

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 256

Chloe Regens

"This is so warm." Hailey said as she held the cup of hot chocolate.

"We're so having a sleepover tonight."

"The bed only fit 3 of us." Rose said.

"We can take other bed and drag it to someone's room." Alissa said.

"Nice!" Sophia winked.

"Let's use Chloe's room."

"Call!" I said as I blew my hot chocolate.

"Let's go crash her room now since the boys are busy playing billiard." Sophia suggested and we got up and walked to my room.

"So what are you planning after this?" Hailey asked me and I raised my eyebrows not understanding.

"Ken." Rose said.

"I don't know, I think I'll just go with the flow."

"Why does he has a soft spot when it comes to you? That's new to us." Sophia said.

"Should we leave you here tonight with him?" Alissa suggested.

"Don't.. He senses things fast. Just don't leave me alone with him.. go with the flow okay?" I said and chuckled.

"He's really hard to reach right?" Janet asked.

"Yeah but I know slowly I'm getting there." I said.

"Do you like him?"

"I think she likes him." Hailey turned to Rose.

"I don't know.. I just broke up with Xander 1 month ago and then suddenly felt attach to Ken but I don't whether to state my feelings as like or not. I don't know." I said truthfully and looking at the girls.

"Do you remember Xander when you're with him?" Angel asked.

"No.. never."

"I means Ken is not a rebound for you." Hailey said.

"He's good at keeping his feelings and controlling his expression. We never know what he thinks about Chloe." Rose stated and she sighed.

"I've kiss him a few times." I said and I know it's random, the girls gasped.

"Really?" Alissa asked.

"That's wow." Sophia pointed.

"Did he push you away?"

"I often stole a kiss, either to his ear, cheek and on his lips and this morning we're making out." I looked at them and they looked at me shock.

"Alex were joking but he was right." Angel said.

"It means Ken is battling whether he wants to reject her or not." Rose said and I looked at her.

"Ken always push a girl away Chloe, if he's in a club and someone is trying to seduce him. He will push her away and curse at her." Rose continued.

"But he bangs girls."

"We rarely hear that." Angel said.

"We don't know him, it's hard to know him. All we know is that he cares for the boys." Sophia said.

"The boys happiness comes first." Janet added.

"I got curious.. more than curious. It's like I really want to dig him more and more."

"He needs that Chloe, but no one is brave enough to reach him and try to do that but I think you're capable for that." Rose said.

"It will take time." Alissa said.

"Trust me Chloe, there will be times when he will make you mad and making you give up. Don't.. don't give up there because he's doing it for your sakes and he's being selfless again." Rose reminded and I nodded.

"He always told me to not meet him often."

"Why is that?" Hailey asked.

"I don't know."

"Alex loves me but he doesn't tell me about their secrets. I once asked about it but he told me not to ask that again because it's only belongs to them and I have to respect it." Angel said looking at me.

"Then went through things together, I saw them from the start even I don't know what their battling about." Rose said.

"Do they have a secret room or something?" Hailey asked.

"We might know about the Gold Card but not their secret room."

"Gold Card?"

"They have this gold card, it has their name on it." Sophia gestured and small square.

"I saw it."

"Oh? When?" Janet asked.

"At your wedding. I was sad when Xander and I broke up. I went to a club with him and we took a small lift-"

"Ahh usual club." Angel cut.

"That card access to all their office and secret places."

"Are they spies? Secret places?" I asked.

"Chloe.. they learned to be one, they can fight, use guns and things that FBI do. They learned it." Rose said.

"What?" They girls said in unison.

"They have a really good body, besides working out they learn to fight. I don't know for what but they do fight, use guns, bombs and things that FBI do. They were train by someone." Rose explained again.

"Cool."

"They can hack computers, opening locks and things like that and I know they still know how to do that now."

"How did you know?"

"Eaves dropping." Rose smirked.

"How come I didn't know this?" Angel asked.

"No one knows and they always keep that for themselves." Rose answered.

"We still need to respect their secrets, I'm happy though even Sky didn't say anything about that." Janet said.

"We always feel safe and secure when we're with them." Sophia smiled.

"That's the point.. let's just respect it. Even if Chloe success breaking Kenneth, don't tell us." Alissa smiled.

"Okay."

"Let's go outside, we don't want them to try eaves dropping." Sophia joked.

"I want to take a walk for awhile, I'll be back in 30 minutes or maybe more." I said taking out my iPod and earphone from my bag.

"Becareful." Alissa said.

"Do you want me to company you?" Sophia asked.

"Nah.. you guys stay here I'm fine."

"Don't get too late, we're BBQing tonight." Rose reminded and I nodded. I changed my clothes into my sports tank top, jacket and sport pants. I walked down and taking my shoes out and walked out from the cabin.

Let's go to that lake, shall we?
