jack hurriedly shouted, "He was my grandpa's patient. He was about to die when he first saw him. He used my grandpa's ointment, and now it's almost healed."

In Jack's heart, grandpa Medicine is the best.

"Shut up!" The

headed guard shouted angrily, and then said coldly to Yue Feng: "Get out of the way, or you will be caught."

Yue Feng did not panic, and said lightly, "Don't be impulsive, I'm not trying to make trouble, so let me go with you, as long as you don't bully this child."

When he said this, Yue Feng's voice was not loud, but there was an unquestionable aura.

Speaking of which, Yue Feng didn't want to cause trouble, but his life was saved by Adolf. Now that Adolf is in trouble, if he doesn't ask, is he still a human being?

Um?

Hearing this, more than a dozen guards looked at each other in dismay. This person is really interesting. When others encounter this kind of thing, they always hide away.

"Take it away together!"

In a daze, the leading guard waved his hand, and he and his subordinates escorted Yue Feng and Jack, and walked towards the Dumen family.

A few minutes later, Yue Feng and Jack were taken to the exclusive family's manor.

call!

The moment he entered the gate, when he saw the environment of the manor in front of him, Yue Feng couldn't help taking a deep breath, and the whole person was stunned.

I saw that this manor is very large, covering an area equivalent to two football fields, and there is an independent garden. In the garden, there are flowers everywhere, which is indescribably quiet and elegant.

Soon, in a quiet courtyard at the back, I saw an old man tied up with five flowers.

The old man was wearing a tunic full of patches, it was Adolf.

Around Adolf, there were several guards standing, all staring at each other.

At the entrance of the courtyard, an old man in a gorgeous robe sat quietly, his facial features were amiable, but there was a hint of gloom in his eyes.

This old man is the patriarch of the Dumen family, Mr. Dumen.

Chapter 3237 The Dumen

family is one of the best families in Pearl City, and the unique old gentleman who is the patriarch of the family is also very famous in Pearl City.

"Grandpa!"

At this moment, when he saw Adolf, Jack couldn't help shouting. At the same time, he wanted to rush over, but his hands and feet were tied, so he could only be in a hurry.

Seeing his grandson being arrested, Adolf trembled, knelt down at Du Men, and pleaded, "Lord Du Men, the aggravation of the young lady's illness is all my fault, it has nothing to do with my grandson, please let him go. Du Men

stood up slowly, without the slightest emotional fluctuations on his face, and said lightly: "Adolf, I originally believed in you, but I didn't expect you to make such a serious mistake today, you know, Lolita. She is my beloved granddaughter and the last bloodline of our Dumen family."

"If something happened to her, how can I forgive you?"

After saying the last sentence, Dumen waved his hand: "Throw Adolf and his grandson into the sea together. Feed the sharks." The

voice was small, but it was majestic and hair-raising.

At this moment, Adolf's body trembled, and he almost collapsed on the ground, his old face extremely pale.

"I don't want to feed sharks..."

Jack was also frightened, and couldn't help crying: "Grandpa, I don't want to feed sharks..." The young body kept struggling, arousing pity.

However, the surrounding guards were unmoved. When they came up, they were about to drag the grandfather and grandson away.

"Wait!"

At this moment, Yue Feng couldn't stand it any longer and couldn't help shouting.

Swish!

In an instant, the eyes of the audience converged on Yue Feng.

Adolf's attention was always on Jack, and he didn't pay attention to Yue Feng until this time, his face was happy: "Are you awake?" The voice fell, and his expression went down again.

The so-called parents' hearts of doctors, Adolf was very happy to see his patients recover so quickly, but when he thought about his situation, he couldn't help but feel a little desperate.

Yue Feng nodded and said politely to Adolf: "You are Senior Adolf, thank you for saving me."

Senior?

Hearing this title, Adolf was stunned for a moment. There has never been the title of senior in Roland Continent, and he just thought it was very strange.

“Adolf!”

At this moment, Du Men reacted and looked at Adolf with a frown: “Who is this person?”

“He is a stranger I accidentally rescued by the sea. He was seriously injured at the time. Wake up soon.” Adolf answered truthfully.

The voice fell, grabbing a guard from Yue Feng, and couldn't help but interjected: “When we went to catch the child, this person said he wanted to come together, so we grabbed it together by the way.”

Hu!

Hearing this, Du Men's face was gloomy, and he looked at Yue Feng up and down: “You follow along, what do you want to do, save Adolf?” The voice was not loud, but there was a strong sense of oppression.

Yue Feng took a deep breath and said seriously: “Of course, he saved my life, I can't just watch him die.”

Haha...

Hearing this, Du Men couldn't help laughing, his eyes flashing with contempt: “Boy, your tone is not small, do you know where this place is?” The

voice fell, and the surrounding guards also burst into laughter.

“There's something wrong with this guy's brain.”

“Hehe, looking at the sick man, his tone is not small.”

“I think he is a lunatic.” When

the surrounding discussions came, Yue Feng didn't care, but looked at Du Men and said slowly: “You misunderstood, I It's not to use force to save Senior Adolf. I heard that your granddaughter is seriously ill. It happens that I have some medical skills, so let me see! If I cure her, I hope you can let Adolf and his grandson go, how?”

Chapter 3238

What?

Hearing this, both Du Men and the people around were stunned.

Does this kid know medicine?

“You...”

Finally, Adolf was the first to react, and he said urgently to Yue Feng: “Don’t talk nonsense.” If he knew medical skills, how could he be so seriously injured, lying on the beach dying, if I didn’t find it myself, I would have died a long time ago.

When the words fell, Du Men couldn’t help but sneer, and said coldly to Yue Feng: “I admire your courage, but I have seen too many smart people like you, you said that you see a doctor for my granddaughter. , is actually procrastinating, isn’t it?” After speaking, Du Men

’s eyes flashed a gleam of light: “You have thought about the consequences of playing such a small trick in my unique family!”

The terrifying aura made it hard to breathe.

call!

Yue Feng took a deep breath and looked calm: “I’m not joking, nor am I delaying time.”

Said, Yue Feng’s eyes showed full sincerity: “Anyway, the lives of the three of us are in your hands, and you My granddaughter, there is no other hope, why don’t you let me give it a try?”

“If I succeed, you let the three of us go, and if it fails, you throw me into the sea too.”

Hearing this, Dumen pondered.

Because what Yue Feng said was right, his granddaughter’s illness was getting worse and worse, and even Adolf was helpless. It can be said that he is now lying in bed waiting to die.

Since this person is so confident, why not let him give it a try.

What if... really saved the granddaughter?

“Okay!”

Finally, Du Men pondered for a few minutes, then nodded at Yue Feng: “I will trust you once, if you lie to me, you will be at your own risk!”

Yue Feng smiled and said nothing.

This...

At this moment, all the guards around were stunned.

The adults actually agreed to this guy.

“Sir!”

At this moment, a fat middle-aged woman walked out of the room, her face full of flesh, giving people a vitriolic feeling.

It was the housekeeper of the single family, Laura.

Launa has been a housekeeper for more than ten years in a single family, and has a pivotal position.

At this moment, Laona looked eager and said to Du Men: “Sir, this person has no ability at first sight, how can he save Miss? Don’t be deceived by him!”

Du Men was upset and said coldly: “I have already decided Now, don’t let him try it, do you have a way to save Lolita?”

“I...”

Launa blushed and froze.

Du Men was too lazy to talk nonsense, waved his hand, and motioned for the guards to loosen Yue Feng.

Yue Feng moved his hands and feet and said to Du Men: “Where is Miss Alita now? Can I see it?”

Du Men nodded and motioned for Yue Feng to enter the room behind him.

call!

Yue Feng walked into the room and was stunned when he saw the scene in front of him.

I saw a slender figure lying quietly in the fragrant boudoir, with perfect curves and delicate facial features, but his face was pale and a little painful.

It is the eldest lady of the single family, Lolita.

This... This Lolita looks like Xuan'er.

At this moment, Yue Feng stared blankly at Lolita, and only felt his brain buzzing. He saw the appearance of this Lolita, which was nine points similar to Liu Xuan, except that the eyes were dark blue. some exotic beauty.

Unexpectedly, in this different world, you can meet a beauty so similar to Xuan'er.

At this moment, Dumen next to him opened his mouth and said, "People have seen it, can you help me?"

Chapter 3239

"Yes!"

Yue Feng calmed down, nodded and said, "There is a way, but it's a little more troublesome." Just glanced at it just now, Yue Feng was sure that this Lolita was cold, causing her body to become weak. Deficiency.

This kind of disease is the most difficult to treat. It seems that Adolf used the wrong medicine, which caused Lolita's condition to worsen.

But for Yue Feng, it was a piece of cake. After all, Yue Feng's medical skills were learned from Yaozu Shennong.

Hearing the answer, Du Men's spirit was shocked.

At this time, Yue Feng didn't talk nonsense, and instructed Launa: "Go, prepare a big wooden barrel!"

Shuh!

At this moment, Launa's face was extremely ugly. She was the big housekeeper of a single family, and she always ordered others by herself.

But seeing Du Men by the side, Launa didn't dare to say anything, and hurried to prepare.

Soon, the wooden barrel was ready, Yue Feng walked to the shelf aside, and chose some herbs. Lolita had been sick for more than a year, and there were all kinds of herbs in the room.

After picking out the herbs, Yue Feng threw it directly into the wooden bucket, and then had someone fill up with hot water.

After everything was ready, Yue Feng clapped his hands and said to Du Men: "Okay, now you can let Miss soak in."

Soak in?

Hearing this, both Du Men and Lau Na frowned.

Just get some herbs, throw them into hot water, and let people soak them in to cure the disease?

Finally, Du Men reacted and questioned Yue Feng: "Are you treating a disease? Why have I never heard of it?"

"Haha!"

Yue Feng smiled and said casually: "This is called a medicinal bath, you don't have it here at all, of course you don't know..." Halfway through, he realized that he had exposed his mouth, and quickly stopped.

We don't have it here, what do you mean?

At this moment, Du Men's brows were furrowed, his face full of confusion.

"My lord, I'll just say this person is a liar." Launa couldn't help crying, looking at Yue Feng's eyes, full of contempt: "Just throw any herbal medicine into the water and it can cure the disease? It's too much of a joke. "

Nima, this woman is sick.

Yue Feng frowned secretly, feeling a little angry, but he didn't bother to pay attention to Launa.

"The temperature is just right now. If it's too late, the effect will not be good when the water cools down." Yue Feng said to Du Men.

Du Men hesitated for a while, then nodded: "Okay, Laura, go get the young lady into the wooden barrel!" After saying

that, Du Men said to Yue Feng, "Come out with me!"

The barrel is too exposed, how can Yue Feng see it?

"Okay!"

Yue Feng nodded understandingly and followed Du Men to the door.

Swish!

At this moment, Adolf and Jack, who were waiting outside, suddenly focused on Yue Feng.

“How’s it going?” Adolf couldn’t help asking.

At this time, Adolph’s heart was almost in turmoil. There was absolutely nothing he could do about Lolita’s disease, but this Yue Feng said that it could be cured.

Is he really going to heal, or is he just stalling?

At the same time, Jack also asked Yue Feng curiously, “Are you really good at medicine?”

Hehe...

Feeling the nervousness of the grandparents and grandchildren, Yue Feng couldn’t help laughing, nodding and comforting: “Don’t worry, you will be all right soon.”

Saying that, Yue Feng leaned against the pillar at the door. , wait quietly.

Du Men sat on the chair next to him, calm on the surface, but he was agitated in his heart, a little worried, and a little expectant.

“Sir!”

After half an hour, Du Men couldn’t wait any longer, when he heard Launa’s cry from the room: “Miss is awake, awake...” The voice was very loud and penetrating. Surprise.

Chapter 3240

Du Men’s spirit was shocked, he walked in quickly, saw the scene inside, and suddenly smiled.

I saw that Lolita, who was originally sick, had a red light on her delicate face at this time, and her whole person was much more energetic.

“Grandpa!”

Lolita shouted softly when she saw Du Men coming in: “I feel better. Did Adolf save me?” Before taking the medicated bath, Lolita was so weak that she was almost in a coma, so Don’t know the situation yet.

“Haha, okay, okay...”

Du Men was very excited at this time: "It's not Adolf, but a young gentleman."

After speaking, Du Men turned back and shouted at Yue Feng outside the door: "This is Sir, please come in quickly." Because he was so happy, Du Men at this time forgot that his granddaughter was soaked in the wooden bucket, and it was very inconvenient.

Hearing the call, Yue Feng smiled and walked in.

Did it work?

At this moment, Adolf and Jack, who were standing outside, were shocked.

Both grandparents and grandchildren thought that Yue Feng was delaying time and would not save people at all, but they did not expect that he really succeeded in saving Lolita.

What the hell!

Entering the room and seeing the scene in front of him, Yue Feng couldn't help gasping for air, and the whole person was stunned.

I saw that Lolita was soaked in the wooden barrel. Compared with the weak appearance before, she has changed almost like a person. She is indescribably bright and moving, especially the charming curve, which is looming in the water....

Shhh!

Feeling Yue Feng's gaze, Lolita's face suddenly blushed.

"Hey!" Lau Na next to her couldn't help but accuse Yue Feng: "Why are you looking at it? There are really no rules at all."

Uh...

Yue Feng calmed down and was very embarrassed.

"Hahaha..."

Du Men laughed and said indifferently: "It's my fault, I was just happy, and I forgot that Lolita hasn't changed her clothes yet." After speaking, he took Yue Feng's hand, out of the room.

"What's your name, sir? Where did you come from?" Du Men asked very politely when he got outside, completely losing his previous arrogance.

“My name is Yue Feng, I’m... just a wanderer!” Yue Feng thought for a while and responded.

It is better not to talk about what he experienced in Arendis.

“Yes, yes!”

Du Men smiled and nodded, and continued to ask: “I heard that you were seriously injured and then rescued by Adolf?”

“Yes!” Yue Feng scratched his head, thinking, while making up a lie: “Passing through Pearl Harbor yesterday, I didn’t expect to be robbed by a group of pirates, and in the end I fell into the sea and didn’t know anything.”

Du Men did not doubt, but said with sympathy: “That’s right, I don’t know about Mr. Yue Feng’s Where did you learn medical skills? It’s amazing.”

This... Yue

Feng pondered for a while and smiled: “This is an ancient book that I accidentally got when I traveled before.”

Glancing at the room behind him, he continued: “In the medicinal bath just now, I will let Miss Lolita soak it once a day for three months, and she will be cured.”

Du Men nodded again and again, and hurriedly ordered to continue.

Then, Du Men thought of something, and waved at the person next to him: “Quick, bring the reward.”

Hearing the order, a servant quickly responded, and then walked over with a box.

When he got to the front, the servant opened the box, and Yue Feng was stunned.

I saw that it was full of gold coins, and there were thousands of them.

“You saved Lolita, these are considered rewards.” Du Men said with a smile.

Yue Feng reacted and said quickly: “This is too polite, but I don’t need money very much. Let’s give these gold coins to Adolf and his grandparents.”
