

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 110

Angelia Selosvone

"What's the deal?" I asked.

"I will need your presence to attend every event that I attend." He stated and I scoffed.

"And you think I will agree?" I looked at him raising my eyebrows.

"You will agree sooner or later." He said confidently.

"Explain more."

"Everything is for show and I will introduce you as my girlfriend. We'll start to go out in public and give a statement to the press about our relationship."

"What's your goals?" I asked and that made him chuckle.

"Be patient little Angel."

"Don't call me that!" I snapped and he looked at me with an eyes full of interest.

"You have popularity and everyone know you so my opponent won't touch you because they know if they dare to touch you, the whole world's attention will be on them. I will pay you just name me your price little Angel."

"That's only for your advantage and I only get the money, I'm greedy so I want more than that." Does he think I'm easy?

"So you're saying you agree with me?" He smirked and I smiled.

"Did I say that I agree with you? I'm currently trying to make a good deal here."

"So what's the greedy Angel want?" I don't know why my heart not functioning well. I hate it when my brain kept getting error everytime he's near me.

"5 dates." I stated and he laughed.

"You sound clingy." He crossed his arms in front of his chest.

"Never judge a book by it's cover, Mr. North. I might surprise you." I smirked

"I don't do date, you know that I assume."

"That's why I'm asking you." I rolled my eyes and looked into his eyes again.

"No dates."

"5 million and 5 dates." I said again.

"You have to be everywhere I go." He stated.

"I'm free this month but next month I have to shoot a movie." I shrugged.

"Good."

"Until when the deal end?" I asked as I straighten up my body.

"Until I say so." I looked at him disbelief.

"I need to date guys and I can't stuck with you all the time." That's completely a lie but I wanted to see his expression and his statement after I said that.

"You can date guys, secretly. You are mine in front the world but I don't care if you have a real boyfriend behind this and you have to let me have girls around me." This guy is unbelievable!

"What if I don't want you to have girls around you?"

"I'm a man with needs and do you want me to use you?" He said and that made me look at him in horror.

"That's what I thought, I picked a real innocent Angel." He added as he saw my face.

"I'm not innocent!" I glared at him.

"Show me that you're not." He challenged and with that I walked to him. Putting my hand on his chest and slowly trailing my hands down. I opened the button of his suit one by one and his eyes darkens looking at me with his dangerous expression. I felt his abs behind his white shirt and I cursed under my breath. I looked into his eyes and slowly trailing up to his shoulder. I kissed his neck and slowly going up to his ear.

"Angel is just my name, Mr. North." I whispered in a seducing tone. Now our faces just a few centimeters apart. His eyes darkens and without any warning his hands trailed on my back pulling me closer to him. He was securing me.

"Deal Angel?" He asked.

"Deal." I said but after I say that, he crashed his lips to mine. Kissing me fast and gave me a crazy chills all over my body. My body froze, I kissed him back for a moment but not long after that he stopped and looked into my eyes.

"That seal the deal little Angel." He gave me a devilish look and let my body go, I was still in my shock state.

"Goodnight little Angel, I'll call you soon." He left with after that, I still completely froze and looked so stupid.

I can't believe that we kissed. I touched my lips, I put my hand on my heart, I gulped and still not processing. I jumped because my phone rang, It's Kayla.

"Where are you?" She bursted.

"Why?"

"Alexander is leaving the building." She said.

"Let him be."

"What? Why?" She asked in a disbelief tone.

"I'll tell you later."

"I'll go over to your house tomorrow." She stated.

"Okay." I said and ended the call. I walked slowly out from that small hallway. I kept thinking what did I just do? When I'm with him it's like.. I felt hypnotize.

I walked into the main hall, slowly walked out to the main door with a couple of people who greeted me. I texted my driver to pick me up. I walked out and waited for my driver but the press kept taking photos of me and some of them even asked some questions.

After my car arrived, I got inside my car. Suddenly my phone vibrated, I know there's a text. I opened my phone and my eyes widen.

Unknown :

Meet me at Colton Restaurant tomorrow at 10 a.m
