Chapter 6671

“Yue Feng, you are also a man of insight, now that the general trend of Qingyun City has gone, quickly take the little emperor down and surrender.”

“Serve me in the future, keep you prosperous and rich, haha....”

While shouting, Ji Beiye’s gaze was full of banter when he looked at Yue Feng.

Speaking of which, Ji Bei Ye is not stupid in his heart, last night the city lord said that the method was he came up with himself, but Ji Bei Ye later thought carefully and felt that the city owner told a lie.

With such an excellent method, besides Yue Feng, who else could think of it?

Right now, the water army under Yue Feng collapsed and fled, with no power to fight back at all, and in the near future, Qingyun City will be broken. And Yue Feng is a rare wizard, it’s a pity to kill, it’s better to take it for your own use.

At this time, Ji Beiye was already carried away by the short victory in front of him, bent on subduing Yue Feng, completely forgetting Haotian God King’s explanation.

At this moment, Ji Beiye’s voice fell, and the soldiers on the chain ship also shouted one after another.

“Hurry up and surrender Kaesong.”

“The one who knows the time is Junjie, don’t resist stubbornly.”

The shouts shocked the clouds, and the people in Qingyun City heard it clearly, and they all panicked inexplicably, before Ji Beiye’s army attacked Qizhou City, they plundered everywhere and did evil, and now if they break through Qingyun City, they don’t know how to harm the people.

And in the woods not far from the west side of the city gate, the city lord and several guards were standing here, observing the situation on the river.

Ha ha.....

Seeing the water army scattering and fleeing, the city lord came out with a smile, Yue Feng, Yue Feng, without these water troops, I see how you can still defend Qingyun City.

Thinking about it, the city lord ordered the guards beside him: "You quickly gather people and ambush outside the south gate, when the time comes, Yue Feng and the little emperor will flee and take them down immediately..."

"Obey the order!"

Hearing the order, several guards hurriedly answered, and then hurried to deploy.

At this moment, the city gate is upstairs.

Hehe!

Yue Feng stood there, listening to Ji Beiye's constant provocations and mockery, he didn't panic at all, but smiled lightly: "This Ji Beiye is very interesting, he even wants to recruit me." When

the words fell, King Shaoyang couldn't help but be angry, took a step forward, and shouted at Ji Beiye: "Ji Beiye, you rebel thief, everyone below will be damned, Mr. High Wind and Bright Festival, how can you be with a villain like you?" Phew

!

At this time, Shaoyang Wang's eyes were blood-red, if it were not for the fear of disrupting the plan, the truth immediately rushed up and killed Ji Beiye with his own hands.

"Haha..."

Hearing Shaoyang King's roar, Ji Beiye was not angry at all, but laughed and mocked: "Shaoyang King, you don't shout here, but you are just a defeated general, can you have a part to speak?"

After

saying this, Ji Beiye's eyes turned to Ying Kuang, and the smile on his face gradually grew: "Little emperor, don't come harmless, last time in Qizhou City let you run away, today you are afraid that you will not have this opportunity."

"Speaking of which, I also bear the grace of the first emperor, if he kills his heirs, it is also a little unbearable, you have also seen the current situation, Qingyun City City is about to be broken, except for Yue Feng, there is no one around you, there is no point in continuing to resist with me, it is better to announce now, give the throne to me, I can make you a prince, Xiaoyao and happy life, how?"

These words have been held in Ji Bei's ambition, and today he finally had the opportunity to say them in front of Ying Kuang.

Swish!

Hearing this, King Shaoyang was immediately furious, and cursed at that time: “Shameless thief, you will be punished by heaven.” “Ma De, this Ji Kitano is really shameless, he has said that he has been favored by the first emperor, and now he wants His Majesty to give up the throne to him.

Simply brazen.

At the same time, Ying Kuang’s anger rose, and he said coldly: “It’s such a disloyal and unrighteous person like you, and you still want to be the emperor, but it’s just a fool’s dream.” Alas

!

Hearing the answer, Ji Kitano shook his head and sighed: “Well, the opportunity has been given to you, since you don’t grasp it, then it’s no wonder to me.”

Speaking, Ji Beiye looked at Yue Feng: “Yue Feng, can you think about it?” “

Phew!

At this moment, whether it was Ji Beiye’s army on the river or the defenders near the city gate tower, their eyes all converged on Yue Feng.

Chapter 6672 Under
the eyes of

everyone, Yue Feng showed a smile and shouted at Ji Beiye, “Ji Beiye, if you want to subdue me, it depends on whether you have this ability.”

As he

spoke, Yue Feng looked at several guards behind King Shaoyang, and whispered, “Everyone, it’s up to you next.”

I saw that these guards had changed into the Yulin clothes they usually wore, and they were all dressed as water soldiers at this time.

“Sir rest assured!”

At this moment, several guards bowed to Yue Feng and said in unison: “I will wait to complete the task.”

After

saying this, several guards quickly walked down the city gate tower, and with the help of the cover of the grove, they quickly rushed towards the river below, and in the hidden place of the river, they had already prepared the small boat to raid.

Small boat, filled with fire oil.

Sou!

Seeing these guards in place, Yue Feng no longer hesitated, and his figure soared into the sky and came straight to the big ship where Ji Beiye was.

Seeing this situation, Ying Kuang suddenly became a little worried, and couldn't help but say: "Mr. rushing over alone, won't it be too risky." Although he believed in Yue Feng's strength, the other party had hundreds of thousands of troops after all.

At this moment, King Shaoyang also looked solemn, but still smiled and comforted: "Your Majesty rest assured, as long as Mr. is out of the horse, he will be able to succeed." "

Phew!

At the same time, the eyes of the enemies and us present also converged on Yue Feng. Everyone was shocked.

This Yue Feng... To deal with hundreds of thousands of troops alone?

Crazy.

Especially Ji Beiye, looking at Yue Feng who was getting closer and closer at this time, he also frowned, and couldn't help but muttered secretly in his heart, this Yue Feng is really bold enough, he actually came alone.

This person is resourceful and will not easily get into danger, what is he going to do?

"Ji Kitano!"

At this time, Yue Feng hovered above the big ship and looked at Ji Beiye condescendingly: "Who wins and who loses today, you don't count, you are guilty of the crime, treachery, God will not help you, suffer death." " Whoosh

!

When the last word fell, Yue Feng pulled out his long sword, burst out with a shock, and swooped down, heading straight for Ji Beiye.

Yes, what Yue Feng used was the Tiangang Sword Technique.

Blah blah...

I saw the sword shadow passing, the air suddenly tore apart, and the terrifying sword energy stirred up monstrous waves on the surface of the river, and under the lapping of

the huge waves, even if Ji Beiye stood at the foot of a huge warship, it shook violently at this time.

Knock knock!

Feeling the powerful sword energy that Yue Feng burst out, Ji Bei was shocked, and couldn't help but secretly swallow his spit.

This Yue Feng is really crazy, he actually came directly and wanted my life.

But I have to say that this person's strength is really extremely strong, especially the sword energy that broke out at this time, it has such power, not to mention the hundreds of thousands of soldiers present, I am afraid that in the entire rivers and lakes, there are very few people who can block this sword.

Call!

Shaoyang King and Ying Kuang, who were standing on the city gate tower, were both excited when they saw this scene.

"Such a strong sword technique." Ying Kuang's eyes widened, staring closely at Yue Feng's figure, and couldn't help but sigh: "This sword method, swallowing mountains and rivers, turning things around, if there is a chance, you must teach me this sword method by Mr. Mister."

Shaoyang Wang also nodded excitedly: "Wen Wu Shuangquan, what a wizard!" At

this time on the river!

"Quick..."

Finally, Ji Kitano reacted, seeing that Yue Feng was getting closer and closer, he didn't have time to think much at that time, so he quickly hid behind the sails and shouted: "Quick, take him." "

Whoosh...

When the words fell, dozens of guards behind him burst out one after another, pulled out their portable weapons, and rushed towards Yue Feng. As a result, before he rushed to Yue Feng, he was swept by the sword one by one, let out a miserable howl, and finally fell into the river.

What the?

Seeing this situation, whether it was Ji Beiye or the other soldiers standing on the surrounding boats, they were all taken aback, and their eyes looked at Yue Feng, full of incredulity.

Just one move, kill so many guards? You know, these guards are responsible for Ji Beiye's safety, and their strength is not low, almost all of them are sixth-rank and seventh-rank, but now, they can't even block Yue Feng's sword?

The ultimate husband in Chinese chapter 6673

Chapter 6673:

Phew!

Under the shock, the hundreds of thousands of soldiers standing on the ship couldn't help but take a deep breath of cold air, looking at Yue Feng and couldn't hide their jealousy.

"Mr. Mighty!"

"This sword is really powerful..."

On the upper floor of the city gate, King Shaoyang, Ying Kuang, and the soldiers on both sides burst into cheers.

It's just that they are too far away, and they didn't notice at this time, after Yue Feng cast this sword, the speed slowed down a little, you know, Yue Feng's strength has not fully recovered, and the Tiangang Sword Technique is also very draining of strength.

Sou!

At this moment, amid the cheers of everyone in Shaoyang King, Yue Feng took a deep breath, turned back into the air again, coldly looked down at Ji Beiye on the deck, and said coldly: "Ji Beiye, since you are still the commander of hundreds of thousands of troops, what else will you do besides sacrificing the lives of your subordinates?" "Mad

!

Hearing Yue Feng's mockery, Ji Beiye's face instantly turned blue, extremely ugly, but he didn't know how to refute it.

Being ridiculed in front of so many subordinates, it is difficult to calm down anyone.

However, Ji Beiye also knew that Yue Feng's strength was strong, and he fought fiercely with Haotian in Qizhou City half a month ago, and the scene at that time is still vividly remembered.

Moreover, Ji Beiye holds the status of a great general, so naturally he will not fight alone with Yue Feng.

It's just that he is so ridiculed by the other party at the moment, if he endures it, how can he lead the army?

Thinking of this, Ji Beiye's eyes turned blood-red, and he pointed at Yue Feng and shouted: "Release the arrow, release the arrow, kill him for me!" Whoosh

!

Hearing the order, the archers on the entire battleship quickly gathered near Ji Beiye, longbows and arrows, and aimed at Yue Feng in unison.

Whoosh.....

In the next second, thousands of feather arrows, like one after another, shot towards Yue Feng.

At this moment, Ji Kitano showed a sinister smile.

No matter how high your strength is, in the face of the rain of arrows, there is nowhere to hide.

Seeing this situation, Shaoyang King and Ying Kuang on the city gate tower also took a deep breath and couldn't help but pinch a cold sweat for Yue Feng.

Hehe!

Seeing countless feathered arrows bursting out, Yue Feng smiled indifferently, did not panic at all, and raised his hand to deploy a protective film in front of him.

In an instant, the feather arrows hit the protective film and bounced off one after another.

This...

Seeing this situation, both Ji Kitano and the surrounding archers were shocked.

The rain of arrows in the sky could not cause him harm, and the strength of this Yue Feng was completely beyond imagination.

"Quick!" Soon, Ji Kitano slowed down and shouted again: "Release the arrows again, release the arrows..." At this time, Ji Beiye's face was already a little hideous.

Even if this protective film defense is strong, it can't block the second wave of feather arrows.

Call!

Hearing the order, the surrounding archers took a deep breath and pulled the bowstring again.

However, Yue Feng did not give them the opportunity to break out the second round of feather arrows at all, and sneered at Ji Kitano at that time: "Ji Beiye, the game is over." "Whoosh

!

When the last sentence fell, Yue Feng slowly raised his right hand, and suddenly, a purple-red flame jumped out.

It is the Red Lotus Karmic Fire!

Yes, the reason why Yue Feng rushed over alone was to burn Ji Beiye's command warship, and the sword just now was just a tactical attrition.

At this time, almost all the soldiers on this station ship gathered around Ji Kitano, which was a good opportunity for a fatal blow.

In an instant, when the Red Lotus Industry Fire condensed, the air on the entire river instantly became extremely hot.

This... What kind of flame is this?

At this moment, feeling the scorching heat coming from the fire of the Red Lotus Industry, whether it was Ji Beiye or the surrounding army, they were inexplicably panicked, and there was a bad premonition in their hearts.

At this time, Yue Feng raised his hand and waved, and the red lotus industry fire flew out, only towards Ji Beiye.

Worst!

At this moment, Ji Kitano didn't have time to think much, turned around and rushed towards the stern of the boat, although he didn't know what kind of flame it was, but his instinct told him that as long as he was burned, he would be doomed.

Rumble!

The surrounding soldiers were also terrified, but before they could disperse, the Red Lotus Industry Fire exploded in the crowd, and a roar was heard, and the entire deck was directly enveloped by a sea of purple-red fire.

6674 The soldiers

who were shrouded in a sea of fire didn't have time to scream, so they were directly incinerated and turned into a piece of flying ash.

Hiss!

Seeing this scene, whether it was Ji Kitano or the soldiers around, they couldn't help but gasp.

This... This flame is also terrible.

This... How so?

At the same time, the city lord who was hiding in the woods to watch the situation was also trembling at this time, and his mind was blank, he never expected that at the critical moment, Yue Feng would use fire attacks.

What made him even more unexpected was that the purple-red flame cast by Yue Feng would be so terrifying.

At this time on the river!

"Quick!"

Soon, Ji Kitano reacted, almost roaring, and shouted at the surrounding soldiers: "Quickly use the river water to extinguish the fire." At this time, Ji Bei was still a bit of luck in his heart.

Although Yue Feng's purple-red flame is very powerful, this is after all on the river, and he can take the river water to extinguish the fire at any time.

However... Hime Kitano was wrong.

Crash!

Hearing the order, the surrounding soldiers slowed down one after another, and they all picked up the river and splashed towards the sea of fire, but what shocked them was that the river water splashed up, and those purple-red flames did not extinguish, but burned more and more.

How so?

For a while, Ji Kitano's eyes widened, his brain buzzed, and he was completely dumbfounded.

At this time, Ji Beiye didn't know that what Yue Feng cast was not an ordinary flame, but a red lotus karmic fire that only appeared once in thousands of years in the Divine Domain, which was even more terrifying than a different fire.

Hooohoo....

In the blink of an eye, the fire grew stronger and stronger, gradually filling the entire serial warship.

"Ah..."

Many soldiers were contaminated by the flames, let out a miserable howl, and in the blink of an eye they were burned into ashes, and the remaining soldiers, some of them were so frightened that their legs were weak, and some jumped into the river resolutely.

Mader!

Faced with this situation, Ji Beiye was also panicked, followed the people around him, and quickly jumped into the river.

This....

Although the other serial ships were not affected by the flames, when they saw the scene in front of them, those soldiers couldn't help but gasp.

This flame is also terrible.

In panic, someone thought of Ji Beiye and couldn't help but shout: "Quick, quickly save the general." "

Phew!

Hearing the shout, all the soldiers slowed down, their eyes searched the river, and soon, they saw Ji Kitano floating on the water not far away, and suddenly several soldiers drove a small boat and fished Ji Kitano up.

Poof!

On the boat, Ji Kitano suddenly sat paralyzed in the cabin, his face pale, like a drowning dog very embarrassed.

In the next second, Ji Kitano couldn't help but look sideways, and saw that the huge serial warship was completely enveloped by fire at this time, and the wreckage finally sank to the bottom of the river.

Wow!

Seeing this scene, Shaoyang King and Ying Kuang, who were standing on the city gate tower, as well as the soldiers on both sides, couldn't help but erupt into cheers.

On Ji Beiye's side, all the soldiers have not yet recovered from the shock.

Mader!

Faced with this situation, Ji Kitano was furious, raised his eyes to look at Yue Feng in mid-air, and said in a cold voice: "Yue Feng, if you don't cut off your head to make a wine jug, I Ji Kitano swear not to be a man." On

this serial warship, nearly tens of thousands of soldiers were all burned by Yue Feng's fire.

At this time, Yue Feng, who had just cast the Red Lotus Karmic Fire, was very weak, but feeling Ji Beiye's anger, he was not panicked at all, and said with a smile: "Okay, I'll wait and see."

Speaking, Yue Feng turned around: "However, I'm afraid you won't have a chance in the future!" The last word fell, and Yue Feng's gaze fell on the other serial warships, raising his hand again.

Knock knock!

Seeing Yue Feng's movements, whether it was Ji Beiye or the soldiers on other serial warships, they were all shocked.

In fact, because Yue Feng's strength had not fully recovered, after casting the Red Lotus Karmic Fire just now, he was now unable to perform a second time, and deliberately made this action at this time just to attract their attention.

Whoosh....

At this moment, several guards hidden in the water grass on the south bank of the river, at this time, one of them drove a small boat, taking advantage of the fact that Ji Kitano and the army were not paying attention, and came quickly from the other direction.

Boom hula:

After approaching the serial warship, several guards threw the prepared fire oil into it, and then lit torches.

The ultimate husband in Chinese chapter 6675

Chapter 6675 –

Hooohoo...

Several guards moved quickly, almost in the blink of an eye, and the remaining several serial warships quickly ignited a fire, these warships were all wooden, plus the wind was blowing at this time, so they burned quickly.

“Fire, on fire.”

Faced with this situation, many soldiers shouted in panic, and then many people jumped into the river.

In the hearts of these soldiers, they thought that the fire was set off by Yue Feng again.

Because when the first serial warship burned down just now, many soldiers tried to extinguish the fire with river water, but the result was to no avail, so at this time, they all thought that the fire ignited by these ships could not be extinguished.

Under these circumstances, the soldiers naturally abandoned the ship and jumped into the water.

This...

Seeing the remaining serial warships burning fire again, Ji Beiye's face instantly turned pale, and his mind was also buzzing, and it was blank.

How so?

Hundreds of thousands of troops, just in this fire, collapsed.....

“Great General!”

Just when Ji Kitano was in a trance, a general quickly swam over and shouted: “The fire is coming, let's go!”

With that, the general jumped on the boat, waved his oars and rowed quickly towards the north bank of the river. At the same time, he did not forget to shout at the diving soldiers: “Swim to the north shore, hurry...”

Hearing this, the soldiers who jumped into the river all tried desperately to swim, however, most of the soldiers were not familiar with the water nature, and before they could swim far, they sank.

“Help... Grunt... Save me ..”

“I: I can't swim...”

“Help, help....”

For a time, on both sides of the burning warship, there was a wail in the water.

Ji Kitano's mind has always been confused, knowing that he was taken to the north bank by his generals, so he gradually slowed down, and when he looked sideways, he saw that in addition to the burned wreckage of the big ship, there were also many drowned soldiers on the river, floating with the waves...

Less than 50,000 people successfully swam to the north shore.

“Poof!”

Nearly 500,000 troops, before crossing the south bank of the river, lost more than 400,000, which can be described as heavy losses, and for a time, Ji Beiye was furious, and a mouthful of blood spurted out on the spot.

After spraying blood, Ji Kitano's eyes turned black for a while, and he almost fainted.

“Great General!”

Several generals around exclaimed one after another and helped Ji Beiye well.

Wow!

Seeing this, on the gate tower on the south bank, the soldiers guarding the city cheered.

Finished.....

At this moment, the last hope in the heart of the city lord in the woods not far away was also burned away by this fire, and he sat paralyzed on the ground at this time, his brain buzzing.

Ji Beiye's army of hundreds of thousands was actually defeated by Yue Feng like this.....

If you don't see it with your own eyes, who can believe it?

“Adults!”

Just when the city lord lost his soul, several guards sent away turned back and reported the situation one after another: “Outside the south gate, we have already laid an ambush, let...”

Without waiting for them to finish speaking, the city lord scolded angrily: “Ambush a fart, can’t you see the situation on the river?” Hearing

the scolding of the city lord, several guards were dumbfounded, and the next second, when they turned their heads to see the situation on the river, their eyes widened and they were completely dumbfounded.

I saw that Ji Kitano’s serial warships were all burned to ashes by the fire, and there were floating corpses everywhere on the water.... It’s miserable.

This... How so?

“What are you still stunned about? Go get ready, let’s go. At this time, the city lord calmed down and quickly urged: “Otherwise, it will be too late.” The

secret alliance between himself and Ji Kitano will be exposed sooner or later, so you must quickly slip away.

“Yes, sir!”

Hearing the order, several guards quickly nodded, and then escorted the city lord away.

At this moment, Yue Feng’s side.

Hearing the cheers, Yue Feng also showed a smile, turned around and flew back upstairs.

“Haha!”

As soon as he landed, King Shaoyang quickly greeted him, his face full of admiration: “Mr. Burning a serial ship is simply a magical skill, I believe that today’s battle will definitely be remembered in the annals of history, haha...”

At the same time, Ying Kuang was also extremely excited, and arched his hand at Yue Feng: “Thank you Mr. for saving the people of the city.” ”
