

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 177

Luke Hastingson

My head hurts.

That girl is messing with my head, I don't know how and what's going on but that girl is just unbelievable.

At the ball yesterday, she got my number from my mom. Guess what? She texted me every hour and I don't want to reply any of it and it's already a week.

Red head sure is crazy, I'm not going to lie she's crazy. I wanted to block her number but somehow my heart told me not to.

I pressed the lift button to go up to my office, I got inside the lift and closed my eyes for awhile. I leaned to the wall and sighed. I've been so tired lately and my head need a little rest.

"Good morning Luke." I opened my eyes and saw the red head standing in front of the lift waiting for me on my floor. She's smiling and I looked at her in horror.

Oh my god what is she doing here?

"What are you doing here?" I asked coldly as I walked out from the lift.

"What do you mean?" She asked looking with those dark blue eyes. I rolled my eyes and walked to my office but she kept following me.

"What the heck are you doing in my office?" I asked coldly.

"I made you breakfast." She took the white paper bag and walked to me.

"I don't eat breakfast." I said as I looked at the file that my secretary put on my desk. I scanned it for awhile and looked up to see the red head already smiling sweetly at me holding a pink box.

I hate those blue eyes and that smile.. I really hate that.

"I make you a ham and cheese sandwich, you haven't eat breakfast right?" She opened the box and I looked inside. She made it quite a lot and put it beautifully. I looked at her and glared.

"I never eat breakfast, how many times do I need to tell you to get lost?" I said coldly and she closed the box.

"You can eat it at lunch." I closed my eyes.

"Don't ever come here again." I stated annoy.

"You can't tell me what to do, you're not my father!" I looked at her disbelief.

"Just go and never come back, do it when I ask you nicely, Harley."

"It's Hailey." She corrected even though I know her name.

"Should I just work here?" She stated and I glared at her. I took a really deep breath, how stupid she is? I pressed the button to call my secretary, Vella.

"Bring this woman out." I stated.

"Yes sir." Vella answered, I looked at the file and now it's time to work.

"You're so mean." The red head said and I ignored her.

"You don't even reply my message.. but it's okay, it means I have to try harder." I scoffed not caring to look at her. I heard the door open.

"Miss, let's go." Vella said.

"I can go by myself." She said coldly, well that's new. Hearing her cold tone after being all sweet, that made my head look up. I saw her back as she walked to the door and disappeared. That girl is unbelievable, stupid, so spoil and clingy.

My phone vibrated, I took it out from my pocket and threw my phone away as I saw who texted me. I got back to work not caring that my phone kept vibrating because I know who it is without looking.

Why did I meet her? Damn she's so annoying!

I stretched my arms out after scanning so many files and settled my hand on my laptop to type again when suddenly the pink box caught my eyes. I took it and opened it, it looks good but thinking about the sender makes me want to puke.

I looked at the clock and it's already 2 in the afternoon, never thought the time pass so quickly. I decided to take one of the sandwich and eat it.

My eyes widen as I taste it, this is quite good. The red head can cook but it tasted familiar. I ate it though, I put the box away after eating it.

"Sir you have a meeting at 4." Vella said via the office telephone.

"Got it, please send me the presentation material." I answered.

"Yes sir."

I took my phone to check it but when I opened my phone, I sighed.

Spoil brat : Have you eat it?

Spoil brat : How is it?

Spoil brat : Have you eat lunch?

Spoil brat : Lukeyyyy..

Spoil brat : Can you reply me once?

Spoil brat : I miss you.

Spoil brat : Lukeeeeeeee how's the sandwich?

Spoil brat : Tomorrow I'll bring you another delicious meal.

I'm tired reading all of this **** that she sent me, I really want to block her. I decided send this.

Luke :

Send me one more message, I'll block your number.

After a few seconds my phone vibrated again, I opened the new message.

Spoil Brat :

OMG you replied me! Thankyou so much Luke! This really make my day!

I looked at her message disbelief, she's unbelievable! I swear. I'm starting to get annoyed by her act. Spoil and clingy, I need to get her away from me. I really need to get her away from me before it affects my work and things.

She gave me a headache these days because of her texts.

My phone rang suddenly and I looked at the caller ID. Oh damn.

Imagine if you have that one person that can't stop bothering you by sending you texts and calls, I bet you want to get rid of them so bad.

I wanted to throw my phone this moment. Hailey Anderson, I need you to get away from me. I was starting to get sick with her childish character.

Since she kept bothering me again and again so I decided to block her number. I need to make her hate me so she will leave me alone.

If I can't shove you away then I will make you hate me so you will back off and leave me alone.
