Call!

However, Itel, who was suspended in mid-air, lost the pride he had just now, frowned secretly, and was secretly surprised in his heart.

what happened?

Itel clearly felt that the power of urging the sunset bow twice in a row, the power in his body was almost evacuated, not only that, but also affected by the power of the sunset bow, there was a burst of burning pain in the meridians all over his body. .

At this time, Itel didn't know that although the sunset bow was powerful, the powerful power gathered in it could easily backfire on its master. The more times it was used, the stronger the backlash. A sun, under the backlash of terrifying power, almost burned to death.

That's why Emperor Hou Yi sealed the Sunset Bow.

Although Itair is not weak, compared with the Houyi Emperor of the year, he is completely in the sky and the ground. Even the Emperor Houyi cannot completely solve the problem of the backlash of the sunset bow, let alone Itair.

Mad...

At this moment, Yue Feng was shocked by the terrifying aura and was knocked back dozens of meters. After stabilizing his figure, his heart was also shocked.

Soon, Yue Feng noticed the change in Itair's face and was stunned.

Haha....

Then, Yue Feng showed a smile.

This Itel seems to have been counterattacked by the power of the Sunset Bow....

Yue Feng is very knowledgeable, and he can see the clue at a glance.

"Yue Feng!"

At this moment, Mona's delicate face couldn't hide the anxiety, and shouted at Yue Feng: "How are you? Is there anything?" If even Yue Feng could not defeat Itair, then the entire Kyushu would be afraid No one can stop him.

Anxious, Mona greeted Ilona and was ready to come over to help again.

Just before he could move, he was stopped by Yue Feng.

“Don’t worry about me.” Yue Feng shook his head, looked at the fierce battle in the hall, and said loudly: “You go and deal with his subordinates, and I’ll leave it to me.”

Just now, he saw the power of the sunset bow, but Yue Feng didn’t mind it. A little bit of confidence, but just now I noticed that Irel was backlashed, and his self-confidence increased instantly.

Ok!

Hearing this, Mona responded, and her delicate body flashed into the hall, helping the leaders and fighting those black armored cavalry.

At the same time, Ilona also flew up, stood on the eaves of the main hall, and shouted loudly with Dantian: “The Rakshasa warriors obey the order, come to the main hall quickly, and eliminate the traitors

.

” The voice spread throughout the entire palace, and soon, warriors guarding all over the palace came one after another.

In the blink of an eye, these palace warriors arrived at the square in front of the main hall, and they were all shocked when they saw the scene in front of them. They saw that Yue Feng and Itair were facing each other in the air, and in the main hall, Mona and various leaders were being attacked. The siege of the cavalry.

“Protect the Queen!”

“Kill!”

After a few seconds, these palace warriors reacted, let out a howl, and rushed into the hall.

With the addition of these palace warriors, the black armored cavalry was retreating steadily. In the blink of an eye, many fell in a pool of blood, and the rest were forced to retreat to the corner of the hall.

Mad!

Seeing this situation, Irel was furious, and he never thought that the situation would change so quickly.

“Yue Feng!” Itail glared at Yue Feng, and said coldly, “You are lucky this time. When we meet again next time, I will take your life.” Seriously, Itail could not wait to kill Yue Feng at this time. Thousands of corpses.

It’s just... the burning sensation in the body is getting stronger and stronger. In this case, Itail dared not rush the power of the Sunset Bow any more, so he could only choose to leave.

Haha....

Seeing Itail’s harsh words, Yue Feng was not angry at all, but laughed: “Itail, Itail, I originally admired you, I think you are a man, now look at it. Come on, I’m flattering you too much.”

“You have a magic weapon in your hands, killing me is as easy as the palm of your hand, but now you want to run away, huh, what the first warrior of the Rakshasa clan, it’s so embarrassing.”

Shuh!

Hearing these words, Mona and others in the hall were all worried.

Is Yue Feng crazy? The sunset bow in Yi Taier’s hand is so terrifying, and he takes the initiative to provoke...

The ultimate husband in Chinese chapter 5902

At this time, everyone in Mona didn’t know that Yue Feng took the initiative to provoke, not arrogant, but aggressive.

Mad!

Itail in midair, facing Yue Feng’s mockery, his face was also extremely ugly, and he almost exploded with anger.

This Yue Feng was so arrogant, he even insulted me in public.

In anger, Itail raised the sunset bow, ready to activate it again, but soon calmed down.

No, the power of this sunset bow is too strong, and if you use it again, you will definitely not be able to hold it.

“Yue Feng!”

Calm down, Yi Taier looked at Yue Feng closely, and smiled contemptuously: “You still have the face to mock me? You are a hero of Jiuzhou who is respected by the world. In

front of me, you are not a complete defeat? What? Say some high-sounding words, come to save face, is your last ability?" The

last word fell, Itel put away the sunset bow, and was about to turn around and leave.

He clearly saw that the hundreds of elite cavalymen arranged in the palace were almost wiped out at this time.

"Have you escaped!"

However, at this moment, Yue Feng showed a smile and mocked again: "What about the majesty of your general? The first warrior of the Rakshasa tribe has turned into a tortoise, alas, it's really disappointing."

Yue Feng knew that Yi Taier wanted to regain his strength when he left, so how could he be given a chance?

Can you bear it, see how long you can bear it.

Swish!

This chapter is provided by . Visit for daily update.

At this moment, Yi Taier had already flown more than ten meters away. Hearing this, he stopped abruptly and turned back to stare at Yue Feng, his anger rising.

He is the first warrior of the dignified Rakshasa clan, and he is also a general who holds military power. Who is not respectful and respectful when he sees it, and when has he received such humiliation?

"There's more."

Seeing Yi Taier stop, the corner of Yue Feng's mouth rose, and he continued: "As a general and the first warrior, you are so timid as a mouse. In the words of our Kyushu, you are a person who makes a name for himself. Imprisoning the queen and trying to snatch the throne is unfaithful and unrighteous."

"Because of your own ambitions, even letting go of your own sister is even more cruel."

"Tell yourself that you are unfaithful and unrighteous. If I were you, I would have had no face to face the ancestors of all dynasties and committed suicide on the spot."

When he said this, Yue Feng's face was full of contempt.

He could see that Itel had been aroused by his anger, so naturally he would not miss the opportunity and quickly add fuel to the fire.

“You! Look! Die!”

In an instant, IteI’s eyes were blood red, and he couldn’t help roaring any longer.

hum!

In the next second, IteI resisted the burning pain in his body, stimulated his inner strength again, and summoned the sunset bow at the same time.

In the final analysis, Yi Taier has a turbulent personality. As a general for so many years, he has been held high by others, and he has never received such humiliation. At this time, facing Yue Feng’s abuse and mockery, he has completely lost his sense.

“Yue Feng!”

Driven by internal force, Yi Taier was shrouded in the golden glow of the sunset bow, like a god of war, looking down at Yue Feng: “If I don’t smash your body into ten thousand pieces today, I will not be Yi Taier. .”

Om!

When the voice fell, IteI’s eyes were extremely blood red, and all the power burst into the sunset bow. In an instant, the terrifying power of the Sunset Bow erupted again.

Huhu.....

It was noon now, and I saw that under the surging power of the sunset bow, the power of the blazing sun in the scorching sun above my head gathered crazily, merged into the hunting bow, and then , the sunset bow burst out with a dazzling golden-red light, which illuminated the entire palace in golden red.

At this time, IteI had completely lost his mind in anger, and had forgotten that if he activated the Sunset Bow again, he would suffer a more terrifying backlash. He just wanted to kill Yue Feng immediately.

laugh!

The scorching and terrifying power enveloped the entire palace, and Yi Taier’s face was full of madness, and his fingers quickly pulled the bowstring, condensing a flaming feather arrow, which erupted straight towards Yue Feng.

Wherever the feather arrow passed, the entire sky burned with astonishing power.

The ultimate husband in Chinese chapter 5903

Hiss!

Seeing this situation, whether it was Mona, or Ilona and those warriors, they were all shocked.

The power of this sunset bow is really terrifying.

Once shot, I'm afraid there won't be any burnt ashes left...

gudong!

At the same time, Yue Feng couldn't help swallowing his saliva, and his heart was shocked.

The power of this sunset bow is more terrifying than the opening axe. Fortunately, it has the disadvantage of backlash. Otherwise, whoever gets it will be invincible.

Thinking about it, Yue Feng's figure flashed, and a column next to his palm snapped. At the moment when the stone pillar was broken, Yue Feng quickly deployed a layer of divine protection film on the stone pillar.

Whoosh!

The column is five or six meters long, like a giant sword, to meet the whistling arrows.

The power of the sunset bow was too strong, and Yue Feng naturally did not dare to take the risk.

boom!

Seeing that the column and the feather arrow collided in mid-air, a roar was heard, the column collapsed instantly, and after the feather arrow shattered the column, it continued to shoot towards Yue Feng.

At that time, Yue Feng didn't have time to think about it, so he quickly moved his figure and retreated quickly.

boom!

In the blink of an eye, the feather arrow landed on the position in front of Yue Feng, blasting out a giant pit with a diameter of several tens of meters.

Pfft!

Although Yue Feng tried his best to avoid the arrow, he was still thrown out by the force of the giant pit, flying more than 100 meters away, and finally landed heavily.

Seeing this scene, everyone in Mona couldn't help but sweat for Yue Feng.

dodge?

In midair, Yi Taier's eyes were extremely blood red, and he locked on Yue Feng tightly, unable to hide his anger and killing intent: "You can dodge, even if you dodge this arrow, you can't escape the tragic end.

" Falling down, it is time to raise the sunset bow again!

Phew ...

Just at this moment, a golden-red flame spewed out from Itel's eyes, followed by nostrils, mouth, ears... all spewed out flames, and in a blink of an eye, golden The red fire completely enveloped Itel.

That's right, Yi Taier has pushed the sunset bow three times in a row, and has reached the limit of bearing.

In the blink of an eye, Itel turned into a fire man, fell to the ground, rolled non-stop, the sunset bow in his hand fell to the side, and bursts of exhausted howls uttered from his mouth, which sounded terrifying.

This....

seeing this scene, whether it was Mona or everyone present, they were all dumbfounded, and they were all in shock.

Yue Feng had a calm expression on his face.

Ital was ambitious, and he did not break his hand in order to achieve his goals, and now he has ended up like this, and it is his own fault.

Soon everyone reacted, and everyone's faces were extremely complicated, and no one sympathized with Itel.

Pfft!

Ilona also regained her senses. At that time, her delicate body trembled, and she slumped on the ground. She couldn't help but murmured, "Brother..." Although Itel had cut off the brother and sister relationship between the two before. , But after all, blood is thicker than water, and seeing her brother caught in the fire at this time, Ilona will naturally not be indifferent.

"Yue Feng!"

The next second, Ilona pleaded with Yue Feng: "Please, save my brother..."

She knew that Yi Taier had such an end, and she asked for it, but after all, it was her own brother. , can't watch him get burned alive.

Ugh!

Yue Feng sighed and said slowly, "Okay!"

After saying that, Yue Feng raised his hand and waved, and the red lotus fire jumped out. In an instant, the blazing sun and sky fire on Itair was completely engulfed. .

Although the blazing sun fire is fierce, it is much worse than the red lotus fire.

When the fire was extinguished, it was seen that Itel was burnt black, dying, and only his last breath was left.

"Brother!"

Ilona walked over quickly and hugged Itail, her voice trembling, her heart ached beyond words.

Immediately, Ilona looked back at Mona, her delicate face full of pleading: "Your Majesty, my brother has already received the punishment he deserves. I implore Your Majesty to open up and spare his life."

Hearing this pleading, Mona's face did not fluctuate at all.

Itair committed the following crime and almost killed himself. He deserved to die a hundred times.

The ultimate husband in Chinese chapter 5904

Seeing that Mona didn't speak, Ilona was even more anxious.

At this moment, Yue Feng walked over slowly and said to Mona: "Ital was attacked by the sunset bow, and his meridians and dantian were completely destroyed. If he survived, he was just an ordinary person."

"Okay!"

Seeing Yue Feng speak, Mona nodded, and her red lips lightly opened: "For Yue Feng's sake, let him die."

Seriously, Mona really wanted to cut Yi Taier into eight pieces . , but Yue Feng also said that he was counterattacked by the power of the Sunset Bow, and even if he survived by chance, he became an ordinary person and did not threaten himself at all.

Moreover, in the past few days, Ilona has always been by her side, and she really can't bear to let their brother and sister be separated by yin and yang.

"Thank you, Your Majesty!"

Ilona was relieved, grateful for her winning streak. Then two warriors were arranged to carry Itail down.

At this time, Yue Feng walked over and picked up the sunset bow on the ground.

call!

At the moment of starting, Yue Feng felt the power surging inside, couldn't help taking a deep breath, and then said to Mona: "Such a magic weapon, falling into the rivers and lakes will be a disaster, or stay in your Rakshasa, Seal it up."

With that, Yue Feng handed the Sunset Bow to Mona.

Although the Sunset Bow is powerful, with Yue Feng's current state, it is not needed at all.

Ok!

Mona responded, put away the sunset bow, and then smiled at Yue Feng: "Thanks to you this time, otherwise, I really don't know what the consequences will be."

Yue Feng smiled slightly, and then heaved a sigh of relief: "The matter is finally I understand, I should go back too."

"You..."

Hearing this, Mona was a little reluctant: "Are you going to leave now? You have just experienced a fierce battle and you are weak, you might as well rest here for a few days." The wind protects him all the way, and a little bit of dependence rises in his heart unknowingly.

Yue Feng thought for a while and nodded: "Alright."

Mona said it right, she is so weak now, so she should rest and leave the Rakshasa clan.

...

the other side.

The lakeside courtyard where Shennong lived in seclusion.

In the pavilion in the courtyard, Shennong lay quietly on a bamboo chair, closing his eyes and resting in peace.

After Zhu Bajie changed his appearance, he left, and Shennong rarely lived a few days of pure life.

Bang Bang Bang...

At this moment, there was a knock on the door outside the courtyard.

Shen Nong opened his eyes and sat up with a bit of displeasure on his face. He opened the door and saw a slender woman standing outside.

The woman's appearance is delicate and beautiful, but there is a bit of anxiety between her brows.

It is Nalan Wushuang.

A day ago, Nalan Wushuang, with the help of his aunt, settled Tie Bowen, left the family, and sought a way to save Tie Bowen. At that time, the first thing that came to Nalan Wushuang's mind was the Shennong family.

After all, Shennong is a famous doctor in Kyushu, known as the ancestor of medicine. As long as he is found, Tie Bowen will be rescued.

It's just that the place where Shennong lives is very hidden. Nalan Wushuang made inquiries and walked hundreds of miles on foot, and finally found this place.

"you..."

With this kindness, Nalan Wushuang couldn't hide his excitement when he saw the immortal and dignified Shennong: "You are the senior Shennong."

Shennong looked Nalan Wushuang up and down, nodded and said: "This old man is, who are you, girl doll. ?" Nalan Wushuang is an adult, but Shennong has lived for thousands of years, so he is called a girl baby.

"My name is the Nalan family!"

Nalan Wushuang hurriedly reported to his family: "From the Nalan family, I want to ask the senior to save someone. As long as the senior agrees, I can do anything." From the Nalan family?

Hearing Nalan Wushuang's identity, Shennong frowned slightly and said lightly, "This old man is very busy, so I don't have time!" After speaking, he was about to close the door.

Over the years, although Shennong has been living in seclusion, he also knows that things on the rivers and lakes are good. A few years ago, Nalan Wushuang slandered Yue Wuya for having an affair with the female pirate leader, and gave birth to a child. A misunderstanding, Shennong also heard about this, and naturally had no good impression of this unruly young lady of the Nalan family.

At this time, knowing that the girl in front of her is the unruly and willful Nalan Wushuang, Shennong will not have a good face.

The ultimate husband in Chinese chapter 5905

More importantly, Nalan Wushuang disturbed Shennong's rest.

"Senior!"

Seeing this scene, Nalan Wushuang was very anxious, knelt at the door and begged: "Senior, I beg you, you must help me save people, if he dies, I really don't know what to do in the future. What should I do?"

Nalan Wushuang burst into tears when he said this.

However, the more she was like this, the more disgusted Shennong was. At that time, there was no nonsense: "If you want to kneel, just kneel."

Squeak!

When the voice fell, Shennong closed the door and went directly back to the house to rest.

Faced with this situation, Nalan Wushuang was unspeakably lost and cried even more. Before he left, he would definitely make a fuss, but after so many things, he had already matured.

Especially thinking of Tie Bowen, who was still lying in the family's secret room, only Shennong could save him, and Nalan Wushuang didn't dare to mess around.

After crying for a while, Nalan Wu's eyes flashed with determination, and he continued to kneel.

She did not believe that the senior Shennong, who was respected by the world, would be so ruthless and hopeless.

Time passed by minute by minute.

Soon, it was late at night.

Nalan Wushuang knelt on his feet for more than ten hours, his legs were sore and numb, and he was almost unconscious, but he still didn't move.

At this time, Shen Nong slept and walked out of the room slowly, ready to go fishing by the lake.

This chapter is provided by . Visit for daily update.

Shennong has a hobby, and he likes fishing at night.

Ok?

However, the moment the door was opened, Shennong was stunned when he saw Nalan Wushuang still kneeling there.

Is this girl still alive?

So persistent.

At the same time, seeing Shennong coming out, Nalan Wushuang also had a happy face, and hurriedly shouted: "Senior."

Shennong nodded calmly and asked, "Who are you trying to save?"

"He is Luo Sha clan." Nalan Wushuang replied quickly.

Rakshasa people?

Hearing this, Shennong was suddenly a little curious: "Why do you want to save a Rakshasa?" You must know that many years ago, the Rakshasa crossed the wild and strange territory in an attempt to occupy the entire Kyushu. At that time, in order to resist the Rakshasa, Kyushu The various rivers and lakes do not know how many people died.

Although the Rakshasa and Kyushu are now living in peace and do business with each other, some people still grit their teeth with hatred when they mention the Rakshasa.

call!

Nalan Wushuang took a deep breath, and explained in detail what he had lost his memory, and what he and Tie Bowen had experienced together until the end.

At the end of the story, Nalan Wushuang's delicate face was full of expectation and pleading: "Senior, please show your kindness and save Brother Bowen. If he dies, I don't want to live anymore."

Knowing the situation, Shen Nong's expression softened, and his heart was also moved by the two people's affairs.

"Get up!"

After a few seconds, Shennong didn't say anything nonsense, and nodded at Nalan Wushuang: "Take me to meet that Rakshasa clan."

"Thank you senior."

Seeing that he finally agreed, Nalan Wushuang was full of joy, Stand up and keep thanking.

A few minutes later, Shennong packed up his things and rushed to the Nalan family's manor with Nalan Wushuang.

.....

On the other hand, the Wudang faction.

In the side hall where the head of the sect rested exclusively, Prince Aotian was leaning on the soft couch, closing his eyes and resting.

At this moment, a disciple walked in quickly and said respectfully, "Senior brother, a few patrolling disciples just now found a letter outside the mountain gate with the name of the brother in charge, but I don't know who it is. Sent."

Said, the disciple handed over a letter.

Prince Aotian frowned, took the letter and waved for the disciple to step back. Then slowly unfold the letter.

Others can't see it, but Prince Aotian can see at a glance that this letter is sent by Qin Tianjian.

Swish!

Soon, seeing the contents of the letter, Prince Aotian's expression changed, and he couldn't help but scolded: "Idiot, mud can't support the wall." The

letter was written exactly what happened to the Rakshasa in one day. Thiel failed to seize the throne, and Mona returned to the palace to regain power. The purpose of the establishment of Qintianjian is to monitor Kyushu. Any major event that occurs anywhere, Qintianjian knows all about it.

At this time, Prince Aotian was very angry.

I thought that I could use Itail to control the entire Rakshasa clan, and I would have more power in the future, regardless of whether to deal with Yue Feng or other forces, but I didn't expect Itail to be so stupid. The smoke disappeared.

The ultimate husband in Chinese chapter 5906

Itail is unreliable, so he can only pin his hopes on Gone's wedding a month later.

Thinking of this, Prince Aotian used his internal power to burn the letter directly.

Afterwards, Prince Aotian continued to close his eyes and rest.

Shasha...

But at this moment, there was a slight sound of footsteps outside the side hall. At this time, it was late at night, and there was silence around the side hall. In addition, Prince Aotian was very alert, and he opened his eyes instantly.

Across the window, I vaguely saw a slender figure, parked at the door, wandering uncertainly.

This figure...is Senior Sister Qianyun?

Prince Aotian's observation was keen, and he could see at a glance that the person standing outside was Ye Yun's senior sister Qian Yun.

When Prince Aotian seized Ye Yun, he also obtained his memory. From this, he learned that because Ye Yun was too good, he had always been the best among young disciples, so there were very few medicines dispensed. The only thing that had a good relationship with him was this one. Sister Xiyun.

It's just that various things have been going on in the Wudang faction recently, and Prince Aotian has taken the position of the head again. Therefore, Prince Aotian has hardly communicated with this senior sister.

And Senior Sister Qianyun, because of their identities, never came alone to find Prince Aotian.

I just didn't expect that in the middle of the night tonight, Senior Sister Qianyun came over suddenly.

call!

At this moment, looking at Qianyun standing outside the door, Prince Aotian frowned secretly.

What is she doing with me so late?

This chapter is provided by . Visit for daily update.

Right now, outside the door.

Qianyun stood there, with a delicate face, unable to hide the hesitation.

Qian Yun is two years older than Ye Yun, introverted, gentle and kind. Ye Yun has a lively temperament, and more importantly, Qian Yun is an orphan who was brought to the Wudang School by Ye Xuan when he was five years old.

It stands to reason that the two sides are incompatible, and there will be no more intersections except for the simple relationship between brother and sister.

It's just that when Ye Yun was very young, the road to cultivation was very bumpy. For a simple exercise, others needed at most half a month to master it, but Ye Yun needed at least a month, and mistakes were often made.

It's not that Ye Yun is too stupid, on the contrary, he is extremely talented, he can draw inferences from one case when he encounters a problem, and he likes to try new methods when practicing exercises.

This caused Ye Yun to be ridiculed by his fellow apprentices and brothers for a long time when he was a child.

Every time at this time, Qian Yun would patiently persuade Ye Yun, accompany him, and figure out the key to failure. It can be said that Ye Yun could become the leader of Wudang disciples later, and Qian Yun worked behind his back. big association.

Because of this, the two have an excellent relationship.

In Ye Yun's eyes, he regards Qian Yun as his sister, and in Qian Yun's heart, he regards Ye Yun as his closest person.

Today is the fifteenth, a specific day between the two.

Thirteen years ago today, Ye Yun learned about the Wudang sect's 'Pan Cloud Palm'. Because he was distracted at the time, he almost went into trouble. At the critical moment, Qian Yun rescued him with all his strength, and finally successfully helped Ye Yun stabilize the situation. He almost lost his life due to severe internal energy consumption.

At that time, Ye Yun was very moved, so he proposed to make that day a memorial day, and every year in the future, no matter how busy the two of them are, they should be commemorated together.

From then on, on this day every year, the two would go to the forbidden room in the back mountain to meet and share their cultivation experience with each other.

However.

Tonight, Qian Yun went to the secret room in the forbidden area, and waited left and right, but Ye Yun never showed up, so she came to the side hall.

At this moment, Qian Yun looked at the lights in the side hall, her delicate face couldn't hide the complexity.

Since Junior Brother Ye Yun became the head, the whole person seems to have changed, turning a blind eye to himself, and even seems to have forgotten such an important day as today.

Can... status and power really change a person?

Ugh!

Thinking about it, Qian Yun sighed softly and wanted to turn around and leave, but she couldn't let go of this emotion with Ye Yun.

Yes, after so many years of getting along day and night, Qianyun has fallen in love with this junior brother, but she is a woman and it is inconvenient to open her mouth, so she has always buried this love in her heart.

The ultimate husband in Chinese chapter 5907

What's the situation?

At this moment, Prince Aotian in the side hall heard Qian Yun sigh softly outside, and his heart became even more puzzled.

If you have something to do, senior sister, why don't you come in and sigh?

Thinking to himself, Prince Aotian couldn't help getting up, walked over and opened the door.

Squeak!

Hearing the door open, Qian Yun instantly woke up.

Prince Aotian smiled slightly: "Senior sister, it's so late, what's the matter?"

At this time, Prince Aotian still didn't know Qian Yun's purpose. I can't remember the secret between him and Qianyun for a while.

"..."

Seeing Prince Aotian's expression, Qian Yun bit her lip lightly, feeling the indescribable loss in her heart.

It seems.... Junior Brother really forgot.

Thinking to herself, Qian Yun was about to leave, but for some reason, she couldn't help but say, "Junior Brother, you forgot that today is our anniversary."

Anniversary?

Hearing these three words, Prince Aotian froze for a moment, and then suddenly remembered.

In my memory, on this day every year, Ye Yun and Qian Yun would meet alone in the secret room of the forbidden area in the back mountain at night to talk about his cultivation experience.

This chapter is provided by . Visit for daily update.

Thinking of this, Prince Aotian patted his forehead and said apologetically: "Look at me, I've been busy recently, and I forgot about such an important day. Senior sister, don't blame me."

With that, Prince Aotian was in front of him. lead the way.

Seeing that he hadn't forgotten, Qian Yun showed a smile and followed behind happily.

After a while, they arrived at the forbidden area of the back mountain.

Squeak!

Prince Aotian pushed open the stone door of the secret room, walked in first, smelled the old smell inside, and couldn't hide the resistance between his eyebrows.

I really can't figure it out, this place is rotten and old, and the two still come here to meet every year... Qianyun, who

followed behind, stood at the door and looked at the back of Prince Aotian, stunned, and felt more and more in his heart that the younger brother and the younger brother in front of him. It was different before.

You know, every time he came here in previous years, Ye Yun would open the door, stand aside quickly, and let himself advance with a smile...

But just now, Prince Aotian didn't say anything, and walked in first .

More importantly, he didn't seem to like the place very much.

At this time, Qian Yun didn't realize that the person in front of her was not the Junior Brother Ye Yun that she liked at all.

call!

Soon, Qian Yun put away her loss and walked in quickly.

The space of the secret room is very large. The surrounding corners are covered with dust and cobwebs. Some Taoist scriptures are engraved on the walls. This is the place where the first-generation head of the Wudang sect closed his doors, and it is a forbidden place among the forbidden areas of the Wudang sect. Because of this, the two met quietly for so many years, and no one found out.

"Junior Brother!"

At this time, Qian Yun looked around the secret room and said softly to Prince Aotian, "My Tianxiu Jue has reached the eleventh floor. How have you been this year?"

Every time they meet here, Both of them will tell each other's cultivation experience and have formed a tacit understanding.

Prince Aotian smiled lightly: "It's okay."

Hearing this perfunctory answer, Qianyun didn't care, and slowly raised her hand: "Come on, let's see how much you have improved over the past year." Every time they exchanged ideas, the two would learn from each other.

Of course, this kind of sparring is just a stop, and it does not use internal force.

However, Prince Aotian is not the deity after all, and he completely forgot the agreement between the two. He was stunned for a while and said with a smile: "I don't think it is necessary. I am afraid that I will accidentally hurt my senior sister."

Hearing this, Qian Yun relaxed. The mood fell to the bottom in an instant.

The junior and junior brothers have really changed. Compared with the past, they are completely different from each other.

For a time, Qianyun was disappointed, and smiled bitterly: "Okay, then it's not comparable." After speaking, Qianyun secretly comforted herself, the junior brother became the head, and the affairs became so busy, why should he care about it?

call! Thinking to herself, Qian Yun let out a sigh of relief, adjusted her emotions, looked at Prince Aotian

and said softly, "Junior brother, what are your plans in the future?"

It's okay to be young, and now that he is an adult, if someone finds out that they are dating here, it will definitely lead to misunderstanding.

The ultimate husband in Chinese chapter 5908

Later?

Hearing this word suddenly, Prince Aotian didn't understand what Qianyun meant, and was a little confused for a while. Seeing him stunned, Qian Yun bit her lip lightly and continued: "You are now the head of the sect, and meet me here in the middle of the night. If you are seen, it

will inevitably spread rumors." At these words, Prince Aotian nodded suddenly, and then smiled at Qianyun: "How did the senior sister plan?" Because of the failure of Yitai's plan, Prince Aotian was very angry, and came out with Qianyun at this time. , the main purpose is to relax, not thinking too much at all. Swish! Facing Prince Aotian's rhetorical question, Qian Yun's delicate face suddenly flushed. "I..." In the next second, Qianyun lowered her head and said in a very soft voice, "I don't want to be sneaking around like this anymore." The voice was as thin as a mosquito, and you couldn't hear it if you didn't listen carefully. Seeing her like this, Prince Aotian was also stunned. What's the matter, sister? How to speak strange... But I have to say, this Senior Sister Qianyun's shy look is very charming. With emotion, Prince Aotian couldn't help but say: "Senior sister, what are you trying to say?" "You..." Seeing his puzzled expression, Qian Yun's face turned even redder, and stomped her feet in a hurry, this Junior Brother Ye Yun, is it intentional? He has said it so clearly, but he still doesn't understand? Embarrassed, Qian Yun took a deep breath and met Prince Aotian's gaze: "Junior Brother, you... do you like Senior Sister?" When she asked these words, her delicate body was trembling.

A few years ago, Qian Yun had been hiding her love in her heart, waiting for her younger brother to take the initiative to confess, but until now, the other party was like a piece of wood. In this case, Qian Yun couldn't help but take the lead in saying it.

What?

Hearing this, Prince Aotian's head buzzed and he was completely stunned.

It turns out... It turns out that this Senior Sister Qianyun is so strange because she likes herself.

"I know, you liked Nalan Xinran before." Seeing that he didn't speak, Qian Yun said softly, "It's just that it's impossible for you to get into this situation now. As long as you want, Senior Sister can be the woman behind you. Let's help you carry forward our Wudang together."

When she said the last sentence, Qian Yun's face was flushed red.

In front of outsiders, she has always been a cold and beautiful senior sister, but at this time, she let go of her restraint and took the initiative to confess to her junior brother, which is really embarrassing.

This...

Faced with this situation, Prince Aotian's mind was completely messed up.

As the royal family of the gods, his ultimate goal is to seize the throne of the emperor of heaven and stand above all people. How can he marry a mortal woman?

However, in order to appease Qianyun, Prince Aotian turned his head quickly and looked very happy: "Of course I would."

Hearing him say this, Qianyun smiled and was very happy.

However, at this moment, Prince Aotian turned his head and said slowly: "It's just that we Wudang faction have faced too many things recently, and the grievances with the Nalan family are getting deeper and deeper. The uncle's revenge has not been avenged, and if the secret door rushes into marriage, it will cause dissatisfaction among the brothers and sisters."

"But don't worry, when these things are resolved, I will definitely marry you."

It is impossible to get married, so I can only think of a reason for the time being. , first stabilize Qianyun.

Ok!

At this time, Qianyun was in great joy, and she didn't know what Prince Aotian was thinking. She nodded at that time and couldn't help rushing into Prince Aotian's arms.

In an instant, the gentleness fell into his arms, and Prince Aotian did not lose his mind, but his mind was incomparably sober.

With one more senior sister entangled, many things will be inconvenient in the future. We must find a way to solve it....

On

the other hand, the Nalan family.

Outside the door of the secret room in the backyard, many elite disciples of the clan gathered.

Half an hour ago, the news that Nalan Wushuang invited Shennong spread in the whole family, and many disciples were shocked beyond words. You must know that Shennong is a god-like existence in Kyushu. How many sects want to make him a god. It was a guest, but it turned out that it was difficult to see each other. And Nalan Wushuang actually invited Shennong to the family, how could it not be shocking?

"Come!"

At this time, I don't know who shouted, and the elite disciples present stood up straight.

I saw that at the end of the corridor, Shennong and Nalan Wushuang walked slowly.

Whoa!

For a time, everyone immediately parted ways, looking at Shennong respectfully one by one, with admiration and admiration that could not be concealed in their eyes.

God pesticide ancestor, this is a living fairy.

Seeing this, Nalan Wushuang's delicate face was full of displeasure. If it was before, she might still be complacent and proud of inviting Shennong.

But at this time, I was thinking about Tie Bowen, and after so much experience in this period of time, my mood was already different from before.

"What are you doing?"

At the door, Nalan Wushuang frowned and shouted at the elite disciples: "Who told you all to gather here? It's really unruly, hurry back.

"

Seeing that the young lady was angry, the disciples dared to stay any longer, so they quickly dispersed.

"Senior laughed."

Seeing the crowd dispersed, Nalan Wushuang smiled lightly and said, "They just want to see the senior's demeanor. There is no offense."

Hearing this, Shennong laughed, and immediately agreed with Nalan. Lan Wushuang walked into the secret room.

At the moment of entering the secret room, Nalan Wushuang's delicate face could not hide the tension and worry.

call!

Shen Nong took a deep breath, walked slowly to the Hanyu bed, and carefully checked Tie Bowen's condition. He saw that because he had been placed on the Hanyu bed, Tie Bowen had a layer of ice all over his body, and his face was pale and pale...

Seeing this situation, Shen Nong frowned.

The person in front of him has been dead for many days, but the body is well preserved, just trying to save it...it's not an easy task.

"Senior!"

Nalan Wushuang stood aside, his eyes full of urgency: "Is there a way to save Brother Bowen?"

Shennong pondered and was about to answer when Nalan Hongzheng, Nalan Xinran and the others left. Come in, after all, Shennong is a well-known figure in Kyushu, and now when you visit the Nalan family, you must treat each other with courtesy.

"I've seen senior!"

Nalan Xinran and the others gave a polite salute after entering the secret room.

At the same time, Nalan Hongzheng was also full of smiles and complimented Shennong: "Senior Yaozu is here, my Nalan family is really prosperous."

After speaking, Nalan Hongzheng gave Nalan a complicated look. Wushuang continued, "This girl, Wushuang, has always liked to make mischief, but this time I have disturbed Senior Yaozu, and I hope that seniors don't take offense."

In his opinion, Nalan Wushuang to disturb Shennong for a dead person is a trivial matter.

"Haha!"

Shennong smiled slightly, waved his hand and said, "The patriarch's words are too bad, this doll has already told me the matter, the two share life and death, and it is really touching, especially the female doll's deep love and righteousness. I knelt outside the door all night, and the old man was moved by her sincerity, so he came to the door in person."

Hu...

Hearing this, Nalan Hong was very embarrassed. He immediately took a deep breath and smiled: "In this case, it is important for the senior to save people. I still have something to do, so I won't be here for the time being." The

last word fell, accepting Lan Hong was turning around and walking out of the room.

Ok?

However, it was at this time that Shennong stared at Nalan Hongzheng's back and pondered.

The patriarch of the Nalan family looks normal, but there is a black aura on his face, something is wrong... Nalanhong is being secretly controlled by Gone, and ordinary people can't see the clue at all, but Shennong is the world's The respected Yaozu, his medical skills are superb, just at a glance, he can see that something is wrong.

It's just that Gone's control method is very clever, Shen Nong just noticed something wrong, but didn't see the truth.

"Senior!"

At this moment, Nalan Wushuang couldn't help but ask again, "Is there a way to save Brother Bowen?"

Alas!

Shen Nong came to his senses, sighed softly and said slowly: "He has been dying for a long time. With my ability, I can only temporarily help him to continue his life, but I can't make him come back to life."

What?

Hearing this, Nalan Wushuang's delicate body trembled, and his ability was full of hope. Hearing these words at this time, his heart sank to the bottom of the valley.

Afterwards, Nalan Wushuang looked at Shennong eagerly: "Senior, is there really no other way?"

Shen Nong took a deep breath, thought about it, and smiled bitterly: "There is, but there is, but it is only a thousand years of medicine."

Medicine?

At this moment, Nalan Wushuang's eyes lit up, and he quickly asked, "What kind of medicine?"

Shennong looked out the window, and his eyes flashed with complexity: "This medicine is the first wonder medicine in the world, it's called Jiuzhuan Huanyang. Grass, it's just that this herb grows in a very special environment. Rumor has it that it will only appear in places that connect to the ghost world."

"For so many years, I searched countless times and only found one, but it was an old friend five hundred years ago. It's been used up."

Having said that, Shennong quietly looked at Nalan Wushuang: "Daughter girl, if you can find the 9th Rank Rejuvenating Herb, the old man has full confidence to wake up your sweetheart, but if you can find it, you can. It depends on your good fortune and luck." Jiuzhuan Huanyangcao

...

Hearing this, Nalan Wushuang's eyes glowed with new hope, he muttered a few words to himself, and then nodded: "Senior Don't worry, no matter how much you pay, I will definitely find the Rank Nine Herbs."

After saying this, Nalan Wushuang hurried out the door.

Huh...

Seeing this scene, Shennong breathed a sigh of relief and couldn't help but admire: "It's rare to be so devoted to love and righteousness." The

voice fell, and Nalan Xinran, who had been watching quietly beside him, couldn't help but nodded. : "Yeah, during this time, Wushuang has experienced a lot, and has become a lot more mature."

When he said this, Nalan felt a little distressed. The niece is still young and has to endure so many things.

Thinking about it, Nalan happily ordered to the disciple outside the door: "You should have heard what Senior Shennong said just now. From now on, do all you can to find the Nine-Rank Sun-Returning Grass."

"Yes, eldest miss."

After hearing the order, several disciples responded, and then summoned others to go out to find the nine-turn sun-returning grass.

At this time, Shennong used his medical skills to extend Tie Bowen's life.

It takes a lot of energy to give people a life. After the end, Shennong's forehead is full of sweat.

"Senior!"

Nalan hurriedly handed over the towel: "It's been hard work."

Shennong smiled slightly: "It's not worth mentioning." After

speaking, Shennong suddenly thought of something, and said to Nalan with pleasure: "Ling Zun, have you been with someone recently? Let's fight?" Just now that he noticed that Nalan Hong was wrong, Shennong never forgot it, and he still couldn't help asking because of the heart of the doctor's parents.

Fight with people?

Hearing the question, Nalan Xinran's delicate face was full of doubts, and she shook her head and said, "My father has been in the manor all this time, he has not left, and he has not fought with others." After

speaking, Nalan Xinran couldn't help but ask back. Said: "Why does the senior ask this?"

This is strange...

Hearing the answer, Shennong frowned and was at a loss for a moment.

In the next second, Shen Nong didn't hide anything, and said slowly: "Just now when I was talking with Ling Zun, the old man found that there was a black aura hidden between his eyebrows, obviously he was disturbed by external forces, however, there was no injury inside or outside his body. That's why this question arises."

What?

At this moment, Nalan was stunned for a moment, and his mind was a little dazed.

To be honest, if someone else said that, Nalan would just take it as nonsense, but Shennong was different. He was a famous doctor in Kyushu and was honored as the ancestor of medicine by the world. His words were definitely not groundless.

More importantly, Nalan also felt that something was wrong with his father recently.

Thinking to himself, Nalan asked humbly for advice: "Senior, what should I do?"

Shennong thought for a while: "It's better to let the old man take a look at Ling Zun, at that time, it needed his cooperation."

Hmm!

Nalan nodded happily: "Then I will trouble the seniors, please wait in the hall first." After saying that, he took Shennong to the hall.

When he reached the hall, Nalan gladly ordered his servants to be treated with good tea, and then went to the backyard to see his father.

At this time, in the backyard study, Nalan Hong was sitting there, flipping through an ancient book.

"Father!" Nalan walked in happily and called out softly.

Nalan Hong was closing the ancient book with a calm expression: "What's wrong?"

Huh!

Nalan took a deep breath with pleasure and said softly, "Senior Shennong, who is waiting in the hall, said he wanted to show you."
