

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 97

Sky Locason

Driving non-stop to the place where I want to show her so bad. I turned my head to her and found her looking outside the window. I held her left hand and kissed it. She turned to me and looked at me with a questioning look.

"Why are you so quiet?" I asked.

"Are you going to murder me?" She asked and I laughed.

"Why do you say that?"

"We haven't arrive at the place and you're driving madly." She stated and I slow down the speed of my car.

"How's your brother?" I asked.

"Better, we both slowly get over it" She said and I nodded.

"You're sleepy?" I asked because I saw she yawning a few times, she chuckled.

"Not that sleepy." She answered and suddenly silent surrounded us again but it's not a weird silence, it's just a good one.

"I thought you 7 Gold Lives never settle down but Aaron's wedding got our thoughts wrong." She started a conversation and I chuckled.

"We love to play around that's all." That got her a little tense.

"If you said that I sleep around, I'm not. They are but I'm not, I hit on girls but never sleep with them." I said as I turned to her to see her expression.

"So the others won't settle down?" She asked.

"Don't know, we can't predict the future Jen. Maybe they might find someone who is capable and perfect for them"

"I'm curious about you guys actually."

"About us? Everyone is." I chuckled.

"People even think you're all gay." She stated and that got me laughed.

"Us gay? That people must be blind. No one knows our history Janet except Rose, I mean she was there from the start but she never know what's between us."

"Sky." She called suddenly but at the same time, we're arrive at Mulholland. The best place to see the night view of Los Angeles.

"Let's walk out." I said and got off from the car. I sat on the front porch of my car and Janet followed my lead. She sat beside me and we just looked at the view.

"It's breathtaking." She commented and I can't help but agree.

"For every member who settle down, they have a punishment." I started the conversation and she turned to me.

"What kind of punishment?"

"Do you remember when you meet Sophia for the first time? Aaron's face has got a lot of bruises?" She nodded and waited for me to continue.

"That's his punishment, get beaten up by us."

"So you decided your own punishment?" She asked.

"Yeah."

"What's yours?" I chuckled looking at her curious expression.

"That's for me to know and you to find out." I kissed the side of her head.

"That's when you settle down, why do I have a-"

"You wound my heart sweetheart, I thought you want to settle down with me." She froze and her eyes widen looking at me.

The feeling when you know who is the one who will spend the rest of your life with is pretty clear. I just meet her shortly but it feels like I've known her for a long time.

I know she's capable for me, I know one day I'm going to settle down but I don't know with who, when and how. I'm not in a hurry to look for the person.

She suddenly came to me, challenging me at first but as the time goes by her presence is just felt so right. Why do I send her to Greece?

I want her to have a refreshing time and get over her sadness, I want her to just have a little fun in life and lastly.. I want to test myself too when she's gone. It's not that I want her to go, I don't want to. I want to keep her close to me but she needs a different environment to help her. I can't be selfish. She lose her family and it's not an easy thing to get over.

"Why are you staring at me like that?" I asked and she looked away.

"Aren't you going to kiss me or maybe more than that?" I added.

"Don't joke something like that." She stated and now here we are. She thinks I'm joking. I took my phone out and dialed John. I put him on a loudspeaker so Janet can hear it too.

"Good evening sir." He answered.

"Buy 7 Zenvo ST1 in 7 different colors and send 2 to Los Angeles." I ordered and I saw Janet eyes widen.

"Yes sir." I ended the call.

"What the? That's an expensive car and why are you buying 7?" She asked.

"That's my punishment if I settle down." Her face fell down and I chuckled.

"Look at you."

"I thought you were joking."

"I never joke around something that serious." I shook my head and she stood up in front of me. I looked up to her and stared into her light blue eyes.

"Now how am I going to repay you? You just add 10 millions dollar to my debt." She looked at me disbelief.

"Let me think about that."

"Why? Why me? You know that I'm-"

"I know it's such a short time but you know when you know." I cut her before she finished her sentence. She held my hands and pulled me so I stood up towering her. She circled my hips with her slim arms.

"Challenging The Billionaire was quite a good idea though." She said and I laughed.

"Quite good."

"You can stay at my hotel room."

"Well at least I got a free place to stay and get to cuddle a beautiful woman after buying 7 expensive cars." That made her laugh, she looked up to me.

"Can you stop making me crazy?"

"I can't and I will always makes you crazy." I answered and she chuckled.

"I can't wait for Sebastian to settle down." I suddenly remembered what his punishment was.

"Why?"

"I can't tell you sweetheart." After I said that, she pulled the collar of my shirt and kissed me passionately.

She's worth it.. more than that cars.
