

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 101

Janet Stanmore

Anxiously looking at the clock, I wanted the time to quickly pass so Sky can pick me up. I flinched as my phone let out a notification sound.

"Sky already make the statement." Rose announced and I quickly opened my blog. The title is 'Official Statement', I clicked it and suddenly there a video of Sky.

I pressed play nervously.

"Good Afternoon Red Heart readers and followers. I bet you all not shock to see my face here because the article that recently went out. Let me introduce myself officially, I'm Sky Locason and you must know me quite well." He smirked.

"Firstly about 3 months ago there's an article about me and the 7 Gold Lives here in Red Heart's official website and I know you readers let out so many comments about it. I saw it too especially when that article was insulting me and the 7 Gold Lives."

"Janet Stanmore as you guys know, the writer of this blog or you know her as Red Heart met me 3 months ago. I hurted her feelings so bad at that time and she got fired from her job because of me. That's my fault because I made her sad and she was fired while she has to work to live."

"I decided to look for her in many ways and I found her. I threatened her to throw her to jail or payback me a lot of money because the cause of insulting me in the media where she has 1.5 millions followers."

"She was brave when she face me and that's where I took interest in her. I made her to be my secretary and there's ups and downs for the past of months. Now I fall on her feet, not because she seduce me like you all think."

"She doesn't seduce me or flirt with me, she was far from that. She was brave to cut me, annoyed me and keep getting on my nerves because of the hate that I cause at our first meeting."

"Apparently someone found out about her being the Red Heart and she doesn't like the fact that Janet's with me. She decided to let it out to the world to make it as a revenge but I can't stay silent right? Janet has bring me back to the right path and make me a better person, so I want you to respect this and not to leave her hate comments and something like that because you will face me."

"We have our ups and downs this pass few months and don't judge just because she suddenly date me and looked for fame because of that. No! She's a low profile girl and stop judging her that she's a gold digger and something like that. You only know our name not our stories so stop judging us. I really cherish this girl and care for her a lot so I wish you can let us live a normal life like other couples do." He smiled.

"That's all that I want to say, thankyou." He ended the video and I can't say anything. I decided to dial his number and after a few beeps.

"Hey beautiful, miss me?" His voice made me relax.

"I saw the statement." I said.

"Touched?" He joked and I chuckled.

"Thankyou." I said.

"You know if you want to make one, you can and I'm letting you." He said and I can't help but smile.

"Thankyou!" I said excitedly.

"Easy there, I'll pick you up in 1 hour okay? Text me where you at." He said.

"Okay." We ended the call after that, Rose suddenly poked me and took Sophia's attention.

"What what?" Sophia said

"Laura's article is out." She said and I quickly opened my phone to look at the news. I gasped as I was the article, oh man.

"They boys really do a good job." Sophia stated.

"7 Gold Lifes after all, you won't be shock to see this kind of situation in the future and I've always love their friendship." Rose said.

"Hey the comments at Sky's statement quite good." Sophia said and I quickly opened it.

"You know.. Sky is really the best out of 7." Rose stated and Sophia pouted.

"Aaron too." Sophia said and it made Rose laugh.

"They're different Sophia."

I looked at the comments at Sky's statement, they all started to let out their opinion. There were some hate comments but not as the previous one. There's a lot of statement 'you're so lucky to have Sky', I can't help but agree with that comment.

I was more than lucky, he's the best thing in my life. I never felt so happy in my life and he gave me that. I never been so grateful.

"Oh Laura is in deep shit right now." Rose laughed her butt off.

"They really a good job to take care the article." Sophia laughed too.

"I pity Daniel." I stated and they both turned to me.

"Don't pity him Janet, he's no better." Rose said and Sophia nodded agree.

"Why?"

"There's a lot of things about him that doesn't right." Sophia answered and I nodded not wanting to know because I'm not going to see him anyway.

Suddenly I got a text from Sky that he's already in front of the cafe. I looked at the girls and thanked them. Promise them to treat them a lunch sometimes and they gladly agree. They're so sweet and I know we will be a good friend in the future.

I walked out from the cafe and see Sky's car, I quickly got inside. Seeing his face again made me feel so happy. I gave him a peck on the lips.

"You know I hate you." I said and he chuckled knowing what I'm talking about.

"Why is that?" He pretended to ask.

"Leaving me with the girls while you're taking care of all of this."

"Sorry about that beautiful." He held my hand and kissed the back of my hand.

"How about we eat dinner and then we can stroll at the city?" He asked and I turned to him.

"Really? We can do that?"

"Of course, why can't we?" He chuckled.

"I would love to do that." I said and a smile plastered on his face.
