"Do you come here to work or what? Try to wear a decent clothes!" Luke bursted again and I glared at him.

"No I'm here flirt and fuck just like you said." I said.

"Do you want to get fired?" He asked in a really angry tone.

"Go and fired me! You always like it when I'm failing right?"

"Hailey!" He bursted.

"Wow, you got my name right this time Luke." I said sarcasticly.

"Enough!" Sky stopped and I looked away. Way the go bursting my real name in front of Jordan.

Suddenly Luke walked out from the meeting room completely piss and I took a really deep breath. My chest was burning in anger.

"You work unprofessional, Ms. Coloson." Sky said coldly and I turned to him.

"I'm sorry.. I'm sorry Janet. I can't do this anymore. I'll send my resign statement tomorrow." I said and looked at Janet. She seemed sad but I'll make up to her other time.

"I'm sorry.. Sky, Janet and Max." I said one more time and walked out from the meeting room. I walked to the emergency stairs to go to my office floor taking my things.

I can't be like this anymore.

After taking my things, I walked to the emergency stairs again. I don't want to see Luke in this state. I really hate him.

I arrived at the lobby and quickly walked my way out when suddenly someone caught my wrist. I turned to see Luke, his expression darkens and I know he's mad.

"Let me go asshole." I pulled my wrist but he gripped it tighter, hurting me with his grip.

"You're acting like a b**** today." He said coldly and I let out a sarcastic laugh.

"I was a b**** from the start. Now let me go, I have an appointment with some man." I said coldly.

"What's with you?" He asked and I ignored him. I pulled my wrist from his grip and crossed my arms in front of my chest.

"Continue.. whatever lecture that you want to give me." I looked at his blue eyes and he looked at me disbelief.

"You change." He stated and I nodded.

"Yes.. do you like it? I mean thanks to you, I opened my eyes to see how beautiful this world are. I realized how much I wasted my time for a guy like you.. while there's so many guys queueing behind me to taste me." I smirked.

"Hailey.. this is not you." I laughed at his statement.

"Did you memorize my name? You got it right twice." I gestured it with my hand.

"You hate me."

"Damn Luke.. you're right. Oops.. I don't have time to talk to you, I have to entertain someone else." I looked at my watch and turned to him smirking. His eyes darkens and he was burning mad.

"Have you sleep with that blonde guy?" I turned my body as he asked that.

"Of course Luke.. I never let a hot guy pass." I said and winked to him. I walked away and walked out to the road. I took a taxi and told the taxi driver to go to a club near here.

It's still early so only that club opens this early. I need to drink.. to get drunk until I forget who Luke is. I arrived at the club and immediately sat on the bar and asked for the most strong drink.

Drink.. drink and drink continuously without caring things around me.

Suddenly someone grab my bare waist and I turned to see a hot guy. I can't help but smirk and looked at him with a seductive smile. I bit my lip and he looked at me intensely.

"What's your name sexy?"

"Fate." I gave him a really sexy stare and he smirked.

"Wanna dance Fate?" He asked offering his hand and I held his hand. We made our way to the dance floor and I dance with him. I swayed my hips and kept flirting with him.

He suddenly pulled me and he kissed me. I kissed him back in the same pace and his hand stayed on my bare waist. Slowly he trailed his hands to my ass. He squeezed it making me moan and he took that opportunity to insert tongue.

Suddenly I was pulled and the guy who danced with me was already on the floor groaning in pain. I turned to see Luke looking at me angrily, he took my hand but I pushed him away. I quickly walked back to the bar and took the drink that I haven't finish earlier.

I need to go out from here. I don't want to see that bastard. I took my bag but suddenly I was carried on his shoulder. I punched his back angrily.

"Put me down you asshole!" I kept trying to make him to put me down but no use. He brought me out and put me inside his car, he closed the door angrily. I tried to open the door but no use because he switched the lock setting.

My head was hurting.. I drank too much alcohol.

"What do you think you're doing?" He bursted angrily but I don't want to answer him. I looked out the window.

"Hailey." He called me but I don't really want to talk to him right now. I want to be alone for now to settle my own life. I'm lacking again and I need to get back on track alone.

"Why are you doing this?" He asked but in a cold tone. He's like a dad scolding his daughter for getting pregnant.

"I'm cutting everything with you." I stated without looking at him. He didn't say anything. I took out my phone and dialed my bestfriend number. I put my phone to my ear.

"Hey Hailey.. what's up?"

"Michael.. can you pick me up?"

"Where?" He asked suddenly my phone was taken. I turned to Luke he pressed the red button. My eyes widen.

"What the hell?!"

"You're drunk, I'll take you home."

"I'm not drunk bastard!" I said and took my phone back from him. Michael called me back and as I wanted to press the green button, Luke took my phone again.

"She's with me, don't call her again." Luke said and threw my phone. My eyes widen and looked at this asshole disbelief.

He just make me hate him more.
