

The ultimate husband in Chinese chapter 6481

“You...”

The moment he stabilized his figure, Shi Heng was furious and stared at Nuliha: “You are not injured at all...”

However, Nuliha didn't tell him at all. The opportunity, with a wicked smile, clenched the long knife, and erupted again.

This time, Nuliha burst out with all his strength, and saw a dazzling cold glow from the long knife, which instantly enveloped Shi Heng, and Shi Heng quickly raised the long knife to resist.

clang!

Han Mang slammed on the long knife, and with a roar, he heard Shi Heng groaning, the long knife shattered, and the whole person was shocked and flew out, flying dozens of meters away, and finally fell heavily. At the gate of the Golden Temple.

“Pfft...” After landing, Shi Heng spat out a mouthful of blood, looked at Nuliha unwillingly, and finally died of anger.

Hiss...

Seeing this scene, everyone present couldn't help gasping.

You must know that Shi Heng, as the commander of the guards of the Golden Temple, with a strength close to the eighth rank, died tragically at the hands of Nuliha at this time.

Concubine Yu and the other concubines were too frightened to come out.

“Nuriha!” The

queen was furious. After a few seconds of stunned, she shouted angrily at Nuliha: “You are so bold, how dare you kill someone on the Golden Temple.”

At this time, the queen was very angry. Heng was loyal, but now he has ended up like this.

In the face of the queen's scolding, Nuliha chuckled lightly: “Queen, you have to figure out that he killed me first, do you want me to stand still and stretch my neck for him to chop?”

“

With that said, Nuliha threw the hosta in her hand to the queen, and said lightly: "The matter of the hosta is not finished yet, please explain it to the queen."

When he spoke, Nuliha looked cold and arrogant.

Among the generals present, only Shi Heng gave up on Wang Khan and the queen, and now that Shi Heng is dead, no one dares to challenge himself.

"Rebel..."

Facing Nuliha's arrogance, the queen was extremely angry, and immediately looked around and shouted: "Everyone obeys the order, take down this traitor Nuliha to me." The

voice just fell, Nuliha clenched the long knife and said in a cold tone: "Whoever is not afraid of death can come up." After

speaking, Nuliha pointed to the queen and continued: "The facts are already clear, the queen and Shi Heng conspired to assassinate the king. Khan, this hosta is the evidence."

"This woman's heart is like a snake and scorpion, but as a queen, she murdered Wang Khan, and the crime is one more level!"

Hu...

Facing the situation, the other generals around looked at each other with expressions on their faces. complex.

Nuliha's guess was good. Among the generals present, only Shi Heng was the most loyal. Seeing Shi Heng's tragic death just now, everyone was terrified of Nuliha's strength.

Moreover, Nuliha took out the evidence of the hosta, and the queen became the biggest suspect.

Under such circumstances, these generals naturally did not dare to do anything to Nuliha.

"You..."

Seeing these generals standing there motionless, the queen was angry, but at the same time she was indescribably disappointed: "Wang Khan treated you well, and now you have been killed by traitors, but you are indifferent... .."

Faced with the accusations, the surrounding generals bowed their heads in shame, not daring to look at the queen.

Ha ha....

Seeing this scene, Nuliha was even more proud. The queen was already unable to support her alone. What was she afraid of? She immediately shouted at the outside of the Golden Palace: "Come on, take the queen down and put her in a prison."

Come to the Golden Palace . Before, Nuriha had deployed a lot of personal guards outside the hall in advance, considering that he would turn against the queen.

Crash...

Hearing Nuliha's order, the guards who were already waiting outside rushed up.

Then the two guards walked up to them quickly and tied the queen's hands and feet. The queen had no strength and was powerless to resist. If you make trouble and kill Wang Khan, you will die."

"Hehe!"

Nuliha showed a smile and said lightly: "What will happen to me, it doesn't matter if you say it, just obediently reflect in the prison." The last one The words fell, and Nuriha waved his hand.

The guards immediately escorted the queen down.

Haha....

At this moment, Nuliha was indescribably happy, but he didn't show it on his face, but swept around coldly: "Everyone, the queen murdered Wang Khan, the evidence is conclusive, what else do you have? What do you want to say?"

The ultimate husband in Chinese chapter 6482

The

voice fell, and the Golden Temple was silent.

The generals present, as well as the concubines, all looked at each other in dismay, and none of them dared to speak out.

Shi Heng died tragically, the queen was arrested, and the situation was completely under Nuliha's control. Under such circumstances, who would dare to raise an objection?

Um!

Seeing this scene, Nuliha nodded with satisfaction: "Since there is no objection, then it's settled." When speaking, Nuliha glanced at his lieutenant with deep meaning.

The lieutenant understood what he knew, and immediately came out and said loudly: "Now that Wang Khan has died suddenly, we Hu people have no leader, and someone must come out to preside over the overall situation." After speaking

, the lieutenant walked over quickly and knelt in front of Nuliha: "General He has great military exploits and fame, so it is better to temporarily preside over the overall situation to secure the heart of the army."

This lieutenant is Nuliha's confidant, and he has a clear guess on Nuliha's mind.

Whoa!

The voice fell, and everyone around was in a commotion and whispered.

"Yeah, Wang Khan is gone, and the queen is imprisoned. If you don't elect a person to preside over the overall situation, I'm afraid there will be chaos .

"

In this situation, I'm afraid that Princess Yiyi will rush back now, and I'm afraid that it will be too late..."

The Princess Yiyi that these people are talking about is the eldest daughter of Wang Khan, she is beautiful and beautiful, and she represented Wang Khan three days ago. Khan, went to the homeland in the north of the grassland to pay homage to the ancestors.

Speaking of which, Princess Yiyi still had two older brothers, but they both died on the battlefield because of the war a few years ago.

It stands to reason that Wang Khan was assassinated and died suddenly, and the heir was Princess Yiyi, but she was a daughter. The Hu people had no precedent for a woman to succeed the throne. More importantly, the current royal court has been controlled by Nuliha.

This situation is also what worries everyone present.

Ha ha!

At this moment, seeing the changes in the expressions of everyone present, Nuliha secretly sneered.

These people still want Princess Yiyi to succeed? I'm afraid he won't have that chance.

Thinking so in his heart, Nuliha appeared to be embarrassed, and waved his hand at the lieutenant: "This time is no small matter, don't talk nonsense, I'm just a rough man, only leading troops to fight, how can I take care of this? Great responsibility?"

"No, absolutely not!"

As he spoke, Nuliha shook his head again and again.

The lieutenant naturally knew Nuliha's original intention. Hearing this, he quickly pleaded: "General, you must have this great responsibility."

This...

Hearing this, Nuliha pretended to ponder, but his eyes were quiet. Looking at Concubine Yu.

Nuliha knew in his heart that most of the people present were unconvinced. At this time, it was just the lieutenant's proposal, which seemed too fake. It must be supported by members of the royal family.

And Concubine Yu, as Wang Khan's woman, if she also supported her, she would definitely be able to block the voices of Youyou.

call!

Concubine Yu is also a smart woman, noticed Nuliha's eyes, hesitated for a while, then walked out slowly, and said softly: "General, both civil and military, let's take charge of the overall situation for the time being, so many things have happened these two days, The entire royal court is going to be in chaos, if you don't stand up, who else is qualified?"

When she said this, Concubine Yu looked calm, but her heart was excited and nervous.

Fortunately, Nuliha has the courage to kill Shi Heng just now and imprison the queen. Otherwise, I can't imagine what the next scene will be. If you help him stabilize the overall situation now, Gao Chen will be able to worry about it.

"Well..."

At this moment, Nuliha nodded silently and said, "Since Concubine Yu also said so, well, I will do my best."

Seeing Concubine Yu also standing up to speak for Nuliha, others around People, it is not easy to say anything, and they all nodded in agreement.

after an hour.

In the bedroom, Nuliha Chunfeng sat proudly on the soft bed, drinking wine leisurely.

Concubine Yu next to her was also smiling.

“Beauty!”

At this time, Nuliha took a sip of wine, took Concubine Yu in his arms, and laughed: “How is it? From last night to today, I have arranged well. Haha, I will come if I want in the future. Come on, don’t worry about being discovered by that old thing again.”

The ultimate husband in Chinese chapter 6483

“Yeah!” Concubine Yu fell in Nuliha’s heart and nodded: “Thanks to you, otherwise I really don’t know what to do. When the queen questioned me just now, I almost lost my footing. .”

Saying that, Concubine Yu hugged Nuliha tightly, feeling that this man was too safe.

But in the next second, Concubine Yu thought of something, and her delicate face showed a bit of worry: “It’s just... Princess Yiyi is coming back soon, she is an orthodox royal family, and she will definitely investigate at that time.”

“Haha!

Hearing this, Nuliha sneered disdainfully: “That girl don’t need to worry, I have a way to deal with her, well, don’t think so much, just serve me well...” The last

word fell, Nuliha He hugged Concubine Yu all of a sudden...

“You... um...”

After a while, the palace was full of spring

...

On the other side.

On the endless grassland, Yue Feng walked slowly, feeling very depressed.

Mad, this grassland is too big. After walking for so long, except for some cattle and sheep, I didn’t see half of them.

call!

On a grassy slope, Yue Feng exhaled, ready to sit down and rest. As a result, as soon as I sat down, I saw not far away, a mighty team coming.

Yue Feng could clearly see that in the front part of the team, there were more than a hundred Hu cavalry soldiers, their silver armor shone brightly in the sun, and each one held a machete, and their momentum was overwhelming.

At the back of the team is a guard of honor, and in the middle of the team is a gorgeous carriage, next to the carriage is a female general, wearing a blood-red battle armor, with a slim figure, indescribably heroic.

Yes, this is the team of Princess Yiyi, who is returning to the royal court after paying homage to the ancestors of the old place.

What the hell!

Seeing this scene, Yue Feng thought that he was here to chase him again, and was immediately startled, and his heart was secretly complaining.

Are the Hu people so persistent? Another team was sent to chase me....

While murmuring in my heart, Yue Feng couldn't help but get anxious. He used the Red Lotus Karmic Fire before and almost used up the power of his primordial spirit. At this time, he was very weak, let alone the team in front of him. Now, even a few soldiers can't handle it.

How to do?

Seeing the team getting closer, Yue Feng was as anxious as ants on a hot pot. The grassy slope was flat and there was nowhere to hide. After being discovered, there is really no escape.

Under the anxiety, Yue Feng's spiritual light moved.

Play dead yourself, the other party will probably withdraw when they see me dead.

After making up his mind, Yue Feng secretly exhaled, first put some mud on the ground and put it on his face, then he used the breath-holding technique, lying on the grass motionless and pretending to be a corpse.

Da da da...

At this time, Princess Yiyi's team slowly came to the front.

"Huh? There's someone ahead?"

“Come and see!”

Soon, after a few cavalymen in front of the team found Yue Feng, they rushed over, dismounted to check the situation, and found that Yue Feng was not breathing. Dark frown.

Strange, there is a dead person here.

Moreover, looking at the dress is still a Dayan...

At this moment, the carriage also stopped, and then the curtain was lifted, a delicate and charming face stuck out, and asked the female general next to her, “What happened?”

This woman is Princess Yiyi. The female general who followed the carriage was called Nie Hongxue. She was an eighth-rank strength, and was the personal guard specially arranged by Wang Khan for Princess Yiyi.

call!

Hearing the princess’ question at this time, Nie Hongxue let out a light sigh of relief: “I don’t know, I’ll go take a look!” As the

voice fell, Nie Hongxue urged the horse to rush over, and when she got to the front, she glanced at Yue Feng, then quickly turned back to the carriage and replied: ” Palace Master, there’s nothing wrong, just a dead person, let’s continue on our way.” After speaking

, Nie Hongxue was about to signal the team to continue on the road.

At this moment, Yue Feng secretly heard the situation and was relieved.

It wasn’t that they caught me. Made me panic.

At the same time, Yue Feng was also a little strange. The voice of the woman on the carriage was very nice, and she didn’t know who she was. Muttering in his heart, Yue Feng seemed to open it to take a look, but with a few soldiers beside him, he still held back.

“Wait!”

Seeing that Nie Hongxue was about to move on, Princess Yiyi thought for a while, then raised her hand to signal everyone to stop..

The ultimate husband in Chinese chapter 6484

Nie Hongxue was stunned: "What's wrong? Princess!"

What's going on?

At the same time, Yue Feng felt a little stunned in his heart.

At this moment, Princess Yiyi looked at Yue Feng from a distance, and said softly: "It's fate to meet. This person died here alone. It's too pitiful. Since we met, let's help him bury him."

"At the time, Princess Yiyi looked serious.

She is gentle and kind-hearted. When a white rabbit she raised when she was a child died, she could be sad for several days. At this time, when she saw a person die here, she felt pity in her heart.

Uh...

Hearing this, Yue Feng was stunned for a moment, then wanted to cry without tears.

Damn, this turned out to be a princess. It was broken. I thought I could get away by pretending to be a dead person. How could I know that this princess is so kind, she would help to bury anyone she didn't know...

This seems to be a big game. .

"This..."

At this time, Nie Hongxue was also stunned for a moment, then reacted and greeted a few soldiers: "You guys, go and bury that person." After

speaking, Nie Hongxue felt a little worried and urged the horse to come. In front of Yue Feng: "Princess is kind, you all should be careful."

"Yes!"

After hearing the order, a few soldiers hurriedly responded, and then began to dig beside them.

Although Nie Hongxue was the personal bodyguard beside the princess and had no military rank, the princess treated her like her own sister. This status was not comparable to ordinary people. Therefore, when everyone saw Nie Hongxue, they were extremely polite.

shit...

Hearing the sound of digging soil in his ears, Yue Feng couldn't help laughing and crying.

This... this is the rhythm of being buried alive.

To be honest, if Yue Feng was in his peak state, he would not be afraid of being buried at all, but his strength had not fully recovered at this time, and he was almost unable to hold on to his Qi-holding method. If he was buried again, the consequences would be unimaginable.

"Hmm..." In a state of

anxiety, Yue Feng decided to take a gamble, immediately opened his eyes, stretched out and sat up, as if he had just woken up.

"Mummy!"

Suddenly seeing Yue Feng wake up, the soldiers who were digging were all startled.

Nie Hongxue was also taken aback, and then looked at Yue Feng closely: "You...are not dead?" When he spoke, Nie Hongxue was very puzzled.

Strange, when I came to check just now, this person was obviously not breathing.

"Ah? Why am I going to die?"

Hearing the question, Yue Feng scratched his head and pretended to be puzzled, "Who are you?"

As he said, Yue Feng couldn't help looking up and down at Nie Hongxue, only to see the armor she was wearing. Completely different from the Hu people, the one hanging around his waist is not a long sword, but a beautiful long sword of the Dayan Dynasty.

Upon discovering this, Yue Feng realized that this Nie Hongxue should not be a Hu, but a Dayan. Immediately a little suspicious.

This woman, obviously from Dayan, why did she stay in the Hu people?

At the same time of doubts, Yue Feng also felt a little secretive.

In any case, this woman's facial features and figure are all unique, especially the appearance of wearing armor, which is even more heroic...

huh!

Feeling Yue Feng's gaze constantly drifting away from her body, Nie Hongxue took a deep breath, feeling very unhappy, but she didn't attack her self-confidence, but asked coldly, "Who are you?"

"I... "

Yue Feng scratched his head, his mind turned quickly, and he said, "I am a commoner who has escaped. I got lost in this grassland. I was sleepy and hungry just now, and I fell asleep for no reason." After

speaking, Yue Feng looked at Looking at the pit next to him, he pretended to know nothing and asked, "What are you doing?"

Wow...

Hearing this, the soldiers who were digging the pit next to him suddenly complained.

"So it's not dead..."

"I was obviously out of breath just now... It's really evil!"

"Mad, let's waste our energy in vain."

Muttering, several soldiers looked at it in disgust. Yue Feng, then returned to the team.

At this time, Nie Hongxue was too lazy to talk nonsense, gave Yue Feng a deep look, and returned to the carriage.

"Sister Hongxue!"

At this moment, Princess Yiyi asked very curiously: "What's the matter, isn't he a dead person?" While speaking, Princess Yiyi looked at Yue Feng very strangely.

The ultimate husband in Chinese chapter 6485

Just now, Yue Feng suddenly sat up, and Princess Yiyi also saw it.

call!

Nie Hongxue sighed lightly and said slowly, "Maybe it was a misunderstanding just now. This person is not dead at all, but is too tired to fall asleep."

After speaking, Nie Hongxue continued, "This person is a commoner who fled from the Dayan Dynasty. , I got lost on the grassland."

At this time, Nie Hongxue didn't know that Yue Feng's words just now were completely made up.

That's it!

Hearing this, Princess Yiyi nodded slowly, with a bit of pity on her delicate face: "Alas, as long as there is a war, it is these people who suffer."

After speaking, Princess Yiyi continued: "How about this, bring Bring him back to Wang Ting, find something for him, let him live and eat."

She was kind-hearted and could not see others suffering.

This...

Nie Hongxue frowned slightly, then hesitated and said, "Princess, we still have to hurry, I'm afraid it will be inconvenient to take him." This person doesn't seem to be in danger, but he is responsible for the safety of the princess, and always be careful.

Princess Yiyi insisted on her own opinion and said with a smile, "It's alright, he is so pitiful, if he were left alone, he would definitely starve to death. Sister Hongxue, you agree."

Nie Hongxue appeared to be a bodyguard, but In Princess Yiyi's heart, she is like her own sister.

well!

Seeing Princess Yiyi like this, Nie Hongxue couldn't refuse, she just sighed and nodded.

Immediately, Nie Hongxue said to a soldier in front of him, "Bring that person here."

"Yes!"

The soldier responded, walked over quickly, and brought Yue Feng over.

At this moment, Yue Feng's heart was very complicated. He really didn't expect this princess to be so kind. Before, he thought I was dead and would bury me. Now that he knew that I was not dead, he would take me back to the royal court.

It's just... I just escaped from the royal court, and if I go back again, isn't it self-defeating?

"Hey!"

Just when Yue Feng was confused, Nie Hongxue looked him up and down and asked, "What's your name?"

"Yue Feng!" Yue Feng replied.

Nie Hongxue nodded, her delicate face did not fluctuate in the slightest: "You are lucky, you met our princess, the princess will take you back to the royal court, and she has to find a living thing for you to do, so why don't you kneel down and thank you?"

Uh...

Hearing this, Yue Feng couldn't stop complaining in his heart. He immediately bit the bullet and knelt down at the carriage: "Thank you, Princess, for your grace."

After speaking, Yue Feng subconsciously raised his head and glanced at Princess Yiyi.

What a beautiful woman.

For a while, Yue Feng was stunned when he saw Princess Yiyi's delicate face.

Yue Feng thought she was a beautiful woman when she was far away before, but at this time, she was stunned by Princess Yiyi's perfect and delicate facial features.

Speaking of which, Yue Feng has seen a lot of beauties over the years, and even the fairies of the Divine Realm. But this is the first time I have seen such a quiet and beautiful woman as Princess Yiyi.

It's completely different from Ren Yingying's hot and unrestrained, Xiao Xi's quirky, and Xiao Yuruo's intellectual beauty...

Phew!

Seeing Yue Feng staring at herself blankly, Princess Yiyi became a little shy for a while.

As a princess, she is extremely noble. From childhood to adulthood, except for Wang Khan, other men are servile and servile when they meet. There has never been a man in front of her who dared to stare at her so directly...

"Bold!"

This In an instant, seeing Yue Feng's rudeness, Nie Hongxue gave a coquettish shout, pulled out his long sword and slapped Yue Feng's shoulder with the back of the sword: "Dare to look directly at the princess like this, courting death?" Nie

Hongxue

The shot was heavy, and although the back of the sword was used, Yue Feng couldn't help but gasp.

The next second, Yue Feng quickly closed his eyes, lowered his head and said, "The grass people are being rude, I beg the princess to forgive me."

Hmm!

Princess Yiyi responded, and then said softly: "From now on, follow us, go back to the royal court, and I'll find something for you to do."

After speaking, she looked at Yue Feng and waited for him to express her thanks.

However, Yue Feng smiled bitterly: "Caomin thanks the princess for her grace, but... I am seriously ill and I'm afraid I won't live long. So the princess' kindness is accepted by Caomin."

He finally escaped from the royal court. , how is it possible to go back?
