

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 272

Chloe Regens

"Ken! We bought you-" My eyes opened as I heard that, I looked at the door and found Max and Alex standing there holding a plastic bag. Their eyes widen as they saw me.

"Chloe?" Max asked, I gestured him to shut up. I looked at Kenneth who is sleeping soundly, I carressed his cheek and slowly got off from his grip. I slowly got off from bed and walked to the door.

"When did you come here?" Alex asked as I closed the door.

"A few hours ago."

"Did you cuddle him to sleep?" Max asked and nodded. He smirked and gave me a teasing look.

"Shut it before I smack your face."

"So mean.. We bought him a soup."

"Let him sleep first, when he wake up I'll heat this up." I pointed at the plastic bag that Alex is holding. We walked downstairs and sit on the living room.

"How's the case? Tell me about it." I asked them both.

"I didn't know if Conard is dumb or what? He didn't store the memories inside that pen. He met so many people and still record with it. They evidence about he's planning to kill Ken is still there." Alex said and I nodded.

"He's in the jail now?" I asked.

"On process.. one by one but I'm a little bit worried about Ken's safety." Max said and I turned to him raising my eyebrows.

"Why?"

"I don't know.. I just want Cody to add people more to his team because this is war in business world. Even Ken's got a lot of help but I'm afraid that someone might throw a bomb or shoot him." Suddenly I got worried too.

"Ask Cody to double it." I said.

"That's what I'm thinking, Sebastian already send secret team for him too without he knowing."

"That's good."

"He has been tired these days because he kept going back and forth to the court and police station to investigate. We even take over his work." Alex said and I nodded.

"He needs to rest.. 2-3 days but he doesn't want that."

"Force him Chloe, don't listen to him." Max said.

"He must be lonely." I said.

"He is.. can you just stay here? Be beside him even though he ask you to go." Max asked and I looked at him.

"Will do that."

"How Angel and Rose?"

"They're good.. missing you as always." Alex answered.

"Yoo guys!" I turned to the door to see Aaron entering the house, his eyes widen when he saw me.

"Hey A." I hugged him.

"When did you get here?" He asked.

"A few hours ago."

"Dude Chloe and Ken are cuddling." Alex teased and I glared at him.

"What's wrong with that?" I hissed.

"That's so sweet." I turned to Aaron who said that with a girly tone.

"Don't make me kill you all for saying that." I said in a cold tone and suddenly the door opened again revealing Luke.

"Luke Luke.. Ken and Chloe-" I put my hand on Aaron's mouth before he can say the full sentence.

"Ken and Chloe why? Oh hey Chloe!" Luke asked and waved to me.

"Cuddling." I glared at Max.

"Ohhhh.. cuddling cuddling or like cuddling fuzzy teddy bear?" I looked at Luke weirdly because he did not just say weird things like that.

"If you want to chat outside, you guys giving me a headache." We all turned to the stair and found Ken walking down. I glared at them all and I gestured my fist to them.

"Yooo bud, how's the fever?" Luke asked innocently, unbelievable.

"What do you think?" Ken plopped down beside Alex, Alex put his hand on his forehead.

"Still there." Alex said and I rolled my eyes.

"We bought you that." Max pointed and Ken looked at it.

"Okay thanks."

"Let's get back then.." Alex said.

"I just got here."

"Let's go dumbass." Aaron gestured them to go out. They bid their goodbyes to us and walked out from Ken's house.

"Let me heat this for you." I said taking the plastic bag to the kitchen. Pour the porridge on a small pan and heat it. As I wait for it to boil, I walked to the fridge trying to find something.

"I told you to stay until I wake up." I jumped a little as he circled my waist from the back.

"Alex and Max barge into your room, what am I suppose to do? Let them in and let them watch us?" I asked.

"Kick them out."

"That's rude Kenneth."

"It's just Max and Alex, no big deal." He said and I mean he's right about that. I turned off the stove and pour the porridge to a bowl. I put it on the dining table and he sat there looking at the soup.

"Come on eat.. or do you want me to feed you?" I asked and he looked at me with a really unreadable expression.

"Are you kidding me?"

"Eat then.. tell me where do you put the medicine?" I asked and he pointed at the cupboard beside the fridge. I walked there looking for a medicine for him.

"After eating that.. eat this okay?" I said and he nodded, I looked at him eating while he's checking on the news. I put my hand on his forehead to check his temperature.

"Still there." I mumbled and he looked at me.

"I'm fine.. stop worrying. I'm used to this."

"That's before I come, but now I won't let you stay like this. You're going to rest for 2 days." I said.

"1 day Chloe, we talked about this earlier."

"2 days and that's final. I can lock your house so you can't get out." I said and he just stared at me without saying anything.

"What?" I asked nervously.

"Nothing." He continue to eat again.

"I miss you a lot, do you know that?" I asked.

"Yeah." He answered and I sighed.

"Me too." I looked up to him with my eyes widen.

"Say that again?" I smiled.

"I'm thirsty." He looked away and I chuckled.. what a shy boy.
