

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 274

Chloe Regens

"Chloe wha-" I turned to Ken who already looked at me with his eyes widen.

"Chloe my car is not a dog.. how many amount of soap you give until I can't see my own car?" Yes his car was cover with white bubbles because I put too much soap to it.

"Just make me something and this will finish unti-" He pulled me away and taking the hose from the ground.

"Let me do it!!" I tried to take away the hose from him but he put it high up.

"Did you just remember that I'm sick so you didn't let me wash my car?" He asked and raising his eyebrows.

"Sorry."

"So you take a bath along with my car.. how amazing." He gestured my whole body. I was covered with bubbles too.

"Give it to me Kenneth!" I jumped and he smirked.

"Move away." He said and I shook my head.

"Let me finish it.. have you cook something for me or not?" I asked as I jumped to take the hose away from him.

"Yeah Chloe.. now move away!" Suddenly he sprayed the water to me causing my whole body got drench.

"Kenneth!" He laughed and he sprayed his car. He sprayed his car with water and rubbed it with the clean sponge. I walked to him but he sprayed me again.

"Kenneth! You're annoying!"

"You turn my car like this."

"I'm cleaning it smart head." I hissed.

"You don't need to cover it all with soap, kid."

"Stop calling me a kid asshole!" I hissed but he sprayed me with water again. I glared at him as he laughed in victory. I threw the sponge to him. His eyes widen because he didn't see that coming.

"Chloe, I'm sick remember?"

"I'll make you sick for days so you can't get out from this house until you fully rest."

"Savage!" Ken commented and spray me water again.

Suddenly there's an evil idea inside my mind. I ran to him and circled my arms to his waist from the back. I tickled him and he flinched.

"So you're ticklish?" I asked and he released my arms fast and pinned me to the car.

"Never do that again." He said seriously and I smirked.

"What? I don't understand what you say." I pretended not to know, he sprayed me with water again and my eyes widen. I took the hose quickly and sprayed the water to him. I stuck my tongue to him and he leaned to me closer.

"Chloe." He warned and I stole a kiss from his lips.

"I can't hear you.." I slipped away from him and sprayed the car with water. He looked at me disbelief.

"Are you always this childish?" He asked and I glared at him.

"Stop calling me a kid, Kenny boy."

"Give it to me, Chloe."

"I don't hear the magic words yet." I said as I kept spraying his car without looking at him. We're almost finish.

"Ohhh there's a scratch." I pointed and he walked to me fast. He looked at the place where I pointed and I laughed.

"You liar!" He took the hose from me and sprayed me big time.

"Hey!" I hissed and jumped to take the hose back. He put it really high up, he's freaking tall. Instead reaching for the hose, I pulled his shirt pulling him to me. I kissed him. He pulled me close and kissed me back.

"Let's finish this before I get sick again." He said looking into my eyes.

"Okay fine.." I said taking the hose. Suddenly he took off his shirt. My eyes widen as I saw his perfect abs and muscular body. Oh gosh!

"Stop drooling." He smirked and I glared at him. We cleaned the car together and his shirtless body is not helping. He's so hot.. It's distracting me. I saw him when we're at the lake but this time it's clearer.

"At last.. at last." I said as we finished cleaning his car.

"Yeah at last." He said, I took the sponges and put it on the side. Turning off the hose and asked Ken to move his car back to the garage.

I waited for him on the porch, as he finished park his car. He walked to me.

"So swimming?"

"Nah.. I'll take that back. So what did you make me?" I asked.

"Why don't you get in and see what is it?" He said and I turned my body. Walking towards the door and opened it. I smell cheese all over the house.

"Please tell me that you make mac and cheese." I turned to him and he gestured me to check it. I ran to the kitchen and squealed.

"Oh my gosh."

"Yeah oh my gosh." He said and I admired the beautiful mac and cheese inside the oven. I smiled widely and it's 2 minutes left to cook. I just stand in front of the oven waiting for it.

I turned to Ken who stand beside me looking at the mac and cheese. I clinged my arms to him and leaned my head to his arm.

"Aren't you cold? Go take a shower first." He said and I looked up to him.

"You're worrying about me?" I smiled.

"Whatever you say Chloe."

"So do you like Kenneth better or Nicholas?" I asked.

"My dad who gave me that names so I'm fine with the both of it."

"What do you want me to call you?" I asked and he turned to me.

"Whatever you want to call me" He answered.

"Nicholas it is.. I'll try to get use to it okay?" I hold his arms tightly.

"Okay."

"Do you have plans after this?" I asked.

"I want to sleep."

"Again? I mean you need that to get better. Stupid me." I closed my eyes.

"This time don't wake me up until I wake up by myself, okay?"

"You go to sleep, I want to watch netflix." I said.

"No.. you have to take responsible for my sleep Chloe, you're going to hug me until I sleep and until I wake up" I smiled hearing him say that. At the same time, the oven dings and the mac and cheese is ready.

"Kiss me first then I'll give what you want." I said, he doesn't need to be told twice to kiss me.
