

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 112

Angelia Selosvone

"What is the meaning of this Angel?" I face palmed myself as my mom and dad looked at me intensely.

"My boyfriend?" I smiled at the awkwardly.

"This is Alexander North!" My mom said and I nodded.

"We have been hanging out for awhile and then we decided to step on the next relationship." I shrugged.

"Why didn't you tell us?" Dad asked.

"I haven't had the right time to say it." I smiled awkwardly and they both sighed.

"Besides don't be so afraid, he's a sweet guy." He's far from sweet.. to be honest.

"I let you date this time but if he breaks your heart he will face me." My dad said.

"Yes daddy." I said as I sipped a big bottle of yoghurt.

They talked about work and I decided go up to my room. Suddenly my phone rang and it's Kayla. I picked it up.

"YOU'RE DATING ALEXANDER NORTH!" Kayla bursted squealing and scream, I put my phone away from my ear.

"Yes I am, Kayla." I said emotionless.

"How?" She asked.

"Come to my house will you?" I said as I took my laptop from my table.

"Be there in 15 minutes." She ended the call and I chuckled. After Kayla ended it, Luisa called. I sighed and picked it up.

"You're dating Alexander North?" She bursted.

"Yes Luisa and why?"

"The press are asking, Angel." She said.

"Tell them that I am dating him." I said.

"Since when? I thought you didn't like and care about the 7 Gold Lifes." She said and there's a hint of sadness in her voice.

"We have been dating secretly for awhile, it's his decision." I rolled my eyes.

"I'll tell the press." She said.

"Okay." I ended the call and quickly called my friend Justin. Justin and I are highschool bestfriends, he's a racer and he's the one who introduced me to racing. I love racing since then but since I got into acting I rarely race again.

I miss racing and that's why I need to race.

"Justinnnnn!" I said as he picked up.

"Hey, my favorite Angel." He said.

"I'm your only Angel dumbass." I rolled my eyes and he laughed.

"I heard you're in town, miss racing?" He asked and I can't help but smile.

"Yeah tomorrow I'll go there."

"Good to hear that I miss you." He whined like a baby and I laughed.

"Miss you too bud, Will Jordan and Ron be there?" I asked.

"They always here Angel, so you still have that baby?" He asked about my car and I smiled just thinking about it.

"Of course Justin, I will never throw it away." I said and he chuckled.

"Oh by the way, I will take someone with me tomorrow."

"Who?"

"My boyfriend." I said.

"Alexander North huh?" He teased.

"Ohhh, I see you already read the news" I said in a sarcastic tone.

"Let's see if your boyfie gets jealous when you're with us." I laughed, Alex will never get jealous. He's loveless and doesn't care about me. I asked him to come me to show him that I'm no angel.

"Sure, try that and get ready to get his punches." I joked.

"Oh Angel, you have to defend me and stand by my side when he does that, you know." He chuckled and at the same time my room door was opened revealing Kayla. I gestured her to wait and come in.

"I'll come around 11, spare me a race okay?" I said.

"Will do princess."

"See you tomorrow my favorite boy."

"A\*w I'm so honoured to have that title." He laughed.

"Bye Justin." I ended the call and Kayla raised her eyebrows.

"Racing again?" She asked and I nodded.

"So tell me.." She sat on my bed and gave me a look to explain everything to her. I told her from the start and she looked at me disbelief. She didn't comment anything, she just looked at me blankly.

"Aren't you suppose to be aware about his opponent? You might get in danger." Kayla said and I shook my head.

"I'm not scare about that because I know he can guarantee that, I don't know why.. it's just I trust him. Every single of his words." I looked down.

"We don't know if he's a good guy or not Angel." Kayla shook her head.

"I know it's just.."

"You attract to him Angel, you never felt anything like this because it's called attraction. You can't trust him like that without any guarantee" Kayla was right, I sighed.

"I'll talk to him about that later."

"Why are you taking him to the race?" Kayla asked suddenly.

"He always thought that I'm innocent Kayla, I'm tired to hear him calling me 'Innocent Angel' or 'Little Angel', it annoys me" I sighed.

"I mean you are innocent it's just you're bad and innocent at the same time.. why did America didn't invent a vocab for that?" Kayla groaned and I laughed.

"I'm not innocent."

"You haven't lose you V card until this day, you only kiss and make out with a guy, Angel." Kayla stated and that made me glare at her.

"You're bad too, you race. It's dangerous but you love it. You can be naughty too by flirting with a guy and leave them after that." Kayla added and I shrugged.

"Alex is not as good as Aaron or Sky, Angel." Kayla warned.

"How do you know?"

"Did you even read any articles about them?" Kayla rolled her eyes.

"I don't care about them until I met Alex in person smarthead."

"You're dating him now Angel."

"Fake dating Kayla."

"Still dating and you asked him to have a 5 dates with you." She mentioned and now I wanted to think about that.

"Don't tell me tomorrow is one of that date?" Kayla's eyes widen and I smirked.

"I'll use that." I stated and she shook her head.

"What will he react if he sees Justin, Ron and Jordan?"

"He won't get jealous Kayla, he even told me to date someone secretly because we're not dating for real. We both can have someone else secretly as long as we both are together in public." I shrugged and she sighed.

"I don't think so Angel, he choose you for a reason not only your popularity." Kayla said and that made me turn to her looking at her weirdly.

"He can use someone else for that and why he did choose you? You should think about that."
