

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 204

Hailey Anderson

I opened the door and saw Julie, she's my neighbour and my childhood friend. It's been awhile since I saw her. She hugged me tightly.

"How are you?" She asked.

"Great!"

"Where is your boyfriend?" I raised my eyebrows, is she going here just to see Luke? What the hell! She walked inside without me welcoming her and I followed her inside automatically.

"Hello handsome, I'm Julie!" She said in a really girly tone, she slipped her hair back to her ear. Luke just shook her hand but she pulled him into a hug. Luke pushed her away.

"Okay Julie." Luke said annoy, I looked at her and my heart started to boil. I walked to Luke and clinged my arm to him. She looked at it with a hint of jealous in her eyes.

"So how long have you've been together?" She asked and looked at Luke with a loving eyes. What the hell!

"A few days." Luke answered and I want to punch him so right now.

"Oh that's too bad." She squealed in happiness and my heart started to burn in jealousy. Did she think that she still have a chance with him?

"Hailey! Take out the cookies please? I'm helping your granddad now." My granny shouted and I looked at Luke and he gestured me to go. I stomped my feet and walked away. Taking out the cookies fast and put it on the cooling tray fast too.

I walked to the living room and found Luke and Julie laughing, I stomped my feet annoy. My granny suddenly walked to the kitchen after saying hi to Julie.

I glared at Luke, why isn't he realise how Julie is trying to approach him? Okay Hailey, have to trust him. He loves me, I have to trust him because he's mine. I have to trust him.

I'm trying to hypnotize myself and assuring myself that Luke is mine.

"Gave this to Julie and Luke." Granny suddenly called me to give them her secret recipe juice. I nodded and took the glass with me to the living room.

Shoot.. I really want to throw this glass to Julie right now. She's sitting next to Luke and even slowly trying to get close. I walked to them quickly and shoved Julie away.

"My granny's juice is the best, you should try it." I said to Luke and gave him the glass. He smiled to me and kissed my cheek.

"Thanks beautiful." He sipped it and I saw Julie's face start to fell down. Take that b\*\*\*\*, he's mine.

"There's a BBQ party tonight at my house, for my parents anniversary. You're invited!" She said and tried to act cute.

"Really? Thanks, we'll come." Luke!

"Yeah we'll come." I smiled fakely at her and she smiled widely.

"Hailey!" My granny called and I hate my granny in this situation. I walked to the kitchen.

"Yes?"

"Can you help me make the icing?" She asked.

"What is this for?"

"There's a BBQ party tonight at Julie's." I wanted to smack Julie so bad. I nodded weakly because I can't reject my granny. I started to make the icing but my heart filled with worries.

What if Luke starting to like Julie? I approached him like that before and he started to fall for me. What if he's starting to like Julie and left me? No no he won't.

He loves me and he won't leave me, but what if Julie is starting to creep his heart like I did?

No no.. he won't.. he won't.

What if Julie secretly contact him? Texting or calling behind my back? Julie is more beautiful than me. She has a body like Taylor Hill and her face is extremely attractive.

I looked at the tear drops at my hand and shoot.. why am I crying?

"Babe what are you doing? Do you need my help?" Suddenly Luke walked to the kitchen and I quickly turned around to wipe my tears.

"No.. I'm fine." I said as I threw the sugar to the mixer, he backhugged me and kissed my cheek.

"Let me help you." He said and I nodded. He walked to the place across me and suddenly he looked at me intensely.

"Did you cry Hailey?" He suddenly asked.

"No.. I cut onion earlier and it sti-"

"There's no onion around here.. you're making a cupcake that doesn't need an onion." He said and shoot. Why there's no onion here?

"Why did you cry?" He asked.

"Nothing.. there's a flour fly to my eyes earlier." I said as I put a block of butter inside the mixer.

"Luke.. what are you doing here?" Suddenly Julie walked in and I just looked down.

"I'm helping my girlfriend."

"I thought you're going to company me buying things for the BBQ tonight."

"I won't come to your party tonight." He suddenly stated as I put the vanilla extract to the mixer.

"What? Why?"

"I have a really special date with my girlfriend." He stated and I just stayed silent.

"Oh come on.. help me for awhile." Julie act cutely.

"Don't act annoying, I'm not a fool to detect what you're trying to do. I don't know if you're dumb or what, Hailey is my girlfriend and I love her. Back off and don't try to ruin my relationship by making her jealous." Luke said coldly and I looked up to him. He smiled at me.

"Who says I'm trying to make her jealous?"

"Oh yeah? You're asking me to fuck you earlier behind your friend's back. I sense what you want and I told you that I love my girlfriend and now you act innocent." My eyes widen, I turned to Julie disbelief. I grabbed an egg and threw it at her.

I throw a pack of flour beside me to her and now she's covered with flour and egg. She screamed in horror and I walked to her.

"If you're trying to approach my boyfriend again, I'll kill you to pieces and feed the piranhas with your whole body it to the sea." I said coldly and glared at her.

"Argh!" Julie ran out and at the same time my grandparents ran to me. I was so pissed right now.

"What happen?" My granny asked as she saw the mess that I make.

"Julie is trying to take Luke away from me! That whore!" I hissed.

"We'll take care of this Delly and Tom." Luke said and stand beside me. They nodded and walked away.

"You're crying because you're jealous.. right babe?" Luke pulled me so I'm facing him. I looked away.

"I tried to trust you and I ended up crying like an idiot." I said honestly and he hugged me tightly.

"That's what I felt when Michael do sweet things to you.. it's unbearable." Now I understand him.. I won't let Michael do that again. I have to respect Luke, he might be my bestfriend but I have a boyfriend.

"I'm sorry."

"I shoved her away and told to her face that I love you." He said and I hugged him back.

"I approached you like that before and you ended up liking me.. I'm afraid if Juli-"

"I love you not like you.. I'm serious with you if I already did my punishment Hailey."

"I hate that bitch."

"Hey hey, I'm yours." He chuckled.

"Still she's flirty with you big time."

"That girl is annoying."

"I was annoying too asshole." I smacked his back and he laughed.

"You're annoying because you crawl to my head little by little. Everytime I close my eyes you appeared, that's why I called you my nightmare."

"So you're going to have a date with me?"

"Last time I checked I gave 100.000\$ to have a date with a hot girl but ending up never having it." He said.

"Let's have a date then."

"Put a sexy dress on for tonight." He whispered and I blushed. He cupped my face and kissed me.

I love him damn much!

"Stop eating each other and clean my kitchen!" Luke stopped and looked around in horror. I laughed.

Way the go granny.
