

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 149

Rose Hastingson

Present time..

I opened my eyes slowly because the coldness that I felt on my skin, I smiled as I felt Max's arms circling my waist tightly. I slowly turned my body to him and he was still snoring lightly.

"Rise and shine bad boy." I whispered and kissed his cheek. He opened his eyes slowly and looked into my eyes.

"I have to go to work." I said and he shook his head.

"Max." I tried to wiggle out from his grip, he's securing me tightly.

"Stop trying to get out." He said and then he kissed my neck. Damn him, he always made me feel weak and just surrender everything to him.

Suddenly his phone rang, he took it and I saw the caller ID. Max answered the phone. He put his phone on his ear and I quickly take that time to go out from his grip.

Unbelievable.. he took Jennifer's call when I'm with him? Asshole! I quickly put on my clothes, wearing my highheels and walked out from the door not bothering to tell him or anything.

And again I was fooled.. again for the thousand times.

I quickly walked into the lift and went back to my car. I drove out from the building. I felt my heart crunch but I can't cry anymore. I think my heart already used to this feeling. I know it can be work related calls but taking it in front of my face just making me jealous.

I went home and thank God no one was there. I walked to my room and jumped into a shower taking a quite long bath to relax myself. I walked out from the bathroom with a towel only because I heard my phone rings.

I looked through my phone and saw 15 missed call from Max. He suddenly called me and I answered it really quickly.

"Hello." I answered.

"Hello?"

"Oh Max.." My eyes widen as I heard a moan at the background.

"Max!" I shouted but I heard kissing sound.

"You're so sexy." The previous voice said and my heart just froze.

"Kiss me again." I heard Max voice.

"Of course." I heard someone answered. Tears already filled my eyes and again, he broke my heart. I ended the call and threw my phone away, God knows where. I put on a really tight and sexy dress. Taking my highheels and walked to the door.

I opened it and saw Luke on the stairs, I quickly wiped my tears so he can't confront me anything.

"Where are you going? What the hell are you wearing?" He asked.

"Just going-"

"Were you crying?" That got me quite shock.

"No."

"Rose, were you crying?" He walked to where I'm standing and I shook my head.

"What did he do this time?" I just shook my head.

"What did he do!" He bursted and I can't help by let out the emotions inside. I cried and he hugged me tightly. I cried all out on his shoulder and he kept patting my head.

"You wanna go back go UK?" He asked whispered to my ears.

"Yeah."

"I'll set a jet for you tonight, you can go back to London in no time." He said and I nodded. I'm so thankful that he didn't ask anything else or how the story goes or whatever that involves that bastard name.

"Call one of the girls to company you here." He said and I nodded. He stroked my hair and wiped my tears.

"Don't do anything stupid Rose, I'll set a plane for you 9 p.m so just pack everything up okay?" He said and I nodded. He kissed my forehead and walked down again. I walked to the window as I saw Luke's car went out. I walked down and took my car to Austin's house.

I walked to his door, hoped that he's still at home not in his office. If he's going to be a manwhore I'll show you that I can be a b\*\*\*\*. I saw Austin's shocked face as he opened the door, I smiled to him. I walked to him and crashed my lips to him. He quickly responded to my kisses and kissed me back with the same pace. His hands were all over my body, more like trying to feel every single inch of it.

"What's going on?" He suddenly stopped and looked at me.

"Nothing." I smiled and leaned to his face again but he stopped me.

"Rose.. I know something is up." He said and I shook my headz

"Nothing Austin.. why are you so sexy today? Did you workout lately?" I put my hands on his shoulder, making a circle pattern.

"Rose , wha-" I crashed my lips to his again.

"Rose, I like you but this is not the perfect time to make out." He stated as he pushed my shoulder to look at my eyes.

"I like you too! How about we get marry?" I asked bluntly.

"Last time I checked you ran away" He stated but there's not a single anger in his voice.

"I wasn't on my mind, I was being childish that time. I like you Austin." I smiled and gave him a seducing smile.

"As much as I like you but I know you got together with Max lately so I'm guessing he hurted you again this time?" He asked and raised his eyebrows.

"No.. I never get together with Max.. you're wrong."

"Need help?" He smirked.

"What?"

"I'll help you but you help me Rose." I looked at him disbelief.

"Are you out of your mind?"

"Violet Ashlock, I bet you know who she is right? I need that girl" Unbelievable!
