Chapter 6791

“You really think I’m useless, then you’re too naive, haha...”

Shao Lingfeng was full of pride when he said this.

Swish!

Hearing this, Feixue’s delicate body trembled, her eyes filled with disbelief. Sure enough, Xiao Jue had some skills, and he was able to make Shao Lingfeng practice again.

At the same time, Feixue also had some regrets.

I was really too careless, if I had been more cautious just now and sealed his acupoints in advance, the situation would not have turned into this.

“Hey...”

Just as Feixue was thinking about this secretly, Shao Lingfeng continued to laugh and tease: “How is it, Feixue, it’s still too late for you to agree to join us.

” Flying snow.

It’s really sexy and charming. This time, take this opportunity to enjoy her tenderness...

“Go away!” As soon as the words

fell, Feixue scolded with disgust, “I said it just now, Even if I die, I won’t join forces with you.” In just a few words, they are resolute and decisive, and the expression on their faces is incomparably appraised.

“Okay, okay...” Shao Lingfeng guessed that she would refuse, so he was not angry at this time, and said with an evil smile: “Feixue, since you don’t know how to flatter

, then don’t worry about my being ruthless.”

Started, and said to a few disciples: “Tie it up, take it back to the sub-altar and lock it up, and wait until the suzerain comes back to deal with it...”

When he said this, Shao Lingfeng looked indifferent, but there was a hint of anger in his eyes. Very cunning.

At this time, Xiao Jue was on his way to the main altar, and it was impossible for him to return to the sub-altar of Qingyun City in a short period of time. Shao Lingfeng said this just for a casual reason.

“Yes, Senior Brother Shao!”

After hearing the order, several disciples responded in unison, then took out ropes and tied Feixue Wuhua.

Feixue’s acupuncture point was tapped, and she was powerless to resist, so she could only watch them tie themselves up.

After being tied up, several disciples took Feixue and returned to Shao Lingfeng the same way, heading towards Qingyun City.

It’s over...

At this moment, Feixue’s delicate face is full of anxiety and despair in her heart.

This Shao Lingfeng is extremely insidious, falling into his hands, the consequences are unpredictable.

.....

On the other side, the continent of Kyushu.

Shengzong Mountain Gate, in the cave in the forbidden area of the back mountain, Lu Dongbin was sitting cross-legged on a piece of stone jade as smooth as a mirror, closing his eyes and resting.

“Master!”

At this moment, a call came from outside the cave, followed by a slender figure and a young figure walking in one after the other.

The woman has a delicate face, a graceful figure, and a peerless youth. She is like a fairy descending from the earth. The child behind is about two years old.

It was Nalan Xinran and Zhu Xiansheng.

Yes, Zhu Xiansheng is the son of Zhu Bajie and Gonggong. Because of his violent temperament and unprovoked madness, he was sent to the Holy Sect by Zhu Bajie a few months ago and worshipped Lu Dongbin as his teacher.

And Nalan Xinran paid homage to Lu Dongbin’s disciples by coincidence. Later, after Nalan Xinran met Zhu Xiansheng at the mountain gate, they felt an inexplicable

intimacy with each other. After that, Zhu Xiansheng followed Nalan Xinran all the time, almost inseparable.

Speaking of which, before Zhu Bajie sent the child to Shengzong, he had already chosen the name, but the child didn't like it at all, so he insisted on changing it to Zhu Xiansheng.

Zhu Bajie and Gong Gong couldn't hold back him, so they had to let him change.  
call!

At this time, Lu Dongbin saw the two of them barging in, and slowly opened his eyes. He was not displeased at the time, but smiled slightly and said to Nalan with pleasure, "Xinran, what's the matter?"

After a few months He knew that Nalan was willing to act in a reasonable manner. Under normal circumstances, he would not easily break into the cave of his cultivation. If he suddenly came in at this time, there must be something important.

Facing the inquiry, Nalan Xinran gave a bow and responded: "Master, there is nothing special, that is... The saint has just practiced the third level of 'Chongxu Gong'."

When saying this, Nalan subconsciously looked at Zhu Xiansheng behind him, his delicate face showing a bit of complexity.

Chongxu Gong is one of the most difficult stunts to practice in Shengzong.

At that time, Nalan Xinran and Zhu Xiansheng practiced this technique together. Now that several months have passed, Nalan Xinran has only broken through the first level, while Zhu Xiansheng has practiced the third level.

## **The ultimate husband in Chinese chapter 6792**

### **Chapter 6792**

This shocked Nalan Xinran very much.

You must know that Nalan Xinran is also regarded as a genius of cultivation. At the beginning of the Nalan family, he was also an outstanding leader. At this time, compared with Zhu Xiansheng, he seemed very mediocre.

At this moment, Nalan thought happily, and secretly paid attention to the change in Lu Dongbin's expression.

At that time, Lu Dongbin had explained that once Zhu Xiansheng broke through the third layer of "Chongxu Gong", he would report immediately.

What?

At this moment, Lu Dongbin was shocked when he heard Nalan's happy words, and then looked at Zhu Xiansheng in a complicated way.

This kid is truly a genius.

It is extremely difficult to cultivate this Chong Xu Gong. For thousands of years, very few people in the Holy Sect have been able to practice it. When Lu Dongbin was cultivating, it took half a year to break through the third level.

And this little doll in front of him has reached the third-layer realm in three months.

It's just unbelievable.

At this time, Lu Dongbin didn't know that Zhu Xiansheng seemed to be a child of about two years old, but in his soul, there was the remnant of the Demon Lord Gone.

However, Gone's remnant soul had not awakened at this time.

call!

Under the shock, Lu Dongbin took a deep breath and said slowly: "Since you have broken through the third floor, you can go to the rivers and lakes to experience it. This child has a violent temperament and needs to be tempered."

Speaking of this, Lu Dongbin looked at it seriously. Nalan Xinran said: "Xinran, the whole holy sect is going up and down, this baby will listen to you alone, so this time let him go down the mountain to practice, but you have to work hard and accompany you all the way."

This....

Hearing this, Nalan bit her lips happily, and said with some resistance: "Master, I want to go down the mountain, why don't someone else take him there." Back then, the purpose of taking Lu Dongbin as his teacher was to stay away from the disputes in the Jianghu.

But as soon as the words fell, Zhu Xiansheng from behind hugged Nalan Xinran's leg, and said in a childlike voice: "That's great, you can go down the mountain to play, senior sister, come with me, okay?"

" At the time, Zhu Xiansheng raised his head, his eyes full of expectation.

Nalan readily wanted to refuse, but seeing Zhu Xiansheng like this, his heart softened all of a sudden, and he smiled and nodded immediately: "Okay, senior sister will accompany you."

"Senior sister is very kind."

Seeing her agreeing, Zhu Xiansheng was very happy. Happy, he raised his hands and shouted: "Senior sister, hug..."

Seeing his appearance, Nalan couldn't help smiling, then bent down to hug him, and then said to Lu Dongbin: "Master, then we will go down the mountain later."

Yes!

Lu Dongbin nodded approvingly: "Let's go."

Nalan agreed happily, and left the cave with Zhu Xiansheng in his arms. After a few minutes, they went down the mountain together.

After going down the mountain, Zhu Xiansheng was curious about everything, looked around, and asked if he saw anything.

"Senior sister, what kind of flower is this?"

"Senior sister...is there any fish in this water, can we catch it?"

Facing Zhu Xiansheng's question, Nalan responded patiently without getting tired of it.

While responding, Nalan happily took Zhu Xiansheng all the way to the south, towards the Southern Cloud Continent. Speaking of which, it was smoother to get down from the main altar of the Holy Sect and go to the Earth Circle Continent.

It's just that in the Earth Circle Continent, Nalan gladly carried too many sad things, so Nalan gladly excluded the Earth Circle Continent first and planned to take Zhu Xiansheng to other continents to experience.

Unknowingly, a day passed, and Nalan Xinran and Zhu Xiansheng finally arrived at the boundary of Nanyun Continent.

Nayun Continent is at the southernmost tip, with a unique environment and beautiful scenery.

Wow!

At this moment, looking at the scenery in front of him, Zhu Xiansheng was very touched. After admiring, he asked Nalan happily: "Senior sister, this Nanyun Continent is so beautiful, do you have any stories about this area, tell me?" Say..."

At this time, Zhu Xiansheng was completely curious, and he wanted to ask everything.

Nalan Xinran smiled lightly, nodded and said: "Of course there are many stories about the Jianghu here..." Saying this, Nalan Xinran hurried on his way, while telling Zhu Xiansheng about the stories about the Jianghu in Nanyun Continent.

Zhu Xiansheng listened carefully and was almost fascinated in the end.

"Wuuuuuuuu..."

But at this moment, there was a mournful cry of a woman in front of him: "Uuuuu... child... my poor child..."

## The ultimate husband in Chinese chapter 6793

### Chapter 6793

Hearing the cry, Nalan and Zhu Xiansheng looked at each other happily.

"Senior sister, there seems to be a situation ahead." The

next second, Zhu Xiansheng said something first, then quickened his pace and ran over.

Seeing this situation, Nalan couldn't help shouting, "Slow down!" He said while quickly following.

Soon, in the woods ahead, I saw a village woman leaning against a tree in pain, with a medicine basket thrown beside her. Obviously, it was the nearby mountain people who came out to collect medicine.

The woman's face was full of grief, her eyes were red from crying, and there were still blood stains on her body, which should have been in danger before.

call! Seeing this scene, Nalan

frowned happily, and couldn't help asking: "Sister, what happened to you, why are you crying here?"

Look like a little adult: "Don't be afraid, we will help you."

You help me?

Hearing what the two said, the woman was taken aback for a moment, and then cried: "My child was taken away by the giant snake..."

In the next few minutes, the woman choked and told the story come out.

The woman's name is Zhenying, and she is a mountain dweller more than ten miles to the west. An hour ago, Zhenying brought her ten-year-old son to the mountain to collect medicine, but suddenly a big snake sprang out from the side and swept the child away.

Zhenying was flustered and anxious at the time, and took out a sickle to fight the big snake, but was thrown out violently by the snake's tail, and she passed out at that time, and when Zhenying woke up again, the big snake had disappeared.

At the end of the talk, Zhenying felt sad and continued to cry: "My child... I'm afraid it's already a disaster... woo woo..."

There is such a thing...

After learning about the situation, Nalan and Zhu Xiansheng looked at each other happily, and they were both shocked and angry.

That big snake was so lawless that it dared to kill people at will. Shengzong has always adhered to the concept of 'creating the common people', and when such a thing happens, naturally he can't sit idly by.

call! The next second, Nalan took a deep breath and asked

Zhenying, "Sister, where did that giant snake come from, can you point me in the general direction?" Looking at Nalan Xinran, he hesitated: "Girl, that giant snake is very ferocious, I think you should not provoke it." "You still take your child, hurry up." In her eyes, the sight in front of her Nalan Xinran is just a weak woman, and it is impossible to be an opponent of Orochi. More importantly, she also has a child with her. As soon as the words fell, Zhu Xiansheng was a little unhappy, and said seriously to Zhenying: "I am not a child, I am a disciple of the Holy Sect, and I am very capable." Holy Sect? Zhenying was stunned for a moment, she lived deep in the mountains and didn't know Jianghu at all, so she naturally didn't know Shengzong. Nalan Xinran couldn't help but smiled and explained to Zhenying: "Don't worry, we are all cultivators, and it's no problem to deal with a big snake." After speaking, Nalan happily looked at Zhu Xiansheng: "Also, he is not my child, but my junior brother." Hearing these words, Jinying became even more puzzled, and after a few seconds, she recovered and pointed to the southeast of the woods: "Where did the big snake come from before? I came out." "If the two of you are really capable, I hope you can rescue my son. I'm here to thank you in advance."

The last word fell, and Jinying knelt there and kept kowtowing.

Although Zhenying didn't know Shengzong, she also knew that Jianghu practitioners were all masters with great supernatural powers. Perhaps, the woman in front of her could really kill the big snake.

"Big sister, you're welcome!"

Nalan quickly helped Zhenying up, said a few words of comfort, and then led Zhu Xiansheng to the direction where the big snake was haunting.

Nalan was pleased to have a keen sense of perception, and soon in the woods, he felt the residual breath of the big snake, and then followed the breath, tracking all the way to the southeast, and finally arrived in front of a canyon.

call!

At this moment, looking at the canyon in front of him, Nalan Xin could not help but take a deep breath.

I saw that the canyon in front of me was not very big, with a length of several hundred meters and a width of only five or six meters, but the inside was bare and there was no weeds at all.

## **The ultimate husband in Chinese chapter 6794**

### Chapter 6794

Not only that, the entire canyon is also filled with a strong smell of blood.

Seeing this scene, Nalan couldn't help becoming vigilant, and said to Zhu Xiansheng who was behind him: "It seems that this is the lair of the big snake, let's be careful."

Great!

Hearing this, Zhu Xiansheng didn't panic in the slightest, but became extremely excited: "Senior sister, let's find the big snake quickly, kill the snake and eat it..."

When Zhu Xiansheng said this, the tender face on Zhu Xiansheng's face, full of impatience.

If someone else was present at this time, he would definitely be shocked. You must know that Zhu Xiansheng was only two years old at this time, but his words and deeds were different from ordinary people.

well!

Nalan Xinran was also dumbfounded, and said seriously: "Don't make trouble, wait and listen to my arrangement, you know?"

"Okay!" Zhu Xiansheng nodded and agreed, but he looked eager to try, which made Nalan Happy, angry, and funny.

After a few chats, the two slowly explored the depths of the canyon.

Swish!

At this moment, Zhu Xiansheng stopped suddenly, tilted his head and listened carefully: "Senior sister, there are people nearby." Then he turned his head to look to the left.

He was very talented, and at this time he could clearly sense that there was someone breathing on the rock on the left.

Hearing this, Nalan Xinran quickly followed his gaze, and her body was shocked.

I saw a boy curled up on the stone on the left. He was about ten years old, wearing a blue cloth, and his face was pale. At this time, he was curled up there, trembling all over.

wow....

Seeing this scene, Nalan Xinran and Zhu Xiansheng were very excited.

found it.

The boy was exactly as Zhenying described, and he was her son.

Whoosh!

Excited, Nalan jumped up from the suburbs happily, flew up to the stone platform, and asked the boy softly, "Are you Xiaohu?" Zhenying said before that her son's baby name was Xiaohu.

Xiaohu seemed frightened, nodded, but did not speak.

After confirming that he had found the right person, Nalan Xin was secretly relieved, and then squatted down to check on Xiao Hu, and found that there were scratches on his right leg, which were not serious.

"Hey!"

At this moment, Zhu Xiansheng also jumped up, and asked Xiaohu: "Did a big snake catch you?"

Suddenly seeing a two-year-old baby, Xiaohu was stunned for a moment. After a second, he regained his composure and nodded, still not speaking.

At the same time, Xiaohu also looked at the opposite mountain wall with great vigilance.

Seeing that he remained silent, Zhu Xiansheng frowned and said, "Why don't you speak? This is very rude, you know?" His voice was immature, but he had the attitude of an adult.

Xiaohu still did not respond, but continued to look at the stone wall opposite.

Zhu Xiansheng was very unhappy, and he wanted to say more, but Nalan gladly stopped him: "Okay, he should be quite frightened, so don't bother with him."

Seeing Senior Sister speak, Zhu Xiansheng stopped bothering.

"Little Tiger!"

At this time, Nalan happily said to Xiaohu, "Can you still walk? We will take you away."

Xiaohu nodded and was about to respond, but at this moment, he discovered something, pointed to the opposite mountain wall, and said with a face full of horror: "Out... out... out..."

Because too much After being frightened, Xiaohu's face was pale and pale, and his speech was stuttering.

what came out

At this moment, Nalan Xinran and Zhu Xiansheng looked at each other with some doubts, and then they all looked back.

hiss!

Seeing this, Nalan Xinran and Zhu Xiansheng couldn't help but take a deep breath.

On the opposite stone wall, I saw a circular cave with a diameter of two meters. At this moment, a large black snake was slowly swimming out of the cave.

This big snake is tens of meters long, its huge head is the size of half a house, its body is covered with black scales, and its blood-red eyes flash with terrifying light.

so big!

Seeing this scene, Nalan was shocked and suddenly understood something.

No wonder Xiaohu kept staring at the opposite side. It turned out that this big snake was hidden in this cave, and this cave was so hidden that he didn't even find it below.

## The ultimate husband in Chinese chapter 6795

### Chapter 6795

Hissing....

At this moment, the big snake saw Nalan Xinran and Zhu Xiansheng, and stood up all of a sudden, swallowing the blood-red snake letter, making a slight sound.

“Snake, big snake...”

Seeing this scene, Xiaohu was so frightened that he stuttered and almost fainted.

Nalan Xinran was also shocked. She thought it was an ordinary big snake, but she didn't expect it to be far more powerful than expected. She clearly felt that the big snake in front of her was at least in the Empress Wu period.

Nalan Xinran would naturally have no problem dealing with such a big snake of the Empress Wu period, but to ensure the safety of the little tiger, there is not much certainty.

Thinking to herself, Nalan happily said to Zhu Xiansheng: “Little Junior Brother, you take Xiaohu away first, and I will drag this big snake. Quick!” This was the best way for her to consider.

“No!”

However, Zhu Xiansheng shook his head: “I will deal with this snake.” When speaking, Zhu Xiansheng looked at the big snake closely, his eyes full of urgency.

After cultivating in the Holy Sect for a few months and breaking through the third level of Chongxu Gong, now is the time to verify your strength, how can you miss it?

Seeing that he didn't listen to the arrangement, Nalan was pleased to be a little anxious: “Be obedient, Master also said before going down the mountain, this time, you must listen to me in all your actions.”

“Oh, it's alright.”

Zhu Xiansheng He shook his head indifferently and said, "It's just a big snake, I can handle it easily."

Om!

When the words fell, Zhu Xiansheng's whole body strength exploded, and then he rushed towards the big snake: "Beast, die."

"You..."

Seeing this scene, Nalan stomped his feet happily, trying to stop it, but it was too late.

Watching Zhu Xiansheng burst out, the big snake's eyes flickered with fierce light, its huge body meandering and wandering, quickly attacked, and fought fiercely with Zhu Xiansheng.

This....

Seeing this scene, Xiaohu's heart trembled and he was completely dumbfounded.

He never thought that a two-year-old baby would dare to take the initiative to attack such a huge snake.

Bang bang bang...

In the blink of an eye, the two sides fought fiercely in the canyon for several rounds. Although Zhu Xiansheng was small, he was very flexible, constantly running up and down to attack the weak parts of the big snake.

The big snake is too big, and it is difficult to fully unfold it in this narrow canyon. After a while, Zhu Xiansheng stabbed wounds out of his body.

"Sisi!"

Under the pain, the big snake's viciousness was completely aroused, and at this moment, finding an opportunity, the snake's tail slammed on Zhu Xiansheng's body, and a dull sound was heard, and Zhu Xiansheng was violently thrown away.

Bang!

It flew more than ten meters away, and finally hit the rock wall, and the hard rock wall was directly smashed out of a human-shaped hole.

Seeing this scene, both Nalan Xinran and Xiaohu secretly sweated for him. In the next second, Nalan

couldn't help shouting happily: "Little brother, how are you?"

"

Hurt me?" The voice fell, and the young figure rushed out quickly.

In the middle of the sky outside, Zhu Xiansheng patted the dust on his head, and yelled at the big snake: "Stink bug, I won't play with you anymore, I'm going to get serious." Seeing

this

scene, Xiaohu was completely stunned . Dumbfounded, he stared at Zhu Xiansheng closely, his eyes filled with disbelief.

Is this little doll so powerful? After being hit by the snake's tail, there is nothing wrong with it.

Hissing...

Facing Zhu Xiansheng's provocation, the big snake was furious, roaring in its mouth, and its huge body quickly rushed towards Zhu Xiansheng.

Zhu Xiansheng was full of excitement, and went forward to meet him.

After a few rounds, Zhu Xiansheng intentionally exposed his flaws, leading the big snake to bite it with its bloody mouth wide open. At that time, he raised his right hand and shouted: "You've been fooled, go to hell, bug."

Hum!

After the last word fell, a ball of raging fire condensed in Zhu Xiansheng's palm, and then with a sudden wave, the raging fire was thrown into the big snake's mouth. The big snake didn't have time to react, and immediately swallowed the raging fire.

"His...hiss..."

The moment the fire was swallowed by the big snake, it exploded directly in its stomach, and a roar was heard, and the huge body of the big snake was directly blown into two pieces.
