Chapter 6616:

Yue Feng knew that this Red Flower Mother-in-Law was too difficult, and once she provoked her, she was afraid that there would never be a peaceful day after that, so when she rushed over, she tore off a piece of cloth on her body in advance and covered her face.

Well?

At this moment, Gu Qianqiu was also stunned when he saw Yue Feng, and subconsciously said, "Who are you?"

When

he inquired, Gu Qianqiu's eyes were filled with a little resistance and vigilance.

Who is this man?

At the same time, the Red Flower Mother-in-Law and several killers were also stunned, one by one looking at Yue Feng in surprise, strange, where did this person come from?

At this moment, Yue Feng had already arrived and said to Gu Qianqiu, "Your own people, if you don't want to die, come in with me, quick." The words fell, and Yue Feng turned and entered the stone formation.

Forget it, believe him once.

At this time, Gu Qianqiu was already on the verge of life and death, although he did not know Yue Feng's identity, he still decided to fight, and immediately pulled out his long sword, erupting into a dazzling sword and sweeping towards the Red Flower Mother-in-Law.

Airplanes...

This sword, Gu Qianqiu tried his best to explode, the power was very amazing, only to see the sword passing by, that piece of air was torn, at that time, the red flower mother-in-law and several killers, all changed their faces, and retreated backwards.

Taking advantage of the opportunity, Gu Qianqiu took a deep breath, endured the severe pain in his body, and followed Yue Feng into the stone array.

In Gu Qianqiu's heart, the stone array in front of him was just a scattered stone, so the moment he rushed in, the speed did not stop at all, and he planned to evacuate and escape from this forest.

However, the next situation made Gu Qianqiu stunned.

Strange, how can these stones in front of you seem to move?

At this time, Gu Qianqiu was surprised to find that he was like entering a labyrinth, there was a clear road in front of him, but if he continued to move forward, there would be stones blocking it, and the same was true for changing directions.

“The suzerainty doesn’t need to be nervous.”

Seeing Gu Qianqiu’s shocked face, Yue Feng revealed a smile and said comfortingly, “This is the stone array I deployed, once I break in, I don’t know how to crack it, and I can’t get out.”

When he spoke, Yue Feng’s tone was relaxed, as if he was saying something trivial.

Stonehenge?

Hearing this, Gu Qianqiu was shocked in his heart, and became even more vigilant, this person led me to the stone array, could it be that he would also be unfavorable to me? But thinking about it, if this person wants to harm me, he only needs to watch me being besieged by the Red Flower Mother-in-law, so why bother?

“Want to run?”

Just when Gu Qianqiu was thinking about this, the Red Flower Mother-in-Law shouted angrily, and quickly chased up with several killers, seeing the stone array deployed by Yue Feng, the Red Flower Mother-in-law also thought that it was just some scattered stones, and did not pay attention to it at all.

However, after entering, the Red Flower Mother-in-law felt that something was wrong.

Ming Ming Gu Qianqiu was more than ten meters away in front of him, but he couldn’t catch up, and the stones around him were too strange, no matter how he walked, there would be a stone blocking the way in front of him in the end.

Ha ha... It became....

Seeing this scene, Yue Feng couldn’t help but laugh loudly, walked quickly to Gu Qianqiu, and commanded, “Gu Sect Lord, now that we can leave, we must follow me closely.” When the words fell, Yue Feng silently recited the mantra in his heart, turning east and turning out of the

stone array in the west.

Awesome...

At this time, Gu Qianqiu's heart was very shocked, looking at Yue Feng's gaze, he was also full of curiosity and admiration. You must know that the Red Flower Mother-in-law is very strong, and the killers she found are not generalists.

And the person in front of him, with the help of these stones around him, trapped them inside.

If you don't see this with your own eyes, who can believe it?

Under the shock, Gu Qianqiu did not dare to be slack in the slightest, followed Yue Feng, and quickly walked out of the stone array and headed for the distance.

Damn it!

Looking at the figures of Gu Qianqiu and Yue Feng, gradually disappearing into the night, the red flower mother-in-law was anxious and angry, so she beckoned several killers and wanted to get out of the stone array, but she tried several times, all of which failed.

"Ancient Autumn!"

Rushing out of the stone array, the Red Flower Mother-in-law was almost mad, and couldn't help but scold: "You hypocrite, I will never spare you, I will definitely kill you." "

Chapter 6617: The

Other Side.

Yue Feng took Gu Qianqiu with him, and quickly walked through the mountains and forests, where there were few people and there was a dead silence all around.

Poof!

At this moment, Gu Qianqiu finally couldn't hold on, and sat paralyzed on the ground with a tree, his face was extremely pale, and his whole person was extremely weak.

Yue Feng stopped and couldn't help asking, "Ancient Sect Lord, how are you?"

When

he spoke, Yue Feng looked at Gu Qianqiu and was secretly surprised in his heart, and he saw that there were dozens of wounds all over his body, and some of them were still bleeding.

Call!

Gu Qianqiu took a deep breath and shook his head, "It's okay, I can't die." With

that, Gu Qianqiu stared closely into Yue Feng's eyes, "Who is your excellency?" Why save me?

Yue Feng smiled, immediately removed the cloth on his face, and said slowly, "My name is

Yue Feng, and it can be said that I have some relationship with you from the Heavenly Dao." Yue

Feng?

Gu Qianqiu was stunned, and then he thought of something: "It was you."

Before Yue Feng escorted the little emperor, Gu Qianqiu began to pay attention, and a month ago, the red flower mother-in-law made a big fuss about the Qizhou City sub-altar, and also deliberately held a wedding for Fei Xue, when the object of the worship hall was this Yue Feng...

After a few seconds, Gu Qianqiu reacted and wondered, "Why are you here?"

Yue Feng smiled and responded, "I don't really want to hide anything, I came to investigate Ji Beiye's camp." With that, he told the situation of the camp that he had inspected before and told him in detail.

If it was someone else, Yue Feng would never tell the truth, but Gu Qianqiu was different, he was the Heavenly Dao Sect Lord, leaving the Heavenly Dao to save the world, letting him know the situation, it would be of great help to protect Qingyun City.

Boom!

Sure enough, hearing Yue Feng's words, Gu Qianqiu was very angry, slammed down the trunk of the tree, and said fiercely: "These officials in Qingyun City, one by one, are superficially benevolent and righteous gentlemen, but in fact they are all villains, and they have secretly colluded with the traitor Ji Beiye." With

that, Gu Qianqiu looked up at Yue Feng and praised, "Fortunately, you have explored the camp tonight and learned about their plot, otherwise the consequences would be unimaginable."

Yue Feng nodded, "I didn't expect it either, speaking of which, when I visited the camp at night, I wanted to probe the news of a person." However, no trace of the person was found. Hearing this, Gu Qianqiu frowned and said slowly, "The

person you are talking about is the tall man behind Ji Beiye, the one who helped Ji Beiye attack Qizhou City before..."

Well? He actually knew Haotian.

Yue Feng was stunned and nodded, "That's this person." Did the Ancient Patriarch know about him? "

Yes!"

Gu Qianqiu responded and said slowly, "I came here tonight also to lure him out, according to the intelligence from the Heavenly Dao, this person is very mysterious, not only strong in strength, but also proficient in the art of war, such a character, I naturally want to see it."

Speaking of this, Gu Qianqiu sighed, "I just didn't expect that I didn't lead this person out, but I was secretly calculated by the Red Flower Mother-in-Law." Whew

!

Knowing these circumstances, Yue Feng suddenly nodded, "It turns out that just now you played the flute on the hill to lead out Hao Tian."

Gu Qianqiu looked at Yue Feng doubtfully, "You know his name, could it be that you knew him before?" It's

not just about knowing...

Yue Feng muttered in his heart, and smiled bitterly at Gu Qianqiu, "The strength of this person is far beyond your imagination, I advise the Sect Lord, in the future, when you encounter this person, don't do anything with him."

When

he said this, Yue Feng's eyes were full of seriousness.

Although this Gu Qianqiu was very strong and regarded as a top existence in the Tianxin Continent, it was impossible for Haotian to be an opponent when it came to the background, after all, Haotian was the God King of the God Domain, and had lived for tens of thousands of years.

Seeing Yue Feng say this, Gu Qianqiu was very curious in his heart, and he wanted to inquire a few more times.

Hiss!

But before the words were finished, a sharp pain came from the wound, and Gu Qianqiu couldn't help but take a breath of cold air, and his body was even more cold in an instant.

Seeing this, Yue Feng quickly asked, "The Sect Lord's injuries are very serious." With that, Yue Feng was about to go forward to check, but just two steps away, he was stopped by Gu Qianqiu.

"I'm all right!"

Gu Qianqiu squeezed out a smile, his eyes were a little defensive, and said slowly: "I have encountered more severe situations than this, you don't have to worry." "

## **The ultimate husband in Chinese chapter 6618**

Chapter 6618: When

the words fell, Gu Qianqiu first took a pill, then took a bottle of medicine from his body, turned around, and sprinkled the medicine on the wound.

Obviously, until now, Gu Qianqiu had not particularly trusted Yue Feng.

Well!?

Despite the dim light, Yue Feng still noticed that above Gu Qianqiu's right arm, there was a faint blood-red wolf totem mark, which should have been tattooed with a special technique.

Wolf totem tattoo?

Seeing this, Yue Feng was suddenly stunned, because he had just spent some time in the Hu people, and Yue Feng clearly understood that after the Hu men became adults, in order to show their loyalty to the entire Hu people, they would tattoo the mark of the fire sideburner on their arms.

At this time, the wolf totem on Gu Qianqiu's arm was the fire sideburn...

Don't.... Gu Qianqiu is a Hu person?

Muttering in his heart, Yue Feng couldn't help but say, "The Ancient Sect Lord is a Hu person?" Yikes

!

Hearing this, Gu Qianqiu's body suddenly shook, and his eyes locked on Yue Feng, like a vicious wolf waiting for an opportunity: "How do you know?"

Yes, Gu Qianqiu was indeed a Hu person, and when he was very young, there was a struggle among the Hu people, when Gu Qianqiu was only a teenager and was forced into exile.

For thousands of years, the Hu people and the Dayan Dynasty have been constantly fighting, so there is great hostility to the Hu people in the territory of Dayan, and because of this, when Gu Qianqiu wandered in the rivers and lakes, he has always hidden his identity as a Hu person, even the closest people around him have always been hidden.

Therefore, at this time, Yue Feng saw his identity, and Gu Qianqiu was shocked in his heart.

Sensing the change in Gu Qianqiu's face, Yue Feng said slowly, "I have just returned from the Hu Clan, and I know a little about the situation over there, and the Ancient Sect Lord is assured, if you don't allow it, I won't tell anyone else about this secret."

"Is it?" Gu Qianqiu responded lightly, still with a little hostility in his eyes.

Call!

Yue Feng breathed a sigh of relief and smiled, "The Ancient Sect Lord doesn't need to be nervous, speaking of which, I am also a friend of your Hu people, and before that, I specifically asked the Queen to write a covenant..."

In the next few minutes, Yue Feng told the details of his encounter with the Hu people.

Hearing this, Gu Qianqiu was stunned, and looked at Yue Feng in a daze, unable to speak for a long time.

This Yue Feng... Help the Hu people to eliminate the rebellious slave Riha, and also assist the princess to sit on the queen.... In this way, he is really a friend of the Hu people.

Thinking of this, the vigilance in Gu Qianqiu's heart suddenly diminished a lot, and his look also eased, and he nodded: "I didn't expect that Your Excellency has made so many contributions to the Hu people, and I almost lost my respect just now.

When he said this at this time, Gu Qianqiu looked ashamed.

Seriously, Gu Qianqiu was not afraid of Yue Feng lying at all, after all, the Heavenly Dao Sect was all over the place, and as long as the order was issued, he would soon be able to investigate the current situation of the Hu people.

"The suzerainty is polite." Yue Feng smiled.

Yue Feng did not intend to please Gu Qianqiu and treat each other so sincerely, but just wanted to have one more ally, after all, Haotian was strong and had hundreds of thousands of troops from Ji Beiye to help, and it was difficult for Yue Feng to deal with it alone.

If he could draw Gu Qianqiu in, and then meet Haotian again, he would not be alone.

“Speaking of... It’s been almost thirty years...”

At this time, Gu Qianqiu did not wait for Yue Feng to inquire, he sighed and said his own life: “At that time, the Hu people had serious infighting, people were killed every day, and my parents did not escape..... I escaped alone and wandered around the rivers and lakes.....”

At this moment, Yue Feng did not interject and stood by and listened quietly.

Call!

Ten minutes later, after learning of Gu Qianqiu’s life, Yue Feng took a deep breath and felt very emotional in his heart.

I didn’t expect that this Heavenly Dao Sect Lord, who was revered by everyone in the rivers and lakes, was so desolate in his life!

“Yue Feng!”

Just when Yue Feng was secretly sighing, Gu Qianqiu raised his eyes and looked at him seriously: “Since I set foot in the rivers and lakes, I have never admired anyone, but you are an exception.”

“Before, I helped the Shaoyang King to resist Ji Beiye’s hundreds of thousands of troops, and then I helped my Hu people to eliminate the rebellious thieves and also assisted the queen to succeed to the throne, but just now, with the exquisite formation, I trapped the Red Flower Mother-in-law and others, and saved my life.

Chapter 6619:

“If you don’t give up, how about we worship as brothers of the opposite sex?”

When the last word fell, Gu Qianqiu looked closely at Yue Feng, and his eyes were full of expectation. Although he didn’t have much contact, Gu Qianqiu knew that Yue Feng in front of him was a talent that was rare in a thousand years.

The so-called heroes felt sorry for each other, and when Gu Qianqiu said that when he was born, he had already regarded Yue Feng as his own person, and at this time, his heart was full of blood, and he thought of worship.

“Good!”

Hearing this, Yue Feng didn't want to think about agreeing: "Where do I have any reason to be disgusted?" I am so honored to be so loved by the Patriarch. Haha

...

Seeing Yue Feng agree, Gu Qianqiu was very excited, and immediately laughed: "Good brother, I am older, I will falsely call a big brother."

Yue Feng didn't say a word, and immediately held his fist in salute: "The younger brother has seen the eldest brother."

Gu Qianqiu quickly took his hand, and the two looked at each other and laughed.

Subsequently, Gu Qianqiu took out the wine jug he had brought with him, and together with Yue Feng, twisted the soil to perform the closing prayer for the incense, and then the two of them took a sip of the liquor and talked freely.

Seriously, if someone else, being so badly injured and drinking alcohol will only aggravate the injury.

However, Gu Qianqiu is not an ordinary person, he is strong, and drinking spirits at this time will not aggravate the serious injury, but will promote blood flow and speed up the recovery of the injury.

"Brother!"

In the blink of an eye, both of them drank a lot of wine, and at this time, Gu Qianqiu's eyes burned as he looked at Yue Feng: "I don't know yet, where is your teacher?" "The sudden appearance of such an extraordinary task on the rivers and lakes will be curious to anyone."

Call!

Yue Feng put down the wine jug, exhaled darkly, and said slowly, "It is not a secret, the brothers originally did not belong here, but came from another continent." Originally

, in front of Fei Xue, Yue Feng had revealed his identity, so at this time, in front of Gu Qianqiu, he no longer hid it.

In the next few minutes, Yue Feng told the situation of the Kyushu Continent and how it was transmitted here by the Chaos Vortex, all in detail, of course, Hao Tian's true identity, Yue Feng still did not say.

I see.

At this moment, Gu Qianqiu's eyes flickered, and he looked at Yue Feng in surprise: "No wonder the brother was born in the same world, I sent someone to secretly investigate before, but I couldn't investigate your details..."

As he spoke, he and Yue Feng looked at each other and laughed.

Subsequently, Gu Qianqiu inquired about Yue Feng's situation on some of the Kyushu mainland, and learned that Kyushu had a long history, and the rivers and lakes were lined with sects, as bright as a galaxy, and Gu Qianqiu immediately longed for it.

"Big Brother!"

After talking about the affairs of Kyushu, Yue Feng suddenly thought of something and said curiously, "That Red Flower Mother-in-law has always said that you killed her apprentice and chased you like crazy, what the hell is going on?" Seriously

, this kind of private matter, Yue Feng originally did not want to ask, but since he had already worshipped, he wanted to know more.

Alas!

In the face of the inquiry, Gu Qianqiu looked dejected and sighed, "This matter is a misunderstanding, but if you calculate it carefully, it is also my fault." Saying

, Gu Qianqiu looked up at the round of Haoyue in the night sky, and slowly said the dusty past: "At that time, I had been wandering in the rivers and lakes for ten years and met many friends, but deep down I was still very lonely, until I met Hongyu, who was the eldest disciple of Honghua's mother-in-law."

"Hongyu is not particularly outstanding in appearance, but she is kind in heart, and I was deeply fascinated by her at the first sight, and then we got together, found a remote valley, and planned to stay together for a lifetime."

"Unfortunately, the sky did not go according to people's wishes, and soon after, I was targeted by the enemy, I was afraid of involving Hongyu, and at that time, there was no clue left, so I went directly." I was like, when I solved the enemy, I would come back to him, who knew that all kinds of tedious affairs in the middle were entangled, and it would be five years after I left. "Five years later, I returned to the valley, but Hongyu was no longer there, and I guessed that she had been taken away by the mother-in-law of the red flower, so I sent people around to look for it, however, the place where the mother-in-law lived was very hidden, and after years of hard searching, I found nothing."

When he said this, Gu Qianqiu looked up at his face, blinked his eyes and held back tears: "Just when I thought that the fate with Hongyu was over, the Honghua Mother-in-

law appeared, saying that I abandoned Hongyu, I explained several times, but the Honghua Mother-in-law was vengeful and did not believe me at all.” ”

## The ultimate husband in Chinese chapter 6620

Chapter 6620:

Alas!

Hearing this, Yue Feng felt very unhappy in his heart, and secretly sighed: “Creating and transforming people.” As

he spoke, Yue Feng couldn’t help but say, “Big Brother, what kind of enemy were you facing?” It was five years since I left....”

Gu Qianqiu’s eyes flickered and he said slowly, “My enemy at that time was Yuan Shu, the deputy suzerainty who left the Heavenly Dao at that time.” What

?

Hearing this, Yue Feng was suddenly stunned, and for a moment his mind could not turn around.

Gu Qianqiu was the current Heavenly Dao Sect Leader, but the enemy was the former Deputy Sect Leader.

This.... The situation is really complicated.

“Brother!”

Just as Yue Feng was secretly pondering, Gu Qianqiu sighed, “What you just said is right, you really created and manipulated people, and a year before I met Hongyu, I secretly joined the Heavenly Dao, because I was decisive and very appreciated by the previous suzerain.”

“And the deputy suzerainty has always coveted the position of suzerain, so he has always regarded me as a thorn in the side.” When I left the valley, the suzerainty suddenly died violently, and the deputy suzerainty was ready to secretly attack me in order to compete for the suzerain’s position.

“I was favored by the suzerainty a lot, so naturally I couldn’t let him succeed, so I left Hongyu at that time, secretly contacted the suzerain’s cronies, and began an infighting with the deputy suzerain, fought for five years, and finally stabilized the situation.”

I see.

Hearing this, Yue Feng suddenly nodded.

Looking at the situation, between Gu Qianqiu and the Red Flower Mother-in-Law, it was indeed a big misunderstanding, but unfortunately, the Red Flower Mother-in-law had a stubborn and strange personality, and believed that Gu Qianqiu had killed her apprentice.

In the future, when I have the opportunity, I will help reconcile with it.

Thinking about it, Yue Feng smiled at Gu Qianqiu, "Big Brother, how is your injury?"  
Haha

...

Gu Qianqiu smiled heroically, "It's all skin trauma, it's all right." With

that, Gu Qianqiu looked at the sky and slowly got up, "I still have urgent things to return to the Heavenly Dao to deal with, let's say goodbye for the time being, Qingyun City, I will send someone to help." "

Good!" Yue Feng nodded.

Gu Qianqiu stopped talking nonsense, said goodbye, and turned around and strode away.

Yue Feng stood there until Gu Qianqiu completely disappeared into the night, and then he eased up. He immediately thought about it, Haotian was not in Ji Beiye's camp, and there was no need to look for him for the time being.

At present, the most important thing is to go to Qingyun City first to see the situation.

By the way, the red flower mother-in-law several, I don't know if I walked out of the stone henge. This red flower mother-in-law, who had forced me and Fei Xue to become relatives before, had just raided Big Brother Gu, and it was really difficult to swallow this evil breath without going to mock it.

With that in mind, Yue Feng covered his face with the cloth again, and then walked towards the stone array.

When he was almost at the stone array, Yue Feng heard several people in the distance of the Red Flower Mother-in-Law arguing inside.

"What the hell is going on here?" So quirky.

"I think these stones are weird."

“Mother-in-law, could this be an ambush you set up in advance?”

Several killers tried several times, but did not get out of the stone array, and finally one of them began to suspect that the red flower woman had risen.

“Fart!”

Hearing the killer’s questioning, Grandma Red Flower couldn’t help but scold: “If I want to deal with you, why bother so much?” One by one, they were all less wordy, and they quickly found their way.

I have to say that the red flower mother-in-law has a strong aura, and at this time, when she is angry, several killers are not good at guessing.

Ha ha...

Seeing this, Yue Feng couldn’t help but laugh, slowly walked over, and said to the red flower mother-in-law in the stone array: “Oh, why are you still here?” Is it that the scenery here is good, and a few people are reluctant to leave?

When

he said this, Yue Feng’s eyes were full of mockery.

Swish!

At this moment, whether it was the Red Flower Mother-in-Law or a few killers, his eyes instantly locked on Yue Feng, and the killing intent could not be concealed on his face.

“Good boy!”

The next second, the Red Flower Mother-in-Law reacted and gritted her teeth at Yue Feng, “What are you?” Do you dare to meddle in my wife’s affairs?

When she

said this, the red flower mother-in-law could almost spew fire in her eyes. Just now, he was almost able to kill Gu Qianqiu and avenge his apprentice, but at the critical moment, Gu Qianqiu was actually rescued by this boy.

And at this time, this boy still dares to come back and provoke...
