

The ultimate husband in Chinese chapter 3416-3420

Chapter 3416

Yue Feng at this time is almost dumbfounded.

This An Qi is too playful, she still wants to listen to the story so late, and she is only a bodyguard, how can she stay in her room?

Thinking to himself, Yue Feng patiently coaxed and persuaded: "Today is too late, let's another day. I took a big risk by quietly taking you out today."

Hearing this, An Qi was very disappointed, but she nodded. accepted.

Then Yue Feng and An Qi separated and walked towards the room where they were resting.

As soon as I arrived at the door, I saw a maid waiting there. Seeing Yue Feng, she quickly said: "Fengtao, Her Majesty the Queen wants to see you, come with me!"
Opportunity.

Oops!

Yue Feng frowned secretly, and a trace of panic rose in his heart.

Did the queen know about the fact that she brought An Qi out of the palace privately?

Soon, under the leadership of the maid, Yue Feng came to the queen's resting palace.
call!

The moment he entered the bedroom, seeing the scene in front of him, Yue Feng couldn't help taking a deep breath.

I saw that the queen was sitting there quietly, and several maids were waiting there, the atmosphere was a little subtle and dull.

"Fengtao."

Seeing Yue Feng, the Queen's delicate face showed no expression at all, and she said softly, "The pill you gave me before was very effective, do you still have one? Give me another one."

This chapter is provided by . Visit for daily update.

When she said this, The Queen's tone was very light, but there was no doubt about it.

The Queen was seriously injured in the fierce battle with Meng Yi's subordinates. Although she had taken Yue Feng's medicine pill before, she had not yet fully recovered.

It turned out to be a pill.

Hearing this, Yue Feng's nervous mood suddenly relaxed.

Immediately, Yue Feng scratched his head and responded, "Your Majesty, I only have one Heart Tempering Pill, but if you need it now, I can refine it immediately." Refine it

immediately?

The queen was stunned for a moment, her beautiful face full of surprise: "Is that pill made from refining?" There is no such thing as alchemy in Roland Continent.

"Yes!"

Yue Feng nodded, then looked at the maid next to the Queen with a smile: "Please help me to prepare some herbs, I need earth dragon grass, purple sunflower..."

The next dozen or so In seconds, Yue Feng quickly explained the materials for refining the Heart Quenching Pill in detail.

This!

In an instant, the maids looked at each other, none of them moved, but looked at the Queen in surprise.

The herbs Fengtao mentioned are available in the palace, but can these things be used to refine pills?

The Queen looked indifferent and waved her hand: "Go!" Although this Feng Tao's words and deeds were very special, after what happened that night, she still chose to believe it unconditionally.

"Yes, Your Majesty." Seeing the Queen speak, several maids hurried to prepare herbs.

After a while, the herbs were ready, Yue Feng took a clay pot from the side and used it as a vessel for alchemy. Immediately afterwards, the fire started to rise.

After doing this, Yue Feng took out the medicinal materials in an orderly manner and put them into the fire one by one. At every step, Yue Feng was methodical and serious.

call!

Seeing this scene, whether it is the queen or the maids around, all have complicated eyes.

Can you make pills like this?

Especially the queen, who closely watched Yue Feng's every step, her eyes flashed with strange light. As a queen, she was well-informed, but it was the first time she saw what Yue Feng was doing. arrive.

Under everyone's attention, Yue Feng was methodical, and after placing the materials, he began to slowly control the heat.

As the temperature of the stove continued to rise, the entire bedroom was also warm.

Bang!

Chapter 3417

Unconsciously, ten minutes passed, and there was a sudden vibration in the pill furnace.

The maids around were all taken aback, exclaimed and stepped back, thinking that the pot was blown up, but when they reacted, they saw that the pot didn't burst.

At this time, these maids understood that this was the reaction produced by the airflow in the pot under the high temperature.

Yue Feng smiled and slowly opened the pot.

At this moment, all the maids couldn't help but surround themselves, and even the queen stood up and couldn't help looking around. For a while, the entire bedroom was silent!

Whoa!

The next second, several maids couldn't help but exclaimed, looking at Yue Feng's eyes, full of admiration and admiration!

Really refined!

I saw the bottom of the clay pot, and there was a round pill lying quietly, and the fragrance of the pill filled the entire bedroom. It is the Quenching Pill.

"Your Majesty!" Yue Feng took out the medicinal pill and quickly handed it to the Queen:
"Please take it!"

Hmm!

The queen responded and took the medicine pill. After a while, she felt refreshed, her face was rosy, and she was indescribably charming.

“Fengtao.” The

queen showed a smile on her face, looked at Yue Feng, and said softly: “I can’t see that you are so knowledgeable and knowledgeable, and after taking this medicine just now, my injury should be completely healed. Well, yes, Fengtao, you are really a talent of my Golden Lion Principality!”

When she said this, the queen had a smile on her face, but her eyes were a bit complicated.

Ha ha...

Hearing this, Yue Feng’s heart suddenly became excited. The queen praised herself so much, so she could take the opportunity to ask for the holy book.

“However!”

Just when Yue Feng was secretly rejoicing, he saw the Queen’s face sank and her tone became cold: “You took An Qi away from the palace in private and stayed outside for a day before coming back, tell me, what’s going on? “

Fuck!

Yue Feng was stunned for a moment, and his heart was half cold. It was broken. He thought that this matter could be kept from the Queen, but she didn’t expect that she already knew.

Thinking to himself, Yue Feng quickly turned his head and explained: “Your Majesty, calm down, today I’m taking His Highness An Qi out to relax, there is nothing else to do.”

Hearing this, the Queen’s delicate face showed no expression at all. , said indifferently: “An Qi is young and ignorant, so are you ignorant? Leaving the palace rashly, what should I do if I encounter danger?” After

speaking, the queen called out to the outside: “Come on, shut Feng Tao down. Go to jail for half a month as punishment!” When the

last sentence came out, the queen couldn’t hide her anger.

This Feng Tao has no rules at all. He even carried himself behind his back and took An Qi out of the palace. You must know that An Qi is his only relative. If something really happened, how could he bear it?

In this matter, although Feng Tao's crime will not kill him, it will be over in a sentence or two. How can the royal family still have majesty in the future?

The voice fell, and the two palace guards outside the door immediately walked in.

What the hell!

Seeing this, Yue Feng wanted to cry without tears.

How can I be locked up for half a month if I haven't gotten the holy book of jade yet?

Seeing the two royal guards getting closer and closer, Yue Feng's mind also turned quickly, thinking about countermeasures.

Mad, what should I do? Do you want to break up with the queen?

But if this is the case, it will be difficult to find the holy scriptures in the future.

"Sister, don't..."

Just when Yue Feng was in a dilemma, suddenly, an anxious shout came from outside the bedroom, and then, a slender figure walked in quickly and stood in front of Yue Feng.

It was Angie.

It turned out that An Qi had come a long time ago. When she saw Yue Feng inside and was questioned by the queen, she did not come in, but watched from the door.

Seeing that the Queen was going to punish Yue Feng, An Qi couldn't help it.

Chapter 3418

At this time, An Qi's delicate face was full of tension, and she said to the Queen: "Sister, I forced him to leave the palace today, no matter what happened to him. I beg my sister to spare him."

Said At these times, An Qi's eyes were full of anticipation.

When I met the giant dragon before, it was Feng Tao who saved him, so how could he watch him be locked up?

Pfft!

At the same time, Yue Feng hurriedly knelt down and looked terrified: "Your Majesty, I beg Your Majesty's forgiveness!" To

be honest, kneeling to the Queen, Yue Feng didn't want to kneel.

But no way. In order to find the second half of the holy book of jade, we can only temporarily compromise.

call!

Seeing An Qi coming in to plead for mercy, the Queen frowned and said coldly, "An Qi, you are already quite old, why are you so nonsense?" After speaking

, the Queen glanced at Yue Feng and continued: "Even if you force him Yes, he can't get rid of this matter, and taking you away from the palace is dereliction of duty." The

voice was not loud, but it was full of majesty.

The queen acts with clear rewards and punishments, which is her consistent style.

Hearing this, An Qi suddenly became anxious: "Sister, if you really want to punish, punish that Xilang, that bastard is the most hateful." When it came to Xilang, An Qi's body trembled. Unspeakable anger.

That bastard, when he saw the giant dragon, he left himself alone. It was too shameless.

Um?

The Queen was stunned: "What does this have to do with Xi Lang?"

"Sister, it's like this." An Qi walked over, hugged the Queen's arm, and explained everything that happened today in detail.

At the end of the story, An Qi couldn't hide her anger: "At that time, Xilang kept saying that he wanted to protect me, but when the giant dragon appeared, he ran away with his subordinates, and he didn't care about me and Fengtao's life or death, if it weren't for Fengtao's meeting. A little animal language, can communicate with the dragon, I am afraid that the two of us will really be eaten by the dragon." There is

such a thing.

Hearing this, the Queen's beautiful face suddenly turned gloomy: "Okay, I know about this, and I will ask that Xilang well tomorrow."

After speaking, the Queen waved at Yue Feng : “Okay. Now , you should step back first.”

“Yes, Your Majesty!” Yue Feng responded quickly.

call!

At the same time, Yue Feng couldn't help but breathe a sigh of relief, and glanced at An Qi gratefully.

Although this An Qi is a little playful, she can still help at critical moments.

Muttering in his heart, Yue Feng exited the palace.

“Sister!”

Seeing Yue Feng exiting the palace, An Qi held the Queen's hand affectionately and said coquettishly, “This Feng Tao is really good, he has been protecting me today, he is very heroic, why don't you let him be mine? Personal bodyguard.” The

queen gave her a look and said angrily: “I haven't settled the account with you about your unauthorized departure from the palace today, and the personal bodyguard will be discussed later...”

Feng Tao is a rare one. It is too subservient to let him be An Qi's personal bodyguard.

Hearing this, An Qi was disappointed.

.....

On the other hand, Yue Feng exited the bedroom and returned to the place where he rested.

Accompanying An Qi out of the palace during the day, wasting a day, and then being reprimanded by the queen, Yue Feng's mood was almost extremely bad.

That night, Yue Feng tossed and turned until very late.

Early the next morning, Yue Feng was woken up.

“Fengtao!”

A maid knocked on the door: “Your Majesty, I want you to go to the front hall, hurry up.” After speaking, she walked away.

Nima!

Chapter 3419

Yue Feng rubbed his eyes, very depressed, what did the queen ask her to do in the front hall this early in the morning?

Muttering, Yue Feng quickly got up to wash, and then rushed to the main hall.

call!

After arriving, Yue Feng was stunned.

I saw that the queen was sitting on the throne of the main hall, and the city lords of the cities were standing neatly below, not only that, but Xi Lang and An Qi were also there.

In front of Xi Lang, stood a middle-aged man with a mild expression.

It is Xilang's father, the commander of the Wangcheng Guards, Xibo.

However, what attracted Yue Feng's attention was a woman standing opposite Xibo. She was dressed in a gorgeous purple-red robe, which showed her graceful figure incisively and vividly, and her delicate face showed an extremely seductive charm. Any man who saw it, All will be stunned.

Seeing this woman, Yue Feng couldn't help swallowing his saliva, and the whole person went crazy.

What the hell!

Who is this woman? No matter her figure and beauty, she is on par with the Queen.

Especially that charming temperament, if you go to the mainland of Kyushu and enter the entertainment circle, it will definitely explode.

Just when Yue Feng sighed secretly, he saw An Qi wink at him.

Yue Feng understood and quickly walked to An Qi's side and stopped.

"Is it the first time to come to the main hall?" An Qi lowered her voice and said to Yue Feng, "Look at how stupid you are."

Yue Feng replied softly, "The queen suddenly called me here, of course I'm nervous." As she spoke, Yue Feng still couldn't help looking at that charming woman.

The voices of the two were so small that the people around them could not hear them at all.

“Hey!”

Seeing Yue Feng’s gaze, An Qi was very unhappy: “You don’t listen to me carefully, and you keep looking at what that vixen is doing?” As she spoke, her delicate face couldn’t help but show a hint of dissatisfaction. Points of contempt.

Vixen?

Yue Feng was stunned.

“Mrs. Lanya, who is famous in the entire royal city, haven’t you heard that she is the best at seducing men.” An Qi pouted and said angrily.

call!

Hearing this, Yue Feng’s face was stunned. It turned out that the woman was Mrs. Lanya.

In the past two days in the palace, Yue Feng had heard a lot of anecdotes here, including this Lady Lanya. It is said that her husband, who used to be a powerful duke, died later in order to defend against the invasion of other principalities. On the battlefield, the queen was very heartbroken at that time. In order to thank the duke for her contribution, she gave his wife the privilege, that is, Mrs. Lanya, to enjoy the duke’s treatment all her life.

It can be said that this Lady Lanya is the only woman with the title of duke in the Golden Lion Principality, or even the entire Roland Continent.

However, it is not Mrs. Lanya’s status that is rumored, but her romantic history.

It is said that Mrs. Lanya is a master of love, no matter any man, she can easily play in the palm of her hand.

When Yue Feng heard these rumors, he just laughed it off, but he did not expect that he would meet this Madam Lanya in the main hall today.

After watching Mrs. Lanya for a while, Yue Feng came back to his senses.

In the next second, Yue Feng couldn’t help but whispered to An Qi: “By the way, the queen asked me to come, what’s the matter?”

“

Seeing that he was still a little nervous, An Qi couldn’t help laughing, and then whispered: “What are you nervous about, it wasn’t my sister who passed on you, I asked the maid to call you.”

What?

Yue Feng was stunned for a moment, both angry and funny.

This An Qi is really daring, dare to use the Queen's name to pass herself into the hall?

Just when Yue Feng was secretly sighing, he heard An Qi continue: "Today, my sister is going to punish Xi Lang in public, I specially asked you to come and see."

Hearing this, Yue Feng nodded suddenly.

Speaking of which, what Xilang did yesterday was really shameless.

Chapter 3420

Thinking to himself, Yue Feng looked around the lower hall, and sure enough, he saw Xi Lang standing there, looking trembling and sweating on his forehead.

And that Xibo seemed calm, but there was also anxiety in his eyes.

The atmosphere of the entire hall was also a little heavy and depressing.

"Xibo!"

Finally, the queen's red lips lightly opened and she uttered two words!

Xibo was shocked, and quickly came out: "What is your majesty's order!" The

Queen's delicate face, without the slightest expression, said coldly: "As the commander-in-chief of the Royal City Guards, you are highly used by the royal family, and I have always admired you very much. You, but I didn't expect you to have such a big opinion about me and the royal family."

What? Hearing this, Xibo only felt like a thunderstorm sounded in his mind, he knelt down and said in fear: "I have always been loyal to our Golden Lion Principality and even the royal family. I do n't

know why Your Majesty said that?"

knowledge?

The Queen breathed a sigh of relief and said lightly, "Why do I say this? You ask your son, what did he do yesterday?"

When she said this, the Queen's face was indifferent, but she couldn't hide a bit of anger in her eyes.

This Sirang, at a critical time, abandoned his sister and ran away, how can he not be angry?

Swish!

In an instant, the eyes of the entire hall were all focused on Xi Lang.

Xi Lang's face was extremely pale all of a sudden, and he quickly knelt down and shouted at the Queen: "Your Majesty, calm down, I didn't leave Your Highness An Qi yesterday..."

Before he could finish speaking, he was interrupted by An Qi: "Xilang, in front of me, how dare you lie? Yesterday, when the giant dragon appeared, you immediately fled with people, and didn't care about my life or death, if it weren't for Feng Tao. Knowing the animal language and being able to communicate with giant dragons, I'm afraid I've already been eaten by giant dragons."

Thinking of what happened yesterday, An Qi was furious.

The voice fell, and the other city lords around couldn't help but talk about it.

"At a critical moment, he actually left His Highness An Qi, this Xilang is really outrageous."

"Yes, as the son of the commander-in-chief of the guards, it's really shameful..."

"I was quite optimistic about him, alas. ..." The

surrounding discussions kept coming, Xibo's face was extremely ugly, and he was dripping with cold sweat.

What a shame to have such a son.

At the same time, Xi Lang almost cried, and said in fear: "His Royal Highness An Qi, you really misunderstood me. I didn't want to run, but to go back to save people so that I could fight the dragon.

" Xilang, wanted to cry but had no tears.

I thought that An Qi and Feng Tao were dead last night. Anyway, they sneaked out of the palace and were eaten by a giant dragon. No one knew, and the queen would never find out about her.

But he never expected that An Qi and Feng Tao would come back safe and sound, and they also told the Queen about the situation.

Hehe...

Hearing this, An Qi sneered, not believing it at all.

Seeing that An Qi refused to forgive himself, Xi Lang was completely anxious and continued to explain!

“You bastard!”

However, at this moment, Xibo suddenly roared, huh, this beast actually did such a shameful thing, and still hasn't repented? Immediately walked over and slapped Xi Lang on the face!

“Crack!”

The slap used almost all his strength, and Xi Lang covered his face, his face swollen high.

“Father!” Xi Lang shouted, and almost didn't cry: “Yesterday, I really didn't abandon His Highness An Qi, I ran away at that time, I was going to rescue soldiers!”

“Crack!”
