

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 78

Janet Stanmore

I saw the files in the computer and.. It's really a mess. I never knew that his previous PA was a disaster. I decided to group the files by their names so it will divide properly.

I was busy dividing the files when suddenly the office's phone rings. I quickly picked it up.

"Come to my office." Sky's voice went to my ears sending me chills, I hung up and walked out from my office to his. After knocking at the door twice, I walked in.

"I want you to book a ticket to UK next week, we're staying for 3 nights there." He ordered me but his eyes were stuck on the papers in front of him.

"We?" I asked.

"I don't like to repeat myself. Make sure to prepare your ears next time." He said coldly.

Bastard.

"But I don't have a passport." I said.

"Roy already took care of that, now book that flight tonight because you will get your passport this evening. To go there buy a dress because there's an important exhibition that we need to attend there."

"Okay." I said and turned away from him.

"Who says I'm done?" He said in an angry tone.

Asshole.

"Do you need anything else sir?" I asked nicely as I turned to him again.

"We're going to lunch." He said.

"Umm- I-" He looked at me raising his eyebrows.

"We?" I asked.

"Did I told you if-"

"I don't want to have lunch with you sir." I said straight forward and he looked at me with angry eyes.

"Did I ask you to eat lunch with me? It's an order not a question Jenny." He stated.

"I'm a person not a dog that you can order around, Mr. Locason. I am working here because I have to! Not because I want to!" I said firmly and he looked up at me angrily. He stood up from his chair and walked to me. He towered me with his height and I looked into his brown eyes.

"I don't like people bossing me around Jenny." He put the back of his hand on my cheek causing me to shiver, but I quickly cover it up.

"What can I say? I'm a b**** remember?" The memory is still fresh in my mind about him calling me a b****.

"Right! You are one." That made me want to punch him in the face, I want him to have bruises like Aaron had in his face.

"Bad attitude." I said that word and Sky immediately pushed me to the wall harshly. Trapping me between his arms and looked at me with furious eyes.

"I swear, I hate that word Je-"

"Bad temper." His jaws tighten and I know he's mad. I kept pushing his button one by one.

"Bad br-" Before I could finish, he slammed his lips to mine. Kissing me hard, I froze in place because there's fireworks inside of me. The worse thing was that.. I kissed him back for a moment, he sneaked his arms around my waist securing it tightly. Pulling me into his embrace.

He smelled so manly, his perfume is just perfect. My eyes widen as I realised what the hell we are doing. I pushed him hard and quickly looked away.

"Are you sure you hate me, Jenny? You kissed me back." I bet he's smirking right now and my body just heated up because of the burning feeling inside of me.

"At least it shows that you're not gay." I turned to him, giving him my cold look. He looked at me in disbelief and I quickly walked out from his office before I got into trouble.

I took a deep breath analyzing what just happened , I freaking kissed Sky Locason. I just lip locked with Sky Freaking Locason. Oh freaking great, I need to get out from his territory soon.

I have to show him that his kiss doesn't affect me, I mean I can do that. I can act brave when I'm not. I have the ability to show that kinda expression.

Suddenly someone knocked my door, I flinched a little because I was drowned in my thoughts. I opened the door and saw a man giving me 2 passports and then he left. I looked at it and remembered what that bastard said earlier.

I opened my computer and quickly booked a flight to UK from New York, I choose Sky at the first class and I'm in the economy one. I need to stay away from him as far as possible.

I'm nervous.. Next week I'm going to go to another country, I can't help but I'm excited also.

After booking the flight tickets, I emailed the details about the flight to Sky. I looked at my watch and it's already 1 in the afternoon. My stomach started to growl since I haven't eaten anything since last night.

I took my bag and walked out from my office when I heard my name being called by the devil. I walked inside his office and he gave me a glare.

"You booked an economy class for yourself?" He asked annoyed and I nodded.

"I'm just a PA so-"

"I'm not stupid, cancel this and book the first class. My PA has to be with me almost 24 hours to take notes about my work!" He said and now he's gawking me with his brown eyes from my head to toe.

"Anything else?"

"You can go." He gestured and he looked down to his paperwork again. I walked out from the door and suddenly saw a beautiful brunette girl wearing a mini dress that barely covers her big breast.

"May I help you?" I asked politely and she glared at me.

"Where is my boyfriend?" She asked in a high pitch tone.

"Mr. Locason?"

"Who else?" She snapped and I pointed at the door. She walked in and screamed Sky's name in a dolphin high pitch tone. My ears are hurting.

He's a manwhore anyway, a girl like that will come around and I have to get use to it.

I should have add MANWHORE into my blog post!

Dang it!
