

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 229

Alissa Sierra

"We miss you." Rose, Angel, Janet, Hailey and Sophia hugged me.

"I miss you guys too." I chuckled.

"I can't believe they let us go shopping." Janet said and yes she's right.

"We have to use it big time before they change their minds." Angel said.

"Let's go.. I need to go shopping." Sophia said, Angel got a jeep. We all fit in there somehow.

"I love the new design Angel." Hailey said.

"Oh! Since Alissa is new.. I'll send my clothing line for you tomorrow! Tell me if you like it or not okay?"  
She turned to me for a second.

"Yes captain."

"Have you get something for Luke?" Rose asked Hailey.

"Of course.. I'm excited."

"What are you planning?" Rose asked.

"Something fun."

"Okay that's disgusting." Rose commented and we all laughed.

"I'm still not used to see Luke getting whip." Sophia commented.

"Why?" I asked.

"He and Ken are the most anti love but look at Luke now. He completely act dumb." Sophia said and I laughed.

"I made him dumb." Hailey said.

"Alissa, do you know what is Sebastian's punishment?" Angel asked.

"We're taking everything slow.. so I'm not ready to ask him about that punishment."

"He loves you.. you should ask him. The guys have to do the punishment when they say the L word." Janet added.

"You both already got together for 2 months and Axel is getting bigger.. go get married. Maybe you should propose first." Rose said.

"Rose! Where's the fun is that?" Angel said.

"Right! But I want to know what his punishment is." Rose said and I laughed.

"Me too but I rather wait."

"I can eat a whole cow right now." Angel said.

"I'm hungry too.. what do you want to eat?" Rose asked.

"In and out? It's just right around the corner" Janet suggested and we all agreed. We walked there and eat there. Suddenly my phone rang.. it's Sebastian.

"Hey." I answered.

"Can you come home?" He asked.

"What happen? Is there something wrong?" I asked and the girls were looking at me nervously.

"Axel has fever." My eyes widen.

"Okay okay" I ended the call and looked at the girls.

"What happen?" Angel asked.

"Axel got a fever."

"Let's go then." She said and we all went back to the car. She drove me back to Sebastian's house. I quickly ran inside and I saw Sky pointed upstairs. I ran upstairs to Axel's room. Axel was sitting on the bed.

"Hey honey.. are you okay?" I asked as I walked to him. He smiled and nodded.

"Where is daddy? He told me you have a fever." I asked.

"Here." He suddenly gave me a small note and then he ran away. I read the note.

Remember the key I gave you a few months ago? Bring that out and come to the garden.

I literally ran from Axel's room to our room. I took it from my suitcase and quickly ran downstairs. Ran to the garden and stopped as I saw a big banner.

I saw a small black box and there's a lock attached to it. I looked at my key and maybe I can try to open it. I put it inside and opened it. Suddenly the banner fall and I looked up.

"Turn around." I heard Sebastian said and I turned my body around. Sebastian was standing a few steps behind me, he's holding a beautiful flower.

"For you beautiful." He gave me the flower and I smelled it. It smells so nice and fresh. Sebastian walked pass me and took the black box. I never get to see what's inside because the banner shocked me more. He opened it and kneel down.

My eyes widen.. he's proposing.

"Alissa.. will you marry me?" He asked, out of nowhere Axel ran and to the same thing as his dad. I laughed.

"Mommy, will you marry dad?" Axel asked.

"Of course." I hugged Sebastian and kissed him. He smiled and put the ring to my finger. I heard a clapping sound behind us and I found everyone is there. My mom, my brother, the girls and their husbands, Ken and even Jean and Blake.

"I love you damn much.."

"I love you too, Cesborn." I kissed his cheek.

"You're a future Cesborn too."

"Congratulations!" They said and I smiled. After that we had a small party. I saw Ken was sitting alone and I walked to him.

"Thankyou." I said and he turned to me.

"For what?"

"Everything.. helping me and Sebastian."

"Don't mention it." He turned to me and I found him smiling.

"One day you will find a girl who will make you crazy in love." I don't know why I said that.

"No thanks.. Love has been out from my life long time ago."

"You will.. one day." I smiled and walked away.

"Oh my gosh." I looked at the kitchen, Axel was literally playing with flour.

"Let them.. I'll clean it that later or I'll let a maid clean it." Sebastian back hugged me.

"Axel is-"

"He's a kid, don't worry about it." He said.

"You're such a good dad."

"Of course I am." I said proudly and I smacked his chest.

"You scared me when you said Axel has a fever." I glared at him.

"I'm sorry baby but I have to.."

"Are you just going to look at me or are you going kiss me?" I smirked and he crashed his lips to mine.

"Alissa.. wanna see Sebastian's punishment?" My eyes widen and so was Sebastian's.

"What is it?" I asked and I heard laughter fill up the living room. Sebastian hugged me tightly not letting me go.

"What is it?" I asked.

"Nothing to see." He looked at the guys.

"Let me go! I want to see it."

"Alex!" Sebastian shouted.

"It's Max's." Alex answered and Sebastian glared at him. Max smiled awkwardly.

"Sorry dude.. you recorded me too." He said.

"But I didn't share it asshole.. oh I'm going to share it now."

"S\*\*\*.."

"Let me go!" I pushed Sebastian away and quickly ran to them. I saw my mom laughing so much, I quickly joined Ken watching.

Oh my gosh.. I looked at Sebastian. He's face palming himself right now. I can't hold my laugh anymore. I bursted out laughing crazily.

Everyone..

Sebastian's punishment is dancing Beyonce's Single Ladies.. he actually memorized it.. oh and he wore the same clothes as Beyonce.

How wonderful? I'm happy.. It's not easy but I'm happy in the end. It takes time and sacrifices to get to this point. I love Sebastian and Axel and I'm really glad I have them in my life.

The End.
