

The ultimate husband in Chinese chapter 326-330

Chapter 326

Su Qing said, "In Haiwang Square." As she spoke, she opened the car door.

Haiwang Square is the largest square in Donghai City, next to Haiwang Street. How big is this square? It is estimated that there are seven or eight football fields in size. At night, there are many elderly people dancing square dancing and young people playing roller skating in the square, which is very lively.

When Yue Feng and Su Qing arrived, the Sea King Square was already full of people. The surrounding parking spaces are full of luxury cars.

In the center of the square, a huge alchemy arena was built! On both sides of the arena, there are some colorful flags flying, with the words Shaolin, Wudang, Emei, Tianshan, etc., written on them.

This alchemy conference is a sensation in the whole province!

Many people from other places came here on purpose, all wanting to witness the alchemy with their own eyes!

At this time, dozens of pill furnaces were placed on the arena. Obviously, it will be used for a game. These alchemy furnaces are all pure copper.

Among the alchemy utensils, the copper alchemy furnace has the best heat transfer effect. It usually takes two hours to refine a medicinal pill. With a pure copper Dan furnace, one hour is enough.

There are more and more people in Neptune Square. From a distance, Yue Feng saw many familiar figures, Hao Jian, Zhou Qin, Qin Shousheng, Liu Zhiyuan, Bai Zhan and others.

The wealthy children who participated in the outing together last time basically all came. No, to be precise, almost all the rich children of Donghai City have arrived. Because they heard that the medicinal pills refined by the contestants can be auctioned on the spot!

All the rich children want to auction one or two. After all, everyone wants to improve their strength, and even if they have money, they can't buy medicine pills.

On the other side, Yue Feng and Su Qing entered the waiting area for players.

In this alchemy competition, six sects each sent ten people to participate. So there are 60 contestants in total. At the same time, each player carries a Dantong.

As soon as Yue Feng and Su Qing came in, a staff member handed over a stack of number plates.

Su Qing's player was No. 13, and the number plate was pasted on her shoulder.

This chapter is provided by . Visit for daily update.

There was also a big number plate on Yue Feng's shoulder. However, the words Dantong were written on it.

At this moment, a middle-aged man took a microphone, walked quickly to the ring, and said with a smile: "Okay, everyone be quiet."

Suddenly, the entire Sea King Plaza was quiet, and everyone's eyes were focused on him. .

The middle-aged man was very satisfied with the effect and nodded: "I am the host of this alchemy conference. Next, I will tell you the rules."

"There are 60 contestants in this competition. The medicine is the rarest, even if we win! In addition, this time the medicinal pills refined by our players will be auctioned on the spot, and the starting price of each medicinal pill is one yuan."

Hahaha!

Pills auction starts at one yuan!

In an instant, hearing the host's words, the audience was in an uproar. Some wealthy children are eager to try, one by one can't wait.

You must know that those who can participate in the alchemy conference are all accomplished alchemists, and the elixirs they refine must be of high rank!

If you can bid on a top-quality elixir, it will be very comfortable!

Seeing the enthusiasm below, the host waved his hand: "Everyone, be quiet, the competition is about to start, and now we have a jury! The first judge of the jury, Master Jueyuan of the Shaolin School."

Wow!

As soon as he finished speaking, he saw a monk wearing a red cassock and holding a meditation staff walking out. He was about fifty years old, and he was upright!

"I'm going, Master Jueyuan is here."

Master Jueyuan, one of the senior elders of the Shaolin School, is the third paragraph of Wuhou!

The Shaolin School is the first of the six schools. So when Master Jueyuan appeared, the audience cheered!

Master Jueyuan walked to the center of the ring, put his palms together, recited Amitabha, and sat on the jury's seat.

The host continued to shout, "The second judge is here, the real Lingbao from the Wudang faction!"

An immortal Taoist priest walked up with a light gait.

In an instant, the audience was amazed again!

"The next one, the elder of the Emei School, Master Miao Yuan!"

Wow!

When the host shouted the name, the audience was the most enthusiastic. Many people could not help but stand up from their seats!

Under everyone's attention, Master Miao Yuan came up slowly, wearing a long white dress, with a great demeanor and indescribable beauty.

Chapter 327

There is that kind of detached temperament on the body of Miaoyuan Shitai, which makes many men stunned.

beautiful.

So beautiful!

At this moment, many men secretly swallowed their saliva!

During this time, Master Miao Yuan has been living in the Yue family. The alchemy conference invited her to be a judge, of course she readily agreed.

Then, another four or five judges appeared. Among them is the vice president of the Jiangnan Alchemy Association, who is an old man.

At this time, the host smiled and continued to shout: "The last judge is here! President of Jiangnan Alchemy Association, Ren Feifei!"

What?

Is the president of the Alchemy Association here? !

The audience under the stage stretched their heads and looked around excitedly. The audience who were far away from the ring also had their feet raised and looked towards the stage.

At this moment, a superb beauty slowly stepped onto the stage.

The hip-packed skirt, with a white long shirt, is beautiful and unparalleled, and it makes people feel heartbroken! Delicate face, with a slight smile, but also gives a strong aura!

It is the president of Jiangnan Alchemy Association, Ren Feifei!

hiss.

At this moment, everyone present couldn't help but take a breath!

So beautiful.

Unexpectedly, the president of the Alchemy Association turned out to be a woman, and she was a beautiful woman!

For a time, the entire Neptune Square cheered! And those rich children under the stage also looked at Ren Feifei without blinking, unable to move their eyes away.

With the commotion, Ren Feifei walked to the most central chair and sat down slowly.

At this time, the host looked at the time and said loudly: "Okay, it seems that the audience is very enthusiastic. After thinking about it, everyone can't wait. Okay, the players will be invited to appear next!"

Hearing this, I was waiting All the players in the district also appeared one after another.

Yue Feng and Su Qing followed the crowd out.

Of all the contestants, there is no doubt that Su Qing is the most eye-catching.

"Look, isn't this our Teacher Su?"

"Mr. Su is so beautiful."

Many men's eyes converged on Su Qing, their faces full of obsession.

But then, I heard a burst of laughter from the audience!

“Haha, look, isn’t that the son-in-law who came to the door?!”

“It’s really Yue Feng! This kid has come here to be a dantong. Hahaha!”

At this moment, Hao Jian, who was sitting in the first row, When I saw Yue Feng, I was stunned for a moment, and when I saw the word Dantong on his shoulder, I couldn’t help laughing.

The eyes of Qin Shousheng and others also locked on Yue Feng immediately, and they all laughed.

“Hahaha, this Yue Feng is too funny. I guess he can make a lot of money by doing Dantong once. The price of Dantong should be one hundred and fifty yuan a day? Hahahaha!

” Come on, it was originally an alchemy competition, but at this time it became like a circus, and everyone looked at Yue Feng as if they were watching a joke.

Zhou Qin on the side couldn’t help it. He pulled Hao Jian and frowned, “Can you please stop talking. Be quiet.”

Seeing Yue Feng, she was indeed a little surprised. However, there seems to be no shame in him being a Dan Tong. He was the son-in-law who came to the house, and his life was poor. What happened to being a Dan boy and earning some pocket money? Don’t steal or rob, make money with your own labor, is it shameful?

I really don’t understand why these people are making fun of him.

At this time, in the arena, Miao Yuan Shi Tai, who was closing his eyes and resting, heard the laughter and ridicule below, his eyes locked on Yue Feng instantly, and a trace of anger flashed on her beautiful face.

Yue Feng?

Is he that Yue Feng?

Chapter 328

People from the Yue family said that it was this kid who defiled his younger siblings and was expelled from the Yue family.

Such a despicable and shameless person actually appeared here and became a dantong? !

This is simply the shame of the alchemy conference!

At this time, Master Miaoyuan, holding her jade hand tightly, wished she could kill him with a sword!

She was originally an elder of the Emei faction, a person in the rivers and lakes, a righteous, chivalrous and courageous person! The most disliked is the unjust person like Yue Feng!

But thinking about it carefully, the game is about to start. If he kills him with one sword, the game may not go on.

I thought to myself, Master Miao Yuan was too strong to suppress his anger, but he was still full of disgust in Yue Feng's eyes.

"Okay, all contestants, please come to their respective pill furnaces." The host spoke again.

Hearing this, Yue Feng followed Su Qing to the alchemy furnace on the 13th. The other players also took their places.

At this time, under the direction of the host, dozens of staff members held a pile of alchemy materials and placed them in front of each contestant.

"Players." The host said, "There are a hundred kinds of alchemy ingredients in front of you now. You can choose what elixirs to make and what you need. I will only explain two points. First, the competition The time is one hour. After one hour, if no medicinal pill is refined, it will be considered a failure."

"Second, whoever refines the rarest medicinal pill will win! The first place will have a mysterious reward, and the second place will be third. You can also learn a secret book! So you must grasp it well. Of course, who can win the championship in the end, I don't care, it depends on the judges present! As long as you refine the medicinal pills, it is indeed very rare. , the judges will definitely give you a good ranking!"

After speaking, seeing that the time was almost up, the host shouted: "Okay, now the competition starts."

The voice fell, and the audience burst into cheers. Each player entered the state instantly, began to select materials, lit the fire, and they were all in an orderly manner.

Su Qing was very confident and instructed Yue Feng: "Yue Feng, get me the materials, half a penny of cinnabar, two penny of honeysuckle..."

At this time, Su Qing also lit the fire, and in order, made the materials like copper in the furnace.

Yue Feng watched silently from the side, and after she had put all the materials out and closed the pill furnace, she opened her mouth and said, "Mr. Su, do you want to refine Zengyuan Dan?"

Zengyuan Dan. It is an elixir to improve cultivation.

However, it only works for cultivators below Marquis Wu. After taking it, it can be improved by one rank, but in this lifetime, it can only be taken once.

Su Qing was a little surprised: "You also know the Yuan-enhancing pill?"

This Yuan-enhancing pill is the highest-level pill that he can refine. Generally, only the master alchemist can know the method of refining.

Unexpectedly, Yue Feng saw it at a glance.

Yue Feng smiled and said, "I was fortunate to have seen an alchemy master make it before, so I know a little bit about it."

When Su Qing asked him to get the materials just now, Yue Feng knew it. In "Wuji Pill", Zengyuan Pill can only be regarded as a low-level medicinal pill. However, it is not bad to be able to refine it at this kind of alchemy conference.

Su Qing nodded silently, not talking, all her attention was on the pill stove.

As long as Zengyuan Dan is refined and the top three in the competition are obtained, there is no problem at all. So only be successful, not fail!

At this time, the crowd below the stage also looked at the stage curiously. One of the young men in white is the most eye-catching. He was about twenty years old and belonged to the Shaolin school. His name is Liang Shaohua.

At this time, Liang Shaohua flipped his wrist, grabbed four or five kinds of medicinal pills, and skillfully put them into the pill furnace.

Seeing these kinds of materials, Yue Feng trembled! what's the situation? Does this kid want to refine the solid elixir?

The solid elixir is a rare elixir. It seems that there are still experts in alchemy at this alchemy conference.

Yue Feng nodded secretly, and at this moment, he felt a faint burning smell. Yue Feng looked down and was startled.

Immediately, he couldn't help but said, "Mr. Su, the fire is too hot. Take water to cool it down!"

This pure copper elixir furnace is indeed very fast in refining elixir. But this kind of pill furnace is easy to cause the temperature to be too high! It is a great test of the player's control over the heat.

Obviously, there are still some shortcomings in Su Qing's control of the heat.

Su Qing smiled and said disapprovingly: "Yue Feng, don't make a fuss. Your knowledge of alchemy is still very weak. I have refined this kind of Yuan-enhancing pill several times before, so it shouldn't be a big problem."

"Mr. Su, listen to me and cool down with water." Yue Feng couldn't help but say again.

How can it go on like this, the temperature is so high, can the medicinal pill be practiced?

Su Qing smiled lightly and said, "It's really all right, Yue Feng, you still need to study in the aspect of alchemy. You are my teacher. I have been alchemy for many years, so you don't have to worry."

Chapter 329

"Alas..." Yue Feng sighed.

This teacher Su Qing is gentle and beautiful, and she is good in everything, but she is a little stubborn at critical moments.

Time passed by minute by minute.

The game is set for one hour. By the 50th minute, there were already half of the players, and the pills had already been practiced.

boom!

As a result, at this moment, the pill furnace in front of Su Qing suddenly made a loud noise! Then came a scorching smell.

The pill furnace was pitch-dark, and there were not even half of the pills.

Failed!

This, how is this possible!

Su Qing's delicate body trembled, her graceful face turned pale, and her whole body panicked.

How could this be? !

Zengyuandan has practiced several times by himself, and he has never had a problem. How could he fail this time?

Alas, this is the consequence of nonstop admonition.

Yue Feng sighed and said in a low voice, "Mr. Su, I said just now that the control of the heat is the most important thing for this pure copper elixir furnace. It's a pity that you don't listen."

Su Qing's red lips parted slightly, almost anxious. I was about to cry: "Yue Feng, what should I do?"

This alchemy conference is only held every three years. Could it be that this is a failure!

At this time, the players on the stage all looked at Su Qing with a smile, showing a gloating expression.

Yue Feng shook his head and walked to the pill furnace: "I'll help you make pills."

What, let him come?

Su Qing's expression froze, and she hesitated.

There are only ten minutes left until the end of the game.

Moreover, Yue Feng is still Dan Tong. In the alchemy competition, Dan Tong just started, how can he play alchemy?

But Su Qing really has no choice. She has no remedy now. It is better to let him try, maybe there will be room for turning around. Although the hope is very slim, after all, there are only ten minutes left, even if the master of alchemy, it is impossible to practice a good medicine in ten minutes, right?

But it's better than admitting defeat. Thinking of this, Su Qing bit her lip tightly and nodded: "Okay then."

After speaking, she stepped aside.

Yue Feng took a deep breath, relit the fire, and grabbed a few alchemy materials.

What?

At this moment, the faces of the judges sitting on both sides changed.

How did a little Dan Tong play?

Isn't this bullshit? !

Ren Feifei, who was sitting there, also locked his eyes on Yue Feng, and his delicate face showed a bit of complexity.

Dan Tong replaces the players and goes on the field to refine medicine pills. This is a big taboo! In previous alchemy conferences, this has never happened before.

wow.

At the same time, the entire Sea King Square suddenly boiled, and the eyes of countless people converged on Yue Feng, their expressions full of surprise and ridicule.

"Look, the son-in-law who came to the door is here."

"Haha, he can also make alchemy? I'm laughing to death."

Hao Jian, who was sitting in the first row, couldn't help but burst into laughter: "This idiot Yue Feng, do you think he is playing games? He actually played instead of Teacher Su." As soon as

these words fell, the people around him started talking.

Zhou Qin frowned, and said in a low voice, "Hao Jian, how can you say that? You forgot, when Li Nan ate wild fruit by mistake during an outing, Yue Feng made alchemy on the spot and saved her."

Seriously Yes, Zhou Qin was also a little surprised when he saw Yue Feng play alchemy. But she believed that Yue Feng would not be reckless.

Hao Jian sneered disdainfully: "At that time, he saved Sun Dasheng's wife, but it was just luck. With his little tricks, he was able to get into the alchemy conference?"

It was ridiculous.

Zhou Qin didn't speak, and stared at Yue Feng on the stage, unable to calm down for a while.

Yue Feng is so confident. Could it be that he made all the previous magic pills by himself?

No...not possible.

Immortal Pill is a very rare panacea.

Many alchemy masters don't know it, and it is impossible for him to refine it. Didn't he say it himself before that the Immortal Pill was given to him by a friend... In the arena, most of the players took the Pill in their hands and successfully refined it.

The third player is a woman.

When she took the refined medicinal pill in her hand, the host flickered with surprise, holding the microphone and shouting: "Everyone, Chen Rong from the Xiaoyao faction, refined a Dingyan Pill. Dingyan Pill. Dan, as the name suggests, has the effect of keeping your face. It will keep a woman's face unchanged within ten years!"

What?

Dingyandan?

In an instant, many people present were stunned, and many women even exclaimed.

No matter how beautiful a woman is, she will grow old one day.

Chapter 330

Who doesn't want to stay young and beautiful forever?

And this Dingyan Dan actually has the effect of staying in the face!

For a time, all women showed eager eyes.

"Oh my God, look up in the sky!"

At this time, someone who didn't know who it was, suddenly exclaimed.

In the next second, everyone looks to the sky!

I saw a black cloud, condensed in mid-air, and slowly suspended above the head of an alchemy player!

It is the contestant of the Shaolin faction, Liang Shaohua!

Dan Yun!

This medicinal pill refined by Liang Shaohua actually attracted a cloud of pills!

Whoa! There was a lot of discussion!

In the final analysis, the practice of cultivation itself goes against the natural way of heaven. And refining medicinal pills is even more of an act against the sky.

If someone refines a top-quality medicinal pill, it will trigger a celestial phenomenon!

Dan Yun condensation is one of the celestial phenomena! There are also some stronger medicinal pills, which can even cause thunder and lightning, and those peerless medicinal pills can even lead to catastrophe!

At this moment, everyone looked at Liang Shaohua, all shocked and speechless.

To be able to draw out Dan Yun, this person is highly accomplished in alchemy, and has reached a realm that no one else can touch!

It seems that this alchemy conference is full of talents.

At the same time, several judges sitting on both sides were also shocked.

The happiest person was Master Jue Yuan from the Shaolin School. This Liang Shaohua is the most talented disciple of the younger generation of the Shaolin School, especially in the art of alchemy.

Today's alchemy conference really lived up to the expectations of the Shaolin faction!

Bang.

Just when everyone was secretly shocked, there was a thunderous vibration from the pill furnace in front of Liang Shaohua.

In the next second, under the gazes of countless people, Liang Shaohua took out an elixir that was as white as snow, and saw a faint halo on the surface of the elixir, which seemed full of spiritual energy.

The host was so excited that he walked up quickly, took the pill with trembling hands, and then asked, "Player Liang Shaohua, what kind of pill is this?"

Liang Shaohua smiled slightly: "It's called Gu Lingdan. It's also called An An. Soul Pill can improve your cultivation, and it can also reassure your soul and reduce the invasion of demons."

As soon as these words came out, several judges nodded. The journey of cultivation is difficult and difficult. Especially after reaching the Marquis realm, it is very difficult to improve the strength again.

In addition to the need to constantly comprehend oneself, it is also necessary to prevent all kinds of confusion in the state of mind, otherwise, it is easy to generate inner demons and go crazy. Therefore, Gu Lingdan is a treasure for every cultivator!

The people below are also full of admiration!

I have to say that this time the champion is probably none other than him! Can trigger Dan Yun, this strength is not a joke.

Looking at that piece of Dan Yun, Su Qing felt an indescribable loss in her heart.

In this game, I missed the top three.

At this moment, there are only two minutes left until the end of the game! In the audience, there was only Yue Feng, the pill furnace, which was still on fire and had not finished refining! But Yue Feng didn't panic at all, and was still interested in seeing that piece of Dan Yun.

It has to be said that this Liang Shaohua can trigger the Danyun phenomenon, which is also very good.

There is indeed a record in "Wu Ji Dan Shu" that some rare medicinal herbs can be refined and can trigger celestial phenomena.

However, Yue Feng's refining of the Immortal Pill, which is also a relatively powerful pill, has never caused a pill cloud.

At that time, Yue Feng was still a little puzzled. Later, I carefully read "Wu Ji Dan Shu", and then I understood.

Although the Immortal Pill is an upper-middle-class elixir, if you calculate it carefully, it is only an auxiliary elixir. To put it bluntly, it only helps cultivators to break through the bottleneck. Apart from these, it has no other effect.

It cannot improve the cultivator's strength, nor can it improve the cultivator's physique. Can only help break through.

Therefore, auxiliary elixir like the Immortal Pill cannot produce celestial phenomena.

"Last minute!" the

host shouted as he picked up the microphone.

At this time, the eyes of everyone in the audience were focused on Yue Feng!

Hao Jian couldn't help laughing, pointed at Yue Feng and said, "Everyone else has finished refining, this kid is still competing with the Pill Furnace, haha, hey, Yue Feng, what are you refining, are you joking? Hahaha!"

Hahahaha!

The whole place burst into laughter.

This door-to-door son-in-law is so interesting.

There's a look there, haha, it's so funny.

"Hao Jian, stop talking about Yue Feng, can you." Zhou Qin couldn't help but pulled him.

Why do you have to humiliate Yue Feng every time? No matter what, during the outing, Yue Feng did refine an elixir and saved Li Nan. Even if Yue Feng's strength in alchemy is not high, he at least has the courage to board this arena.

Courage is commendable!

"Look, what is in the sky!"

At this moment, a scream cut through the sky! Everyone present looked up. Seeing this, the audience was silent!

In the sky, three fiery red clouds were rapidly condensing. It slowly floated to the top of Yue Feng's head!

Dan Yun, three... three flowers? !
