

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 239

Chloe Regens

"Don't talk to me!" I completely ignoring Jack all the time. He's annoying and have been trying to talk to me since we got into the airport.

"I'm sorry okay? I didn't know about Marissa."

"Blablabla.. Why do I have a brother like you? Trusting a b**** more than his own sister."

"Oh come on.. I'm sorry." I glared at him.

"I'm sorry.. okay?"

"I'm moving to New York, I want to work with Angel." I glared at him.

"I've told you, I'll talk to mom and dad first, Chloe."

"Noo.. I want to move this week."

"That's too fast, I'll miss my baby sister." He pouted and I showed him my fist.

"You love that b**** more than your sister.. don't even give me that 'I'll miss my baby sister' speech."

"Oh come on.. Until when you will get piss?"

"Until the end of the world." I shrugged and he sighed.

"Ken even care more about me than you. How can you still care about her when your sister went away?" I glared.

"I'm sorry okay? I still processing the situation. I called you a few times though." He did but I turned my phone to mute until the next morning.

"Okay fine.. I forgive you." He smiled.

"Where did you go yesterday with Ken?" He asked.

"Top of the Rock Observation Deck."

"Did he do anything to you?" What a stupid question.

"Why did you ask that? Of course he's trying to cheer me up." I said.

"I thought something might happened.. such as kissing or things like that." I scoffed.

"We're not.. he looked at me when I'm a kid and why would he kiss a kid?" I rolled my eyes to make it real. He nodded.

A few hours later, we arrived at my house. As soon as I arrived, I saw Xander standing at the door of my house. My brother was ready to punched him.

"I'll take care of it." I said and warned him not to do anything.

"I have to do something."

"Just don't.. let me." I said and he nodded weakly. He got out from the car first and I followed. Jack threw a glare at him and I walked to Xander.

"What do you want?"

"Look let me explain." He looked at me seriously.

"Explain what? There's no need explanation. In the end of the day you still cheat." I said.

"It's because you never let me do more than making out." I looked at him in disbelief.

"So you date me just because you want to sleep with me? I should've known." I scoffed and crossed my arms in front of my chest.

"I like you a lot Chloe.. I-"

"If you like me a lot then why cheat? What a stupid excuse you got there Xander. You can go now because we won't get back together." I said.

"I like you Chloe.. no I love you."

"B*****.. Goodbye Xander. Have a great life with Emma and please don't hurt her. Hurting me is enough." I smiled sweetly and walked in but I stopped when he said this.

"So now you sold yourself to Kenneth Domanco?" He asked and I turned to him.

"So you're saying I'm a w****?"

"Aren't you? Did you sleep with him already?"

"What if I already done it? He's a one hot guy." I said b****y.

"You're a w****."

"Whatever.. Goodbye Xander." I walked inside and felt more relieve than ever. I saw my mom and dad were sitting on the dining room. It's Sunday time to relax.

"Hey mom dad." I hugged them.

"Xander's outside." Mom said.

"We broke up." I stated.

"What? Why?" She asked.

"He cheated on me with Emma." I said.

"Emma? That bastard.. how dare he-"

"Dad I'm fine. I already dumped him." I cut him.

"Good then." I turned to my mom.

"Good?" Dad asked.

"I never like Xander." Same like Jack.

"Me too." Jack walked into the dining room and sat beside dad.

"Just be single now." Dad said.

"Nah.. I'm going to find a hot guy in New York."

"New York?" Mom and Dad asked at the same time.

"I just graduated, I need a job. Alex's wife, Angel has a clothing line and she offers me if I want to work with her. Then I said yes.. what do you guys think?" I asked and Jack sighed.

"I think that's great." Dad suddenly said and I smiled widely.

"Go and do it.. Learn from her first and then you can make your own clothing line or whatever you like." Mom said and I can't contain my joy. I squealed.

"Can I move to New York?" I asked.

"Of course.. We have an apartment there." Dad said and yes, I'm so moving to New York!

"But you're alone." Jack said and I glared at him.

"Sebastian's there right?" Dad asked and I nodded.

"We can ask Sebastian to check on her once in a while."

"Mom, Sebastian already got marriage and I'm not a kid anymore. Stop treating me like I'm 8 years old girl." I hissed.

"Oh come on.. we only trust Sebastian." Mom said.

"I can take care myself mom."

"Still we want someone to look for you."

"Ken.. I'll ask Ken." Jack said and I glared at him hard.

"Don't you dare!"

"What?" Jack asked innocently.

"I don't need a baby sitter."

"Ken, it is." Dad stated and I kicked my brother's leg, he groaned in pain.

"I'm so not going to forgive you" I said in a cold tone.

"Chloe! Don't be like that to your brother!" Mom scolded me.

"He's annoying! I'm so moving tomorrow!"

"No, you're not!" Jack said and I kicked his leg one more time. He's so annoying.

There's no way Ken will be my baby sitter. I'm not a baby, I'm 22 years old for bloody sakes! I hate people calling me a kid. I hate it I swear!
