

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 259

Chloe Regens

After showering with warm water, I walked out from my bathroom and dry my hair immediately. I hate having a wet hair.

Suddenly I heard my door bell rings, I walked to the door and opening it without checking who is it. My eyes widen as I saw Kenneth standing there. He looked at me angrily and if looks can kill I'm already dead.

"Wha-"

"What did you say to Conard?" He asked coldly as he walked into my apartment and closing the door.

"Wait! How do you know that I just meet Conard?" I asked.

"Just answer the damn question Chloe!" He bursted angrily causing me to flinch. I looked at him with a fear in my eyes.

"How did you know I was with Conard?" I asked once again trying to let my fear go. It's just Ken.

"What did he want? What did he say?" Ken asked again and he runs his hands to his hair frustrated.

"Is that it? After 1 month avoiding me like a deadly virus suddenly you come here just to ask about the guy that I met earlier?" I asked and he looked at me, taking a deep breath.

"He's a killer." Ken said and I don't know why I'm not surprise about that fact.

"So? You care?"

"Oh are you fucking idiot Chloe? He's a killer and you were hanging out with him. Laughing and drinking coffee!" He bursted.

"So why are you here? To warn me or what? What do you want?" I asked calmly and he looked at me disbelief.

"You said that I should live my own life and it's up to me to hangout with Conard or not." I added.

"So you want to get killed? Do you know why he's after you Chloe? It's because you hangout with me! This is why I'm trying to shove you away!"

"But you didn't.. you shove me away when you finally realize that you want more with me." I said looked at his eyes and he froze as I said that.

"You send someone to look out for me, don't you? That's why you know that I met Conard." I asked.

"Just don't meet again Chloe, don't risk your life for something stupid." He said as he turned his body to the door.

"So you think my feelings for you is stupid? Then stop caring about me. If he wants to kill me, let it be." I said and he stopped walking.

"I have my Team Beta Cody guarding you 24/7, he wi-"

"I don't need it, stop me from meeting him by coming back to me Kenneth. If you don't, I'll hangout with him and let him kill me to get so many information he wants." I challenged him and he turned to me.

"Do you think this is a joke? It's life we're talking about not somekind of stupid games!" He bursted angrily at me.

"I'm breaking you Kenneth, if you don't let me then let it be!" I bursted back and he walked to me angrily.

"If that's your choice, i'm going to ignore it and I won't care if you date or sleep with him or get killed." He said seriously and looking straight to my eyes. I gulped nervously and nodded.

"Goodbye Chloe." He said and turned his body away from me. He walked out from my apartment leaving me in tears. I broke down as soon as he closed the door. I have to do this.. I'm breaking him and I know I have to risk this.

I'm doing this for you Kenneth and I know it will be worth it in the end even I know I will sacrifice so many things for you.

I'm doing this because I care for you and my feelings is more than like towards you Kenneth. You have to know and I'm doing this so you know that I'm serious when I say that I'm breaking you and going to dig you.

I'm in love with you Kenneth Domanco, so let me in. I want you to let me in even though in the process that I will get hurt. I know you have a rough past but try to let it go and write the future together.

I walked to my apartment balcony and cried my heart out silently. Tears kept coming out from my eyes. I miss him but I never thought I will meet him again in this situation.

Conard must be one of his enemy and he must do a research on us until he knows that I have a connection with Ken. Who is the real Conard? In 2 days he mention about his friends birthday and he's taking me..

If he knows about me and Ken, it means Kenneth will go to that party as well. Conard will use me as a bait for Ken. I have to get ready for tomorrow's drama.

My phone suddenly rang, I walked inside to see who call now. It's Sebastian, I quickly rejected the call and blocked his number. I blocked all the 7 Gold Life's member because I'm going to do this.

Suddenly someone knocked my door again and I checked who is it this time and it's Luke and Sebastian.

"Chloe! We're know you're in there!" Sebastian said and I keep silent.

"Chloe open the door and let's talk okay?" Luke said.

"Let's talk Chloe." I stayed silent and Idecided to do this

If in the end I don't succeed breaking Kenneth Domanco, at least I've done something for him. It will be worth it in the end.. call me stupid for doing this but it's love.

I might wanting a prince charming but I'll wait for my Knight in Shining Armour instead.
