

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 115

Angelia Selosvone

I wiped my sweats from my forehead and threw myself to the sofa. I just ran around 7K and I'm damn tired. It's been a long time since I get to exercise.

I checked my phone and saw 12 missed calls from Devil, I chuckled and decided to call him back.

"Where have you been?" He burst as he picked up.

"I'm fine, thank you." I said sarcastically.

"Where were you?"

"I just finished my exercise Alex, what is it?"

It's been around 1 week after I took him to see me racing, we just message each other sometimes but we never see each other outside.

"My friend's wedding tonight at 6.30, I'll pick you up at 6." He said and I looked at the clock that attached to the wall. It's 3.20 now, I can take a shower now and get ready.

"Where is the wedding?"

"Hastington's ballroom." He stated.

"Okay."

"An-" I ended the call without knowing that he will say something, I chuckled not bothering to call him back. I let my sweat dry for a little bit and went to the bathroom to shower.

Walking out from the shower only with a towel wrapped around my body, I dried my hair and started wearing my makeup. I curled my hair into a big loose curls, I took out my soft pink dress. It's sleeveless and it's basically a short dress but there's another layer of long fabric again outside.

I looked at the mirror to see myself wearing that dress and it fit perfectly. I smiled and took out my pink heels. I put it on and checked if it's suit for this dress. It goes well with the dress so I decided just to wear this. I took my perfume and sprayed it all over my body. I took out my small pink belt and put it on my waist.

I looked at the mirror once again to check everything, I've decided to take my white clutch putting all my things there and looked at the clock, it's 5.57 what a nice timing.

Suddenly my phone rang, it's Devil.

"Yes Alex?" I asked as I picked up.

"Are you done?" He asked.

"I'm going out now." I said and walked out from my room.

"Okay." He ended the call and I walked downstairs. I saw my mom currently watching TV while peeling onions.

"Mom, I'm going to Alex's friend's wedding." I said honestly.

"Oh? Okay." She turned her head to me.

"Do I look nice?" I asked and she scanned me from head to toe, she smiled and gave me a thumbs up. I kissed her cheek and walked out from the door.

I saw Alex's car in front of my house, I walked faster and got inside his car.

"Hello little Angel." He greeted and I turned to him.

"Hello handsome." I kissed his cheek.

"You look beautiful." He smirked.

"What is your friend's name?" I asked as I took out my phone.

"Jonah and Valerie" He stated and I nodded. I'm so tired today and I don't know why. I turned to Alex but he has a serious expression plastered on his face, I looked at him confuse.

"Is everything okay?" I asked and he looked at me for awhile and then stared back at the road.

"Stick with me the whole time." He stated seriously and I raised my eyebrows.

"What?"

"Never talk with anyone else except my friends and their wives." He said and I nodded.

"Why?"

"Don't ask too much question, you're too talkative." That's annoying, I ignored him. Okay fine! If that's what he wants.

We arrived at 6.30, I got off from his car and he gave his car keys to the valet chauffer. I waited for Alex and he put his hand on my waist. We walked inside. There's so many people here, we walked into the crowd with people's eyes on us.

Alex lead me to the corner and I saw his friends standing and talking there. We walked to them.

"Alex." Aaron Samuel greeted him and gave him a patted on the shoulder.

"Aaron this is Angel, Angel this is Aaron." Alex introduced and I shook his hand briefly.

"Nice to meet you." He turned and took his wife's hand. Sophia's eyes widen.

"This is my wife, Sophia. Sophia this is Angel." Aaron introduced me to his wife and I shook her hand. Her eyes widen.

"Oh my gosh!" Sophia squealed, "I'm your fan, I love your movies." She shook my hand even more and I chuckled.

"Thank you." I said and Sophia looked at Aaron.

"What?" Aaron asked.

"She's the girl who played Crossfield, Aaron." Sophia said and Aaron's eyes widen.

"You're cool." Aaron gave me a thumbs up.

"Thankyou."

"Janet!" Sophia's eyes when somewhere else and I bet it's Janet Locason. I turned to the couple, Janet's eyes widen.

"Nice to see you here again!" I didn't expect she's this friendly.

"Nice to see you again." I smiled.

"Oh Alex.." Sky teased and Alex glared at him.

"I saw your article." Sophia stated and I raised my eyebrows.

"What article?" I asked.

"You both are dating." Janet answered.

"Yeah." I looked at Alex and he had this poker face expression.

After that small talk, the bride and the groom already walked inside putting all our attentions to them.

"Jonathan is here." I heard Sebastian Cesborn said to Alex, I smiled briefly to Sebastian.

"Where?" Alex asked.

"Your 3 o'clock but quite far away." His gripped on my waist tightens and I can't help but jumped a little. After that Sebastian left.

"Who is he?" I saw Alex's head turn to look for this Jonathan guy.

"Who is he?" I whispered to his ear and circled my arms to his hips. He suddenly pushed my arms and walked away. I stomped the ground completely annoyed.

I decided to find a drink, I walked to find it when suddenly I tripped. Someone held onto my body and held my waist firmly to support my body from falling.

"Watch out beautiful." I looked up to see a light brown hair guy helping me. He's handsome and just charming

I stood up straight and chuckled, I turned to him.

"Thankyou." I smiled at him.

"Your welcome Angel." He said and my eyes widen.

"You know me?"

"The whole America knows you beautiful, you're Angelia Selosvone." He chuckled and raised his glass of wine.

"Thankyou, what's your name?"

"Jackson Core." He said and I shook his hand.

"Nice to meet you and thank you for earlier." I said and he chuckled nodding.

"It's fine, how can I not help such a beautiful Angel?" He raised his eyebrows and I blushed.

"Want a wine?" He asked and suddenly he already have a new glass of wine on his hands.

"Yeah thanks." I said as I took the glass from him, I drank it slowly.

"You look so beautiful." He held my hand and kissed it, he looked at me and smirked.

"I-"

"Back off Jackson!" I turned to see Alex came with a furious expression.

"Alex, my buddy." Jackson turned to him and gave him a big smile, Alex took my hand and pulled me away from Jackson.

"Hey hey! I was talking!" I glared at Alex and he looked at me with a cold expression.

"Didn't I told you to stick me the whole time?" He burst angrily and it caused me to be mad as well.

"Listen asshole, I stick with you all the time but you ignored me and left me! Why would I stick along with you all the time?" I crossed my arms in front of my chest.

"Shut your little mouth this is a public area." He said coldly and I rolled my eyes. I decided to not stay close to him, I walked away but he caught my wrist.

"Where do you think you're going little Angel?"
