

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 158

Rose Hastingson

"Let's bet." I looked at him disbelief, in this situation he wants to have a bet with me?

"No thanks.. I'm wasting my time meeting a man like you here." I said as I took my bag but Max held my hand.

"Let's have a bet Rose.. if you win, I'll let you go this once but If I win you have to do anything I say." He held my wrist tightly and I felt the burn around my wrist because of his touch.

"Do you think this is a joke?" I asked and he suddenly took something from his pocket. I saw the dice on his hand and I was shocked to see that he still has that dice.

"You know this right? You still remember it?" He asked and I just looked at him.

"Pick it."

"Let me go!" I pulled my hand but he kept holding my hand tightly, he pulled me so I sat next to him.

"One until six, pick one. Like we usually do." He said and I sighed.

"Four." I prayed that I'll win, he threw the dice in the air and it landed on the table but still spinning around.

Suddenly it stops and show 5, I lose.

So this is our usual tradition when we have a bet, the thing is we have to pick a number and it's base on luck actually. If you pick 4 than you have to get 4. That's our bet and yes it's insane but that's our thing together.

"Six" He announced and threw the dice to the air.

"As usual, below or above?" He asked.

"Below." It means if it shows below four it mea- wait s***.. he picked 6, my eyes widen and turned to him but I already saw him smirking.

"Shoot! You know this will happen!" I bursted and he just shrugged.

"You're the one who pick below love so.. I'm not the one to blame here." Oh freakin shoot, he threw the dice and it showed.. oh... crap... it's 5, I saw Max have a really big smile plastered on his face.

"Dang it!" I cursed under my breath, he quickly threw the dice to the table and please be six.. please.. my eyes widen as the dice stop. I looked at the dice and cursed a lot under my breath.

"I win love." He announced happily and I sighed, I didn't say anything and just stared at that dice for a long time. He still has it.. I thought he lost it.

"Let's have a date." He stated and I shook my head.

"I don't want it."

"Fair play love.. I win so you have to do anything what I want." He said proudly and I turned to him.

"Max.. this isn't the time for us to joke around." I looked at him coldly.

"Until when you won't talk to me?" He asked and held my hand.

"There's no chance for you anymore.. stop trying." I pulled my hand but he hold it tightly.

"What should I do to make you to forgive me? Tell me, I'll do anything!"

"Stop Max.. I had enough, please don't force me to get back to you again." I said and tried to pull my hand from his grip.

"I'm a jerk, I really admit that. I admit that I was wrong in this situation but please I-.. I already change, I promise you I won-"

"No."

"The answer no Max.. there won't be a chance for you again." I shook my head.

"Please.. I'll do anything. I swear this time I won't hurt you again. I love you." That made me turn to him.

"What took you so long to say that? Why? I've waited that word for so long and you said it in this situation. You're so mean Max, you hurted me again and again. I forgive you but you betray me all over again."

"I'm-"

"We're not meant to be together. There won't be any Max and Rose again in the future. We're done." I slowly pulled my hand and he let go, he looked at me seriously.

"Let's get married." He suddenly said and my eyes widen. I didn't expect that coming.

"No." I shook my head.

"I'll do anything to make you forgive me and take me back Rose. I swear I'll do anything." I looked into his eyes and I can't say anything right now.

"Why? Why do you hurt me so much? Is my love not enough for you? I gave you everything Max.. I gave you everything why it's still not enough for you?" I asked as tears filled my eyes and he quickly hugged me. He stroked my hair slowly.

"I'm sorry.. I'm so sorry Rose."

"You crushed my heart, you stepped on it , you tore it and in the end you threw it away like it was nothing." I said as tears coming out from my eyes.

"I was insecure. I'm not confident enough to make you happy Rose. I love you since the day I lay my eyes on you. Everything about you is just.. different. I felt your love everyday but it's me.. I'm not confident enough to show it.. to give you.. to make you happy. I never know what love is Rose."

"I had a rough life before and I just never felt love before, I grew up loveless and when suddenly you showered me with love and everything. I felt weird because I never felt it before. I know you love me that much but I still sleep with other woman because I just.. I was a jerk, I know that hurt you but I.. I admit I'm wrong Rose , It's like I-"

"Didn't I told you to use me? I love you so much that I want to sacrifice everything but you jus-" I sobbed and he held me tighter.

"I know.. I'm sorry.. I just realize it now Rose, I'm sorry. Give me one more chance to show you that I've change, I've change and I want to start everything from the beginning and show you how much I love you. I'll make you happy.. I'll-"

"We're over Max."

"Please don't say that Rose.. don't say that."

"I'm going to start a new life without you in it.. I'm moving on."
