

The ultimate husband in Chinese chapter 6241-6250

Ying Kuang slowly walked out from behind the tree and looked at Yue Feng thoughtfully.

Yue Feng smiled slightly: "Why are you looking at me like this?"

Huh! Ying Kuang took a deep breath and said

with emotion: "I used to hear that people from Heavenly Dao are all powerful people. I thought they were all rumors, but now it seems that they are all true."

Kuang looked at Jia Laoliu and the others who were in a coma not far away: "I can't tell, you are very powerful, even if these mountain bandits are masters in the palace, it takes some effort to clean up, you alone, such a fast time. Knocked them all down."

It was because of this.

Seeing Ying Kuang's face full of emotion, Yue Feng not only laughed dumbly, but did not explain immediately, and greeted, "Let's go, let's continue on our way."

Ying Kuang hummed and followed Yue Feng.

After walking a few steps, Ying Kuang thought of something, and couldn't help but say, "Yue Feng, can you teach me a few hands?" As a young emperor, although he was only eight or nine years old, he was very strong, and faced with such a situation In a major accident, I want to learn some skills to protect myself.

Speaking of which, as long as you meet the King of Shaoyang, as Ying Kuang, you will naturally not lack the teachings of strong martial arts experts, but in Ying Kuang's eyes, Yue Feng is a master from Heaven, and with his teaching, you will get twice the result with half the effort.

Is this kid going to be a teacher?

At this moment, Yue Feng was stunned for a moment, and then smiled: "What I cultivate is very different from most people here, and, under normal circumstances, I will not accept disciples."

When saying this, Yue Feng was indifferent on the surface, but he felt a little regretful in his heart.

Seriously, the boy in front of him has good talent and aptitude, and is very suitable for cultivation, but he does not belong to this place at all. After sending him to King Shaoyang, he will leave. In this case, he naturally has no time to accept apprentices. .

“Okay!”

Ying Kuang didn't have much hope at first, but at this time, after hearing what Yue Feng said, he nodded, and said with a little disappointment: “I'm just saying, you are a person from heaven, what can I do? Can I worship you as a teacher?”

At this time, Ying Kuang felt very complicated.

As the emperor of the Dayan Dynasty, the emperor was ordered by the sky, but the way of Litian, where Yue Feng was located, pursued the equality of all living beings. disciple.

With emotion in his heart, Ying Kuang thought of something, and couldn't help but ask, “Yue Feng, is your strength beyond the ninth rank?”

When asked, Ying Kuang's eyes flashed with a strange look.

Nine products?

Hearing this, Yue Feng was stunned: “What is the ninth grade?”

Ying Kuang looked at him strangely: “You are so powerful that you don't even know the ninth grade?” The strength level division of , said it in detail.

It turns out that the practitioners of Tianxin Continent are divided into nine levels from low to high. The lowest is a first-rank warrior, the highest is a ninth-rank warrior, and above the ninth-rank, there are three other ranks, namely, Wen Dao, Wuming, Xuantian.

However, the road to cultivation is full of dangers and obstacles. Today, in the Tianxin Continent, there are only a dozen people who can reach the realm of the ninth grade, and there are no more than five people who are in the realm of hearing the Tao.

As for reaching Wuming, or even Xuantian, there are almost none.

Just now, Yue Feng defeated dozens of bandits with his own strength. The speed was unbelievable, so Ying Kuang believed that he belonged to the ninth-rank powerhouse.

call!

At this moment, after listening to Ying Kuang's explanation, Yue Feng smiled slightly: “Nine-rank powerhouse, I should be considered.”

In fact, with Yue Feng's strength, it has completely exceeded the scope of martial arts in this world. After all, the Emperor of Heaven The name of the teacher is not bragging, but it is impossible for Yue Feng to expose these circumstances.

Hearing the answer, Ying Kuang didn't say anything, nodded and continued to walk with Yue Feng.

...

on the other side, by the woods where the battle just happened.

Yue Feng and Ying Kuang didn't go far when they saw Jia Laoliu who had collapsed on the ground and slowly opened his eyes.

Yes, Jia Lao Liu is very cunning, he just pretended to pass out.

call!

Seeing Yue Feng and Ying Kuang walking away, Jia Laoliu couldn't help taking a deep breath, but he was shocked because he could hear the conversation between Yue Feng and Ying Kuang just now when they walked away.

The ultimate husband in Chinese chapter 6242

"Mother, it's so dangerous!"

At this time, Jia Laoliu sat on the grass with his buttocks, patted his heart, and said to himself: "I really got home today, I didn't grab any property, and I even touched it. Arriving at the person who is away from Heaven."

"Fortunately, I am excited, or this life will be gone today."

As he said, Jia Laoliu patted the soil on his body, and was about to stand up to check the injuries of his subordinates.

"Hey!"

However, at this moment, a clear and pleasant voice suddenly came from behind: "What did you just say? Li Tiandao?"

Swish!

There was a sudden voice behind him, and Jia Lao Liu was startled, his whole body jolted, and he quickly looked behind him.

Seeing this, Jia Lao Liu suddenly opened his mouth wide and his eyes were straight.

I saw that a few meters behind, a slender young woman stood quietly. The woman was about 20 years old, her facial features were exquisite and beautiful, and she was dressed in black clothes and black hats. Gives an indescribable sense of mystery.

Yes, this woman is Feixue.

An hour ago, Gu Qianqiu issued an order to let Feixue and others investigate the whereabouts of the young emperor. Feixue and his companions acted separately, and finally probed the vicinity.

Just now, what Jia Laoliu said to himself was clearly heard by Feixue, and he couldn't help asking questions immediately.

nice!

So beautiful.

At this moment, Jia Laoliu looked at Feixue closely, his eyes were straight, and his saliva was about to flow down.

Unexpectedly, in this deep mountain and wild forest, you can meet such a top-notch beauty, with a slender waist, straight long legs, and especially her delicate face, which is like a fairy.

Feixue was very displeased by Jia Laoliu's gaze, but she held back her attacks.

"Hehe..."

Finally, Jia Laoliu watched for a few seconds before finally reacting, and laughed at Feixue: "Beauty, were you talking to me just now? Tsk tsk...you look really watery. Feixue held back her impatience and said lightly, "

I'm asking you, just now you talked about Li Tiandao, what the hell is going on."

"You said this." Jia Laoliu touched his chin, Admiring Feixue, he

said with a smile: "Why, the beauty knows Litian Dao? Well, go back to the cottage with me, have a good drink, and I'll tell you what happened just now." , Jia Lao Liu slowly walked towards Feixue.

Speaking of which, Jia Laoliu was very cunning and acted very cautiously. If it was normal, he would definitely be vigilant, but the flying snow in front of him was too beautiful, and Jia Laoliu was fascinated for a while, so he didn't worry too much.

Moreover, the other party is only a woman, and in Jia Laoliu's subconscious, there is not much threat.

"Looking for death!"

Seeing that Jia Laoliu's words became more and more arrogant, Feixue couldn't bear it anymore, and immediately gave a coquettish shout, and with a sudden wave of her sword, she saw a flash of cold light.

Jia Laoliu couldn't react at all, the whole right arm flew up instantly, bringing a rain of blood, and fell to the side.

"Ah!" When the

severe pain came, Jia Laoliu screamed, clutching his broken arm and falling to the ground, rolling non-stop, dripping with cold sweat and twitching non-stop. The heart is also very frightened.

I thought I met Yan Fu, but I never thought I met a female evil star.

Feixue approached with an expressionless face, looked at him condescendingly, and said indifferently: "Do you know how to answer now?"

Speaking of which, Feixue is not a cruel person who likes to kill. The moral restraint of the man is usually not easy to take action, but the Jia Laoliu in front of him is too wretched, and his provocation has intensified, making Feixue unbearable.

"I said..."

At this moment, Jia Laoliu was full of cold sweat and said in fear: "I said all... just now we robbed a man and a child, and all of them were knocked down by that man... .."

In the next few minutes, Jia Laoliu explained the situation in detail.

A man with a child?

Hearing this, Feixue frowned and asked, "How old is the child?"

"Probably..." Jia Laoliu grinned in pain, but recalled it, and said, "About eight or nine years old, He looks white and clean, and he speaks very well. When he was surrounded by us, he didn't panic at all, and he taught us great truths."

The ultimate husband in Chinese chapter 6243

Eighty-nine years old, mature in speech!

Hearing this message, Feixue's eyes lit up, and she immediately took out a portrait from her body and handed it to Jia Laoliu: "Is that him?"

Yes, what Feixue took out was Ying Kuang's portrait.

Li Tiandao members are all over the entire Tianxin Continent, and they are well-informed. When Ying Kuang was just elected as the new emperor, Li Tiandao had already made a portrait inside.

"That's right!"

Seeing the portrait, Jia Laoliu nodded again and again: "It's him, that kid just now, that's him."

After speaking, Jia Laoliu became curious and couldn't help asking, "Who is this kid??"

Feixue put away the portrait, and said coldly, "You don't need to know this."

His tone was cold and unquestionable.

"Yes, yes..."

Jia Laoliu nodded terrified, and then pleaded with a bitter face: "Woman... a heroine, I said everything I know, beg for mercy." At this time, Jia Laoliu, Almost crying without tears.

Today is really unlucky. First, I was taught a lesson for robbery, and now I have been cut off an arm. It would be tragic if he lost his life again.

Facing the begging for mercy, Feixue's delicate face did not fluctuate at all, and said lightly: "As long as you answer my question honestly, I will spare your life."

"Okay!"

Hearing this, Jia Lao Liu was overjoyed, Enduring the pain, he nodded again and again: "Excuse me, female hero. I must know everything."

This chapter is provided by . Visit for daily update.

Feixue was too lazy to talk nonsense, and looked at Jia Laoliu closely: "You said just now that there is a man with the child, who is very strong. ? And, claiming to be someone who is away from Heaven?"

Jia Laoliu nodded and said, "Yes, that person is very powerful. At that time, we didn't know what was going on, and we were beaten down by him. The kid praised him for his greatness, and he had to be a teacher."

Phew!

Feixue let out a sigh of relief, and whispered in her heart, could it be someone from the same family who found the Young Emperor before me?

If so, you don't need to continue to track and probe.

Thinking to himself, Feixue asked again: "What does that man look like?"

This...

Jia Lao Liu thought for a while, and responded, "In his thirties, he wears strange clothes and looks very weird..." "Afterwards, Jia Laoliu told Yue Feng's facial features.

not good!

After hearing the description, Feixue's heart shuddered, and she immediately realized that something was wrong.

The man Jia Laoliu mentioned was not a person from the Tao of Heaven at all. He pretended to be from the Tao of Heaven and brought the Young Emperor with him... This is no trivial matter.

Thinking of this, Feixue hurriedly asked, "Which direction did the two of you go?"

"Over there!" Jia Laoliu pointed to the east.

Whoosh!

The moment the words fell, Feixue moved her delicate body, flew up, and disappeared from Jia Laoliu's sight in the blink of an eye.

What a fast speed...

Seeing Feixue's swift movements, Jia Laoliu stayed on the spot for a long time and did not recover.

.....

On the other side, Dayan King Super Imperial Capital.

Inside the Longqing Palace, there was a lively celebration.

I saw that there were hundreds of seats in the hall, and many of Ji Beiye's subordinates were sitting in sequence, all smiles on their faces, indescribably excited and excited.

Ji Beiye, wearing the armor of a general, sat on the dragon chair with a proud face.

Two hours ago, Ji Beiye's army completely occupied the imperial capital, and the rebels had been slaughtered. At this time, the imperial capital was under Ji Beiye's control.

In order to celebrate the short-lived victory, Ji Beiye held a banquet at the Longqing Palace to reward the soldiers below.

"General."

At this time, a general stood up and raised a glass to Ji Beiye: "Congratulations to the general for taking control of the imperial capital, and the last general to give a toast to the general." The

voice fell, and the other generals got up and toasted Ji Beiye. .

"Congratulations to the general, he is about to achieve hegemony."

"I also give a cup of respect to the general. The general has a great reputation for martial arts, and it is the will of God to conquer the imperial capital now."

"Yes, we will follow the general in the future. , you can enjoy it endlessly."

The congratulations of the generals, you and I came, Ji Beiye was indescribably comfortable, and immediately laughed: "Okay, okay, this time I can successfully conquer the imperial capital, everyone present, It's all due to my contribution."

"When I become a great treasure in the future, everyone, all of you who have merit, come and drink." After the

last word fell, Ji Beiye got up and raised his glass.

The soldiers didn't dare to neglect, and they all toasted and drank.

Ji Beiye drank a glass of wine and sat back on the dragon chair with satisfaction.

Speaking of which, Ji Beiye invited Haotian at the beginning, and wanted to celebrate together and promote the relationship by the way. He didn't know Haotian was not interested in this kind of occasion at all.

In this case, Ji Beiye is not easy to force.

Soon, the wine passed three rounds.

“General!”

At this time, a lieutenant general came over and said with a flattering smile: “How can you enjoy yourself if you have wine but no beauty? Before, a group of beautiful women in the palace tried to escape, but they were caught by their subordinates, so why don’t you wait? Let these beauties dance in the palace, and let the officers and men see the beauty of the beauties in the palace...”

The lieutenant was called Chen Yanhu, and he was the most lecherous person. When the army first entered the palace, other generals were busy killing them. Killing members of the royal family, he was busy catching beauties in the palace.

Haha...

Hearing this proposal, Ji Beiye was in the middle of his arms, and immediately laughed: “You kid has a set, well, I’m happy today, just bring up all the beauties you caught.”

Alright.

Chen Yanhu responded and ran out of the hall excitedly. After a while, he led dozens of beautiful women back.

Swish!

As soon as these women entered the hall, they instantly attracted the attention of all the generals present, and they saw that these beauties were all beautiful, wearing long veil skirts, and their charming curves were looming.

For a time, the eyes of the generals all converged on these beauties, with greed and intoxication in their eyes.

Chen Yanhu was very proud and shouted: “Dance for Lao Tzu.” The

voice fell, and there was a ring of palace music around, dozens of beauties, listening to the sound and dancing, in the soft and melodious music, Scattered, gently swaying with a charming figure.

Beautiful...

In this scene, the generals present, holding wine glasses in their hands, looked mesmerized.

Ji Beiye was also extremely comfortable, admiring the dancing of these beauties, while raising a glass with the generals.

At the same time, Ji Beiye's eyes were also deeply attracted by one of the beauties.

This beauty, wearing a long purple dress, has a perfect and sexy figure, which shows incisively and vividly, and her facial features are even more exquisitely crafted. Among the beauties, she is particularly outstanding.

Especially the graceful dancing posture made Ji Beiye fascinated.

Mad!

While admiring it, Ji Beiye couldn't help but secretly praised in his heart, as expected of the imperial palace, the beauties selected from all over the place were indeed more stunning than each other.

"Chen Yanhu." After watching for a while, Ji Beiye called Chen Yanhu and said, "What's the name of that beautiful lady in purple?"

Chen Yanhu is a smart person, and immediately smiled: "The general is interested, I asked her to come to accompany the wine and let her own Tell the general. Haha..."

While joking, Chen Yanhu pointed at the beautiful woman in purple and said, "You, come here."

At this time, Chen Yanhu was very excited. You must know that although he was lustful, the beauties he caught were not I enjoyed it myself, but it was specially prepared for Ji Beiye.

As long as the general is happy, he will become an emperor in the future, and he will inevitably add officials and titles to himself.

"Yes!"

The purple-clothed beauty responded, stopped dancing, walked slowly to Ji Beiye, and called out very softly and well-behaved: "I have seen the general."

When she spoke, the purple-clothed beauty's beautiful face was full of obedience, But there was a hint of murder in his eyes.

Yes, the beauty in purple is the red peony from Heaven.

Two hours ago, Hong Shao received an order from Gu Qianqiu, sneaked into the palace to investigate the situation, and waited for an opportunity to kill Ji Beiye. Hong Shao knew that Ji Beiye had many soldiers and generals around him, and it was difficult to kill directly, so he mixed into the group of beauties. middle.

Um!

Ji Beiye nodded, admiring the beauty of the red peony up close, and the more he looked, the more joyful he became, and he asked with a smile, "What's your name?"

"Youlan!" The red peony said softly.

Ji Beiye recited it twice in a low voice, and said with admiration, "Good name, Empty Valley Orchid, it is refreshing, the taste must be very wonderful." During the speech, Ji Beiye looked at the beautiful curve of the red peony recklessly.

Haha...

The voice fell, and the surrounding soldiers also laughed evilly.

The ultimate husband in Chinese chapter 6245

Faced with this situation, Hong Shao was ashamed and angry in her heart, but she remained calm on the surface.

"All officers and men."

At this time, Ji Beiye looked around and said slowly: "The beautiful women in the field, everyone can enjoy it, and this celebration feast must be returned happily." To

successfully conquer the imperial capital, these men contributed a lot. Give them some sweetness so that they can work harder in the future.

Whoa!

Hearing this, all the soldiers in the venue cheered, and then they stood up and rushed into the arena excitedly. Some pulled the beauties to their seats and made fun with the wine, while some simply hugged the beauties into their arms...

In the face of this gang of soldiers and soldiers like wolves and tigers, dozens of beauties were so frightened that their faces turned pale and screamed, but none of them dared to escape, so they could only be bullied.

Haha...

Seeing this, Ji Beiye laughed loudly and was also interested. He leaned in front of Hong Shao and sniffed lightly, squinting his eyes in admiration: "It's so fragrant, come, pour a drink for this general."

Hong Shao forbearance Responding in disgust, he bent down and poured Ji Beiye wine.

Ji Beiye was half lying on the dragon chair, and his slightly drunk face was full of satisfaction. In his mind, the scene of enjoying the tenderness of the beauty had emerged...

“Shameless thief, die!”

However, at this moment, the red Shao suddenly let out a coquettish cry, and she waved her jade hand and hit Ji Beiye with a palm.

hum!

With this palm, Hong Shao burst out with all his strength, and when the palm wind passed, the air was instantly twisted, and the power was amazing.

This chapter is provided by . Visit for daily update.

What?

In the face of the sudden situation, Ji Beiye's expression changed, and he never thought that this delicate beauty in front of him would suddenly shoot violently.

The other generals who were enjoying themselves were also shocked and shouted angrily.

“Bold!”

“Quickly protect the general!”

“General, be careful.”

Furious, many generals wanted to rush over, but it was too late.

After all, Ji Beiye is a hero of a generation, and he reacted quickly because he couldn't dodge on the dragon chair.

files.

The next second, the palm of Hong Shao hit Ji Beiye's arm, and he heard a dull, powerful internal force fluctuation that swept the entire hall. Under the vibration, Ji Beiye, with the dragon chair, was shaken back a few meters away. .

After stabilizing his figure, Ji Beiye spurted out a mouthful of blood, his face showing weakness.

“You!”

Ji Beiye stared at the red peony, and shouted angrily: "Who are you? Dare to raid this general."

When questioned, Ji Beiye was very shocked.

You must know that he is the commander-in-chief of the Zhenguan Army, one of the princes, and his strength has already reached the ninth rank. If it is an ordinary beauty in the palace, it is impossible to hurt him.

And the woman in front of her can injure herself with one palm, which is really amazing.

Afterwards, Ji Beiye sensed the strength of Hong Shao, his pupils contracted immediately, and a solemn expression appeared on his face.

It turned out to be the strength of the ninth-rank, no wonder...

"The one who killed you!"

In the face of the question, Hong Shao's red lips lightly opened, coldly spit out four words, and then pulled out the short sword, the delicate body flashed, short The sword stabbed directly at Ji Beiye's mouth.

"Come on!"

Seeing the red peony rushing towards again, Ji Beiye did not rashly attack, but avoided it, shouting: "Take this woman down, whoever can capture her alive, this general will reward you greatly."

Ji Beiye Very cunning, knowing that she was injured, she could not be the opponent of Hong Shao fighting alone, so she planned to let her subordinates consume her strength.

"Go!"

Upon hearing the order, more than a dozen generals shouted, bursting with power and rushing towards Hong Shao.

These generals, who have followed Ji Beiye to fight all year round, are not low in strength.

Huh...

But Hong Shao didn't panic at all, looked at the generals who rushed up, and scolded coquettishly: "You traitors and thieves, willing to be Ji Beiye's executioner, disrupting the palace, and causing the people to be displaced, don't even think about living today. ."
The

last word fell, Hong Shao clenched the dagger tightly, rose up gracefully, and rushed into the crowd.

Dangdangdang...

With the collision of weapons, I saw the red peony like a ghost, shuttling back and forth between the crowd. In less than half a minute, more than a dozen generals screamed one after another, and finally fell in a pool of blood.

The ultimate husband in Chinese chapter 6246

Is this woman so strong?

Seeing this situation, the other soldiers present were all shocked and furious.

Under the brief consternation, more soldiers rushed up.

Hong Shao did not panic at all, bit her lip tightly, and attacked.

“Ah...”

In an instant, the two sides fought fiercely together, blood-stained the golden hall, and screams continued.

At this moment, Chen Yanhu seized the opportunity, pulled out his long knife and shouted: “Bold female assassin, dare to stab the general, she is literally hitting a stone with

an egg, why don't you just take it easy ?” Red peony rushes in.

At this time, Chen Yanhu's heart was very complicated. After all, he proposed to let these beauties in the palace dance and cheer, but as a result, a female assassin appeared among these beauties, and also injured the general.

If the female assassin escaped, he would be to blame.

call!

Seeing Chen Yanhu attacking from behind, Hong Shao did not panic, waving the short sword to force the crowd back in front of her, then turned around and quickly met Chen Yanhu.

Bang!

The next second, the figures of the two sides collided in mid-air, and a dull and powerful aura burst out, sweeping the entire Longqing Palace.

During the shaking, Chen Yanhu groaned and was directly knocked back ten steps.

This chapter is provided by . Visit for daily update.

On the other hand, Hong Shao stood there quietly, motionless.

Obviously, Chen Yanhu suffered a loss this time.

This....

Seeing this situation, the surrounding soldiers were all shocked, looking at Hong Shao's eyes with deep fear.

This woman's strength is outrageous. You must know that Chen Yanhu is a fierce general under the general's army, and he has made great achievements in battle. At this time, he can't even stop this woman's move.

Mad!

At this moment, Chen Yanhu stabilized his figure, looked at Hong Shao closely, was also shocked, and couldn't help but cursed in his heart.

What is the origin of this woman, her strength is outrageous.

At this time, Hong Shao looked at Chen Yanhu coldly, and said coldly, "You are a flattering servant, insulting women in order to please Ji Beiye, which is even more hateful. It's not a pity to die 10,000 times .

"

The words fell, the red peony rose up, and a cold light burst out from the short sword in his hand, shrouding Chen Yanhu straight.

The sword light was as fast as lightning, and Chen Yanhu had no time to dodge, and his heart was pierced directly.

hiss!

At this moment, in the entire Longqing Palace, the generals present couldn't help gasping for air.

This Chen Yanhu was a well-known general in the Zhenguan Army, but now, he just died at the hands of this woman?

Quiet, in the entire hall, there is a dead silence.

Even if a needle is dropped, it can be heard clearly.

“What are you doing?”

Finally, Ji Beiye reacted and howled loudly: “Give it all to me, take down this woman, take it down...” When howling, Ji Beiye’s face was grim and he almost fell into madness

The Guanjun army has been dignifiedly suppressed, and even the imperial capital has been captured. At this time, he can’t deal with a woman. If this matter spreads out, wouldn’t it be ridiculed by the world?

Whoa!

Hearing the order, the surrounding soldiers gathered up their courage again and prepared to rush up. However, in the face of the cold lights that erupted from the red peony dagger, it was impossible to get close.

“Ji Beiye!”

Hong Shao forced the crowd back, her eyes locked on Ji Beiye, and her icy voice spread throughout the Longqing Palace: “You evil thief, no one can protect you today, so hurry up and lead to death.”

Shuh!

Hearing Hong Shao’s words, Ji Beiye was frightened and angry, and sneered: “Want my life? I’m afraid you don’t have the ability.” After the

voice fell, Ji Beiye endured the pain and turned around and rushed out of Longqing Palace from the back road. Go to the back side hall.

run?

Hong Shao raised her eyebrows, her delicate body flashed, and she followed closely.

“Your Excellency Haotian.”

Soon, Ji Beiye arrived at the door of the side hall, his face could not hide his anxiety: “There are assassins mixed in with the maids, intending to assassinate this general, and begging your Excellency to help.” As

he said, Ji Beiye looked at Hong Shao, who was chasing after him, was full of anxiety on his face.

Speaking of which, Ji Beiye didn't plan to let Haotian come forward when encountering such a trivial matter as an assassination, but this red peony is too powerful, and he killed a few of his generals in a row just now, and also severely injured himself.

The ultimate husband in Chinese chapter 6247

As soon as the voice fell, Haotian's low voice sounded in the side hall: "Don't panic."
The

voice was not loud, but there was a suffocating powerful aura.

call!

After receiving the response, Ji Beiye breathed a sigh of relief, and then looked back at Hong Shao who was rushing, with a proud smile on his face.

Seeing this purity, Hong Shao slowed down and looked vigilantly at the side hall behind Ji Beiye, and couldn't help but murmured in her heart.

Looking at it like this, there seems to be a master hidden in this side hall.

Moreover, who can make Ji Beiye so respectful, who is the other party?

Squeak!

Just when Hong Shao was secretly suspicious, the door of the side hall slowly opened, and then, a tall and straight voice came out slowly.

It is Haotian.

Seeing Haotian, Hong Shao's beautiful face did not fluctuate in the slightest, but she was secretly shocked in her heart.

She clearly sensed that the strength of the man in front of her was almost unfathomable, and she dared not to perceive his level of strength.

Who is this?

The strength is so terrifying....

In Hong Shao's impression, in the whole river and lake, the only person who can make him feel the strength is Gu Qianqiu, but he never thought that in Ji Beiye, there is also a hidden one like this. of the strong.

This chapter is provided by . Visit for daily update.

More importantly, the man in front of him was very face-to-face.

You must know that the Litian Dao tribe is all over the world, and they know all the forces in the arena, as well as the famous powerhouses, but at this time, the man in front of him, Hong Shao, knows nothing.

At this time, Hong Shao still didn't know that the man in front of him did not belong to the human world at all, but the God King Haotian of the Divine Realm.

"You..."

Finally, Hong Shao reacted, looked Haotian up and down, and asked, "Who are you? Why are you willing to be Ji Beiye's lackey?"

Although the other party's breath was strong, Hong Shao was not afraid at all.

Swish!

Hearing this, Haotian frowned, his face a little ugly.

Why do you need to be someone else's lackey when you are a dignified generation of gods? However, the other party was a woman, and Haotian held his own identity and was too lazy to explain.

Haha...

Ji Beiye next to him was secretly excited, this woman dared to provoke Your Excellency Haotian like this, she didn't know her life or death.

Thinking to himself, Ji Beiye said to Haotian, "Your Excellency Haotian, don't look at how beautiful this woman is, but she is actually cruel and ruthless. Don't be sympathetic when you wait ." If she can be captured alive, the origin of this woman is unknown, and it may be sent by the enemy army, I need to interrogate it strictly."

When he said this, Ji Beiye looked at Hong Shao fiercely, his eyes couldn't hide the greed.

Mad, this woman killed a few of my generals. It was too cheap to kill her directly. After all, it is a pity that such a beautiful body was ruined. After she is captured alive, she must be humiliated.

call!

Hearing this, Haotian's cold face did not fluctuate at all, and replied lightly: "I never do anything with women."

After speaking, Haotian's eyes fell on Hongshao, and he said lightly: "Let's go, you Not my opponent, don't disturb my retreat."

His tone was indifferent, but he showed contempt from above.

Indeed, with Haotian's status, he would naturally disdain a human woman like Hong Shao.

What?

Ji Beiye's face changed greatly, and he never thought that Haotian not only did not do anything, but also let the red peony go away.

Hong Shao bit her lip tightly, her beautiful face couldn't hide her anger. Haotian's words were a kind of tolerance to others, but to her, it was a deep humiliation.

After all, he is also a Grade 9 powerhouse, but he is so despised by the other party, who can bear it?

"Stop pretending to be with me."

Under the anger, Hong Shao couldn't help shouting: "You and Ji Beiye are not good people, and I will kill you all in a few days."

Sigh!

When the last word fell, the delicate body of the red peony broke out, and the short sword burst out with a cold light, coming straight towards Haotian.

As the sword light passed, the surrounding air was suddenly torn apart, with astonishing power.

Haha...

Seeing this situation, Ji Beiye, who was still a little depressed at first, suddenly became excited, and a wicked smile appeared on his face.

This woman is really over the top. Your Excellency Haotian said that she would not do anything with a woman, but you took the initiative to send it to the door.

Excited

, Ji Beiye tilted his head to look at Haotian's reaction.

call!

Seeing that Hong Shao not only didn't leave, but also took the initiative to take action, Haotian frowned and said lightly, "It's beyond your control!" After the words

fell, Haotian slowly raised his right hand and greeted him with a palm.

This person....

Seeing this scene, Hong Shao frowned, this person actually used the palm of his hand to meet his short sword, how strong is this self-confidence, to dare to do this?

Thinking to herself, Hong Shao did not hesitate to speed up.

boom!

In the next second, the dagger and the palm touched, Hong Shao only felt an overwhelming force coming from the mountains, the delicate body trembled, and she was directly knocked back dozens of steps, the blood in her body was churning, and her face was extremely weak.

Not only that, the daggers were also broken into several sections and scattered on the ground.

Haotian, on the other hand, stood on the spot as steady as a rock, and his right palm was also intact. Speaking of which, Haotian was transported here by the chaotic vortex, the power of the primordial spirit was very weak, and half of it had not recovered at this time, but it was more than enough to deal with the red peony.

After all, the background of the two sides is not comparable at all.

So strong.

Hong Shao stabilized her figure and stared at Haotian, her eyes full of astonishment and shock.

The sword just now didn't hurt him. The strength of this man is simply terrifying.

At this moment, Haotian raised his hand and flicked the dust off his body, looked at Hong Shao and said lightly: "I don't fight with women, it doesn't mean I won't fight back, don't challenge my patience." The

voice was not loud, but it pressed people's hearts . .

call!

Hong Shao took a deep breath, her eyes flickered, and after a few seconds, her delicate body rose up gracefully and headed out of the palace.

Although Hong Shao is persistent in her actions, she is not stupid. The opponent's strength is so terrifying that she cannot shake it by herself. If she continues to fight, she will undoubtedly die in vain.

Since the other party has no intention of continuing to act, it is better to leave quickly.

Alas, what a pity!

Seeing Hong Shao escape, Ji Beiye stomped his feet in a hurry, but he couldn't ask Haotian to pursue him.

Haotian looked indifferent, and said lightly to Ji Beiye: "Okay, the crisis has been resolved, I continue to meditate." After speaking, he turned and entered the side hall.

Ji Beiye looked embarrassed, but still politely said, "Thank you, Your Excellency, for your help."

With that, Ji Beiye turned around and returned to Longqing Palace, shouting at everyone, "Chase, chase after me, that woman is injured and can't run away. No matter how far you go, no matter how much you pay, you have to capture me alive."

Ji Beiye was very annoyed at this time.

The palace controlled by the dignified Guanjun army was actually controlled by a woman, who came and went freely as if she was in a no-man's land. No one else could swallow this bad breath.

"Yes, General..."

After receiving the order, the generals responded in unison, and immediately took the soldiers and quickly searched the entire imperial capital.

After Ji Beiye issued the order, he was ready to enter the harem to rest. He was hit by a red peony before, and it would take at least two days to recover. When he was about to arrive at the harem, he saw a general standing there with an uneasy expression.

This general is called Xu Bin, and he is Ji Beiye's confidant.

When the imperial capital was breached during the day, because the whereabouts of the young emperor could not be found, Ji Beiye ordered Xu Bin to search the entire imperial capital.

“Xu Bin?”

Seeing Xu Bin, Ji Beiye frowned: “What are you doing here? Have you found the whereabouts of the young emperor?”

Xu Bin took a deep breath, his face ashamed: “Return to the general, I am here to report this matter, The subordinates checked the entire imperial capital, and there is no whereabouts of the young emperor.”

“The subordinate suspects that the young emperor has been escorted away from the imperial capital...”

When answering, Xu Bin lowered his head and did not dare to look at Ji Beiye. .

“Ma De!”

Hearing the news, Ji Beiye was very angry: “This kid Ying Kuang has a big fate.”

Xu Bin said cautiously: “General, what should we do next?”

“What do you think?”

Ji Beiye rolled his eyes and said angrily: “If we didn’t catch the young emperor, it would be in vain for us to break the imperial capital. However, the defenders of the imperial city were almost wiped out by us. It is estimated that there are not many people around this boy to protect him.”

With that said, Ji Beiye looked at the east: “If he escapes from the imperial capital, it is very likely that he will go to Qizhou to meet King Shaoyang. If he goes to Qizhou, he must pass Xuangu Pass.”

Call!

Hearing this, Xu Bin’s eyes lit up, and he couldn’t help admiring: “General, you really thought about it, I didn’t expect this.”

Ji Beiye waved his hand: “It’s alright, don’t flatter yourself, you are now Immediately rush to Xuanguguan, that guard Wang Huacheng is a greedy and vain person, you try to turn him back, as long as the turnaround is successful, it will not be difficult to catch that kid Yingkuang.”

“My subordinates must be disregarding expectations.”

Xu Bin With a sound, he immediately stepped back and started to prepare.

.....
On the other side, the continent of Kyushu.

In the wild and strange realm, Zhu Bajie followed Xu Guangyi, guided by the treasure map, to the entrance of the cave. Coincidentally, this cave is where the wolf king lives.

The cave was very deep, and Zhu Bajie and Xu Guangyi walked for more than ten minutes before finally arriving.

I saw that there was a stone gate at the end. Because there were wolves gathered before, the stone gate was caught by wolf claws beyond recognition, but I could vaguely see some strange lines on it.

Haha...

At this moment, Xu Guangyi was very excited. He walked over first and said flatteringly, "I'll do this kind of rough work. Your Excellency can just watch it." When the

voice fell, Xu Guangyi pushed open the stone door.

Kazaza....

With the sound, the Shimen slowly opened. For a while, when he saw the scene inside, Xu Guangyi's face was full of excitement, and he couldn't be more excited: "Haha, get rich, get rich."

Zhu Bajie followed . Walking in, he was stunned.

I saw that there was a secret room inside, half a basketball court was laughing, and it was full of gold and silver treasures. On the wall on this side, a row of square holes had been cut. Inside the holes, there were Some bottles and jars are full of medicinal herbs.

And on the stone platform in the inner corner, there are also several ancient books, all of which have been lost in the rivers and lakes for many years.

call!

After being stunned for a moment, Zhu Bajie recovered, took a deep breath and scolded: "Ma De, none of them are useful."

At this time, Zhu Bajie was very suffocated. With his strength, he could not understand the secrets of these exercises. Not interested at all, let alone money.

In Zhu Bajie's heart, the most important thing right now is the safety of Gonggong and his children.

I thought that there was something to replace the beast soul in this treasure, but now it seems that this hope has also been dashed.

ah?

Xu Guangyi was stunned for a moment, and looked at Zhu Bajie in surprise: "Your Excellency, I don't want so many treasures.... They are all yours, please spare my life and let me go.

", Xu Guangyi knelt on the ground all of a sudden, kowtow again and again.

Zhu Bajie was in a fit of anger and scolded: "Go to Nima, is my old Zhu a person who is short of money? These treasures are not bullshit in Laozi's eyes."

Zhu Bajie became more and more angry, pointing at Xu Guangyi and scolding Said: "It's all yours, grandma, do you know how much effort I spent to find that wolf king, mother, and you killed me."

"I..."

Feeling Zhu Bajie's anger, Xu Guangyi knelt there, trembling and sweating: "Your Excellency, calm down, calm down, otherwise, I will help you find, let's find another wolf king..."

"As long as you don't kill me, I can do anything."

At the end, Xu Guangyi almost cried.

Phew ...

Facing Xu Guangyi's begging for mercy, Zhu Bajie took a deep breath and calmed down.

Although this man is hateful, killing him will not change anything.

Thinking about it, Zhu Bajie glared at Xu Guangyi viciously: "Okay, I'll give you a chance. From now on, help me find the spirit beast of Emperor Wu's strength. If you find it, I'll spare you."

"Yes, yes. .." Xu Guangyi hurriedly nodded: "I have tried my best..."

Zhu Bajie was too lazy to talk nonsense, walked over to collect a few cheats, picked a few bottles of medicinal pills, and left the cave with Xu Guangyi.

.....
On the other side, Tianxin Continent.

Xuangu Pass, located 80 miles northeast of the imperial capital of the Dayan Dynasty, with mountains on both sides facing each other and the terrain is dangerous.

It was evening.

I saw a lot of people fleeing on the mountain road outside the gate of Xuanguan, and they couldn't hide their tiredness.

The ultimate husband in Chinese chapter 6250

After the imperial capital was breached by Ji Beiye, the people in the city scattered and fled, some of them came to Xuangu Pass, and wanted to pass the pass and enter Qizhou to find a place of protection.

However, the defending soldiers of Xuangu Pass kept the city gates tightly closed and never allowed refugees to enter.

For a time, many refugees complained.

At this moment, in the Xuangu Pass, in a courtyard, the pass guard general Wang Huacheng sat upright in the hall, dressed in bright armor, drinking tea leisurely.

It seems comfortable, but Wang Huacheng's mood is extremely complicated.

The imperial capital has already been breached, I am afraid that tomorrow morning, Ji Beiye's army of several hundred thousand will come to Xuangu Pass. At that time, how can his own thousands of defenders be able to stop him?

This Dayan Dynasty is afraid that it will be completely over.

Thinking to himself, Wang Huacheng sighed deeply, and a sadness rose between his brows.

At that time, resisting on your own will undoubtedly be a dead end. If you don't resist, if King Shaoyang defeats Ji Beiye, he will eventually find himself in the autumn to settle accounts...

For a time, the more Wang Huacheng thought about it, the more upset he became.

"General!"

At this moment, a soldier who defended the city walked in quickly, sweating profusely: "There are more and more refugees outside, what should we do? Otherwise, open the city gate..."

Bang!

Hearing this, Wang Huacheng slapped the table and said angrily, "What city gate did you open? Your mind is flooded? With so many refugees, who knows if there are spies who have mixed in with Ji Beiye?"

"The city gate must not be opened. , tell those refugees to seek refuge elsewhere..."

The last sentence, Wang Huacheng almost screamed out, his face was extremely gloomy, Mad, it was annoying enough, and these refugees came to make trouble.

"Yes, General!"

After being scolded, the soldier was very depressed, and walked out quickly after answering.

Shasha...

As soon as he walked on his front feet, he heard another footstep outside, very light.

Wang Huacheng was irritable, thinking it was the soldier returning again, and immediately cursed: "Ma De, what's the matter?"

"Haha!"

As soon as he finished speaking, a faint laughter came to mind from outside: "General Wang Very angry." As he spoke, a man slowly entered the hall.

It was Xu Bin sent by Ji Beiye.

Swish!

Seeing Xu Bin, Wang Huacheng's face changed, he suddenly stood up, instinctively pulled out the long sword from his waist, and said angrily: "Good thief, you dare to come here."

Xu Bin is Ji Beiye's confidant, Wang Huacheng naturally know.

At the same time as he was angry, Wang Huacheng was also a little nervous. Xu Bin is here. Could it be that Ji Beiye's army has already arrived outside Xuangu Pass?

“General Wang, don’t be nervous.”

Xu Bin seemed to have guessed what he was thinking. At this time, he smiled slightly and said slowly: “I am the only one here to see General Wang this time. The general and the Zhenguan army are still in the imperial capital. .”

Phew!

Hearing this, Wang Huacheng was secretly relieved, but he did not let his guard down: “You came to see me alone, are you not afraid that I will kill you and hang your head on the flagpole of Xuangu Pass?”

Haha...

Xu Bin laughed, shook his head and said, “You won’t kill me.”

“Why?”

Xu Bin walked over slowly, poured a cup of tea at the table, drank it, and said slowly: “Because General Wang’s current The situation is a dilemma.”

“We have hundreds of thousands of soldiers in the Guangan army, and it is easy to break through the imperial capital. With your thousands of defenders in Xuanguan, if you want to resist, you will be a man’s arm and a car, and you will find yourself a dead end, but if you don’t resist, you will be in Shaoyang. After Wang Qiuhou settles the account, you are also dead.”

These words completely hit Wang Huacheng’s mind, and his face changed immediately, he hesitated: “What the hell are you talking about.”

“Hey!”

Word by word: “Naturally, I want to show you a clear path...”

.....

When Yue Feng and Ying Kuang arrived at Xuangu Pass, it was completely dark.

This...

At this moment, Yue Feng and Ying Kuang were both stunned when they saw the scene in front of them.

By the moonlight overhead, I could see that the mountain road outside Guangu Pass was crowded with people fleeing. Many people were injured when they escaped from the imperial capital. At this time, they sat there paralyzed, dying.

However, the gate of Guanguan was tightly closed.
