

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 254

Chloe Regens

"What took you both so long? Did you make out somewhere?" Alex asked.

"You will never know." I said smirking and Alex looked at me disbelief.

"Did you two really make out somewhere?"

"No.. Will you stop acting like a kid Alex?" Ken said seriously and I giggled inside.

"Let's make it, I'm hungry and dying." Rose walked into the kitchen. From that on, I'm helping Rose making breakfast. Man we're making a lot of french toast. I never know that the boys eat this much.

"Where are they now?"

"Exercising." Janet said as she walked into the kitchen.

"Exercising?" I asked.

"They went for a run."

"Do they exercise everyday?" I asked.

"Of course Chloe because they won't get that hot body by eating burgers." Rose chuckled.

"Just wondering."

20 minutes later, we finished cooking the breakfast and we already put them into plates. So they all can just take it and sit down wherever they like.

"Babe.. it's done." Hailey shouted from the balcony telling for the boys to come in. I walked to the table waiting for the boys to come by watching some new music videos.

I turned to see them coming, oh my gosh. They're sweating crazily and they're disgusting.

"Can you go to shower first? You all stink." I said and they looked at me with a smirk plastered on their face.

"Cuddle Chloe time." Sebastian announced and they started to hug me one by one. I screamed in process because they're so disgusting. The girls were laughing at me.

"Take that kid!" Ken whispered as he hugged me last, he laughed and I glared at him.

"Now you're just as disgusting as them." Angel laughed.

"Let's eat I'm starving." Hailey said as she took one of the french toast plate and walked to the living room.

"You're disgusting." I glared at Max.

"Do you want more?" He raised his eyebrows.

"I want to throw this to your face right now." I pointed at my toast.

"Oohhhhh why do you turn into a savage woman? I thought my wife was the only one who is savage." Max said.

"I heard that asshole!" Rose said from the living room.

"She's not a woman." Ken commented as he took the seat across me on the dining table.

"Don't start again Ken." I pointed my fork to him.

"Did Jack teach you this?" Max asked.

"Jack is like you guys but more annoying, why do I even have a brother like that?" I cut my toast and eat it.

"We can be your brother." Ken said and I looked straight to his eyes. I gave him don't-you-dare-giving-me-that-zone-again look and pointed my fork to him. Eyeing him seriously and he choked suddenly.

"Take it slow dude." Max patted his back and gave him a glass of water. Max walked to the kitchen.

"If you say that again, I'm going to kiss you in front of them and declare my war." I said seriously.

"You savage." He answered.

"Try me!" I glared.

"Wow wow, if you two are going to make out please not in here." Sky said as he took the maple syrup and put it all over his french toast.

"Shut it." Ken glared at Sky and I laughed. I finished my breakfast and we all gathered in the living room to plan what are we going to do today.

"Should we go swimming?" Aaron suggested.

"At the lake?" I asked.

"Yeah."

"There's not crocodile there?" Hailey asked.

"It's a small lake Hailey, there won't be a crocodile." Sebastian said.

"That's a good idea."

"Let's go change and walk there." Janet said and we all walked into our own rooms. Angel did tell me to bring bikini or swimsuit and I brought my bikini since my swimsuit was already too small and I'm too lazy to bring it.

I put on my black bikini and top it with shorts and white shirt that shows my bikini alright. Taking my slippers, towel, more dry clothes, purse and phone. I walked out from my room and walked down.

"Let's go out, they're already waiting." Janet pulled me out from the cabin and they're already there. Rose locked the door behind us and we walked together.

"It's a little bit cold." Alissa said and as she said that, Sebastian held her hand.

"I bet the water will be cold."

"It will be warm as soon as you get use to it." Alex said.

"I bring my speaker." Sky announced.

"Good, as long as Ken doesn't play old songs." I laughed hearing that, Ken ruffled my hair and I glared at him.

"Little kid doesn't know how beautiful old songs are." He smirked and I glared at him. I let him walked first and I jumped to his back again. This is fun!

"Chloe!" Ken groaned.

"A*." Rose said.

"Don't mock me again you giant!" I smacked his back but he's still carrying me

"Then don't mock my songs too kid!" I leaned to his ear and stole a kiss there. No one will notice that because it's a light kiss and fast but Ken knows it.

"Chloe!" He warned me.

"Yes Kenneth?" I asked.

"You're heavy." He put me down and I laughed.

"Hey! Never talk to girls about our weight!" Hailey hissed.

"Try carry her.. she's 70 kg." Ken said giving me a mocking face.

"I'm 49-50 kg asshole.. you weight 100 kg with that muscle of yours!" I mocked back.

"You'll see Chloe.. you'll see." He smirked at me with his evil eyes.

"Ohhhh don't get on his bad side." Aaron said.

"Don't be mean, Ken." Rose said.

"Why are you all on her side?" Ken asked and I laughed.

"Because I'm more fabulous than you, you're a loser." I sticked my tongue out.

"Agree with that." Luke said and Ken showed him his fist.

"Sorry Mr. Domanco, I will never do that again." Luke said slowly causing us to laugh.
