

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 212

Alexis Sierra

"Where do I sleep?" I asked as we both arrived at the 2nd floor of his house. I looked around.

"My room." He said shrugging.

"What? No way I'm sharing bed with you." I hissed.

"Too bad you don't have any other choice."

"This is a mansion Sebastian, you have a tons of rooms available." I said and he smirked.

"Try me." He said and I walked to the nearest door. I turned the door knob but it's locked! I walked to the next room and it's the same.. I tried the next one and it's the same. I glared at him and he laughed.

"See."

"You locked it asshole! Open itz! I said and he shook his head.

"Sorry.. I lose the key."

"What kind of stupid reason is that?" I glared and he laughed. He walked to me taking my hand and lead me to a room near the stairs. It's his room, he dragged me in. He pushed me to the bed and he ended up laying on top of me.

"Go away" I pushed him but no use, he leaned his face closer to mine and I started to look away not wanting to see that eyes.

"I miss your smell."

"Sebastian!" I warned.

"Do you have any schedule today?"

"Yes.. I have all day."

"No you don't."

"Why asking asshole?" I said coldly.

"Just want to see if you're lying or not and it turns out you are lying." He kissed my cheek and got up. I turned to Sebastian wanting to say that I'm going out but without any warning he opened his suit and started stripping himself until he's shirtless.

My eyes widen but can't stop scanning to his beautiful greek god body. Shoot!

"Don't droll yourself, it's all yours." I gulped and looked away.

"I'm going" I said and walked to the door but suddenly he backhugged me.

"Where do you think you're going babe?" He whispered to my ear and I gulped nervously.. again.

"I need to work."

"You don't have any work today." He turned my body and he pinned me to the wall. My eyes met his and I can't help but take a quick look his shirtless body.

"I have to workout. I have to walk on a big runway in 3 months." I said.

"We can workout together, I have my own gym here." He held my waist tightly.

"I don't want too.. You don't have any hot guys around here." I said with a challenging eyes.

"Really? Why are you so pale being so close to me then?" He raised his eyebrows and my eyes widen. I cupped my face and he laughed.

"Asshole." I smacked his chest.

"You're so sexy by the way." He leaned to me and scanned me like a pervert.

"Don't make me stomp your feet!"

"Feisty much?" He smirked and I glared.

"I need to go work out Sebastian.. I don't know if you're deaf." I crossed my arms in front of my chest.

"Give me a kiss first, I'll let you go after that."

"No way!"

"Then let's stay like this or maybe.. I won't let you out." He smirked.

"That's ridiculous, don't be an asshole." He suddenly leaned so close to me. My breath got hitch.

"Do you know how much I miss you? You're making me getting my temper back." He said in a slow tone.

"Why do you waste so much time for that? You just can find another one." He turned his body and walked away. I looked at his back.

"Go.. you said you need to workout." He said in a really weak voice, I wanted to say something but I shut my mouth.

"Okay."

"Don't even think about staying at another place Lexy, you know I can find you." He warned and walked into the bathroom without glancing at me. I felt weird when he let me go like that.

I walked out from his room and got downstairs, walking out from his house and saw my car already there. His people already taking my things inside, they smiled at me politely.

I don't want this, to be honest I don't want this. Being with him again was my dream but.. we can't always get what we want. The fact that I really want us be together like Blake and Jean or maybe like other lovely couple but we can't.

Suddenly my phone rang.

"Hey mom."

"When will you come home?" She asked.

"Sebastin found me."

"I already predicted that" She said and I sighed.

"What should I do mom?"

"Alexis.. you're already an adult, you can make your decision yourself." I walked to my car and got inside.

"How's Axel?"

"He's fine, don't even think about him." I smiled.

"Mom.." I called her.

"Yes Lexy?"

"Can I be happy?"

"You can, it's your choice. 2 years ago when you ran away here, you're being childish. You should settle everything with him why giving up your dream and beautiful life that you already have there?"

"You know it's not a simple thing mom."

"It's not but it's already pass Lexy! Don't make that guy stop you from being happy."

"Still mom.. There's his blood in me." I said coldly and smacked my steering wheel completely piss.

"Oh Lexy.."

"I'm going to workout mom, I have a show to run in 3 months. I wish you can come here." I sighed.

"Okay."

"I miss you mom.. Axel too."

"We miss you too! Don't worry about it." I ended the call with tears running out from my eyes.

Why my life is so f***ed up?
