The ultimate husband in Chinese chapter 6971—At this time, Lu Dongbin was very annoyed, and he thought that letting his disciples seal Zhu Xiansheng's acupuncture path, and then chanting Taoist scriptures, would make him sober up.

As a result, I didn't expect that this kid's heart demon was so serious.

Poof!

At this moment, Zhu Xiansheng fell heavily on the floor of the secret room, but then ejected, his face was extremely hideous, and he rushed outside again.

At this time, Zhu Xiansheng's body was filled with the power of the demon soul, and the whole person completely lost his mind.

Airplanes!

Without waiting for him to rush out, Lu Dongbin slowly raised his hands, and a mighty and endless Daomen True Qi burst out, directly forming an enchantment at the door.

The pattern of the Nine Palace Bagua faintly appeared on the enchantment, filled with endless powerful power.

Bang!

In the blink of an eye, Zhu Xiansheng crashed into the enchantment and let out a dull sound.

Without waiting for Zhu Xiansheng to stabilize his figure, Lu Dongbin bent his fingers flew, and in an instant, streams of light shot out, like several six-stars, through the enchantment, directly sealing several acupuncture points on Zhu Xiansheng's body.

This trick is exactly the Taoist 'Six Sealing Heart Fingers'.

In an instant, Zhu Xiansheng's young body suddenly shook, and he couldn't move at all, but his face was still extremely hideous, without the slightest innocence of his age.

"Master!"

Seeing this scene, Nalan was inexplicably nervous in his heart and spoke: "This... What is this ready to do? In her heart, the entire Holy Sect produced a master, and the closest person was left with the little junior disciple.

At this time, seeing Zhu Xiansheng become like this, he felt unspeakably uncomfortable in his heart.

Call!

Lu Dongbin took a deep breath, his expression was very complicated, and slowly said: "His heart demon is so serious, and it is not a long-term solution to continue to stalemate like this."

"In order to avoid his future calamity, the master can only nullify his skills."

Speaking of which, Zhu Xiansheng is very talented, if he is guided, the future is limitless, and there will definitely be a great achievement in the future, Lu Dongbin was originally optimistic, but unfortunately, he is now controlled by the heart demon. For the sake of the reputation of the Holy Sect, he could only endure the pain of abolishing his exercises.

What the?

Hearing this, Nalan trembled gladly, and the whole person was stunned, and his brain was buzzing.

Master... The master is going to waste the skills of the little junior brother...

Although the little junior brother is young, he has a strong personality, and if he loses his skills, he must be very sad....

Thinking of this, Nalan gladly hurriedly dissuaded: "Master must not, or else... Give the little junior brother another chance. "The words are full of pleading.

Opportunity?

Hearing this, Lu Dongbin frowned: "In his current state, how can the Buddha-figure give a chance?" This is for the sake of our Holy Sect, and it is also a last resort.

When

he said this, Lu Dongbin looked embarrassed, but his eyes flashed with determination.

Poof!

At this moment, Nalan Xinran suddenly became anxious, quickly knelt down, and pleaded: "Master, I beg you not to abolish the skills of the little junior brother, or else, let me go in and try." Perhaps, the little junior brother can heed my dissuasion and come to his senses.

At this time, Nalan was happy, his face was serious, but his heart was a little apprehensive.

She knew that Zhu Xiansheng's current state was very dangerous, but there was no way, for his future future, she could only take a risk.

"Nope!"

Lu Dongbin didn't even think about it, and decisively refused: "He is very dangerous now, and with your strength, you can't control him at all." This is definitely not an option.

"Master!"

Nalan was anxious and bit her lip: "Little junior brother is the closest to me, he will definitely listen to me, you let me try, if he is really abolished, our Holy Sect will have one less martial arts wizard in the future." Phew

!

Hearing this, Lu Dongbin groaned and weighed it in his heart.

Yes, if this kid is abolished, not only will it offend Zhu Bajie and Gonggong, but the Holy Sect will also have one less sensational wizard in the future, anyway, the current situation can still be controlled, it is better to let her give it a try.

Thinking of this, Lu Dongbin gently sighed and nodded, "Okay, I will promise you once for the master." When

the words fell, Lu Dongbin raised his hand and waved his hand to remove the enchantment at the door of the secret room, but his face was still solemn: "Once you find that something is wrong, come out immediately, you know?" "

Seeing that Lu Dongbin finally agreed, Nalan was very happy, and immediately nodded: "Thank you Master, I will be careful." When

the words fell, Nalan took a deep breath happily and quickly approached the secret room.

Seeing her walk in, Lu Dongbin slowly closed his eyes and continued to chant Taoist scriptures....

Swish!

As soon as he entered the secret room, Nalan was gladly locked by Zhu Xiansheng's gaze.

At this time, although Zhu Xiansheng was sealed in the cave and could not move, there was a layer of black fog around his body, which was heart-palpitating.

"Little Junior Brother..."

Faced with this situation, Nalan Xinran felt a little inexplicably nervous in her heart, but she still dared and said softly: "It's me, it's my senior sister."

"Senior sister knows, Danzong's matter, you are misunderstood by everyone, in fact, you are not wrong, it is just a misunderstanding, the wrong person is not you, but that hateful Tian Buyou..."

"Come to your senses, we have returned to the Holy Sect, Master and Senior Brothers are here, no one will hurt you, and no one will misunderstand you anymore."

Nalan said softly while noticing the change in Zhu Xiansheng's expression.

However, Zhu Xiansheng did not calm down, but became more excited.

"Ahhh..."

Zhu Xiansheng stared at Nalan Xinran closely, and suddenly shouted: "You are all targeting me..... It's all against me..."

The voice is sharp, like a ghost's cry.

Nalan was taken aback with pleasure, and couldn't help but take two steps back, and at this time, he was surprised to see that behind Zhu Xiansheng, there was an illusory, majestic figure faintly.

Yes, this is exactly the wisp of the remnant soul of the demon lord Gogne.

After Zhu Xiansheng was born, this wisp of remnant soul has always been hidden in Zhu Xiansheng's soul, in a state of chaos and ignorance, but after Zhu Xiansheng experienced these things in the past few days, he was greatly stimulated, and this wisp of remnant soul finally woke up.

This... This figure.

At this moment, seeing the phantom behind Zhu Xiansheng, Nalan was pleased and her body trembled faintly, and the whole person was completely stupid. The appearance of Gogne also came to mind for the first time.

Is that him?

No... No way.

He has long died, the demon soul has scattered and fallen, it is impossible to still be alive, he must be looking at the eyes.

“Ugh!”

Just when Nalan was xian's flustered, suddenly, Zhu Xiansheng rushed away from the acupuncture path, screamed and rushed straight forward, opening his mouth and biting on Nalan Xinran's right arm.

In an instant, blood dripped.

Nalan happily sobered up from the pain, looking at Zhu Xiansheng, who was like a fierce beast in front of him, completely frightened, and completely forgot to struggle.

“Gladly!”

At this time, Lu Dongbin outside heard the movement, suddenly opened his eyes, and quickly shouted: “Come out quickly.”

However, at this time, Nalan was happy, immersed in great panic and doubt, and could not hear Lu Dongbin's words at all.

“I....”

At this moment, Zhu Xiansheng tasted Nalan Xinran's blood, the anger around his body slowly dissipated, his eyes also returned to clarity, slowly sobered up, and his face was full of confusion: “What's wrong with me?” “

Great!

Seeing that he finally sobered up, Nalan was very happy to take care of the wound on his arm, and took him into his arms: “Little junior brother, you are finally sober, it's great.... You don't have to be scrapped.

At this time, Nalan was happy, indescribably happy and relieved.

Fortunately, the little junior brother came to his senses, but the consequences were unimaginable.

Zhu Xiansheng was held in his arms, and his brain was still a little confused at this time, before he completely lost his mind, and he didn't know what he had done.

“Senior sister..”

At this time, seeing the wound on Nalan Xinran’s arm, Zhu Xiansheng was taken aback: “You are injured, this... Is this what I did? Saying that, while wiping the blood stains on the corners of his mouth, his heart was extremely messy.

Nalan nodded happily, and then asked, “Little junior brother, how did the power in your body come from?”

While speaking, Nalan couldn’t help but look at the location where Zhu Xiansheng was just now, and saw that the illusory figure had disappeared.

“I don’t know.” Zhu Xiansheng shook his head in confusion: “After I was born, this power will come in.” Seeing

him say this, Nalan frowned gladly, and did not ask.

Swish!

At this moment, Lu Dongbin couldn’t rest assured, walked in quickly, and was stunned when he saw the scene inside.-

Shocked, Lu Dongbin looked at Zhu Xiansheng closely and said slowly: “You are indeed gifted to be able to control your heart demons, but you acted too impulsively this time, which almost caused the enmity between the Holy Sect and the Danzong.”

“From now on, within a year, you are not allowed to go down the mountain for half a step and study the Daomen classics, you know?”

The voice is gentle, but unquestionable.

At this time, in Lu Dongbin’s heart, he thought that Zhu Xiansheng suppressed the heart demon, and he did not know that in his young body, there was a remnant soul of the demon lord hidden.

“Yes, Master!”

At this moment, Zhu Xiansheng knew that he was at a loss, and did not talk back, and bowed his head to answer.

A few minutes later, Lu Dongbin left, and Nalan gladly took Zhu Xiansheng back to his room to cultivate.

.....

On the other side, the Divine Domain, the Jade Yao Immortal Garden.

In the dormitory, Hua Zhaoniang woke up, looked around, did not see the figure of 'Haotian', and suddenly frowned.

Haotian is gone?

No, he won't say goodbye.

Thinking of this, Hua Zhao Niangniang couldn't help but shout a few times.

"Haotian..."

However, after shouting a few times, no one responded, which made Hua Zhao Niangniang feel even more wrong.

At this moment, a maid appeared at the door of the dormitory, her face full of respect: "Niangniang, the Tiankui God will come to pray the situation and is waiting in the front hall."

"Got it!" Hua Zhao Niangniang answered, temporarily asked the maid to retreat, and then changed into a long dress.

A few minutes later, Hua Zhao Niangniang went to the front hall and saw that the Tiankui God General was waiting at the entrance of the temple with a complicated face.

"Subordinates see Niangniang."

Seeing Hua Zhao Niangniang appear, Tiankui God will quickly kneel down and salute.

Hua Zhao Niangniang nodded and asked absentmindedly, "So early, what is the matter?" Phew

!

Tiankui Shengji took a deep breath and said slowly: "Qiyu Niangniang, we went to the Arctic Mountain to support, and the result... As a result, His Highness Haotian was caught by the Purple Cloud Fairy, and his subordinates feared that His Highness would make a mistake, so he retreated with people.

Subsequently, the Tiankui God General told the details of the situation at that time.

At the end, Tiankui God will kneel there, not daring to look at Hua Zhao Niangniang: "The situation is complicated, please ask Niangniang to show me."

At this time, the Tiankui God General was very apprehensive in his heart.

His Royal Highness the God King was arrested and failed to rescue himself, it was a complete crime of dereliction of duty, if Hua Zhao Niangniang blamed him, how could he bear it?

What the?

Hearing this, Hua Zhaoniang's body trembled, and her delicate face was full of shock: "What do you say?" Haotian went to the Arctic Mountains?

When asking, Hua Zhaoniang's mind was in chaos.

How could Haotian suddenly appear in the Arctic Mountain? Moreover, also in the armor of the patrol leader

No wonder I didn't see him when I woke up just now.

Among them.... What's the secret?

Still is... This Haotian is fake, and someone deliberately fakes it.

For a while, this thought popped up in her mind, and Hua Zhaoniang herself was startled, but she quickly calmed down and said to the Tiankui God General: "In that case, you quickly increase your troops, surround the Arctic Mountain and give me a group, no matter what the cost, you must also rescue Your Highness, there must be no mistake." No

matter what the situation is, Haotian must be found first.

"The end will obey."

After receiving the order, the Tiankui God General answered, and then dispatched troops and quickly turned back to the Arctic Mountain.

However, the Arctic Immortal Venerable and the Purple Cloud Fairy were hidden in the hidden secret room of the back mountain, and after the Tiankui God General arrived with his troops, he patrolled the entire Arctic Mountain several times, but did not find any clues, so he had to return in vain.

An hour later, the Tiankui God will return to his life, and his heart is extremely nervous.

Knowing the situation, Hua Zhaoniang was furious, and immediately concluded that Haotian was impersonated.

Otherwise, it would be too coincidental.

First appeared in the Ghost Immortal Mountain, causing Ghost Guzi to escape, and now he suddenly went to the Arctic Mountain and disappeared with the Arctic Immortal Venerable Master and Apprentice, these two things are put together, there are many loopholes, people have to suspect.

“Pass on the will of the main palace.”

Realizing that she had been deceived, Hua Zhao Niangniang was very angry, and said coldly at the Tiankui God General: “You can block all the portals of the God Domain, once you encounter Hao Tian, or other suspicious people, quickly take it, there must be no mistake.” ”

“Subordinates obey...”

Feeling Hua Zhao’s anger, Tiankui Shen was covered in cold sweat, and after answering, he hurried to prepare.

An hour later, the portals of the entire God Domain were blocked.

.....

On the other side, the West Cangcontinent.

Prime Minister’s House.

The weather was nice today, the wind was fine.

However, in the prime minister’s house, it was surprisingly quiet, and the busy subordinates were all cautious, because the prime minister was in a very bad mood today.

In the hall, Tian Buyou sat there with a gloomy face.

After two days of rest, Tian Buyou's injury improved a lot, but he was not happy at all.

Just came a Qingsong Dao master, almost took his own life, if a few more sect masters came one day, I am afraid that I have not yet enjoyed the glory and wealth, I will die.

Considering this, Tian Buyou has almost slept peacefully these two days.

Therefore, early this morning, he sent Tong Qing outside to investigate the news and see if there were any other sect masters wandering around the imperial city, so it was good to prepare in advance.

Who knows, Tong Qing walked for a day and never came back. This made Tian Buyou very anxious.

"Lord!"

Just as he was irritable, a voice sounded outside the hall, and then a person walked in sweaty.

It was Tong Qing.

Call!

Seeing that he came back safe and sound, Tian Buyou's spirit was shocked, and he quickly stood up and said, "How is the situation, have you found any news?" When asked, his eyes were full of urgency.

Tong Qing took a deep breath and responded: "Back to the adult, the little one went out in the morning and found a few jianghu people, the other party is very strong, I am afraid of scaring the grass and snakes, so I followed carefully all the way, so I didn't come back to pray!"

"Those people, those who have the Heavenly Gate, those who have the Hall of Eternal Life, and those who have the Danzong, are all looking for a person named Tian Buyou."

When he said this, Tong Qing glanced at Tian Buyou carefully.

Although Tian Buyou has been using a fake name, Tong Qing is a smart person, and after the events of the past few days, he also vaguely guessed that the Prime Minister in front of him is the person that the sect is looking for.

Although he knew it in his heart, after all, he was a subordinate, and Tong Qing naturally did not dare to say it.

Marde!

Knowing these situations, Tian Buyou secretly scolded, and his expression became solemn.

The people of these sects are really haunted.

While secretly cursing, Tian Buyou also felt a little panicked in his heart, he can't sit still like this, he must think of a perfect strategy.

“Lord!”

Seeing his complicated face, Tong Qing stepped forward and said cautiously: “If the adults have any concerns, the little ones are willing to follow the work of dogs and horses.” Alas

!

Tian Buyou sighed and shook his head: “You can't help me with this matter.”

Tong Qing's eyes flickered, and he knocked sideways: “Adults are afraid that those sect masters will treat you as that Tian Buyou?” Since Tian Buyou didn't say his true identity, Tong Qing pretended not to know anything.

“Good!”

Tian Buyou nodded: “Those people in the rivers and lakes, cruel and easy to kill, before came a Qingsong Daomaster, it is already difficult to deal with, and then other masters, I am afraid it is difficult to deal with.” Hearing

these words, Tong Qing was even more sure that the Prime Minister in front of him was Tian Buyou who was chasing after those sect masters.

For a while, Tong Qing thought secretly and fell silent.

A few seconds later, Tong Qing came to his senses and proposed: “Sir, I think that to deal with these people in the rivers and lakes, we need to use the way of rivers and lakes, it is better for us to integrate the forces of some rivers and lakes sects and drive away tigers and wolves, wouldn't it be the best of both worlds?” The

power of the whole quack?

Hearing this, Tian Buyou frowned and thought for a while, and then shook his head and said, “How can it be so easy as you say, this matter will not work at all.” “Which sect that can be passed down to the present is not deeply rooted? Can it be said that integration can be integrated?”

Hehe!

Seeing Tian Buyou shaking his head, Tong Qing laughed and said slowly: "Sir, that Heavenly Gate, Eternal Life Hall, these sects, Megatron Kyushu, we naturally can't shake it." "

Speaking of this, Tong Qing's eyes flashed with treachery: "When the heads of these sects gather, the adults use thunder means to force them to submit."

"These sects are not strong one by one, but when integrated, they should not be underestimated, and these sects are well-informed, and any wind and grass in the rivers and lakes in the future cannot be concealed from the eyes of adults."

"As long as we integrate these sects and expand to Kyushu in the future, it will be just around the corner..."

At this moment, Tong Qing told his idea, and after speaking, he watched Tian Buyou's reaction.

Call!

At this moment, Tian Buyou was stunned, staring at Tong Qing tightly, and couldn't help but admire in his heart.

This method is wonderful, why didn't I think of it?

First use the identity of the prime minister to force these small sects in the Western Cang Continent to submit, with this foundation, even if those Heavenly Gate and Eternal Life Hall masters come to the door, there is no need to be afraid.

Ha ha....

A few seconds later, Tian Buyou slowed down and laughed at Tong Qing: "Good, good, this method is very good, Tong Qing is successful at this time, you have made a great achievement, haha."

"Adult Liao praised." Tong Qing's face was proud, but his mouth was very humble.

At this time, Tian Buyou was very excited, his mood suddenly relaxed, and he patted Tong Qing's shoulder and said: "Without further ado, hurry up and send invitations to all sects, and remember not to let the people of the Heavenly Gate and the Hall of Eternal Life know."

"The small ones understand, the small ones will do it."

Tong Qing answered, and then walked out of the hall quickly.

When he was two hours, more than a dozen sects of all sizes in the entire Xicang Continent received an invitation from the Prime Minister's Mansion, Tong Qing guessed well, the Prime Minister invited, and many small sects were excited, feeling that it was an honor to be appreciated by the Prime Minister, and they rushed to the banquet one by one with excitement.

There are also some sects that originally did not violate the river water with the well water of the Xicang royal family, but in the principle of not wanting to offend, they also rushed to the prime minister's house.

At night.

The Prime Minister's House is brightly lit.

The hall was even more lively, and the heads of more than a dozen sects gathered together. It's just a very different expression, some excited, some indifferent.

Soon, surrounded by Tong Qing and several guards, Tian Buyou approached the hall dressed in a gorgeous robe.

Swish!

In an instant, all the leaders got up one after another and saluted Tian Buyou with their fists.

"Prime Minister!"

"Lord!"

Tian Buyou smiled, and after sitting down on the main seat, he raised his hand: "All the leaders are too polite, sit, hehe, all sit."

Hearing this, all the leaders sat down one after another.

"Huh!"

Seeing all the leaders sitting down, Tian Buyou had a smile on his face and raised his glass: "Leaders, I am really happy to be invited to come, come, I will toast you first." When the words fell, Tian Buyou drank the wine in his cup.

The leaders toasted.

"Prime Minister."

After a glass of wine, Ding Peng, the head of the Canglang Sect, couldn't help but ask Tian Buyou: "I don't know what the purpose of bringing us here this time?" The tone was full of doubt.

Swish.

For a time, the other leaders also looked at Tian Buyou, and like Ding Peng, they also wanted to know the purpose of the prime minister's search for them this time.

Hehe!

Tian Buyou smiled slightly, put down the wine glass and stood up, and said slowly: "It's not a secret, I want to set up a martial alliance in our Western Cang Continent and integrate the power of the sects present, so as to strengthen the strength of our Western Cang Continent." "

After the integration of the various sects, you can no longer use the names of the previous sects, all of them are collectively called the Martial Alliance, as long as this matter is completed, other continents will not dare to underestimate it, what do you think?"

When he said this, Tian Buyou smiled, but his tone was irrefutable.

Wow!

Hearing this, whether it was Ding Peng or the other leaders present, there was an uproar and discussion.

"Integrate the various sects?"

"This...."

During the discussion, another leader spoke: "Prime Minister, if you really want to integrate, who should do this martial alliance leader?" "

When the words fell, the other leaders present also looked at Tian Buyou, and their eyes flashed with complexity.

Faced with everyone's reaction, Tian Buyou did not answer immediately, but smiled and continued to sit down and drink.

“Do you still need to ask?”

At this moment, Tong Qing, who had been standing behind, strode out and looked around and said coldly: “This matter was proposed by the Prime Minister, the adult is in a high position and is deeply appreciated by His Majesty, and this martial alliance is in charge, naturally there are adults to do it.”

Saying that, Tong Qing's eyes were sharp, and he slowly swept over everyone's faces: “How?” Do you have any objections? “

This....

Hearing these words, all the leaders present looked at each other.

In the next second, Ding Peng, the head of the Canglang Sect, was the first to react, and immediately sneered: “What a joke, although my Canglang Sect is not famous in the rivers and lakes, it has also been passed down for nearly a thousand years.”

“If I want the Canglang Sect to merge into the Martial Alliance, how can I face being listed as an ancestor under the Nine Springs? Although the Prime Minister's proposal is good, please forgive me for not agreeing with the Canglang faction. Farewell. When

the last word fell, Ding Peng symbolically hugged Tian Buyou, then turned around and strode away.

Wow!

Someone took the lead, and other dissatisfied leaders also spoke one after another.

“Ding Zhangmen is right, my Taihe Sect has a long history, and this kind of sorry thing for the first master can't be done in the next.”

“Taoism is different, thank you for your hospitality, I also take my leave.”

“Farewell...”

For a time, many leaders resigned one after another, ready to turn around and leave.

Hehe...

Tian Buyou guessed that there would be people who were not convinced, and he was not angry when he saw this situation, but took a slow sip of wine: "Those who follow me will prosper and those who disobey me will die, do you think you can go?"

When

he said this, Tian Buyou's tone was calm, but it gave people an invisible pressure.

As soon as the words fell, Tong Qing shouted angrily: "Daring, the Prime Minister's Mansion is what you want to come, and you can leave if you want?" Give me all stops.

Under

the burst of drink, Tong Qing pulled out the long sword with him, and his body was murderous.

Crash!

At the same time, the guards who had already been ambushed around the hall also rushed out one after another, surrounding Ding Peng who had walked outside the door.

Swish!

Seeing this scene, the faces of each leader were instantly difficult to see. At the same time, they were all furious, and they didn't expect that this Xiangxiang would turn his face faster than turning a book.

Finally, Ding Peng was the first to react, first looked at the surrounding guards, and finally his gaze fell on Tian Buyou, and said coldly: "Prime Minister, I know that you are in a high position, and this is also your place." But..."

Saying that, Ding Peng changed his tone: "Although there are many of you, we are not people who sit still, if you really want to move, you have to think about the consequences."

When

he spoke, Ding Peng looked confident.

Those who came to the appointment were all the heads of various sects, and they were not considered the top in the rivers and lakes of Kyushu as soon as possible, but they broke out together, and their strength should not be underestimated.

Hehe!

Hearing this, Tian Buyou smiled slightly, slowly stood up, and stared at Ding Peng: "Ding Boss is right, if you all join forces, these subordinates of mine who are not a weapon are indeed not opponents."

“But... I have always acted cautiously, and without full certainty, I will not make an easy move. All the wine you drank just now was poisoned by me, and once you urge the internal force, you will die of poison.

After

saying this, Tian Buyou felt a small jade bottle from his arms, and his eyes were full of cunning: “The antidote is here, and only I have the antidote.”

“The so-called person who knows the time is Junjie, submit to me, and the antidote will be given to you, otherwise, the end will be death.”

The last word fell, Tian Buyou’s internal force urged, and a powerful aura swept the entire hall.

What the?

At this moment, whether it was Ding Peng or the other leaders present, their faces changed greatly, and their hearts were even more furious.

Is it poisonous in wine?

This person is really despicable, and the prime minister actually uses such despicable means...

But soon, Ding Peng and everyone reacted quickly, and they clearly noticed that there was no abnormality in the body, and there was no sign of poisoning at all.

Don’t... This is the other party’s deliberate scare, so he said so?

Just when Ding Peng and everyone were in shock, Tong Qing shouted: “If you don’t hurry up and bow down to the head of the Martial Alliance, what are you waiting for?” Are you really not afraid of death? Hearing

this, all the leaders were shocked.

Call!

At this moment, Ding Peng reacted and shouted: “Everyone, this Cheng has a bad heart, we must not surrender, I just secretly sensed that there is no difference in the body, he is completely scaring us.”

“There are so many of us, there is nothing to be afraid of, rush out together.”

Airplanes!

When the last word fell, Ding Peng’s strength exploded, he pulled out his long sword, and he took the lead in rushing towards the guards in front of him.

At this time, Ding Peng firmly believed that he was not poisoned, and Tian Buyou was completely scaring them just now, but he did not know that the poison in the wine was the ‘Spirit Destroying Dispersion’ refined by Tian Buyou last night in accordance with the “Poison Divine Code”.

This poison is colorless and tasteless, and there is no feeling after drinking it, but once the internal force is urged, the poison will quickly spread throughout the meridians.

Several leaders who had a good relationship with Ding Peng also broke out their strength one after another, followed closely behind, and fought fiercely with the surrounding guards. The other leaders are a little unsure.

Bang bang bang....

In the blink of an eye, Ding Peng and the guards fought fiercely, and a vibration broke out.

Seeing this, Tian Buyou’s face was full of contempt, and he immediately snorted coldly: “I don’t know if I’m dead or alive.”

Tong Qing held the long sword tightly, intending to rush up, but in the end he held back, tightly guarding Tian Buyou’s side to prevent someone from rushing up and attacking.

Call....

Seeing Ding Peng and the surrounding guards, the bigger and more intense, some of the leaders who were uncertain were a little eager to try.

“Ding is in charge of a few, it’s okay until now...”

“It seems that we have been deceived, there is no poison in the wine at all...”

“Or else, let’s go too.”

After the discussion, these leaders are ready to strike.

“Poof!”

However, at this moment, I saw that Ding Peng, who was originally brave and abnormal, suddenly trembled, a mouthful of blood spurted out, his face was pale, and the whole person was extremely weak.

And the blood he spewed out turned out to be a strange purple

Pedal Pedal

Then, Ding Peng stumbled, fell to the ground all of a sudden, his body convulsed violently, and finally purple blood flowed out of his eyes, nostrils, and even ears.

“You...” Ding Peng fell to the ground, the severe pain made his throat extremely hoarse, stared at Tian Buyou, and after saying a word, he died of anger.

“Poof...”

“Poison in wine...”

“Ahhh...”

At this moment, the other leaders who followed Ding Peng to resist also spurted blood wildly at this time, and finally fell to the ground and died, one by one, exactly the same as Ding Peng, all of them were purple blood flowing from seven holes.

Hiss!

Seeing this scene, those leaders who were still ready to make a move couldn't help but gasp for air, and one by one they only felt a chill in their spine.

So domineering and poisonous.

At the same time of shock, these leaders also secretly rejoiced, fortunately they did not resist with Ding Peng at the beginning, otherwise, it would be themselves who fell to the ground at this time.

“How?”

Seeing this scene, Tian Buyou was very satisfied, and at this time he showed a hint of a smile and looked at the remaining leaders: “Go against me, this is the end, are you still ready to resist?” The

voice is gentle, but it makes people palpitate.

This is completely a smiling tiger, hiding a knife in laughter, killing people without leaving a line.

Boom!

For a while, the rest of the leaders slowed down, all secretly swallowing and spitting, in addition to panic, but also panic.

Finally, some leaders could not bear the huge panic in their hearts and quickly knelt down.

“I’m willing to merge, see the boss.”

Crash!

In the next second, the other leaders also knelt down one after another, shouting in unison.

“Subordinates see the chief.”

Seriously, the sect was merged, and these people were 10,000 resistants in their hearts, but there was no way, seeing Ding Peng and several people dying so cruelly, how could they still have the courage to confront Tian Buyou in their hearts.

Ha ha.....

Looking at the leaders kneeling down in front of him, Tian Buyou felt indescribably comfortable, and immediately smiled: “Very good, let’s all get up.” –

The ultimate husband in Chinese chapter 6978–Hearing this, all the leaders quickly got up, one by one, their expressions were terrified, completely without the calmness and arrogance of the Lord of the Sect.

“Listen.”

At this time, Tian Buyou returned to his seat, first took a sip of wine, and slowly said: “The establishment of the Martial Alliance needs to be kept secret for the time being, and it cannot be publicized to the outside world, you will still be the head of your sects after you go back, there are important instructions, I will send someone to deliver the news to you.”

“The antidote in this bottle can delay the poison in your body for three months, so after three months, you need to come to me again to get the antidote.”

Finished!

Hearing these words, all the leaders present were extremely desperate in their hearts.

This antidote is only for three months, doesn't this mean that it will always be manipulated by the other party?

However, thinking so in their hearts, these leaders did not dare to show any dissatisfaction on their faces, and immediately took the antidote and expressed their gratitude.

Tian Buyou nodded and said slowly: "Recently, the Heavenly Gate, the Hall of Eternal Life, and other sects have sent people to probe a person named Tian Buyou, you pay close attention to it, and once there is a situation, you can come and report it."

"Yes, sir!"

The leaders quickly nodded.

Tian Buyou shook his head: "The title of the chief, you just know it in your hearts, let's call me an adult in the future, okay, you go back first."

The leaders answered and retreated.

"Lord!"

As soon as everyone left, Tong Qing put away his long sword and congratulated Tian Buyou: "Things are going so smoothly today, and adults will become relieved in the future."

Tian Buyou nodded with satisfaction and said with a smile: "You have contributed a lot to this matter, and one day you will have the opportunity to meet Your Majesty and appoint you as a general."

Tong Qing was overjoyed: "Thank you, my lord."

Tian Buyou said no more, signaled Tong Qing to retreat, and then looked at the sky outside the hall, secretly swearing in his heart.

Yue Feng, Wen Ugly and ugly, you almost forced me into a corner, how could I never have imagined that I would sit on the prime minister of the Western Cangzhou Continent, and one day, I will definitely find you to settle the general account.

.....

On the other side, God Domain.

Yue Feng left the Arctic Mountain, and without a moment's delay, he rushed towards the direction of the nearest portal.

Now that the situation in the God Domain is complicated, go back to Ghost Guzi first to discuss the countermeasures.

Crash!

As a result, when he was about to reach the portal, Yue Feng saw that in the other direction, two teams of patrolling divine soldiers came quickly, arriving at the portal one step ahead.

“Close the portal.”

“Keep it here, Niangniang said, once you find His Royal Highness the God King and other suspicious figures, you will arrest them as soon as possible.”

Soon, after surrounding the portal, the two patrol leaders gave the order.

“Obey!”

The divine soldiers present responded in unison.

Groove!

Seeing this scene, Yue Feng's heart was shocked, and he secretly frowned.

Looking at this, Hua Zhao Niangniang already knew that my god king was fake.

Muttering in his heart, Yue Feng quickly left quietly and quickly rushed towards another portal, and as you can imagine, the other portal was also garrisoned by a large number of divine soldiers.

Yue Feng did not die, and went to the location of other portals, and finally found helplessly that Hua Zhao Niangniang had blocked the entire God Domain.

Nima!

For a time, Yue Feng was extremely anxious, he couldn't leave the God Domain, and he would be discovered sooner or later.

What to do about this?

In a hurry, Yue Feng suddenly thought of drinking with Hua Zhao Niangniang last night, and talked about the retreat of the ancestor of the Hong Barrens.

Pregnant.

Hua Zhao Niangniang deployed the enchantment in the place where the Honghuang Old Ancestor was closed, to prevent the Honghuang Old Ancestor from detecting the situation in the God Domain at this time, why not destroy the enchantment.

Once the ancestor of Hong Huang knew what Hua Zhao Niangniang did, he would definitely not stand idly by, and at that time, he would save a lot of things.

Yes, go to the place where the ancestor of the Hong Barren retreats.

Making up his mind, Yue Feng immediately rushed towards the northwest of the Yutian Palace, in the direction of the Huang Mountain Range.

The Huang Mountain Range is the oldest mountain range in the Divine Domain, and there is no one, formed at the beginning of the division of heaven and earth, gathering the essence of heaven and earth, but it is also very dangerous, raging fire, hurricanes...

Therefore, this kind of place is not for ordinary people.

The ultimate husband in Chinese chapter 6979—Yue Feng had never been to the Huang Mountain Range, but he also knew the approximate location, and after an hour of flight, he finally arrived after avoiding the eyes of many patrolling divine soldiers.

Call!

At this moment, Yue Feng was suspended in the air, looking at the ancient mountain range in front of him, he couldn't help but take a deep breath, and his heart was also shocked.

I saw the ancient mountains in front of me, stretching for thousands of miles, as if there was no end.

At the beginning of the mountain range, there is a high peak, and under the details, there are ten large and small peaks, and at the angle of Yue Feng, you can clearly see that these ten peaks are ring-shaped, and nine peaks surround the highest one.

And on this highest mountain, auspicious clouds are shrouded, and at the foot of the mountain is close to the mountain wall, and the magnificent arch leads to the mountain.

Obviously, inside the arch is the retreat of the ancestor of the Hong Barrens.

Seeing this scene, Yue Feng was not half happy, but locked his brows, because around the peak in the middle, a huge enchantment had been deployed.

Not only that, but around the enchantment, many formations were also deployed, and these formations were intertwined with each other, and as long as one of them was accidentally triggered, the other formations would also be activated.

Marde!

Seeing this, Yue Feng couldn't help but scold secretly.

Hua Zhao Niangniang really had evil intentions, in order to block the eyes and ears of the Hong Barren Old Ancestor, not only deployed the enchantment, but also deployed so many formations.

Some of these interlocking formations could be recognized by Yue Feng, but some had never seen them.

For a while, Yue Feng had a headache.

Swish!

At this moment, Yue Feng sensed something and quickly landed, looking back at the same time.

I saw two figures flying rapidly.

These two figures, one wearing a long skirt of fire red and the other wearing a long skirt of ice blue, are extremely graceful.

Lying groove, it won't be discovered by Hua Zhao Niangniang's subordinates, right?

At this moment, Yue Feng thought that it was Hua Zhaoniang's maid, and he was suddenly a little nervous, but when the other party was closer, he secretly sighed with relief.

I saw that the two figures quickly landed in the position of the arch.

Wearing a red long skirt, the facial features are exquisite, and the eyebrows are a little heroic, giving people the feeling that it is like a fire, while the ice blue long skirt, the facial features are charming, and the whole body is filled with coldness that refuses to be thousands of miles away.

It is the Holy Sun Goddess and the Cold Moon Goddess.

The Holy Yang Goddess and the Cold Moon Goddess, different from ordinary Divine Domain Immortals, have a special status, because they are the same as the Nine Heavens God and Nuwa Niangniang, they are all apprentices of the Honghuang Old Ancestor.

“Are they?”

At this moment, seeing the two goddesses, Yue Feng was also stunned.

It is rumored that the Holy Sun Goddess and the Cold Moon Goddess, indifferent to fame and wealth, tired of power, rarely appear in the Yutian Palace, so there are very few people who have seen them, but Yue Feng has seen them once.

At the beginning, the demon clan made a big disturbance in the Yutian Palace, and at the last moment, the ancestor of the Hong Wilderness appeared, and the two goddesses also followed.

Seeing them at this time, Yue Feng immediately guessed something.

Hua Zhao Niangniang wanted to control the God Domain, and during this time, so many actions, the two goddesses must have come to report the situation to the Hong Barren Old Ancestor.

Call!

Thinking of this, Yue Feng exhaled deeply, walked out of the hiding place, and said to the Holy Sun Goddess and the Cold Moon Goddess: “Two goddesses, don’t come unharmed.”

“What people?”

Leng Buding heard a voice behind him, and the Holy Yang Goddess and the Cold Moon Goddess were taken aback, and quickly looked back at Yue Feng, and all snorted.

Buzzing!

In the next second, the two goddesses, almost without hesitation, burst out the power of the Yuan God one after another, and the jade hand raised to strike towards Yue Feng.

Yue Feng guessed well, the two goddesses came to find the ancestor of the Hong Wilderness.

They originally lived in seclusion at Qingyun Peak, the northernmost part of the Huanggu Mountain Range, and there was no dispute with the world, but Hua Zhao Niangniang sent someone to find them two days ago to seek support.

The Holy Yang Goddess and the Cold Moon Goddess naturally refused without hesitation, and finally learned that Hua Zhaoniang had set up an enchantment in the place where the Honghuang Old Ancestor was retreating, and she was even more furious, and she fought with Hua Zhaoniang's subordinates at that time.

After a fierce battle, the two goddesses escaped the siege, threw off the pursuers, and came directly here.

The ultimate husband in Chinese chapter 6980—At this time, seeing Yue Feng wearing the armor of a patrol divine soldier, he thought that the pursuers were chasing him, so he did not hesitate to strike.

Groove...

Seeing the two goddesses attacking at the same time, Yue Feng was crying and laughing, and he didn't have time to dodge, so he had to wave his palms to meet it.

Bang bang....

In an instant, the three palms collided, and a roar was heard, followed by the two goddesses' delicate bodies trembling, and they took a few steps back.

Yue Feng was also shocked to take a step back, and soon stabilized his figure.

"Two!"

The moment he stabilized his figure, Yue Feng hurriedly said, "It's me, Yue Feng."
Hearing

this, the Holy Sun Goddess and the Cold Moon Goddess, only then saw Yue Feng's face clearly, and they were stunned for a while.

"Yue Feng?"

"How are you?"

For a while, the two goddesses were very surprised, and at the same time, their delicate faces also flashed with complexity. Like the Purple Cloud Fairy, the two goddesses also had no good feelings for Yue Feng.

Although Yue Feng was the master of the Heavenly Emperor, the situation in the Divine Domain had something to do with him.

In the next second, the Cold Moon Goddess reacted and said coldly: "Yue Feng, what are you doing here?" "

Uh...

Feeling the cold attitude of the Cold Moon Goddess, Yue Feng scratched his head in embarrassment: "I came to report the situation to the ancestors."

While speaking, Yue Feng couldn't help but quietly look at the two goddesses, secretly admiring in his heart.

These two goddesses are really beautiful.

One sex is like fire, the other is cold as ice, and the body is so perfect and charming, standing together, it is simply different.

"Debrief?"

Hearing the answer, the Cold Moon Goddess snorted coldly: "You just came at this time, isn't it a little late?" Yue Feng, when Master named you the Nine Heavens Xuan Saint, he had great expectations for you, but you made a mess.

"After becoming an emperor master, I didn't properly assist the Heavenly Emperor, which caused the Heavenly Emperor to be mutilated by Haotian, and now it's out of control, don't you feel ashamed to come to my master again?"

The tone was cold, revealing a bit of contempt, and there was no room for refutation.

She didn't have the slightest good impression of Yue Feng, and when she noticed Yue Feng's gaze, she kept staring at herself, and she became even more disgusted.

Groove!

At this moment, Yue Feng was speechless.

What's the situation? I didn't say anything, but I was ridiculed?

At this time, the Holy Yang Goddess spoke: "Yue Feng, we are here to report the situation to Master, you hurry up."

Yue Feng was stunned, looked at the enchantment in front of him, and shook his head: "I'd better flow down, help you break the enchantment, this enchantment..." He knew that the strength of the two goddesses was good, but it was not easy to break through this enchantment.

You know, this enchantment, but Hua Zhao Niangniang and the thirty-six Tiangang Divine Generals, deployed together, is extremely powerful.

But before he finished speaking, he was coldly interrupted by the Cold Moon Goddess.

“Let you go, you go.”

The Cold Moon Goddess frowned, and said impatiently: “So much nonsense? But it’s just an enchantment, it’s nothing to us.

When

she said this, the delicate face of the Cold Moon Goddess was full of cold arrogance.

Subsequently, the Cold Moon Goddess ignored Yue Feng, walked to the enchantment with the Holy Yang Goddess, and began to discuss how to crack it.

Belch....

Being left aside, Yue Feng was a little embarrassed.

This is, after carefully observing the enchantment, the Holy Yang Goddess slowly said: “This array is deployed by Hua Zhao Niangniang and the Thirty-Six Heavenly Gang God together, containing the mystery of the Thirty-six Heavenly Gang, according to my inference, the weakness lies in the direction of the Heavenly Machine and the Heavenly Death.”

“As long as we attack the Heavenly Machinery and the Heavenly Death Orientation with all our strength, the enchantment can be destroyed...”

Hearing this, the Cold Moon Saint nodded and said, “Good.” Buzz

!

When the words fell, the two goddesses flew up together, and the power of the Yuan God urged in unison, ready to strike.

Seeing this scene, Yue Feng’s face changed, and he hurriedly said, “Wait!” “

Yikes!

Hearing the shout, the Holy Sun Goddess and the Cold Moon Goddess stopped their movements in unison, looked back at Yue Feng with a frown, and couldn’t hide the anger on each other’s faces.

“Yue Feng, why aren’t you leaving yet?” The Cold Moon Saint Girl spoke coldly, and at this time, she had no patience with Yue Feng.

The Holy Sun Goddess was also full of displeasure.

This Yue Feng prevents us from breaking through the enchantment, what exactly are we going to do?
