Chapter 6666 –

Ma De!

For a while, the more Shao Lingfeng thought about it, the more unbalanced his heart became.

This Yue Feng He De He Neng, who can be so respected by the Dayan royal family, is just a charlatan...

Thinking to himself, Shao Linfeng ordered the disciple: "Pay close attention to the situation in the palace, and once you find Yue Feng's appearance, find an opportunity to seize him!" In case of resistance, shoot and kill.

"Yes!"

Hearing the order, the disciple answered, then turned around and left quickly.

As soon as the front foot left, a fair figure appeared in the yard, Shao Lingfeng instinctively became alert, and when he saw the appearance of the other party, he was immediately overjoyed, and quickly stood up and said: "Feixue, it's you." I

saw that the curves of the corner were charming, the facial features were exquisite and beautiful, and there was a coldness that did not eat the fireworks of the world.

Exactly flying snow.

Like Shao Lingfeng, after resting in the main altar before, Feixue also rushed to Qingyun City for the first time, you know, there are many people in Qingyun City, and now that the big war is imminent, Feixue must cooperate with Qingyun City to divide the altar, deal with unknown troubles, and protect the people...

Well!

In the face of Shao Lingfeng's smiling face, Feixue's delicate face was full of indifference.

Speaking of which, Feixue has always had a good impression of Shao Lingfeng, but the last time he encountered in the mountain village, Feixue instantly had no good feelings for him, and if it were not for the task, he would not want to see him.

"You just came!"

Feixue's indifference, Shao Lingfeng did not pay attention to it at all, and greeted him attentively: "Come, come in and sit quickly." Feixue

nodded and slowly approached the main hall.

"Shao Lingfeng!"

After sitting down, Feixue looked at Shao Lingfeng in a complicated way: "I heard you just now, how is Yue Feng, do you want to take revenge on him?" When he first entered the courtyard, Feixue happened to hear him talk about Yue Feng, but what exactly happened was not clear for the time being.

However, Feixue has already understood Shao Lingfeng's disposition, this person is narrow-minded, and he will repay him, and on that day in the mountain village, he was teased by Yue Feng, and he must hold a grudge and find a way to retaliate.

Call!

In the face of the inquiry, Shao Lingfeng took a deep breath and quickly waved his hand: "Feixue, how can you think of me so much?" Yue Feng and I have no grievances, what do I do to take revenge on him? You must have misheard you just now.

When

he said this, Shao Lingfeng's face was full of smiles, but he cursed secretly in his heart.

This woman who eats inside and outside doesn't know what is good about that Yue Feng, and it is worth you to maintain him everywhere, until now, she still helps him speak.

Hearing this explanation, Feixue didn't bother to ask, and when she looked around, Xiumei frowned lightly: "What about the Lord of the Deer Altar?" "She just arrived in Qingyun City, and she doesn't know the situation yet.

Alas!

Shao Lingfeng's eyes flickered, and then he sighed with fake sorrow: "The Lord of the Deer Altar was assassinated. "

What?

Hearing this, Feixue's body trembled, and her delicate face was full of incredulity.

You know, the strength of the deer altar master is not low, and there are many elite disciples under his hands, who were actually assassinated...

Thinking about it, Feixue couldn't help but say, "Who did it?" Did the murderer catch it? "Speaking of which, Feixue and Lu Qingxuan have no friendship, but after all, they are

both working away from the Heavenly Dao, so they can't help but want to ask about the situation.

More importantly, now the situation in Qingyun City is very grim, and Lu Qingxuan is dead at this juncture, and people have to pay attention.

"The murderer is mysterious."

Shao Lingfeng responded, "But... I have already sent people around to investigate, and I believe that it will be clear soon. "Feixue protects Yue Feng everywhere, so naturally she can't let her know the situation.

In fact, Shao Lingfeng also knows that paper can't contain the fire after all, and Feixue will know sooner or later, but he can hide it now, and when he catches Yue Feng and makes the matter public, even Feixue will not be able to protect him at that time.

After all, assassinating the Heavenly Dao Altar Master was not a trivial matter.

Feixue didn't know Shao Lingfeng's thoughts, nodded at that time, and said solemnly: "This matter is extraordinary, we must find out the murderer as soon as possible."

"Of course!"

Shao Lingfeng nodded repeatedly, and fawned with a smile: "But don't interfere in this matter, let's talk about the current situation in Qingyun City..."

Feixue responded, and then the two began to discuss.

6667 During the

discussion, Shao Lingfeng deliberately avoided the topic of Yue Feng, and as for Yue Feng's residence in the palace, he did not mention it.

When Flying Snow first arrived, it was naturally kept in the dark.

.....

On the other side, Jiangbei Daying.

At this time, in the big tent, Ji Beiye was sitting there, just after reading the information sent by the secret agents of Qingyun City, his face was very complicated.

Hehe...

At this time, Ji Beiye threw the secret letter into the furnace next to him, and sneered: "This city lord is really a mediocrity, what do you say that you have already controlled Qingyun City, hehe, the result?" In the end, the military power was lost. Speaking

of this, Ji Beiye shook his head, his eyes full of disappointment: "It's really a mistake to cooperate with such a mediocre talent."

"Great General!"

When the words fell, the soldiers on the side couldn't help but say: "I think this person is not useless, ten years ago, he founded the Qingyun Water Army and became famous all over the world."

"Now I have lost my military power, but I am just a temporary disappointment."

Hearing him say this, Ji Kitano couldn't help but sneer, and said angrily: "Listen to you, you are very optimistic about him?" "

Uh....

The pro-soldier scratched his head and was about to respond, but at this moment, a soldier said outside the account: "Great General, there is a secret envoy from Qingyun City asking for a meeting." At

this moment, Ji Beiye couldn't help frowning, that city lord had already lost his military power, and at this time he sent a secret envoy, could it be that he wanted me to help him regain military power?

Thinking of this, Ji Beiye was inexplicably irritable and waved his hand: "Let him in."

"Yes, General!"

A few seconds later, a man in a black robe slowly approached the tent, and the real person was shrouded in a wide black robe, and his face was also covered, looking very mysterious.

Well?

Seeing the person's dress, Ji Beiye frowned: "You are sent by the city lord?"

The man smiled and removed the black cloth from his face, it was the city lord.

"Great General!"

In the next second, the city lord hugged Ji Beiye and said with a smile: "I want to see you late at night, don't be surprised." "Without military power, the city lord has no

backbone in his heart, and after learning the method of the chain boat from Zheng Chao's mouth, he personally crossed the river at night to show favor to Ji Beiye.

The city lord also knew in his heart that if he had no military power, he would have no right to speak in front of Ji Beiye, so he must find a way to remedy it.

It's him?

Seeing that it was the city lord who came personally, Ji Beiye was first stunned, and then smiled: "It turns out that the city lord is coming, and there is a long way to welcome it." Saying that, he also symbolically hugged his fist.

The city lord guessed well.

In Ji Bei's ambition, he lost his military power, just like a tiger that lost its minions, almost no use value, like a pawn that can be discarded at any time.

Hehe!

Feeling Ji Beiye's arrogance, although the city lord was a little unhappy in his heart, he did not dare to show it, and said sincerely and fearfully at that time: "The great general is serious.

Ji Kitano nodded, motioned for him to sit down, and then said slowly: "Just heard the news, the city lord's military power was taken away by that little emperor?" "

Uh...

Hearing this, the city lord couldn't help but be a little embarrassed, and immediately smiled bitterly: "Not bad, the little emperor said that I fought the day before yesterday, degraded the prestige of the Qingyun Water Army, and took away my soldier charm."

Ji Kitano couldn't help but chuckle: "In that case, what is the city lord's plan?" The

city lord took a deep breath and said slowly: "Naturally, it is to help the great general, attack Qingyun City, and achieve great achievements as soon as possible." "

Haha....

Hearing this, Ji Beiye couldn't help but laugh out loud, and looked at the city lord with a playful face: "You don't have a water army in your hands, how can you help me break through Qingyun City?" Could it be that you can persuade that little emperor to surrender? Haha..."

When the words fell, the surrounding generals couldn't help but burst into laughter.

At this moment, the city lord's face turned blue and white for a while, Rao was mentally prepared, but at this time, he was also embarrassed to face Ji Beiye's public ridicule.

However, he is a smart person, and now that he has lost his power, it is normal to be despised by Ji Kitano.

Call!

After a few seconds, the city lord calmed down and squeezed out a smile and said to Ji Beiye: "Although there is no water army, I have a plan to ensure that the general can successfully cross the river."

Hearing this, Ji Kitano smiled, did not pay attention to it at all, and immediately said: "Okay, then you can talk about it." "

Chapter 6668:

Phew!

At this moment, the city lord breathed a sigh of relief, walked quickly to the sand table in front of Ji Beiye, and chattered: "Most of the generals under the great general do not know water nature, if they follow the usual water warfare style, they must not be the opponents of the water army of Qingyun City.

"But if the warships are connected with iron cables, the soldiers will be able to walk on the ground, and at that time, the combat effectiveness will be fully exerted..."

When it came to the end, the city lord looked proud, looked at Ji Beiye and said: "General, how is this plan?" Phew

!

At this moment, Ji Beiye looked closely at the sand table, and the words of the city lord just now echoed in his mind, and the whole person was stunned there, shocked.

This strategy is simply amazing, why didn't I think of it?

At the same time, the generals present also looked at each other, and their hearts were extremely shaken.

It's wonderful to connect all the ships with iron cables.

"Wonderful, wonderful!"

Finally, Ji Beiye was the first to react, his eyes looked at the city lord tightly, and he couldn't hide his urgency: "Dare to ask this method, who came up with it."

At this time, Ji Bei Ye was very excited in his heart, with this method, let alone a Qingyun City, it can be invincible in any water battle.

Hehe...

The city lord smiled humbly: "Dissatisfied with the great general, this method I came up with." As he spoke, a look of pride appeared on his face.

He was extremely deep, knowing that at this time, in Ji Beiye's heart, his status had been greatly reduced, and if he told the truth, the other party would probably look down on it even more when he learned that it was Yue Feng's method.

In this case, the city lord simply said that he had come up with a way to make Ji Kitano pay attention to himself again.

Really!

Hearing this, Ji Beiye looked at the city lord's gaze suddenly changed, quickly stood up, and said with a smile: "Oh, the city lord is really resourceful, he was really snub just now, I hope the city lord is not to blame." Haha..."

When he said this, Ji Beiye's tone was polite, and the attitude just now was almost like the two of them.

At this time, Ji Beiye did not realize that he had been deceived, in fact, this method was proposed by Yue Feng, and he would not have thought that although the method of this iron chain ship was wonderful, it had a fatal drawback.

"Huh!"

Feeling the change in Ji Beiye's tone, the city lord smiled humbly: "The big general is polite, it's my honor to serve the big general, by the way, before I came, I had secretly ordered my subordinate generals, once the big general launched an attack, they would not resist, find an opportunity and scatter, when the time comes, Qingyun City will be within reach."

Speaking, the city lord's eyes flashed with excitement: "Moreover, I have also prepared a squad to pay close attention to the movements of the Little Emperor and the Shaoyang King, once Qingyun City is broken, they will definitely escape, when the time comes, I will intercept it halfway, be sure to capture it alive and sacrifice it in front of the great general."

When

he said this, the city lord's eyes were full of longing.

“Good, good!”

Ji Beiye was even more overjoyed, walked over quickly, patted the city lord on the shoulder and laughed: “With such a meticulous plan, that little emperor and Shaoyang King are afraid that it will be difficult to fly...”

Ha ha....

When the words fell, the two looked at each other and laughed.

“Quick!”

Then, Ji Kitano shouted at the soldiers present: “Prepare immediately, connect all the warships with iron cables, and attack tomorrow morning!”

“Yes, General!”

More than a dozen generals responded in unison, and then walked out quickly, preparing intensively. Ten minutes later, the silent camp suddenly became lively.

.....

At this moment, Qingyun City Palace.

Zheng Chao returned to the main hall and explained the situation of meeting the city lord in detail.

Ha ha...

At this moment, whether it was Yue Feng, Shaoyang Wang and Ying Kuang, they couldn't help but laugh, and their moods were extremely excited.

The city owner has been fooled, and the next plan is much smoother.

Excited, Yue Feng couldn't help but smile and approve: “Thanks to Zheng Weiwei, otherwise, it would be really not easy to deceive this old fox.”

Zheng Chao smiled humbly, hugged his fist and said, “Mr. Liao Zan, it is still Mr. Liao's strategy that is too good.” ”

Saying that, Zheng Chao said with a smile: “At that time, when the traitor heard the

chain ship, his eyes were straight, and he sighed that Mr. was a godman, and said that he wanted to use Mr. to attack Qizhou City, hehe, it was really a fool's dream.

"He doesn't know yet, it's all under Mr. control."

When the last sentence fell, Zheng Chao couldn't help but laugh.

Ha ha...

Shaoyang Wang and Yingkuang also burst out laughing.

"Your Majesty!"

Just as he was talking and laughing, he saw a guard walking in quickly, his face full of excitement: "Your Majesty, Wang Ye, just now we found out that Ji Beiye's army is connecting the warships with iron cables at this time. Great

!

Hearing this, Yue Feng slapped his thigh: "It seems that the city lord has already sent news to Ji Beiye, haha, let's wait for a good show tomorrow."

Ying Kuang smiled and nodded, "Sir really expected things to be like a god, this time will definitely defeat Ji Kitano completely."

Speaking, Ying Kuang's face turned gloomy, and he clenched his fists and said, "There is also the traitor of the city lord, such a thief, none of them can run away."

"Your Majesty rest assured!"

Yue Feng nodded: "I will definitely help you capture Ji Beiye alive this time." "

.....

On the other side, the altar is divided from the Heavenly Dao.

The Jiangbei camp is busy, and it is not idle from the side of the Heavenly Dao Branch Altar, and has been inquiring about news everywhere.

At this time, Shao Lingfeng was sitting in the main hall, listening to several disciples in front of him report various situations.

"Senior brother, Ji Kitano's army is connecting warships with chains, and it looks like it will attack the city tomorrow."

“We also found out that the city lord secretly visited Ji Kitano, and it seems that the two sides have already secretly joined forces...”

Hearing these situations, Shao Lingfeng was very excited.

Ha ha...

Ji Beiye is very clever, he actually knows that the connecting warship, it seems that tomorrow will be able to attack Qingyun City, when Yue Feng and the little emperor flee, he will have a chance to ambush.

At this time, Shao Lingfeng had forgotten that the purpose of his coming to Qingyun City was to help the defenders resist Ji Beiye.

Just as I was excited, I saw Feixue hurriedly walk in.

“Flying snow is coming!”

Shao Lingfeng hurriedly got up and greeted, and at the same time said to several disciples in front of him: “Okay, you guys retreat first.”

“Yes, Senior Brother Shao!”

Several disciples answered and walked out quickly.

As soon as the front foot left, Feixue took the lead in speaking: “Shao Lingfeng, I want to go out, and you can deal with the matter of dividing the altar alone.”

“Where are you going?” Shao Lingfeng frowned.

Call!

Feixue breathed a sigh of relief and said slowly: “I just got news that Ji Beiye’s army is connecting warships with iron cables, and will start attacking Qingyun City tomorrow morning, when the time comes, the Qingyun Water Army is afraid that it will be difficult to resist.”

“The Little Emperor and the Shaoyang King are weak, and once the city is broken tomorrow, I am afraid that they will be in danger, so I plan to sneak into the palace now and secretly protect them.”

Feixue has been joining the Heavenly Dao for so many years and has always implemented the purpose of ‘saving the lives’.

What the?

Hearing this, Shao Lingfeng's face changed drastically, and he hurriedly said: "No, you are too dangerous like this, the palace is heavily guarded, in case it is discovered, it will be troublesome." More

importantly, Yue Feng is also in the palace, and he must not let Feixue see it.

Seeing that he stopped it, Feixue Xiu's eyebrows locked, and he said coldly: "Shao Lingfeng, don't forget our mission to Qingyun City this time, the purpose is to help the defenders resist Ji Beiye, in case the city is broken, we must also protect the little emperor and the people."

With that, Feixue turned around and was about to leave.

"Flying snow!"

Seeing this situation, Shao Lingfeng was anxious and quickly shouted, but Feixue ignored him at all.

At this time, Shao Lingfeng was completely anxious, and at that time, he did not stop at that time, rushed up quickly, raised his hand and slapped the back of Feixue's neck.

"You..."

Hearing the movement behind him, Feixue realized that something was wrong, but it was too late to dodge at that time, and he was directly hit, and suddenly his eyes were dark, and he fainted directly.

Call!

At this moment, Shao Lingfeng looked at the comatose Feixue, took a deep breath, and said to himself: "Feixue, don't blame me, speaking of which, I am not as good as Yue Feng, but you favor him in every way, but you love and ignore me, and I can't do this." "

The ultimate husband in Chinese chapter 6670

Chapter 6670 When

the words fell, Shao Linfeng bent down to pick up Feixue and slowly approached the back room.

.....

The night passed in a blink of an eye.

In the early morning, when the first rays of morning light shine on the river, the mist slowly dissipates.

At this time, the Qingyun City Water Army camp, the soldiers who had been on duty all night, were sleepy.

Knock knock....

At this moment, a deafening sound of war drums came from the other side of the river, and in an instant, many sailors and soldiers were awakened.

“Oops!”

In the next second, someone saw something and shouted in panic: “It’s the enemy who has attacked, it’s Ji Kitano’s rebels, ready to meet the enemy, ready to meet the enemy...”

Hearing the shouts, many soldiers quickly walked out and looked across the river, all of them were shocked.

I saw that more than a dozen behemoths were slowly marching towards this side.

These behemoths are all serial ships connected by dozens of warships, forming a super serial warship, and the battleships are densely packed with soldiers, long knives and imposing momentum.

For a time, the sailors and soldiers present were all stunned.

Although they were good at water fighting, it was the first time they had seen such a scene, and the other party had connected all the warships and stood on them as if they were walking on the ground, and they were not afraid of being scattered at all.

How else to fight this?

Crash!

At this moment, more than a dozen water army generals also walked out, and when they saw the situation in front of them, they exchanged glances with each other, all of them calm.

The soldiers below don’t know the situation, but they have already received instructions from the city lord last night, today’s battle, there is no need to fight at all, just find an opportunity to escape.

“Quick!”

In the next second, a general shouted at the soldiers beside him: “Go and call the commander-in-chief.”

“Yes!”

.....

At this moment, inside the palace.

Yue Feng Meimei slept, just woke up, and was washing up, when a soldier came to inform that Ji Kitano had begun to attack.

Oh, it's finally started.

For a while, Yue Feng was not in a hurry, and after getting dressed, he met with King Shaoyang and Ying Kuang in the main hall, and then rushed to the North City Gate together.

Call!

Arriving at the city gate, Yue Feng saw the scene in front of him, immediately exhaled, and said with a smile: “This Ji Kitano can, in one night, so many warships are connected with chains. I

saw that several super serial ships of Ji Beiye had already fought fiercely with the Qingyun City water army at this time, and the fight was not lively.

“Soldiers!”

Seeing this scene, Yue Feng Shen Dantian shouted at Qingyun Water Army: “Don't panic, everyone, just meet the enemy according to the way you used to train.” Hearing

these words, the Qingyun City Water Army fought back vigorously.

On the contrary, Ji Kitano's super serial ship is too big, stable as a rock on the river, and it is almost impossible to find weak points, and many sailors try to board the ship, but they are repelled.

“No more!”

In less than half a simmering time, one of the generals, seeing that it was almost over, shouted: “The enemy's offensive is too fierce to stop, everyone retreat.” When

the words fell, the other generals also shouted: “Withdraw, withdraw...”

Crash...

In an instant, the sailors and soldiers present drove their warships one after another, fled to both sides, and collapsed.

Mader!

Seeing that the water army fled without a fight, King Shaoyang couldn't help but curse: "It must be the city lord, the traitor, who explained to them last night, these people abandoned Qingyun City for their own interests, and when they are caught, they must be severely punished."

Yue Feng smiled slightly: "Wang Ye is a little restless, these water troops escaped, it is indeed infuriating, but indirectly they also help us, without their cooperation, how can Ji Beiye take it lightly?" "

Haha...

At this time, on the surface of the river, Ji Beiye saw the water army disperse and flee, and couldn't help but look up to the sky and laugh: "Storming Qingyun City, just recently, soldiers, kill." "Kill

!"

For a time, hundreds of thousands of troops shouted in unison, drove the serial boats, and slowly approached the south bank.

At this time, Ji Beiye stood on the deck, looking at Yue Feng and Shaoyang King on the city gate tower, his pupils suddenly contracted, and then he shouted proudly at Yue Feng: "Yue Feng, didn't you expect that your strategy has been known to me and used to attack Qingyun City so quickly."

"After all, Qingyun City was broken, and it also has your share of credit, haha..."
