

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 116

Angelia Selosvone

"I'm going away from you!" I hissed but he pulled me to his embrace securing me in his arms as I tried to wiggle out.

"I don't like it a bit, Angel." He whispered into my ear and I don't understand what was he saying.

"Alex! You can't keep her like that!" Sophia came into the picture and I nodded looking at her.

"Go to Aaron, Sophia." Alex commented and I glared at him.

"Let me go Alex!" I pushed away his hand but he ended up holding me more tightly than before.

"Let me have a girl time with Angel." Sophia was trying to convince Alex but he shook his head not approving it.

"Baby this is a danger situation, come on you have to be with me." Aaron dragged Sophia away before she protested. I looked at Alex with a questioning eyes.

"What is that mean? Danger situation?" I asked and he looked at me. He gave me a peck on my lips making me more curious.

"That's why I told you to stay close to me and don't communicate with others, little Angel." He whispered to my ear and kissed it.

"Are they going to kill me?" I asked.

"No and I guarantee that." He said and I can't believe this.

"Kiss me." He ordered and my eyes widen. I turned my body to him and put my lips to him. He held my waist tightly but his eyes were looking around somewhere. He stopped and looked at me.

"Tell me who he is." I leaned my head to his chest and circle my arms to his hips.

"Jonathan Crone, he was our high school friend. He was one of the 7 Gold Lifes until one day Ken kicked him out and replace him with Sky." He said as he stroked my hair.

"He was one of your members?" I asked again.

"I don't understand about you guys." I added and sighed.

"There's more about us that the world doesn't know little Angel." He smirked and kissed my forehead.

"He hates you now?"

"He knows every single of us, he knows our weakness and everything but he hates me the most because I was the one who make Ken kicked him out." He sighed.

"This is why you use me?" I asked and that made him looked straight into my eyes.

"I'm his bait?" I asked.

"Answer me Alex." I said in a cold tone, I looked into his brown eyes and know the answer of it right away. I released my grip from his waist and stood beside him.

"You should know before you agree everything with me." He said in a cold tone.

"You're really a devil, Alexander." I said in the same tone as his.

"Didn't I told you that at our first meeting little Angel?" He asked and that made me turn my hands into a fist.

"So if the Angel finds the Devil interesting, she should jump to the bottom of the chain." He repeated.

"I was a fool, this is the first time I felt something weird coming my heart and it turns out I was thrown inside the devil's lair." I said sarcasticly and scoffed.

"I already paid you." He said.

"I send your money back the first thing in the morning, I don't want to have any relation with you." I looked at him and planned to walk away but he caught my wrist.

"He already know you Angel, if you want to stay safe. Stay with me." He said.

"Go cheat, take someone else!" I was furious and mad.

"I will guarantee your safety Angel, I promise." That made me look at him. I looked at him disbelief.

"You know I was innocent Alex, you dragged me into your dangerous life." I looked around me.

"Trust me."

"You're right, angel and devil don't match. I want my ordinary life back!" I said when suddenly he held my hand. He pulled me where his friends at.

"He has people surround us Alex." Kenneth stated.

"I know, he used Jackson to approached her earlier." Alex said and looked at me. My eyes widen.

"Don't even make a mistake like Blake do." Aaron warned Alex and now I looked like a fool here.

"Hey, everything will be okay." Sophia held my arm trying to comfort me. I tried to make myself to calm down.

"Sky what happen?" Janet asked her husband, Sky held her hand and eyed her. Janet shut her mouth right away.

"You're risking a lot of things, Alex." Sebastian said and I looked at him in horror.

"Stop saying that!" Alex bursted and held me tightly.

"You need to keep eye on her." Kenneth said and he looked at me.

"Oh boy." I sighed.

"You'll be okay." Sky said to me and I nodded. Suddenly there's an announcement for us to dance.

"Baby come on." Sophia smiled widely and pulled Aaron away.

"Not again." Aaron whined.

"Let's go home." Alex stated as he pulled me out from the ballroom. I didn't get to say goodbye to Sophia and Janet.

Alex put his hand tightly around my waist as we got out. Taking the car through valet and I quickly got inside his car. He drove away from Hastings hotel.

"Will you tell me now? What is your full plan about this?" I asked and turned to him.

"Let's talk about it later."

"Talk now Alex!" I insisted and looked at him coldly.

"You have to stay at my house tonight." He stated and that made me turn to him in disbelief.

"No!" I shook my head.

"Will you just listen to me woman?" He bursted and that got me silent. He was mad.

"I hate you." I mumbled.

"Listen to me and trust me."

"Take me home, I want to race." I hissed.

"Do you think that I will listen to you Angel?"

"I want to race, Alex!" I said in a cold tone and he turned to me shaking his head. I sighed and can't handle this man anymore.

Why do I have to attract a man like him? Why can I attract to guy who is nice?
