"The news have gone crazy." My dad said and I nodded.

"Well Kenneth is crazy, he suddenly declare that he's the Lemiere." Jack said as he ate his chips.

"I thought Lemiere already died years ago, the police already looked for them years ago but stop because they didn't find any them." My dad said and so my dad knows.

"Tell me about the Lemiere dad.

"Lemiere was the biggest company in America.They ruled export import, digging golds, making iron and steel to make enviroment and do things for the goverment to build the country at that time."

"They have 4 siblings and they're all famous but they're really private to reveal their family. They have so many enemies because there are severals company who wanted to corrupt the goverment and asked the Lemiere to join. Instead joining.. they revealed them."

"I knew Bill Lemiere back then and I was quite shocked to heard about his death." My dad said and he sighed but his eyes still stuck to the TV.

"That's crazy to know that my friend is the last Lemiere standing." Jack said.

"He must went through a rough time, he must be alone when he lost everything." I turned to my dad and he's right. Ken was all alone.

"Is the Lemiere the bad guys or what dad?" Jack asked.

"How come you don't know about them?" I asked him.

"He went to a business world when he finished college and of course he doesn't know." My dad answered.

"Lazy." I hissed and he glared at me.

"They're a really good company Jack, they're really good to their employee and help so many small company. There's a lot of people who love them and there's a lot of people who hate them." My dad answered Jack.

"Bill once help me."

"Why don't you help Ken right now?" I asked, Jack and my dad turned to me.

"Help what you little rat?" I wanted to punch Jack right now.

"I'll contact him, I bet there's so many people will help him. Lemiere is a really kind and down to earth people so I know there will be people who will help him in this case My dad said and I smiled.

"He will win this." I mumbled.

"So what's you with him?" I froze as Jack asked that, I turned to him slowly and he raised his eyebrows.

"What do you mean Jack?" My dad asked.

"Chloe and Ken has something going on." Jack said, how I want to kill him now.

"You and Ken?" My mom suddenly entered the living room.

"What if I'm with him?" I asked.

"So you really with him?" My dad asked in a disbelief tone.

"Yes dad.. I like him.. no I love him." I turned to my dad and his eyes widen.

"You date him behind our backs?" My mom asked.

"Our relationship is complicated mom, I never dated him"

"Nicholas Lemiere.. that must be Kenneth's real name. Do you know this?" Jack asked and I sighed.

"I know."

"I don't know what to say." My dad sighed.

"He's a good guy though." Jack said and I felt relieve when he said that.

"What are you going to do now?" My mom asked.

"Waiting mom, he will comeback" I said as I looked at the TV. He's being interview by so many people. The list of names who killed his family was already revealed. There are 12 people who behind this and it's crazy. All of them are businessmen and some of them were in the goverment.

My mom turned the volume a little bit bigger so we can hear the interview.

"Why are you hiding so long Mr. Lemiere?"

"Finding the evidence and looking for my family did took a long time. I need time to get myself back on track too because as a 14 years old boy I lost my family in one day and still have to run away from my killer." He said seriously.

"How can we believe that you're a truly Lemiere?"

"I have every document for that." He answered.

"Document? How can you still have that kind of document after 16 years?"

"Lemeire were smart enough to prepare about the future." He said and I can't stop looking at his face. I miss him.

"There will be so many people who back up him in this." my dad said and I turned to him.

"He will win this case Chloe, don't worry" He continued and looked at me.

"Thanks dad.. please help him too."

"Will do princess." He smiled.

"Can you tell us about your true identity?" The reporter asked him.

"I'm Nicholas Lemiere, the youngest child of Adam and Claudia Lemiere. When I was 14, I saw with my own eyes that my family were killed. I ran away and change my identity to Kenneth Domanco. Re-build the empire again and claiming the Lemiere throne's back to where it used to be."

"How about the 7 Gold Lifes?"

"This is my case and they don't have anything to do with this." Kenneth answered.

"What do you expect for their punishment?"

"For them to stay in jail until they die." After that Ken was lead to his car and the news end. I sighed and I wanted to be there to give him comfort.

"He's a tough guy." Jack said.

"14 years old, he already lose his parents. Not only his parents but all of his family. All killed tragicy." My dad said and I nodded.

"How can he endure that for 16 years? If I were him, I already killed the guy who killed his family." Jack said and I smacked his arm.

"You're dumb."

"Killing is not solving the problem." My dad said.

"Take that you dumbass." I smirked to Jack.

"They killed his family and he needs to kill them too." Jack stupidly said.

"One day that people will kill Ken's family again! He take the best solution." My dad said and I smiled. It's a good thing that he listened to me.

"Okayokay I understand." Jack said.

"Why is he so dumb?" I asked my mom and she chuckled.

"So should we call him Nicholas or Kenneth now?" Jack asked.. I threw my pillow to his face.
