

## The ultimate husband in Chinese chapter 5831-5840

Tie Bowen wanted to struggle, but was firmly pressed by the two front claws of the spirit-loving leopard, and he couldn't move at all.

"Smelly leopard."

Just at this critical moment, Nalan Wushuang endured the pain in his body, pulled out his long sword and rushed over, stabbed it on the back of the spirit-loving leopard, the spirit-loving leopard let out a howl, and immediately let go Tie Bowen, turned around and locked Nalan Wushuang.

Oops...

Tie Bowen escaped from the dead, but he didn't have the slightest ease. Instead, he was extremely anxious and shouted at Nalan Wushuang: "Nine girls, hurry up, go..."

This spirit-loving leopard is too ferocious Strong, both himself and the nine girls are injured, and they are not opponents at all.

Tie Bowen thought about it, and he had the idea of attracting the spirit-loving leopard to create time for the nine girls to escape.

After making up his mind, Tie Bowen roared at the spirit-loving leopard: "Come on, aren't you going to devour my power? Come on..."

"Roar!"

However, the spirit-loving leopard didn't look at Tie Bowen at all, but He let out a roar at Nalan Wushuang, his scarlet eyes captured the soul.

That's right, Nalan Wushuang stabbed it in the back just now, which completely stimulated its fierceness. There was only one thought in his mind, which was to tear this human woman into pieces.

Whoosh.

After the roar, the spirit-thirsty leopard suddenly rushed towards Nalan Wushuang, waving its sharp claws and drawing out a cold glow in the air.

Faced with this situation, Nalan Wushuang's exquisite Lianshan couldn't hide his nervousness, but he still bit his lip and shouted: "Is the stinky leopard being ruthless, I'm not afraid of you..." As

he said, Nalan Wushuang was nervous. Holding the long sword, ready to attack.

“Nine girls!”

At this moment, Tie Bowen shouted, and all the remaining internal energy in the body burst out, and slapped the back of the spirit-loving leopard with a palm.

In any case, even if it is risky, the nine girls cannot be hurt.

However, this spirit-loving leopard was very alert, feeling the danger coming from behind, and immediately dodged to the side, avoiding Tie Bowen’s palm.

What?

When one failed, Tie Bowen’s face changed greatly, and there was a hint of despair in his eyes.

“Roar!” The

spirit-loving leopard let out a roar, the long tail suddenly swung over, and slapped Tie Bowen’s heart, he heard a dull sound, Tie Bowen spurted blood, and was swept away directly.

After flying more than 100 meters, Tie Bowen smashed several trees and fell heavily to the ground.

Nima, the flicking power of this tail is probably very important.

Tie Bowen only felt the pain all over his body, he had several broken ribs, and his eyes turned black, and he would faint at any time.

“Tie Bowen.”

Seeing this scene, Nalan Wushuang’s delicate face was full of worry, he couldn’t help but exclaimed, and was about to rush over to check, but he was stopped by the spirit-loving leopard before he took a few steps.

“Beast, I’m going to kill you.”

Nalan Wushuang was very angry at this time. You must know that after spending time with Tie Bowen these days, not only did he have a good impression of this Rakshasa man, but he also had a different kind of feeling in his heart. affection. At this time, how could he not be angry when he saw that he was almost killed by the spirit-loving leopard?

With the shouting, Nalan Wushuang burst out with all his strength, and his long sword drew streaks of cold light, and fought fiercely with the spirit-loving leopard.

bang bang bang....

I saw the silhouettes of Nalan Wushuang and the Spirit-loving Leopard, shuttled back and forth in the jungle, the long sword constantly colliding with the sharp claws. Escape easily.

Under such circumstances, Nalan Wushuang couldn't hold it any longer, his speed became slower and slower, and his face became pale.

Ma De....

Tie Bowen saw this scene from a distance, and was almost anxious.

If the fight goes on like this, the nine girls will surely die.

Anxious, Tie Bowen rushed over to help Nalan Wushuang, but he was injured so badly that he could hardly stand up, so he could only be anxious.

Stab....

Suddenly, I heard a cracking sound, and I saw Nalan Wushuang's shoulder was torn open by the sharp claws of the spirit-loving leopard. Shout out.

The severe pain came, and Nalan Wushuang's forehead was instantly covered in cold sweat, but he did not give up hope, still clenched his sword and fought against the spirit-loving leopard.

Seeing this scene, Tie Bowen's eyes were blood red and blood red: "Nie animal, you dare to hurt her, I will peel your skin and cramp your muscles..."

## **The ultimate husband in Chinese chapter 5832**

However, the spirit-loving leopard ignored Tie Bowen and continued to attack Nalan Wushuang.

Dengdengdeng...

I saw that Nalan Wushuang was forced to retreat again and again.

what to do? what to do?

Seeing this, Tie Bowen couldn't be more anxious. He was a dignified Rakshasa warrior, but was protected by his beloved woman. What kind of man is this?

Thinking to himself, Tie Bowen wanted to forcibly stand up, but he was too injured and fell down before he could stand up.

“Pfft...”

For a while, Tie Bowen was in a hurry, and a mouthful of blood spurted out, dyeing the sunset bow in his hand scarlet.

I'm really useless....

Tie Bowen gritted his teeth and kept scolding himself. The beloved woman was in danger of life and death, but he couldn't go up to help. There is nothing in the world, which is more tormenting than this.

Om....

But at this moment, Tie Bowen sensed that a powerful force suddenly came out from the sunset bow in his hand, and a dazzling scorching sun shone on the back of the bow.

Is this...is it because of his own blood?

Tie Bowen froze there, staring blankly at the Sunset Bow, surprised and delighted.

Before he could react, the powerful force bursting out of the Sunset Bow quickly merged into Tie Bowen's dantian. Within a few breaths, Tie Bowen only felt that the injury was less painful, and his body was filled with infinite power.

This chapter is provided by . Visit for daily update.

Haha...

It turns out that you need to use your own blood to unlock the power of the Sunset Bow.

Soon, Tie Bowen reacted, feeling indescribably excited, then stood up, aimed at the spirit-loving leopard and pulled the bowstring. I saw that a feather arrow quickly condensed.

This arrow is completely transformed from the power of the sunset bow, and it is dazzling.

“Nie animal, you die for me.” In the

next second, Tie Bowen's eyes were blood red, and he let go of the bowstring with a roar.

Chi....

In an instant, the feather arrow whizzed out, drawing a dazzling light in the air, like a meteor, rushing towards the spirit-loving leopard.

Hearing the whistling sound behind him, the spirit-loving leopard instinctively wanted to hide, but how could the speed be as fast as a feather arrow? Before he could leave, he was shot in the head by a feather arrow, and the powerful impact pinned its huge body to the ground.

Huhu....

In the next second, the feather arrow turned into a flame, directly igniting the corpse of the spirit-loving leopard, and in just ten seconds, nothing was left.

Although this spirit-loving leopard is very strong, it can't stop the arrow from the sunset bow. After all, this is the magic weapon that shot down the sun back then. Of course, with Tie Bowen's current strength, he can't fully exert the power of the Sunset Bow, but it is more than enough to deal with a beast like a spirit-loving leopard.

So strong...

Is this the power of the Sunset Bow?

Seeing this scene, Nalan Wushuang was stunned, unable to recover for a long time.

Soon, Nalan Wushuang reacted and shouted at Tie Bowen with joy: "Big man, how did you mobilize the power of the Sunset Bow? Didn't it work before?" As he

spoke, Nalan Wushuang covered his shoulders. the wound, and walked over quickly.

"I..."

Tie Bowen smiled and was about to respond, but just after saying a word, his eyes darkened and he passed out.

Tie Bowen couldn't bear it after being hit by the Spirit-loving Leopard twice before. At that time, he stood firm with his tenacious will. Although he succeeded in unlocking the power of the Sunset Bow, this powerful force was not something he could bear.

"Big man..."

Seeing this scene, Nalan Wushuang let out a coquettish cry, quickened his pace and rushed over, holding Tie Bowen in his arms: "Big man, don't scare me, you don't have anything to do, don't have something to do. "... The big man is the nickname Nalan Wushuang gave to Tie Bowen, and under normal circumstances, it is not easy to call it out. Seeing him in a coma at this time, he could no longer restrain his emotions.

While shouting this, tears kept streaming down Nalan Wushuang's face.

However, Tie Bowen didn't move at all and didn't react at all.

This made Nalan Wushuang even more worried, but he soon discovered that his pulse was normal, which was caused by being too weak, and there was no danger to his life.

After discovering this, Nalan Wushuang felt relieved a little, then he first bandaged his wound, then walked to the side, cut some branches and weaved it into a stretcher.

## **The ultimate husband in Chinese chapter 5833**

The

stretcher is ready, Nalan Wushuang gets Tie Bowen up.

There is only one person who cannot lift the stretcher. Nalan Wushuang can only pull a section of the stretcher and drag it forward slowly.

Big man, you will be fine, I will find someone to save you.

While walking slowly, Nalan Wushuang kept praying in his heart

..... the

other side. The Rakshasa clan, the general's mansion.

The General's Mansion is located in the southwest of the palace. It is the size of two football fields. There are many pavilions in it. It is the residence of Itai. Compared with Timur's manor, it is a little less elegant and a little more magnificent. .

At this time, when night fell, there were few pedestrians on the street in front of the General's Mansion, only a group of black armored cavalry patrolling back and forth.

Whoosh!

At this moment, a figure came quickly and hid behind a tree not far away.

It was Yue Feng.

At this time, Yue Feng was in a very complicated mood.

Originally planned to explore the palace after dark, but the palace was heavily guarded, and Yue Feng's divine power had not recovered, so there was no chance to enter.

Yue Feng speculates that Mona's disappearance is inseparable from the General Itail, so even if he enters the palace, I am afraid that he will not find any clues. It is better to come to the General's Mansion to inquire about the situation.

This chapter is provided by . Visit for daily update.

Seeing that the General's Mansion was also heavily guarded at this time, Yue Feng couldn't help but smile bitterly.

Mad, if it wasn't for dealing with the nine Golden Crows before and consuming divine power, how could he be stumped by such trivial matters now, and even a general's mansion could not be entered.

Da da da...

At this moment, there was a sound of hooves in the distance from the street.

When Yue Feng heard the sound, his eyes flashed, and he saw that Ilona was riding a white horse and came slowly with a few cavalry soldiers. charming.

Got it!

Seeing Ilona, Yue Feng suddenly had an idea.

This girl is the general's younger sister. She seems unreasonable and unreasonable, but she has always been loyal to the Rakshasa family, and she may be able to help.

Thinking to himself, Yue Feng walked out from behind the tree and directly greeted him.

Yue Feng's guess was good. Ilona was originally ordered to guard the restricted area of the ranch, but when she suddenly learned that the queen was always there, she couldn't help but come back and ask her brother about the situation.

"Stop!"

"Who?"

Soon, several cavalymen couldn't help but scold when they saw Yue Feng approaching.

Ilona also frowned slightly, because Yue Feng deliberately disguised herself, she couldn't tell who it was at this time, and immediately said coldly: "Get out of the way." If

it was someone else, I'm afraid she would have been scared and ran away. . After all, who in the entire Rakshasa clan does not know Ilona's coquettishness.

However, Yue Feng stood in the middle of the reception without any panic, and said with a smile: "General Ilona, we are really destined to meet again so soon."

Yue Feng's tone made Ilona very unhappy. However, he still suppressed his anger and said, "You are..."

Before she could finish speaking, Yue Feng smiled and said, "Yesterday we met Huo Suan together, why? Forgot it so soon?"

"It's you?!"

Hearing Yue Feng's reminder, Ilona's body trembled suddenly. Yesterday, when she went in, she met Yue Feng's fiery scorpion. The scene at that time will never be forgotten in this life.

Especially thinking that at that time, her soft armor was destroyed by fire, Ilona couldn't help blushing.

However, Ilona quickly calmed down and frowned as she watched Yue Feng.

Isn't this Yue Feng the Queen's VIP? Why dress up like this?

Without waiting for Ilona to ask, Yue Feng smiled and said, "Can we talk about it alone?" After saying that, he looked at the cavalry around Ilona.

Some things, the less people know, the better.

Huh...

Hearing this, Ilona hesitated, nodded and said: "Okay!" Although this Yue Feng is a bit annoying, but this is the Rakshasa clan after all, and next to the General's Mansion, not afraid of him What pattern to brush.

However, the faces of the cavalry around him changed, and they were all discouraged.

"General, this is a bit risky."

"Yeah, this person is dressed strangely, who knows if he is the remnant of the Tiandao Society

?

"She frowned, very displeased, and said coldly: "I have a sense of what to do, do I still need you to remind me? Step back." The

last two words, the tone has been raised a bit, there is no doubt.

## The ultimate husband in Chinese chapter 5834

Seeing that she was angry, several cavalymen did not dare to say anything, and quickly stepped aside.

Ilona didn't talk nonsense, got off the horse and went to the side alley.

"Hey!"

As soon as she entered the alley, Ilona's face was full of impatience, and she said to Yue Feng: "You are mysterious, what are you going to tell me?"

Yue Feng exhaled and said slowly: "You should know about the disappearance of the Queen." As he spoke, he secretly observed the changes in Ilona's expression.

"I know." Ilona replied without thinking: "It's all said in the announcement, it was done by the remnants of the Heavenly Dao Society."

Hehe...

Hearing her answer, Yue Feng couldn't help laughing, and immediately Seriously: "Heaven will do it? Is the announcement credible? It's just a cover."

Ilona frowned: "What do you mean?"

"Think about it."

Yue Feng said slowly: "The queen lives The palace is under guard, and there are many warriors guarding it. No matter how powerful the Dao Society is, it is impossible to capture the queen from the palace, so there is something strange about this matter."

Said, Yue Feng looked directly at Yi Lorna's gaze: "Besides, it's inseparable from your brother."

What?

At this moment, Ilona's delicate body trembled, and a bit of anger appeared on her delicate face: "What do you mean, this matter has something to do with me?"

Yue Feng nodded.

This chapter is provided by . Visit for daily update.

"Impossible." Ilona shook her head and said decisively: "Brother is loyal to the Queen, and must not do such a rebellious thing, absolutely impossible, don't talk nonsense."

In her heart, her brother Itail is the first warrior of the Rakshasa tribe, a great hero, and an idol she worships. How could he have done such a treacherous thing?

Ugh!

Seeing that she didn't believe it, Yue Feng sighed secretly and said, "Although I don't have any conclusive evidence, there are various indications that your brother is very suspicious."

"To tell you the truth, I'm going to talk about the general's mansion tonight and investigate this matter secretly. ." The

voice fell, Ilona's pretty face changed, and she shouted: "You dare, believe it or not, I will arrest you now?"

Haha!

Seeing her excited look, Yue Feng smiled slightly: "Why are you nervous? I went to the General's Mansion just to find out the truth of the Queen's disappearance, not to covet your family's money. Besides, you didn't talk about this matter and your brother. Does it have nothing to do with it? So, you take me into the General's Mansion later, if your brother really has nothing to do with this matter, I must apologize to your brother in person, how?"

"Okay!"

After hearing this proposal, Ilona thought for a while. , nodded: "Let's go." In her heart, she didn't believe what Yue Feng said at all, and naturally did not refuse his proposal.

However, just as she turned around, Yue Feng smiled and said, "Wait, I can't go in like this. You give me that set of soft knight armor and let me pretend to be your subordinate."

Shuh!

Ilona stood on the foot cloth and looked back at him with doubts in her eyes: "Why do you want to do this?"

Seeing her expression, Yue Feng shook his head secretly.

Although this Ilona is a general, she is still young.

Thinking to himself, Yue Feng explained: "After all, I am the Queen's VIP, and I have a special status. I did this to avoid suspicion."

Ilona thought for a while, and said lightly: "As you wish."

Saying that, he walked out of the alley first, and soon he brought a set of soft knight armor, Yue Feng took it, and put it on deep in the alley.

A few minutes later, Yue Feng followed Ilona into the General's Mansion.

I have to say that the general's mansion is really big, with pavilions and pavilions, making Yue Feng dizzy, because it is late at night, it gives him the feeling that he has entered a huge maze.

call!

Soon outside the front hall door, Yue Feng couldn't help taking a deep breath.

I saw that in the front hall, Itel was sitting in a gorgeous robe, closing his eyes and resting, with a few maids beside him, who were carefully waiting, beating his back and rubbing his shoulders.

"Brother!" Ilona called out and walked in quickly.

Because Yue Feng was pretending to be his subordinate, he couldn't follow him in, so he stayed outside the door and observed the situation secretly.

Seeing his sister come in, Itel opened his eyes and waved the maids to step back.

## **The ultimate husband in Chinese chapter 5835**

"Little sister!"

When the maids left the front hall, Yitai said indifferently: "Didn't I let you guard the forbidden area of the ranch? Why did you come back?"

Ilona walked over and whispered: "It's too boring at the ranch, I want to come back and have a look."

Saying that, Ilona's eyes flickered: "I read the announcement, the queen is missing, what the hell is going on?" After speaking, she looked at it subconsciously. At Yue Feng, there was a hint of threat in his eyes.

If this has nothing to do with my brother, you must look good.

Aware of Ilona's gaze, Yue Feng smiled bitterly.

This girl still thinks her brother is innocent.

call!

At this time, hearing Ilona's question, Itel's face suddenly showed a bit of displeasure: "The Queen's matter is very involved, I will handle it myself, you don't need to inquire, and do your part well. It's a matter."

Hearing this, Ilona bit her lip lightly, and planned to leave, but she couldn't help saying in the end, "But I heard rumors that the Queen's disappearance has something to do with her brother."

Shuh!

When the words fell, Itel's face instantly became ugly, and then he slammed down the table and shouted angrily: "Nonsense, how can hearsay be taken seriously?"

Ilona was startled, and quickly calmed down: "Brother, it's not you, you Why are you so excited? What the hell is going on, can you tell me?"

Yi Taier was about to continue to get angry, but when he saw the seriousness of the younger sister, he held back.

A few seconds later, Yi Taier got up and paced and said slowly: "Little sister, several generations of our family have supported the Meng family and made them sit firmly in the position of the Rakshasa King, which has made a lot of credit."

This chapter is provided by . Visit for daily update.

"The Rakshasa kings of all dynasties have taken good care of our family, but when we arrived at this Mona, we forgot the contributions our family had made. Over the years, we have been reusing useless people like Timur. Do you know that the Heavenly Dao Society I have always used a business model to infiltrate our Rakshasa tribe, and I destroyed their headquarters, not only did I not get Mona's reward, but she was fired from the position of general."

After saying this, Itel couldn't hide his inner anger, Looking grim.

"Brother..."

Hearing these words and seeing Yi Tai'er's appearance, Ilona's delicate body trembled, and she understood something at this time: "Could it be... it's really you?"

Hu. ..

At the same time, Yue Feng, who was standing at the door, also took a deep breath, nervously waiting for Itel's answer.

Itel couldn't help laughing and said slowly: "Yes, I did it. I imprisoned Mona and announced that she was taken away by the Heavenly Dao Association."

“When I take control of this Rakshasa clan. In this situation, he will successfully succeed to the throne and be called the new king.”

At this time, Itel had a smug look on his face, and he didn't want to say it so quickly, but Ilona is his own sister after all, and sooner or later he will know.

Mad!

At this moment, Yue Feng secretly clenched his fists.

He really did it.

Under the anger, Yue Feng wanted to rush in, but he finally held back. He didn't recover his divine power, and he was afraid that it would be difficult to subdue Itair. Moreover, the general's mansion was on guard, so he should endure first and act according to chance.

At the same time, Ilona trembled even more, staring blankly at her brother in front of her, her mind went blank.

Soon, Ilona reacted and said anxiously: “Brother, you are crazy, how can you do such a treacherous thing?”

“What's wrong with you?” Itel shook his head and said disapprovingly: “I did this for the sake of our family in the future. For so many years, I have been devoted to the Rakshasa clan, but this woman, Mona, treated me like this, she was unkind, I'm not righteous, what's wrong with this?”

Ilona became anxious: “Brother, calm down, if this matter is exposed, our family will be finished. In my opinion, you should stop and let the queen go. Come out, I believe that as long as you are willing to admit your mistake, Her Majesty should give us a way out...”

In her heart, she has always been loyal to the Rakshasa family and the Queen, and her brother's actions completely subverted her life creed.

“Shut up!”

Just before Ilona could finish speaking, Itel roared angrily, then slapped her face with a slap in the face: “Opened the bow without turning back the arrow, let Mona go? You want me to die? ?”

## **The ultimate husband in Chinese chapter 5836**

“Brother...”

Ilona covered her face and looked at Itair in disbelief: "You actually hit me?" As she said that, her delicate face was also filled with grievances and anger that could not be concealed.

The two brothers and sisters have a good relationship, because the parents left early, and Itel has always taken care of this sister.

In Ilona's heart, no matter what mistakes she made before, her brother would give the greatest tolerance and never yelled at herself, but today, because of the queen, he actually did it.

call!

Feeling his sister's grievance, Itel took a deep breath and felt a little unbearable, but still said coldly: "I tell you, what we said just now must not be spread out, otherwise, our family will face extinction. disaster."

Saying this, Itel waved his hand a little tiredly: "Okay, you can go out and think about it for yourself." My

sister has never suffered setbacks since she was a child, and she has experienced few things. I hope that starting tonight, she will To be able to mature completely...

"Let's go!"

Ilona thought her brother would coax her, but when she saw his cold appearance, she was so angry that she stomped her feet and turned around and walked out of the hall.

Because she was so angry, Ilona forgot about Yue Feng outside the door.

Holy crap...

When Yue Feng reacted, Ilona had disappeared at the end of the corridor, and she was dumbfounded.

Did this girl just leave?

"You..."

This chapter is provided by . Visit for daily update.

Just when Yue Feng was secretly depressed, Itel found Yue Feng standing outside the door, and said very unhappily: "What are you still doing standing outside the door? Step back."

Because Yue Feng was wearing the soft armor of cavalry, Itel thought it was Ilona's subordinate, and it was dark, so he didn't recognize it at all.

Mad!

In the face of Itail's scolding, Yue Feng scolded him secretly, wanting to subdue Itail, and then asked him where Mona was under house arrest, but thinking that his divine power had not recovered, he held back.

After all, this is the Great General's Mansion, and there are many people. If itel is not subdued, but his whereabouts are revealed, it will be troublesome.

The safest way is to find a way to ask Ilona to help.

After weighing the pros and cons, Yue Feng responded respectfully, then turned around and stepped back.

After drinking Yue Feng, Itel sat in the front hall, thinking back to the scene of his sister's dissuasion just now, inexplicably irritable in his heart.

"Someone!" A

few seconds later, Itel called two cronies: "Send a few people to strictly guard Lorna. Without my permission, she is not allowed to leave the general's residence."

The matter of imprisoning the queen must not be exposed. Going out, in order to prevent my sister from having trouble during the festival, it is better to put her under house arrest.

"Yes." The two cronies responded and walked out quickly.

Seeing the two cronies leave, Itel was still worried, changed his clothes quickly, and rushed to the headquarters of the Tiandao Association to discuss with Prince Aotian.

After Tiandaohui was destroyed, Prince Aotian stayed there.

.....the

other side.

Yue Feng left the front hall and went to the corridor outside. Looking at the maze-like building in front of him, he was in trouble. This general's mansion is really big, where can I find Ilona?

Forget it, try your luck.

Yue Feng muttered in his heart, and began to wander around the general's mansion. During this period, he encountered many patrolling cavalrymen, but when he saw Yue Feng's dress, he did not question him.

Before I knew it, half an hour passed.

Yue Feng never found Ilona's room, and his head suddenly became big, and what made him even more depressed was that he seemed to be lost.

In anxiety, Yue Feng wanted to find someone to ask, but on second thought, it was easy to make people suspicious. After all, it was late at night. When a cavalryman asked about the female general's room, anyone would think too much.

Ok?

At this moment, Yue Feng saw the entrance of the courtyard in front of him, there was no guard, and there were flowers and plants planted at the entrance of the courtyard, which was very elegant.

Not only that, Yue Feng could clearly hear that there was movement in the room in the courtyard.

Elegant courtyard, no guards at the door...

Yue Feng was overjoyed to find this. This should be where Ilona rests. After all, she is her daughter's house, and there are no guards at the door to avoid suspicion...

Yes, definitely That's right.

Thinking to himself, Yue Feng walked in without hesitation.

## **The ultimate husband in Chinese chapter 5837**

When I

arrived at the door of the room, I saw it was pitch black inside, but there was a rustling sound.

Yue Feng hesitated at the door.

This Ilona should have been slapped by her brother, and she was still angry, so she didn't light the light when she entered the room. Moreover, listening to this movement, there should be no rest.

Thinking of this, Yue Feng gently opened the door.

Normally, Yue Feng would politely call the door when he entered a girl's room, but at this time he was thinking about Mona's safety, and he was a fake cavalryman, so Yue Feng didn't care about these common etiquette. .

At this time, Yue Feng did not know that this courtyard was not a place for Ilona to rest at all. The second lady who lived in it was Yi Taier's marriage two months ago.

The second lady's name is Luo Yi, the daughter of a leader of the Rakshasa tribe. She has just turned 20 this year, she is beautiful and charming, she is a famous beauty of the Rakshasa clan.

Two months ago, this leader deliberately introduced his daughter to him in order to cling to Ite's power.

Speaking of Ite, although he is a general and has power over the entire Rakshasa clan, he has a very high yearning for power, but he is not very lustful. At that time, facing the kindness of the leader, it was not easy to turn it away, so he had to marry Luo Yi. came back.

Just after getting married, Ite spent most of the time in the military camp, so this delicate second lady was basically alone in the empty room.

Squeak!

The moment the door was opened, Yue Feng saw a slender figure sitting beside the bed, not sure what he was doing.

Tonight, the stars and moon are dark, and the room is dark and dark. Even if Yue Feng's eyes are sharp, he can't see each other's face clearly. He can only vaguely see the figure beside the bed, with beautiful curves.

shit...

Seeing this situation, Yue Feng's heartbeat instantly accelerated, very embarrassed.

Is this girl ready to rest so soon? Is it too reckless to break in like this?

Until now, Yue Feng had not realized that the figure in front of him was not Ilona at all, but the second lady.

Swish!

At this moment, seeing the door being pushed open, the second lady's eyes immediately turned to Yue Feng.

The next second, the second lady said happily: "General, you are finally here, I've been waiting for you for a long time." As she spoke, the second lady walked over quickly and threw herself into Yue Feng's arms.

At the same time, the second lady closed the door by the way.

Like Yue Feng, the second lady mistook Yue Feng for Itaire because of the dim light and could not see the face of the person who came. Come in.

At this moment, the second lady hugged Yue Feng tightly and said in a coquettish tone, "General, every time you go to the military camp, it takes ten days and a half months. I miss you so much."

Gudong!

At this moment, Yue Feng felt the weak and boneless body of the second lady, and was stunned at the time. Hearing the coquettish words, he couldn't help swallowing his saliva, only to feel that his bones were crisp.

However, Yue Feng remained calm in his heart, with nowhere to put his hands, and he was secretly complaining.

Oops, I should have entered the wrong room. Listening to the other party's words, it should be the general's wife.

Embarrassed, Yue Feng felt the touch of the soft bullet, and couldn't help but secretly praised, this Itai is not shallow, she actually married such a superb lady.

Seeing that Yue Feng didn't speak, the second lady didn't doubt it, because Itair was taciturn in front of her.

At this time, the second lady pressed her face tightly to Yue Feng's heart, exhaled like a blue, and said softly, "General, you must make up for me tonight." As she spoke, she took Yue Feng and walked towards the bed.

compensate?

At this moment, Yue Feng's brain was buzzing, even a fool knows what this sentence means.

However, Yue Feng was eager to find Ilona to discuss how to rescue the queen. At this time, how could he be in the mood to spend the past month with this charming and charming second lady?

Anxious, Yue Feng was ready to break free.

However, the more Yue Feng broke free, the second lady hugged his arms even tighter, with a soft tone: "General, are you still troubled by the events of the past two days? With such a beautiful scenery, don't think about those big things."

## The ultimate husband in Chinese chapter 5838

The

second lady never asked Itail about it, but she also knew that Itail was busy with affairs these days. At this time, she thought that Yue Feng did not speak because she was troubled by trivial matters.

Uh....

Hearing this, Yue Feng was dumbfounded.

He was not Itel at all, so he didn't dare to speak at all. At that time, I wanted to forcibly push the second lady away and slammed out the door, but I still held back.

Once this is the case, the other party will find that he is not a general, and when the time comes to call the cavalry outside, his identity will be revealed.

But it's not enough to stay here...

"General!"

Just when Yue Feng was anxious about what to do, the second lady had already pulled him to the side of the bed, her cheeks were brought up, and she said softly, "You've never been Talking, are you tired? I asked someone to get a medicine from Kyushu two days ago. It is used to adjust the atmosphere. I heard that it is very effective. Let's try it later and let me serve you."

Bo... When

the last word fell, the second lady smiled shyly and kissed Yue Feng gently on the neck.

In an instant, feeling the aroma from his neck, Yue Feng was completely stunned, his mind buzzing and blank.

It's used to adjust the atmosphere...

I'll go, it won't be that kind of medicine, will it?

Soon, Yue Feng realized something and wanted to break free from the second lady's hand, but at this moment, the second lady took out a packet of medicinal powder from nowhere and put it in front of Yue Feng's nose.

hum!

Yue Feng didn't have time to react at all, he smelled a strange fragrance, which went straight to his nostrils, stimulating the nerves in his brain. In less than two breaths, his whole body seemed to be on fire.

Speaking of which, Yue Feng is the body of the Profound Sage, and is invulnerable to all poisons, but the medicine powder that the second lady took out is not poison. In this case, Yue Feng is naturally hard to resist.

Holy crap... what kind of medicine is this, it works so fast.

At this moment, Yue Feng was secretly surprised, and at the same time tried his best to keep calm, but his body didn't obey at all.

"General!"

At this moment, the second lady also smelled the medicinal powder, her whole body was like a boneless snake, she called out softly, and hugged Yue Feng tightly.

The light was too dark, Yue Feng couldn't see her expression clearly, but he could feel the breath she exhaled, like a fire. At the same time, Yue Feng also felt like a fire was burning in his body...

Pfft...

Then, before Yue Feng recovered, the second lady hugged him and rolled onto the bed at once.

Yue Feng was in a hurry and wanted to push her away, but the fire in his body became more and more intense, and then his mind was in chaos and he completely lost his mind.

Soon, the second lady tore off Yue Feng's clothes and sat down slowly.

"Um..." A

seductive low voice began to echo in the room.

.....

On the other hand, Ilona returned to her room angrily.

brother has changed.

At this moment, Ilona was sitting at the table, thinking of the scene just now, her heart became more and more aggrieved.

My brother never spoke to me loudly before, but now he beats me for the Queen's business...

bad...

Feeling wronged, Ilona suddenly thought of something and stood up quickly, her delicate face unable to hide her anxiety.

Yue Feng was still at the door of the front hall. He was just angry just now. How could he forget him? It would be troublesome for my brother to recognize him.

Thinking to herself, Ilona hurriedly pushed open the door, preparing to go to the front hall.

Crash....

But at this time, two people walked over quickly and stopped Ilona. It is Ite's henchman.

Ilona frowned, and said angrily, "What are you doing? Get out of the way!" The voice was clear, but unquestionable.

"Miss!" The head confidant said respectfully: "The general has an order, you are not allowed to leave the room for half a step." Outside, Ilona was called the general, and when she got home, she was called Miss.

Swish!

Hearing this, Ilona was anxious and angry, and was too lazy to talk nonsense: "Go away." She was about to force her way past.

However, the two never let go.

At this moment, Ilona was furious, but she had no choice. The two people in front of her were her brother's cronies and only obeyed her brother's orders. In desperation, Ilona had to return to the room.

Can think that Yue Feng is still outside, where can he sit?

Soon Ilona had a solution, walked quickly to the rear window, opened the rear window suddenly, and then dodged and hid under the bed.

Huh?

There was a lot of movement in opening the window, and the two people who were guarding the door immediately looked at each other and rushed in.

“It’s broken, the lady ran away.”

“Come on.”

Seeing that there was no sign of Ilona in the room, both of them were startled, thinking that she ran out of the back window. go out.

The two didn’t realize that Ilona played ‘Tiaohu Lishan’ and hid under the bed without running at all.

Huh....

Listening to the footsteps of the two walking away, Ilona breathed a sigh of relief, quickly got out of the bed, and rushed towards the front hall. As a result, when she reached the front hall, Ilona was stunned.

I saw the outside of the front hall, it was quiet, where could there be Yue Feng?

Oops...

Ilona bit her lip tightly and became a little worried. Wouldn’t Yue Feng be discovered and caught? After thinking about it, Yue Feng is the Queen’s VIP, and his strength is unfathomable. If he really wants to leave, the cavalry in the general’s residence will not be able to stop him at all.

Thinking of this, Ilona no longer worried about Yue Feng’s safety, but continued to think about the Queen.

My brother should rest at the second lady’s place at the moment. He is determined to replace the queen. No matter how he persuades him, it is useless. It seems that he can only use extraordinary means...

After some deliberation, he walked towards the courtyard behind. .

on the other side.

I don't know how long it took, everything calmed down, the second lady was dripping with sweat, fell to the side and fell asleep.

Yue Feng's mind also came to his senses, and he sat beside him, not knowing whether to laugh or cry.

Nima, what is this called? I was thinking of coming to Ilona, but by accident, the innocence of the general's wife was taken away. But I have to say, this lady is really sexy.

The feeling just now is really memorable...

Phew!

Thinking to himself, Yue Feng let out a long sigh of relief and prepared to put on his clothes and leave.

Squeak...

But just as Yue Feng was putting on his clothes, suddenly, the door was gently pushed open, and then, a graceful figure walked in quickly.

what's the situation?

Seeing this situation, Yue Feng was stunned.

Someone broke into the general's wife's room in the middle of the night. The servants in the house should not have such courage. Could it be the remnants of the Heavenly Dao Society?

Moreover, looking at the figure, it seems that the person who came is still a beautiful woman...

At this time, Yue Feng didn't know that the person who came was Ilona.

Whoosh...

Just when Yue Feng was in shock, the person who came was already at the bedside, but without saying a word, he slapped his palm towards Yue Feng's neck.

Yes, Ilona came to the second lady's room late at night, ready to raid Itel, tie him up, and finally force him to give up the crazy idea of replacing the queen.

However, at this time, Ilona probably would never have thought that the man lying on the bed was not her brother at all, but Yue Feng, who had never been found just now.

boom!

Because of the dim light and the fact that Yue Feng's divine power has not recovered, he couldn't react at all. Ilona's palm hit his neck exactly, Yue Feng only felt that his eyes were dark, and he fainted immediately.

"Brother..." The

raid was successful, Ilona was not excited at all, but extremely complicated, and muttered to herself, "Don't blame me, I did this to make you turn back in time.

" Take out the rope from the body and tie Yue Feng Wuhua. Just after it was tied up, the second lady next to you woke up faintly

, and when she saw a black figure standing in front of the bed, she was shocked and exclaimed: "Who is it?"

Knock out the second lady.

The second lady groaned, she couldn't see who was coming, and fainted.

call!

Ilona took a deep breath, looked outside, made sure there were no cavalry patrolling nearby, and quickly dragged Yue Feng out.

When they got outside, Ilona thought for a while and decided to bring 'brother' into her room.

From the second lady's courtyard, Ilona's room was less than fifty meters away, but it took Ilona more than an hour to avoid the patrolling cavalry.

"I'm exhausted!"

Finally, returning to her room, Ilona took a deep breath, wiped the sweat from her forehead, put Yue Feng aside, and closed the door.

My brother probably won't wake up in a while, let's take a bath first, this sweat is uncomfortable.

Thinking to herself, Ilona walked into the bathroom at the back.

## **The ultimate husband in Chinese chapter 5840**

Entering the bathroom, Ilona was afraid that the two cronies would come back, so instead of turning on the light, she directly turned on the shower and began to bathe.

Although the Rakshasa people are backward in technology, they have exchanged business with Kyushu in the past few years and have also introduced a lot of technological products, especially the General's House, which has a complete range of household appliances.

Seriously, if it were normal, Ilona wouldn't be so casual. After all, there was a man in the room outside, so it was really indecent to take a bath like this.

But tonight is a special situation, and the other party is his brother, so it doesn't matter.

More importantly, my brother is still in a coma and is not afraid of being seen.

Clap la la...

With the sound of water, Yue Feng, who was outside, woke up leisurely.

Nima, what's going on here?

The moment he opened his eyes, Yue Feng only felt a splitting headache, Mad, that woman was really cruel. Because the light was dim at the time, until this time, Yue Feng didn't know that it was Ilona who raided him.

Muttering in his heart, Yue Feng looked around and was stunned.

At this time, the dark clouds dissipated in the night sky outside, and the bright moonlight poured in through the window. Yue Feng saw that he was in a fresh and elegant room.

A few meters in front of the eyes, there is a bead curtain, behind the bead curtain is a bathroom, through the glass, you can vaguely see a slender figure inside, taking a shower.

This....

Seeing this situation, Yue Feng was suddenly stunned, and only felt that his mind was blank.

Is this woman so unrestrained? Caught me and went to the shower alone?

Just when Yue Feng was muttering secretly, Ilona came out of the bathroom after washing her body. She didn't cover her body, but just put a bath towel on Xiang's shoulders.

What the hell, is that her?

At this moment, with the help of the moonlight outside the window, Yue Feng could see Ilona's face clearly.

It turned out that it was this girl who raided herself.

Realizing this, Yue Feng quickly turned his head and thought secretly.

Could it be...because I touched his brother's woman, she couldn't be more angry, so she arrested me and wanted to vent her anger on her brother?

No...

If that's the case, why didn't she kill me while I was in a coma and take a bath with such confidence?

For a time, the more Yue Feng thought about it, the more he didn't understand, and only felt that his head was getting bigger.

Gudong!

While thinking about it, looking at Ilona in the moonlight, Yue Feng couldn't help swallowing, and the whole person was not calm.

Beautiful... so beautiful.

It's like a hibiscus out of water.

Although Yue Feng had admired Ilona's graceful appearance in the previous cave, but at this time, Ilona, who had just bathed, had a different flavor.

"Brother..."

Yue Feng swallowed his saliva in a low voice, but Ilona still heard it. While wiping his hair, he said slowly, "Are you awake?"

Brother?

Hearing this title, Yue Feng was stunned again. Then understand what.

This girl... won't catch me as I tel...

Thinking to himself, Yue Feng was a little stunned. No wonder this girl took a bath so casually. After understanding it, she wanted to cry without tears.

When she finds out that the person she arrested is not my brother, will she gouge out my eyes? After all, what should be seen and should not be seen, I have seen all of them just now.

Seeing that Yue Feng didn't speak, Ilona thought that 'brother' was angry, and continued: "I know you are very hot, but I don't want to do this, but I have to do it."

"Brother wants to rebel and usurp the throne. I thought that if we fail, our family will be in a doomed situation. Brother, listen to my advice and let the queen go. I believe that you are temporarily confused."

After saying this, Ilona took out a set from it. Change your clothes.

Of course, the dressing process was still in full view of Yue Feng.

"Brother!"

After getting dressed, Ilona walked over slowly: "You can hit me or scold me, in short, if you don't agree, I will keep you tied..."

Halfway through, Ilona came to the front and saw Yue Feng's face through the moonlight, and her body trembled suddenly. The whole person froze.

Yue Feng?

What... how is he?

"Ah..." The

next second, Ilona let out a scream, her delicate face was extremely blushing, and she could not wait to find a crack to crawl in. She never thought that she had caught her brother, why suddenly Become Yue Feng?
