

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 136

Maximillion Cesantio

"I'll give you 200.000 dollars and I want you to give 55% back before the end of this year? How's that?" I smirked looking at Mr. Rodes.

"50% please." He said and I shook my head.

"55% or maybe 60% pick one." I said as I took my drink.

"Okay fine, I'll give 55% for you by the end of this year but can I ask you for 300.000 dollars?" He asked and I sighed.

"If 300.000, 60% then." I sipped my drink and I saw him thinking hard about this.

"Please Mr. Cesantio , I-"

"Take it or leave it, you can try to deal with others." I know he will take it because he doesn't have any option besides that.

"Okay fine." He hissed and I smiled. I signed the contract and called Jennifer to send the money. After dealing with Rodes, I did my other work and even planned to go to France next week to catch Mr. Sentrome's deal. Man if I got that deal, I'll be so happy.

These days I have tried to call Rose a couple of times but she didn't answer which is weird. Girls are so difficult but Rose is more difficult, I never know what she wants.

I was mad at her when I saw her making out with a random guy at Ken's party. I swear my blood boiled, I don't like it. I just really hate it to witness that, she was so cold to me that night and I don't know what got her to be like that.

My phone rang and I looked at it, it showed Sebastian's name on the screen.

"What's up?"

"Meet us at the bar, we got some good news for you." He said and what? Good news?

"Be there in 20." I quickly finished my work and took care of everything. I walked out from my office and got a wink from Jennifer, she's plain and stupid. I shook my head and just ignored her. I went to the lobby and got into my car. I drove out from my office.

As I arrived at the club, I got inside the lift and scanned the gold card. I went up to the second floor and walked into our private room. I saw all of them without Luke and Ken.

"What's up?" I asked as I plopped down beside Aaron.

"Ready?" Sebastian asked.

"What? Ready what?" I looked at them all confuse.

Suddenly Sky threw a white card to the table and I took it. There's an initial A and R on it, I opened the card and read it. My body immediately froze, my breath got hitch.

"I saw my wife secretly reading this and I'm so curious because she has a shock expression." Sky said.

"Angel knew about this too apparently." Alex said and I looked up to them, I turned the invitation to see when and my eyes widen.

"It's next week, she's getting married next week Max." Sebastian said and I put down the invitation on the table clearly don't know what to do about that.

"My question is are you willing to let her go?" Aaron asked and I turned to him.

"You literally have on and off relationship for 10 years with her. You went out with a lot of woman but you always comeback to her at the end. She will tie knots with Austin next week and you won't be able to reach her in the future anymore." Alex stated.

"I heard Janet talk on the phone, I think it's Angel or Sophia but I heard that everything's done. The wedding dress and everything, our wives are going to be her bridesmaids and they already did their fitting secretly." Sky said.

"Are you ready to let her to go Max?" Alex asked.

"You know me, I have girls all around me."

"It's different, heck we all have girls around us but we ended up with our wives." Sky added, I looked at the invitation and really want to burn it.

"At Ken party, Rose was pissed about you and I told her about us being boys. She was pissed." Alex said.

"She made out with a stranger." I bursted suddenly without me realizing and I saw them smirk.

"Just admit the fact that we all starting to get whip and I love it." Aaron said stupidly.

"You're jealous." Sky stated.

"No I'm not."

"Just admit it Max, don't regret your actions after you lose her." Sebastian added.

"Like Alexis?" Aaron smirked and Sebastian shot him a glare. I took the invitation and stood up.

"Going to her?" Alex asked.

"Shut it North." I walked out and got into my car.

I drove to the Hastings office tower. As I arrived there, I got into the lift and slide the Gold Card to go to Sky's floor. My heart suddenly became anxious. When it reach 25, my hand turned into a fist and walked out from the lift.

I saw her office light still on and it means my feelings about her still working was right. I walked and bursted in.

"Jason did I-" She looked up to me with a shock expression.

"Hello Rose." I looked straight to her blue eyes and walked in.

"What the hell are you doin-"

"What's this?" I cut her and threw the invitation to her desk and I put my hands on the desk to lean closer to her.

"Are you blind or what? You can read it by yourself" She glared at me.

"Austin Portwalt? What do you see in him?" I asked and she scoffed.

"The real question is that 'What do I see in you?' Maximillion?" She looked at my eyes with burning expression.

"From 10 years ago until now, you're always mine. You are always mine and it will never change Rose. It will never change." I said coldly and she scoffed.

"Yours? What a great joke Max, sleeping with a thousand women in front of my eyes and you still want me to go to you? I'm tired of you seriously."

"You know me right? You know what I can do about this."

"Don't! He's my future and I'll learn to love him so don't even think about ruining my future life, Max. I want to be happy after 11 years 2 weeks 4 hours 12 seconds of Hell." She glared and stood up from her seat.

"Do you even know who Austin Portwalt is?" I asked.

"My future husband, my future love and my future in everything. Just swallow the fact Max, I'm settling down." She took her coat and planned to walk out from her office but I caught her wrist.

"It will never change Rose.. until forever it will never change."
