

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 248

Chloe Regens

I slowly opened my eyes and looked up to the ceiling. I got up and walked to the toilet pronto. After that, I took my bag taking out my phone. It's 4.50.

I took out my sport bra and shorts to go for a run. I wore my windbreaker jacket and taking out my iPod. I plugged the earphone to my ears and walked out from the room.

I walked down slowly and walked out from the cabin slowly. Can't stop admiring the cabin, it's so big and beautiful. I smiled looking at the view, get outside to start my run.

After running for 30 minutes, I saw a small lake. I walked there and I saw someone standing there. I walked slowly to find out who that is.. because the back look familiar.

He turned and I jumped a little, it's Ken. After he looked at me, he turned his head back to the lake.

"What are you doing?" I asked as I stood beside him.

"Morning run." He answered and he looked at me from my head to toe.

"Never know you're a morning person."

"I am a morning person Chloe, I thought you're the one who is not a morning person. You sleep like a bull." He commented and I glared at him.

"I sleep like a panda, not a bull. Are you calling me fat?"

"You snore Chloe." He chuckled and I hissed.

"I didn't!"

"How do you know? Should I show you the record?" My eyes widen and he laughed as he saw my expression.

"You're so annoying!" I hissed and decided to go for another run.

"Just run back to the cabin, don't get too far." He said and I stopped. I smiled.

"Like I will listen to you." I ran to the opposite way to the cabin. I decided to run 10 minutes more and ran back to the cabin.

It's quite windy and it makes me shiver a little bit. I should have wear a long training pants not shorts. After ran quite far, I decided to run back to the cabin.

Passing through the lake and still find Ken sitting there looking at the lake. What is on his mind? Can I read his mind? I walked to him again and circle his neck from the back.

"Booo!"

"I've told you not to run there, why are you so stubborn?" He said and I smiled. So he has been watching me.

"I'm just curious." I stayed on his back and basically I was hugging him from the back. We both stayed silent.

"Let's get back, I'm freezing" I said and released my arms around him. He stood up but he didn't say anything. He turned his body and walked first.

I ran to him and jumped on his back. He caught my legs fast and now he's carrying me on his back. I chuckled like a kid.

"You're heavy."

"You did not just say that." I smacked his back and he groaned. I circled my arms around his neck and put my chin on his shoulder.

"Your legs are so cold."

"It's windy" I said and he kept carrying me.

"When did you wake up?" I asked.

"Four." He answered.

"That early? You went there alone? When it's still dark?" I asked 3 questions at the same time.

"Yeah."

"Next time can you wake me up? I can go with you." I said excitedly and he ignored me. I jumped from his back and get down. I walked beside him.

"How many times have you been here?" I asked Ken.

"3 times."

"With the boys?" I asked.

"Once with the boys and 2 times alone." He answered and I turned to him.

"Do you really love to be alone that much?" I asked and he turned to me plugging his earphones. So he's going to ignore me? I plugged mine too and suddenly he started to run again. I ran beside him but he fasten his pace.

I watched his back and followed him silently. We arrived at the cabin with sweat all over our body. I looked at the cabin and yes it's so beautiful.

I can't believe Max own this, I want one too. I'm so going to save money to buy a cabin like this. Unplugging my earphones and saw Sophia walked out from the cabin.

"Where were you both?" She asked.

"I went for a run and found him." I pointed at Ken.

"It's cold." Sophia said and gesturing me to get in. I walked in with Ken and the Cabin smells so nice.

"I smell breakfast." I said.

"Where we you both?" Max asked, Ken gestured his clothes and he nodded understand.

"We thought you both were kidnap or making out somewhere." Alex smirked and how I want to throw a plate to his face right now.

"That ain't going to happen." Ken said but I find that sentences gave me a pang in my heart.

"Chloe!! Do you like pancakes?" Rose asked.

"Of course I love it, let me take a shower first."

"Where are we going today?"

"Riding a horse dude, just like old times." Sebastian answered.

"I never ride one."

"Don't worry, there's someone will teach you." Aaron smirked.

"Really?" Sophia asked.

"I never ride one too." Alissa said.

"Me too." Hailey said

"I'm going to teach you babe." Luke kissed his wife's cheeks.

"Go change and please wear something warm because it's quite windy." Rose smiled to me and she pushed me to the stairs.

"Yes mom."

"I'm not your mom." Rose said and I chuckled.

"I'm your dad then." Max said and I rolled my eyes.

"You're not my dad Max, I can't imagine if I have a dad like you." I commented and ran upstairs.

"Hey.. I'm a cool dad!"
