

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 327

Valentine Regens

I don't know how I ended up on his lap and kissing him non-stop. I don't know.. I literally don't know why we're in this position either. We both stop and looking into each other eyes

It will be stupid if I say 'Pretend that didn't happen' because it's so childish and we can't pretend that it didn't happen

"You know that I can go forever with that" He said honestly and I was taken back with his words

"I know" I answered and I was still sitting on his lap. I'm still circling my legs around him too and we still have our eyes stuck to each other

"Can we just stay like this for tonight before we go back to be our own self tomorrow?" He asked and I really don't know how to answer that. My heart is going crazy.. I can bet it's over 180 bpm.

Instead of answering him and I crashed my lips to his again. His arms were on my back pulling me close until there's no gap between us.

"Do you think we will go back as usual tomorrow?" I whispered to his ear because I'm too embarrassed to show my face right now

"Of course"

"Right.. we were already enemies by nature" I said , I put my hands on my chest to prevent Joey from feeling my heartbeat

"The view is so nice" He kissed my neck and damn that gives me chills

"The moon is so bright tonight" I turned to see the moon

Actually I don't know what I'm feeling right now because I'm feeling comfortable and needy. He might say that we can be our usual self tomorrow but I don't think I can. I'm addicted to his kiss.

It gives me warmness all over my body and the tingles that I never felt before. I never thought making out with my enemy would be this good , I even sit on his lap and hugging him. Making out a few times and experience his touch even we didn't sleep together

"Sorry about earlier" Suddenly Joey said and I turned to him , his brown eyes shines beautifully because of the moonlight

"You're always an asshole" I said

"I'm just bored and you're sleeping , so I need to entertain myself"

"You have girls all around you that can entertain you , I'm not sitting with you when we get back" I hissed and again he cupped my face pulling my face to his. We kissed again but this time it's getting more intense than before

"They're boring you know.. that's why I pick on you the most" He caressed my cheek

"Don't be an asshole Joey , they love it when you pick on them but if you pick on me.. I'll return it with a punch , kick and a revenge" I said

"That's the point Valentine"

"You're a weirdo" He kissed my cheek and trailing down to my neck slowly

"Joey" It came out as a whisper

"You should wear something that will cover your neck tomorrow" I looked at him raising my eyebrows

"Huh?"

"Hickeys will appear" My eyes widen and he smirked evilly

"You asshole! Do you want the whole school to know?" I bursted

"I can't handle it"

"You and your hormones!" I smacked his chest and suddenly an idea came out from my mind. If he's giving me a hickey then I will too. I cupped his face and kiss him hard.. trailing kisses down to his neck

"Oh shit Valentine" He groaned

"Say my name again bad boy" I whispered

"Damn it Valentine" I smirked and continued my job. After kissing his neck , I caught his lips again. I stopped because I'm out of breath.

"You're making me addict" He said truthfully

"What time is it now?" I asked

"2 I think" I'm lifting my butt so I can get off from his lap but he pulled me down again

"Where do you think you're going?"

"Go back to the camp , it's 2 and we have to get up at 6 to make breakfast"

"Oh come on.. If we go back to the camp now , we'll be our usual self which is I hope I can stop the time for awhile" I looked at him disbelief

"That's for saying that I'm a good kisser" I said cocky

"I won't ask for it if you're not a good kisser Valentine"

"Why do you always call me by Valentine? Everyone is call me Val" I asked and he smiled. He caressed my cheek and slowly trail his hand to my neck.. shoulder and arm

"Because your name is beautiful.. Valentine , why would they call you Val only?" I didn't expect to hear that from him to be honest. That's the sweetest thing that I've ever heard from someone.

"Valentine is mouthful you know" I looked at his eyes

"Not for me" My heart isn't cooperating right now.. it kept beating so hard

"Today is weird" I said bluntly

"You like it though" He said and I chuckled agreeing with him

"You make me so pissed today" I glared at him

"But I make it up to you though" He smirked and I smacked his chest

"This will never happen again right?" I asked and he looked straight into my eyes

"Do you want to or not?" He asked

"I hate you"

"I hate you too.. but I didn't regret this" He said

"Me too and don't let this happen again okay?" I said

"Yes Valentine"

"Now let's get back"

"No.. I want to kiss you again so bad" Why is he so honest today? Argh!

"No.. you're a bad-" He cut me by putting his lips to mine again. This time it's more intense , fast and hard. I never made out this good before.. I honestly want this to happen again
