The ultimate husband in Chinese chapter 7001—This Yue Feng actually said that he was a disciple of Master Venerable... The one that prisoner Feng hates the most is Master Venerable, Yue Feng is not looking for death when he does this?

At this time, the two goddesses did not know that this was Yue Feng's intention. Anyway, now there is no escape, it is better to gamble, take advantage of the prisoner's hatred of the Hong Barren Old Ancestor, and divert its target.

Hehe!

At this moment, Yue Feng faced the monstrous resentment of the prisoner wind, forcibly calmed himself down, and sneered: "How?" If you can't beat my master, will you be angry with his disciple?"

"Although you are very strong, but you are weak with a gun, it is no more than that."

Although Yue Feng did not worship the Honghuang Old Ancestor as a teacher, but the Honghuang Old Ancestor had brought him with him, it was not an exaggeration to call him a master.

Hearing this mockery, the prisoner shouted: "Stinky boy, you dare to mock me? I tell you, even if your master is here, I am not afraid.

At this time, the prisoner was very angry.

It is not afraid of the sky, even the Nine Heavens God of the year has never put it in his eyes, but at this moment, it is mocked by the brat in front of him, how not to be angry?

Haha, this idiot....

Yue Feng waited for his words, and immediately smiled secretly, but his face pretended to be very excited, and pointed to the retreat entrance inside the enchantment behind him: "Well, you said that you are not afraid of my master, his old man is in it now, if you really have the ability, go to him."

"I'm afraid, you haven't seen my master yet, and you fled."

When he said this, Yue Feng's face was full of pride and confidence.

Swish!

Hearing this, the prisoner was so angry that his eyes almost spewed fire, and in the next second, his eyes stared closely at the retreat entrance behind the enchantment: "Ancestor Honghuang, is it inside?"

As soon as he thought that he had been trapped for nearly 10,000 years, the anger in the prisoner's heart rose.

"Good!"

Yue Feng nodded and continued to agitate: "Master is inside, are you afraid?" Saying that, Yue Feng pointed to the layer of enchantment outside: "I advise you to escape, wait for my master to come out, you are afraid that you will be trapped again, the master's old mana is boundless, don't say that you are not an opponent, or the enchantment he deployed, it is difficult for you to break it." The

words, the words were heartfelt, constantly stimulating the self-esteem of the prisoner.

This was Yue Feng's plan, constantly stirring up the prisoner wind, let it attack the enchantment, if it could break the enchantment, the Honghuang Old Ancestor inside would know the situation outside.

If the prisoner wind can't break the enchantment, the movement will definitely attract Hua Zhaoniang's subordinates, and when the time comes, the two sides will fight, and Yue Feng and the three will have a chance to escape.

It can be said that no matter which result it is, for Yue Fengsan, there is only benefit and no harm.

"Fart!"

At this moment, the prisoner was furious, and kept howling: "Boy Hugh wants to make a big fuss, see that I destroyed this broken enchantment, and find your master to settle the account."

The moment the words fell, the power around the prisoner wind exploded, and the huge figure was like a cannonball, fiercely crashing towards the enchantment.

Call!

Seeing this scene, the two goddesses, who were originally a little worried and nervous, were secretly relieved at this time, and at this time they finally understood Yue Feng's intentions, and looked at his gaze, which also flashed with approval.

Especially the Cold Moon Goddess, who was originally extremely disgusted with Yue Feng, but at this time, complicated emotions surged in her heart.

Although this Yue Feng looks cynical, at critical moments, he can always turn the situation around....

Rumble.....

Just as the two goddesses were secretly thinking, the prisoner wind slammed into the enchantment, and suddenly an earth-shattering roar erupted, and the entire enchantment shook violently.

However, this enchantment was deployed by Hua Zhao Niangniang and the thirty-six Heavenly Gang Divine Generals together, and it was extremely powerful, even if the prisoner wind was strong, it was difficult to break.

“Quick!”

At this moment, Yue Feng hurriedly said to the two goddesses, “Quickly hide.” Hearing

Yue Feng’s words, the Holy Sun Goddess and the Cold Moon Goddess did not hesitate and quickly hid behind a huge rock next to them.

Ha ha...

Seeing that they were hiding well, Yue Feng laughed at the prisoner wind and mocked: “How is it?” Let me just say, you can’t even break the enchantment deployed by my master, and you still vainly try to take revenge? It’s a fool’s dream. Speaking

of which, Yue Feng also thought about escaping immediately, but this prisoner was very alert, and at this time, it was difficult to let it shift its target, and once he fled, it was easy to attract hatred again.

The ultimate husband in Chinese chapter 7002—Therefore, after some deliberation, Yue Feng decided to stimulate the prisoner wind again.

On the other hand, Yue Feng was very much looking forward to the prisoner wind being able to break the enchantment, because once the enchantment was broken, the Hong Barren Old Ancestor would break through, and as long as the Hong Barren Old Ancestor came out, all kinds of problems in the God Domain could be easily solved.

“Kid, stop me.”

Under the stimulation of Yue Feng, the prisoner feng’s eyes were blood-red, and he completely lost his mind, howling: “A single enchantment, must not stop me?” When

the words fell, all the strength of the prisoner wind broke out, and he rushed towards the enchantment again.

Boom....

For a time, the prisoner wind crashed into the enchantment, and an earth-shattering roar continued to erupt, and the two goddesses hiding behind the rock, as well as Yue Feng, were terrified to hear it.

At the same time as he was shocked, Yue Feng's eyes were also full of urgency.

Break.. The enchantment is about to break.

However, this enchantment defense is too strong, and the prisoner wind doesn't know how many times it has been tried, and the enchantment still shows no sign of breaking.

Alas!

Seeing this, Yue Feng secretly sighed.

Even such a strong strength of the prisoner wind could not break through the enchantment, it seemed that its strength was still overestimated.

Buzz

Just when Yue Feng secretly sighed, there was a strong power fluctuation in the sky not far away, and immediately after, nearly 10,000 divine weapons and gods would swarm in.

The three divine generals at the head were dressed in golden armor and shone brightly.

It is the Tiankui God General, the Tianwei God General, and the Tianji God General.

Before Yue Feng and the three fled into the depths of the Huanggu Mountain Range, Hua Zhao Niangniang was very angry, and specially ordered that the three Tiankui gods would squat nearby.

Just now hearing the movement of the enchantment, the three of them were not in a hurry to think about it, and quickly brought their subordinates forward.

Here it comes!

Seeing this scene, Yue Feng darkened and calm, this situation had long been expected by him, and he did not panic at this time.

While he was not discovered, Yue Feng's figure flashed and he also hid behind the rock.

Crash!

At this moment, the three of Tiankui God arrived at the enchantment with an army of divine soldiers, and one by one, their eyes instantly locked on the prisoner wind.

Feeling the terrifying aura that permeated the prisoner's body, whether it was the three Tiankui Divine Generals or nearly 10,000 Divine Soldiers, they were secretly frightened.

"What kind of alien beast is this?"

"Such a strong breath..."

"Could it be with Yue Feng?"

For a while, the gods and gods of soldiers were shocked, and they couldn't help but whisper.

Swish!

At this moment, when the prisoner saw that so many divine weapons and gods would appear, he was also stunned at that time, and then he was on guard.

Could it be the rescuer called by that kid?

Muttering in his heart, Prisoner Feng couldn't help but look down, this look, suddenly shocked and angry, and saw where under the enchantment were there Yue Feng's three figures?

Bastard kid dares to lie to me!

At this time, the prisoner wind was very angry, thinking that Yue Feng was three, and just now he slipped away while he was unprepared.

However, it didn't know that Yue Feng San didn't run at all, but hid behind a rock below, quietly observing the situation.

"Where did the evil beast come from!"

At this moment, the Tianwei God will react, move forward with the wind, and look at the prisoner wind coldly: "Dare to break into the forbidden land of the Huanggu Mountain Range, and quickly come up to die." The

murderous name of the prisoner wind was spread tens of thousands of years ago, and there are only sporadic records in the current God Domain texts, so the divine soldiers present do not know each other.

And in the eyes of the Tianwei Divine General, the monster in front of him was too ugly to put it in his eyes at all.

Crash!

The moment the words fell, nearly a hundred divine soldiers, under the eyes of the Tianwei Divine General, quickly rushed up and surrounded the prisoner wind.

Seeing this, Yue Feng showed a hint of a smile, and his mood was indescribably cheerful.

Ha ha.... It's time to fight.

Fight, you dog eats dog, the more fierce you fight, the more chance we have to escape.

Find death!

At this moment, the prisoner felt the contempt of the Tianwei Divine General, and immediately became angry, and said coldly: "You are the rescuer moved by that kid?"

Until this time, Prisoner Feng thought that these divine soldiers and generals were called by Yue Feng.

"That kid?"

The Tianwei God General frowned, a little puzzled for a while, but he didn't bother to talk nonsense, quickly slowed down, raised his hand, and coldly ordered: "Take it!" "

The ultimate husband in Chinese chapter 7003—At this time, the Tianwei Divine General was also a little angry.

Rushed over with great fanfare, but it turned out to be just a strange beast making trouble, which was simply a waste of time.

At this time, the Tianwei Divine General did not know what a terrifying existence he was facing.

"Kill!"

After receiving the order, nearly a hundred divine soldiers roared and burst towards the prisoner wind.

Nearly a hundred divine soldiers burst out in unison, the power gathered was extremely terrifying, and the sky was extremely distorted and amazingly powerful.

“Just because you want to arrest me?”

Seeing the nearly a hundred divine soldiers rushing towards him, the prisoner’s eyes flashed with ferocity, and his anger was completely aroused, and he roared angrily, and his wings suddenly inflamed.

Woohoo... . . .

In an instant, terrifying forces burst out, forming hurricane tornadoes in the surrounding air, greeting nearly a hundred divine soldiers.

This hurricane tornado came too suddenly, and those divine soldiers did not have time to react.

Click!

However, before these divine soldiers could react, the prisoner suddenly opened his sharp mouth and spit out several lightning bolts.

Lightning tore through the sky and exploded among nearly a hundred divine soldiers.

“Ahhh...”

Under the impact of hurricane tornadoes and lightning, many divine soldiers let out a terrible howl and fell from a high altitude. Those who were not struck by lightning did not escape doom and were shaken away by hurricanes.

What the?

Seeing this scene, the three Tianwei God Generals and Tianji God Generals all changed their faces and were shocked.

This ugly monster is so strong?

The other divine soldiers around were even more shocked, looking at the gaze of the prisoner wind, and they also changed from contempt and contempt at the beginning to deep jealousy.

The lightning that this monster burst out is not as powerful as the Nine Heavens Xuan Thunder.

“Vulnerable!”

Just when the Tianwei Divine General, as well as the surrounding Divine Weapon Divine General, were shocked, the prisoner coldly spit out a few words.

Then, the prisoner's gaze was tightly locked on the Tianwei Divine General: "Quickly hand over that kid, otherwise, none of you will want to leave alive."

"What boy?"

Hearing the question, Tianwei God will slow down and be full of doubts.

Prisoner Feng was obviously impatient, and said coldly: "It's the disciple of the Honghuang Old Ancestor." Pheew

!

Tianwei Shenjiang took a deep breath and frowned: "I don't know what you're talking about, I want to ask, who are you?" At this time, the Tianwei Divine General lost the cold arrogance just now, and his eyes were full of guard.

Hehe...

Prisoner Wind sneered: "I am Prisoner Wind!" " Prisoner

?

Hearing this, Tianwei Shen was stunned, and then thought of something, and his face suddenly changed: "What? Are you the prisoner? That ancient alien beast that was sealed by the Flood Barren Old Ancestor ten thousand years ago? Shock

!

At this time, the Tianwei Divine General was completely shocked in his heart, and his mind was even blank.

Speaking of which, he is not very familiar with the prison wind, but he has also read an ancient book before, which has recorded the deeds of the prison wind, when the calamity God Domain was chaotic, countless divine weapons and gods were buried under its claws. In the end, it was the Hong Barren Old Ancestor who personally took action to completely suppress it.

I thought that this ancient beast had already perished, but I never expected that it would come out alive.

Prisoner? What is Prisoner?

The surrounding divine soldiers looked at each other, one by one, they were shocked.

Hahaha.....

Feeling the horror of the Tianwei Divine General, the prisoner laughed up to the sky, and the laughter was full of arrogance: "Be afraid, if you are afraid, quickly hand over that kid, by the way, and his two wives who are overwhelmed by the country." Thinking

of the Holy Sun Goddess and the Cold Moon Goddess, Prisoner Feng couldn't help but lick his pointed mouth.

Although it successfully came out, that kid is really cunning and hateful, especially his two flower-like wives, the taste must be rich, and you must eat it to vent your heart.

Swish!

Hearing this, the two goddesses hiding behind the rock suddenly turned red and angry.

Especially the Cold Moon Goddess, she couldn't help but glared at Yue Feng fiercely.

It's all this Yue Feng nonsense, making Prisoner Feng mistakenly think that he and Shengyang are really his wife, but fortunately Prisoner Feng is not clear, otherwise, his innocence and Shengyang's innocence will be ruined.

That kid... And two wives?

At this moment, the Tianwei God General was completely stunned, but he was not stupid, and immediately thought of Yue Feng and the two goddesses.

Don't... This kid who said that Prisoner Feng is Yue Feng?

The ultimate husband in Chinese chapter 7004—Just... When did those two goddesses become Yue Feng's wives?

Thinking about it, Tianwei Shen General spoke, "You are talking about Yue Feng." Then, the Tianwei Divine General said Yue Feng's appearance.

Speaking of Tianwei Divine General, I didn't want to be so polite.

It's just that the strength of this prisoner wind is too strong, in order to avoid unnecessary casualties, Tianwei God will decide to figure things out and stabilize the prisoner wind before making plans.

Worst!

Seeing this situation, Yue Feng's heart was shocked, and the secret path was not good.

He wanted to let them fight each other, but if the Tianwei God explained the situation and the two sides did not fight, then their plan would have failed.

“Good!”

At this moment, hearing the description of the Tianwei Divine General, the prisoner looked cold, gritted his teeth and said, “It’s that kid.” “As soon as he thought of being almost killed by Yue Feng in the Mixed Yuan Divine Evil Array, Prisoner Feng couldn’t suppress the anger in his heart.

It’s really them.

At this moment, the Tianwei God General hurriedly said: “It’s not a secret, we are also chasing the three of them.” Especially that Yue Feng was very cunning.

“I think we can work together.”

When he said this, Tianwei Shen was very excited, and his eyes flashed with urgency. If this prisoner is willing to cooperate, it will be easy to catch Yue Feng three.

However, he did not know that this prisoner style was not only violent in personality, but also more suspicious.

“Cooperation?”

At this time, the prisoner’s eyes flickered, and he secretly pondered the words of the Tianwei Divine General in his heart, and he immediately became suspicious.

In the next second, the prisoner sneered: “Hehe, you really think I’m so foolish?” Before Yue Feng, that kid lied to me once, causing me to be forced to show my original form, and now you want to repeat the old trick?

“That kid can’t have disappeared for no reason, he must have been hidden by you, hand him over quickly, don’t waste my time.”

The tone is awe-inspiring and unquestionable.

This.....

Seeing that the prisoner did not believe his words, Tianwei Shen would be very embarrassed, and his face would instantly become embarrassed.

Ha ha.....

Seeing this, Yue Feng, who was hiding behind the rock, immediately breathed a sigh of relief, and the worry just now disappeared.

To be honest, Yue Feng was really afraid that the prisoner wind and the Tianwei God General would join forces, but he didn't expect that this prisoner wind was so suspicious and did not believe in the Tianwei God General.

In this way, you don't have to worry about it.

"Your Excellency!"

At this moment, the Tianwei God General reacted, took a deep breath at that time, and said seriously: "What I said just now is true, and there is absolutely no deception.

"It's not a secret, this enchantment was ordered by Hua Zhaoniang to deploy our thirty-six Heavenly Gang Divine Generals together, the purpose is to block this place and prevent the Honghuang Old Ancestor from learning about the situation outside, and Yue Feng and the Honghuang Old Ancestor have a close relationship, how can they be with us?"

In other words, the Tianwei God will be too lazy to talk so much nonsense.

But the prisoner wind in front of him is different, and the existence that can make the ancestor of Hong Huang personally strike is too strong.

However, these words, to the sound of the prisoner wind, were full of loopholes, and immediately laughed: "It's really interesting, the ancestor of the Hong Barren Heaven and Earth is alone, and the mighty universe, then what Hua Zhao Niangniang dares to block his retreat place?" Are you a fool for me?

"I'm already impatient, since you don't hand over Yue Feng, then don't blame me for going on a killing spree."

Airplanes.....

The last word fell, and the power around the prisoner wind exploded, slicing an afterimage in mid-air, and rushing into the final divine weapon in the blink of an eye.

"Ahhh..."

For a time, the hurricane was raging, lightning was rampant, and many divine soldiers did not have time to react at all, and they were instantly defeated and fell from a high altitude.

Marde!

Seeing this scene, Tianwei God will be furious.

This prisoner is too rampant, I have repeatedly explained the situation, but it does it indiscriminately, so murderous, it must be a great calamity in the Divine Domain, and it must be eliminated.

Thinking of this, the Tianwei God will howl loudly: “All soldiers can slaughter this evil beast if they obey the order.”

Roaring, the Tianwei Divine General said to the two divine soldiers behind him: “Quick, you go back quickly, report the situation to Niangniang, and ask Niangniang to quickly send troops to support, quickly...”

The Tianwei Divine General knew very well in his heart that although there were nearly 10,000 divine soldiers here, they were not necessarily the opponents of the prisoner wind, and what he could do at this time was to delay time as much as possible.
