

The ultimate husband in Chinese chapter 6441

“You...”

Qiangwei bit her lip tightly, feeling very complicated.

Yes, I just said that even if there is danger, I don't need his help. At that time, I just thought about being able to deal with all emergencies, but I never thought that there would be such a powerful kerosene under this slate.

Speaking of which, in this case, life is naturally the most important.

But I think he was soft, he couldn't do it himself.

well!

Seeing her tangled face, Yue Feng pretended to sigh: “It seems that you are really a heroic heroine, you don't need my help in such trivial matters.”

“In this case, I won't stay here to get in the way. Let's have an appointment later.” After the

last word fell, Yue Feng turned to leave, but he walked very slowly, and out of the corner of the eye, he also secretly paid attention to Qiangwei behind him.

Haha...

At the same time, Yue Feng was also secretly laughing in his heart.

This girl is facing the juncture of life and death, and she can't let go of her dignity, okay, I'll see, how long can you last.

“Hey!”

Seeing Yue Feng turning around to leave, Qiangwei was so anxious that she bit her lip tightly, almost crying, “You...don't leave.”

This person is so hateful, he just left as soon as he said it. No sympathy at all.

Hearing the voice, Yue Feng stopped and looked back at Qiangwei with a half-smile: “What? Is there anything else to do with the heroine?”

Huh!

Qiangwei took a deep breath, suppressed her anger, and said in a low voice, “Are you dying like this?”

Yue Feng smiled slightly, and said slowly, "It's not that I can't help you, it's that you don't need me to help you." As

he spoke, Yue Feng couldn't help but admire Qiangwei's look. She was originally delicate and had a superb figure. , At this time, half of the long skirt was burned, and the half-covered appearance was even more indescribably sexy.

Seeing Yue Feng's gaze, Qiangwei was even more ashamed and angry, but at this time it was not easy to have a seizure. She could only bow her head and said aggrievedly: "I...I need it now..." The

voice was very small and very Small, you can't hear it if you don't listen carefully.

Haha...

Seeing her like this, Yue Feng showed a smile and was indescribably happy.

This girl, she has always been high above the ground, self-righteous, doesn't she need to rely on others in the end?

In his heart, Yue Feng saw that the fire was getting bigger and bigger, and Qiangwei was so pitiful, and immediately smiled: "Okay, for the sake of our acquaintance, I will help you."

Hearing this, Rose was overjoyed.

However, at this moment, I heard Yue Feng continue: "However, you have to call me a nice one first, otherwise I would be too risky."

"What a nice one?" Can't stop talking.

At the same time, Qiangwei also had a bad feeling in her heart.

This person helps and talks about conditions, he must not have any good intentions...

um!

Yue Feng wiped the tip of his nose, pretended to think for a while, and said with a smile: "Of course I won't take advantage of you, so you can call me a good brother."

Swish!

The voice fell, and Qiangwei's delicate face instantly became hot, like a cloud of fire, and she was also very ashamed and angry. At that time, she opened her mouth: "You..."

Just said one word, Qiangwei was too angry and could not continue. .

This person is really hateful. He said that he would not take advantage of it, but in the end, he still showed his true colors. Is it possible to call him such a close name as a good brother?

But.... if you don't call, you will be burned alive.

The thought of being burned to death may be extremely ugly, Qiangwei's heart trembled and her heart palpitated.

However, the master once taught himself that when you are walking in the rivers and lakes, you must not give in easily, and you must have the guts. If you call him a good brother, how will you face the master in the future?

This person... is so bad.... to make me do something bad, to make this condition.

Yue Feng hugged his arms and waited for a while. Seeing that she still didn't scream, he immediately smiled and said, "I'm just calling a good brother, it's not embarrassing for you, right? If you don't scream, will I really leave?"

" , Yue Feng pretended to turn around.

"You... rogue!"

Seeing this, Qiangwei was ashamed and angry, this person was really a rogue.

The ultimate husband in Chinese chapter 6442

The rose at this time, I only regret that I was not careful just now. If I found out that there was an organ under my feet earlier, I would not be in trouble at this time. Not to be coerced by this rogue.

Thinking of this, Qiangwei glared at Yue Feng angrily. If her eyes could kill people, I'm afraid Yue Feng would already be riddled with holes.

"Hey, you really have the guts."

At this moment, Yue Feng said with a smile: "It seems that you really don't want me to help you, okay, then I really leave." After speaking, Yue Feng stretched out Lazy down, turned around and prepared to leave.

"Don't go..."

At this moment, Qiangwei was so anxious that she could no longer take care of her restraint, and hurriedly shouted: "Good brother, don't go..." When she shouted those three words, Qiangwei's face was flushed red, like a ripe apple.

Haha...

Seeing that she still shouted at the end, Yue Feng couldn't help laughing, but he wanted to tease her, so he pretended not to hear, and poked his ears: "Ah? What am I? I didn't hear you clearly."

"Okay...good brother!" Qiangwei was about to die of anger, but she still raised her voice and shouted again.

"Hey! Good sister is really good!"

Yue Feng accepted it when he saw it, and nodded immediately, smilingly said: "Don't be afraid, my brother is here to save you." After saying that, he walked over quickly.

Seriously, this rose's voice was soft and crisp, and the sound of the good brother just now made his bones feel crisp.

Bastard, rogue...

Seeing Yue Feng's appearance of being a cheap man, Qiangwei was embarrassed and angry, but she was helpless. To be honest, she has always been stubborn, and she never thought that she would really call this rogue a good brother.

Feeling ashamed, Qiangwei couldn't help urging: "You... hurry up." The other half of the skirt was about to burn.

"Okay, good sister, don't worry, I'll hurry up." Yue Feng said with a smile, and immediately stepped up and walked to Qiangwei.

call!

At this moment, Yue Feng secretly exerted the power of the Faye Red Lotus, raised his hand and waved, and the raging fire was absorbed and swallowed by the power of the Faye Red Lotus.

Of course, Qiangwei didn't know what happened at all. From her point of view, the surrounding fire suddenly became much smaller.

After swallowing the flames, Yue Feng restrained his strength and smiled at Qiangwei: "Okay, it's alright." With that, Yue Feng couldn't help but admire Qiangwei up close.

At this moment, Qiangwei, the long dress on her body was burned into strands, and it was completely unable to hide it.

For a while, Yue Feng was a little stunned, and couldn't help swallowing his saliva secretly.

This girl's figure can be called the best...

"You!"

Seeing Yue Feng's gaze, Qiangwei blushed and couldn't help scolding: "Look again, I'll dig out your eyes."

At this time The Qiangwei, I can't wait to kill Yue Feng immediately, this person takes advantage of me, let me call my brother good, and now I look around... But, the scorching fire she just experienced, all the soft strength in her body is gone. No, he was very weak, let alone killing Yue Feng, he didn't even have the strength to walk.

well!

I was almost burned to death just now, and my life was almost gone, so fierce.

At this time, Yue Feng sighed in his heart, and said with a smile on his mouth: "Good sister, you are wrong. You called me good brother just now, and you are going to kill me now?"

"You..."

Qiangwei was speechless for a moment and almost fainted in anger: "Shut up, you just want to take advantage of me by saving me, don't think I don't know." After all,

she is also a close disciple of Granny Safflower, Bingqing Yujie, It was a shame to be seen by this man at this time. When I find an opportunity in the future, I must teach him a good lesson, a bloody shame.

oops?

Feeling Qiangwei's anger, Yue Feng didn't panic at all, but said seriously: "It's really kindness that doesn't pay off, I tried my best to save you, but what you said was so unbearable..."

"Besides, I'm just looking at you. I don't have any clothes to wear, so I don't think about anything else."

With that, Yue Feng took off his jacket and handed it over: "You called me a good brother just now, and I can't bear to leave my sister without clothes. It's so outrageous, come on, put it on." To be

honest, Yue Feng didn't dislike Qiangwei, but the girl was too arrogant, and she had to be taught a lesson and kill her spirit.

The ultimate husband in Chinese chapter 6443

However, she has learned a lesson just now, and Yue Feng is enough.

"Go away!"

Seeing the clothes that Yue Feng handed over, Qiangwei frowned, and she couldn't hide the disgust in her eyes. She said angrily, "I said I want to wear your dirty clothes....Take it away!"

"It smells so bad, don't wear it yourself."

"Don't wear it."

Seeing her look of disgust, Yue Feng was not angry, he said with a smile: "Well, since you don't need it, I'll pass it on myself, but let me tell you, this place is not only an institution. Heavy, there are still a lot of poisonous insects hidden in some corners, you have no clothes, it is easy for the poisonous insects to crawl on your body..."

At the end, Yue Feng deliberately did not finish, and looked at Qiangwei with a teasing face.

poisonous insect?

At this moment, Qiangwei's delicate body trembled, and when she thought of the feeling of poisonous insects crawling on her body, she shuddered.

"Then..." In the next second, Qiangwei

finally compromised, biting her lip tightly, lowered her head not to look at Yue Feng, and said in a low voice, "Then give me the clothes."

Find a hole to dig in.

Seriously, she didn't want to compromise like this, and she didn't want to wear Yue Feng's clothes, but if she didn't wear them, what would she do if she really encountered poisonous insects?

More importantly, if you have nothing to hide, do you want to find another bastard to see it again?

Haha...

Seeing that she no longer insisted, Yue Feng laughed, handed over the clothes again, and said with a smile: "This is good."

Qiangwei didn't speak, she bit her lip, almost bleeding, and the closed disciple of her dignified mother-in-law safflower was reduced to being handed over clothes by a man, and she lost her master's face.

But fortunately, this is the secret realm of sunflowers, and no third person has seen it.

Thinking to herself, Qiangwei put on her clothes silently, but she didn't forget to say to Yue Feng: "You... turn around, you are not allowed to look."

Uh...

Yue Feng was a little dumbfounded when he heard this.

I've read all that I should have seen just now, what's the use of turning me around now?

Thinking to himself, Yue Feng nodded with a smile: "Okay, I'll turn around."

Soon, Qiangwei got dressed, Yue Feng turned around and smiled and said, "Okay? Let's go, the underground palace is ahead, let's go. Go in and investigate and see if there are any secrets." With

that, Yue Feng took the lead and walked towards the palace.

Um!

Qiangwei responded and followed slowly.

As a result, every two steps, Qiangwei let out a groan, and then slowly squatted down, holding her calf with both hands, her delicate face showing a bit of pain.

Yue Feng stopped, looked back at her and was stunned: "What's the matter?"

"I..."

Qiangwei bit her lip tightly, looking like she was hesitant to say anything: "I... my leg just now. I seem to have been burned..."

Hearing this, Yue Feng looked at it carefully, and sure enough, he saw Qiangwei's legs were red, apparently burned by the fire just now. And I didn't move at the time, so I didn't notice it. Now when I walk, my two calves hurt.

Ugh...

Seeing this, Yue Feng couldn't help scratching his head and muttered in his heart.

This girl, if I had softened earlier, I would have saved you earlier, and I wouldn't have to suffer from this kind of flesh and blood.

Thinking of this, Yue Feng said slowly: "Since you can't leave, just stay here, I'll go inside and check it out and come back. Before I come back, don't walk around."

"No..." The

voice fell, Qiangwei She immediately shook her head and refused, bit her lip tightly, and said complicatedly: "... I can't stay here alone." When she spoke, Qiangwei couldn't help but looked around vigilantly.

Yue Feng was stunned: "Why?"

Huh!

Qiangwei sighed softly and said softly: "You said it just now, there are organs everywhere, and there are poisonous insects hidden in the corners..." Before she finished speaking, her delicate face could not hide the fear.

Haha....

Seeing her frightened look, Yue Feng showed a smile.

After a long time, she was afraid of poisonous insects.

With a secret smile, Yue Feng made a helpless look and said seriously: "But...you have burned both legs and can't walk at all. I can't be here with you all the time, right?"

The ultimate husband in Chinese chapter 6444

Yes, what should I do?

At this moment, Qiangwei was also a little anxious and panicked, and then she thought about it and said, "Actually, the injury on my leg is not very serious, you can help me, I can still walk..."

When saying this, Rose's mood is very complicated.

To be honest, she was very embarrassed and angry that she was taken advantage of by Yue Feng just now, and did not want to have any physical contact with him.

It's just that, in the current situation, it is difficult for me to walk by myself, so I can only rely on this bastard temporarily.

“What?”

Just listening to her say that, Yue Feng was stunned for a moment, then shook his head again and again: “You are being joked. In your current situation, even if I support you, you will not be able to walk fast.”

“Also, the underground in front of you. The palace is so big, I'll help you, when will you find out?” When

he said this, Yue Feng's face was serious, but his eyes flashed cunningly.

Yes, Yue Feng said this on purpose, just wanted to tease Qiangwei. Speaking of which, it's okay to support Qiangwei, but this girl has always looked down on Yue Feng, so Yue Feng deliberately made things difficult.

This...

Hearing this, Qiangwei wanted to speak, but she didn't know how to respond.

Because Yue Feng said it well, he was supporting him like this, and he didn't know when he would go before he could thoroughly explore the underground palace in front of him.

So time consuming!

For a time, Qiangwei bit her lip, feeling very anxious.

“or...”

A few seconds later, Qiangwei thought of something, her face was red, she lowered her head and did not look at Yue Feng, her voice was also very low and low: “Or, are you... carrying me?”

When the last word fell, Qiangwei Her delicate face was extremely flushed, and her heart was indescribably depressed.

If it weren't for this place being too dangerous, I wouldn't have proposed such a solution.

Um?

Has this girl turned sex? To actually come up with such a solution?

At that time, Yue Feng was stunned, but he soon understood that Qiangwei was in a hurry to go with her, because she was completely afraid of staying here alone, and even more afraid of encountering poisonous insects.

After all, she was just a little girl with little experience, so it was difficult to calm down in such a scene.

“Haha...”

Thinking of this, Yue Feng couldn't help but smile and nodded at Qiangwei: “Well, since you said so, then I'll carry you behind my back.”

“Anyway, you are too . I called my good brother, and it is natural for that brother to carry you behind his back.”

“You...”

Seeing that his door was not serious, Qiangwei's face instantly became hot. At that time, she instinctively wanted to reprimand, but only said one word, I can't speak anymore.

After all, Yue Feng was right, calling him a good brother just now was a fact.

Haha...

Seeing her look like she wanted to get angry but didn't dare to do it, Yue Feng couldn't help but secretly smiled. It was better to accept it at the time, and stopped making provocative words.

“Okay, it's getting late, let's hit the road quickly.” The

next second, Yue Feng said with a smile, then walked over, bent down and squatted in front of Qiangwei.

Qiangwei hesitated, and finally stretched out her arms and hugged Yue Feng's neck, Yue Feng took advantage of the situation and carried her on his back.

hiss!

The moment he picked up the roses, Yue Feng smelled a scent that kept coming from behind.

This girl is so fragrant, and her whole body is light and light...

At the same time, Qiangwei is also nervous, her body is tense, as if there is a deer in her heart, her palms are sweating.

call!

The next second, Qiangwei didn't know how to hide her nervousness, so she couldn't help but said, "Can you... can you walk faster?"

This feeling was really uncomfortable. If I got to the underground palace earlier, I wouldn't need him to carry it.

"I also want to go faster, but there are organs everywhere, so I don't dare to hurry."

"Okay, by the way, what's your name? Are you a disciple of Mingyuemen?"

"Haha, call me all the time. Good brother, still don't know what my name is?"

"..."

"Why don't you talk?"

"Shameless..."

For a while, the bickering between the two kept echoing in the corridor.. ..

...

the other side, Qizhou City.

In the wilderness thirty miles outside the city, Ji Beiye's army regrouped and set up camp here.

Half a month ago, Ji Beiye was ambitious and commanded hundreds of thousands of troops to attack Qizhou City, originally determined to win.

The ultimate husband in Chinese chapter 6445

As a result, under the deployment of Yue Feng, the Qizhou City defenders defeated more with less, and defeated Ji Beiye's hundreds of thousands of coalition forces with only tens of thousands of people.

Under the defeat, the morale of Ji Beiye's generals was low, and the barbarian generals also left with an army of nearly 100,000 barbarians, greatly weakening Ji Beiye's strength.

At that time, Ji Beiye was very annoyed, but there was nothing he could do.

Now that half a month has passed, hundreds of thousands of soldiers have recovered.

In the daytime, Ji Beiye led his army to attack the city again. In his opinion, the strange man named Yue Feng was not there. King Shaoyang alone would be difficult to resist the attack of hundreds of thousands of troops.

However he was wrong.

When Yue Feng helped Qizhou City and blocked Ji Beiye's army, he taught King Shaoyang a few simple formations to deal with emergencies.

Under this circumstance, King Shaoyang faced Ji Beiye's re-invasion. He was not in a hurry at that time, he stood on the gate of the city, rationally dispatched the defenders, and once again repelled the siege of Ji Beiye's army

.... time, within the camp tent.

Ji Beiye sat on the commander-in-chief's chair draped in tiger skins, his face was extremely gloomy, his body was filled with anger, he held a wine bowl in his hand, and took a sip from time to time. to express the depression in my heart.

The siege failed again during the day, which made Ji Beiye very annoyed.

Ma De, his own hundreds of thousands of elites, who have been stationed in the frontier for many years, can be said to be invincible and invincible, even the imperial capital has been breached, but now, it is blocked by a small Qizhou city.

If this is spread out, wouldn't he be ridiculed by the world?

Snapped!

For a while, Ji Beiye became angrier the more he thought about it. After drinking the spirits in the bowl, he slammed it on the table and shouted at the people around him, "Pour wine, keep pouring wine."

The guard next to him did not dare to neglect, and quickly filled the wine.

The many generals standing on both sides, seeing Ji Beiye like this, did not dare to come out, and no one dared to come forward to dissuade him.

At this time, Ji Beiye drank another big bowl, feeling annoyed, and scolded at the general in front of him: "Rice buckets, all rice buckets, hundreds of thousands of troops, even a single Qizhou city can't be captured. What's the use of you rice buckets?"

Huh...

Hearing the scolding, the generals present were all ashamed.

Finally, a general couldn't help but came out and said cautiously: "General, I did my best during the day, who would have thought that the King of Shaoyang was so good at arranging troops, he just commanded a few times. , it completely disrupted our formation." The

voice fell, and the other generals also complained.

"Yeah, General, several times today, we almost attacked the tower, how could we know that they would deploy traps in advance..."

"My cavalry was also seriously injured..."

Hearing the generals excuse one by one Responsibility, Ji Beiye is even more irritable.

Bang!

"Shut up for Lao Tzu!" Ji Beiye stood up abruptly with a grim expression on his face: "If you lose, you will lose. You all absolve you one by one. Could it be that the problem lies with Lao Tzu?"

Hearing this, the generals looked at each other, all dare not speak.

At this time, Ji Beiye was too lazy to talk nonsense, and waved his hand: "Go away, let me go, Mad. It's annoying to see you guys."

Whoa!

Hearing this, all the generals responded as if they were amnesty, and then quickly withdrew from the big tent.

Seeing the generals leave, Ji Beiye was still irritated: "Continue pouring wine!"

"Yes, General!"

The guard next to him quickly responded and poured wine again.

Whoa!

It was at this moment that the curtain of the big tent was opened, and then a tall and straight figure walked in.

It is Haotian!

Ji Beiye thought it was the subordinate who didn't have long eyes to come in to disturb him, and scolded without raising his eyelids: "Ma De, I told you to get out of here, come in and ask for scolding? Get out..."

Hearing this, Haotian wrinkled. Frowning, he couldn't help but coughed softly: "Cough cough..."

Shuh!

Hearing Haotian's voice, Ji Beiye's body was shocked, and he quickly raised his head and said with a smile: "Oh, your Excellency is here, I was reckless just now, please forgive me." As

he said, Ji Beiye quickly stood up, let out the tiger-skin chair, and respectfully invited Haotian to sit.

The ultimate husband in Chinese chapter 6446

Speaking of which, Ji Beiye doesn't want to be so humble and humble.

But there is no way. His Excellency Haotian in front of him has unfathomable strength. He fought against Yue Feng over Qizhou City before, and he was able to provoke Tianlei.

Such strength is simply earth-shattering, crying ghosts and gods.

With such an existence, Ji Beiye naturally has to make offerings, and does not dare to be disrespectful in the slightest.

call!

At the invitation of Ji Beiye, Haotian looked indifferent, sat down on the tiger-skin chair, and said lightly, "I asked you to help me track down Yue Feng's whereabouts. How is the progress?"

Mentioning Yue Feng, Haotian Unspeakably annoyed.

Mad, who was in the sky above Qizhou City at the time, would not have been injured by the shock, nor would Yue Feng have taken the opportunity to slip away, had it not been for the divine power that caused the thunder.

Now that half a month has passed, there is still no Yue Feng's whereabouts, which makes Haotian sleepless.

Speaking of which, Haotian didn't need to ask Ji Beiye to help him if he hadn't rehabilitated his injuries, he would have gone all over the world to find it himself, but what annoyed Haotian was that Ji Beiye promised, but there was no progress.

Haotian really couldn't wait tonight, so he came to Ji Beiye to ask.

Uh...

In the face of the inquiry, Ji Beiye's face became complicated in an instant, and he scratched his head and said: "Your Excellency, I have sent a lot of people to look for them in the past two weeks, and even asked people to inquire on the rivers and lakes, but there is never that Yue Feng. The news."

"I guess, that Yue Feng finally fell into the river, is he already dead?"

At the end, Ji Beiye watched Haotian's reaction carefully.

Hearing this, Haotian frowned, and said without thinking: "Impossible, Yue Feng's ability is far beyond your imagination, just falling into the water, it is impossible to drown him.

" At that time, Haotian had a determined look on his face.

He has been fighting with Yue Feng for so many years, and even Yue Feng is omnipotent. Where must he be now, quietly recovering from his injuries and regaining his strength. Thinking to himself, Haotian looked closely at

Ji Beiye: "You have hundreds of thousands of troops, how difficult is it to find one person? Or...you don't take this matter seriously at all?"

Strong pressure to suffocate.

Gudong!

Feeling Haotian's terrifying aura, Ji Beiye couldn't help swallowing his saliva. He couldn't tell the panic in his heart, and quickly said, "How can I not be true about your matter, it's just..."

After saying that, Ji Beiye's face was full of misery: "Right now our army is at war with King Shaoyang of Qizhou City, and several times the siege of the city has failed. If I lead the army to leave and help you find people, if the news spreads, people in the world will think that I, Ji Beiye, are afraid of the King of Shaoyang."

"Not only will it affect morale at that time, but it will be even more difficult to attack Qizhou City in the future."

Phew!

Hearing this, Haotian frowned: "A Qizhou city, is it so difficult to break through?" During this period of time, he had been recuperating from his injuries and regaining his strength, and he didn't pay attention to the battle in front of him at all.

"Hey..."

At this moment, Ji Beiye smiled bitterly and said embarrassingly: "I'm not afraid of your Excellency's joke, this Qizhou City is only tens of thousands of defenders, if we fought head-on, we would have won it long ago. It's just that King Shaoyang is good at using soldiers."

"Not only that, I heard that Yue Feng also passed on several of his formations. These formations are very mysterious. Because of this, King Shaoyang only sent me dozens of times. Wan Dajun, block outside Qizhou city."

When he finished saying this, Ji Beiye couldn't help but feel ashamed.

Swish!

Seeing him mention Yue Feng, Haotian's face instantly turned gloomy, his eyes flickered, and he said coldly: "Yue Feng passed several formations to King Shaoyang?"

"Just a few formations, Little tricks of carving insects."

When he spoke, Haotian's eyes were full of contempt.

Speaking of which, Haotian has no interest at all in this war in Tianxin Continent, but once it is related to Yue Feng, he can't restrain himself.

Ji Beiye is a good person. Seeing Haotian's expression at this time, he immediately guessed something, and took the opportunity to ask, "Do you have a way to decipher those formations?"

"A mere few formations are nothing." Hao Tian looked proud and said inexplicably.

Haha...

Hearing this, Ji Beiye was very excited, and hurriedly bowed: "If that's the case, please help me. As long as I break through Qizhou City, I will do my best to help track down that Yue Feng's whereabouts."

The ultimate husband in Chinese chapter 6447

When he said this, Ji Beiye was excited, and his eyes were full of expectations.

With the help of Your Excellency Haotian, wouldn't Qizhou City be easily won?

“Okay!”

Facing Ji Beiye’s expectations, Haotian pondered for a while, and finally nodded: “Then I will help you once. Tomorrow morning, the whole army will gather and prepare to attack the city.”

After speaking, Haotian slowly got up . . . , strode out of the camp.

“As ordered!”

Ji Beiye stood behind him and responded excitedly.

...

the next morning.

When the first ray of morning light shone on Qizhou City, there were already many people on the street, and many shops opened their doors early.

During this period of time, although Ji Beiye’s army has been attacking the city, and every time they return without success, so the people in the city were very nervous at first, but seeing Ji Beiye’s army being defeated many times, they are not worried in the end. It is time to do business. For business, the cultivated land should be cultivated.

In the hearts of the people of Qizhou City, there is King Shaoyang who is good at using soldiers, and Qizhou City will never be broken.

At this moment, upstairs at the city gate, several soldiers who were vigilant were leaning against the wall, drowsy.

“Come on!”

A soldier rushed to the shopping mall with a few breakfasts in his hand, shouting, “Don’t sleep, if you let the lord know, you won’t be able to keep your heads, come quickly, I’ll bring it to you It’s early.”

Hula...

Hearing the shout, several dozing soldiers woke up one after another, and they quickly surrounded him when they saw the early morning.

“Oh, the meat buns from Zhu Laoqi’s family are good, fragrant...”

“The soy milk is also fresh...”

While admiring, several soldiers devoured it.

Da Da Da...

It was at this time that there was a roar in the wilderness outside the city, from far to near.

Hearing the movement, a few soldiers turned their heads subconsciously and saw Ji Beiye's army of hundreds of thousands coming in a mighty manner. At the forefront were nearly 10,000 cavalry, all black armor, glowing in the morning sun. cold light.

Haha...

Seeing this scene, several soldiers did not panic at all, but after being stunned, they couldn't help laughing out loud.

"This Ji Beiye is really persevering."

"Yeah, he just lost the battle yesterday, and he came again this morning, so persistent..."

"Just what does he call himself a 'victorious general', according to me Look, it's almost as good as a general who has repeatedly defeated."

After a burst of laughter, one of the soldiers recovered and shouted to the messenger in Xiaman: "Quick, go and report to the lord, just say that Ji Beiye has again It 's here."

When the voice fell, the other soldiers on the city gate also gathered and waited.

"Yes!" The

messenger responded, and hurried towards the palace.

Soon, King Shaoyang got the news and rushed upstairs to the city gate, accompanied by the young emperor Ying Kuang and the county master Qingyu.

call!

When they arrived at the city gate, seeing the scene in front of them, whether it was Ying Kuang or Qingyu, they couldn't help but feel cold in Shexikou.

I saw that Ji Beiye's army of hundreds of thousands had arrived outside the city gate, densely packed and imposing. In front of the army, Ji Beiye was wearing black armor, riding a war horse, and his face was full of confidence.

Seeing this scene, Ying Kuang couldn't help but said: "Ji Beiye is going all out this time, is he going to gamble?"

Although Ji Beiye failed in the previous siege, but after all, there are hundreds of thousands of troops who can fight well. Under the circumstances, the tens of thousands of defenders in Qizhou City were still a bit weak.

At the same time, Qingyu's delicate face could not hide her worry.

call!

Feeling Ying Kuang's worry, King Shaoyang smiled slightly and said to himself, "Don't worry, Your Majesty, leave everything to me." The several formations taught by Your Excellency Yue Feng are really mysterious, even if Ji Beiye has twice as many troops and horses, I am not afraid.

When the words fell, King Shaoyang walked slowly to the edge of the tower and looked down at Ji Beiye. At that time, he said to his dantian, "Ji Beiye, are you here to surrender?"

When he spoke, King Shaoyang looked confident.

At this time, the King of Shaoyang had not noticed that behind Ji Beiye's army, a chariot was parked, and inside the chariot sat Haotian quietly.

Shua!

Hearing King Shaoyang's mockery, Ji Beiye was furious, and he couldn't help shouting angrily: "King Shaoyang, don't show up in front of me. It's unclear who will win today and who will lose."

When he spoke, Ji Beiye Yu Light looked at the direction of the chariot.

Haotian told him last night that he would attack the city early this morning and let Ji Beiye attack the city in his own way. At the critical moment, Aotian would remind him what to do.

Hehe...

At this moment, King Shaoyang smiled indifferently and looked at Ji Beiye closely: "I'm quite confident, it seems that the previous defeats were not bad enough." The

voice fell, and Qingyu next to him calmed down. , and couldn't help shouting at Ji Beiye Jiao: "Ji Beiye, you are not my brother's opponent at all. If you have self-awareness, you will immediately dismount, slay yourself, and give my mother your life.

“

Hearing this, Ji Beiye laughed wildly: "If you want my life, it depends on whether you have the ability." The

voice fell, and Ji Beiye shouted at the hundreds of thousands of soldiers behind him: "All the soldiers obey the order, Attack, break Qizhou City, and capture Shaoyang King alive." The

mighty voice spread throughout Qizhou City.

"Kill!"

"Break Qizhou City and capture King Shaoyang alive!"

Hearing Ji Beiye's order, the hundreds of thousands of troops let out a thunderous howl, waving long knives and rushing towards the city gate like a tide.

Seeing this, King Shaoyang raised a confident smile on the corner of his mouth, and shouted at the surrounding defenders: "Don't panic, go out of the city to fight, first deploy the Four Elephants Array, and then switch to the Bagua Array..."

After several previous actual battles, the defenders of Qizhou City were able to deploy the formation skillfully, so King Shaoyang was not worried at all.

"Yes, my lord!" The

voice fell, and tens of thousands of defenders rushed out of the city gate, and then quickly deployed into a huge four-elephant formation to meet Ji Beiye's army of hundreds of thousands.

"Ah..." In the

blink of an eye, the two sides collided, and immediately many Ji Beiye's soldiers were trapped in the Four Elephants Formation, and then they were hacked to death by random knives and screamed out.

This...

Seeing this scene, Ji Beiye was a little anxious at the time, and couldn't help but turn his head to look at the direction of the chariot.

At this time, Ji Beiye still didn't know that although Haotian was sitting in the chariot, the situation under the city gate was very clear. , it's just a simple four-image formation, I'll teach you how to crack it..."

Afterwards, Haotian explained the solution in detail.

Haha...

After listening to this, Ji Beiye was extremely excited, with a smile that could not be concealed on his face, he immediately cast his figure and rushed into the air, shouting at the battlefield: "The whole army obeys the order, and the 100,000 soldiers in front step back fifty steps. , 50,000 soldiers on the left, fifty paces to the south..."

"Move quickly and fight back immediately after taking your place!"

Ji Beiye almost roared out the last sentence.

Whoa!

Hearing Ji Beiye's cry, the hundreds of thousands of troops that had been in disarray, quickly moved one by one, and quickly changed their positions according to Ji Beiye's instructions.

What?

Seeing this situation, King Shaoyang was shocked, his eyes fixed on Ji Beiye, his face was full of incredible.

This is impossible...

Ji Beiye was defeated by me yesterday, how could he know the key to cracking the formation overnight?

At this time, the King of Shaoyang did not know that Ji Beiye had an expert to help him, and this expert was Haotian who had fought fiercely with Yue Feng over Qizhou City before.

At this moment, realizing that King Shaoyang's face was different, Qingyu couldn't help asking: "Brother, what's wrong? Is there something wrong?"

At the same time, Ying Kuang couldn't help but look at King Shaoyang.

call!

King Shaoyang took a deep breath and said complicatedly: "Ji Beiye knows the method of breaking the formation, and now Qizhou City is in danger..." When speaking, King Shaoyang couldn't hide the worry on his face, and he felt a little bit in his heart. bad feeling.

What?

Hearing this, Qingyu and Yingkuang were both shocked.

Immediately, Qingyu reacted, bit her lip and said: “How is this possible, the several formations you used were taught by Your Excellency Yue Feng, how did Ji Beiye know the method of cracking?”

Speaking of this, Qingyuxiu Mei Qing frowned and guessed, “Could it be that Yue Feng... betrayed His Majesty and secretly joined Ji Beiye?”

“Impossible!”

As soon as the voice fell, King Shaoyang didn't respond, Ying Kuang shook his head: “Your Excellency Yue Feng is upright, how could he be mixed with rebels, there must be hidden feelings.”

Shaoyang Wang nodded in agreement.

Bang bang bang...

At this time, the battle under the city became more and more intense. After seeing Ji Beiye's army changing its formation, the Qizhou City defenders' four elephant formations were instantly impacted.

Oops!

Seeing this scene, both Ying Kuang and Qingyu were secretly anxious.

This Ji Beiye really found a way to solve it.

At the same time, King Shaoyang was also anxious, standing on the gate of the city, shouting: “All the defenders listen to the order, hurry, hurry up and transform into a gossip array, hurry up...”

Wow!

Hearing the words of King Shaoyang, the tens of thousands of defenders did not feel embarrassed and neglected, and immediately changed their positions and formations.

However, Ji Beiye had Haotian to help secretly, and at this time he also commanded the army and changed the formation to deal with the gossip formation of the defenders.

“Ah...”

For a time, with the constant screams from the defenders, the gossip formation was completely dispersed.

This... how could this be.

Seeing this scene, King Shaoyang clenched his fists and trembled all over. In addition to doubts, he was also a little angry and unwilling.

Could it be... this is God's will, God wants to destroy my Dayan Dynasty and Qizhou City?

Qingyu next to her was also trembling in the suburbs, and her delicate face was extremely pale.

Can't stop...

"Hahaha..."

At this time, in the air outside the city, Ji Beiye saw the situation in front of him, the previous depression was swept away, replaced by indescribable excitement and excitement, and immediately laughed up to the sky: "Okay, Good!"

Your Excellency Haotian, he is indeed a generation of wizards, the formation that blocked my army of hundreds of thousands was broken by him so easily.

Excited, Ji Beiye pulled out his long knife, pointed at Qizhou City, and shouted: "The whole army listened, immediately invaded the city, and wiped out all the defenders..."

"Kill!"

"Kill."

The voice fell, and hundreds of thousands of troops poured into the city like a broken bamboo. Many defenders desperately resisted, but the disparity in admitting defeat was too great to resist at all.

In a blink of an eye, the bodies of many defending soldiers fell at the gate of the city, the ground was stained red by donating blood, and the air was filled with the smell of blood.

Bang!

At this moment, King Shaoyang was full of unwillingness, and finally slapped the head of the city, turned around and shouted at the dozen guards of the palace behind him: "Quick, protect His Majesty and leave, quick!"

With that, King Shaoyang charged at the castle. The defenders shouted: "Retreat, all the defenders retreat, don't fight." To

be honest, King Shaoyang didn't want to give up Qizhou City just like that, but he couldn't help it. The several formations he knew were all cracked by the opponent. , the disparity between the numbers of the two sides is so large that there is no need to fight.

“Yes, Your Highness!”

Upon hearing the order, more than a dozen palace guards rushed to protect Ying Kuang and Qingyu from the city gate, and then fled towards the west gate with the defeated defenders.

The King of Shaoyang took the other palace guards to break the queen.

Whoa!

As soon as they all evacuated here, Ji Beiye's army completely invaded the city of Qizhou. In an instant, the people fled in panic, and the streets were also in chaos.

After the complete occupation of Qizhou City, hundreds of thousands of troops gathered on the street in front of the palace, waving long knives one by one and cheering in unison.

“We won, we finally won!”

“The general is mighty!”

Hundreds of thousands of troops shouted in unison, and the momentum was overwhelming!

Ji Beiye stood at the gate of the palace, listening to the cheers, and his face was also excited and excited. At that time, he raised his dantian, and his strong voice spread throughout Qizhou City: “Every soldier has worked hard, from now on, the army will Begin to rest and celebrate for three days!”

“Thank you, General!” Hundreds of thousands of troops, all excited, shouted in unison.

After arranging everything, Ji Beiye entered the palace, at this time Haotian had been waiting in the hall for a long time.

“Haha!”

Ji Beiye laughed and said respectfully at Haotian when he reached the hall: “Your Excellency is really a genius, that King Shaoyang's several formations were so easily cracked by you, which is truly admirable. Ah.”

When saying this, Ji Beiye couldn't help but look forward to the future.

Wouldn't it be easy if you could keep your Excellency Haotian by your side, and win the world in the future?

The ultimate husband in Chinese chapter 6450

Hmm!

Facing Ji Beiye's flattery, Haotian's face was indifferent, without the slightest fluctuation, he just nodded and said, "Qizhou City is broken..."

Before he could finish, Ji Beiye smiled and said quickly: "Don't worry, Your Excellency, I will arrange someone to help you find Yue Feng's whereabouts in the shortest possible time .

" Yue Feng finally entered the underground palace with Rose on his back. hiss! At this moment, when he saw the palace in front of him, even though Yue Feng was well-informed, he couldn't help but let out a sigh of relief and was shocked. At the same time, the rose on his back was also stunned. This is too spectacular. As you can see, the underground palace in front of you is very majestic and magnificent, several times larger than the largest hall in the palace group above, but compared with the palace above, the decoration of this underground palace is a bit special. The entire hall does not have any golden decoration, but is decorated with silver ornaments, exuding silver light everywhere. There are dozens of pillars standing in the palace, all of which are carved from a single piece of white jade. In this huge palace, dozens of huge white jade platforms are lined up. Around the white jade platforms, there are exquisite patterns carved. Not only that, the surface of the jade platform exudes bursts of cold air. Dozens of huge white jade platforms gathered together, and the cold air pervaded the entire hall, like an ice cave. Obviously, these white jade platforms are rare cold jade.

Yue Feng clearly saw that on each white jade platform, there was a crystal coffin. Standing at the door, he could vaguely see a figure lying quietly in the crystal coffin.

call!

The next second, Yue Feng raised his eyes and saw the plaque above the main hall, and saw the words "Xianguang Yongzhao" written on it.

What the hell....

Seeing this, Yue Feng was cold for more than ten seconds before he recovered, and couldn't help feeling secretly.

This is a temple.

Moreover, looking at it like this, those who were placed in these crystal coffins were all important figures of Xianyumen.

Huh...

At this moment, Qiangwei also reacted, at that time, her red lips parted lightly, unable to hide her shock: "This...is this a spiritual hall? God, this is too big. "

Speaking, Qiangwei found something, and was so excited: "There are several rows of small characters written in front of these crystal coffins, come and have a look..." The

voice fell, Qiangwei forgot that her legs were burned, and she couldn't wait to get rid of it. Yue Feng jumped down on his back, but as soon as his legs fell, the pain came, Qiangwei let out a coquettish cry, and subconsciously hugged Yue Feng's neck.

Uh....

Yue Feng couldn't react for a while. At that time, he stood unsteadily and fell to the ground with Qiangwei. By coincidence, it happened to suppress Qiangwei.

For a time, a wonderful feeling came, and Yue Feng's mind went blank.

"You..."

Qiangwei also blushed instantly, bit her lip and said, "You rascal, get up." While speaking, she struggled.

Yue Feng reacted and stood up quickly, but still said with a smile: "You brought me down, how can you blame me? Besides, your own legs are not good, don't you know? What are you doing in such a hurry?"

"You..."

Qiangwei's face flushed and she wanted to refute, but she didn't know how to speak. After all, it was her own mistake just now.

At this time, Yue Feng flexed his muscles and walked towards the nearest crystal coffins. After carefully reading the small characters engraved on the front, he immediately understood that these crystal coffins were all the heads of the Xianyu Sect. Yes, it is their life.

"What's written on it?" Qiangwei couldn't stand up because of her legs, so she couldn't help asking.

call!

Yue Feng breathed a sigh of relief and responded: "The life stories of the past heads of Xianyumen..."

“The past heads...” Qiangwei couldn’t help exclaiming.

Yue Feng nodded, continued to look towards the next crystal coffin, and finally arrived in front of the last crystal coffin. Yue Feng was surprised to find that there was no lettering on the front of this crystal coffin, but on the ground in front of the crystal coffin, there was a silk silk .

The silk and silk were neatly stacked, and a crane carved from ruby was held on the side.
