

The ultimate husband in Chinese chapter 6476

At this moment, Nuliha took a step back, leaned on the pillar and breathed a long sigh of relief, Mad, this old thing is finally dead, but fortunately he was completely angered just now, making him lose his mind and go crazy, otherwise If so, it's really hard to predict who will win in the end.

Then, Nuriha frowned and began to think about what to do next.

The tragic death of Wang Khan is no small matter. If the matter is publicized, he will be a big sinner of the Hu people. I am afraid that if he runs to the ends of the earth, he will not be able to escape the pursuit of the Hu people.

So, there must be a surefire way to do it.

“Wang Khan...”

Concubine Yu next to her was also pale and her mind was blank. She couldn't help shouting, and walked slowly to Wang Khan.

At this time, Concubine Yu was completely frightened, she couldn't believe it, Wang Khan died like this.

The next second, Concubine Yu stretched out her jade hand and gently placed it between Wang Khan's nostrils. At that time, she could not feel the slightest breath, and suddenly her delicate body trembled and she fell to the ground, her face pale: “Wang Khan is dead...die Yes .”

Phew!

Seeing her like this, Nuliha took a deep breath, came over and took him in his arms, comforting in a low voice: “Don't panic, don't panic...” As

he spoke, Nuliha's eyes flickered and his mind turned quickly.

“You...”

At this time, Concubine Yu, jealous and frightened, completely lost her mind, and looked at Nuliha blankly: “Nuliha, you...you killed Wang Khan, it's over, both of us It's over...”

Nuliha killed Wang Khan, and he couldn't blame himself.

According to the customs of the Hu people, such a rebellious crime would be dismembered by five horses...

Thinking of this, Concubine Yu shuddered.

Shhh!

Seeing Concubine Yu's panicked appearance, Nuliha quickly made a silent gesture, and then said in a gentle tone: "Beauty, don't panic, as long as you obey my arrangements, we will be fine."

Saying this When the time came, Nuriha's eyes flashed with wickedness and cunning.

Yes, Nouriha has thought of a solution.

"Really?"

Hearing this, Concubine Yu looked at Nuliha in a daze: "How do you arrange it? Wang Han died in my bedroom, and I can't get rid of the crime." After

speaking, Concubine Yu was terrified. Started crying.

Nuliha comforted her softly again and again, and finally said seriously: "Remember, Wang Khan didn't kill us, he was an assassin. The assassin killed Wang Khan, you know?"

Nuliha thought about it just now, and finally fabricated one. Assassin out.

"Assassin?"

At this moment, Concubine Yu was stunned for a moment, because she was too nervous, she had not completely calmed down yet.

At this time, Nuliha continued: "It was an assassin who sneaked into the Golden Temple and tried to assassinate Wang Khan. Wang Khan was defeated and was assassinated, understand?"

"And I failed to arrive in time, so the assassin escaped. .."

Phew!

Hearing this, Concubine Yu nodded in understanding, but she was still a little uneasy: "Is this...is this okay?" With no evidence, who would believe this unnecessary thing?

Seeing that she was a little worried, Nuliha smiled and comforted: "I am the general, and you are Wang Khan's woman. As long as we agree, who would dare to doubt?"

"

Speaking of which, Nuliha held Concubine Yu in his arms and said slowly: "Beauty, you are still young, wouldn't it be a pity if you died? Only by doing this can we save our lives.

” After this level, we will be able to meet often in the future..”

When he said this, Nuliha’s eyes were full of anticipation.

Whether he can hide from others depends on whether this Concubine Yu can cooperate well.

This...

Hearing Nuliha’s plan, Concubine Yu thought for a while, and finally nodded: “Okay, I’ll listen to you.” Seriously, she wouldn’t dare to dream of telling such a big lie.

But there is no way, in order to survive, I can only gamble with Nuliha.

“Haha!”

Seeing her answer, Nuliha was overjoyed, smiled and kissed Concubine Yu on the face, then stood up, swung a long knife and slaughtered a wound on her body.

In an instant, blood gushed out and dyed the gorgeous robes red.

“You...”

Concubine Yu was startled, and quickly stood up and hugged his arm: “What are you doing?”

The ultimate husband in Chinese chapter 6477

Call!

Nuliha took a deep breath, endured the pain and smiled: “If you don’t do this, who will believe that I have fought fiercely with assassins?” After speaking, Nuliha

glanced at Wang Khan’s body and said fiercely. : “Ma De, I thought it would be fine after I solved this old thing easily, but I still have to bleed and get injured.”

Concubine Yu nodded and quickly bandaged him.

At this time, Nuliha looked at the sky outside, and said to Concubine Yu: “It’s getting late, I can’t delay it now, what to do next is up to you.”

After speaking, Nuliha made Looking very weak, she sat at the door of the palace, and then shouted at the outside: “come here, come here!”

Seeing this, Concubine Yu took a deep breath, knelt down beside Wang Khan's body, and cried. He shouted: "Come on, there are assassins... Wang Khan has been assassinated."

Crash...

Hearing the movement here, many guards from the Golden Palace rushed over. When they saw the situation in front of them, they were all shocked. .

I saw Wang Khan lying on the floor of the bedroom, covered in blood, his eyes were closed, and he was no longer breathing. At the door, Nuliha sat there with a weak face, with a shocking wound in front of him. Still bleeding.

Concubine Yu next to Wang Khan almost burst into tears.

This... how can this be?

For a time, all the guards froze there, their heads buzzing like sculptures.

"His Royal Highness Concubine Yu!"

Finally, the captain of the guards calmed down and asked Concubine Yu, "What... what happened here?" Although Wang Khan was old, his body had always been tough, and he died suddenly at this time. Unexpected.

"Uuuu..."

Concubine Yu cried when she heard the question, and replied, "Just now Wang Han asked me to chat, but who knew that an assassin suddenly broke in, and Wang Khan immediately fought with the assassin, who knew, that The assassins were very powerful, and Wang Khan was defeated in the end, so he was killed..."

Having said this, Concubine Yu couldn't help but glance at Nuliha at the door: "Later, General Nuliha arrived. , was also stabbed as a result..."

What?

Is there such a thing?

Hearing Concubine Yu's narration, the captain and the guards present were secretly shocked.

You must know that the defense of the Golden Palace is rigorous, and it is almost impregnable. Not to mention assassins, it is difficult for a fly to fly in, and suddenly an assassin appears... It is unbelievable.

Doubtful in their hearts, everyone's eyes turned to Nuliha.

call!

Nuliha took a deep breath and said weakly: "That man has his face covered, and his strength is very strong. I didn't fight him more than ten moves before I was hit hard by him..."

Speaking of which, Nuliha looked at Wang Khan's body, he pretended to squeeze out a few tears: "It's all useless for me, I'm late, I couldn't keep Wang Khan safe..." On the

surface, he pretended to cry, but Nuliha secretly observed these guards. Reaction.

Huh... I

have to say, Nuliha and Concubine Yu sang together, and the performance was seamless. The captain of the guard no longer doubted, but said solemnly: "General, where is the assassin now?"

Nuliha pointed. One direction: "The man injured me and ran away. You chase after me immediately. Be sure to arrest the assassin. There must be no mistake..."

"Yes, General!"

A few minutes later, nearly 10,000 guards from the Golden Palace left the Golden Palace in a mighty manner, and searched the entire royal court.

...

the other side.

Hu Ren Wang Ting said that it was not big or small, and Yue Feng was not familiar with the environment. In addition, it was night, so it took a full two hours to walk out of the Wang Ting range.

At this time, in the woods southeast of Wang Ting, Yue Feng dragged his tired body forward, feeling very depressed.

Ma De, I knew that I would meet that crazy girl Feixue, and I would be caught here later. I should have left the Sunflower Secret Realm in the first place. It is not easy to find a place to hide in this world of barbarians.

Da Da... Da Da...

Just when Yue Feng was depressed, he heard the sound of horses' hooves behind him, Yue Feng immediately looked back, and suddenly screamed bitterly.

I saw that hundreds of Hu soldiers on horses were catching up quickly. These soldiers were all Nuliha's personal guards, each with bright armor, long swords, and their strength was not low.

The ultimate husband in Chinese chapter 6478

Nima, it's coming so fast.

Yue Feng scolded secretly and wanted to find a place to hide, but he walked out of the woods not far ahead. Outside the woods was an endless grassland, and there was nowhere to hide.

"It's in front!"

"It's him, it's this guy!"

"Quick, catch up..."

At this time, hundreds of Hu soldiers also spotted Yue Feng and shouted loudly, urging their horses to chase after him. come up.

At this time, Yue Feng, the whip wound had just healed, and his strength had not recovered, and he was quickly caught up.

Whoa!

At this moment, after surrounding Yue Feng, the soldier headed with a hideous expression shouted at Yue Feng, "You are not too timid, you dare to sneak attack on us and escape. Now let's see where you run." The

surrounding soldiers were also cold. Looking at Yue Feng coldly, he clenched his long sword and shouted.

"Go back with us obediently, and avoid the pain of flesh and blood."

"Ma De, you can really run..."

"Quickly kneel down and be captured!"

Facing the situation in front of him, Yue Feng did not panic at all, but sighed and smiled bitterly. Said: "Masters, I'm just an ordinary person, and I don't know any peerless formations at all."

“Your generals are completely looking down on me, and you have to forgive people and forgive them. You should let me go.

” At the time, Yue Feng had a sincere expression on his face.

To be honest, Yue Feng didn't want to be so low-key, but there was no way. Now that his strength has not recovered, and he is in another world, it is better to keep a low profile.

However, the soldiers present did not eat this set at all.

“Stop talking nonsense!”

At this time, a soldier waved a long knife and said coldly at Yue Feng: “Grind again, let your head fall to the ground, and quickly kneel down and

be

captured .” Several soldiers got off their horses and walked towards Yue Feng with ropes, ready to tie him up.

well!

Seeing this scene, Yue Feng was very helpless, shook his head and said: “Forget it, I wanted to save your life, but now it seems that I am too kind.”

Hearing this, the surrounding soldiers looked at each other in dismay. Thought I heard it wrong.

What does this man say? spare our lives?

Haha...

After being stunned, all the soldiers burst into laughter.

“What did this kid say? Spare our lives?”

“I'm afraid I didn't run away overnight, my brain is broken...”

“Interesting, haha...”

Seeing the contempt on their faces, Yue Feng was too lazy to talk nonsense, and immediately Motivating the primordial spirit, the power of the Faye Red Lotus burst out.

hum!

In the next second, Yue Feng slowly raised his hand, and saw a dazzling purple-red flame jumping out of his palm. In an instant, the surrounding air was instantly distorted by the high temperature.

Although he has not fully recovered his strength, it is not a problem to summon the Red Lotus Karmic Fire.

What?

At this moment, the soldiers present were all shocked, their eyes fixed on Yue Feng, filled with incredible writing.

what's the situation? This kid is so weak, how can he burst out with such terrifying strength?

Just when everyone was shocked, Yue Feng raised his hand and waved, and the purple flame suddenly threw out.

In an instant, the hearts of all the soldiers present suddenly tightened. At that time, I wanted to escape, but it was too late.

boom!

The next second, the flames burst in the crowd, and immediately formed a sea of flames, shrouding all the soldiers present.

“Ah...” In the

fire, hundreds of soldiers let out a tragic howl, and finally the sound gradually disappeared, and they were all burned to coke.

Seeing this scene, Yue Feng's eyes flickered, and he couldn't bear it in his heart. He immediately said to himself, “It's not that I am cruel, but you really pushed me to a dead end.”

After that, Yue Feng sat on the ground to rest for a while and continued. Walk towards the grassland far away.

The Red Lotus Karmic Fire was used just now, and the only strength in Yue Feng's body was used up. Now he urgently needs to find a quiet place to practice and recover.

...

On the other side, the Palace of King Tingjin.

The originally splendid hall was now covered with white gauze curtains, a coffin made of pure gold was placed in the center of the hall, and Wang Khan lay quietly inside.

Around the coffin, the queen and other concubines, wearing long white dresses, wept bitterly.

Beside, Nuliha and other generals also looked sad.

Of course, Nuliha was pretending. At this time, he seemed to be silent, but in fact, he had been quietly observing the situation of the queen. You must know that the queen was very thoughtful and would definitely doubt it.

More importantly, the guards of the Golden Palace searched the whole city last night, but they couldn't find the assassin's whereabouts...

The ultimate husband in Chinese chapter 6479

Concubine Yu, who was in the concubine group, was also nervous at this time. Standing behind the queen, her heart was like a deer, and she didn't dare to look at Wang Khan in the coffin.

"Concubine Yu!"

At this moment, the queen's eyes fell on Concubine Yu, and she said slowly: "I want to ask you, what happened to the assassin last night?"

Nuliha guessed right, after the queen In my heart, the death of Wang Khan last night was too strange. After careful consideration, I felt that there were doubts everywhere.

"I..."

Concubine Yu was already nervous, but when she heard the Queen's question, she felt her heart skip a beat, and she whispered, "I... I was talking with Wang Khan at the time, the assassin rushed in suddenly."

"Then...Wang Khan fought him."

"Really?" With a hint of doubt on the delicate face of the queen, she said lightly, "What time was it? Concubine

Yu thought for a while: "Yes... it's Zi Shi."

Zi Shi?

Hearing the answer, the queen's tone turned cold: "In that case, when did Nuliha arrive?"

When asking these questions, the queen gave Nuliha a cold look.

Half a year ago, the queen learned from the gossip that Nuliha and Concubine Yu had an affair, but it was just hearsay, and there was no evidence at all, but last night Wang Khan was suddenly assassinated, and the queen concluded that she must have an affair with Nuliha and Concubine Yu. related.

“He...”

At this moment, Concubine Yu was even more panicked, first glanced at Nuliha, then lowered her head and said, “He came soon after the assassin appeared.” The

queen sneered and stared at Concubine Yu: “So skillful?”

Swish!

The eyes of other concubines and generals around her also focused on Concubine Yu.

Concubine Yu’s delicate body trembled, her red lips parted slightly, but she didn’t know how to answer for a while.

call!

Seeing this scene, Nuliha took a deep breath, strode out and said to the queen, “What does the queen mean by asking this?”

After all, the queen’s aura was so strong that Concubine Yu couldn’t stand it. Out on his own.

Um?

Seeing Nuliha take the initiative to come out, the queen frowned and said coldly: “What do you mean? You entered the golden palace in the middle of the night, and you came soon after the assassin appeared. Is it a coincidence?”

“I suspect, Wang Khan. His death has nothing to do with any assassin at all, but a lie fabricated by you and Concubine Yu.”

Wow...

As soon as these words came out, the entire Golden Temple was in an uproar.

Concubine Yu was so frightened that her face was so pale that she almost slumped on the ground. She knew that the fire could not be covered by the paper, but she didn’t expect it to come so quickly.

Nuliha looked calm, looked at the queen quietly for a few seconds, and said with a chuckle: "The queen speaks, but you have to be responsible. Last night, I was badly injured in order to intercept the assassin, but you said that I was a rude minister who committed the following crimes. Thief."

"Okay, you said I lied to Concubine Yu, what evidence do you have?" The

queen looked at him tightly and said word by word, "The evidence will be found sooner or later, I suspect now that the assassin is you Arranged, come, take down Nuliha and Concubine Yu, wait for Wang Khan to be buried, and then strictly interrogate."

Wow!

The words fell, and several guards from the Golden Palace walked in quickly, and they were about to take down Nuliha and Concubine Yu.

Facing this situation, Concubine Yu was so frightened that she lost the courage to speak.

"Wait!"

Looking at the guards approaching, Nuliha sneered and said to the queen, "You have no evidence, so you want to arrest me, so impatient, it seems that you are the most suspicious."

"You What do you mean?" The Queen frowned.

This Nuliha is really bold, and he dares to be so rude to me without making excuses about murdering Wang Khan.

"Haha!" Feeling the queen's anger, Nuliha did not panic at all, and said slowly: "I ,

Nuliha, are upright, act upright, stand upright, and always pay attention to evidence." He took out something in his arms

and said to the people around him: "When I fought the assassin last night, something fell from the assassin. The queen should be very familiar with it."

It is a delicate hairpin with gold threads wrapped around it in the shape of a bird, which is exactly what the queen belongs to.

What?

Seeing the hairpin, the queen's pretty face was startled.

The ultimate husband in Chinese chapter 6480

The queen is of course familiar with this hairpin. It was given to her by Wang Khan when she was crowned queen ten years ago. It is very meaningful, so the queen usually wears it reluctantly and keeps it in the treasure box.

Unexpectedly, it was taken out by Nuliha at this time.

This...

what's the situation?

At this moment, everyone around them also looked complicated, looking at the hosta in Nuliha's hand and talking in a low voice.

"Isn't this the queen's hairpin?"

"Yeah, how could it be in Nuliha's hands?" When

everyone was talking about it, the queen also reacted. The anger that could not be hidden on her delicate face was directed at Nulihajiao. He shouted: "Nuriha, you are not too timid to steal my hosta, yet dare to slander..." Before

she could finish speaking, Nuliha interrupted with a laugh.

"Queen!"

At this time, Nuliha's face was full of insidiousness: "Slander? I Nuliha for so many years, in order to protect our Hu people, I have fought nearly a hundred battles, both big and small, and I have made great achievements in battle. How could I treat a small hosta Interested?"

"This hosta was dropped by an assassin last night. Queen, you don't have to pretend. You secretly recruited assassins and murdered Wang Khan, but you wanted a guy for me and Concubine Yu, with such ruthless intentions. Qualified to be a queen?"

After saying this, Nuliha said to the people around him: "Everyone should see what is right and what is wrong."

At this time, Nuliha looked proud.

After making up the assassin last night, Nuliha was not at ease. Considering that the queen would investigate, he decided to do it first, and sent someone to steal the hosta before dawn.

This....

Seeing this scene, the other concubines and the generals looked complicated and remained silent.

Both the queen and Nuriha were right, and it was difficult to tell the truth from the false.

“Nuriha...”

At this moment, a general couldn't stand it any longer, strode out, and shouted angrily at Nuliha: “You are very courageous, you steal the queen's jade hairpin, and you speak slanderous words, you should be punished. You think your plan is foolproof, but you can't hide it from me.”

This general is called Shi Heng, the commander of the guards of the Golden Palace, and he is loyal to Wang Khan.

Just like the queen, Shi Heng was suspicious of Nuliha and Concubine Yu at the time of the assassination of Wang Khan last night. At this time, he was more certain when he saw Nuliha slandering the queen.

Ha ha!

Seeing Shi Heng come out, Nuliha didn't panic at all, and smiled contemptuously at the time: “What? The queen murdered Wang Khan, you have a share?”

“You are courting death!”

Hearing this, Shi Heng was furious and roared at that time. : “I'll kill you, you scoundrel thief right now.” The voice fell, Shi Heng drew out his long sword, rose up into the air, and headed straight for Nuliha.

Chi....

I saw that a cold glow erupted from the long knife in Shi Heng's hand, and the surrounding air was suddenly torn apart.

Seeing this situation, the surrounding people retreated one after another.

Nuliha smiled coldly: “Shi Heng, want to kill me? You're afraid you don't have that ability.” After speaking, Nuliha drew his long sword and attacked.

Dangdangdang...

In an instant, the figures of the two sides kept moving back and forth, and the long knives collided with loud noises.

At the beginning, Shi Heng was quite sure. After all, Nuliha was injured last night. As long as he tried his best, he would definitely be able to kill this thief. However, after a few rounds, Shi Heng felt that something was wrong.

This Nouriha is so fast, could it be a fake injury last night?

Shi Heng guessed well. Last night, Nuliha slashed himself with a knife in order to create the illusion of fighting with the assassin, but the knife was very light, and it seemed to bleed a lot, but it was actually only a skin injury.

“Haha!”

Just when Shi Heng was thinking about it, Nuliha said coldly: “With your strength, don’t show humiliation in front of me, confess your sins with the queen, and maybe you can save a life.”

Shi Heng Unforgivable: “I recognize Nima!”

Nuliha shook his head, his eyes flashing with a hint of coldness: “Since you don’t plead guilty, then go to death.” The moment the voice fell, Nuliha took advantage of the two swords. At the moment of touch, the left palm hit him.

The speed of this palm was very fast, and Shi Heng couldn’t dodge at all, so he could only clench his teeth to meet him.

Bang!

The next second, the palms of the two sides collided, and a dull sound was heard, Shi Heng’s face turned pale, and he stepped back again and again.
