

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 242

Chloe Regens

"He has a meeting?" I asked to his secretary and she nodded.

"Until now?" I asked.

"It's already the 3rd meeting." She said and I nodded.

"When it will finish?" I asked.

"Maybe 15 minutes until 30 minutes from n-" When she said that the meeting room door opened revealing Ken first. He looked at me and his eyes widen.

"Can I talk to you for sec?" I asked and he quickly pulled me towards his office. After we got inside, he looked at me with an angry eyes.

"What are you doing here?" He asked me disbelief.

"Huh? I need to talk to you." I said and he sighed.

"Next time, let's just meet outside." He looked at me seriously and he looked outside the door. He pushed me to the corner.

"Stay here." He said seriously and I nodded. He walked out and I decided to sit on the ground. After waiting for around 20 minutes, Ken walked into his office. He looked at me and sighed.

"Why are you hiding me here?" I asked.

"Let's meet outside next time, do you know my phone number?" He asked and I shook my head, he kneeled in front of me asking for my phone. I took it out and quickly gave it to him.

"Next time call me first and now, what do you want?" He asked.

"Can you baby sit me?" I asked in a really small tone looking at his brown orbs. He looked at me disbelief.

"Chloe, 6 hours ago you asked me to tell Jack to not baby sit you and here you are asking me to baby sit you."

"I change my mind." I gave him an awkward smile.

"What makes you change your mind? Did you realize that you can't resist me?" He asked cocky and I smacked his arm lightly.

"Don't be cocky!"

"So tell me what makes you change your mind?"

"I heard there's so many rapes and-"

"That's stupid. I can't baby sit you so I send my man instead to take care of you. How's that?"

"No!" I bursted and he looked at me raising his eyebrows.

"What is your real intension Chloe?" He asked.

"What intension?"

"Your eyes is twitching so it means you're thinking for a reason to lie to me." He pointed and I glared at him.

"I'm not thinking a reason to lie." I said and he chuckled and suddenly leaned to me making automaticly lean back. My back kissed the wall and I gulped.

"I'll ask Sebastian's man to take care of you, I can't baby sit you Chloe. I'm busy." He stood up and walked to his desk. I quickly got up and sat on the chair in front of his desk.

"Why can you? You know I don't have anyone here."

"Chloe, you have Angel, Rose, Ja-"

"They don't always available and don't forget that they have their husband and work to take care of. Only you that available all the time." I reasoned out and he looked at me. He sighed and leaned back to his chair.

"I've told you, there are people who hates me watching 24/7 around me. If you keep staying around me like this, they might think you're my girlfriend or something and they might think you're my weakness. Stop coming here Chloe, stop meeting me often. It's fine if you want to meet me once in a while like once in 6 months that's fine but seeing each other often like this won't make you safe." He explained.

"The boys can."

"I've told you, I always make sure that they're safe because I'm watching them and my enemies too." He closed his eyes and then looked at me again.

"You can watch me too." I said mumbling.

"Chloe. I can't okay? Don't make this hard between us. I don't want to ruin our friendship and stay away from me okay?" He asked nicely.

"What if I don't want to? Since the day you've told me about a little bit of you. I got curious." I said honestly.

"Don't make me do things bad to you Chloe, just because I open up 0.1% of me doesn't mean you're mean something to me." He said coldly.

"What if I don't want to listen what you said?" I asked.

"Don't get on my bad side Chloe, I've warned you." He looked at me seriously.

"Who are you seriously?"

"It was a mistake telling you about all that, It was a mistake."

"It's not a mistake Ken, maybe that's the right thing to do." I said and he sighed.

"Don't make this hard Chloe, I like the way it goes now. Don't add another hard times for me and the boys." I was quite shocked to hear him saying that because it's like I'm a burden to everyone by moving here.

"Okay fine.. fine, if that's what you want." I raised my hand.

"Live your own life."

"Don't worry, I will." I smirked and stood up. I looked at him one last time but he already buried himself to his papers again.

I turned my body and walked out from his office.

Who should I call? I need to talk someone at least. Rose might be good. she's the girl who have been together with the boys since they met.

Rose it is.
