The ultimate husband in Chinese chapter 6991—Although Yue Feng is ancient and modern, he is not omniscient, especially the situation in the Divine Domain, tens of thousands of years of vicissitudes of the sea, there are countless divine beasts and beasts, where to know clearly.

I have hardly heard of this prison wind in front of me.

Hehe!

Seeing Yue Feng's puzzled face, the Cold Moon Goddess couldn't help but chuckled: "I don't even know about Prisoner Feng, what else is the master of the Heavenly Emperor?" What a shame.

When

she said this, the delicate face of the Cold Moon Goddess could not hide her contempt.

Yue Feng was a little speechless.

I'll go, this can all be mocked, how much opinion are you of me?

At this moment, the Holy Yang Goddess first carefully looked at the prisoner wind on the branches, and gently popularized Yue Feng: "The prisoner wind is one of the earliest alien beasts that appeared at the beginning of the heaven and earth.

"This beast has a cold and vicious temperament, everywhere it goes, hurricanes are raging, and the world is miserable, and later the Heavenly Emperor sent troops to surround and suppress it, who knows, this prisoner wind set off a hurricane array, involving tens of thousands of divine soldiers and soldiers into the chaotic void."

When she said this, the eyes of the Shengyang Goddess were full of solemnity, and she obviously had some heart palpitations about the things of that year.

Groove.

Hearing this, Yue Feng was secretly shocked in his heart.

This prisoner's strength is so strong? Can it actually involve tens of thousands of divine soldiers into the Chaotic Void?

Just when Yue Feng was secretly stunned, the Holy Yang Goddess continued: "Later, Master Venerable personally took action, severely damaged this prisoner wind, and then suppressed here.

Saying that, the eyes of the Holy Sun Goddess flickered: "I thought that after so many years, this prisoner wind would cease to exist, but I didn't expect that it would still be alive."

"This prisoner's style, although it is no longer the same as before, and its strength has not recovered to its peak, but it cannot be underestimated, even if the three of us join forces, I am afraid that we will not be opponents."

Hearing this, Yue Feng nodded: "Hmm!"

Even the Holy Sun Goddess said this, which shows that the strength of this prisoner wind is indeed extraordinary.

Under the discussion, Yue Feng San said no more, avoided the huge dead tree, and slowly went around. The steps of the three people were very light and light, especially the Holy Sun Goddess and the Cold Moon Goddess, and the delicate faces could not hide the nervousness, as if their hearts were about to jump out.

Yue Feng was not so nervous, but a little curious.

Finally, bypassing the big tree, Yue Feng couldn't help but ask in a low voice: "Strange, that prisoner wind stared at his eyes, he didn't see us?" Phew

!

The Holy Yang Goddess took a deep breath and said in a complicated way: "This prisoner has a habit of sleeping with his eyes open, and he should be resting at this time, so he didn't see us." Sleep

with your eyes open?

Yue Feng was stunned, and then nodded abruptly, no wonder this prisoner did not react at all.

Perhaps because it was too nervous, for fear that the prisoner wind would suddenly wake up, after the Holy Yang Goddess finished speaking, she and the Cold Moon Goddess quickened their pace, at this time they went straight to leave here quickly, after all, the prisoner wind strength is too strong, once awakened, find them, the consequences dare not imagine.

Seeing this, Yue Feng also hurried to catch up.

Whoosh!

The ground here was uneven, and when Yue Feng caught up, he accidentally stepped on the long skirt of the Cold Moon Goddess, and he heard a crisp sound, and the long skirt suddenly tore a piece.

Seeing that straight leg, Yue Feng suddenly felt a little stunned.

The Cold Moon Goddess trembled, looked back at Yue Feng's expression, and suddenly her pretty face turned red, and she couldn't help but snort: "Bastard!" When the words fell, the Cold Moon Goddess quickly raised her jade hand and slapped Yue Feng without warning.

At this time, the Cold Moon Goddess was very angry, her own goddess, the disciple of the Hong Barren Old Ancestor, although not as famous as the Nine Heavens God and Nuwa Niangniang, people are well-known, but they are also status-defying.

And now, this Yue Feng actually pulled his long skirt, and looked at it unscrupulously, which was really abominable.

Syllable!

A crisp sound sounded, Yue Feng covered his face, and he was also a little confused at that time, crying and laughing.

Nima, this slap is really unjust.

"You.." The Cold Moon Goddess slapped her face, still puzzled, and said coldly at Yue Feng: "You shameless, what do you want to do?" When

the words fell, the Holy Yang Goddess also frowned: "Yue Feng, although you helped us just now, it is better to do your part." Like the Cold Moon Goddess, she also thought that Yue Feng was intentional.

Seeing that the Shengyang goddess also misunderstood herself, Yue Feng smiled bitterly: "The two goddesses misunderstood, I didn't mean it just now, but I was careless..."

Buzzing.....

Before he finished speaking, he sensed an extremely powerful aura fluctuation behind him.

In an instant, Yue Feng and the two goddesses were shocked, and they all looked behind them, and they were all shocked.

I saw the prisoner wind lying on the branch, and I didn't know when I woke up, and at this time, I was looking back at Yue Feng San, my eyes were fierce and terrifying.

Obviously, just now, the Cold Moon Goddess slapped Yue Feng and woke up this prisoner wind.

Worst!

At this moment, both Yue Feng and the two goddesses were inexplicably nervous.

This prisoner has awakened, and this is trouble.

Hahaha....

Just when Yue Feng and the three were shocked, Prisoner Feng suddenly stood up, stared at the three of them, and laughed loudly: "How many years, finally let me see someone come in."

"Well, I haven't smelled fresh blood for a long time, not bad."

When he laughed, the gaze of the prisoner couldn't help but look at Yue Feng's three bodies, as if in his eyes, Yue Feng's three were just a delicious snack.

Faced with the situation, Yue Feng and the three were full of vigilance and did not respond.

"Gee!"

At this time, Prisoner Feng looked at the Holy Yang Goddess, and then at the Cold Moon Goddess, and his tone was extremely gloomy and excited: "These two beautiful fairies are good, and the blood must be very sweet."

Saying that, the prisoner licked his lips.

When the Ancestor of the Hong Wilderness sealed the Prisoner Wind, he had not yet accepted the Holy Yang Goddess and the Cold Moon Goddess as disciples, so the Prisoner Wind did not know him.

Swish!

Hearing this, the Holy Sun Goddess and the Cold Moon Goddess both had a chill on their faces.

This prisoner is really arrogant.

“Wicked beast!”

Finally, the Holy Yang Goddess, who had a fiery personality, took the lead in not being able to help it, and shouted: “You want to be arrogant, today I will completely get rid of this scourge of you.” Buzz

!

When the words fell, the power of the Holy Sun Goddess burst out, the jade hand slowly raised, and a blazing sun divine fire burned out, and then it suddenly rose up, straight towards the prisoner wind.

Woohoo... .

The moment he was about to arrive, the Holy Sun Goddess waved her jade hand, and the fire quickly burst out, shrouding towards the prisoner wind.

Under the fire, heaven and earth were reflected in a fiery red.

Seeing this scene, Yue Feng secretly nodded approvingly.

The Holy Yang Goddess is worthy of being a disciple of the Flood Wilderness Old Ancestor, this fire attack, the power is not pressed by his own red lotus industry fire, this prisoner wind should be difficult to resist.

Well?

Watching the fire spread, the prisoner did not panic at all, just stunned, and then sneered: “Oh, this is quite like something, but unfortunately, your fire is afraid that it will not be able to get on me.”

“Back then, tens of thousands of divine soldiers released heavenly fire to besiege me, and they were all easily broken through by me, you are a fairy, a little too conceited.”

The last word fell, and the prisoner stretched his lower muscles, and then a pair of flesh wings on his back quickly stirred.

Woohoo... .

In an instant, with a burst of violent aura, hurricane tornadoes swept around it and quickly took shape. There were already hurricanes raging around them, so the tornado formed almost in the blink of an eye.

The fire hit the hurricane tornado, barely supporting for a few seconds, and was quickly blown out.

What the?

Seeing this scene, the Holy Sun Goddess's body trembled, her brain buzzed, and her original incomparable confidence was only shocked in her heart at this time.

This flame, he had exerted eight layers of divine power, but it was so easily dissolved by this prisoner.

At the same time, Yue Feng also frowned secretly, secretly shocked in his heart.

This prisoner wind was really powerful, and it extinguished the fire of the Holy Sun Goddess with an understatement.

“Hey, hey!”

Just when the Holy Sun Goddess was shocked, the prisoner wind laughed evilly, the flesh wings shook, and the huge body burst out like lightning, whistling towards the Holy Sun Goddess.

“Since you are so urgent, let's take you first.”

A cold sentence fell, and the prisoner wind had already arrived in front of the Holy Sun Goddess, and her claws waved and slashed towards the white neck of the Holy Yang Goddess.

“Be careful!”

“Be careful!”

The speed of the prisoner wind was too fast, Yue Feng and the Cold Moon Goddess did not have time to support, and in a hurry, they couldn't help but remind them.

The ultimate husband in Chinese chapter 6993—At this moment, the Holy Yang Goddess reacted, and there was no time to dodge, so she had to bite her lips and meet it with a palm.

Rumble!

In the next second, the palm force and claws collided, and a roar erupted, and under the violent vibration, I heard the Holy Sun Goddess snort, her delicate body retreated one after another, and her delicate face was a little pale.

Obviously, although the Holy Sun Goddess is strong, she is much inferior to the prisoner wind.

“Haha!”

At this moment, the prisoner was very proud, and looked at the Shengyang goddess playfully: “A female streamer, still want to compete with me?” I advise you to save your effort. Whoosh

!

When the words fell, the prisoner wind broke out again, ready to take advantage of the Holy Sun Goddess’s unstable foothold and completely subdue her.

Faced with this situation, the Holy Yang Goddess bit her lip and completely panicked.

“Hugh is going to hurt her!”

However, at this moment, the Cold Moon Goddess, who had been waiting for the opportunity, suddenly drank coquettishly, and the jade hand pinched a magic technique, with a solemn expression, and chanted the mantra in her mouth.

“Ice Kill!”

The four cold words came out of the mouth of the Cold Moon Goddess, and in an instant, a slaughter filled the heavens and the earth, and the temperature of the surrounding air plummeted, and then one after another ice arrows condensed, cutting out one after another ice blue light, bursting towards the prisoner wind.

Well?

Seeing this scene, Prisoner Feng frowned: “It’s a little interesting!” Saying

that, the prisoner wind temporarily abandoned the Holy Sun Goddess, and the flesh wings instigated a rapid retreat, and then a bolt of lightning spewed out from his mouth.

Click and wipe...

The lightning slashed down fiercely, and thousands of ice arrows were immediately blasted into smashes.

This...

Seeing this scene, the Cold Moon Goddess's body trembled, and her face suddenly became embarrassed.

The strength of this prisoner wind is also too strong.

At the same time, the Holy Sun Goddess's eyes flickered and her expression solemn.

This prisoner wind, not only has a hurricane attack, but also spits lightning, how else to fight?

Yue Feng, who was standing behind, also frowned secretly at this time.

It's another hurricane, it's lightning, and this prisoner wind is really difficult.

"Hey, hey!"

At this time, the prisoner laughed evilly and said to the two goddesses: "You are not my opponent, so don't resist, obediently accept your life." The

words were full of pride.

Swish!

The Holy Yang Goddess's face turned cold, and she said coquettishly: "The evil beast Hugh will be rampant, no matter what the price is paid today, I will get rid of you." The

last word fell, and the delicate body of the Holy Sun Goddess flashed, and she slapped a palm towards the prisoner wind.

"Shengyang, I'll help you!"

"I'll help you too."

At this moment, the Cold Moon Goddess and Yue Feng shouted one after another, and they burst out in unison, fighting fiercely with the Holy Sun Goddess.

"Come together? Very good! Seeing

Yue Feng three rushing over, the prisoner wind not only did not panic, his eyes flashed with excitement, and his body was also filled with a strong fighting intent, and his figure flashed, and Yue Feng three fiercely fought.

Woohoo!

For a time, the prisoner wind flesh wings instigated, and a hurricane raged up, not only that, but one after another thunder and lightning were caught in the hurricane, which made Yue Feng three difficult to deal with, and for a while he was a little busy.

After a while, Yue Feng and the three were struck by lightning and fell from mid-air one by one.

“Poof!”

The moment he landed, Yue Feng spurted out a mouthful of blood, and his face turned pale. Although there is a Dharma Red Lotus Protective Body, the hurricanes and thunder and lightning that erupt from this prisoner wind are too powerful to resist.

After the Holy Sun Goddess and the Cold Moon Goddess landed, their faces were also weak.

“Hey, hey!”

Defeating Yue Feng three in one fell swoop, Prisoner Feng was very proud: “I said, you are not opponents, or obediently be my snack.” Said, slowly landed, step by step.

Faced with this situation, the Holy Sun Goddess and the Cold Moon Goddess both looked desperate.

Yue Feng was also anxious.

Ma De, finally escaped the siege of Hua Zhao Niangniang, but he encountered this prisoner, and if he died at his hands, it would be too worthless.

Finally, the prisoner wind arrived in front of the Holy Sun Goddess, and said with an evil smile: “With such a violent personality, then you should die first.” When the words fell, his claws waved and slammed towards the top of the head of the Holy Sun Goddess.

At this time, the Holy Sun Goddess was very weak and could not avoid it at all, so she could only close her eyes in despair.

Seeing this scene, the Cold Moon Goddess couldn't help but shout, and her eyes were resentful and anxious.

But she, like the Holy Sun Goddess, was very weak at this time, and she was completely powerless to stop it.

“Slowly...”

Seeing that the Holy Yang Goddess was about to lose the jade, Yue Feng was in a hurry, and couldn't help shouting: “You can't kill her!” “

Yikes!

At this moment, Prisoner Feng stopped moving, his gaze suddenly locked Yue Feng tightly, and sneered: “Why can't I kill her?” As he spoke, the prisoner was secretly surprised.

I haven't noticed just now, but there is still a Dharma Red Lotus in this kid's body....

“You...”

Yue Feng took a deep breath, his brain turned quickly, he was in a hurry to stop it just now, there was no reason at all, at this time, under the questioning of the prisoner wind, he could only talk nonsense: “If you kill us, you will never be able to get out.”

When

he said this, Yue Fengxin mentioned his throat.

The Holy Sun Goddess and the Cold Moon Goddess were also extremely nervous.

“What do you mean?” The prisoner's eyes flickered and said coldly.

Call!

Yue Feng took a deep breath, tried to calm himself down, and then said seriously: “You have been trapped here for thousands of years, you must want to go out.”

“We can take you out.”

In fact, Yue Feng didn't know anything about the environment here, and he didn't know how to get out at all, but in order to protect himself and save the lives of the Holy Sun Goddess and the Cold Moon Goddess, he could only talk nonsense.

Hearing this, the prisoner suddenly became a little excited.

Yue Feng guessed well, when the prisoner wind was sealed here by the Hong Barren Old Ancestor, and now it has experienced 28,000 years, and he dreams of going out, and when he heard Yue Feng's words, he was suddenly a little moved.

However, the prisoner wind was not stupid, and he quickly calmed down and sneered: "Boy, you want to trick me?" You think I'll believe you?

If they can get out, these three will not be caught by themselves.

More importantly, the area of the Huang Mountain Range is dangerous everywhere, and there are only two exits in the north, but both exits were originally set up by the Honghuang Old Ancestor to set up an extremely powerful magic array.

Those two magic formations, the prisoner wind does not know how many times it has tried, and in the end they are all failures, it will not believe at all, the three Yue Feng in front of it can be broken.

"Really!"

Seeing that the prisoner did not believe it, Yue Feng was a little anxious, and hurriedly said, "But if you don't believe it, there is no way."

Saying that, Yue Feng continued: "Speaking of which, the lives of the three of us are already in your hands, it is better to give me a chance, if I can't take you out, it's not too late for you to kill me again." Hearing

this, the prisoner groaned.

After a few seconds, Prisoner Wind nodded and said, "Okay, I'll trust you kid once." At that time, if you can't take me out, I'll crush your corpse into ten thousand pieces." Prisoner

Feng was very conceited, and at this time, he very much agreed with Yue Feng's words.

The lives of the three in front of him are all pinched in their own hands, and they are not afraid of their tricks at all.

Saying that, the prisoner's gaze fell on the Holy Sun Goddess and the Cold Moon Goddess, and sneered: "That kid can take me out, you two will be useless, continue to make me snacks." When

the words fell, the prisoner wind continued to move.

Faced with this situation, the Holy Sun Goddess and the Cold Moon Goddess were both extremely sad and indignant, and at the same time, their hearts were also completely desperate.

After all, it is still impossible to escape death.

"Nope!"

However, at this time, Yue Feng stopped loudly again: “The two of them, you can’t kill either.” “

Yikes!

At this moment, the prisoner wind was a little angry, and looked at Yue Feng coldly: “Boy, you don’t have to step in, I won’t kill you for the time being, it’s already very benevolent.”

As

he spoke, Prisoner Feng couldn’t help but lick his sharp mouth, he hadn’t tasted blood for many years, and he couldn’t wait at this time.

Yue Feng did not hesitate for a moment, and said loudly: “The two of them are my wives, if you kill my wife, I would rather die than take you out.”

At this time, Yue Feng really had no choice, so he could only continue to talk about it.

Swish!

Hearing this, the Holy Sun Goddess and the Cold Moon Goddess both trembled and stared at Yue Feng in unison, embarrassed.

This Yue Feng was really bold, and actually said that we were his wives.

Holy Sun Goddess also wanted to reprimand, but quickly calmed down.

Yue Feng said this to save us....

It’s just that he said so, and it was too infuriating.

Thinking about it, the Holy Sun Goddess still held back her anger and waited to see what happened.

Well?

At this moment, the prisoner was also stunned, looking Yue Feng up and down, and then looked at the two goddesses, and sneered: “Boy, do you really think I’m so easy to fool?” Moreover, people do not admit it.

Faced with this situation, Yue Feng was a little embarrassed, but he still forced his head and smiled: "You don't know something, my wife was angry with me just now, and she is still making trouble."

Saying that, Yue Feng said to the Holy Yang Goddess, "Isn't that right, big wife."

As

he spoke, Yue Feng blinked secretly and motioned for the Holy Sun Goddess to help persuade the Cold Moon Goddess.

Yue Feng could see that although the Holy Yang Goddess had a violent personality, she was still relatively calm and should know her intentions.

Well!

The Holy Sun Goddess bit her lip lightly and nodded.

Immediately, taking advantage of the prisoner's lack of attention, the Holy Sun Goddess whispered to the Cold Moon Goddess: "Don't get excited, he said this to save us." The

Cold Moon Goddess snorted coldly and did not respond.

However, at this time, the Cold Moon Goddess also calmed down, and she also knew in her heart that Yue Feng said this to save their lives, but she was still very displeased in her heart.

"Huh!"

Seeing the Shengyang Goddess nodding, Yue Feng showed a hint of a smile and said to the prisoner: "See, they are really my wives!"

Saying that, Yue Feng said to the Cold Moon Goddess again: "Second wife, I was wrong just now, I shouldn't have broken your skirt, don't be angry, quickly call your husband to listen, otherwise people really think I'm lying to him."

When

he said this, Yue Feng's face was full of eagerness, but his heart was secretly amused.

This Cold Moon Goddess has always looked down on me, all kinds of targets against me, I probably didn't expect that I needed to save her at this time.

"You...."

The Cold Moon Goddess originally planned to acquiesce, so she fooled the past, but she didn't expect that Yue Feng asked her to open her mouth to call her husband, and for a while, her delicate face turned red, and her heart was extremely ashamed.

This Yue Feng, say that I am his wife, forget it, and now he wants me to call his husband.

It's abominable.

But if he didn't shout, this prisoner would suspect that at that time, he and Shengyang would still be unable to escape death.

After some entanglement, the Cold Moon Goddess finally compromised and shouted at Yue Feng in a low voice: "Husband! "

Haha...

Seeing that she finally shouted out, Yue Feng felt indescribably happy in his heart, but his face did not show it, and he said to the prisoner wind: "Now you believe it." The two of them are my wives.

"The three of us, live together, die together."

Faced with this situation, Prisoner Feng naturally did not suspect, and immediately nodded: "Okay, then I'll give you a chance."

While speaking, the prisoner looked at the two goddesses and forcibly suppressed the impulse.

Seriously, Prisoner Wind really wanted to eat the two goddesses, but it also knew that leaving this ghost place was the most important thing.

"Thank you!"

Yue Feng hurriedly thanked him, but secretly pondered in his heart.

Now his life is saved, but this prisoner has a violent temperament, who knows if he will change his mind later, and he has to find a way to get rid of him.

Thinking about it, Yue Feng smiled and said, "In this way, the three of us go to the front to investigate, you just wait here, and when we find the exit, we will come back and call you."

Saying that, Yue Feng took the hands of the Holy Sun Goddess and the Cold Moon Goddess respectively, and prepared to move forward.

Hehe!

However, the prisoner smiled coldly: "You don't want to escape, do you?" I know this place better than anyone, and I don't need you to probe it.

“Come with me, I’ll see how capable you kid can be.”

When the words fell, the prisoner slowly walked towards the north, although he walked in front, his attention was always on Yue Feng’s three.

Alas!

Seeing this, Yue Feng secretly sighed and had to slowly follow.

The Cold Moon Goddess took the opportunity to shake off his hand, and her delicate face was full of disgust: “Don’t touch me.” ”

The ultimate husband in Chinese chapter 6996—Yue Feng is very helpless, I just saved you, you are still this high posture, I already knew this, just let you call your husband twice.

Muttering in his heart, Yue Feng looked at the prisoner wind in front of him, and couldn’t help but feel a little worried.

This monster has been following, and there is no chance to escape.

“Yue Feng!”

At this moment, the Holy Yang Goddess couldn’t help but whisper, “You really want to take it out?” As he spoke, Shengyang looked at the prisoner wind in front of him vigilantly, unable to hide his hostility.

Speaking of which, the Holy Yang Goddess was very grateful to Yue Feng for saving her just now, just... This prisoner wind is very evil, if it is allowed to escape, the entire God Domain and the human world will be a catastrophe.

Yue Feng smiled bitterly and said in a low voice, “How do I know the way out?” I just lied to him. What

?

Hearing this, the Holy Sun Goddess was immediately stunned.

She has a fiery personality, and she is straightforward, she does things one is one, two is two, and she never lies and deceives people, so she believes that Yue Feng, who is the master of the Heavenly Emperor, also pursues this principle.

Unexpectedly, he lied just now to deceive the prisoner.

Thinking of this, the Shengyang Goddess's heart couldn't help but become complicated, if Yue Feng couldn't leave with the prisoner wind, the two of them would still be unable to escape death.

What is the difference between dying early and dying late?

Call!

Looking at the change in the expression of the Shengyang Goddess, Yue Feng guessed her thoughts, and sighed lightly at that time: "This is also a way out of the way, drag it first, and then we will find an opportunity." Hearing

him say this, the Holy Sun Goddess nodded silently.

At this time, the Cold Moon Goddess frowned, and couldn't help but say coldly: "This is the manifestation of cowardice, lying and deceiving people, but also treacherous, I really don't know, people like you can also be the master of the Heavenly Emperor." Just

now, she was forced to call Yue Feng's husband, and the Cold Moon Goddess was very angry in her heart, and at this time, she seized the opportunity to mock Yue Feng.

"Yes!"

Seeing her say this, Yue Feng was not angry, but said with a smile: "Even if I am a treacherous person, didn't you call me husband just now?"

"Without my husband, would you be alive until now?"

Swish!

Hearing this ridicule, the Cold Moon Goddess was ashamed and angry, but she couldn't say anything to refute it for a while.

After all, what Yue Feng said was the truth, without him just now, he and the Shengyang Goddess had already died tragically at the hands of Prisoner Feng.

At this moment, the prisoner wind in front suddenly stopped.

At this moment, the three of Yue Feng couldn't help but look forward, and all of a sudden, they were all stunned.

Especially Yue Feng, he was even more thrilled and shocked.

I saw that in front of me was a gorge, the mountain walls on both sides were steep and smooth, towering into the clouds, and at the mouth of the gorge was a large array of stone pillars, full of hundreds of huge stone pillars, densely arranged, each stone pillar, engraved with ancient runes.

And between these stone pillars, there are also some glowing fairy stones suspended.

Obviously, this is one of the exits, and it is this large array that has trapped the prisoner here for nearly 10,000 years.

“Boy!”

At this moment, Prisoner Feng slowly turned around and stared at Yue Feng and said, “The time has come to test you, can you break this formation?” When he said this, the prisoner’s expression was indifferent, but there was a bit of urgency in his eyes.

Call!

Yue Feng took a deep breath, slowly took a few steps forward, and carefully looked at the large array in front of him, without a clue for a while.

Speaking of which, Yue Feng’s attainment in the formation technique has reached the peak realm, looking at Kyushu and the God Domain, it is almost unmatched.

However, the formation in front of him was too exquisite, and Yue Feng was familiar with all kinds of extreme formations, and he had never seen it before.

It is not Yue Feng’s shallow knowledge, after all, the large array in front of him was personally deployed by the Hong Huang Old Ancestor. Ordinary people, it is difficult to peek at all.

This...

At this moment, the Holy Sun Goddess and the Cold Moon Goddess couldn’t help but get nervous. Especially seeing Yue Feng’s expression, his heart also hung up.

If Yue Feng couldn’t break the formation, the two of them would be unable to escape death.

Seeing Yue Feng frowning, Prisoner Feng Ben had some hope, but at this time he was suddenly a little disappointed, and said coldly: “Boy, I was full of confidence just now, it turned out to be a nonsense.” ”

When the last sentence fell, Prisoner Feng's eyes were full of killing intent, and his claws swung fiercely, and he grabbed towards Yue Feng.

Seeing this, the Holy Sun Goddess and the Cold Moon Goddess were both shocked.

This prisoner is so cruel that he even said that he would do it.

Nima!

Yue Feng was also a little flustered, but quickly calmed down and shouted, "Wait a minute, I can break the formation, but it will take some time." Hearing

this, the prisoner's eyes flickered, and he said coldly: "You still want to lie to me?"

Yue Feng took a deep breath and said slowly: "This array is called the Mixed Yuan God Great Array, it is fickle, and it is not an easy thing to crack it.

"If you hadn't, you wouldn't have been stuck for so long."

At this time, Yue Feng's face was serious.

This time Yue Feng was not nonsense, when he assisted Aolin in competing for the position of Heavenly Emperor, he had read several ancient texts in Aolin's book pavilion, which had recorded several ancient extinction formations, including this Mixed Yuan Divine Great Array.

There are only a few strokes in the records, but Yue Feng remembers deeply, this array can lose the god of immortals, eliminate the soul of immortals, trap the shape of immortals, and damage the qi of immortals. In other words, even if Da Luo Jinxian enters, he will end up with a divine and soul-destroying end, which is extremely dangerous.

Well?

Seeing that Yue Feng suddenly said the name of the big array, the prisoner was stunned, and suddenly he was a little impressed: "Good boy, he really has some skills, okay, then you can quickly break the formation." When

the words fell, the prisoner wind walked aside, slowly closed his eyes, and waited quietly.

At this time, the prisoner Feng no longer doubted Yue Feng, after all, very few people in front of him knew, and since Yue Feng could say it, he must know the way to crack it.

Call!

Seeing that Prisoner Feng no longer doubted, Yue Feng secretly breathed a sigh of relief.

Immediately, Yue Feng turned around and whispered to the Holy Sun Goddess and the Cold Moon Goddess: "Two of you, what is the mystery of this array, I hope you can mention something or two."

Yue Feng had only seen some sporadic records of this formation in ancient books, and he had no clue at all at this time. And the two goddesses, after all, are the disciples of the Honghuang Old Ancestor, and they must know more.

This...

At this moment, the Holy Yang Goddess bit her lips lightly, and her delicate face was a little complicated.

Although she was a disciple of Old Ancestor Honghuang, she did not have any talent in formation medicine, so Old Ancestor Honghuang did not pass on her formation technique.

However, when he first practiced with the Honghuang Old Ancestor, in his spare time, he also listened to the Hong Barren Old Ancestor explain the situation of this array.

For a while, while thinking about it, the Holy Yang Goddess said the situation explained by the ancestor of the Hong Wilderness.

At the same time, the Cold Moon Goddess also temporarily abandoned her previous suspicions and told Yue Feng what she knew.

Hearing the situation said by the two goddesses, Yue Feng nodded silently, and in his heart he combined the situation said by the two goddesses, and carefully observed the large array in front of him while deliberating.

The two goddesses stood on the side, and they did not dare to disturb them rashly.

Time passes by minute by minute.

Call!

I don't know how long it took, Yue Feng finally let out a long sigh of relief, and a smile appeared on his face.

Hearing the movement, the prisoner wind not far away immediately opened his eyes and stared at Yue Feng closely: “Have you thought of a way to break the formation?” The tone was indifferent, but the expectation in his eyes could not be concealed.

Yue Feng nodded: “Yes.” Haha

....

Hearing the answer, the prisoner was overjoyed, and immediately laughed: “Okay, quickly break the formation, how many years, finally want to see the light of day again, hahaha...”

At the same time, the Holy Sun Goddess and the Cold Moon Goddess were also delicate, and each other’s eyes were full of incredulity.

This Yue Feng thought of a way to break the formation so quickly?

As far as they knew, this Mixed Yuan God Great Array, in addition to the old ancestor of the Hong Wilderness, there was another person who could understand, that is, the master brother Brahma Emperor Monarch, who had disappeared for nearly 10,000 years.

And Yue Feng, in such a short time, was able to break the formation, it was simply unbelievable.

Don’t.... Is he cheating on prisoners again?

Just when the two goddesses were secretly puzzled, Yue Feng nodded: “Good!” Seeing that he really agreed, the Holy Yang Goddess reacted, and she was a little anxious at that time, and couldn’t help shouting: “Yue Feng...” If Yue Feng really knew the method of breaking the formation, he couldn’t let the prisoner wind out.

This time, the Holy Yang Goddess also learned to be smart, and quickly closed her mouth.

Although at the end of the time period, after what happened just now, the Holy Yang Goddess knew that Yue Feng was resourceful and would definitely not really help the prisoner to leave, and it naturally made sense for him to do so at this time.

Call!

At this moment, Yue Feng breathed a sigh of relief, took a step forward, pointed to the large array and rushed towards Qiu Feng: "To break this array, it is not possible for one person to do it, wait for me and my two wives, and work together to suppress the three formations outside." You can enter it again and destroy the fourth formation.

When

he said this, Yue Feng looked serious, but there was a bit of cunning hidden under his eyes.

Yes, Yue Feng didn't really want to help Prisoner Feng leave, moreover, after Yue Feng took a closer look just now, he didn't fully understand the mystery of this formation, so he was only eighty percent sure of breaking the formation.

Although he was not completely sure, Yue Feng also firmly believed that the fourth formation eye was the most dangerous place, and as long as he led the prisoner wind over, he would definitely be able to strangle it with the help of the power of the formation.

I go in?

Yue Feng said carefully, but the prisoner was very vigilant, and immediately said, "Why don't you go to the fourth formation?" The

prisoner style is not only cruel, but also very cunning, in the case of uncertainty, it will never take risks, which is an important reason why it has survived until now.

Hehe!

Feeling the suspicion of the prisoner wind, Yue Feng smiled slightly and explained: "You don't know something, suppressing the other three formations requires a common mind and close cooperation.

"My two wives and I are naturally husband and wife with deep love and common ideas. If you want to cooperate with them, I am afraid that something will go wrong.

In fact, suppressing the other three formations does not require cooperation at all.

"Alright!"

The prisoner wind was unknown, and there was nothing to say at this time, so he nodded, but still took a deep look at Yue Feng: "You are careful not to fool me, otherwise, you will die a miserable death."

Yue Feng quickly looked terrified: "Don't dare, don't dare!" Saying

that, Yue Feng greeted the Holy Yang Goddess and the Cold Moon Goddess, standing in three directions outside the large array, and after saying the position of the array, they all urged the power of the Yuan God.

Hooohoo...

In an instant, under the three suppressions of Yue Feng, the powerful pressure that permeated the entire large array suddenly weakened a lot.

Seeing this situation, the worries in the prisoner feng's heart suddenly eased a lot, and at that time, without hesitation, under the command of Yue Feng, he quickly rushed into the large array, and made a round turn to reach the fourth formation.

"Yue Feng!"

Seeing this, the Holy Yang Goddess finally couldn't help it, and urged the sound transmission secret technique: "What are your plans, you won't really want to help it get out of here, right?"

"Of course not!"

Yue Feng cast a sound transmission secret technique and responded: "The fourth formation eye is the most dangerous place, as long as it destroys the formation eye, it will completely stimulate the power of the formation, and at that time, it will not be able to escape with three heads and six arms." Click

, wipe!

The moment the words fell, I saw the prisoner wind waving his claws and slamming fiercely on the fourth eye, and the electric light raged in an instant. Immediately afterwards, a sharp tremor was heard, and the fourth eye shattered instantly.

Thundered!

The moment the fourth array shattered, the entire large array shook violently, erupting with a roar, and then the earth shook with it.

At the same time, an incomparably violent formation force swept the entire gorge.

"Quick!"

Faced with this situation, Yue Feng was shocked and excited, and quickly shouted: "Hurry back!" The moment the words fell, Yue Feng withdrew his divine power and quickly retreated.

Hearing the shout, the Holy Sun Goddess and the Cold Moon Goddess also quickly withdrew their strength, delicate and then withdrew.

Retreating to a safe place, Yue Feng three stared at the large array, and his heart was indescribably excited.

I saw that in the violent shaking, the terrifying power continued to rage, and then a cloud of light quickly enveloped the prisoner wind and rushed straight to the sky.

"Ugh!"

In the light, the prisoner looked hideous, and couldn't stop wailing in pain: "Boy, you lied to me..... Yes..... I won't let you go.... I will never let you go....."

Hearing the miserable howl of the prisoner wind, Yue Feng felt indescribably excited and relieved in his heart, but his face pretended to be very helpless, and he responded loudly: "I don't blame me for this, it must be that you didn't do a good job and something went wrong..."

"I can't spare you."

However, at this time, where would he believe Yue Feng's words? He kept letting out a mournful howl and cursing. However, with the power of the formation outbreak, it became more and more terrifying, and the howl of the prisoner wind became weaker and weaker.

Rumble! Rumble! Rumble!

Finally, with a roar, the Great Array of Divine Evil completely fell apart, turning into a ruin, and the entire gorge was filled with dust and smoke. At the same time, the chaotic darkness at the other end of the gorge also revealed a light.

Obviously, that light was the God Domain World outside.

Call!

Seeing this scene, whether it was Yue Feng or the two goddesses, they all breathed a long sigh of relief, and their mood was extremely happy.

Great, finally got rid of this prisoner.

“Let’s go!”

Excited, Yue Feng was the first to react, flying up, ready to quickly leap over the dust and smoke and leave here.

The Holy Yang Goddess and the Cold Moon Goddess, at this time, did not have time to think much, and their delicate bodies rose up and followed closely behind Yue Feng.

Airplanes!

However, just as Yue Feng three had just flown above the dust and smoke, in the ruins below, a powerful force suddenly surged, and immediately after, a huge figure rose up into the sky and rushed straight towards Yue Feng.

It was a huge strange bird, covered in darkness, embarrassed and ugly to look at.

It is the original form of the prison wind.

In the end, Yue Feng was not very familiar with the Mixed Yuan God Great Array, plus he was eager to get rid of the prisoner wind just now, and he did not fully stimulate the power of the formation.

Just now, before the formation shattered, the power that erupted only destroyed the flesh of the prisoner wind, but did not completely crush its Yuan God.

And the prisoner wind energy has been stored here for nearly 10,000 years, which is not comparable to ordinary divine beasts, and at this time, the illusion prototype rushed out, and he just wanted to take revenge on Yue Feng fiercely.

Groove!

Seeing the strange bird that suddenly rushed out, Yue Feng was startled, and he was a little confused at that time.

Immediately, Yue Feng reacted quickly and dodged to avoid it, but the result was still a step slower, and the sharp claws of the prisoner wind cut a deep bone wound on his body.

In an instant, blood gushed out, and Yue Feng couldn’t help but snort.

“It’s not dead?”

“This is the original form of the autumn wind.”

At the same time, the Holy Yang Goddess and the Cold Moon Goddess were also discolored, and they couldn't help but exclaim.

What the? This prisoner is not dead?

Hearing this, Yue Feng's heart trembled, and his brain suddenly buzzed and went blank.

So that it doesn't die? The strength of this prisoner wind is also too terrifying.

“Boy!”

At this moment, the prisoner wind soared in the air, his eyes were resentful, and he locked on Yue Feng: “If you dare to frame me, I will crush you to ashes and destroy your soul.”

In the last sentence, the prisoner almost roared out, full of resentment and anger.

Boom!

Feeling the killing intent of the prisoner wind, Yue Feng couldn't help but swallow his spit, almost wanting to cry without tears.

I thought that I could use the power of the formation and kill the prisoner wind, but I never expected that the formation was destroyed, and the prisoner wind was not dead. This is self-defeating and completely troublesome.

Airplanes!

At this moment, the prisoner wind did not say nonsense, the huge body roared, and the claws waved lightning, and once again fiercely grabbed towards Yue Feng.

“Be careful!”

Seeing this scene, the Holy Sun Goddess couldn't help but exclaim.

The Cold Moon Goddess bit her lips, and although there was no reminder, she secretly pinched the sweat for Yue Feng in her heart.

Speaking of which, the Cold Moon Goddess's opinion of Yue Feng still hasn't changed, but just now Yue Feng successfully broke the formation, this is a fact, seeing him in danger at this time, it is difficult to be indifferent.

Marde!

The speed of the prisoner wind was very fast, Yue Feng could not avoid it, at that time, anger came from it, and he simply opened up, raised his hand, and a red lotus industry fire condensed out to meet the prisoner wind.

“Red Lotus Industry Fire?”

The prisoner was stunned, and he was not in a hurry at that time, opened his sharp mouth and swallowed.

What the?

Seeing this scene, Yue Feng was taken aback, and the whole person was completely stunned.

It actually swallowed the Red Lotus Industry Fire? This....

“Hey, hey.”

Feeling Yue Feng’s shock, Prisoner Feng laughed evilly: “Boy, didn’t you expect it?” ”

At this time, the prisoner’s eyes were full of teasing, and he showed a kind of cat and mouse pleasure: “Because, I also have the Dharma Karma Red Lotus, so your Red Lotus Karma Fire has not hurt me in the slightest.”

When

he said the last word, the prisoner’s face was full of pride.

I see!

Hearing this, Yue Feng’s heart was abrupt, and at the same time, he was even more shocked.

The strength of this prisoner wind is really terrifying, it has the red lotus of the law, but I don’t feel it at all.

“Give it up!”

At this time, the prisoner wind howled madly: “I will make your heart die convinced!” When the words fell, the powerful strength broke out again, heading straight for Yue Feng.

Yue Feng was injured just now, his movement was restricted, and he couldn't dodge at this time.

Buzzing...

At this moment, the Holy Sun Goddess and the Cold Moon Goddess didn't have time to think about it, and they all burst out their divine power to meet the prisoner wind.

"Come together? Very good! The

prisoner snorted coldly, and two bolts of lightning erupted from his mouth, striking at the two goddesses respectively.

Click, click!

Two electric shocks roared, and the two goddesses snorted and fell in unison.

Prisoner Feng's eyes flashed with madness: "You two women, after all, will become my snack, I didn't eat you just now, it's your luck." When

the words fell, the huge figure of the prisoner wind descended and walked towards the two goddesses step by step.

Faced with this situation, the two goddesses were shocked and angry, and at the same time a little anxious.

This prisoner's strength is too strong, and he is not an opponent at all.

"Qiankun Wuji, break!"

At this moment, Yue Feng endured the severe pain of the wound, picked up the long swords dropped by the two holy girls, and quickly stabbed towards the prisoner wind like a lightning star.

Yes, what Yue Feng performed was a move created by himself based on the Tiangang Sword Technique.

Laugh at!

This sword stone broke the sky, even if the prisoner wind was strong and reacted quickly, it was difficult to dodge, and it was directly penetrated through the heart. The huge body stumbled and took a few steps back.

Taking advantage of the opportunity, Yue Feng dropped his long sword, quickly rushed over, picked up the Holy Sun Goddess and the Cold Moon Goddess respectively, and quickly flew towards the distance.

At this extremely critical juncture, the power of the bird ancestor in Yue Feng's body was also stimulated, and a pair of blood-colored phoenix wings were born on his back, and the speed suddenly increased several times, and he was a hundred meters away in the blink of an eye.

"Good boy!"

Seeing this scene, the prisoner was furious, quickly stopped the bleeding, and then flew up and quickly chased towards Yue Feng.

Although Yue Feng is fast, but the prisoner wind has the art of controlling the wind, at this time, facing the wind, the speed is getting faster and faster, and the distance between the two sides is getting closer and closer.

Groove!

Seeing that he was about to be caught up, Yue Feng panicked, seeing that the enchantment in front of him was getting closer and closer, and quickly landed in a hurry.

Putting the two goddesses down, Yue Feng turned around and shouted at the prisoner wind: "Wicked beast, in front of my master, you still dare to be presumptuous? When he shouted, Yue Feng was as imposing as a rainbow, and he looked fearless.

The Holy Yang Goddess and the Cold Moon Goddess flickered in their eyes, unable to hide their nervousness, not knowing what Yue Feng wanted to do.

Swish!

Prisoner Feng hovered in mid-air and looked at Yue Feng condescendingly: "Your master? Who is your master?"

While saying, Prisoner Feng looked at the enchantment in front of him vigilantly.

Hehe!

Yue Feng stood straight, and said word by word: "My master is the ancestor of the Hong Wilderness." Right

now, there is no escape, only a gamble.

Sure enough, hearing this, the prisoner's eyes flashed a little jealousy, but he still pretended to be calm: "Your master is the ancestor of the Hong Wilderness?" "It is not afraid of heaven or earth, but only afraid of the ancestor of the flood and desolation.

"Of course!"

Yue Feng looked proud: "Otherwise, how could I crack that big array?"

At this time, the prisoner reacted and said with a sinister smile: "Very good, since you are a disciple of the Honghuang Old Ancestor, then I will not let you go."

At this time, the prisoner's eyes flashed with monstrous resentment.

In the past 10,000 years, he has been trapped by the Honghuang Old Ancestor for nearly 10,000 years, although he cannot seek revenge on him, he must not let go easily when he encounters his disciples at this time.

Broken!

Seeing this, the Holy Sun Goddess and the Cold Moon Goddess were both anxious.
