

## The ultimate husband in Chinese chapter 4331-4340

Chapter 4331

Hearing this, Mo Qing stopped her tears.

In the next second, Mo Qing glanced at Dong Liu, who was slumped on the ground: "Master, what should I do with him?"

"Kill him!"

Hua Yemeng bit her lip tightly, her delicate and beautiful face was full of coldness: "It is also a disaster for such a person to stay in the rivers and lakes. Today, I will take this opportunity to get rid of him."

When he said this, Hua Yemeng's eyes were full of shame and anger.

Dongliu, this bastard, who dared to sully himself just now, he deserves to die.

"Okay!"

Hearing this, Mo Qingyi didn't hesitate at all, holding the long sword tightly, and walking towards Dongliu quickly.

Mo Qing has always been well-behaved, what the master says is what the master says, and this Dongliu has bullied her since he was a child because he is a big brother. Mo Qing wanted to kill him early in the morning, but he only thought about it in his heart before, not at all. Dare to put in practice.

And today, when finally got this opportunity, Mo Qingyi naturally won't let it go.

Pfft!

Seeing this situation, Dong Liu's face instantly turned bloodless, and he was so frightened that he knelt down on the spot, his voice trembling: "Don't kill me, don't kill me, Deputy Sect Master Hua, Junior Sister Qingyi, I was I'm obsessed, I'm shameless, I'm despicable, I'm not a human... Please, spare my life."

At this time, Dongliu, almost crying, kept kowtowing in apology.

To be honest, he didn't want to be so cowardly, but he had no choice. The sword just pierced through his heart, and he had no ability to resist. If you don't beg for mercy, you will die.

Scum!

Hua Yemeng was not moved at all, but incomparably contemptuous, directed at Mo Qing: "Kill him!"

Um!

Mo Qing nodded, the long sword turned and stabbed directly at Dongliu!

At this moment, Dongliu's face turned pale, and he was suddenly desperate.

Crash...

But at this critical moment, I heard footsteps coming from outside the water prison, followed by a charming voice: "Senior Brother, are you inside?"

It was Hongxia.

In the evening, Dongliu pretended to be very weak and pushed Hongxia away. After Hongxia left, she felt a little uneasy. In the middle of the night, she went to Dongliu's room, but Dongliu was not there.

Hongxia knew that Dongliu admired Hua Yemeng and guessed that he must have come to the water prison, so she came to check.

Here comes!

At this moment, Mo Qing was startled, quickly put away the long sword, turned around to support Hua Yemeng, and left from the back door of the water prison. The Shanshui Prison behind Jianzong has two exits because of its unique location.

Before leaving, Mo Qing turned back and glared at Dong Liu: "You are lucky today."

With that, Mo Qing helped Hua Yemeng to leave quickly.

To be honest, Mo Qingyi is not afraid of Hongxia, but this is the main altar of Sword Sect after all, if Hongxia shouts loudly and calls more people, it will be troublesome.

After all, Master has no inner strength in his dantian and needs to be taken care of.

Phew...

Dong Liu let out a long sigh of relief, and suddenly collapsed on the ground, clutching the wound in his heart, secretly rejoicing.

Fortunately, Hongxia came in time, otherwise I would really die today.

At this moment, Hongxia brought two Sword Sect disciples and walked in quickly. Seeing the scene in front of her, her tender body trembled.

“Senior Brother!” The

next second, Hongxia let out a coquettish cry, and hurried over to help Dongliu up: “How are you? Are you all right?”

After speaking, Hongxia said to her two companions, “Quick, Hurry up and invite Master to come.”

The two disciples looked at each other, didn’t dare to neglect, and hurried out.

After a while, Mu Jianli walked quickly into the water prison, surrounded by several disciples.

what’s the situation?

Seeing the scene in front of him, Mu Jianli’s face was gloomy and inexplicably annoyed.

I saw that the eldest disciple Dong Liu’s heart was full of blood, his face was pale and he was dying, but Hua Yemeng disappeared.

Soon, Mu Jianli came to his senses and took out Qing Yidan for Dongliu to take. Qingyidan is the holy medicine for Jianzong to heal wounds. Even if Dongliu’s heart is injured, as long as he takes Qingyidan, he can temporarily save his life.

Huh...

A few minutes later, Dongliu’s expression improved, and he looked at Mu Jianli with fear and confusion: “Thank you, Master.”

At this time, Dongliu was very terrified.

If Master knew that I had broken into the water prison privately, and that I was still plotting against Hua Ye Meng, I would definitely not forgive me lightly.

Chapter 4332

“Winter Liu!”

Mu Jianli’s face was gloomy, and he asked Dongliu: “What’s going on? What are you doing in the water prison in the middle of the night? Who injured you? Also, where did Hua Yemeng go? already?”

Huh!

At this moment, Hongxia and other Sword Sect disciples next to them also watched Dong Liu closely, waiting for his answer.

Dongliu took a deep breath and said weakly, "The disciple was out on patrol tonight, and I overheard the movement in the water prison, so I came over to have a look. After arriving, I saw that Mo Qingyi was about to save Hua Yemeng and leave. When

he said this, Dongliu had a serious look on his face, but felt uneasy in his heart.

Entering the water prison privately, and preparing to sully the dream of flowers and leaves, this matter must not be said, only a lie can be made up.

"Mo Qing ran back?"

Hearing this, Mu Jianli frowned: "She took Hua Ye Meng away?"

"Yes!"

Dong Liu nodded, very humiliated and angry: "At that time, the disciple wanted to stop him. How could he know that Mo Qingyi, who learned the swordsmanship from nowhere, was very cunning and ruthless. The disciple was not an opponent, so she was stabbed with a sword."

What?

Hearing this, Mu Jianli's expression changed, and he was secretly shocked.

The strength of Mo Qingyi is not even ranked among the disciples of Jianzong, but just now, he actually injured his most proud disciple with swordsmanship.

This....

just when Mu Jianli was muttering secretly, Dong Liu continued: "Master, I suspect that Mo Qingyi's swordsmanship was learned from that kid named A Feng..."

It was the same one again. kid.

At this moment, Mu Jianli clenched his fists tightly, holding back the fire in his heart: "Pass my order and send all the disciples down the mountain to capture Hua Yemeng and Mo Qingyi, no matter what, they must be brought back to me. "

Yes, Sect Master!"

Feeling Mu Jianli's anger, the surrounding disciples responded one after another, and then quickly walked out of the water prison.

At this time, Mu Jianli was very angry, and his face was extremely ugly. Last night, it was the one named A Feng who hurt so many disciples of Jianzong. Now, Mo Qing has hurt Dong Liu again.

In the final analysis, that kid's swordsmanship is too strong, and this swordsmanship must be obtained no matter how much it costs.

"Master!"

Seeing his face, Hongxia couldn't help but comfort her: "You calm down, the two Hua Yemeng can't run far, you forgot, you abolished her cultivation in the square before. , is now a waste, even if you get down the mountain by chance, you won't be able to run far."

Saying that, Hongxia couldn't help but glance at the weak Dongliu, and continued: "Senior brother has been hurt, and now the most important thing is It's healing."

Hmm!

Hearing this, Mu Jianli responded, and his expression softened slightly.

....

on the other side.

Located 80 miles northwest of Jianzong, there is a lake, and the lake is an antique manor.

This manor was originally a place for wealthy businessmen to recuperate. However, three days ago, it became a secret stronghold of the Five Poison Sect. After Ji Hongshang led the disciples of the Five Poison Sect into Dongao Continent, she began to look for a place to live, and finally locked it. this manor.

At this time, inside the manor hall.

Ji Hongshang was sitting there, wearing a deep red dress, indescribably charming and charming, but her complexion was very bad, a bit pale, and her mood was extremely bad.

After living in this manor, Ji Hongshang began to press Bai Yunfei, how to fully integrate the power of the devil soul, but after several times of pressing, Bai Yunfei refused to say a word.

This made Ji Hongshang very angry.

Now that three days have passed, Ji Hongshang can clearly feel that the power of the demon soul in the body is already showing signs of disorder. If it is not completely solved, I am afraid of endless troubles.

In front of Ji Hongshang, there were more than a dozen elite disciples standing, all of them bowing their heads and looking nervous.

“Sect Master!”

Finally, one of the elite disciples took a step forward and respectfully said to Ji Hongshang: “Then Bai Yunfei refused to say it, I don’t think we need to waste time on him.

” There are many famous doctors on the rivers and lakes of Dongao Continent, or if the disciples arrest those famous doctors, they may be able to solve the situation of the suzerain...”

Chapter 4333

Call!

Hearing this, Ji Hongshang breathed a sigh of relief and nodded: “Okay, just do as you said.”

Bai Yunfei refused to speak, and had to use other methods.

“Sect Master, rest assured, your subordinates will bring those famous doctors back as soon as possible.”

Seeing Ji Hongshang’s promise, the disciple was full of excitement, and hurriedly responded, and hurriedly left the hall with the others.

...

Valley of Flowers!

Hundred Flowers Valley is located in the north of Dongao Continent. There are many mountains and few people here. However, there is a valley between the mountains and forests. The valley is full of exotic flowers and grasses.

Although Baihua Valley has beautiful scenery and many famous wild herbs, but also because of this, there are many poisonous insects and beasts dormant in the valley. Therefore, for thousands of years, many people from all corners of the world have explored and collected medicines, but very few of them have successfully left. They were not poisoned by poisonous insects. To die is to be bitten by a beast.

But half a year ago, Qin Sheng Mu Xixi and his disciple Song Qian passed by here and saw the charming scenery of Baihua Valley, which raised the idea of living in seclusion here.

At that time, Mu Xixi and Song Qian, with their powerful strength, completely eliminated the poisonous insects and beasts in the Hundred Flowers Valley, and then built an elegant small courtyard.

Because it is in the Valley of Baihua, the courtyard is called Baihuacaotang.

Since then, Mu Xixi and Song Qian have lived in seclusion in Baihua Valley, living a life of indifference to the world.

Later, some people from all corners of the world came to Baihua Valley to collect herbal medicine. They were rescued by Mu Xixi because of indiscriminate drug use. Mu Xixi had stayed with Yue Feng for a while. When Yue Feng was studying medicine, Mu Xixi also Watching from the sidelines, over time, she has achieved some achievements in medical skills.

The rescued Jianghu people were very grateful to Mu Xixi. After leaving Baihua Valley, they told more people about their experience, saying that there was a beautiful goddess doctor in Baihua Valley.

In less than half a year, the story of the goddess doctor in Baihua Valley spread almost all over the rivers and lakes of Dongao Continent.

At this time, in the Hundred Flowers Thatched Cottage, Mu Xixi sat cross-legged on the grass and closed her eyes.

Next to her, Song Qian also leaned against the windowsill for a lunch break.

“Excuse me, is the goddess doctor here?”

At this moment, a polite voice came from outside the cottage.

Swish!

Hearing the voice, Mu Xixi opened her eyes, and her delicate face showed a bit of displeasure.

I thought that living in seclusion in Baihua Valley would be very clean, but I never thought that every few days, people from all corners of the world would come to seek medical treatment.

It's a real headache.

“It’s really annoying!”

At this time, Song Qian also woke up, frowning lightly, “Master, if you don’t want to see me, I’ll send him away.” After speaking, Song Qian got up and was about to go out.

Mu Xixi waved her hand and said softly: “Forget it, since he’s here, ask him if he needs help.”

Although Mu Xixi has a cold and arrogant personality, she is also very kind in her heart. People in the rivers and lakes should help each other, and it is not good to drive people out directly.

While talking, Mu Xixi got up and walked out.

Song Qian quickly followed.

When I got outside, I saw a man standing outside the thatched cottage door. He was wearing a dark blue long gown.

“Under Yuantong.”

Seeing Mu Xixi’s master and apprentice coming out, the man saluted respectfully: “It’s a disciple of Fengzhuang, and I have seen the goddess doctor.”

Fengzhuang?

Hearing this, Mu Xixi frowned, and she and Song Qian looked at each other, and they were a little puzzled by each other.

What sect is Fengzhuang? The two masters and apprentices have lived in seclusion in Dongao Continent for nearly half a year and have never heard of it.

Thinking to herself, Song Qian couldn’t help but ask: “Is your Fengzhuang a sect?”

Haha...

Hearing the question, Yuan Tong smiled slightly: “Master Hui, our Fengzhuang is a sect, which was established recently, you didn’t l’ve heard of it, and it’s normal.”

When he said this, Yuan Tong was polite on the surface, but there was a strange light in his eyes.

Yes, Fengzhuang is the manor occupied by Ji Hongshang, and this Yuantong is a disciple who was ordered to come out to find a famous doctor. During this time, the name of the goddess doctor Mu Xixi became more and more popular in the rivers and lakes. These five poisonous sects Disciple, the first to stare at her.

## Chapter 4334 Huh

...

At this time, when he heard Yuan Tong's answer, Mu Xixi nodded: "It turned out to be a newly established sect, you came to me, what's the matter?"

Yuan Tong smiled, very He said politely: "The owner of my house heard that there was a goddess doctor in Baihua Valley, and he admired it very much, so he specially sent me here to invite the goddess doctor to Fengzhuang for a talk."

What?

Hearing this, Mu Xixi smiled lightly and said in a tactful tone: "You and your village owner don't know each other, and I don't want to go far, so let's forget it."

"Break through quickly, you don't want to go anywhere."

More importantly, this newly established Fengzhuang has nothing to do with himself, and is really not interested in making friends.

Uh...

Seeing her refusal, Yuan Tong was very embarrassed, but he still smiled and begged: "The goddess doctor don't refuse first, to be honest, the owner of my house has recently suffered from a strange disease, and the lotion has been greatly affected. I'm suffering, and I asked the goddess doctor to come with me and show the owner of my house."

It turned out that he came to see a doctor.

Mu Xixi froze there, silent.

"Goddess doctor."

At this time, Yuan Tong continued to say with a sincere expression: "Life is at stake, if the goddess doctor saves the owner of our house, we in Fengzhuang will definitely be grateful to Dade. The Buddhists say: saving one life is better than making seven grades. Buddha, the goddess doctor is very graceful, and she should not die without saving, right." I

have to say, this Yuantong is very good at talking, for a while, Mu Xixi put down her worries and nodded: "Okay, since you I sincerely invite you, then I will go with you."

After speaking, Mu Xixi ordered Song Qian, "Qianer, pack up, let's go."

"Okay!"

Song Qian nodded, then quickly turned around and went into the room to pack her bags.

A few minutes later, Mu Xixi and Song Qian followed Yuantong to leave Baihuagu and headed towards Fengzhuang.

At this time, Mu Xixi didn't know that she was facing a trap.

.....

At this moment, the main altar of Danzong.

On the mountain behind the main altar of Danzong, there is a huge alchemy room. This alchemy room is completely transformed from a natural cave and has a large scale.

At this time, in the alchemy room, the elder Lin Mu was sitting there, quietly observing the alchemy furnace in front of him.

Below the Dan furnace, the fire is burning vigorously.

There are five elders in Danzong. Each elder has a very high achievement in the art of alchemy, but the most skilled is Rinmu. It is said that Rinmu entered Danzong at the age of five, and now he is sixty-five years old. For 60 years, he has not left the alchemy sect, and he has devoted himself to studying the technique of alchemy every day.

As a result, Linmu was also dubbed 'Danchi' in Danzong. '

And at this time, Lin Mu was refining a kind of medicinal pill 'Jueyuan Dan' that was lost two years ago. The so-called Jueyuan Dan, as the name suggests, after taking it, the inner power of the dantian will be instantly emptied, which is very domineering.

Swish swish...

But at this moment, I heard a few breath fluctuations from outside the alchemy room.

Who is rushing into the alchemy room?

When the alchemy was disturbed, Rinmu was very unhappy, and immediately strode out. When he went outside, he was stunned when he saw the scene in front of him.

I saw that there were several men in black standing outside the alchemy room. These men in black covered their faces, only showing a pair of eyes, and they were not good people at first glance.

"Who are you?"

After being stunned for a few seconds, Rinmu frowned and asked, "Dare to trespass into the forbidden area of Danzong?"

Hearing the scolding, several masked men were not nervous, but looked at each other and talked in a low voice.

"Is it him?"

"That's right, Rinmu, the head of the five elders of Danzong, has extremely high attainments in the art of alchemy. If he is captured, he may be able to help."

"Then don't talk nonsense. ."

Under the discussion, several masked people couldn't help but rush over to surround Rinki.

Yes, these masked people are the disciples of the Five Poison Sect. They came to arrest Rinmu at this time to help Ji Hongshang solve the power of the demon soul.

What a bold man!

Looking at the masked men rushing up, Rinmu was furious. At that time, his inner strength urged him to directly attack him. However, he was skilled in alchemy, but his cultivation strength was not very good, and he was quickly caught.

Afterwards, several masked men quietly took Rinki out of the forbidden area in the back mountain.

It is precisely because the alchemy room is a forbidden area and no disciples come here on weekdays, so Rinmu was arrested and no one saw it at all.

#### Chapter 4335

During this day, the disciples of the Five Poison Sect acted simultaneously in various places in Dongao Continent. Not only did they deceive Mu Xixi and forcibly arrest Linmu, but also other famous doctors were also brought to Fengzhuang by various methods. .

....

the other side!

On Dongao Continent, about a hundred miles northwest of Jianzong, there is a mountain forest.

In the mountain forest, a figure rushed forward, and the blood-marked face was dripping with sweat. It was Yue Feng.

After escaping from Jianzong, Yue Feng had been flying for several hours and was already very tired, but Yue Feng did not stop. Because he knew that he had killed so many disciples of Jianzong, and Mu Jianli would not let it go.

Seriously, if Yue Feng would not have been so embarrassed before, but there is no way, the power of the Faye Red Lotus has not been fully integrated, and in the previous battle, Yue Feng has consumed a lot of strength, and continued to confront Jianzong head-on, It's self-destruction.

call!

I don't know how long it took to run, but Yue Feng breathed a sigh of relief. Seeing a small stream in front of him, he was instantly refreshed.

Muttering in his heart, Yue Feng walked quickly to the stream, washed his face first, then poured a few mouthfuls of river water, and sat by the river to rest.

Alas...

While resting, Yue Feng's thoughts were surging, and he unconsciously thought of Hua Yemeng and Mo Qingyi.

I'm gone, Jianzong won't deal with Hua Yemeng, right?

Although she is the deputy suzerain, I broke into her room in the middle of the night and was seen by so many people. It was difficult to explain who it was.

And Qingyi, will she also be implicated?

Muttering, Yue Feng thought about it, she and Hua Yemeng were not friends. If she wanted to protect herself, she only needed to tell her true identity.

Thinking to himself, Yue Feng is no longer worried.

Whoops!

However, at this time, there was a sudden sound of footsteps behind him. The footsteps were very dense and fast. Obviously, they were all experts in the rivers and lakes!

Hearing the movement, Yue Feng quickly looked back.

hiss!

Seeing this, Yue Feng almost jumped up from the ground, and at the same time he couldn't help gasping for air, very speechless.

Nima, this sword sect is coming so fast, it is bound to be with me forever.

I saw a few people coming from the direction behind them, all of them filled with a powerful breath, holding a long sword, murderous, and they were the six elders of Jianzong.

At the same time, the six elders also saw Yue Feng, and they were immediately refreshed and shouted angrily. "Stinky

boy, let's see where you're going!"

"Killed so many of our disciples, hurry up and capture!"

"You can't escape, accept your fate!"

Surrounded by a group.

Mad!

Yue Feng stood there, motionless, but his face was extremely gloomy.

That Mu Jianli really looked down on me so much that he even expelled all the six elders.

Thinking about it, Yue Feng smiled slightly, with a cynical attitude, and said to the six elders: "Let's stay on the line, see you in the future, do you Jianzong want to kill me?"

Having said that, Yue Feng sighed lightly and continued: "I'm just a nobody, so there's no need to engage in such a big battle, right?"

Huh?

Hearing this, the six elders looked at each other in dismay, and their hearts were all stunned.

This kid is quite courageous. Even in this situation, he can still laugh?

In the next second, the Great Elder Tang Yun couldn't help shouting angrily: "Don't chat with us, quickly put down your weapons and surrender, and return to the main altar with us, maybe you can save a life."

"If you are stubbornly resisting, then Don't blame us for being rude." The

voice fell, and the other elders nodded.

“Execute them on the spot.”

Yue Feng showed a smile and answered indifferently: “You think I’m stupid? If I go back with you, I’ll be the only way to die. Well, hurry up and leave, I don’t think I see you. , otherwise, I have no choice but to be rude.”

What?

Hearing this, whether it was Tang Yun or the other elders, their faces were instantly blue and angry.

This kid is really crazy. Not only does he not surrender, but he dares to threaten us?

“Stop talking nonsense with him!”

At this moment, Tang Yun’s eyes were full of anger, and he shouted: “Come together, first teach him a lesson, and then take it back to see the sect master.”

## **The ultimate husband in Chinese chapter 4336-4340**

Chapter 4336

How can you endure being despised by a dignified Jianzong elder?

When the words fell, Tang Yun pulled out his long sword and came straight towards Yue Feng!

Swish...

The voice fell, and the other elders also urged their inner strength, clenched their swords tightly, and attacked Yue Feng.

Ugh! let’s hit!

Seeing the six elders attacking at the same time, Yue Feng was very helpless. He sighed secretly at that time, then clenched his long sword and went up to face it, fighting fiercely with the six elders.

Dangdangdang....

If anyone sees this scene at this time, they will definitely be shocked.

In the entire Dongao Continent, the person who can make the six elders of the Sword Sect take action at the same time is absolutely extraordinary.

He saw that Yue Feng was waving his long sword like a wandering dragon. His figure was elegant and he was constantly shuttled among the six elders. Although the swordsmanship of the six elders was fierce, he couldn't even touch the corner of his clothes.

Yes, what Yue Feng used was the Tiangang sword technique.

It's just that Yue Feng fought continuously and ran non-stop for several hours before, and the power of the red lotus of law fused in his body has been exhausted.

It can't be beat like this.

For a time, Yue Feng's speed became slower and slower, and his heart became anxious.

mad.

This chapter is provided by . Visit for daily update.

At the same time, Tang Yun and the other elders were all anxious.

Six people can't even win a kid. If it spreads out, the prestige of Jianzong will be ruined.

Thinking of this, Tang Yun and the other elders looked at each other, and all the internal energy burst out, and at the same time, the shot was getting faster and faster.

Chi...

Finally, taking advantage of Yue Feng's unpreparedness, Tang Yun stabbed a wound on his shoulder. At that time, Yue Feng groaned, and blood poured out instantly, staining his clothes red.

"Hahaha..."

Seeing this scene, Tang Yun was full of pride and laughed loudly: "Boy, should I advise you to surrender obediently? You can't hold it any longer. If you fight again, you won't be able to save your life.

", Tang Yun was originally very jealous of Yue Feng. After all, when they fought at the main altar before, this kid broke their Shengren sword formation.

However, when he noticed Yue Feng's weak appearance, he immediately lost his worries.

In the face of Tang Yun's mockery, Yue Feng ignored them, but swung his long sword and continued to fight them fiercely. But at the same time, Yue Feng was also constantly observing the surrounding environment.

Click!

A few seconds later, Yue Feng retreated while fighting, suddenly raised his hand with a sword, and cut off a tree with the thickness of an arm. After cutting it, Yue Feng grabbed it and stuck it on the ground.

Yes, Yue Feng is going to use the formation to deal with the six elders. You know, his strength is exhausted immediately, and it is no longer possible to fight recklessly.

Um? What is this kid doing?

Seeing this scene, Tang Yun frowned secretly, and then he couldn't help sneering and sneering: "Boy, do you want to use these trees to deal with us? It's so naive, I tell you, you can't run today!"

Yue Feng ignored it. He is still fighting while cutting down the surrounding trees!

And after cutting down these trees, Yue Feng would just put them aside. In less than a minute, dozens of trees were planted around Yue Feng.

Mad, something is wrong!

At first, Tang Yun didn't take it to heart, but as he saw more and more trees around him, he felt something was wrong. He clearly saw that these trees seemed to be in a mess, but after careful consideration, there seemed to be another mystery...

"Alas!"

Just as Tang Yun was muttering secretly, Yue Feng showed a smile and sneered: "Thank you all. Jianzong has passed down the great sect for nearly a thousand years, and the six dignified elders can't catch me as a nameless soldier. I see, don't go back, find a place to live in seclusion, so as not to embarrass Jianzong!

"I tell you, if you can't catch me today, it will be my grandson!" The

voice fell, and Yue Feng quickly entered the wooden formation.

Yes, Yue Feng just set up a wooden formation among the five elements. It seems simple, but in fact it is extremely mysterious.

"Looking for death!"

Hearing Yue Feng's ridicule, Tang Yun exploded with anger, and said angrily, "You brat who

doesn't know how to live or die, how dare you speak up?" At the same time, the other elders were also very angry.

The six elders of the dignified sword sect have an extraordinary status, but at this time they are mocked by an unknown pawn, how can they bear it?

Chapter 4337

"Cut off his feet!"

In anger, Tang Yun didn't hesitate at all, clenched his long sword and rushed in directly.

To be honest, Tang Yun at this time could not wait to kill Yue Feng immediately, but the sect master said that this kid must be captured alive, so he had to cut off his feet to vent his anger.

Wow...

At the same time, the remaining elders also rushed into the wooden formation.

Haha...

Seeing Tang Yun and the elders rushing in, Yue Feng showed a smile, and his heart was very funny.

With this little IQ, it is still the six elders of the Sword Sect, who just rushed in with a little provocation.

"Stinky boy!"

Seeing that Yue Feng was still able to laugh at this time, Tang Yun felt humiliated and shouted angrily: "You can still laugh when death is imminent. Can you stop us? It's so naive." With

that, Tang Yun's inner strength exploded, ready to cut off Yue Feng's legs with the other five elders. However, what happened next made him stunned.

At this time, Tang Yun was surprised to find that the wooden stakes in front of him seemed to be alive. He was very close to Yue Feng, but these wooden stakes would move, keeping him and Yue Feng apart.

what's the situation?

This is so wicked.

At the same time, the other five elders were also sweating profusely, and they were all in shock.

what happened?

It's just a piece of wood, why does it seem like it has entered the ecstasy array?

In amazement, Tang Yun and the five elders looked at each other and continued to chase Yue Feng, but the more they hurried, the faster the stakes turned in front of them, and in the end, they were a little dizzy.

“No!”

Finally, Tang Yun stopped, glared at Yue Feng who was a few meters away, and said fiercely, “This kid has set up a formation and trapped us all.”

Formation?

Hearing this, the other five elders were stunned, staring at Yue Feng not far away, their heads buzzing, it was incredible.

Who is this kid? Not only is he skilled in swordsmanship, but he is also proficient in Qimen Dunjia.

I haven't heard of this character on the rivers and lakes.

Haha...

Seeing this scene, Yue Feng quickly walked out of the wooden formation, then looked at Tang Yun who was trapped inside, his face was full of abuse, and he said with a smile: “Several elders, you guessed right, this is true. It's a wooden formation, but you only realize that it's too late now.”

“I still have things to do, so I won't accompany you. We will have an appointment in the future. If we are destined in the future, maybe we can meet again.”

“Goodbye!” The

last two words were finished . , Yue Feng laughed and turned to leave.

Mad!

At this moment, Tang Yun almost vomited blood, and kept howling: "Stinky boy, you are not proud, a mere wooden formation can't trap us at all, I will catch you sooner or later..." The

howling continued. When it came, Yue Feng ignored it, and disappeared at the end of the stream in a blink of an eye!

boom!

Seeing Yue Feng walking away, Tang Yun almost exploded with anger, and slapped a wooden stake in front of him, his face extremely ugly.

I thought that the six elders of the dignified sword sect, all of them, could easily capture this kid back, but I never expected that he would be trapped by some wooden stakes.

Shame, what a shame!

At the same time, the other five elders were also terrified.

"Ma De, let him run away!"

"What a shame, none of the six of us caught him."

"This kid is too evil..."

Hearing the other elders' words, Tang Yun's face became even gloomier, and then Taking a deep breath, he said patiently: "Okay, don't talk about this, hurry up and see if you can find an exit!" With

that, Tang Yun put away his long sword and started to run around, trying to find an exit.

The other five elders also endured their anger and tried to get out of the wooden formation.

However, more than half an hour later, Tang Yun and the five elders were still trapped in the wooden formation.

.....

On the other side, Yue Feng left the creeks where Tang Yun was trapped, and rushed directly towards the Earth Circle Continent.

After leaving for so long, I don't know how the situation in Diyuang Continent is going?

There are Brother Wen, Dasheng, Yingying and others.

When he thought of these relatives and friends, Yue Feng felt even more at ease.

## Chapter 4338

After several hours of traveling, Yue Feng finally arrived at the border of Donggao Continent, Wuying Mountain.

Wuying Mountain, located in the north of Donggao Continent, stretches for thousands of miles, and there is a gorge in it. Because of the dense forest and the perennial cloud and mist, it is named after it.

Nima, it's almost here.

At this time, Yue Feng slowly landed, looking at the fog shadow mountain in front of him, his heart was indescribably excited.

As long as you pass through the gorge of Wuying Mountain, you will completely leave Donggao Continent.

Phew...

Thinking to myself, Yue Feng took a deep breath and slowly walked towards the mouth of the foggy mountain.

After rushing for a few hours, Yue Feng was a little tired and planned to enter Wuying Mountain to find a place to rest.

Um?

However, before taking a few steps, Yue Feng stopped, looking at the place a few hundred meters ahead, frowning secretly.

I saw a man and a woman standing on the breakthrough not far ahead, looking very nervous.

The man was in his twenties, with handsome features, wearing a blue-gray long gown, holding a strange sickle in his hand, and carrying a bamboo basket on his back.

The woman looks smaller, she should be 18 or 19 years old. She wears a bright yellow dress, which perfectly shows her slender curves. The facial features are exquisite, giving people a youthful, beautiful and innocent charm.

This pair of men and women, standing on the breakthrough hand in hand, looked at the woods not far away, and looked nervous.

The girl, in particular, seemed to be quite frightened, and there was a thin layer of sweat on her forehead.

Clearly, the two were in trouble at first sight.

what happened?

Seeing this scene, Yue Feng frowned secretly and couldn't help muttering in his heart.

Encountered a bandit?

"Uuuuu..."

Just when Yue Feng was thinking about it, he heard a wolf howling coming from the woods far away from the slope. There was only one sound at the beginning, and then, the wolf howling came one after another, constantly echoing. The woods resounded, and there seemed to be a lot of them.

It turned out to be met with wolves.

Hearing this voice, Yue Feng thought about it, showed a smile, and then slowly walked towards the slope.

"You two!"

When they reached Banpo, Yue Feng cleared his throat and said to the couple, "Have you been in trouble?" To

be honest, Yue Feng didn't want to meddle in his own business, but when he saw the couple, I was so scared that I could barely stand still, so I decided to help. After all, people should help each other in the arena.

Swish!

Hearing the sound suddenly, both men and women were shocked and looked back at the same time.

Seeing this, both of them were surprised.

The girl in particular was so frightened that she grabbed the man's arm and exclaimed, "Senior brother, this...is there a savage?" As she said that, she carefully looked at Yue Feng.

At this time, Yue Feng has red hair and a shawl, and his face is also full of blood marks. Although Yue Feng has been integrating the power of Aye Honglian these days, the

color of the marks on his face has become much lighter, but Normal people will still be startled when they see it.

What the hell!

Hearing the girl's words, Yue Feng was very depressed and didn't know whether to laugh or cry.

Is your appearance really scary? Was called a savage?

“girl!”

Thinking to himself, Yue Feng smiled at the girl and said softly: “I'm not a savage, just a passerby passing by here.”

Not a savage?

Hearing this, the girl put down her vigilance, looked at Yue Feng curiously, and said slowly: “If you pass by, be careful, there are wolves in the woods ahead.” As

she spoke, the girl shrank in fear. Behind the man, that careful look is indescribably cute.

Yue Feng laughed all of a sudden, waved his hand and said, “It's just a pack of wolves, there's nothing to be afraid of.”

Yue Feng wasn't talking big, the four innate spirit beasts were all respectful to him, how could they be afraid of a pack of wolves?

“Go go go...”

The man who had been looking at Yue Feng secretly, waved his hand angrily: “Where is the lunatic? Don't bother us.” As he spoke, his eyes were full of contempt and contempt.

This kid, with red hair and marks on his face, is a savage.

In the hearts of men, even if Yue Feng is not a savage, he is still a beggar in all corners of the world. Such a person is not qualified to speak to their brothers and sisters.

Chapter 4339

Hu...

The man's words, Yue Feng didn't take it to heart, but he still frowned.

This guy is quite superior.

In the next second, Yue Feng looked at his outfit, and immediately laughed at himself. The way he looks now is really scary.

“Senior brother!”

At this moment, the girl pulled the man and whispered: “Don’t be so fierce, I don’t think this person is malicious.” After

saying that, the girl turned her head and looked at Yue Feng: “You really Aren’t you afraid of wolves?” The

voice was clear and full of curiosity, and at first glance, it seemed that he had not been deeply involved in the world.

Yue Feng nodded.

Afterwards, Yue Feng walked to the hillside and stared at the woods not far away. He saw that in the woods, hundreds of wild wolves were densely gathered. Each of these wild wolves was huge and his eyes flashed fiercely. , Seen from a distance, green Yingying is a piece of hair, it is hairy.

I go, a lot.

Seeing this scene, Yue Feng took a deep breath and asked the girl, “What are you doing here?”

The environment in this area is dangerous, and most people rarely go to such a place.

“We...” The

girl suddenly became sad when she heard the question, her eyes were red: “Our master has been captured by the bad guys. My brother and I are looking for master. After passing here, who knows that we will encounter a pack of wolves.”

“I heard it before . People say that if you encounter a wolf, run to a high place, so that the wolf will not dare to attack.” At the

end, the girl almost cried.

Master was arrested?

Hearing this, Yue Feng was stunned.

“Junior sister!”

At this time, the man was a little anxious, pulled the girl, and scolded: "This person looks crazy, not normal at all, who knows whether he is good or bad, why do you say anything?"

Speaking, the man looked at Yue Feng with disgust and waved the sickle in his hand: "Hey, don't talk to us, we don't know you, I don't care what your purpose is, hurry up." The

words were full of Contempt, in the eyes of men, Yue Feng is not qualified to speak to their brothers and sisters.

"Senior brother!"

Seeing this situation, the girl was very helpless and comforted: "Don't be like this, maybe he really has a way to drive away the wolves?" The

voice fell, and the man opened his eyes as if he had heard a joke: "You believe him? Junior sister, you seldom walk around the rivers and lakes, and you don't know the dangers of the rivers and lakes. Some people seem harmless to humans and animals, but they actually harbor evil intentions." After

speaking, the man gave Yue Feng a cold look: "This person is extremely strange, who is this guy? Do you know what his purpose was when he came up to chat with him? Maybe, he was a lecher, and seeing that you were good-looking, he deliberately came up to get close to you."

Shuh!

Hearing this, the girl's face instantly turned red, a little shy, and a little helpless.

Nima!

Yue Feng couldn't even laugh or cry, this kid is quite imaginative.

But I have to say that this girl is a rare beauty, but she has so many confidantes, she has no other idea at all, she just came up to help.

Depressed, Yue Feng was too lazy to talk nonsense, and said lightly to the man: "Whatever you think."

When the words fell, Yue Feng walked down the hillside and strode towards the wolves in the woods.

This...

Seeing this scene, the man was shocked, this guy is really a lunatic, he is going to deal with the wolves alone?

At the same time, the girl also trembled, and couldn't help shouting at Yue Feng: "Hey, big brother, what are you doing?" When she said this, her eyes were full of surprise and worry.

There are hundreds of wolves in the woods, how did he deal with it alone? I'm afraid that there will be no bones and scum that will be gnawed.

Hehe...

Hearing the question, Yue Feng turned back and smiled at the girl, with a cynical look on his face: "What else can I do? Of course it is to deal with the wolves." The

girl trembled, unable to hide it. Worrying: "You...don't be impulsive..." The

girl is kind-hearted. Although she just met, she doesn't want to see that Yue Feng is in danger alone.

Just before he finished speaking, he was interrupted by the man.

"Junior sister!" The

man frowned and became impatient: "What do you care about him? If he wants to die, let him go?"

Chapter 4340

said, the corner of the man's mouth evoked a hint of gloom: "It seems that I guessed well before, this weirdo, just likes you."

"Oh!"

Hearing this, the girl's face turned red again, shy He stomped his feet: "Senior brother, what nonsense are you talking about? He just met me, how could he like me?" The

man shook his head and said self-righteously: "You don't know men, especially lecherous men, when you see beautiful If you are a woman, you want to take it for yourself, and men have a common problem, that is, they like to show off their skills in front of beautiful women."

Speaking of this, the man pointed to Yue Feng who was walking down the hillside: "He is now Behavior is a good example. He is going to deal with the wolves now, just to prove his ability in front of you."

“Unfortunately, there is a knife on the head of the color, he is too confident in himself, these wolves will put him to ‘s torn apart.”

“So, you should ignore this kind of person, even if he is eaten by wolves, he deserves it.”

Huh...

Hearing these words, the girl was stunned for a moment. Staring closely at Yue Feng’s back, he suddenly became silent.

After a few seconds, the girl reacted and couldn’t help but whisper: “But... I think he is just helping, and he doesn’t mean to hit me at all.”

Hehe...

Hearing this, the man He shook his head and smiled: “Junior sister, you are still too young.”

“Ow!”

Just as the two brothers and sisters were talking about this, they saw that Yue Feng had already arrived in front of the woods, and in an instant, hundreds of wolves locked him in an instant. , issued a wolf howl, and each and everyone’s eyes flashed with a cold light.

At the same time, the murderous aura of hundreds of wolves permeated the entire forest.

Haha...

Seeing this, the man showed a smile, and his eyes flashed even more coldly.

This stinky beggar-like guy, he actually hit my junior sister’s attention, and he didn’t know how to provoke the wolves. He was really courting death.

At this time, the man had already guessed the result, Yue Feng would be torn to pieces by the wolves.

Huh...

However, the girl standing beside her looked at Yue Feng’s back, and was secretly surprised.

This man is so brave, facing the wolves, he didn’t panic at all.

At this time, Yue Feng is here.

Facing the lock of hundreds of wolves, Yue Feng did not panic at all, instead he showed a smile, and then raised his hand and waved: "Don't be restless, don't be restless."

Huh?

Seeing this scene, the man standing on the hillside was stunned.

This guy is really crazy, how dare he take the initiative to provoke him?

At the same time, the girl also held her hands tightly, and her delicate face was full of surprise and worry.

He...is he really not afraid of death?

"Ow, oow...Ow!"

At this moment, I saw that after seeing Yue Feng's actions, hundreds of wolves not only did not calm down, but instead let out a roar and rushed towards Yue Feng. They opened their bloody mouths one by one, revealing terrifying fangs.

At this moment, the man's heart skipped a beat, and he was almost speechless.

Hundreds of wolves attacked together, and the scene was really shocking.

And the girl on the side was also frightened, and quickly closed her eyes, unable to bear to look any more.

Phew...

Seeing the hundreds of wolves rushing up quickly, Yue Feng took a deep breath and didn't panic at all. He hurriedly activated his inner strength, then raised his dantian, and said to the leading wolf king, "Wolf king, wolf king, I I didn't mean to be provocative, please calm down with your companions."

When he said this, Yue Feng used ventriloquist and used the language of the wolf clan.

After the red lotus was reborn with the help of Faye, all the things on Yue Feng's body disappeared, including the beast-fighting ring that was often used before.

If this was the case before, Yue Feng would definitely use the beast-fighting ring, but now, the beast-fighting ring no longer exists, and Yue Feng can only speak the language of the wolf clan.

When the beast-fighting ring was still around, Yue Feng learned a lot of the language of beasts, including wolf language, through the special spiritual power of the beast-fighting ring.

Therefore, it is no problem to be able to communicate with the wolves in front of him at this time.

Um?

At this time, when he heard Yue Feng's words, the wolf king who rushed in front was stunned and stopped abruptly, looking at Yue Feng in astonishment.
