

The ultimate husband in Chinese chapter 6291-6300

It turned out to be him.

Hearing Ying Kuang's words, King Shaoyang nodded, couldn't help but looked up and down at Yue Feng and muttered secretly.

There is nothing special about this person, is he really as good as His Majesty said?

What?

The soldier standing by the side was shocked at this time, as if struck by lightning, the whole person was blinded, and looked at Yue Feng in a daze, completely dumbfounded, and his heart was full of fear.

He...he is really His Majesty's friend... It's

over, it's over.

Thinking to himself, the soldier was sweating profusely, and hurriedly knelt down at Yue Feng, saying in fear, "I have offended your Excellency, please forgive me."

When begging for mercy, the soldier looked carefully at the victory Kuang's reaction. He knew in his heart that in the current situation, as long as Yue Feng didn't care, His Majesty would not blame him.

After all, ignorant people are not guilty.

Yue Feng didn't care about it at first, and smiled lightly: "It's not strange for those who don't know, don't be nervous."

"Thank you, Your Excellency." Hearing this, the soldier was overjoyed and grateful.

At this time, Ying Kuang waved at the soldier: "Okay, you can step back."

"Yes, Your Majesty!"

The soldier wiped the cold sweat from his forehead and exited the hall in response.

As soon as his forefoot left, King Shaoyang stepped forward and smiled at Yue Feng: "It turns out that Your Excellency is Yue Feng, and His Majesty mentioned you just now. Before, you escorted His Majesty all the way to Xuangu Pass, it was also hard work, this King Thank you so much."

Slap clap...

Saying that, King Shaoyang clapped his hands, and immediately two maids came out from behind, each holding a beautiful box in their hands. After opening, the dazzling brilliance illuminated the hall.

I saw that one box was filled with jewels and jade, and the other was filled with golden ingots.

Seeing this scene, Yue Feng was stunned.

Ying Kuang, who was next to him, was calm. He knew the King of Shaoyang best, and it was true that he took out the treasure reward at this time, but at the same time, he also used it to observe whether Yue Feng was greedy for wealth and glory.

“Haha!”

Seeing Yue Feng stunned, King Shaoyang smiled lightly: “Be careful, it’s not respectful, you have protected His Majesty all the way before, you have worked hard and made a lot of money, please accept these treasures.”

When he said this, King Shaoyang’s eyes showed Somewhat profound.

Ying Kuang guessed right, he was testing Yue Feng’s character at this time. You must know that these beautiful jewels are of high quality, and each piece is invaluable, enough for a person to live happily for a lifetime.

If this Yue Feng was someone who loved money, he would definitely be tempted. If this is the case, it is easy to take it for your own use.

interesting!

The King of Shaoyang’s eyes, Yue Feng looked at it in his heart, and he couldn’t help but chuckle.

This King of Shaoyang is testing me.

I can’t see that, at such a young age, he is quite shrewd.

Muttering in his heart, Yue Feng smiled slightly, and said to King Shaoyang: “It’s just a gesture of effort, the lord is polite, let’s put these things away, I’m just an idle cloud wild crane, it’s useless to ask for these things.”

“Now the battle of Qizhou City It’s coming soon, the lord really wants to reward him, so it’s better to use these treasures for military expenses, this is the right way.”

When he said this, Yue Feng didn't even look at the treasures in the box.

This remark, Yue Feng is not a pretense, after all, with his current strength, he has no extravagant desire for money, and two boxes of treasure will naturally not be seen in his eyes.

Huh...

After hearing the answer, King Shaoyang and Ying Kuang looked at each other and nodded in approval.

Seeing treasures as nothing, this man has extraordinary knowledge and is really different.

"Haha..." In the

next second, King Shaoyang couldn't help laughing, and praised Yue Feng: "Your Excellency speaks very well, you are indeed an expert from outside the world, and you were brought into the palace today. Although it was a misunderstanding, it was also It proves that we are destined. And His Majesty also appreciates your Excellency. In my opinion, it is better for you to stay here for a few days."

This...

Yue Feng hesitated, then nodded and said, "Okay, then I will disturb you. "

Speaking of which, Yue Feng was in a hurry to return to the Kyushu Continent, and did not intend to stay here, but after thinking about it, looking for a quiet place outside, it is difficult to guarantee that he will not be disturbed. In comparison, the palace in front of him is still safe and clean. Some.

The ultimate husband in Chinese chapter 6292

"Okay!"

Seeing Yue Feng's agreement, King Shaoyang was very happy, and immediately laughed: "Your Excellency is indeed a happy person, we must have a few drinks later."

With that, King Shaoyang rushed The servant next to him instructed: "Quickly prepare the banquet, I want to entertain the distinguished guests!"

"Yes, my lord!"

Hearing the order, the servant hurried to prepare.

Half an hour later, a sumptuous feast was prepared, and the King of Shaoyang very politely invited Yue Feng to be seated. Sit calmly in the guest seat.

Soon, the two parties toasted and chatted happily.

After a brief understanding, Yue Feng saw that this King of Shaoyang was also a person with a free and easy personality, and he had great ambitions, and he showed the royal style in his conversation.

“Third brother!”

Just as he was chatting vigorously, he heard a crisp and pleasant voice from outside the hall. Then, a beautiful woman, surrounded by several maids, walked in slowly.

It is the younger sister of the King of Shaoyang, the Princess of Qingyu. This year is just over 20, young and beautiful, charming and charming.

When he got to the front, Qingyu bowed to Ying Kuang, although Ying Kuang was very depressed at this time, he was also the emperor, and the courtesy should not be lost.

Ying Kuang nodded, indicating that he would be exempted from the ceremony.

“Qingyu!”

At this time, King Shaoyang smiled: “Why are you here?”

This chapter is provided by . Visit for daily update.

Qingyu looked indifferent: “My own palace, why can’t I come over? I heard that you are entertaining distinguished guests, so I came over curiously. Take a look.”

When speaking, Qingyu couldn’t help looking at Yue Feng, unable to hide the disgust between her brows. This person is dressed in ordinary clothes, how can he look like a person with ability, I am afraid he is a liar.

At this time, King Shaoyang introduced: “This is Yue Feng, who escorted His Majesty all the way to Xuangu Pass. The credit is not small.”

“Really?”

Qingyu pouted: “I don’t think so, Ji Kitano’s army of hundreds of thousands, how could he be able to protect His Majesty’s comprehensiveness by himself alone, I really want to say that he is also His Majesty’s son of destiny, blessed by the sky, and has nothing to do with others.”

Speaking of this, Qing Yu Ren He couldn't stop talking to the king of Shaoyang: "Third brother, I heard that a lot of swindlers have infiltrated Qizhou City recently. They want to take advantage of the war to make a fortune. Don't be deceived.

", From the way Yue Feng was dressed, he thought he was a liar, and looked down on him from the bottom of his heart.

Hehe...

Feeling Qingyu's contempt, Yue Feng smiled without saying a word. Anyway, I am not a person in this world, and I don't need to care about other people's opinions.

"Don't talk nonsense!"

However, Ying Kuang, who was sitting on the side, couldn't listen anymore and frowned: "Your Excellency Yue Feng, he is a person with great ability. At Xuangu Pass that day, Wang Huacheng rebelled, and it was Yue Feng. Your Excellency deployed the formation and blocked the enemy."

Having said that, Ying Kuang explained the situation at that time in detail.

call!

Hearing this, Qingyu frowned lightly, then let out a sigh of relief, and said with a smile, "Your Majesty, you are still too young to know that the rivers and lakes are dangerous and people are unpredictable." As

she said, Qingyu looked at Yue Feng intentionally or unintentionally. A glance: "He is neither a palace guard, nor someone from the Heavenly Dao, why should he escort you to Xuangu Pass only by the care of Prime Minister Qu?"

"Also, I've never heard of someone using tables, chairs, benches, and so on. Those who can fight the enemy. I suspect that this person is very likely to be a comrade of Wang Huacheng, and the scene at that time was deliberately played for you."

This....

Hearing this, Ying Kuang was stunned.

King Shaoyang also frowned, and couldn't help muttering in his heart, "Yes, it's incredible that just using some tables, chairs and stools to block hundreds of soldiers at Xuangu Pass."

Could it be true as the little sister said, this person is Wang Huacheng's comrade?

"No!"

At this moment, Ying Kuang reacted, shook his head and said, "Your Excellency Yue Feng and Wang Huacheng can't be in the same party, I was in Xuanguguan at the time, and I had no way out, they gave me directly to Ji Beiye at that time. It's alright, it's necessary to play this scene."

Qingyu smiled lightly: "Their purpose is not only your Majesty."

At this time, Qingyu, under the preconceived situation, thought that Yue Feng was a spy, and at this time, the mind quickly proceeded. Various scrutiny.

"What do you mean?" Ying Kuang looked puzzled.

The ultimate husband in Chinese chapter 6293

also frowned secretly, not knowing what to think.

call!

Qingyu took a deep breath and said slowly: "Their ultimate goal is to completely subvert the Dayan royal family. Just imagine, Your Majesty, they acted in a play and made Your Majesty mistake this person for a talent. When they arrived in Qizhou, the third brother also Treat him like a guest of honor."

"And after he learns about the situation in Qizhou, he quietly spreads the news, what will be the consequences?" At the

end, Qingyu looked at Yue Feng with a half-smiling smile: "How? You're right."

Huh!

At this moment, both Ying Kuang and King Shaoyang's expressions changed.

Yue Feng was indifferent, sitting there quietly, secretly laughing in his heart.

This Princess Qingyu has a very rich imagination. Not only did he think I was a spy, but he also guessed my motives... This is persecutory paranoia.

Haha...

Thinking about it, Yue Feng smiled slightly, looked at Qingyu and said, "The county master's imagination is really extraordinary, but unfortunately, I'm really not Wang Huacheng's party."

Said, Yue Feng looked at King Xiang Shaoyang: "If the lord doesn't believe me, you can lock me up, as long as no one disturbs me. When the war is over, everything will be clear."

“You dare to argue.” Qingyu snorted softly. King Shaoyang

took a deep breath and said with a smile: “Don’t take offense, Your Excellency, my sister has always been like this. You escorted Your Majesty and protected His Majesty comprehensively, how can I treat you as a spy?”

Yu said: “Qingyu, don’t speculate any more. Your Excellency Yue Feng was mistakenly arrested into the palace, not with His Majesty.” Then, he explained the situation just now.

This chapter is provided by . Visit for daily update.

This....

Hearing this, Qingyu was stunned for a while, did she think too much?

But she is the princess, how could she admit wrong? He immediately curled his lips and said, “Be careful, it’s not an exaggeration.” After

saying that, Qingyu found something, and said coldly to Yue Feng: “Even if you are not a spy, as a commoner, to be on an equal footing with Your Majesty, it would be absurd.”

No matter what, it’s just not pleasing to look at this person.

Yue Feng smiled slightly: “The county lord is wrong, I didn’t take the initiative to sit down, but the lord invited me to sit down.”

“Okay!”

At this time, King Shaoyang also said: “Qingyu, don’t be ridiculous Now, Your Majesty and I, there are still many things to discuss with Your Excellency Yue Feng, you should go out first.”

King Shaoyang firmly believed in his own judgment, the Yue Feng in front of him had an extraordinary demeanor and a proper master of the world, how could he be Wang Huacheng’s accomplice of such a villain?

“You...”

Seeing her brother talking to an outsider, Qingyu was so angry that she stomped her feet and left the hall with the maid.

Outside the door, Qingyu turned back and gave Yue Feng a cold look.

This liar, the county master must find a way to make you reveal your secrets.

in the hall.

call!

Watching his sister leave, King Shaoyang breathed a sigh of relief, and said with a wry smile at Yue Feng: "My little sister is willful and rude, you made me laugh, please don't take it off."

Yue Feng smiled: "It doesn't matter."

King Shaoyang Nodding his head, he couldn't help but ask: "Dare to ask, where is Your Excellency Yue Feng from?"

Yue Feng thought for a while, then replied with a smile: "I traveled everywhere, I live in the world, and I don't know where I belong."

King Shaoyang was a wise man. Yue Feng continued to enjoy the wine, and finally when it came to the current situation, King Shaoyang couldn't help sighing: "Now I have only 100,000 soldiers and horses. Compared with Ji Beiye's traitor, there is a big disparity.

"At this point, the King of Shaoyang looked at Yue Feng: "In your opinion, what should this king do?"

Yue Feng thought about it, and said lightly: "Keep Qizhou City, wait for work, and wait for the changes."

Hearing the answer, King Shaoyang smiled and said, "This king also thinks the same way. The city of Qizhou is strong, and the traitor who dares to come will surely make him come and go." The

voice fell, and the two looked at each other and laughed.

This meal was drunk for more than two hours, and it didn't end until the sky was getting brighter. Afterwards, King Shaoyang specially prepared a room for Yue Feng in the palace. Yue Feng was not polite and went to sleep when he entered the room.

From Xuanguguan to Qizhou, Yue Feng hardly rested, and was already tired.

The ultimate husband in Chinese chapter 6294

In this sleep, Yue Feng slept for more than ten hours, and when he woke up, it was almost dusk outside.

call!

Yue Feng stretched his waist, took a deep breath, and couldn't help sighing.

Since arriving in this strange world, this is the first time I have slept so soundly.

At this moment, there was a soft knock on the door outside, and then a maid's voice came: "Your Excellency Yue Feng, are you awake?" This maid was specially sent by King Shaoyang to serve Yue Feng.

Because Yue Feng was sleeping, the maid did not dare to come in to disturb her, so she stayed outside the door.

Yue Feng replied, "Wake up."

Hearing the response, the maid said, "I'm going to prepare dinner." After speaking, he quickly left, and after a while, he returned with a few delicate dishes.

Yue Feng tasted it and it tasted good.

After dinner, Yue Feng was a little bored, so he went for a walk in the garden at the back.

I have to say that the palace is very big, and the palaces of Qionglou are staggered. Under the background of the sunset, it gives people a different visual experience. The garden is also very elegantly arranged. It is midsummer at this time, and the flowers in the courtyard are very beautiful.

Yue Feng enjoys while walking.

Turning around a rockery, there is a pavilion behind. At this time, a slender figure is sitting in the pavilion. Several maids and many guards are guarding it. It is the Princess Qingyu.

Um?

Seeing Princess Qingyu, Yue Feng was stunned, how did he meet her?

This chapter is provided by . Visit for daily update.

Muttering in his heart, Yue Feng was about to turn around and leave, but before he turned around, he heard Qingyu coldly say, "Stop."

Uh...

Yue Feng was very helpless. He turned around and smiled at Qingyu: "What is the command of the county master?"

Qingyu's delicate face was full of contempt: "Who do you think you are? You can also walk around in the back garden?" The origin of this person is unknown, but the third brother is still talking to him. more angry.

Yue Feng didn't want to entangle with her too much, and immediately smiled bitterly: "I'm going to disturb the princess, I'll leave now." After

saying that, Yue Feng was about to turn around and leave.

However, Qingyu didn't intend to spare him at all, she chuckled at that time: "Did I let you go?" At the same time, Qingyu raised her hand.

Immediately, the two palace guards understood and hurried over to block Yue Feng's path.

Yue Feng frowned secretly, and said calmly, "What does the county master want?" At this time, Yue Feng was already a little unhappy. There is something wrong with this county master. I have nothing to do with you, but I am always targeting.

Qingyu did not answer immediately, but said lightly: "I heard that before you and Your Majesty arrived at Xuangu Pass, you encountered a group of bandits?"

Hu!

Yue Feng took a deep breath and said patiently, "Not bad."

After hearing the answer, Qingyu's face showed a bit of playfulness: "Your Majesty said that you defeated dozens of bandits by yourself, and your strength is not weak, so Well, I'll let these guards around you compete with you, the county master wants to see how strong you are."

This time the third brother is not here, we must take the opportunity to test this person.

test?

Yue Feng frowned and said without hesitation, "Sorry, as a guest, how can I dare to take action in the palace? The county master should not be hard on others."

"I prefer to be hard on others."

Qingyu looked arrogant and said without doubt: "In this gentleman's place, you can't do it!

"

The last word fell, and the surrounding palace guards urged their figures to quickly charge towards Yue Feng.

None of these palace guards are weak. The lowest level is also the fourth-rank, and most of them are above the fifth-rank. At this time, they erupted together, and the air around the pavilion was violently distorted.

Nima, you have to make an inch.

Seeing this scene, Yue Feng frowned and couldn't help but murmured in his heart, but he didn't panic at all.

Whoosh!

In the next second, Yue Feng's figure flashed, he quickly retreated, grabbed a bonsai next to him, and placed it in front of him. Then, he grabbed another one and placed it on the left...

Seeing this, Qingyu stunned.

What is this man doing?

At the same time, those palace guards were also secretly wondering. At the same time, continue to besiege Yue Feng.

The ultimate husband in Chinese chapter 6295

However, Yue Feng was so fast that these palace guards couldn't even touch the corners of his clothes.

While Yue Feng was avoiding these guards, he also kept moving the bonsai around the pavilion.

Yes, Yue Feng moved these bonsai and deployed a small five-element array.

Speaking of which, Yue Feng really wanted to do something, and he could easily defeat these palace guards, but he was a guest after all, so it would be inappropriate if he really wanted to do it.

Therefore, in order not to tear the face, it is the most appropriate to use the formation method.

This....

Seeing this situation, the Princess Qingyu frowned and was very puzzled.

What the hell is he doing, wouldn't he want to use these bonsai to deal with these palace guards?

The deployment of the Five Elements Array was completed soon. More than a dozen palace guards were trapped inside before they could react.

what happened?

At this moment, more than a dozen guards of the palace were secretly surprised. In their eyes, these bonsai seemed to move by themselves. No matter how they walked, there would always be a bonsai standing in front of them.

"What's the matter with you guys?"

At this time, Qingyu couldn't help drinking: "If you don't hurry up, what are you doing in the same place?"

Qingyu saw that more than a dozen guards of the palace looked like one by one. It's like a headless fly, going back and forth between these bonsai, and Yue Feng is right in front of them, but it seems that they don't see it.

In the face of Qingyu's scolding, more than a dozen guards of the palace were all complaining.

"Princess!"

The next second, one of the guards said with a bitter face: "These bonsais are so weird, I can't rush past them." The

voice fell, and the other guards also responded.

"Yeah, it's too evil."

"These bonsais seem to be alive."

"I...I can't tell the direction now."

Hearing these guards' words, Qingyu's delicate body was shocked and completely stunned. Now, I stared blankly at those bonsai, speechless.

Could it be...is this an array?

Impossible, just some bonsai, how can you form an array?

call!

Soon, Qingyu reacted and was very annoyed. There were so many palace guards who couldn't even catch a single person. Isn't it a joke when the news spread?

Thinking to herself, Qingyu bit her lip tightly, and then said to several guards behind her: "What are you doing, go and help."

"Yes, county master!" After

receiving the order, several guards moved their figures. , have joined the battle.

However, Yue Feng did not give them a chance to move the bonsai quickly and change the layout of the formation. In the blink of an eye, these guards were trapped inside before they could react.

"Idiot!"

Seeing this scene, Qingyu stomped her feet in a hurry: "You all rush out." These guards are really stupid, and they can be trapped by these bonsai.

Hearing Qingyu's words, these palace guards immediately tried to break the formation.

However, ten minutes later, these palace guards were still trapped inside, sweating profusely and spinning around.

This...

At this moment, Qingyu was completely stupid, and the maids next to her were also stunned.

With some bonsai, you can trap people. If you don't see it with your own eyes, who would dare to believe it?

"The county master!"

At this time, Yue Feng looked at Qingyu with a smile, and said slowly: "Now I should believe that I was in Xuanguan before, and I didn't cooperate with that Wang Huacheng in acting."

Qingyu opened her mouth and momentarily I don't know how to respond, and the delicate face is also full of complexity.

Papa...

At this moment, there was applause from the path behind the pavilion, and I saw King Shaoyang walking slowly, with a smile of admiration on his face.

The King of Shaoyang came to the garden for a walk just now, and when he heard something going on in the pavilion, he came over to take a look. He happened to see Yue Feng using the bonsai to trap these palace guards.

When he got to the front, King Shaoyang couldn't hide the shock in his heart, and smiled at Yue Feng: "It's amazing, I heard your Majesty talk about the Xuangu Pass before, but this King didn't quite believe it, but when I see it now, it's really wonderful. "

Speaking, King Shaoyang said to Qingyu: "Little sister, do you still doubt the identity of Your Excellency Yue Feng? How can such a strange person be a spy? Apologize to Your Excellency Yue Feng."

The ultimate husband in Chinese chapter 6296

"I..."

Qingyu blushed and was very unconvinced: "I won't apologize to him..." After saying that, she stomped her feet and left with a few maids.

He is the dignified princess, and even if Yue Feng has some skills, he is not qualified to apologize.

Huh....

Seeing this, Yue Feng was not angry at all. If he breathed a sigh of relief, he moved the surrounding bonsai and released the guards of the palace.

"Retreat all..." King Shaoyang scolded in a low voice.

Whoa..

Upon hearing the order, the guards present did not dare to neglect, and left one by one.

At this time, King Shaoyang stepped forward, with a bit of embarrassment on his handsome face: "Your Excellency Yue Feng, I'm so sorry, my little sister is too self-willed."

When he said this, King Shaoyang looked at Yue Feng . In the eyes of the wind, he couldn't hide the praise.

If it wasn't for the little sister's mischief just now, this Yue Feng wouldn't have shown his true skills.

Speaking of which, the scene just now was really amazing. Just using some bonsai, it was incredible to trap more than a dozen guards of the palace.

It seems that His Majesty is right, this Yue Feng is really a rare talent.

Excited in his heart, King Shaoyang got closer and couldn't help but ask Yue Feng, "I dare to ask Your Excellency Yue Feng, what kind of fame are these bonsai deployed just now?"

When asked, King Shaoyang's eyes were full of eyes expect.

This chapter is provided by . Visit for daily update.

"This..."

Yue Feng was about to answer, but was interrupted just as he said two words.

A guard of the palace ran over in a panic, his face was pale, and shouted at King Shaoyang: "My lord, it's not good, it's not good, Ji Beiye's army is calling."

When he said this, the guard of the palace was full of heads. Sweaty, with fear in his eyes.

What?

Hearing this, King Shaoyang's heart was shocked, and his face instantly became solemn, and he said fiercely: "Ji Beiye, this traitor, really has the courage to come."

After speaking, King Shaoyang asked: "Now the enemy army is far away from Qizhou. How far is the city?"

"Report to your lord, it's less than ten miles away." The guard quickly responded.

Knowing the situation, King Shaoyang pondered for a while, and immediately ordered: "Quick, pass my order, and the army outside the city will immediately retreat to the city, make no mistake. In addition, gather all the generals and gather at the city gate." The

king of Shaoyang originally His plan was to fight Ji Beiye directly, but considering the disparity in strength between the two sides, in order to avoid unnecessary casualties, he decided to hold Qizhou City.

"Yes! Your Majesty."

Hearing the order, the guard responded and hurried to pass the order.

King Shaoyang took a deep breath and looked back at Yue Feng: "Your Excellency Yue Feng, let's go to the city gate to see the situation together?" This man is extraordinary, maybe he has different opinions and countermeasures for Ji Beiye's attack.

"Okay!"

Yue Feng thought for a while and nodded in agreement. Immediately, he and King Shaoyang left the palace and hurried towards the city gate. Before leaving the palace, Ying Kuang also went with him, but under the persuasion of King Shaoyang, he stayed in the palace.

After all, Ying Kuang is the honor of the ninety-five, plus his young age, it is inconvenient to go to the city gate to watch the battle.

When they reached the city gate, they saw that all the generals had gathered.

call!

At this moment, Yue Feng saw the scene outside the city. Although he was somewhat prepared, he couldn't help but be moved.

Just a few miles outside the city, Ji Beiye's army of hundreds of thousands, lined up with a neat policy, came in a mighty way. From a distance, there were many long knives, black and dark, and the momentum was shocking.

At the forefront of the army, there were more than a dozen horses pulling a chariot. At this time, Ji Beiye, dressed in black armor, stood quietly at the front of the chariot, with a cold and arrogant expression.

A day ago, after Ji Beiye dealt with Wang Huacheng, he was ready to lead his army to attack Qizhou City after some deliberation.

As long as King Shaoyang is destroyed, no other royal power can compete with him.

Soon, the army arrived at the foot of the city gate.

Swish!

At this moment, Ji Beiye's eyes directly locked on King Shaoyang above the city gate, with a playful smile on his face: "King Shaoyang, stay safe."

Seeing his face, King Shaoyang could not restrain himself. With the anger in his heart, he said coldly, "You have forgotten your ancestors, colluded with the barbarians to make troubles, a complete villain, and now you still have the face to talk to this king?"

The ultimate husband in Chinese chapter 6297

When he said this, King Shaoyang's eyes were full of resentment.

Hehe...

Hearing this scolding, Ji Beiye was not angry at all, but said with a smile: "King Shaoyang, I know that you are talented and talented, but it's just a pity that your fate is not good, you are just a prince, I can't be an emperor."

"As for that kid Ying Kuang, although it's not bad, it's a pity that he is too young to rule this huge dynasty in a short time."

Having said that, Ji Beiye shook the whip in his hand with a leisurely expression: "In other words, In other words, the Dynasty Building is about to collapse, and his anger is exhausted, and the throne in the palace should be replaced."

When the last sentence fell, Ji Beiye looked directly into the eyes of King Shaoyang, indescribably arrogant.

Mad! Hearing this, King Shaoyang was so angry that he scolded: "Traitors and thieves, you dare to be so arrogant, this king will not kill you, I will not be a human being." It's so abhorrent, this Ji

Beiye's next crime, he actually still pays

It's just as plausible that it makes sense.

Huh...

At the same time, all the soldiers at the city gate were also filled with righteous indignation and cursed at Ji Beiye one after another.

"Shameless traitor..."

"If you commit the following crimes, you can't die."

Hearing the scolding from the soldiers, Ji Beiye became even more proud and shouted at King Shaoyang: "King Shaoyang, the two armies are fighting, I won't do it with you. If you have the ability, open the city gate immediately and fight with me."

Ji Beiye at this time was full of confidence.

This chapter is provided by . Visit for daily update.

He has an army of 500,000 people, and King Shaoyang's army in Qizhou City is at most 100,000. With such a huge disparity in numbers, he will win.

call!

Hearing this provocation, King Shaoyang took a deep breath, frowned, and did not respond. He naturally understood that Ji Beiye was deliberately provocative. You must know that the environment outside Qizhou is complex, and it is not suitable for long-term stationing.

As long as they defend without fighting, Ji Beiye's army of hundreds of thousands will be difficult to maintain.

So, just hold on right now.

At this time, the surrounding generals also opened their mouths.

"Your Highness, the enemy army is in full swing and cannot be confronted head-on."

"Yes, let's let him dry..."

Yue Feng, who was next to him, nodded in agreement. Given the current situation of Qizhou City, it would be best to hold it for now. s Choice. After all, the number of the two sides is too different, and the head-to-head battle will not have an advantage at all.

Um!

Listening to the generals' words, King Shaoyang nodded.

In the next second, King Shaoyang looked at Ji Beiye and said coldly, "This king is in a bad mood today and has no character. Let's fight another day."

Fight another day?

Hearing this, Ji Beiye frowned.

What is this King of Shaoyang doing? He had already reached the door of his house, but he actually defended without fighting. This was not his style in the past.

However, Ji Beiye is not a fool, and he soon understood that King Shaoyang is a tactic of 'waiting for labor'. The environment outside Qizhou is complicated, and there is no water source to supply hundreds of thousands of troops. unstable.

Hehe, play this with me?

Realizing this, Ji Beiye sneered secretly, and when he rolled his eyes, the city paid attention, and shouted at King Shaoyang: "King Shaoyang, I still admired you a little bit, but I didn't expect you to be so cowardly. Lao Tzu's army is under the city, you don't dare to go out to fight?"

Ji Beiye thought about it, and deliberately angered King Shaoyang, forcing him to go out of the city to fight.

Hehe...

Hearing these words, King Shaoyang chuckled and ignored it. Instead, he ordered people to bring tables and chairs and brew tea leisurely above the city gate.

At the same time, the King of Shaoyang did not forget to invite Yue Feng: "Your Excellency Yue Feng, this is our local famous tea in Qizhou. It is sweet and delicious. I will try it later."

"Okay!" Yue Feng smiled and nodded. .

At the same time, Yue Feng felt that King Shaoyang was so generous, and couldn't help but nodded in approval.

In the face of the pressure of hundreds of thousands of troops, it is really rare to be so calm.

Seeing King Shaoyang brewing tea on the city gate, Ji Beiye's face was extremely ugly in an instant, Ma De, this King of Shaoyang looked down on me so much, even during the war, he still had the mind to make tea...

The ultimate husband in Chinese chapter 6298

Under the anger, Ji Beiye thought of something and instructed the generals around him.

Immediately, the general took a step forward and shouted at the city gate: "Little Shaoyang, get out of the city quickly and die, don't be a tortoise."

At the same time as he shouted, the general waved his hand at the hundreds of thousands of troops. .

In an instant, hundreds of thousands of troops, all the soldiers shouted.

"Children of Shaoyang, hurry up and die."

"Don't be a tortoise."

Hundreds of thousands of soldiers shouted in unison, and the whole Qizhou city could hear it clearly.

Ji Beiye's solution is very simple, that is, insulting, the Shaoyang King who is about to scold can't bear it.

However, he muttered too much about King Shaoyang's state of mind and concentration.

call!

The scolding outside the city kept coming, and King Shaoyang didn't seem to hear it, his expression was indifferent.

After touching a cup of tea with Yue Feng, King Shaoyang said with a smile: "Your Excellency Yue Feng, what do you think of Ji Beiye's army of hundreds of thousands?"

Interesting...

Yue Feng was stunned for a moment, and the other party scolded so much. Fierce, this King of Shaoyang is not only not angry, but still has the heart to discuss this issue with me.

If you can endure it like this, you will surely achieve great things in the future.

Thinking to himself, Yue Feng tilted his head to look at the hundreds of thousands of troops outside the city, and said slowly: "These enemy soldiers seem to be a gang of rabble, but they are well-trained and should not be underestimated."

Hmm!

Hearing this, King Shaoyang nodded in agreement, and then said: "If you want to defeat the army of hundreds of thousands, what plan do you have?" Before Yue Feng used bonsai to trap the guards of the palace, the King of Shaoyang was amazed. . At this time, I couldn't help but ask for advice on how to deal with the enemy.

Yue Feng thought for a while: "The best way is to disintegrate and disintegrate."

Disintegration and disintegration?

Hearing this word, King Shaoyang was a little confused: "Can you be more specific?"

Yue Feng smiled slightly and said, "As far as I know, only half of Ji Beiye's army of hundreds of thousands belong to him. The soldiers under his command and the other half are Hu people. These Hu people only join Ji Beiye because of their interests, and the two sides are not really of one mind."

"As long as you find a way to provoke the relationship between the two sides, their alliance will naturally be formed. It will disintegrate..."

After saying this, Yue Feng took a sip of tea.

Wonderful!

Hearing this suggestion, King Shaoyang's eyes lit up, and he suddenly became enlightened. He said with a smile: "Your Excellency is indeed resourceful and educated. Tonight, this king will send someone to sneak into their military camp."

Yue Feng Nod.

At this time, the hundreds of thousands of troops of Ji Beiye outside the city were still shouting slogans and insulting them all the time.

But after scolding for a while, there was no reaction from King Shaoyang, and Ji Beiye couldn't help it. He stood on the station bus and cursed: "Special code, this kid can really bear it."

After saying that, Ji Beiye suddenly Thinking of something, he shouted at the soldiers beside him: "Go, bring me all those beauties in the palace. By the way, there is also the corpse of

King Shaoyang's mother." The mother of King Shaoyang, Mrs. Yuanqing, was in Ji Beiye. When the imperial capital was breached, he happened to meet the Empress at the palace, and at that time, unable to escape, Mrs. Yuanqing and the Empress committed suicide by throwing themselves into the well.

However, when Ji Beiye's men searched the palace, they finally found their bodies in the well.

Ji Beiye was insidious and cunning, and knew that King Shaoyang was not easy to deal with, so he ordered his subordinates to bring Mrs. Yuanqing's corpse with the army, so that when he fought against King Shaoyang, he would disturb his defense line.

Originally, Ji Beiye planned to take out Mrs. Yuanqing's body in the fierce battle. However, seeing that King Shaoyang was not affected by the abuse, he couldn't help but use this trick in advance.

"Yes, General!"

After receiving the order, the general responded, and then ordered his soldiers to prepare quickly.

A few minutes later, dozens of beautiful palace beauties were driven out from the rear of the army, lined up, and stood in front of the city gate. These beauties are all good looking, but they have been tortured for a few days. One is very weak.

Not only that, but a corpse was carried out. The female corpse was dressed in a gorgeous robe and had a good temperament, but it was covered in blood and was indescribably miserable.

It was Mrs. Yuan Qing who committed suicide by throwing herself into a well.

Swish!

Despite the distance, King Shaoyang sensed something when he saw the corpse, stood up suddenly, walked quickly to the city wall, and looked down carefully.

The next second, seeing Mrs. Yuanqing, King Shaoyang's heart trembled: "Mother..."

After the fall of the imperial capital at that time, King Shaoyang knew that his mother was very bad, but he never thought that Ji Beiye would go all the way. Take her mother's body with her.

Such behavior is simply too despicable and shameless.

"Hey!"

Seeing King Shaoyang's reaction, Ji Beiye laughed evilly and said slowly: "King Shaoyang, do you see who this is? Mrs. Yuanqing, your mother, thought she was also a famous beauty back then. The whole country and city."

"For many years, I have been obsessed with her, but unfortunately I didn't have a chance. This time I broke the imperial capital. I didn't expect that she and the queen would commit suicide by jumping into a well."

"But don't worry, she is dead, I can I didn't do anything excessive."

When saying this, Ji Beiye paid close attention to King Shaoyang's face.

Oops!

Seeing this, Yue Feng couldn't help frowning secretly.

This Ji Beiye is really shameless. He even used King Shaoyang's dead mother to provoke him. In anyone's heart, his relatives are the bottom line. I'm afraid King Shaoyang will not be able to calm down this time...

"Ji Beiye!"

At this time, King Shaoyang, His eyes instantly turned blood red, and he said coldly, "You blaspheme the dead, aren't you afraid of being punished?" When he spoke, King Shaoyang tried his best to endure his anger, but how could he bear it?

It is difficult for the other party to provoke the dead mother, and it is difficult for anyone to hold back.

"Ha ha..."

Feeling the anger of King Shaoyang, Ji Beiye knew that the plan was successful, and smiled proudly: "King Shaoyang, what you said is wrong, I brought Lingtang's corpse all the way, you should be grateful to me. Yes."

"Seriously, even though Lingtang is over fifty years old, he still retains his charm, even if he is dead, he is so charming."

"When I salvaged her from the well, I really couldn't hold it back. However, I still held back, and in the end I could only use my obsession with Lingtang on these beauties in the palace." At the

end, Ji Beiye's words became more and more unbearable.

Swish!

For a time, the generals at the city gate were all angry and cursed.

"You bastard..."

"Bold thief, it is not a pity to die 10,000 times."

At the same time, King Shaoyang's anger was also rising, and finally he couldn't bear it anymore and roared: "All generals obey orders. , Kaicheng kills the enemy."

Om!

The last word fell, King Shaoyang's strength exploded, he pulled out his long sword, jumped down from the city wall, and went straight to Ji Beiye.

Seeing this situation, all the soldiers were shocked and wanted to stop it, but it was too late.

Pregnant!

Yue Feng also shook his head secretly.

The other party was obviously provocative, and wanted to deliberately anger King Shaoyang. King Shaoyang performed very well at first, but in the end he was fooled.

“Oops, the lord rushed down.”

“Then what are you waiting for? Let’s go down together.”

“Kill!”

In the next second, the generals came to their senses one after another, and after a quick discussion, they rushed down the tower and led the army out of the city.

Hahaha...

Seeing King Shaoyang erupting, Ji Beiye didn’t panic at all, but laughed loudly: “Even if you can bear it, won’t you be fooled by me in the end? Well done.” The

last word fell, Ji Beiye’s figure erupted and fought fiercely with King Shaoyang in midair.

At the same time, the armies of the two sides also collided outside the city.

Bang bang bang...

During the fight, I saw quite a few defending soldiers of Qizhou City collapsed in a pool of blood.

boom!

At this moment, I saw King Shaoyang and Ji Beiye collided in midair, and a dull sound broke out. I saw that both of them were shaken, and at the same time they were shaken back by the volley.

The two sides are evenly matched, and it is difficult to tell the winner for a while.

However, in the anger of King Shaoyang, he had lost his mind, and Ji Beiye soon found the flaw. A palm hit him in the back.

puff!

With this palm, Ji Beiye burst out with all his strength, only listening to King Shaoyang’s wow, a mouthful of blood spurted out, his face was pale, and the whole person became weak.

The ultimate husband in Chinese chapter 6300

Seeing this scene, all the generals who were fighting fiercely around couldn't help but exclaimed.

"Your Highness..."

"Hurry up and help Your Highness." In the

exclamation, many soldiers wanted to rush over to help King Shaoyang fight the enemy, but they were unable to rush forward in the face of an enemy army that was several times their own.

"Hey!"

At this time, Ji Beiye smiled evilly, looking at King Shaoyang: "With this little strength, do you still want to compete with me? It's really over your own power, let's die." As the

voice fell, Ji Beiye clenched his arms tightly. The knife quickly burst towards King Shaoyang.

Mad...

Looking at Ji Beiye getting closer, King Shaoyang's eyes were blood red, and at the same time he was angry, but also a little desperate.

He clearly felt that Ji Beiye's slap just now greatly hurt his vitality. At this time, facing Ji Beiye's pursuit, he had almost no strength to fight again.

Alas, isn't this self-inflicted.

At this moment, Yue Feng was standing on the gate of the city. Seeing this scene, he couldn't help shaking his head in regret.

With emotion, Yue Feng planned to rescue him, but thinking of hiding his strength, he finally held back. Instead, he buckled a brick on the city wall and popped it out with his fingers.

laugh!

I heard a cracking sound, and the bricks shot out like lightning.

"King of Shaoyang!"

At this time, Ji Beiye had already arrived in front of King Shaoyang, and his face could not hide the excitement and excitement: "The destruction of the Dayan Dynasty is the

will of God, and I, Ji Beiye, are the real Son of Heaven, and I will die with peace of mind. Bar.”

When the last word fell, Ji Beiye’s strength exploded, and the long knife slashed towards King Shaoyang’s head.

“Rebel!”

King Shaoyang had just been slapped, and his breath was very weak. At this time, when he saw Ji Beiye slashing with a long knife, he couldn’t avoid it at all, and he roared and cursed at that time.

laugh!

Seeing that King Shaoyang was about to die under the sword, suddenly, a sound of breaking through the air came from behind Ji Beiye.

what?

Feeling the danger coming from behind, Ji Beiye’s face changed greatly, he immediately abandoned King Shaoyang, turned around quickly, and saw a streamer shot coming, because the speed was too fast, he couldn’t see what it was at all.

In panic, Ji Beiye couldn’t dodge, so he had to block with the long knife in front of him.

Bang... slam... The

next second, Liu Guang slammed into the long knife and made a loud explosion. The long knife was immediately broken, split into several sections, and fell to the ground.

And Ji Beiye was also shaken by the powerful force, so he staggered back, and took a dozen steps back to stabilize his figure.

hiss!

The moment he stabilized his figure, Ji Beiye subconsciously looked at the ground and took a breath.

I saw that next to the long knife that was divided into several sections, there were some broken bricks scattered. Obviously, the attack from behind was an ordinary brick.

Seeing this scene, Ji Beiye was dumbfounded.

A brick can burst out with such terrifying power, who is the other party? Could it be the peerless master that the King of Shaoyang specially invited from the rivers and lakes?

“General!”

“How are you, General?”

At this time, many soldiers rushed over and asked about Ji Beiye’s injury.

Ji Beiye shook his head, saying that he was fine, and shouted at the same time: “Don’t worry about me, kill people, Qizhou City must be destroyed today.”

However, it was too late. At this time, many defending soldiers rushed to Shaoyang. In front of the king, he took him back to the city quickly, and shouted at the same time: “Retreat, quickly retreat.”

These Qizhou city defenders are also well-trained. Back inside the city gate.

pity!

Seeing this situation, Ji Beiye was very annoyed that King Shaoyang was not killed by such a good opportunity.

However, this time, the Qizhou defenders were severely damaged, and the opponent’s morale must have been greatly reduced.

Thinking of this, Ji Beiye showed a smile, jumped on the horse, and said loudly: “Ming Jin, close the army.”

Hula.

After receiving the order, hundreds of thousands of troops immediately retreated to the wilderness a few miles away and set up camp.

The enemy retreated.

Seeing Ji Beiye’s army retreat, many generals who had just returned to the city with King Shaoyang were all secretly relieved.

“Mother!”

At this time, King Shaoyang’s face was pale and pale, but he still had one thing in mind, and asked the generals: “Did you get my mother’s body back?”
