

## The ultimate husband in Chinese chapter 5081-5090

### Chapter 5081

Half an hour later, Yu Du led tens of thousands of Sea Dragon Palace elites, took hundreds of large ships, and headed for the continent of Kyushu.

...

Lagerstroemia mainland, the gate of Chunyang Palace.

In the elixir pavilion, Xiaorou refined the medicinal pills overnight, and was lying on the soft couch on the first floor, sleeping soundly.

On the second floor, Yue Feng was sitting cross-legged, integrating the power of the Heavenly Marrow Golden Core.

call!

Seeing that it was dawn outside, Yue Feng breathed a sigh of relief, opened his eyes, got up and went down to the lobby on the first floor, ready to go out to breathe the fresh morning air.

However, at this moment, a charming figure slowly walked in.

It is Jiang Hongyu.

Today Jiang Hongyu is wearing a long white dress, looking immortal and extremely charming.

How did she come?

Seeing Jiang Hongyu, Yue Feng was stunned for a moment, and after taking a deep look at her charming curve, he landed on her hand.

I saw that Jiang Hongyu was holding two bowls of hot breakfast in her hands.

“Pavilion Master!”

Jiang Hongyu seemed a little embarrassed when she got to the front, her face was a little red, and she said softly: “I really thank you at the martial arts conference yesterday, I don’t know how to thank you, so I specially prepared it for you and Xiaorou. Breakfast.”

This chapter is provided by . Visit for daily update.

While speaking, Jiang Hongyu put the breakfast on the table.

After the martial arts conference, in front of Yue Feng, Jiang Hongyu completely lost her previous arrogance, but her unspeakable gentleness and humility.

Speaking of which, at yesterday's martial arts conference, facing Xu Wenliang's constant provocation, Jiang Hongyu had already prepared for the destruction of his reputation, but he never thought that Yue Feng would come forward at a critical moment.

More importantly, Yue Feng didn't have the slightest strength, and Xu Wenliang, who was able to fight in the end, knelt down and begged for mercy.

The scene at that time, looking back on it now, is inspiring.

In Jiang Hongyu's heart, it was Yue Feng who kept her reputation and the prestige of Chunyang Palace, so it was nothing to cook him a breakfast in person.

I'll go...

Seeing Jiang Hongyu's humble look, Yue Feng was also stunned. Is this the same Jiang Hongyu who is aloof? It's only been a day's work, it's like a different person, and you cook for me yourself?

Thinking to himself, Yue Feng showed a smile: "Thank you." Then he picked up his breakfast and took a sip.

Hmm...the taste is not bad.

"How is it?"

Seeing Yue Feng drinking down, Jiang Hongyu quickly asked, her delicate face showing some anticipation. You know, this is the first time she has cooked for a man.

Yue Feng showed a smile, nodded approvingly and said, "This porridge is cooked very well."

With Yue Feng's approval, Jiang Hongyu felt relieved.

Wow...

At this moment, Xiaorou smelled the fragrance, sat up suddenly, rubbed her eyes and got up, staring at the porridge on the table: "It's so fragrant, Sister Hongyu, do you have mine? "

Yes!" Jiang Hongyu couldn't help laughing: "Didn't you see that I brought two copies here?" When she spoke, she looked at Xiaorou with love.

Xiaorou grew up in Chunyang Palace since she was a child, and has the best relationship with Jiang Hongyu. In Jiang Hongyu's heart, she is like her own sister.

Hearing the answer, Xiaorou cheered, and quickly walked over to take a sip of porridge, she couldn't help but admire: "This porridge is so fragrant, Sister Hongyu, if you can bring us breakfast every day from now on."

Xiaorou spoke without restraint, saying what she wanted to say.

Swish!

Hearing this, Jiang Hongyu's beautiful face suddenly turned red, and she said angrily: "You think so beautiful, how can I make breakfast for you every day?"

As she spoke, Jiang Hongyu looked at it subconsciously. Yue Feng glanced at him, unable to express the embarrassment.

When she came to deliver breakfast just now, in order to avoid being seen by others, Jiang Hongyu was very careful along the way. After all, she was the eldest disciple of the Palace Master, and she took the initiative to deliver breakfast to the Pill Pavilion Master. She hesitated for a long time. decision made.

It's just this time today that I've been very careful. If I come to deliver breakfast every day in the future, it's inevitable that no one will find out. She and Xiaorou have nothing to do, just afraid that someone will gossip about her and Yue Feng.

Chapter 5082

Hearing Jiang Hongyu's answer, Xiaorou stuck out her tongue playfully and continued to drink porridge.

"Pavilion Master!"

This is what Jiang Hongyu thought, walking to Yue Feng, biting her lip and saying, "Last night, Beihai Xingsu sent someone to invite the pavilion master to visit their suzerain. "

Go to Beihai Constellation?

Hearing this, Yue Feng frowned: "What are you going to do there?"

Jiang Hongyu smiled lightly: "Maybe it has something to do with alchemy."

Alchemy?

Yue Feng couldn't help but chuckle, and secretly muttered in his heart, this Beihai Xingsu really doesn't consider himself an outsider. Let me get through? Thinking to himself, Yue Feng waved his hand and said lightly: "If you don't go, just tell the

people in Beihai Xingsu, and say I'm busy and don't have time."

It has also merged more than half, as long as you stick to it, in ten days, the divine power in the body will be completely restored.

In this case, Yue Feng just wanted to stay in the Pill Pavilion quietly and didn't want to go anywhere.

"Pavilion Master!"

Hearing the answer, Jiang Hongyu quickly took his arm and persuaded him, "The sect master of Beihai Xingsu said that he wanted to see you. If you don't go, it would be inappropriate."

"You know, Our Chunyang Palace has always been an ally with Beihai Constellation, and we have helped each other for many years." At the

end of the story, Jiang Hongyu hesitated, biting her lip and said, "And...and, Master has already handed over this matter. Me, let me go with you, if you don't go, how can I explain to Master?"

Uh...

Seeing her like this, Yue Feng had no choice but to nod with a wry smile: "Well then, I'll accompany you for a trip."

Great!

Seeing his promise, Jiang Hongyu was very happy, smiled and nodded and said, "Okay, then I'll wait for you at the exit of the mountain gate." After speaking, she walked out quickly.

.....

There is a magical lake in the northwest of the Lagerstroemia Continent. There are more than a dozen large and small islands on it, and these islands are rich in a kind of night pearl, which will sparkle every night, far away. It looks like a starry sky.

Therefore, it is called the constellation, and it is also the main altar of the Beihai constellation.

Beihai Constellation has a history of thousands of years, which can be said to be profound. Up to now, the position of Sect Master has been passed down for thirty-six generations.

The current Beihai Xingsu Sect Master, called Deng Shiqi, is in his thirties, and his strength is unfathomable.

At this moment, in the main hall of the main altar, Deng Shiqi was sitting on the throne of the suzerain in a gray long gown. In front of him, the elders of Beihai Constellation stood there respectfully.

At this time, a disciple quickly walked over and said respectfully: "Qi report to the sect master, the Pill Pavilion Master of Chunyang Palace, and the palace master's eldest disciple Jiang Hongyu." Is the

Pill Pavilion Master coming?

Hearing this, Deng Shiqi raised his eyelids and said indifferently, "Please come in."

"Yes, Sect Master!" The disciple responded and quickly turned around and went out.

After a while, the disciple came back, followed by Yue Feng, Jiang Hongyu, and Xiaorou.

Speaking of which, Xiao Rou was not qualified to meet the sect master of Beihai Constellation, but she is not only Yue Feng's daughter, but also a personal maid, so she needs to follow Yue Feng wherever she goes.

Swish!

At this moment, all the eyes in the hall converged on Yue Feng.

I saw that Yue Feng was only wearing a simple white gown, and he was still young, so he didn't look like an alchemy master at all.

For a time, both Deng Shiqi and the surrounding elders frowned.

Is this person the Lord of the Pill Pavilion? It doesn't look like it at all.

At the same time, many male disciples from Beihai Constellation were also attracted by Jiang Hongyu. This time, when he came to Beihai Constellation, Jiang Hongyu specially dressed up, wearing a long lavender dress, which was indescribably gentle and charming.

pretty.

She is indeed the first beauty among the younger generation of Chunyang Palace. This Jiang Hongyu is really temperamental.

At this time, Jiang Hongyu came to the front and bowed politely to Deng Shiqi: "Jiang Hongyu, I have seen the sect master!" The

voice fell, and Yue Feng, who was next to him, also bowed his hands symbolically.

Chapter 5083

Speaking of which, it is not that Yue Feng is arrogant and does not understand etiquette.

In Chunyang Palace, as the master of the Pill Pavilion, his status is second only to the master of the palace. Even if the master of the palace sees it, he must be polite and courteous. In this case, seeing the suzerain of Beihai Constellation, naturally, there is no need to give a big gift.

However, seeing Yue Feng's casual look, everyone present was a little unhappy.

Swish!

Seeing that Yue Feng just bowed his hands at this time, without salute at all, the elders present were even more angry.

"This is the Pill Pavilion Master?"

"It's really no rules at all..."

"Hmph, too arrogant..."

Yue Feng just pretended he didn't hear the comments from the people around him.

Jiang Hongyu was a little embarrassed, so he quickly helped to smooth things out, and said to Master Deng: "Sect Master, please forgive the rudeness of the pavilion owner, it is like this, in our Chunyang Palace, the pavilion owner's status is second only to my master, even if you see my master, No salute."

Phew!

Hearing this, Deng Shiqi nodded, restrained his displeasure, and said lightly to Yue Feng: "I heard that you have high attainments in medicine pills?"

His tone was indifferent, showing a sense of superiority. gesture.

Yue Feng smiled slightly: "I understand a little bit."

Deng Shiqi stopped talking nonsense, raised his hand, and suddenly a closed disciple came over, poured a pill from a jade bottle, and saw that the pill was ice blue. At first glance, it looks like an ice hockey puck, but it is a real medicine pill.

However, the medicinal pill looks good on the surface, but has no spiritual energy.

Obviously, this medicine pill has long since expired.

“Sect Master!”

Yue Feng glanced lightly and said, “What are you going to do with a failed medicinal pill for me?” This elixir has been ineffective for a hundred years.

Deng Shiqi’s eyes flickered, showing a hint of admiration, and said with a smile: “It seems that you really have some ability, but you can see that it is ineffective at a glance.”

“I believe you can see that, this medicine is called ‘Yubing’ Dan’, can stabilize the mind and prevent practitioners from going crazy.”

“So, I asked you to come this time, because I want you to help me refine a few jade ice pills.” The

voice was not loud, but there was no doubt.

At the same time, Deng Shiqi’s expression became a little dignified.

The reason why he sent someone to invite Yue Feng to refine Yubing Dan was to treat her wife.

Three years ago, Deng Shiqi’s wife went into trouble because of careless cultivation. At that time, Deng Shiqi found out in time and rescued her, so that her wife escaped without losing her life, but since then, her whole person has become confused.

Not only that, but every once in a while, Madam seems to be out of her mind, shouting and making a lot of noise in the room, which has always caused Master Deng to have a headache.

I heard that Yubing Dan can treat the sequelae left by this kind of mischief. Deng Shiqi rescued people to find them, but all the ones found were invalid. There was no other way, so he had to invite the Pill Pavilion Master of Chunyang Palace to come.

Swish!

At this time, Deng Shiqi’s voice fell, and the eyes of the audience were once again focused on Yue Feng.

Especially those elders, each with a cold and arrogant expression, as if Yue Feng gave them the alchemy of Beihai stars, which is a matter of course.

Ha ha...

Feeling this kind of atmosphere, Yue Feng felt very unhappy. He didn't talk nonsense at the time, and said bluntly: "I'm sorry, I don't practice!"

What?

Hearing this answer, both Deng Shiqi and the elders present were all stunned.

This kid actually refused?

Does this not take our North Sea Constellation seriously?

Too arrogant, too hateful.

The next second, the first elder reacted, staring at Yue Feng and scolding: "What did you say? Our Sect Master has spoken in person, you said you don't practice? Are you planning to give our Sect Master face? Do you still look down on Beihai Constellation?"

Jiang Hongyu was also a little anxious, couldn't help pulling Yue Feng, and whispered: "Pavilion Master, don't do this."

Speaking of which, Jiang Hongyu was also a little unhappy with the other party's attitude, but no matter what. After all, the other party is an ally, and Yue Feng's rejection seems a bit inappropriate.

Chapter 5084

Yue Feng is not panic at all.

The next second, Yue Feng looked at the great elder and said slowly: "I don't look down on you Beihai stars, but I just said that, you invited me to alchemy, is this the attitude?"

After that, Yue Feng glanced at the Yu Bingdan, which was ineffective, continued: "Ask someone to help with alchemy, without even an attitude, just a tone of command, hehe, I am not a disciple of your Beihai Xingsu, let alone your servant, why should I ask for it? Refining?"

After saying this, Yue Feng sat shyly on the chair next to him, looking like an uncle.

To be honest, Yue Feng doesn't want to be fussy about it, but these people in Beihai Xingsu are really arrogant and arrogant. They think that everyone is allies, so I should give you alchemy.

What about daydreaming?

Whoa!

Hearing these words, both Deng Shiqi and the elders present changed their expressions.

When was the dignified Beihai Constellation, one of the three major sects in the rivers and lakes, so accused? Moreover, it is still in the main hall of Zongmen's main altar.

Thinking of this, Deng Shiqi's face was extremely gloomy.

Mad, this person has no strength at all, but he is quite big.

"Good boy!"

At this time, the first elder was also very angry, pointing at Yue Feng and shouting: "I'm still putting on the air, and my sect master invites you personally, so I don't think I'm giving you face? You kid don't know how to praise ." The

voice fell, and several other elders also began to scold.

"That's right, don't know how to lift things up."

"The kid is young, but he is not small."

"If it weren't for the alliance, the old man would have taught you a lesson." The

more and more everyone talked about it, the dignified Beihai star was ridiculed by an incompetent kid. If this matter spreads out, how can you stand on the rivers and lakes in the future? ?

Deng Shiqi also had a gloomy face.

Seeing that the atmosphere was getting worse and worse, Jiang Hongyu was also a little anxious, walked up to Yue Feng, and whispered: "Pavilion Master, don't bother with them, both sides are allies, if the trouble is too stiff, it will be bad for everyone. Not good."

This Yue Feng, who had no strength at all, challenged Master Deng.

Isn't this asking for trouble?

"It's all right!"

Yue Feng shook her head at her with a calm expression: "You don't have to worry about it .

"

Kneeling in front of Deng Shiqi.

The maid knelt there, trembling as she spoke: "Sect Master, it's not good, Madam started smashing things in the room again."

Damn!

When the voice fell, whether it was Deng Shiqi or the elders present, their expressions changed.

Because of the hidden dangers left by going crazy, in the past two months, the frequency of the sovereign's wife going crazy has become more and more frequent. The most recent one was yesterday.

Yesterday, thousands of elite disciples were discussing in the Houshan Square. At that time, the wife was relaxing next door, and suddenly became crazy and rushed into the crowd. At that time, dozens of disciples were injured. Later, Deng Shiqi and several elders arrived in time. more casualties were prevented.

Unexpectedly, before a day passed, the lady lost her mind again and went crazy.

"Let's go and have a look."

At this moment, Deng Shiqi didn't have time to think, he quickly stood up and walked quickly to the bedroom where his wife was resting.

Several elders followed.

For a time, the atmosphere in the originally tense hall suddenly calmed down.

call!

Seeing this situation, Jiang Hongyu breathed a sigh of relief, looked at Yue Feng and asked for instructions: "Pavilion Master, what should we do now?"

Yue Feng smiled slightly: "Let's go, let's go have a look." After

speaking, Yue Feng followed everyone , walked to the back bedroom, Jiang Hongyu and Xiaorou looked at each other and quickly followed.

Bang bang bang...

When I was about to get to the bedroom, I heard a sound of crackling and falling things, accompanied by the panicked cries of several maids, and the situation was very chaotic.

I saw a slender woman with long hair scattered like crazy, smashing things non-stop.

The woman is the wife of Deng Shiqi, the wife of the suzerain, Zheng Wanwan.

Um?

Yue Feng did not go in, but stood outside the door and looked at it, frowning immediately. The state of the sovereign's wife does not seem to be the root of the disease left by the madness, there seems to be another reason...

Chapter 5085

"Madam!"

At this moment, Deng Shiqi rushed in quickly, his face full of anxiety: "Madam, stay awake." As he said, he reached out to hug Zheng Wanwan.

However, at this time, Zheng Wanwan had completely lost her mind. Her originally delicate face was extremely flushed, and her eyes were also full of frenzy. She kept shouting: "Death, all to die..."

As she said, He smashed a porcelain bottle in his hand towards Deng Shiqi.

Deng Shiqi hurriedly dodged, and the porcelain bottle passed by.

wow.

The next second, the porcelain bottle shattered at the door, and the elders who followed in were all startled.

Taking advantage of Zheng Wanwan's nothing in her hand, Deng Shiqi rushed up and grabbed her hand, showing pity and anxiety: "Madam, you see clearly, it's me."

Zheng Wanwan didn't stop at all: "Let go of me, Let me go..." he yelled, struggling.

Papa...

Seeing this situation, Deng Shiqi had no other choice but to sigh, then reached out and touched Zheng Wanwan's acupuncture point.

The acupuncture point was tapped, Zheng Wanwan's body trembled and she couldn't move at all. At the same time, her eyes darkened, and she fainted.

Huh ...

Deng Shiqi is quick-witted, holding Zheng Wanwan in his arms, and then shouting at the maids next to him: "Hurry up and decoct the medicine for Madam, hurry."

Whenever Zheng Wanwan's illness attacked, Deng Shiqi would make people Give her a decoction of tranquility and meditation. Although it can't be cured, it can alleviate some symptoms to some extent.

"Yes, Sect Master."

Hearing the order, several maids hurriedly responded, and then went to decoct.

Seeing this, Jiang Hongyu frowned. Speaking of which, she had been hearing about the madness of the North Sea Star Sect Master's wife recently, but she never expected it to be so serious.

"Pavilion Master..."

At this time, Xiaorou was also panicked, she couldn't help pulling Yue Feng, and whispered, "It's such a pity that the Sect Master's wife is so beautiful, but she's crazy..."

Soon, the soothing soup was cooked, and Deng Shiqi carefully gave Zheng Wanwan a drink.

Although Zheng Wanwan was in a coma, everyone could clearly see that after drinking the tranquilizer, her condition seemed to have calmed down a lot, and the violent aura around her body had also disappeared a lot.

"Hey!"

At this moment, the first elder came to his senses, and when he saw Yue Feng standing outside the door, he suddenly shouted: "Yue Feng, you have seen the situation of my suzerain wife, hurry up and make jade. Bingdan ."

The first elder saw Zheng Wanwan's situation just now, and was anxious in his heart.

The symptoms of the Sect Master's wife have become more and more serious recently. The only solution is to take Yubing Dan as soon as possible. In this case, she will point fingers at Yue Feng again.

The voice fell, and the other elders also urged.

"Yes, hurry up and make Yubing Dan."

“Whatever you want, just say it, as long as it doesn’t delay Madam’s condition.”

“Don’t know how to praise, if you want to continue to put on airs, don’t blame us for being rude. ...”

Under the urging of several elders, there was a threatening taste in his tone. Yue Feng was very upset when he heard it, but he didn’t show it, but said lightly: “I said just now, don’t practice.”

Whoa!

Seeing him at this time, he also said that he would not make medicinal pills, and everyone present was on fire.

“What did you say?” The elder was even more angry, staring at Yue Feng fiercely: “You want to die? I tell you, if you don’t refine Yubing Dan today, don’t even think about leaving here alive.”

Deng Shiqi was also burning with anger, looking at Yue Feng coldly, with a posture of ready to act at any time. He and Zheng Wanwan have been married for nearly ten years.

If his wife was seriously ill and died because Yue Feng didn’t practice alchemy, he wouldn’t mind massacres, and he wouldn’t mind breaking the alliance with Chunyang Palace.

Seeing that the atmosphere was not good, Jiang Hongyu and Xiaorou became nervous.

call!

Yue Feng was indifferent, ignoring the anger of everyone, and said to Deng Shiqi indifferently: “It’s not that I don’t want to concoct pills to save people, but your wife has eaten Yubing Pill, which is useless at all. Her current symptoms are not Caused by going into flames.”

Chapter 5086

What?

Hearing this, everyone present was stunned.

The next second, Deng Shiqi was the first to react and looked at Yue Feng coldly: “What do you mean? You mean my wife has become like this, is there another reason?”  
The

voice fell, and the eyes of the audience were all tight. Staring at Yue Feng, waiting for his answer.

Yue Feng smiled lightly, and said lightly to Deng Shiqi: "Yes, your wife is crazy, not because she went crazy, but because she was poisoned."

After saying this, Yue Feng stood there with a smile but not a smile, quietly watching everyone's reaction.

Yue Feng is not talking nonsense, just after careful observation, this Zheng Wanwan is indeed poisoned, and this kind of poison can make people confused, so she will become crazy.

Moreover, Yue Feng has already guessed that the person who poisoned it should be someone from Beihai Xingsu, maybe one of the people present. You must know that the main altar of Beihai Constellation is heavily guarded, and it is unlikely that outsiders want to sneak in and poison the Sect Master's wife. Therefore, the most suspect is the internal personnel of Beihai Constellation.

In particular, these elders present, each with extraordinary identities, often meet with the sovereign's wife, and have the best chance of poisoning.

What?

Poisoned?

In an instant, the entire dormitory was deadly silent. Deng Shiqi stood there, staring blankly at Yue Feng, only to feel his mind buzzing and blank.

Several elders also looked at each other, all shocked.

"Madam is because she was poisoned, so she lost her mind? How...how is this possible?"

"Who would have the courage to poison Madam?"

This chapter is provided by . Visit for daily update.

"This kid, didn't want to make alchemy, so he was talking nonsense on purpose?"

Deng Shiqi also reacted when the elders' comments came, frowning at Yue Feng: "You said that my wife was poisoned, so she became like this, What evidence do you have?"

Like everyone around him, he also thought that Yue Feng was talking nonsense.

The main altar is heavily guarded, especially in the madam's bedroom, where there are people guarding it day and night, let alone people, even a fly can't fly in, how could someone poison her?

Huh ...

Seeing this, Jiang Hongyu's delicate face also showed a bit of complexity, she gently pulled Yue Feng and said in a low voice: "Pavilion Master, if you are not fully sure, you must not mess around. Say it..."

After all, this is the North Sea Constellation, not in the Chunyang Palace, if it is self-defeating, it will be difficult to end.

Yue Feng smiled slightly, patted the back of her hand, and signaled not to worry.

"Sect Master!" In the

next second, Yue Feng showed a smile, walked slowly into the bedroom, looked at Zheng Wanwan, who had been placed on the bed, and said slowly, "I have always spoken with reason, if you don't believe it, now Just use a silver needle to prick your wife's Zhenhui point, and you'll know at a glance what's going on."

Seeing

his plausible words, Master Deng frowned and hesitated.

Could it be that... this kid is not just rhetoric?

At the same time, the surrounding elders exploded the pot again.

Especially the third elder Wu Ming, his face was full of anger, he jumped out and pointed at Yue Feng and cursed: "Good boy, you are getting bolder and more rude. Zhenhui point is one of the important points in the human body. , how can you casually use a silver needle to probe?"

"You just kept saying that Madam was poisoned, and that she deliberately wanted Yinfan and our Beihai Xingsu to be suspicious of each other, and now you say that you want to pierce acupoints with silver needles. Haha, I think you are completely uneasy and kind, and you want to make us Beihai Xingsu. Just mess up."

After saying this, Wu Ming bowed his hands to Deng Shiqi: "Sect Master, this man has ulterior motives, he refused to make alchemy for his wife just now, and now he is talking nonsense again, as I see it, just lock him up, when the time comes , The Palace Master of Chunyang Palace asked, let's explain the situation in detail."

At this time, Wu Ming had a straight face, but his eyes flashed with slyness.

Yue Feng guessed well just now that Zheng Wanwan was poisoned by someone, and this person was Wu Ming. On the surface, Wu Ming appears to be a gentleman, but in fact he is a womanizer.

## Chapter 5087

A few years ago, when Deng Shiqi married Zheng Wanwan, Wu Ming was attracted by this beautiful and sexy sovereign's wife, but because of his status, he didn't dare to show it at all.

Three years ago, in order to practice a peerless secret book of Beihai Xingsu, Deng Shiqi often retreated, resulting in Zheng Wanwan often staying alone in the empty room, which made Wu Ming feel that his opportunity had come.

That night, while Deng Shiqi was away, Wu Ming sneaked into the bedroom and expressed his intentions to Zheng Wanwan. He thought that he was suave, eloquent, and his strength was not much worse than that of the sect master Deng Shiqi. Zheng Wanwan would definitely not refuse.

Who knows, Zheng Wanwan was furious on the spot when she saw him breaking into the bedroom at night, and angrily scolded him for committing the following crime, and then went to inform Deng Shiqi.

At that time, Wu Ming was frightened, and the beauty was gentle and did not enjoy it. If Deng Shiqi knew about this, he would not only be expelled from Beihai Xingsu, but he would also lose his life.

So in a panic, Wu Ming was timid, and directly shot at Zheng Wanwan. As the wife of the suzerain, Zheng Wanwan was not bad, and she fought with Wu Ming in the bedroom.

Wu Ming was already flustered, and soon he was at a disadvantage. At that time, in a hurry, he took out a pack of the world's strange poison 'Elephant Soul Powder' and threw it towards Zheng Wanwan.

As the name implies, as long as it is inhaled into the mouth and nose, the whole person will be confused and become crazy and stupid, and, from the outside, it looks like going crazy.

After that, Wu Ming took the opportunity to escape.

For the past three years, Wu Ming has kept secrets and dared not mention it to anyone. Moreover, seeing Deng Shiqi, and even the entire Beihai constellation, they all agreed that Zheng Wanwan was crazy because of her practice, and she was even more fortunate in her heart. endlessly.

As long as Zheng Wanwan doesn't wake up for a day, the scandal of that year will not be exposed.

Until today, when Deng Shiqi sent someone to Chunyang Palace and invited Yue Feng to come, Wu Ming didn't panic, because he knew in his heart that even if Yue Feng refined Yubing Dan, he would not be able to cure Zheng Wanwan.

So, he completely put his heart in his stomach.

What made him even more happy was that Yue Feng didn't give Deng Shiqi any face just now, and didn't say anything to refine Yubing Dan. At that time, Wu Ming's heart was broken, and he had a straight face on the surface, but his heart was actually happy.

But he never thought that after Yue Feng came to the dormitory, he would tell the exact location of Zheng Wanwan's illness.

Under such circumstances, Wu Ming couldn't help but jump out and be the first to attack Yue Feng in public.

Huh....

At this moment, Wu Ming's voice just fell, and several elders around also nodded in agreement.

"The three elders are right, this kid has ulterior motives."

"Just now he was holding on to the air and refused to refine the jade ice pill, and now he said that the wife was poisoned, which is really ridiculous.

"I can't spare him lightly."

At this time, these elders didn't even know that they were all used by Wu Ming.

Haha...

Seeing everyone accusing Yue Feng, Wu Ming was very angry on the surface, but he was very excited.

What if this kid sees the fame? Everyone doesn't believe it. Let's see what this kid can do. By the way, I have to give the sect master a good fight later. It's better to kill this kid. After that, no one will know about the lady's situation, and I can sit back and relax.

Thinking of this, Wu Ming's eyes flashed a hint of ruthlessness.

Ha ha...

Wu Ming's eyes changed, and Yue Feng had a panoramic view.

Looking at it like this, the Sect Master's wife was poisoned, and this third elder is very suspicious. As soon as I finished saying that my wife was poisoned, he was the first to fight against me. If it wasn't him, who else could it be?

Thinking to himself, Yue Feng chuckled in his heart, but his face was indifferent.

"Sect Master!"

At this time, Wu Ming made up his mind, cupped his hands at Master Deng Qi, and said with a fake face: "This Dan Pavilion Pavilion Master is really rude, and he refused to refine Yubing Dan before. Now I'm talking nonsense again, saying that the madam was drugged."

"It's so unruly, despising me Beihai Xingsu, it's better to put him directly in the water prison."

Chapter 5088 The

voice fell, and several other elders also agreed.

"Yes, I have to teach him a lesson."

"Let him know, the fate of the open-hearted..."

"Sect Master, don't hesitate."

Listening to the words of several elders, Deng Shiqi's face was gloomy, and he did not express his position. You must know that although Yue Feng has no strength at all, he is the Pill Pavilion Pavilion Master of Chunyang Palace after all. His status is second only to the Palace Master, and his status is not low. If he is imprisoned, the alliance between Beihai Xingsu and Chunyang Palace must be Cracks will appear.

But if you don't express your position, the dignified Beihai Xingsu will be pointed at by a young boy, and if the matter spreads to the rivers and lakes, wouldn't you lose all face?

Huh ...

Seeing this situation, Jiang Hongyu was also unhappy, and couldn't help but whispered to Xiaorou: "Xiaorou, does the pavilion master know medical skills?" Just now, Madam's madness seemed to be caused by her madness. Yes, but Yue Feng said she was poisoned.

Jiang Hongyu knew in his heart that Yue Feng was highly accomplished in the art of alchemy. Jiang Hongyu would never doubt if he expressed his opinion on alchemy, but

he could see that someone was poisoned at a glance. This is the ability of a master of medicine. Feng, do you know medicine?

“I...”

Facing the question, Xiaorou shook her head, her delicate face was also very confused at this time.

She only knew that Yue Feng was very good at alchemy, and she had never seen him demonstrate his medical skills.

Seeing Xiaorou’s reaction, Jiang Hongyu was a little anxious. Would this Yue Feng really be talking nonsense? If Madam wasn’t poisoned, wouldn’t it be a big joke?

For a time, Jiang Hongyu wanted to persuade Yue Feng to say a few words, but because so many people around were present, it was not easy to speak rashly.

“metropolitan!”

At this time, seeing Deng Shiqi’s changing face, Yue Feng smiled slightly and said, “Whether Madam is really poisoned, you will know if you try it. Anyway, the three of us are here and we can’t run away.”

“If Madam is not poisoned . , you lock me up, I have no complaints, if the lady is poisoned, you can treat me in time, right?” The

words were sincere.

“Okay!”

Deng Shiqi took a deep breath, took a deep look at Yue Feng and

said, “Then I will trust you once, come here and get a silver needle.” To be honest, in his heart, he also thought that Yue Feng was a Talking nonsense.

But on second thought, what Yue Feng said just now is not bad. It’s just a silver needle to test the acupoints.

“Yes, Sect Master!”

Upon hearing the order, a maid quickly responded and hurriedly walked into the side hall to get the silver needle.

Oops!

Seeing this situation, Wu Ming was taken aback. He didn't have time to think about it at the time, so he quickly walked out and said eagerly to Deng Shiqi: "Sect Master, this kid is just nonsense, and his words must not be taken lightly.

" At that time, Wu Ming looked loyal on the surface, but he was very anxious in his heart.

If the lady is found to have been poisoned, the matter will not be concealed. No, you have to stop it.

"Okay!"

Deng Shiqi waved his hand and said firmly: "I have made up my mind on this matter, so don't stop it." The voice was not loud, but there was no doubt.

Uh....

Seeing his resolute expression, Wu Ming didn't dare to say anything, and stood to the side disheartened.

But at the same time as he stepped back, Wu Ming's eyes flickered, and he had already made up his mind to pay attention. If something went wrong, he would rush out as soon as possible.

After a while, the maid brought the silver needle.

"Yue Feng!"

At this time, after Deng Shiqi disinfected the silver needle with fire, he did not rush to stab his wife's acupuncture point, but gave Yue Feng a deep look: "Yue Feng, if my wife is not poisoned later. If you do, all the consequences will be borne by you, even if your Palace Master of Chunyang Palace comes, he will not be able to save you."

Yue Feng smiled lightly and did not speak.

Seeing Yue Feng's confident face, Deng Shiqi stopped talking nonsense, walked to the bed, let out a soft breath, and then shot like electricity, the silver needle accurately stabbed the lady's Zhenhui point.

Wow...

At this moment, no matter it was the elders present, or Jiang Hongyu and Xiaorou, they couldn't help but look around.

In the entire bedroom, there was silence.

## Chapter 5089 Chi

....

Soon, Deng Shiqi pulled out the silver needle, and at that moment, he saw a wisp of blood that splashed out.

Deng Shiqi is worthy of being the suzerain of the North Sea Constellation. He is extremely powerful. Before the blood fell on the ground, he took out the prepared white handkerchief, copied it with his backhand, and caught the blood.

Huhuhu...

In an instant, I saw the blood falling on the white silk handkerchief, showing black and red, and quickly corroding the white silk handkerchief. Puffs of white smoke came out.

Obviously, blood contains highly poisonous.

Whoa!

Seeing this scene, whether it was Deng Shiqi, Jiang Hongyu and Xiaorou, and the surrounding elders, they were all in an uproar.

This.... Madam is really poisoned.

Several elders looked at Yue Feng closely, their eyes full of surprise and surprise.

He was actually hit by this kid, but... how did he see it?

None of these elders knew that when Yue Feng was in the Kyushu Continent, he learned medical skills from Yaozu Shennong for a period of time, and it was a piece of cake to treat and save people.

You know, medical theory pays attention to seeing, hearing, asking, and Yue Feng can tell at a glance whether the wife is poisoned.

“The pavilion master is amazing.”

At this time, Xiaorou also looked at Yue Feng with admiration, and couldn't help muttering to herself: “Just by looking at it, you can be sure that the lady is poisoned. It's really incredible.

” At this point, Jiang Hongyu, who was standing beside her, was also trembling faintly. Looking at Yue Feng's eyes, she couldn't hide her admiration and shock.

This Yue Feng... not only will he lose the thousand-year-old alchemy technique, but he also understands medical techniques. This man... is really becoming more and more invisible.

“It’s really poisonous...”

At this moment, Master Deng held a white silk handkerchief in both hands, and he was shocked and angry.

To his shock, what Yue Feng said was not false at all, and that his wife was really poisoned. Moreover, he can see at a glance, his medical skills are really admirable.

And the anger is that the wife has been poisoned for three years, and she doesn’t even know it.

It’s over...

And Wu Ming, who was standing at the door, saw the scene in front of him, but his face was pale and nervous.

Madam’s poisoning can no longer be concealed, so we must quickly find a way to protect ourselves.

Huh...

After more than ten seconds, Master Deng came to his senses and smiled awkwardly at Yue Feng: “Brother Yue Feng, I was so offended just now, I didn’t expect that your medical skills are also extraordinary. , I can tell at a glance that my wife is poisoned.”

When he said this, Deng Shiqi completely lost his previous arrogance, and his tone became much more polite.

call!

The words fell, and the elders around, looking at Yue Feng, lost their previous hostility and admired each and every one of them.

“I can’t see that the pavilion master has such skills.”

“Yeah, I misunderstood before, I am ashamed...”

“Fortunately, the pavilion owner was not locked up just now, otherwise the misunderstanding will be big, haha...”

When several elders complimented and apologized, Wu Ming stood there without saying a word, his eyes flashed quickly, and he didn’t know what he was thinking.

Ha ha!

In the face of everyone's compliments, Yue Feng smiled slightly, and then said to Master Deng: "Sect Master and elders are polite. Now that the matter of Madam has been investigated, let's hurry up and treat it." As he

spoke, Yue Feng said lightly. Glancing at Wu Ming.

"That's right..."

Hearing this, Deng Shiqi quickly put down his handkerchief and patted his forehead: "What Brother Yue Feng said, it's just... What kind of poison did my wife have and how to treat it, please also ask Yue Feng Brothers can explain in detail." He

waved his hand as he spoke, Deng Shiqi looked at Yue Feng's eyes, full of anticipation.

This Yue Feng, since he can see at a glance that his wife has been poisoned, there must be a way to treat it.

Swish!

The voice fell, and the eyes of everyone in the audience were also focused on Yue Feng.

Especially Wu Ming, who was calm on the surface, but nervous in his heart, and his palms were sweating. If Yue Feng could really solve the poison of the epilepsy, then he would not be able to hide the fact that he was trying to sully his wife. .

Facing the eyes of everyone, Yue Feng smiled slightly and said to Master Deng: "Sect Master, before detoxification, I want to tell you about the situation. Your wife is a kind of poison that can make people crazy. Sect Master thinks about it carefully. I wonder if there is such a poison in the entire continent."

Chapter 5090

When he said this, Yue Feng looked serious.

Speaking of which, it's not that Yue Feng doesn't want to be healed quickly, but that this kind of thing requires extreme caution.

After all, Yue Feng is from the Kyushu Continent. Although he has been in the Ziwei Continent for nearly two months, he still doesn't know much about everything here, especially in terms of medical skills. .

Under such circumstances, Yue Feng naturally did not dare to act rashly.

However, he was already quite sure that the poisoning of his wife had something to do with the third elder Wu Ming standing at the door.

This...

At this moment, when I heard Yue Feng say this, both Deng Shiqi and the elders present frowned and thought.

Poisons that can make people crazy....not a lot.

If you think about it carefully, there are only one or two...

and the only symptoms corresponding to Madam's symptoms seem to be the world's most poisonous epilepsy powder...

Could it be... Madam's epilepsy powder? !

Thinking of this, Master Deng's heart was shocked, and he looked at Yue Feng with complicated eyes: "Brother Yue Feng, if you guessed correctly, in the whole arena, only the poison of the epilepsy can make people confused." The

voice fell . , The surrounding elders all nodded.

"That's right.."

"Sect Master is right, it should be the Despairing Soul Powder."

"That's right, I almost didn't remember it just now... This Dementing Soul Powder is extremely poisonous. Just a little inhalation can make people go crazy. ...."

While nodding in agreement, several elders clenched their fists and were furious.

Ma De, who is so bold, dares to give Madam such a poison as Epilepsy Powder, it's just courting death.

broken!

As for the third elder Wu Ming, who was standing at the door, his heart was trembling uncontrollably, and he could barely stand. The truth was getting closer and closer, and he was about to be exposed.

No, just leave immediately.

Thinking to himself, Wu Ming was about to turn around and walk outside the dormitory while everyone was not paying attention.

However, Yue Feng had been keeping an eye on him, and when he saw him turn around, he immediately said with a smile: "This elder, the lady has been poisoned, what do you think?"

Saying this, Yue Feng's eyes flashed with a mocking smile.

Seeing that Wu Ming wanted to run at this time, Yue Feng further confirmed that he was the murderer, and naturally he would not let him slip away.

Swish!

The voice fell, and the eyes of the audience suddenly converged on Wu Ming.

Wu Ming quickly stopped, facing everyone's attention, a thin layer of sweat oozes out of his forehead instantly, and he scolded Yue Feng over and over again in his heart, Mad, this kid is sick, whoever doesn't ask will come over and ask me.

At the same time, everyone around was a little puzzled.

What's the matter with Yue Feng? Don't want to detoxify the lady immediately, but come to ask the third elder such a boring question?

"What?"

Seeing Wu Ming's face flickering and speechless, Yue Feng smiled slightly: "The lady has been poisoned, so this elder doesn't want to say something?"

"I..." Wu Ming opened his mouth, Resisting the nervousness in his heart, he came out with an angry look: "Does it need to be said? The person who poisoned really ate the guts of a bear and a leopard. If you dare to touch our sect master's wife, if you are caught by me, you will definitely put it away. He was slashed with a thousand swords."

When he said this, Wu Ming's face was plausible, but he wanted to cry without tears in his heart.

Ma De, I was planning to slip away when people weren't paying attention, but now it's alright, this Yue Feng brought the topic to me, and everyone looked at me, but they couldn't leave if they wanted to.

Hearing the answer, Yue Feng nodded with a smile.

"Brother Yue Feng!"

At this time, Deng Shiqi was a little anxious, and he said in a daze, "Please hurry up and find a way to save my wife." Life is at stake, and he actually asked these boring questions, which really made people die.

call!

Yue Feng breathed a sigh of relief and showed a faint smile. He first looked around, and then said seriously to Deng Shiqi: "Sect Master, don't be impatient, as far as I know, Madam lives in the palace for a long time and rarely walks around the rivers and lakes, so it is impossible for her to be poisoned outside, but you people from Beihai Constellation are doing the trick."

"With this premise, it will be much easier. Now the sect master starts to search everyone on the scene. The murderer."

"Of course, if the murderer is carrying a highly poisonous poison, he will also carry an antidote."

After saying this, Yue Feng looked at Wu Ming with a half-smile, "That's right, this elder."
